After much chuckling and tongue-in-the-cheek talking, the item was removed from the realm of speculation by a motion from Aldermen Herbert Young and Douglas Miller. "That a letter be sent to Mr. Stewart asking about a 50 foot parcel of land required to extend Weller St." The motion carried.

Police Find Prisoner Hiding In Closet

TORONTO, July 12 — (CP) — Leonard Irwin Staley, 31, of Bracebridge, one of two prisoners who escaped from Burwash Industrial Farm July 1, was recaptured at gunpoint today while hiding in a cupboard at his girl friend's house here.

Still at large is Staley's companion in the break, Admiral Killingsworth, 22, of Hamilton.

Staley, his face swollen by blackfly and mosquito bites, told of spending some time hiding in the bush with Killingsworth but he would not say when they parted or where his friend was heading. He said he would not have survived the ordeal in the bush were it not for his boyhood training.

Police were tipped of Staley's presence and immediately surrounded the house. Three detectives entered, found Staley in a cupboard hiding behind some clothing.

The Weather

Peterborough Temperatures:

Today:
Night low..64 Noon ...76

Yesterday:
Highest....88 Lowest..61

One Year Ago:
Highest....83 Lowest..59

Sun—Rises at 5:47; Sets at 8:59

Afternoon temperatures in southern Ontario will be around eighty today. Monday they were near ninety. Fresh cooler air from northern Ontario invaded the lower lakes region Monday night to bring some relief from the oppressive heat of the last few days. This morning's weather map indicates continuing fine weather over the province on Wednesday.

Forecasts:

Lake Ontario and Niagara regions—Clear today and Wednesday. Cooler winds light.

Summary for Wednesday: Clear and cooler.

Georgian Bay, Northern Lake Huron and Haliburton regions — Variable cloudiness today, clear Wednesday. Cooler, winds light.

Summary for Wednesday: Clear and cooler.

Skinny men, women gain 5, 10, 15 lbs.

Get New Pep, Vim, Vigor

What a thrill! Bony limbs fill out, ugly hollows fill up; neck no longer scrawny; body loses half-starved, sickly "bean-pole" look. Thousands of girls, women, men, who never could gain before, are now proud of shapely, healthy-looking bodies. They thank thespecial vigor-building, flesh-building tonic Ostrex. Its tonics, stimulants, invigorators, iron, vitamin B1, calcium, enrich blood, improve appetite and digestion so food gives you more strength and nourishment; put flesh on bare bones. Don't fear getting fat. Stop when you've gained the 5, 10, 15 or 20 lbs. you need for normal weight. Costs little. New "get acquainted" size only 50c. Try famous Ostrex Tonic Tablets for new vigor and added pounds, this very day. At all druggists.

US Assigns More Planes To Aid Blockaded Berlin

BERLIN, July 13—(AP).—The Americans assigned more planes today to their air lift into Soviet-blockaded Berlin. At the same time Britain was reported sending fresh ground troops into Germany, with many said to be slated for Berlin duty. Announcement of the plane step-up came from Washington. Air force headquarters there said Monday night that nine more Skymasters are due in Germany today. This will bring to 160 the total of multi-engined transports at American disposal in Germany.

In addition, a new 5,000-foot runway was under construction at Tempelhof airport. The new runway is being built parallel to the old one and will give the field two all-weather and one grass landing strip.

Authoritative government sources in London insisted that Britain has been sending a "considerable number" of troop reinforcements into Germany. They made the reaffirmation in the face of a denial from the war office.

The government informants contended that deployment of the fresh forces, mainly young conscripts, was a topic of talks in London Monday between Gen. Sir Brian Robertson, British military governor in Germany, and military and government officials.

Urge Quick Treaty

A Moscow radio broadcast heard in London urged that a German peace treaty be concluded quickly, so that the occupation troops of all countries might be withdrawn within a year after the signing of the pact.

Allied informants here indicated that the next move in the Berlin crisis is being mapped out by the western allies, in case Moscow rejects or fails to answer the recent American, British and French notes demanding the lifting of the Soviet blockade.

As yet there has been no official Russian reaction to the notes which were sent last Tuesday.

American planes set a record Monday by flying 1,249 tons of food and other supplies into Berlin, despite bad weather. During the 24-hour period ending at 9 a.m., 240 planes landed at Tempelhof Field. The R.A.F. landed 204 cargo planes at Gatow Field over the same period.

Policeman's Wife Gets $964 Grocery Bargain

NAPANEE, July 13 — (CP). — A brown paper bag filled with money, $964.24 that had been ready to be taken to the bank, disappeared Monday from the Napanee branch of a chain grocery store. Three hours after the money was missed, it turned up—in the shopping bag of a provincial policeman's wife. A girl cashier had unwittingly thrown in the bag of money with Mrs Everett Smith's grocery order.

Along with her potatoes, eggs and canned goods, Mrs. E. Smith wife of Corp. Everett Smith, got a special bargain in her weekly shopping at noon Monday. Harry Butcher, assistant store manager had the money ready for the bank in a brown paper bag. He laid it down on the wrapping counter and the girl cashier put it in Mrs Smith's grocery bag.

It was first believed that four men had perpetrated a daring daylight bank-roll snatch. For nearly four hours district police were alerted. Then at 4 p.m. Mrs Smith unwrapped her groceries, discoveed the money, and notified Napanee police.

Severe Storm Cuts Off Power In Barrie

BARRIE, July 13 — (CP). — Provincial police Monday night guarded district highways, cluttered with fallen trees by an early-evening storm. Electric power was cut off here and telephone service was disrupted.

A constable stood guard at nearby Hewitt's Hill while farmers removed a maple tree, blocking Highway 11. Motorists had to drive in a ditch to bypass the fallen tree.

Telephone service between Toronto and Orillia was cut off early in the storm.

Gutters here could not carry away overflow water and streets were flooded by the downpour. Electric power was off for about three hours. Crop damage was severe.

COUNTY OF PETERBOROUGH

Chemong Bridge For Sale

Sealed tenders plainly marked as to contents will be received by the undersigned until 12 o'clock noon, SATURDAY, JULY 17, 1948, for the purchase of all or sections of the Chemong Floating Bridge across Chemong Lake.

lehem, No. 175, Peterborough; Duke of Manchester, Peterborough, bagpipe band; Sunshine No. 44, fife band; Watch Tower, 515, Peterborough; Eastern Star, No 525, Peterborough; Woodville, Prince Edward County; Belmont, No. 277; Hastings women's lodge No. 458.

Ladies' Flute Band, No. 686, Oshawa; Enterprise, No. 2167, Oshawa; Ulsters, No. 315, fife and drum; Trenton, No. 306, Lions Club Band; Trenton No 186, girls' lodge; Trenton, No. 604, ladies' lodge; Cavan Lodge; Bailieboro, No. 855; Fraserville, No. 46, fife and drum; Princess Elizabeth, No. 253, Millbrook; Daughters of Cavan, Millbrook; Millbrook, No. 75, town band; Carmel, No. 421; Bailieboro, No. 853; Janetville, No. 64; Pontypool, No 82, fife and drum; Meyers Station, No. 83; Bethany, No. 83; Ann Little Memorial, Port Hope; Cobourg army band; Port Hope No. 309; Garden Hill, No. 385; Elizabethville, No. 424, Purple Hill; Cartwright No. 43, girls' flute band; Kendall, No. 405; Campbellford, No. 35; Roseneath, No. 261; Coldsprings, No. 514; Helen Navin Memorial, No. 151, Cobourg, led by sea cadets and Cobourg men's lodge, No. 127.

Parade Winners

The three-mile parade took over an hour to pass the reviewing stand, in spite of the fact that it was accurately paced and seldom was a lodge spread out far from a following lodge. Judging the parade were Frank Parkinson, Russell Manning and Colonel Stuart Craig, and the winners were as follows:

Best band was the Oshawa Pipe Band and second was Peterborough Fife and Drum Band, No. 515. Best men's lodge was Oshawa No. 2167; best ladies' lodge was Cartwright; best juvenile lodge was also Cartwright; second best juvenile was Trenton lodge. The cups and flags were presented to the winners by Wor. Brother John Rittwage, W.M. of the Cobourg lodge.

Chairman of the speakers' program was Hugh Gibson of Cobourg, county master. On the platform were Major Earl Drope, M.P. for Northumberland; the Hon. W. A. Goodfellow, M.P.P.-elect for Northumberland; Chas. Stephenson, M.P. for Durham; Major John Foote, M.P.P.-elect for Durham; W.M. John Rittwage, W.M., Cobourg; Mrs. E. W. Moore, P.G.M., Lindsay, and Robert Hardy Small, Toronto, grand master of the Grand Orange Lodge, British America.

"Welcome to Cobourg," said Mayor Joseph Smith to the thousands grouped in the park in front of the bandshell. "It is more important now than ever before that we cherish those principles of freedom which the Orange Order stands for. The town is yours."

Major Drope and Mr. Stephenson spoke briefly, emphasizing the importance of the slogan of the Orange Order. The Hon. W. A. Goodfellow commented that he was a third generation Orangeman.

"When we consider what is going on today in the rest of the world we realize how much better we are in Ontario, in the Dominion, under British rule," declared Mr. Goodfellow.

"Welcome all you men of goodwill," greeted Major Foote, V.C. "We need the faith, conviction and goodwill that the Orange Order stands for, very much in this day. I notice the aged taking part in the walk today; their example should be an inspiration to the younger members to keep alive all that the order stands for."

Mrs. Moore brought greetings from the women's lodges of which there are 20,340 members in Canada, organized to preserve Protestant principles.

"Let us not just be twelfth of July Orangemen, but Orangemen every day of the year," she urged.

"There is nothing wrong with the heart of old Ontario," declared Grand Master Robert Hardy Small of Toronto. "You can rest assured that this old province of ours will remain British as long as we have as strong an Orange organization as we have today. We are still old fashioned enough to want to worship openly. We want the Roman Catholics to enjoy the same privileges as us, but we will oppose any conniving legislation designed to disrupt the established order of things. We will oppose any veering away from British standards, knowing that reactionaries and subversive forces would destroy what we cherish. I am glad to see the flag borne by every lodge; it led our boys into battle and back home again. We will always uphold it.

We saw the lights of freedom go out in Europe, but we'll see that they never go out in this land of ours."

Stop Cricket In 2nd Innings

MANCHESTER, England, July 13 — (Reuters) — England and Australia drew the third test cricket match which ended at old Trafford grounds here today. Australia, having won the first two of the series of five matches, retain the mythical "ashes," symbol of world cricket supremacy, which they have held since 1943, by avoiding defeat in a series against England.

MANCHESTER(England, July 13.—(Reuters).—Playing between showers, Australia scored 62 runs for one wicket today in their second innings before further heavy rain stopped play and tea was taken.

It was the final day of the five-day match. Australia needed 317 runs to win, a hopeless task, after England had declared her second innings closed at 174 for three wickets. In the first innings England scored 353 and Australia 221.

The Aussies won the first two matches of the current series of five.

Ian Johnson, opening in the absence of injured Sid Barneswn was caught when 10 runs had been scored. But left-hander Arthur Morris and captain Don Bradman played grand defensive ricket against bowling which received no help from an easy-paced wicket.

Bradman batted nearly half an hour before scoring. Runs came mainly rom boundaries and twos, when the bowlers sometimes pitched short.

Conditions were not good. The bowlers had to use sawdust to enable them to get a foothold and the batsmen frequently patted spots on the pitch kicked up by the ball.

Intermittent rain and an extremely wet wicket made play impossible before lunch.

The Score Card

England, First Innings 363
Australia, First Innings 221
England, Second Innings (for three, declared), 174
Australia, Second Innings
Arthur Morris not out 30
Ian Johnson, C Crapp B. Young 6
Don Bradman, not out 24
Extras 2
Total (for one wicket) 62.

Golds Strengthened In Light Trading

TORONTO, July 13 — (CP)— Golds strengthened in very light trading and industrials, base metals and Western oils were down.

Industrials moved quietly in a narrow fractional range with losses shading gains. Utilities firmed on advances ranging up to 1⅛. Burns B continued a strong showing, gaining ½, while BA Oil, Imperial Oil, Massey-Harris, Winnipeg Electric, and Minnesota and Ontario Paper were ahead. International Paper eased ¼ down and Canadian Breweries was down ⅛.

In golds, Bralorne and Wright-Hargreaves weakened in seniors, while selected secondaries showed a firmer tone. Central Patricia, Madsen, Bevcourt, and Malartic were up 1 to 5 cents. Eldona, Chesterville, Elder, Macassa, and Upper Canada were losers.

Base metals continued their easier trend as Waite Amulet, Silver Miller, Shrritt, Normtal, Gulf Lad, and Eurka dippd from 1 to 5 cents, International Nickel was down ⅜ and Base Metals gained a point.

Foothills and Calgary and Edmonton led the losers in Western oils with losses from 5 to 10 cents. Anglo-Canadian was down 4 cents. Pacific Petroleum gained 2 cents to $1.34.

Rail Talks

Continued from Page 1

in telegraph services as well as rail. Union employees will not continue maintenance work on railway equipment in a walkout It would take two or three days to get the railways operating at full scale after a strike.

5. The strike will not affect Trans-Canada Air Lines directly, but Mr. Hall said he did not know whether the union would allow operation of the rail transport to keeep TCA running.

6. The unions are discussing the question of continuing some emergency rail services, but this matter has not been settled.

No Comment

Mr. Hall was asked if the unions were still asking for more than 20 cents an hour, but he declined to say.

When they came to Ottawa for a series of conferences aimed at settlement of the strike-threatened wage dispute, the international unions representing 122,000 employees had been demanding a 28-cent increase. The railways were offering 10.

As Mr. Hall released his letter this morning, the cabinet was going into session to deal with the situation threatened with a strike crisis July 15.

The spokesman for the rail unions told a press conference today there was "a most unfortunate impression" that they would not strike to back wage demands.

Frank H. Hall, chairman of the negotiating committee of the 18 international unions which have threatened to strike Thursday, said the crisis was "a very serious situation for us all, unions management and the public."

However, it was "not of our seeking." The unions had always been regarded as "a very conservative group." Their relations with the railways "have always been on a high and satisfactory" level.

There had never been a general rail strike in Canada. It was "A wonderful record that we'd be very reluctant to break it . . . it will only be broken under the greatest provocation."

WINNIPEG GRAIN

WINNIPEG, July 13 — (CP). — Local and commission house selling, prompted by further rains across the prairies, gave oats and rye futures an easier tone in early trade today on the Winnipeg Grain Exchange. Support was not aggressive during the quiet trade.

Rye futures trading was mostly of a commission house nature.

Prices:

Oats—July ⅛ lower at 91⅜a; Oct. ½ lower at 84⅜a; Dec. ⅜ lower at 79¼b.

Barley—July ⅜ lower at $1.29½; Oct. 1⅛ lower at $1.14⅛b; Dec. ⅞ lower at $1.08a.

Rye—July not open; Oct. ¾ higher at $2.06¼b; Dec. not open.

Inspections: Wheat this year 566; last year 293; cars of contract 410; oats 148-75; barley 138-40; flax 32-5; rye 3-3; other grains 7-4; total 894-420.

Expect Truman, Barkley To Be Candidates

PHILADELPHIA, July 13 — (CP). — Democrats this morning went into the second day of their slow-starting national convention with increasing enthusiasm and an apparent design to nominate President Truman and Senator Alben Barkley of Kentucky as their ticket in the November presidential elections.

There were some apparent drawbacks, however, to this solution of a mixed-up, north-south, left-right, pro-and anti-Truman fight that has left bewildered delegates hanging on the ropes wondering what will happen next.

Truman, virtually sure of the presidential nomination, apparently had not yet stamped an official o.k. on Barkley, 70-year-old party work horse, as his running mate. Several state leaders, in addition, have expressed opposition to Barkley.

Barkley jumped into prominence Monday night as he lashed the perspiring delegates into a wild wave of enthusiasm in a keynote speech which lasted more than an hour.

Second Attempt

The Arabs attempted for a second time to storm out of the old walled city and take Jewish positions on Mount Zion but were beaten back, the account said.

An Egyptian defence ministry communique said Egyptian mobile forces had attacked south of Jerusalem, penetrating Jewish lines in the Katamon, Mejor Haim and Alamein Camp districts.

The bulletin also reported continued air activity over Tel Aviv, Aquir airport and Jerusalem's western suburb of Ein Karem.

The Jerusalem dispatch said Israeli ground troops had taken two heights overlooking Ein Karem, which is inhabited by Arabs.

Beit Nabala and Deir Tarif, three to five miles northeast of Lydda, fell to the Legionnaires who came within shell range of the Jewish-captured Lydda airport, a major objective for sides.

PUBLISHED IN THE PUBLIC INTEREST BY JOHN LABATT LIMITED

Victory Loan Bonds Sold To Purchase Town Bonds

CAMPBELLFORD, July 13—(ENS).—Purchase of $22,500 of town of Campbellford bonds through the sale of the same amount of ninth Victory Loan bonds was decided upon by members of the Public Utilities Commission at their regular monthly meeting here Saturday night.

Arthur J. Armour told the commissioners that the change would net something in the region of $50 per year more than the yield from the war bonds. In addition, the commission would be displaying confidence in the town.

The town bonds are redeemable at various periods up to 1967, whereas the government bonds are all due in 1965. The government rate was said to be 2.93 per cent., while the town offers 3.18 per cent., or an increase of one-quarter of one per cent.

Members agreed to the change, and the chairman and the treasurer were authorized to implement the transfer.

G. S. Martin discussed a pension plan which he had previously presented to the members. Details had been worked out for each individual in the commission's employ. Members accepted them for presentation to a staff meeting.

A letter from J. F. R. Douglas on behalf of his client, Mrs. Wood, complained that Commission employees had place a pole on her ment rigging their new play-property without permission and had cut down a tree.

Manager Denyes told the members that the spot in question is a "forced" road and that the Commission had a right of way. Attempts had been made to contact Mrs. Wood, but this had not been possible when the work was required.

It was agreed that the pole will be moved 18 inches in accordance with Mrs. Wood's request.

Members also discussed the installation of a gas pump, from which all gasoline used by vehicles of the Commission and the town could be obtained, thereby saving a considerable amount of money from the elimination of the gasoline tax. No action was taken at this meeting.

Asks For Audit

A letter from R. J. Allen, recently appointed town treasurer, applying for the position of treasurer of the Public Utilities Commission, precipitated a considerable discussion regarding the accounting system, and brought from Manager P. C. Denyes the remark that he would like to see a complete and thorough audit of the Commission's account. He felt that past auditors had not been as thorough as they could have been.

Mr. Allen's application was received and filed for further consideration.

The employees of the Commission will hold their annual picnic and sports day on Wednesday, July 14.

Salary Increases

Prior to the passing of the accounts, Manager Denyes brought forward a list of recommended pay increases for the staff, ranging from ten to fifteen dollars per month, to bring them into line with comparable salaries in similar jobs. The increases, said Mr. Denyes, would amount to $180 per month.

The commissioners approved the increases after some discussion, and accepted an amendment from Chairman James O. Benor that the manager's salary also be increased by $20 per month, Mr. Benor explaining that as the government excise tax is now not in operation, the amount so saved would offset the increases in salaries.

In his financial report, Mr. Denyes told the meeting that the Commission's operations for the first half of the year show an increase of $3,600 over the same period of 1947.

Commissioner Hogle drew the attention of the commissioners to alterations and installations recently made at the power house, and said that the manager and staff should be very proud of the work done. He had seen much work of this kind, and thought that an excellent job had been done.

Members agreed that when the work is further advanced they will visit the power house as a body to inspect the project.

Sewer Requested By Residents Of Wolsley St.

Three residents of Wolsley St. representing 10 property owners in a demand for sewer connections on that street made a timely appearance before the finance committee of the council Monday evening.

Kenneth Long, spokesman for the trio said an appeal had been made for sewer connections, two and half years ago. A year ago another petition had been submitted to the council, and at that time also, all the Smith township residents on the north side of the street had signed a petition to the township clerk agreeing to pay for sewer service.

"Now the Blyth Construction Company is using a clam to excavate a sewer on the Brookdale subdivision just west of Chemong road. When we came here before we were told there was no outlet. Now one is available, and besides the Blyth people would dig this sewer in a day and half with that clam. We think our petition has been filed long enough."

City Clerk Outram explained the petition had been referred to the Board of Works last December but at that time certain other work had been promised, and the petition was filed.

10 Families Affected

The other members of the deputation were James Ray and Arthur Fraser, and both spoke briefly, pointing out that 10 families were affected and all had signed.

"With Blyth up there it alters the situation. Now is the time to get that work done. I move a bylaw be prepared for Monday night's meeting," Ald. Gordon Armstrong said.

"That suits me fine, I'll second it," alderman Doug Miller said. Support of the motion was unanimous, and it is likely the sewer bylaw will pass next Monday. City Engineer Chalmers will be instructed to report on the project at that time.

Urge Church Workers To Aid Alcoholics

ROSENEATH, July 13.—(ENS).—"There are more alcoholics in Canada than there are tubercular and cancer cases combined; alcohol cost American industry 30,000,000 working hours and more than $1,000,000,000 last year. The greatest problem in the world today next to the problem of war is alcohol. These were statements made by Rev. Albert Johnson of Toronto, in a message from the Ontario Temperance Federation delivered in the United churches on Roseneath charge on Sunday. Mr. Johnson is a secretary of the Federation.

Speaking of "alcoholics anonymous," Mr. Johnson said it was started 13 years ago by two alcoholics and had developed into the outstanding evangelical revival of today.

"Industry," he said, "is today turning to the church for help to meet the problem that is everywhere.

COAL FROM THE SKIES for the western sectors of Berlin is unloaded from a United States Air Force C-54 Skymaster at Tempelhof Airport, Berlin, by German workmen. Twenty-five of these giant ships flew in with the first consignment of coal to be air-lifted to the Germany capital as part of the plan to supply the western sectors of the city in the face of Russia's closing of land routes from the west.

Margaret Lang Top Scholar In County Entrance Results

The following is a list of the High School entrance candidates who are eligible for High School entrance standing in Peterborough County. Honors are indicated by (H) following the candidate's name.

Margaret Lang, RR No. 7, Peterborough, a pupil of Miss Barbara MacLeod, SS No. 5, Otonabee, won the county scholarship.

The marks of unsuccessful candidates are being mailed. Those who have failed may appeal for re-reading of their papers any time before August 24th, to K. O. Birkin, Court House, Peterborough, or to E. C. Anderson, 12 Francis St., Lindsay. A fee of $2 must accompany the appeal. Candidates who have failed are discouraged from appealing, as all papers of those who are reasonably near the passing mark have been re-read. Candidates who have a low total are especially urged to refrain from making an appeal.

APSLEY CENTRE

Couch, Ella; Earnshaw, Roderick; Halliday, Brian; Lean, Donna; MacDonald, Lancell (H); McCauley, Dorothy; Nesbitt, Norma; Nicholls, Lynda; Reddick, Vernon; Rusaw, Pauline; Scott, Phyllis; Truswell, Beverly; Tucker, David; Tucker, Marie.

BUCKHORN CENTRE

Armstrong, Lenore; Bennett, June; Coppaway, Iola (H); Downer, Arthur Alfred; Easson, Mary; Garbutt, Velma; Irons, Wreathia; Montgomery, Betty Amy; Muskratt, Hannah; Northey, Douglas; Pearson, Harold; Pearson, Myla; Walton, Rodney Bernard.

ENNISMORE CENTRE

Ayotte, Rose Marie; Costello, Theresa A.; Crough, Alma; Hickey, Eddie; Lowes, Ronald; Murray, Maureen; Parsons, Raymond; Sullivan, Cyril; Wheeler, Marjorie; Young, Fergus; Young, Pat.

HAVELOCK CENTRE

Bales, Gordon; Brooks, Barbara; Brown, Betty; Chard, Morris; Clemenger, Doris; Colby, Don; Cook, James; Cosgrove, William; Dawson, Herbert; Derrett, Blanche; Ellis, Marilyn; Empleton, Eileen; Grattan, Olive; Hamilton, Ralph; Haughton, Isobel; Holdcroft, Shirley (H); Jenkins, Earl; McCabe, Michael; McCurdy, Gladys; McMillan, Morley; Mae, Mavis; O'Neill, Patrick; Rowat, Marie; Seabrook, Maxine; Toms, Kenneth; Varty, Eileen; Wagar, Mark; Whitney, Marie; Wiggins, Jack; Wilde, Lois (H); Woodbeck, Grenville; Youmans, Edith.

Passed under regulation 28 (1) and (3)—Deline, James; Toms, Gordon; Wiggins, Laura.

KEENE CENTRE

Collins, Walter; Cowie, Lucille; Cranley, Barbara; Crookes, Eleanor; Davidson, Harold; Davidson, Roy; Deen, Wm. John; Dixon, Walter (H); Edwards, Ronald Clive; Heatield, Robert; Hoey, Barbara; Hoey, Basil; Lancashire, John; Lang, Margaret (H); McIntyre, Jim; Marchard, Donald; Richardson, Melba; Robinson, Ruth; Staples, Ross; Stillman, Donald; Thomson, Betty; Varcoe, Donald George; Wood, Marie; Wood, Thelma; Wood, Vera.

LAKEFIELD CENTRE

Bennett, Audrey; Bennett, Bernice; Bolton, Audrey;; Boyce, Mary; Boyce, Russel; Brown, Beth; Byers, Shirley; Calberry, Margaret; Cherry, Alma; Clayton, Shirley; Coleman, Nancy; Coons, Myrna; Coughlin, Margaret; Coyle, Gordon; Crowe, Marlene; Dafoe, Frank; Dunford, Marie; Dunford, Margaret (H); Foster, Mary Jane; Fraser, Marilyn; Freeburn, Ross; Garbutt, Donald; Graham, Barbara; Graham, Nancy; Henry, Doris; Hockaday, Rita; Hockaday, Royden; Huddart, Geoffrey; Hudson, Kenneth; Hudson, Sylvia; Hull, John; Hull, Vivian; Leonard, Barbara; Lowry, Freda; McManus, Mary; Montmarquette, Ken.; Lemmon, Eva; Northey, Evelyn; Olver, Robert; Patton, Helen; Pearson, Dawn; Puffer, Bernadeane; Puffer, Gwendolyn; Redpath, Shirley; Shields, Grace; Sloan, Delmer; Smith, Margaret; Twist, William; Wannamaker, Joan; Wannamaker, Joyce; Wasson, Elaine; Welbourne, Beverley; Wheeler, Bill; Wingett, Kenneth; Young, Monica (H).

Passed under regulation 28 (1) and (3) — Wilson, Mary Ann; Wingett, Leonard.

NORWOOD CENTRE

Barnett, Donald; Brown, Shirley; Chamberlain, Betty; Clark, Walter; Coughlin, Gerald; Coughlin, Shirley; Crowley, Richard; Cuthbertson, Ruth; Davis, Carl (H); English, Olan; Feeley, James (H); Fredericks, Richard; Giffen, Joyce; Golloher, Jean; Humphries, Dorothy; Lytle, Josephine; Mackey, Myrtle; Mainland, Bruce; Metcalfe, Lawrence; Neilson, Hazel; Renwick, Jim; Rodgers, Barbara; Rooney, Bridget; Rusaw, Shirley; Scott, Viona (H); Simpson, Marie; Simpson, Violet; Spencer, Robert; Stackhouse, John; Van Volkenburg, Eldon; Whelan, Gerald; Wood, Ruth.

Passed under regulation 28 (1) and (3)—Davidson, Joan.

QUEEN ELIZABETH CENTRE

Batten, Jack; Bell, Allan; Brown, Betty; Burns, Harold (H); Chambers, Dorothy; Clancy, Bernard; Clancey, Raymond; Crowley, Marjorie; Elliott, Helen; Exell, James; Fitzgerald, Jean; Fowler, Glenn; Fowler, Neill; Freeman, June; Hardill, Gary (H); Harper, Keith; Hartwick, Bernadette; Hillis, Muriel; Holman, Yvonne; Howdon, Dorothy; Hutchinson, Donald; Hutchinson, Robert; Jarvis, Arlene; Jones, Robert (H); Kingdon, Gordon; O'Brien, Norma; O'Toole, Michael; Parrington, Eleanor; Patton, Doreena; Preston, Carl; Riedel, Paul; Reid, Mary; Sanderson, Frank; Sanderson, Violet; Seabrooke, Grant; Sine, Bruce; Smith, Herb; Smith, Ronald; Soles, Margaret; Steinkrauss, Ruth; Steinkrauss, Marilyn; Stewart, David; Sullivan, Herb; Thomas, Margaret; Wilde, Phyllis; Young, Keith.

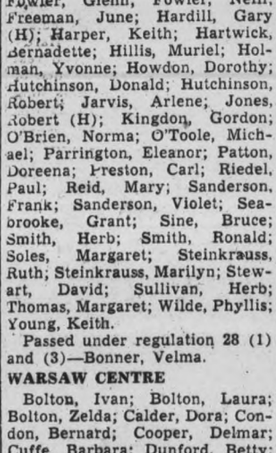
Passed under regulation 28 (1) and (3)—Bonner, Velma.

WARSAW CENTRE

Bolton, Ivan; Bolton, Laura; Bolton, Zelda; Calder, Dora; Condon, Bernard; Cooper, Delmar; Cuffe, Barbara; Dunford, Betty; Edwards, Norman; Gallagher, Mae; Hampton, Barbara; Healey, Marie; Johnston, Carl; Little, Percy; McCracken, Isabel; Olver, Marilyn; Selkirk, Robert.

TELEPHONES DOUBLED

The number of telephones in Argentina doubled between 1929 and 1943.



MRS. CLARA LANDIS, above, mother of the late actress, Carole Landis, told authorities at an inquest, that her daughter had left a second farewell note. She said: "Florence Wasson told me about it." Mrs. Wasson, a friend of the actress who committed suicide allegedly by sleeping pills, testified that she saw the note which instructed care for a pet cat named "Miss C." The note is still missing.

Youth Given Term In Jail For Theft

Theft of trousers, a shirt and cash from three workmen with the Hydro camp near Apsley brought 19-year-old Ronald Dyer, RR 2, Lakefield, a sentence of 15 days in jail. He pleaded guilty to three charges bfore Magistrate W. R. Philp, KC, in court today.

Provincial Constable Bert Howden, Apsley, testified that one Hydro employee had a pair of trousers stolen, another reported the loss of a white shirt and a third man was robbed of $10. The trousers, valued at $18, had been sold for $1 to a second-hand dealer in Peterborough.

Junior Farmer Programs For Exhibition Will Cover Many Activities

Junior farmers, both girls and boys, will be given ample consideration in the Peterborough Industrial Exhibition to be held late in August. On August 26 at Exhibition Park, young farmers are invited to compete in livestock judging, and on the same day, girls will compete in homemaking club exhibits and judging at the market hall.

The livestock judging competition will be conducted by the Ontario Department of Agriculture which will supply the judges, and there are two divisions. Division 1 is open to members of livestock clubs only, that is, members of calf, foal or swine clubs in 1948. Division 2 is open to farmers and farmer's sons who have not reached their 26th birthday on August 1, 1948. They must be residents of any of the following counties: Peterborough, Victoria, Hastings, Durham, Northumberland, Ontario, or Prince Edward.

Beef cattle, dairy cattle, heavy horses, sheep and swine (breeding stock) will be judged. Contestants will be awarded only one cash prize, but they must judge all classes, and will receive the highest prize won.

Contestants in division one, will judge the same classes as those in division two, and the prize money will be separate but at the same rate as in division two.

There is, in addition to the livestock judging, a contest in tree, weed, hay and pasture plants, seeds of agricultural crops and common livestock feeds. This contest calls for identification of the foregoing.

Agricultural Quiz

The third contest is a quiz on agriculture dealing with soils, farm equipment, poultry, markets and so on.

The homemaking club exhibits, judging and demonstration will be restricted to entry in one class A and one class B fair in any one year exclusive of the Toronto Exhibition. The competition is open to all girls 15 to 26 years of age who have completed four or more homemaking clubs. From September 1947 to August 1948, they must have completed one of two of the following hamemaking clubs; a supper club, the milky way, the club girl entertains, cottons may be smart, summer clothes for girls, or according to the agricultural representative and county home economist, have carried on 1948 Girls' Home Garden Club satisfactorily. Open also to 1947 Peterborough Club members 15 to 26 years of age inclusive who have completed four or more homemaking clubs and in 1947, completed sleeping garments or girls' home garden club projects.

All details concerning the junior farmer competitions may be obtained from Frank Paterson, Department of Agriculture, Hunter St., in Peterborough.

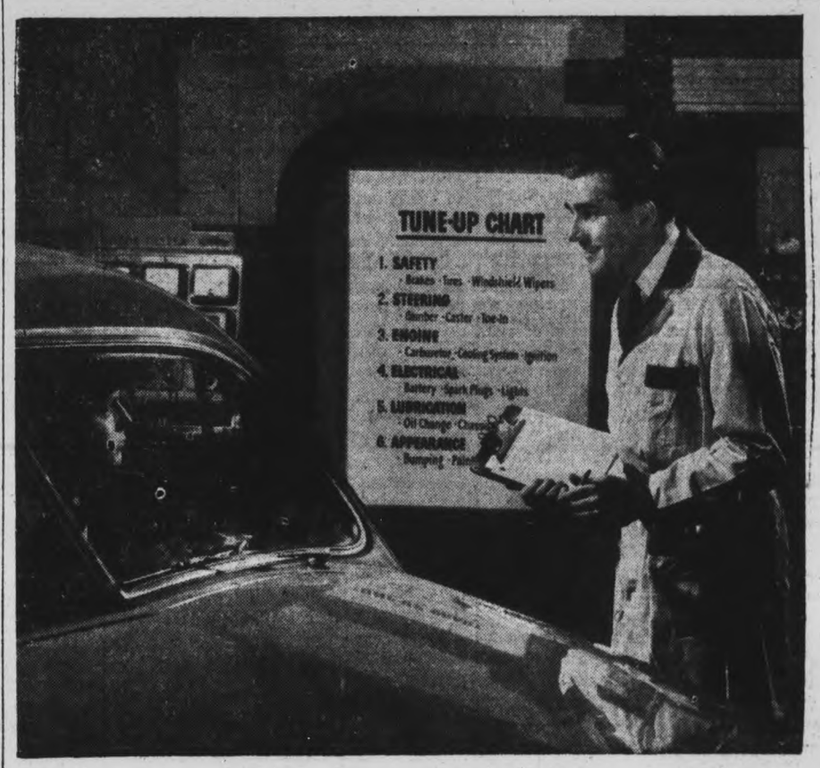
Deadline for submitting entries is August 16, and no late entries will be accepted.

A Favourite Remedy

For the past hundred years DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY has been a favourite remedy for bowel complaints. It is safe, pleasant and effective.

Prescribed for
Diarrhoea
Intestinal Pains
Sea Sickness
Summer Complaint.

You will be surprised how quickly it works and how much better you feel. DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY.



NOW is the time to catch up on essential service!

Timely reminder: During the parts shortage, you had to postpone many needed repairs. Most of them are low-cost *minor* repairs—but they're essential to your safety. And they can protect you against costly breakdowns. Start catching up now!

Packard's new *car-saving program is a driver-saver . . . money-saver, too! Come in and see!*

We're fully staffed now with factory-trained mechanics. We're up to the minute on modern equipment!

And we're well stocked with quality parts from the new Packard depot at Windsor.

So we can make it worth your while —right now—to restore the built-in safety of your car . . . and protect its trade-in value!

Drive in soon for a free advance estimate of what your car needs—and what the cost will be!

TUESDAY, JULY 13, 1948

The Dual Task Of The Liberal Convention

The choice of a new leader is the most spectacular task before the Liberal convention which will take place in the first week of August; it is not its most important job, however. The greatest responsibility of the convention will be to clarify and re-state the beliefs of the party, and to choose the leader best fitted to uphold those beliefs. Considerations of practical politics and election-winning will carry great weight at the convention, but the greatest emphasis must be placed upon the long-term policies of the party.

• • •

It will be interesting to compare the Liberal Convention at Ottawa with the recent Republican Convention at Philadelphia; marked differences between the Canadian and American character will, we are sure, be seen. The Philadelphia conference was in some respects a circus, and the choice of candidate appeared to outweigh every other consideration: at Ottawa, we venture to say, things will be much quieter — dead, by U.S. standards—and heavy emphasis will be placed on party belief.

• • •

What must be dealt with in a re-statement of Liberal policy? Five headings, we think, will cover the ground, and they are Foreign Policy, Domestic Policy, Personal Freedom, Trade, and Public Finance. So far as foreign policy is concerned, we do not think that the Liberal party has much to change, and little to look back upon with regret; under the guidance of Mr. Mackenzie King Canada has reached a place of importance among the nations of the world, and she can hold and enlarge that place only by joining, seriously and cannily, in every Commonwealth and world movement which concerns her even remotely.

• • •

Domestic Policy demands longer consideration, and may be the cause of dispute and even schism at the Convention, for the Liberal Party has a right and a left wing. Historic Liberalism opposes state interference in economic matters, but partly because of the necessities of war, and partly because of the trend toward socialism and statism which war provoked, the Liberal Government has gone far in the direction of state control of several important economic elements in Canada. Whether this policy is to be continued, bringing the Liberal party near to the C.C.F. in thinking, or whether there is to be a return to historic Liberalism, is for the convention to decide.

• • •

In the matter of Personal Liberty the record of the Liberal Party is good, but again war has forced it into some tight corners. The treatment of Canadian Japanese, and certain aspects of the Ottawa spy investigation were not stars in the Liberal crown. Of course, in practical affairs, principles often have to be sacrificed to other and more demanding principles, and criticism of the conduct of a government in time of war is easier than carrying its burdens. Nevertheless, a re-assertion of the traditional Liberal belief in the fullest possible freedom for everyone will be expected, and the party will be expected to honour its pledge.

• • •

What of Trade? Here again the Liberal belief will need some clarification. Circumstances have forced a traditionally low tariff party into a considerable degree of protectionism; once again one principle has had to give way to another, and free trade has been sacrificed to the necessity to keep Canada's economy as stable as possible in a world of wildly vacillating credits. But is the struggle for true reciprocity with the U.S.A. to be resumed as soon as possible, and are protective tariffs to be dropped as soon as we can manage without them? The party must be at one on these important points.

• • •

On the final issue of Public Finance the Liberal Party may content itself with congratulations, for its record during the past ten years has been truly remarkable. Debts have been reduced, there are budget surpluses, inflation has been kept at a minimum. These gains have been made by taxing the people heavily, but in exchange for heavy taxes Canadians have one of the most secure countries, financially, in the world. Any government which, at present, promises big tax reductions and larger expenditures is cheating the people and leading them toward financial downfall.

• • •

The object of the Liberal Convention is not to prepare for a victory at the next election, but to repair its armour for a fight for Liberal principles. It is better for a party to lose an election than to compromise with its principles, for a party with principle, in Opposition, is of more value to the country than a party of no fixed principles in power. The Liberal Party, as the only party in Canada with national support, bears heavy responsibilities; it is strong, and its duty at the convention is to refresh its strength.

Are Tories Vermin?

Speaking a week ago in Manchester the British Minister of Health, Aneurin Bevan, said: "So far as I am concerned the Tories are lower than vermin!"

This is the sort of remark which outlives many a sage pronouncement on domestic or foreign policy. It is the sort of taunt which, at election time, can be used to turn thousands of votes to the Conservative cause. Even from a politician so notably rancorous and unbridled as Mr. Bevan, it is strong language. Not that we object to strong language in politics; on the contrary, we enjoy it thoroughly; but we think that strong language, like strong drink, should always be used with the utmost discretion. Only a completely self-possessed politician dares use strong language; an angry politician should take care to be polite.

In giving so frank an opinion of the opposition party Mr. Bevan has done something which we do not think the people of Britain—Liberal and Labour adherents as well as Tories—will like: he has revealed a bitter personal feeling in a field where principles, and not personalities, are expected to prevail. He does not hate the Tories as holders of views opposed to his own; no, he hates them as people. He has made a public statement which makes it extremely difficult, if not impossible, for him ever to shake a Tory by the hand, or sit at table with a Tory, or accept a favour from a Tory again. He has spoken as though he thought that the Tories would never again be in power in England.

Mr. Bevan is a man of strong character, and some people have described him as brilliant. We venture the opinion, however, that he is not politically mature. For if he were, he would know that the whirligig of time brings in his revenges, and that the politicians who live longest and see most are those who keep their political quarrels on a strictly political level. It is a very bad bargain to estrange onself from several million people, merely for the fun of calling them vermin.

A Filthy Memorial

This newspaper is today taking an unprecedented journalistic step. It is printing an advertisement on its editorial page. It is printing this advertisement free of charge. The advertisement is entitled "In Memory Of My Brother". It was first published in *Women's Wear Daily*, a tabloid newspaper which circulates chiefly among garment workers in New York. Nevertheless, copies do come through the post into Canada. The advertisement occupied the whole of page one of the June 22nd issue. It was completely bordered by a quarter-inch black line.

Mr. William I. Nathan who apparently inspired this racial debauch, Mr. Wilbur Duberstein whose pen devised it, and the *Women's Wear Daily* of New York City which pandered to malice by publishing the advertisement, should go down in history on a level with the Nazi Jew-baiter Julius Streicher and his paper *Der Sturmer*.

Why do we reprint the advertisement? Certainly not to cater to any anti-Semitic tendency which an occasional reader might have, or to arouse pro-British ire. It is such a horrible example of what a clever pen can descend to, what the abuse of advertising can lead to, and of bitter intolerance, that it should be brought into the open as a warning of the sinks and cesspools which can blight a "free" society and fester in its future.

France is said to be enjoying a period of comparative prosperity. Could this have anything to do with the recent firing of 150,000 civil servants?

Our Road

FROM THE LONDON OBSERVER

WE have often been told that the aim of the Government's fiscal measures is to check that familiar evil, "Too much money chasing too few goods." If a reduction of demand were to lead to a few surpluses, even to some temporary unemployment, this—we were quite recently assured—would be all to the good. It would give occasion for diverting resources from the home market to the export drive.

✧ ✧ ✧

NOW a few surpluses are appearing in clothing and footwear, for example, and radio sets—but it does not seem that they are being welcomed or dealt with in the approved way. The natural first cry of the manufacturers is that the Government should help them to get the goods sold; and the Government has gone some way to meet this demand. According to the strict doctrine, however, it should have been refused. The Government should have said that these surpluses were an encouraging sign, and that the displaced workers ought to move into export industries.

✧ ✧ ✧

THE trouble is that the doctrine is so much simpler on paper than it is to carry out. Workers skilled in one trade cannot always be switched at once to another. Even if they can, they will probably have to move—and where are the houses for them?

This trouble belongs to the whole problem of running a mixed economy partly socialized and partly not.

In a free market economy mobility of labour is brought about by the harsh drive of distress. In a totalitarian economy it is brought about by giving orders, with sanctions to enforce them. How it can be brought about in a mixed economy, under a democratic Government, is not yet clear.

✧ ✧ ✧

A FURTHER difficulty is that the Labour Government's policy is equalitarian, aimed at the redistribution of wealth. But even before the war the national output was not sufficient to give everyone a satisfactory standard of life, however the cake was cut; and the amount of available cake is now much less.

It is all very well to appeal to the workers not to press for higher wages, to concentrate on increasing the cake so that in time everyone may be better off. That is sound economics; but the Government's political promises have been such as to encourage all those with a small slice to want a larger one immediately, and in return for shorter working hours. Hence the lack of response to appeals for that extra effort and those voluntary economies and abnegations which the country's situation urgently requires.

✧ ✧ ✧

THESE signs and symptoms are not lost on foreign observers. Some American commentators now take the line that in the world today only two social systems are functioning confidently and getting results—American free enterprise and Russian totalitarianism. They ask whether the "soft Socialism" of Western Europe can survive. Far from sharing our view of this as the necessary next step for democracy, they are inclined to regard it as an ineffectual compromise. For them, our "middle way" is a faltering downhill track.

As these American critics would probably regard the Conservative party's Industrial Charter as tinged with "soft Socialism," and would disapprove of the Conservative acceptance of the nationalization of coal, we ought to see what reply can be made on behalf of our whole national way of conducting politics today.

✧ ✧ ✧

WE can justly point to this country's very considerable achievements in recovery and reconstruction—usually underestimated in America—since the war. We can explain why many feel that the American system and much more obviously the Russian system, both fail to offer a satisfactory answer to the great problem of reconciling social justice with freedom. We can say that we are at least tackling this fundamental problem, and that it must be solved if democracy is to survive.

We can point also to the Scandinavian countries. They have proved, we might say, that social experiments similar to ours can succeed. Britain, worse hit by the war, needs more time to adjust herself to new world conditions. Give her time, and she too will succeed.

There is force in these replies—but the Scandinavian countries, with their small populations, have some advantages we lack. Their economic and social problems are less massive and bewildering: they have reached high standards of education and responsibility; they know what they are doing, and they are ready to work hard and patiently for what they want.

✧ ✧ ✧

OUR own experiment will not succeed without that self-disciplined spirit — much more of it than we are showing now. And this spirit will not be called forth unless we are given a clearer picture of attainable goals. We shall not make good use of Marshall Aid if our leaders are unable to tell us convincingly how we are to live without it when it ends. We need a much bolder, more determined development of Western Union economics than our Government—or any Government of Western Europe—is showing yet.

Our road ahead fades too soon into uncertain, disheartening mists. That is one main reason why, when we come to the sharp rise and the awkward corner, we look vainly for some easy way round the hill.

English Mastiffs

There are more dogs in the United States than ever before—an estimated twenty million, according to the National Geographic Society. Fewer than 100 of the total are pure-bred English mastiffs, scarce in England, though about the most popular breed in both countries until the beginning of the twentieth century. The mastiff, developed in England as a "ban" dog chained by day, unleashed at night to protect farmsteads from thieves and wolves. Tibetan nomad families to this day keep one to four large mastiffs to guard their tents.—New York Times.

GILES IN UNITED STATES

"Palefaces like to buy genuine Indian souvenir made in Birmingham from Redskin spiv?"

In Memory of My Brother

MY brother, aged 19 years, died yesterday in Jerusalem. I killed him.

He wasn't really my brother except in the sense that all men are brothers....but this one might easily have been some sort of a cousin.

Anyway, he's dead and I killed him.

I killed him in many ways....I didn't know that I was buying the bullet that killed my brother when I paid to see that delightful British movie....and how could I have known that the blood I gave for Britain eight years ago was going to save the life of a British officer who gave the order that killed my brother....then there was that imported tweed suit I had to have....that bottle of Scotch....and two tickets up front to see "Oedipus" as played by Olivier and the Old "Vic"....they were just a few of the "innocent" acts, BUT in this intricate world with its obscure chains of causes and effects, they all added up to fratricide and a man must be charged with the natural consequences of his own acts.

I should have known what to expect of a people who never could exist without the blood, sweat, tears and money of other people. How could I be fooled by the nation that has been holding back the world for 300 years? Why was I so naive as to be taken in by a phony socialism which ridiculously supports a King and Queen and lots of little Princes and Princesses? ?

The responsibility for the death of my brother rests on my shoulder. Stupidity is the only crime of our modern civilization. BUT I HOPE I HAVE LEARNED MY LESSON.

I swear on my dead brother's grave, never to support the British by seeing their movies, buying their woollens, drinking their liquor, riding their bicycles, visiting their countryside, etc., and I shall do all in my power to convince my fellow Americans that the taxes we pay to our government can be put to a better use in our housing shortages and broken school systems than in subsidizing the continued growth of that cancer among nations known as England.

I know it can't help my brother....but next time it might be my son.

WILLIAM I. NATHAN,
519 8th Avenue, N.Y.C.
(This article was written by Wilbur Duberstein.)

Letters To The Editor

PUT VICTORIA PARK FOUNTAIN IN CONDITION

Sir,—I see that you solicit questions regarding matters relating to the welfare of the city. I take advantage of the courtesy to ask why Victoria Park has been so long without the service of the fountain which was given about fifty years ago by a generous donor as an embellishment to its beauty. The fountain seems to be in perfect shape for service, after a modest amount has been spent for cleaning and painting this long inactive but really handsome structure.

I am sure that dwellers in the city would welcome its rehabilitation, and that it would attract visitors and tourists by the thousand. The season is still at its zenith and there is no telling how much Peterborough would be the gainer by adding such another ornament (colored if possible) to the already wonderful array of advantages as a great tourist centre we already possess.

Yours,
FRED M. DE LA FOSSE.

TO IMPROVE PETERBOROUGH LIFESAVING

Sir,—The recent drowning at Inverlea of a local youngster will surely cause local authorities to revise the water safety practices that are used at present in Peterborough. The fatality will also cause discussion amongst parents and others, and no doubt many ways and means will be discovered (or re-discovered) by which the city's children will be safe. Well, welcome to them all! No matter how crazy an idea may seem, or how high the cost, if a life is saved, it is well worth while. Herewith an idea:

A 17-foot boat, equipped with lifesaving equipment, dragging equipment, searchlights, first aid, two-way radio and a 22 h.p. outboard motor, would cost in the neighborhood of $1,000. This boat, operated by the senior lifeguard and an assistant, would ply the waters between Riverside Beach and the Maria Street Lock. This would be the "central area," with Rink Street as the "base of operations." The Trent Canal supervisor advises that such a boat could travel, without hindrance, from the lower lock at Lansdowne Street to the Quaker Oats dam. This life boat, according to reliable information, could reach the following places at the approximate times indicated:

Rink Street to Riverside—1 minute.
Rink Street to Maria Street—1 minute.
Maria Street to Riverside—2 minutes.
Maria Street to Lower Lock—1 minute.
Riverside to Lower Lock—3 minutes.
Riverside to Monaghan Rd.—5+ minutes.
Rink Street to Monaghan Rd.—4+ minutes.
Maria St. to Monaghan Rd.—3+ minutes.
Lower Lock to Monaghan—2+ minutes.
Riverside to Lift Lock—3+ minutes.
Rink Street to Lift Lock—2+ minutes.
Maria Street to Lift Lock—1+ minute.
Lower Lock to Lift Lock—2+ minutes.

Where the time is followed by the plus sign, extra time must be added to allow for "lock time." Lockmaster Kimball is sure that, with previous siren code warning, he could pass the boat in under 5 minutes. This patrol, of course, would not take in Inverlea Beach or High Bridge, since the dam and Lift Lock are definite obstacles. Our police force has a radio station and all lifesaving calls would be routed through them and broadcast to the patrol boat's radio. All this would not replace the firemen and their boat. Since the firemen are not lifesavers or boatmen, they would only supplement the lifesaving service. Many will claim that the firemen are all that is needed, since we have lifeguards on duty at all the beaches. This is nonsense. It must again be stressed that firemen are not lifesavers or boatmen, and there could be many obstacles in any service they might perform. The firemen claim to be able to service any area in the city in three minutes. That is possible, but not probable.

The patrol boat would also supervise safe boating practices and see that youngsters (and adults, too) are not tempting disaster from boats.

This idea, of course, is only basic. Much could be done to improve it, or any other part of Peterborough's water safety program, so if there is any advice, ideas or comments that parents or others would like to make, let's hear from them NOW, before the summer is over.

I remain,

Yours very truly,
JIM BUCHAN.

Little Railways

SOME of England's lesser railways which have rather surprisingly escaped absorption into the main-line companies seem to be eluding the last combine of all. The North Sunderland Line, a four-mile railway linking Seahouses and Chathill, must now rely on a British Railway engine for its daily passenger service, but it is assured of six months' notice before nationalization. The world's smallest public line—the Romney, Hythe and Dymchurch—after being requisitioned by the Army during the war, also keeps the independent flag flying.

People who have travelled in open slate trucks on the Talyllyn Railway in Wales after buying tickets from an office in the guard's van will be pleased to know that it is still privately owned, like the 37-year-old Derwent Valley line which connects two nationalized routes.

Perhaps the shortest of all these queer little railways is the Hospital Railway, which runs from the County Mental Hospital at Whittingham, in Lancashire, to Grimsargh, two miles away, on what used to be the LMS line. This line was built about 1890, and besides being used for hauling heavy goods to the hospital gives free passage to members of the staff and people living in nearby villages.—Manchester Guardian.

"Do you practice your music at home?"
"Yes."
"What instrument do you play?"
"Second fiddle."

How Time Flies

JULY 13

1918 Neil McTeague, nine, is injured in a fall from the monument in Confederation Square.

Isaac Lean, 93, of Apsley, was the oldest man to march this year in the Orange parade here.

A convict train, carrying 150 prisoners from Kingston to Western Canada, stops here when medical attention is required.

1928 Ald. C. H. Ackerman purchases a Moth plane and expects its delivery shortly.

Peterborough Lumber Company's mill begins operations and a large cut is anticipated.

Harold B. Matthews is awarded the degree of chartered life underwriter.

1938 The Orange Hall near May's School has been leased to St. Alban's Mission.

A Toronto official is coming here to try to straighten out the grievances of the street railway men.

The Machinists' Union appeals to the Dominion Fuel Controller for a fairer distribution of coal.

A Bible Message

(From the Authorized Version)

Then the eleven disciples went away into Galilee, into a mountain where Jesus had appointed them. (Matt. 28: 16.)

✧ ✧ ✧

When they therefore were come together, they asked of him, saying, Lord, wilt thou at this time restore again the kingdom to Israel? And he said unto them. It is not for you to know the times or the seasons, which the Father hath put in his own power. But ye shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judaea, and in Samaria, and unto the uttermost part of the earth.

And when he had spoke these things, while they beheld, he was taken up; and a cloud received him out of their sight. (Acts 1: 6-9.)

✧ ✧ ✧

And the word of God increased; and the number of the disciples multiplied in Jerusalem greatly. (Acts 6: 7.)

✧ ✧ ✧

And it came to pass, as Peter passed throughout all quarters, he came down also to the saints which dwelt at Lydda. And there he found a certain man named Aeneas, which had kept his bed eight years, and was sick of the palsy.

And Peter said unto him, Aeneas, Jesus Christ maketh thee whole; arise, and make thy bed. And he arose immediately. And all that dwelt at Lydda and Saron saw him, and turned to the Lord. (Acts 9: 32-35.)

A Song of Self-Pity

(A dweller in a large apartment block)
By the edge of the divan
I sit down and weep.
Life is so dreadfully dear,
And so horribly cheap.

I am one of million maggots
In a mammoth cheese;
I am lost in a honeyless hive
Of a billion bees.

I am a tiny cube
In a rectangular mass;
I am a mere problem
For Pythagoras.

Have I the wide canopy of Heaven
Over my head?
No. I have the Krepinsky's
And their creaking bed.

Have I the dark, mysterious earth
Under my feet?
No. I have a fat man from Buffalo
Who is in meat.

By the edge of the divan
I sit down and weep.
I will escape now into the limitless, star-strewn
Kingdom of sleep.

—GEOFFREY VIVIEN,
in the Canadian Poetry Magazine.

Orange Lodges Cut Parade

In spite of heavy rain, hundreds of people in Peterborough waited for more than an hour due to train being late on Monday evening to watch the parade of the local Orange Lodges through the main street on their return from a big walk at Cobourg. More than 500 members of the Order marched from the CNR station, along Charlotte St., up George St. and along Brock St. to the Orange Hall. Five lodge fife and drum bands and the Peterborough Pipe Band accompanied the parade.

Lodges taking part in the parade were Wellington LOL No. 457, Nassau; Col. Sanderson LOL No. 321, Downer's Corners; Lord Nelson LOL No. 2440, North Monaghan; Lakefield LOL No. 122, Lakefield; Wesley LOL No. 419, North Smith; Apsley LOL No. 1072, Apsley; Fraserville LOL No. 46, Fraserville; Diamond LOL No. 80, J. W. Bell Memorial LOL No. 1175 and Duke of Manchester LOL No. 50, all from Peterborough.

Several local juvenile lodges and the following ladies' branches also took part in the march: Vimy Ridge LOBA No. 244, Eastern Star LOBA No. 525, Star of Bethlehem LOBA No. 625, all of Peterborough, and Northern Light LOBA, Lakefield.

E. Payne, County Master, J. Wilson, District Master, John Brown, County Marshal, and Archie MacDonald, District Marshal, were in charge of the parade.

Clarence Coughlin Buried In Douro

The funeral was held Saturday morning of Clarence Coughlin, who was drowned last Tuesday in Buckley's Lake near Lakefield. Requiem mass was said at St Joseph's Church, Douro, by Rev. J. J. McCarthy, who also officiated at the graveside in St. Joseph's Cemetery.

Also in the sanctuary were Rev. J. J. Killen and Rev. J. W. Gaughn. Pallbearers were Frank O'Brien, Thomas O'Brien, James McKeiver, Robert Leahy, and Thomas Heffernan.

Fire 10 Shots

QUEBEC, July 13 — (CP). — Police fired 10 shots Monday night in a wild three-minute chase after three juveniles who had broken into a retail fruit store in St. Roch ward. Two of the boys were captured, while search was continuing for the other.

HOWARD J. McGRATH, chairman of the National Democratic committee, who arrived in Philadelphia in time to set the stage for President Truman's nomination this week, is shown in party headquarters during a press conference following his arrival. A huge portrait of the president looks down on the group as McGrath tells the newsmen that "regardless of cleavage in the party ranks, Mr. Truman will be nominated on the first ballot."

Say British Miners Lack Interest In Occupation

LONDON, July 13 (CP). — Britain's most talked-about industrial worker today is the coal miner. Last week he had an opportunity to talk about himself and the National Coal Board which employs him.

Here are two of the views expressed at the annual convention of the National Union of Mineworkers at Whitley Bay on the outskirts of grimy Newcastle-on-Tyne:

"Our miners are stick-in-the-muds who won't want to be disturbed"—a Lancashire delegate.

"In this wonderful new management (of the Coal Board against private ownership) the old gaffer is still the same bloke" (in other words, Nationalization hasn't changed bosses)—a Yorkshire miner.

Lack of Interest

What the man from Lancashire was grousing about was the miners' lack of interest in their occupation. He said his mates showed no desire to better their jobs until foreign workers were introduced in the mines. Then they all insisted the English miner should be given preference.

The second criticism had more popular support from the rank-and-file of the 700,000-man union on whose efforts the industrial fate of the country largely depends.

The delegate who voiced it spoke of a sense of frustration among the men. He said that managers appointed by the Coal Board lacked sympathy and implied that they took advantage of the men's promise not to go on strike.

Unquestionably criticism would have been louder if the Coal Board and union representatives had not warned the convention that the "Capitalist Press" would distort it into an attack on Nationalization.

Dislike Instructions

Union Secretary Arthur Horner said that complaints about the "bureaucracy" of the Board seemed to derive from a dislike of "instructions from London." He said that the instructions themselves were more important than where they came from and he knew of no case in which the Board's orders had made the miners' conditions worse.

Lord Hyndley, Board chairman, blandly listened to all these statements, then assured the miners: "There are no two sides to the industry now."

Need Farm Help

TORONTO, July 13.—(CP).—The weekly crop report of the Ontario Agriculture Department Monday stressed the need for farm help to aid in harvesting the largest hay crop in the province's history. Agriculture Minister Kennedy said Monday night that at least 12,000 farm hands were needed immediately if the hay and other crops which are maturing rapidly are to be brought in.

Three Thousand Participate Marmora Walk

MARMORA, July 13.—(ENS).—Twenty-six lodges participated in the Centre Hastings County Orange celebration held at Marmora on Monday, under auspices of Nickle LOL 285.

A crowd estimated at 3,000 thronged the grounds of the Marmora Agricultural Society. In the venture, the catering lodge was assisted by ladies of Malone where the lodge is situated, sisters of Harmony LOBA 600 and brethren of Marmora LOL 319.

The hot dinner was patronized by over 1,200.

With the high temperature prevailing, the two large booths operated by the lodge practically sold out their large stock of soft drinks and ice cream. In addition, a refreshment booth was operated by LOL 319 with proceeds going to the vault fund.

Led by Frankford Pipe Band, lodges paraded the main streets of Marmora in the following order: Frankford LOL 240, Frankford LOBA 367, Benjamin LOL 274 (Belleville), Allen Settlement LOL 253, Queensboro LOBA 465, Queensboro LOL 437, Eldorado LOL 517, Flinton LOL 907, Hazzard's Corners LOL 1133, Harmony LOBA 600, Marmora JOL 34, Marmora LOL 319, Springbrook LOL 442, Tanner LOL 509, Madoc LOL 160, West Huntingdon LOL 300, Halloway LOL 251, Stirling LOBA 655, Downey LOL 524, Beulah LOL 435, Elliott LOL 392, Moneymore LOL 838, Bogart OL 1135, Tyendinaga LOL 295, Nickle LOL 285.

Interest centred in the lady lodges of Marmora and Stirling, members of which carried parasols. Each tied for the prize for best dressed ladies' lodge, while Frankford LOL 240 won the prize for best men's lodge.

A program of music and speeches in the afternoon was in charge of County Master Sam Twiddy. Between selections by Tweed Salvation Army Band, under Archie Sinclair, speeches were made by Past County Master W. J. Cottrell, Rev. Harold Young, Wor. Bro. J. Bentley of Benjamin Lodge, Belleville, and Rev. Geo. Nickle, who joined Nickle LOL 285 (the lodge named after his family) in 1881. Another old member of this lodge present on the grounds was Bro. William K. Long with 68 years' membership. He joined the Allen Settlement Lodge in 1880 and for 47 years has been a member of Nickle Lodge.

A softball tournament was also staged. Deloro defeated Cooper in the opening game by 11-8 and then defeated Queensboro by 12 to 8.

In the evening a dance was held in the exhibition building on the fair grounds.

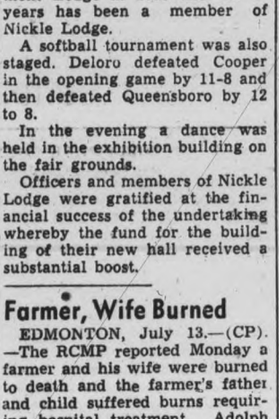
Officers and members of Nickle Lodge were gratified at the financial success of the undertaking whereby the fund for the building of their new hall received a substantial boost.

Farmer, Wife Burned

EDMONTON, July 13.—(CP).—The RCMP reported Monday a farmer and his wife were burned to death and the farmer's father and child suffered burns requiring hospital treatment. Adolph Wiethold, 44, farmer in the Fairview district, about 300 airmiles northwest of Edmonton, and his wife, Hilda, 41, died in the fire believed started when a pail of tar being heated on the kitchen stove caught fire.

Rap Fear Technique

TORONTO, July 13.—(CP).—Two of Great Britain's eminent cancer specialists Monday condemned the frighten-the-people method of making the public cancer-conscious. Lord Horder, physician-in-ordinary to His Majesty the King and vice-chairman of the British Empire cancer camupaign, said "the fear approach is all wrong—you should emphasize good health, and tell the people that when anything is wrong with them they should see their doctor about it." Sir Sanford Cade, radiotherapist and surgeon at Westminster Hospital, London, also denounced the fear technique.



THE BRITISH have all gone from Palestine. That is, all but this man who remained behind in Haifa to take charge of British interests. He is Cyril Marriot, the British Consul, who is now the only Briton with any official status left in the turbulent Holy Land.

LEWIS DOUGLAS (centre), U.S. Ambassador to Britain, and the Australian Prime Minister, Hon. J. B. Chifley (right) meet Gen. Lucius D. Clay, U.S. Military Commander in Germany, at Gen. Clay's home in Berlin, Germany, Monday, in a conference over the Berlin crisis.

New Uranium Field Discovered In West

OTTAWA, July 12.—(CP).— A uranium field has been discovered in Northern Saskatchewan and is the "most promising" find since the war-end, Trade Minister Howe disclosed today at a press conference. He said the Federal government was developing the new field, but gave no further details.

EARLY SMOKERS

Tobacco was first used by the early natives of the American continent. It was smoked in pipes and as cigars, and the Aztecs used nostril tubes for inhaling the smoke.

Strike Curbs Mail Services

OTTAWA, July 13 — (CP). — If a rail strike cuts off train services July 15, mail services will be "drastically curtailed," Postmaster-General Bertrand announced Monday.

Should a strike start, all mail services in Canada and to and from other countries will be suspended with these exceptions:

1. Ordinary correspondence up to one ounce in weight.
2. Air mail "in the nature of correspondence," without weight limit, prepaid at air mail rates.
3. Medicines including analyses, specimens and similar items prepaid at normal rates.

"The public is warned to take this possibility into consideration in making mailings before then of parcel post, publications, newspapers and printed matter," a department announcement said.

"Effective immediately, in cases where such mailings are made to points which cannot be reached before the strike deadline, they will be accepted only at the sender's risk. No prishables will be accepted.

Lindsay Gets A Victory From Ashby's

Lindsay lasses edged out Ashby's 4-2 last night at the Bowl in a nifty Girls' Softball League fixture, the only one of the evening A fair-sized crowd saw the show, rain coming later to wash out the second tilt. The win pulled Lindsay right up on the heels of CGE and Ashby's, who are fighting it out for third place in the standing. Lindsay earned the win with heads-up ball while Ashby errors came in the wrong spots in the tight tussle. Both twirlers threw five-hit ball while J. Bryan had eight strikeouts and B. Reid nine. Their backing was fairly even.

None of the winners had more than one safe hit, but M. Chase bashed out a four-bagger in the fourth heat to account for two runs. Nor did any of the losers get more than one hit, but D. Manley hit a homer with none aboard in the fourth. D. Callan, B. Reid, P. Graham and M. Chase looked best defensively in a tidy tussle.

The teams:

Lindsay: H. Deyell, 2b; P. Graham, 1b; D. Hunter, c; M. Chase, ss; M. Lucas, lf; A. McDonald, rf; J. Michael, rf; D. Wood, cf; M. Owen, 3b; J. Bryan, p.

Ashby's: D. Callan, rf; J. Reynolds, c; E. Simmons, 3b; B. Reid, p; G. Dracup, lf; D. Manley, ss; J. Dunk, 1b; D. Gilmour, 2b; B. Reynolds, cf; A. Ashby, cf.

Lindsay	000 200 110	4	5
Ashby's	000 100 010	2	5

Umpires, Quemby and Barrett.

BILL LAROCHELLE shows nifty style over the timbers in winning the 400 metres hurdles at the Canadian Championships and Olympic Trials, in Montreal recently. Jack Parry is the speedster winning the 200 metres finals in the centre picture. Jack Hutchins, leaps in a winner in the 800 metres classic. Larochelle and Parry are Western University prides. Hutchins hails from Vancouver.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Biggest lawn bowling event of the season in Central Ontario is here tomorrow. The Liftlock Gold Trophy doubles tournament, first draw at 9.15 a.m. and the second at 10.45 in the morn. Three 15-end games with a maximum plus of 15. In case of rain, two full games, completed in each draw will constitute a tournament. A penalty on all teams late starting when called upon to play. Clayton Smith's decisions are final. He is the drawmaker, while Bob Gamble is committee chairman, R. Knox secretary-treasurer, with J. D. Fitzpatrick, W. W. Jeffries and Harold Freeman other committee members. Some fine prizes up and a big entry from al over the place.

* * * * * *

Andy Lytle comments:: "It says in despatches that the House of Commons this week gravely considered the case of Joe Louis, who visited London and left again without collecting his full pay of $80,000 for some exhibitions. Sir Stafford Cripps, in reply to a request profered in the House by Edgar Granville, MP, reported that Louis has been granted permission to change part of his British earnings into dollars which can be sent overseas to him. Imagine this coming up in the mother of parliaments!" Well, lots sillier subjects have come up often in various houses and senates.

* * * * * *

Local Lacrosse Picture

Local senior "B" lacrossers are idle this week till Friday when Scarboro Grads come here. They have a couple of workouts in the meantime. Port Hope and the intermediate Petes play at nine tomorrow eve in Miller Bowl. Two midget melees there, starting at six, tonight: McGillis vs. Americans and Comstock's vs. Cavanagh's. And a juvenile joust at eight tonight: Comstock's vs. Queen's. More minor practices and one peewee tilt through the day Wednesday. Incidentally, the Petes are still the only unbeaten senior "B" squad on the road, as well as at home. It is a combination of class, condition and team spirit which is responsible.

* * * * * *

Two men's softball struggles slated for tonight at the Bowl d'Ashburnham, weather permitting. Comstock's clash with Knights at seven and the K. of C.-ers must win or else. Legion goes against the B-A bunch in the floodlight fixture. Three teams are all tied for top spot in this hot race, but Knights are trailing the field and just about out of the running—but still with a mathematical chance. And the games billed for over there on Thursday night are: Comstock's vs. Legion at seven, followed by Knights vs. B-A. Maybe a postponed tilt or two will be worked in this Saturday p.m. as the schedule winds up a week from Thursday.

* * * * * *

Lindsay Lasses Get It

Some good ball seen at the Bowl yester gloaming as Lindsay lasses edged out Ashby's 4-2. Five-hit hurling on each side and the same number of miscues by both teams, but Ashby errors hurt most in the tight tilt. B. Reid had nine strikeouts as J. Bryan fanned eight, while M. Chase and D. Manley clouted homers. Best fielding was shown by D. Callan, B. Reid, P. Graham and M. Chase. Lindsay is making a bid now for third place, presently held by Ashby's, back of Marines and the top-place Westclox. While Woollens, Lakefield and Lock Co. trail the field. Rain halted the second fray last p.m. Games tomorrow: Lock Co. vs. Ashby's at seven, and Lakefield vs. Woollens.

* * * * * *

A junior Lakeshore League baseball fixture tomorrow eve at 6.15 in Riverside, Cobourg vs. the local Kinsmen, and it ought to be right interesting. Saturday p.m. sees Oshawa Hunters and Kinsmen here. The senior Petes go to Belleville tonight and again Thursday, as well as playing in Kingston tomorrow evening. Some juniors will play Wednesday for them. And Canisius College of Buffalo comes Saturday for an exhibition with the men o' Murphy. West and east midgets go tonight at Riverside as south and east bantams mix at the Ex. Tomorrow, Crawford's Grove plays the south peewees down there. Last twilight in Riverside, Dormer pitched East City juves to a 9-5 win o'er the north-west squad.

* * * * * *

On To Olympic Games

Strange cargoes are pouring into Britain now, an Olympic item states. Including 200 horses, 100 rowing boats, 50 yachts, hundreds of fencing foils, firearms, 400 cycles, etc. More than 5,000 competitors from 61 countries will go in the 17 events of the 14th Olympiad being held in London from July 29 to Aug. 14. A third of the competing teams will bring their own food, but all athletes will be allowed the highest possible English rations. Some 200,000 Olympic visitors are expected from various countries and will pay from $12 in a first-class hotel to $2 for bed and breakfast in private houses. The overall cost of the Games is estimated at $1,600,000, with all athletes paying their own way. A big project, eh?

* * * * * *

UP AND DOWN SPORTS' RIALTO: A soccer executive meeting at 7.30 in the "Y" tonight....Sorry to hear Pete McArthur, likeable manager of Marines' men cagers, is laid up in Civic Hospital....A peewee lacrosse game at two tomorrow, Buffalos vs. Petes....Thursday tilts: Tadpole Rockets vs. Spitfires at 10, Tigers peewees vs. Buffalos at 11, and Petes peewees vs. Lions at one p.m.....And Friday has Rockets vs. Spitfires at 11 in a tadpole go, as Lions and Tigers peewees play....Bowmanville beat Oshawa Hunters 15-14 and the Motor City juniors are protesting on a ground rule....The Oshawa juvenile Cabbies nosed out Cobourg Kiwanis....Ken Colling is visiting up around Bancroft now ....Another two weeks and there'll be a lot of playoffs breaking out locally....And that wraps it up this warm afternoon.

Stanley Moher Of Douro Sports Editor

Stanley Moher, sports editor of The Edmonton Bulletin, was born in Douro, and is a son of a former reeve of Douro and county warden, Frank Moher.

A message from the publisher of The Bulletin, printed in that paper at the time of his appointment to the sports desk, says:

"He is one of the few athletes who went from the athletic fields and arenas to the sports pages. His reports have authority because he has played the games he writes about."

"Stocky, with twinkling eyes, Stan is a personable fellow. Some people say he looks like Spencer Tracy, others think he looks like Bill Corum, New York sports writer and radiocaster."

"He was born in Peterborough but has lived in Edmonton more than 30 years. He went to Camrose Normal and University of Alberta. He is married and has three children."

"In sports, he played senior hockey with such clubs as Imperials, Forty-Niners and Superiors. He coached the Edmonton Athletic Club juniors to the western finals in 1938."

"For six years thereafter he was coach of the University of Alberta hockey, as well as acting director of athletics."

"He was second baseman on the Army and Navy Cubs, Western Canada champions in 1934. He played senior ball with the Chevrolet Cubs."

"He was the Western Canada junior titlist in tennis in 1927 and was number two ranking senior in Edmonton at one time. He was co-holder with the late Gene Carrigan of the city doubles tennis crown."

"He is a good golfer and is presently the secretary of the Alberta Golf Association. Besides all this, he was a member of the Granite Curling Club and president of the Edmonton Athletic Club."

"So Stan knows his P's and Q's about sports. . . ."

LAWN BOWLING

By HERB MARTIN

On this, the eve of one of the biggest day's bowling ever sponsored by the local club, we are hoping that it will be a fine day Everything depends on that.

The committee in charge of this big doubles tournament has gone all out, in every detail, to make this a big success. They are asking the closest co-operation from local members. They are extending a special invitation to all citizens to motor out to the bowling greens any time on Wednesday and see some of the finest and best lawn bowlers in the province. It is going to be one of the outstanding sporting events of the season.

And to our many visitors who are coming from all parts of Ontario to spend the day with us, we say:

Come in the evening; come in the morning,
Come when expected or come without warning,
Thousands of welcomes you'll find here before you
And the oftener you come, the more we'll adore you.

The downpour that came around 9.00 o'clock last evening called a halt on Monday night's bowling.

And just a last-minute reminder. You can still buy tickets for the big draw that takes place on the bowling greens at 8 o'clock Wednesday evening. Be sure and deposit your stubs in the box placed in the club house.

Cricket Impossible After Some Showers

MANCHESTER, Eng., July 13 —(Reuters) — Intermittent rain and an extremely wet wicket made play impossible before lunch today, final day of the third test match between England and Australia.

This morning England declared her second innings closed at Saturday's total of 174 for three wickets. In the first innings of the match at Old Trafford Grounds, England made 363 to which Australia replied with 221.

After hopes of a start on time proved vain, the wicket was inspected at noon, but no start could be made. An hour later it was decided there could be no play before lunch.

With rain falling intermittently during the morning, the ground staff worked hard on the wet pitch, trying to get it into condition. Sawdust was used liberally particularly on the bowler's footholds, and wet patches were dried with blankets.

East Takes One

East City juvenlies defeated the north-west squad 9-5 in a City Baseball League fixture at Riverside last night. The winners were rolling up the count when the game was called, the score reverting back to the sixth. Dormer hurled six hit ball for the east crew, fanning six and walking three. Hill, Langhorne and Wyatt each had two hits for the Turner team and McGillen hit a double Nichols led the losers with a homer and single in three. The teams:

East: Plumpton, 3b; Casey, ss, Hill, 2b; Swanston, c; Langhorne cf; Wyatt, 1b; McGillen, lf; Welch, rf; Dormer, p.

North-west: Manbeck, lf; Bradley, cf; Buckton, 1b; Carveth, c, Wilson, 3b; Johnston, rf; Morgan, 2b; Craig, ss; Nichols, p.

East	025 011	9	12 4
North-west	012 101	5	6 4

Umpires, Billingsley and Heffernan.

HERE AND THERE IN SPORTS

BY CANADIAN PRESS

George M. Trautman, president of the Association of Minor Baseball Leagues, announced Monday at St. Louis that the Leagues had contributed $10,000 to help pay expenses of United States Olympic teams going to Britain.

Two Canadian teams from the International Baseball League — Montreal Royals and Toronto Maple Leafs—also chipped in. They donated proceeds of one game to help the US Olympic Athletes.

Twenty of the world's foremost chess players, representing 11 countries, will begin a tournament in Stockholm Wednesday to select five prospective challengers for the world title held by Russia's Mikhail Botvinnik. The group includes Abe Yanofsky of Winnipeg, young Canadian chess master who placed among the top 10 in the recent international tournament in Czechoslovakia.

Battling Nelson is still a tough man to count out. The Bat, world famous lightweight boxing champion, now 66, walked out of a Chicago hospital Monday after a five-day bout with pneumonia. "I'm feeling fine—could have left a couple of days ago," declared the little man.

Stan Musial, National Baseball League batting leader, is slipping. The St. Louis clouter is hitting only .403—seven points below his mark a week ago. His nearest rival is rookie Richie Ashburn of Philadelphia Phillies with a .350. Third in the batting derby is Andy Pafko of Chicago Cubs with .342.

Boston's Ted Williams improved his pace-setting in the American League batting race last week with a two-point climb to .388. This gives him a 33-point margin over runner-up Lou Boudreau, Cleveland's manager - shortstop, who slipped five points to .355. Al Barilla of St. Louis was third with .332.

Cleveland Indians have signed Alonza Smith, Negro outfielder of the Cleveland Buckeyes, and are sending him to their Wilkes-Barre, Pa., farm club of the Eastern League, President Bill Veeck of the Indians said Monday at St. Louis. Smith will join second Negro on the roster at Wilkes-Barre, Fred Thomas of Windsor.

Remember When . . .

By The Canadian Press

Bobby Jones—with the British Open and Amateur titles safely tucked away—clinched the United States Open with a 40-foot putt 18 years ago today. Two months later the great shotmaker won the United States Amateur, giving him golf's "grand slam."

BC Golfers Win Willingdon Cup; Beat Old Record

By FRASER MACDOUGALL

HAMILTON, July 13 (CP). — Five days of match play for the Canadian amateur golf championship opened to-day over the nearby Ancaster course, but even the most dazzling performances won't dim the lustre of British Columbia's rousing victories on Monday in the inter-provincial team match and the Canadian junior championship.

The British Columbians won the Willingdon Trophy in the four-man team championship with a record-breaking score of 578 over 36 holes of medal play. They beat the old record, set by Ontario in 1939, by five strokes. And they had a 12-stroke margin over the Ontario team, 1947 titleholders.

Standing out in the brilliant team display, Jim Robertson of Vancouver put together two rounds of 69, each one under par, for a 138. It was the low individual medal score of the day and the lowest ever scored in the Willingdon Cup competition. The previous record of 139 was scored by Maurice Hodgson of Montreal over this same Ancaster course 21 years ago.

Nineteen-year-old Bill Mawhinney of Vancouver, British Columbia junior champion, caught fire just as much as his elders. He set a Canadian junior championship record with the 147 which gave him a one-stroke victory over Bob Fair of Toronto. Fair's 148 tied the previous record set last year by Gerry Keselring of Kitchener.

Golf Thriller

Robertson's performance was a golf thriller. The 33-year-old food salesman cracked his drives long and straight down Ancaster's long and tortuous fairways. He was complete master of the greens, a bugbear to many other competitors. He putted 31 times on each round and sank a tough 15-footer on the final green to set his second 69.

He got solid backing from the other members of the BC team. Walter McElroy recovered from a shaky first nine where he had a 38 to shoot a par 35 on the second. Hugh Morrison, who also had a poor start with a 40 on the first nine got back on his game and wound up with a 36-hole total of 148

Rudy Horvath from Windsor was the top man on the second-place Ontario team. The insurance salesman turned in a 144, with a 69 in the second round after a shaky 75 in the first.

Civic Softball

Grafton's edged Shell Oil 6-5 in a tight Civic Softball League encounter to strengthen their loop lead. Killenbeck for Shell and Hall for Grafton's pitched tight ball to scatter their hits and both sides fielded well. Lloyd Livingston's homer was a feature at bat while Godfrey, McGillis, Conroy, Killenback, Ferguson and Pagett all went goo d afield. The teams:

Grafton's—Livingston, c; Hall, p; Godfrey, 1b; Sheehy, 2b; Jamieson, ss; Conroy, 3b; Lake, lf; Taylor, rf; Lewis, lf; McGillis, cf; Wilson, rf.

Bell Telephone beat Post Office, 14-8 at Armour Field. A great catch by Scott of Bell in right with the bases loaded was a feature. Harrison of Bell pitched steady ball, as Wallwork and Bennett toiled for the Posties. The teams:

Bell—James, 1b; Ackford, 3b; Gillespie, 1b; Raynor, ss; Scott, rf; Thomas, cf; Pinney, 2b; Wood, c; Harrison, p.

Posties— Millard, lf; Goselin, 3b; Thirnbeck, 1b; Moore, ss; Maher, rf; Scott, cf; Cournyea, 2b; Kiff, c; Wallwork, p; Bennett, p.

LOUIS AND WALCOTT didn't put as much enthusiasm into their boxing as these two friendly pugilists, Bob Gignac (left) and Alex Quinlan, before a gathering of fellow campers at the Ontario Society for Crippled Children Woodeden Camp, near London.

Williams Drops Beau Jack In Sixth Round

PHILADELPHIA, July 13 (AP) —Ike Williams finally found an opponent who didn't know what it meant to backtrack and the string-bean kid from Trenton, N.J., used him as a medium to prove he's a great lightweight champion.

Williams caved in Beau Jack, windmill-swinging, Augusta, Ga., boxer who sought to make boxing history by becoming the first fighter ever to win the same title three times.

Cool and collected, Williams weathered an early flurry of blows by the perpetual motion Jack and then went to work. It took him only 33 seconds of the sixth round to flatten the challenger.

The Shibe Park gathering sensed from the opening bell that this scheduled 15-rounder would never go the route. The ever-advancing Jack swarmed all over the champion. But Williams, jabbing and counter-punching, simply waited patiently for an opening.

In the sixth, Williams caught Jack with a left hook and, battering him with countless rights and lefts, pinned the former champion against the ropes. Ike looked to referee Charley Daggert to stop it but he said no.

"Keep fighting, Ike," shouted Daggert above the tumult of the crowd.

Jack wanted to fall but he couldn't and finally Daggert stepped in and called a halt. Williams had a technical knockout victory.

IRENE STRONG, PRETTY Victoria, B.C., natator who was voted the outstanding competitor in the recent swim trials at Verdun, Que. Chosen for Canada's Olympic team, the Western Miss toppled three provincial records during the two-day meet.

Syracuse Chiefs Down Bears 5-4

By The Associated Press

Syracuse Chiefs may have another Dixie Howell in Frank Fanovich, rookie left-handed pitcher up from Watertown of the border league.

Howell, right-handed ace of the Chief mound staff, is one of the best hitting pitchers in the International league and Fanovich is showing signs of emulating him.

The 24-year-old lefthander pitched and helped bat the Chiefs to their first victory of the season over Newark Bears 5-4, Monday night.

The contest was the only one played in the circuit but two of the teams, Buffalo Bisons and Montreal Royals played exhibition games.

A crowd of 17,809 fans watched the league-leading Royals outslug the parent Brooklyn Dodgers 15-8 in Montreal.

The Bisons were beaten 8-3 by the New York Giants at Buffalo before 8,878 fans.

First Award Winner

TORONTO, July 13 — (CP). — J. R. M. Williams of Shanty Bay, Ont., is the first winner of the University of Toronto's recently established Men of Trees award, the University announced Monday. The award is made annually to the student submitting the best essay on a prescribed subject dealing with forestry.

Gable Rejects Publisher's Memoirs' Offer

By BOB THOMAS

HOLLYWOOD, July 13 (AP). — Judy Garland will play Sarah Bernhardt. But it's only to be a short sequence in a musical film.

Before you start thinking that Judy is getting over her hard in trying to portray the great Bernhardt, I hasten to add that it is merely a dramatic sketch within "The Barkleys of Broadway." During the rest of the picture she will be singing and dancing with Fred Astaire.

Dan Dailey's rapid rise has resulted in a new contract from 20th-Fox. It triples his previous salary, he told me on the "Chicken Every Sunday" set. It's a seven-year past with two year options.

"The Secret Land" will prove one of the most exciting films of the year. It has no big-name stars — just the 4,000 men of post-war Antarctica Expedition, plus some wonderful penguins for comic relief. Narrated by Bob Taylor, Bob Montgomery and Van Heflin, it shows all the thrills of Admiral Byrd's latest adventure into the world's last unknown continent.

Charles Bickford is celebrating his 20th year in the movies. He started in "Dynamite" . . . Van Johnson, who sees four or five picture a week, will be able to do it at home soon. He's building a projection room onto his house.

Clark Gable, before he left for Eugope, turned down a publisher's offer for Clark's war memoirs. The actor said his war experiences were too too, compared to a lot of guys' . . .

Montreal Whips Dodgers 15-8

NEW YORK, July 13 (AP). — The annual all-star game usually means three days off for players not selected for either the National or American league squads but that isn't the case this year.

Monday, first of the three idle days for big league clubs, saw seven major league teams engaged in exhibition games.

With the exception of a game between St. Louis Browns and Philadelphia Phillies at Cooperstown, N.Y., all of the contests took place at night. At Cooperstown, the Browns won a battle of homers from the Phils, 7-5.

Brooklyn Dodgers were trounced 15-8 by their Montreal International league farm hands before 17,809 booing fans at Montreal. Fans objected when Jackie Robinson was benched early in the game.

Pittsburgh's Pirates also were defeated, 5-1, by their Indianapolis farm club of the American Association at Indianapolis. At Buffalo, New York Giants, led by Clint Hartung and Les Layton who hit homers, downed the Buffalo Bisons of the International league, 8-3.

Philadelphia Athletics blanked Wilmington Insterstate league Blue Rocks 3-0 at Wilmington Del. Cleveland's American league-leading Indians trounced their Dayton Central league farm team 16-4 at Dayton, O.

Peewee Petes Win

Petes beat Lions 9-4 in a peewee lacrosse game. Bud McDougall had four goals and an assist for the winners while D. Leach got two markers and three assists, R. Jay and N. Johnston also going well. For Lions, Sam Langan and the two Sutherlands, Jim and Dan, were best. Neil Cournyea and Clem Woodcock worked hard all through. Teams:

Lions: Perry, J. Sutherland, Keeting, D. Sutherland, Cournyea Woodcock, Heard, Chambers Morgan, Langana and Pearl.

Petes: C. Simmons, Best, Leach, McDougall, Johnston, Phillips Robins, G. Simmons, Brooks and R. Jay.

WORMWOOD A TONIC

Wormwood, one of the chief ingredients that goes into absinthe is used as a tonic.

American League Crippled Before Big All-Star Game

By JOE REICHLER.

ST. LOUIS, July 13 (AP). — The National League had everything to lose and little to gain to-day as it squared off against the American League in the 15th annual all-star baseball game.

A victory over the battered and under-manned American League outfit is imperative or the Nationals will lose a load of prestige. This is the one the senior circuit men, who have suffered 10 pastings in 14 outings, must win.

The odds have dropped from 11-20 for the American League to almost even money.

The proud American Leaguers, seeking their third straight, were minus their "big four," consisting of sluggers Ted Williams and Joe DiMaggio and ace pitchers Hal Newhouser and Bob Feller. In addition, George Kell selected as the league's No. 1 third baseman, was stricken as a starter.

Replace Outfielders

Tomy Henrich of New York and Hoot Evers of Detroit were selected by Manager Bucky Harris to replace his two sterling outfielders. Harris was undevided between Vic Raschi or Joe Page as his starting pitcher.

Originally Newhouser, Detroit Tigers' great left-hander, was slated to get the starting nod. Hal, however, reported he was suffering from bursitis, and could not pitch. Feller, although hale and hearty, bowed out and was replaced by Joe Dobson of Boston.

The biggest blow suffered by the Americal Leaguers was the loss of Williams. The Red Sox power hitter who is still in terrific pain with a torn cartilage in his left side, positively will see no action.

DiMaggio has been troubled by a swollen left knee and may be used as a pinch hitter only. Kell, with a swollen ankle, may see action in the latter part of the game.

In sharp contrast, Leo Durocher's National Leaguers, with one exception, are in fine shape. Only Red Scheondienst of St. Louis Cardinals, who replaced the injured Ed Stanky at second in the fan's 'first team," is a doubtful starter. He has a sore shoulder. If he cannot start, Billy Rigney of New York Giants will replace him.

No Excuses

Players' representative Dixie Walker said the players themselves were going to take action against those purposely evading all-star participation and Commissioner A. B. Chandler declared that "in the future the player selected to the all-star teams will be there."

"We have had some straight talk," said the baseball commissioner. "Hereafter only incapacitated players will be allowed to withdraw from the all-star game."

Walker made public a letter written to him by Bucky Walters, player representative of the Cincinnati Reds, who stated that the entire Cincinnati team had gone on record deploring the sad situation which resulted from certain players refusing to appear in the game.

The resentment did not concern players like Newhouser, Williams DiMaggio, Kell and Stanky. The targets of 2the bitterness were Feller and Marty Marion, who offered what were termed weak alibis for "Ducking" the game.

45 Weather Reporting Stations Give New Knowledge Of North

OTTAWA, July 13 (CP). — Scattered across the wide, wild Canadian Arctic are two-score weather-reporting stations playing a big part in the rapid expansion of northern knowledge.

Daily reports from the highly-trained experts at these lonely outposts contribute to the world's growing understanding of weather.

They have still another task. Although the first stations were set up long before anyone dreamed Arctic warfare, the discoveries and experiences of these men now are a part of the constant search for facts which would be vital in another world conflict.

Shrouded in deepest secrecy are the small number of stations —at least four—operated jointly by Canada and the United States. They are the first of a network of nine which the two countries will operate together. Two more are to be established next year.

Have 45 Stations

The Federal Transport Department now operates some 45 stations in the Yukon and Northwest Territories, including about eight on the remote Arctic islands.

Detailed reports are radioed daily from as far west as Aklavik, N.W.T., and as far east as Resolution Island, at the eastern end of Hudson Strait. Northernmost Canadian outpost is Arctic Bay, 1,000 miles south of the Pole and farther north than the magnetic Pole.

General development of the north was improved conditions at the faraway stations, most of which have four employees — weather experts and radio operators. But life for them still is bleak and monotonous.

Some of the Canadian stations report only "surface weather"—pressure, temperature, humidity, precipitation, visibility, wind, cloud types, amounts and neights. Others, notably in the most isolated areas, also use radiosonde, a sensitive instrument which soars up to 10 miles, recording the weather aloft.

A radiosonde is a small radio-transmitter to which are attached instruments for recording temperature, pressure and humidity. It is slung beneath a hydrogen-filled balloon.

PAUL H. SERSON, Dominion Observatory official, is in charge of the Arctic survey in search of the North Magnetic Pole.

Dublin Likes Play Written By Coulter

DUBLIN, July 13 — (CP) — "The Drums Are Out," a play by John Coulter of Toronto, opened to a packed and appreciative house in the famed Abbey Theatre Monday night.

Playgoers generally found the melodrama which tells the story of "trouble" in Belfast in the early 1920s, exciting entertainment.

Critics generally were friendly. Ben Keily wrote in the Irish Independent: "The play is harmless, popular fare providing laughs and some thrills for the audience but little opportunity for the actors."

Tom Mulloy of the Irish Press called the play "fine entertainment."

Seamus Kelly of the Irish Times wrote:

"Coulter is worthy of congratulation for writing a well-constructed play with good dialogue and excellent characterization..."

More Rain-Making

OTTAWA, July 13.—(CP). — One phase of the government's airborne rain-making tests, scheduled to start soon, will bee at Suffield, near Medicine Hat, Alta. The other half of Canada's first large-scale attempt to make rain will be used in each case—one to drop ice pellets into clouds, the other to observe the results.

SHORTS, SHIRTS, SWEATERS and pigtails are the order of the day when members of the cast of Midland Summer Theatre hold one of their "early morning" outdoor rehearsals at the Georgian Bay town. Director Jack Blacklock (left) is tacher of dramatics at Forest Hill Collegiate Institute.

Red Cross Pins Given Women

HASTINGS, July 13 — (ENS) —There were 16 members present along with the Rev. and Mrs. Mullins of Warkworth when the Presbyterian Ladies' Aid group met at the home of Mrs. W. E. Wilson on Thursday afternoon for their monthly meeting.

The business discussion centred about the sale of home cooking on Saturday, July 17, at Mrs. Johnston's home and the quilts that are on order. It was decided to hold a quilting the last week of July in the church basement.

Mrs. K. E. Wilson presented the members with their Red Cross pins as a reward for their faithful war work.

The hostess, assisted by Mrs. C. Dodd, Mrs. R. Johnston and Mrs. W. S. Fife, served lunch.

Bitten By Dog

While attempting to pass two dogs that were fighting on the verandah of her home on Front St., nine-year-old Marie Quinlan was bitten on the hand.

Dr. William Smith was called, but it proved only a minor injury.

Catches Bass

Mrs. Fred Fritts of Barkerton, Ohio, who comes every year to Hastings and stops at Mrs. Rita Johnston's Grandview Camp, caught a 18½-inch bass early Friday morning in the Trent River off the camp.

In the boat with Mrs. Fritts was her sister-in-law, Mrs. Bill Fritts of Barkerton, Ohio.

Purchase Drug Store

Mr. and Mrs. Wm. Jones have moved to Hastings from Grand Rapids and have taken over Radcliff's drug store on Front St.

They have two small children, Rickie, 21 months, and David, 8 months.

Engagement Announced

The engagement has been announced of Katherine Cecelia, daughter of Mr. and Mrs. Richard Kellcher, Hastings, to Thomas John, son of Mr. George Turpin and the late Mrs. Katherine Turpin of Cobourg.

Wedding to take place the latter part of July in Our Lady of Mount Carmel Church, Hastings.

Name Omitted

In the school report for Hastings Separate School Patricia Quinlan, who passed from grade VII to VIII and stood third with a B grading, was omitted.

TWO VAGRANCY CHARGES against her having been dismissed in the New York women's court, Mrs. Nancy Fletcher Choremi is shown waiting decision of a morals charge. This allegedly involved tapping of telephone wires in the apartment of Mrs. Choremi, who is the daughter of a member of the US diplomatic service overseas.

Sugar Dan Morrison Prisoner Minus Prison Too Crowded For Him, So He Goes Free

SYDNEY, N.S., July 13—(CP) —Daniel (Sugar Dan) Morrison, 38, appears to be a prisoner without a prison.

Dorchester penitentiary and Cape Breton county jail are engaged in a game of "I don't want him; you can have him," and as a result Morrison is a free man, for the time being.

Sentenced to four years in Dorchester for robbery, Morrison was refused admission to the New Brunswick prison last month on the grounds he was a tubercular.

He was returned to county jail here. On instructions from the attorney-general's department in Halifax, he was sent back to Dorchester during the week-end.

Jailer Neil Urquhart delivered Morrison to Dorchester and went to a restaurant to eat before driving home. Just outside Dorchester he spotted a hitch-hiker.

It was Morrison, refused admittance a second time. And there's no room in the overcrowded jail for him here.

Sugar Dan was walking the streets today. There didn't seem to be any concern shown about it and Sugar Dan stayed in town.

Toronto Scouts Give Flag To Orono Park

MILLBROOK, July 13—(ENS) —A picnic outing was held at the Memorial Park, Orono, on Thursday afternoon by the Women's Association of St. Andrew's United Church. A chartered bus brought about 40 members. A number also came by car. There was swimming in the municipal pool and games of various kinds.

Tables were laid for the picnic supper. President Mrs. A. R. Payne, with a group of workers, were in charge of eating arrangements. Picnickers enjoyed a stroll through the lovely grounds of the Forestry Station.

A softball game between the girls' teams of Orono and Courtice, provided entertainmfent and interest.

A part of the park each year is used by a Boy Scout troop from Toronto, who camp for two weeks. On Thursday evening, the troop, under their officers, gathered at the athletic field and presented a large Union Jack to members of the park committee, Charles Miller, John Armstrong and Percy Lunn. Thanks were extended to the scoutmaster, who carried through the ceremony with formal ritual.

Man Invades Home Fires Five Shots

WINDSOR, July 13 — (CP) — Police said James McDonald, 62, of Toronto, late Monday night ran into the East Windsor home of Mrs. Rosie Stutz and fired five shots at point blank range at the woman and her daughters, Edna and Rosie. All shots missed.

Officers found McDonald lying on a bedroom floor in the house. They said he clutched a .38-calibre revolver in his right hand.

Detective Chris Paget disarmed the man and arrested him.

Appointed Secretary

FORT WILLIAM, July 13.—(CP).—Donald M. Hueston, 22, of Fort William, has been appointed national executive secretary of the Young Progressive Conservatives of Canada. Mr. Hueston has been a reporter for the Fort William Times-Journal since 1946.

Bethany News

Wilbur Staples, Islington, has spent the past week with Mr. L. H. Staples.

Mr. and Mrs. Howard Lawlor and Bonnie, Peterborough, visited with Mr. and Mrs. Ross Carr on Wednesday.

Mr. George Smith is visiting in Cobourg.

Dogs In Emily Must Be Tagged

OMEMEE, July 13—(ENS)—Sheep-killing dogs have cost Emily township more than $700 this year, and township council decided last week to increase dog taxes and to furnish tags for all dogs taxed. Any dog found straying without a tag may be shot, council declared.

Dog tax will be increased from $2 to $3 for one male dog, and $5 for each additional male; for each female dog the tax goes up from $4 to $5 where only one is kept, and $5 for each additional female dog. Female dogs which have been spayed will be taxed the same as males.

Tenders will be called for a diesel powered motor grader with snow-plow equiment. The reeve was instructed to procure pains for housing township machinery, and to advertise for construction. Road superintendent's accounts of $1,225.69 are approved and ordered paid, by council.

A letter was received from Toronto General Hospital informing council of the admission of a resident of Emily who claims to be an indigent. The clerk was instructed to admit residence, but deny liability.

Miscellaneous accounts ordered paid were: Fence viewers' fees of $2 each to John Windrim, Stanley McCall and Robert Skuce; $23.28 to the Municipal World for supplies; $5.30 to the Lindsay Post for stationery; and $150 to David Weir for second quarter's salary.

THEY'RE REALLY SEEDS

Brazil nuts are the seeds of a large tree which grows throughout tropical America.

Minesweeper Sank Raider

LONDON, July 13 (Reuters).—The Admiralty today published the story of "almost miraculous" war-time naval engagement in which the 650-ton Indian minesweeper Bengal sank a 10,439-ton Japanese armed raider.

The Bengal, escorting the Dutch oil tanker Ondina in the Indian Ocean in November, 1942, sighted two Japanese armed raiders, one of more than 10,000 tons and the other of 8,000 tons.

The minesweeper ordered the tanker to act independently and headed for the largest Japanese raider.

During the engagement, more than 200 shells were fired at the Bengal from the two Japanese warships, each of which fired broadsides of four six-inch guns while the Bengal had only one 12-pounded with 40 rounds of ammunition.

Not one crew member of the Bengal was injured, while a hit she scored on the Japanese vessel caused huge explosions after which the ship disappeared.

The Bengal escaped and the Ondina, although badly damaged, was brought safely back to Freemantle, Australia.

BLACKHEADS
go quickly by a simple method that dissolves them. Get two ounces of peroxine powder from your druggist, apply with a hot, wet cloth gently over the blackheads—and you will wonder where they have gone.

VOL. XCVIII, No. 10 TUESDAY, JULY 13, 1948

Regulate Hours Of Gasoline Sale By Bylaw

By a vote of six to two, the contentiious service station bylaw passed in all its reading at a special meeting of the city council Monday evening.

This is a bylaw to regulate the hours during which retail gasoline outlets may remain open to serve the public. Forty-two of the 49 service station operators in the city had signed the petition asking for such an ordnance.

Acting Mayor Swanston presided and Aldermen Grant Miller and Dodds moved that the bylaw be given second reading. Mayor Ovens and Alerman Sands were absent.

The Bylaw was read clause by clause on second reading and Aldermen Patrick Anglesey and Douglas Miller opposed every clause. Those supporting the measure were Aldermen Grant Miller, Young, Waddell, Raine, Armstrong and Swanston. At that time Alderman Dodds was in the chair.

States Stand

Following reading of the first clause Alderman Anglesey said: "As chairman of the tourist committee I have opposed this bylaw from the start. I doubt if what I have to say now will have any effect on the action of the council, but you should know that I have contacted three operators who signed the petition and they claimed they would not sign against until 24 hour service was given tourists."

This is a last minute objection. If these operators were serious in their objections, they had plenty of time to make their wishes known," Alderman Swanston replied.

Penalty Up to $50

Answering a question from Alderman Doug Miller, city solicitor Wilfrid Huycke said the penalty on summary conviction for an offence under this bylaw was $50 and costs. "This is the maximum amount. The magistrate can fine an operator anything from $5 up."

Aldermen Grant Miller and Armstrong moved the third reading of the bylaw and it passed on the same divisions 6 to 2.

A letter was read from Harry Tudhope on behalf of the Garage Operator's Association, and representing the 42 operators of retail gasoline outlets, several of whom are not members of the Association. This letter was written in reply to one from City Clerk E. A. Outram asking for clarification of the clause dealing with "Emergency Towing Service."

The letter says in part: "You will notice that this clause specifically states 365 consecutive days prior to April 1, 1948. This does not imply that anyone now opening 24 hours daily can automatically qualify."

"Emergency road service as such requires proper towing facilities, the availability of a qualified Class A mechanic with necessary tools, all of which enable the vehicle operator to proceed on his journey in the shortest possible time."

Cases may arise where it is impossible to complete repairs on an emergency basis, such as collision damage and major mechanical breakdowns. In these circumstances the operation merely consists of a breakdown truck towing the vehicle to a safe place once clearance (in the case of collision) has been given by police. This type of service comes under the heading of towing service and is the prerogative of anyone operating a breakdown truck."

Emergency service does not mean just the sale of gasoline and an emergency service outlet cannot keep gasoline pumps lighted and open for business after the closing time indicated in the bylaw. Sale of gasoline in any emergency after closing hours must be made from a container and gasoline cannot be pumped from the pump direct to a car or truck."

"The bylaw becomes effective July 21, a week from next Wednesday.

IDEAL WEATHER and a big crowd greeted Orangemen at Cobourg, celebrating the 258th anniversary of the Battle of the Boyne. Crowds thronged the downtown section of the town from early morning until late at night, as the gay notes of fifes and the rumble of drums echoed through the streets. At Left, Arthur McMahon, Cobourg parade marshal, makes a turn on a white charger. Top Centre, Victoria Lodge, Lindsay, No. 356, with white umbrellas. Lower Centre, Queen Mary No. 97, Peterborough, and Watch Tower Lodge fife and drum band. This band took second prize in band competitions. At Right, Miss Margaret Law, Oshawa, gave the parade a college touch with her smart drum majorette costume and high steppinfg. She is with the Oshawa ladies' flute band.

Tenant Shacks In Southend Council Is Told

A genial taxpayer, Jack Hodson, 133 Perry St., came before the City Council Monday night with two complaints, and while he gave the members several chuckles, there was no denying the fact that he was quite dissatisfied with existing conditions in the south end of the city.

Mr. Hodson said he represented a deputation which had waited on the council some time before asking that no person be allowed to tenant garages or shacks in the area bounded by Lock and Park streets and south of Lansdowne.

Acting Mayor Swanston who was chairman of the finance committee read a report from the Sanitary Inspector covering three sheds all of which had been occupied but which were now vacant. He also described a building 20 x 20 at 10 Chester street which was occupied, but no sanitary conditions existed.

Asked For No Permission

At this point Mr. Hodson interrupted: "That's a fine report, but we asked that no permission be given to tenant garages or shacks. In the dwelling in question, the chimney is unsafe. They had a fire because the stovepipe runs through the shed roof. There is something fishy about this whole business. This man is trying to beat the council. The building inspector told me his hands are tied. The women keep bothering me about this man being permitted to occupy such a building, so I just came up to bother you."

Alderman Grant Miller: "This man is entitled to an explanation."

Mr. Hodson: "I have five lots on McKellar street and I can't build houses in that area if you permit other people to put up shacks. If shacks are permissible, that's fine. I can throw them up too.

Answer Promised

Chairman Swanston assured Mr. Hodson that a satisfactory answer would be ready soon.

"That's just fine," was the reply. "But I have another complaint, too."

"Down at Point St. Charles we have a park. I call it my park because I look after it. Hundreds of people use this park. There are three tables, three benches, and one of them broken. The tables are so heavy they can't be moved, and the women have no place to sit down. There are no toilets. I think in a city the size of Peterborough it should not be difficult to get a toilet put in. A park without a toilet is not a park, and the youngsters have converted my garden into one."

Mr. Hodson explained he thought the parks committee should get a few more benches down into that place, and he suggested it would be a good idea to have a few waste containers spread around too.

"I was up at Orillia with the Brinton picnic last Saturday and you should see the lovely park they have up there, lots of tables, benches, waste containers and good toilets, too."

Mr. Hodson was assured the request regarding the park would get consideration.

"Well, that's all gentlemen. I'll be back next Monday night," was the parting shot from the smiling complainant.

After Mr. Hodson had departed, Alderman Raine and Young moved that the building inspector be requested to report on the house at 10 Chester street, and the report is to be ready for Monday night's council meeting.

Mr. Hodson's request for tables and benches was referred to the Parks committee.

Mother Bear Stalks Cabin; Cub A Captive

BANCROFT, July 13.—(ENS).—Bill Jeffrey, 53-year-old veteran woodsman was trapped by a bear in his cabin at the fire tower in Cardiff township, Haliburton county, 18 miles northwest of Bancroft.

He went early today to get a pail of water at a spring and returned to find a baby bear in his hut with its head in a honey pail. He released the club's head and tied it up, but then the mother bear started stalking round and round the cabin.

Mr. Jeffrey, alone and without a gun had to wait for the bear to grow tired and go away. He reported his plight by rangers' telephone to the Bancroft police of the Department of Lands and Forests.

16 Kitties Stolen From Bowling Club On Eve Of Big Tourna ment Play

Here, kitty, kitty, kitty, who's got the kitty? This story should be humorous, but it isn't. The kitties are the small white porcelain balls used in lawn bowling, and during the night some thoughtless person walked off with 16 of them.

In the first place these balls are of little use to anyone, even a child, but the worst feature of the incident is that the great tournament for the Lift Lock Gold Trophy starts Wednesday morning, and those kitties or jacks must be returned.

Perhaps some parent will see children playing with these white balls, and return them to the bowling greens. If the finder has a guilty conscience, then just wait until dark, and toss the kitties over the fence onto the greens.

It looks as if some collector has his eye on the bowling greens, because a week ago, someone lifted 50 feet of garden hose and a lawn sprinkler. The police have the case under investigation.

But with the kitties it is a different story. It could have been the work of children, and the police are not working too hard on this development, hoping the little balls will be on the greens when play commences at nine Wednesday morning.

Main Street Topics

TRIPLE COLLISION

Three vehicles were involved in an accident Monday evening on Hunter St. East, with slight damage to two of them. The station wagon of Alfred Holden, 708 Lock St., was not damaged. About $20 damage was caused the car of Robert J. McMurray, 195 Auburn St., and the car of Blanche Quin, 406 Mark St., which was parked near where the other two cars collided, received about $15 damage.

SOAP BOX DERBY

At trials held on Saturday for the Y's Men's Soap Box Derby, Richard Miller, 561 Lock St., reached a speed of 45 miles an hour. The top speed of last year's winner was only 28 miles an hour.

PLAN CIVIC NIGHT

Directors of the Sales and Ad Club had a lively session Monday night, and out of the welter of arguments and ideas, a decision to hold a civic night in November was reached. Details of the program will be worked out during the next two months and the date will be during November.

HIGH BUILDING TOTAL

According to a report published by MacLean Building Reports, construction contracts awarded in Canada during June total $133,830,900, an increase of more than $58,000,000 over that of June, 1947. Chief increase was in engineering construction. Housing figures were also up. The only decline was in industrial building.

BERRIES NOT RIPE

Several berry pickers who journeyed into northern Peterborough county last week-end found huckleberries scarce. The berries are plentiful in the low-lying areas, but along the ridges and on rocky plateaus they are not ripe yet. These spots should have plenty of berries in about 10 days.

WANTS REPORT

A letter from the Board of Education dealing with the proposed amalgamation of health services was read to the finance committee of the city council Monday night. Discussion was brief and on motion, the Board of Health was asked for a report and recommendations on the proposal.

ROTARY MUSICAL PROGRAM

Miss Helen Hajnick, soprano, Adam Hawley, baritone, and Lt. Stanley Williams, cornetist, took part in a musical program following the Rotary luncheon on Monday at the Empress Hotel. They were introduced by Harry Northrop and thanked by Robert Allen. W. J. Hamilton presided at the meeting.

A NEAR-RECORD small-mouth black bass was brought into the city Monday by Dr. Adrian Davis, surgeon from Akron, Ohio. The fish weighed 5¾ pounds and was 22 inches long. He made the catch in Picard's lake, sometimes called Clear lake, and located west of the Ketchecum lake road and north of the lake itself.

—Examiner Staff Photo

Ohio Doctor Catches Bass Weighing 5 lbs., 12 ozs.

Dr. Adrian E. Davis, surgeon from Akron, Ohio, hit the small-mouth black bass jackpot on Monday morning.

He was casting with a small plug near his island cottage at Pickard's Lake, better known as Clear Lake north and west of Ketchecum when the bass hit. He thought at first he was snagged, but the bass soared out of the water and the 20-minute battle was on. Weighed on a government-tested scales the fish was exactly 5¾ pounds. It was 22 inches long and 16 inches in girth. Dr. Davis intends to have it mounted as an office exhibit.

Dr. Davis owns the only island on the lake, and he purchased the property from Dr. Kent, another Akron resident who built the cottage and occupied it for 25 summers.

The largest small-mouth bass entered in the Grey and Bruce derby weighed 4 lbs. 3 ounces, one pound, 9 ounces lighter than the specimen brought in today.

New Foundations Only 4 Walls Owners Discover

Concrete foundations under wartime houses moved into the council spotlight again Monday night.

I. H. McGowan, 630 Gilchrist street, and three colleagues representing 100 residents of the Parkhill Wartime Housing subdivision waited on the finance committee, seeking assistance in their problem.

As outlined by Mr. McGowan, the problem is simply this: When houses were purchased from Central Mortgage and Housing Corporation purchasers were notified that $700 of the purchase price would be rebated to build foundations. On July 10 each received a letter notifying them that $500 would be allowed for this purpose and that July 20 was deadline for acceptance. Otherwise the Crown company would proceed with the building of the foundation.

Mr. McGowan had two objections. First, most purchasers did not want a solid concrete wall under their homes, they wanted a full basement with windows. Second, $500 was not enough money to carry out such work. It would cost at least $800 by private contractor or almost that much if the owner did the excavating and wall building himself.

"What do you want us to do?" Chairman Swanston queried.

"We feel the Council carries a great deal more weight than we can muster in an appeal to Central Mortgage to raise this grant to $$700 or $800, and we would like the Council to write the company seeking consideration on our behalf," Mr. McGowan said. He went on to explain that ten days was very short notice to obtain all details of cost and construction, for men who for the most part were employed in factories all day.

Unsatisfactory Angles

Alderman Armstrong told the meeting that there are several unsatisfactory angles to the type of wall being built by the company "We must remember that the Council insisted on concrete foundations under all these houses if they were to become permanent housing units in the city. I recognize that these people have many problems, and I recognize too that many figured the job would be a full basement rather than a concrete wall, but the contract says a concrete wall, and makes no mention of a full basement. If the owners feel they are being treated in an unreasonable manner then the council might intervene, but I doubt if it would be wise to enter the current negotiations."

"I believe many of these people were misinformed. They thought they were getting a full basement, now they find it is only a wall with iron grills in it. There is a big difference between the original offer and $500. The first offer was $700, and I am told the contractor working on the south-end houses is getting $800 a house. The new offer is $500, I feel we should support these people in their appeal for the full $700," Alderman Doug Miller said.

Final decision of the committee was to write a letter to Central Mortgage and Housing asking for a representative to attend next Monday's meeting. In the meantime the peition signed by 100 residents of the subdivision will be sent to the company, and the deputation was asked to be on hand next Monday evening.

Foodstuffs Largely Transported To Peterborough By Truck; Rail Strike Would Be Crippling

If the railroad strike does come, Peterborough shouldn't go hungry. Meat, vegetable, fruit and milk shipments are mostly made by truck. Factories, especially the larger ones, will be hard hit. Most of their shipping is done by rail, and a strike would stop those shipments altogether. Mail will probably be considerably curtailed, said Postmaster Charles Lacheur, "but an alternate method of transportation has been set up, and all essential mail will continue to go through, though it may be late."

"A railroad strike would be serious from the dairy machinery standpoint," said .C. L. Upper, general manager of De Laval. "Repairs would be particularly hard to do. Most of our shipping is done by rail, and we could not set up a truck transport system."

"Beyond cutting shipments, the strike wouldn't hurt us for a week, if it comes," said J. E. Girven, assistant works manager of the CGE. "Of course, if the strike lasted long enough, there would be shortages of some materials, and there might be layoffs."

Gordon Marshall, livestock buyer at Canada Packers, said: "A strike wouldn't affect us greatly. Some livestock does come in by rail, but drovers could set up trucking systems. Our outgoing shipments to some people may be cut off, but most will go on as usual."

City dairies haul most of their products by truck, but J. E. Weir, manager of Silverwood Dairies here, said they might have trouble with deliveries of raw materials to the plant.

Have Priority On Trucks

One local plant executive said that trucks will probably be hard to get, as the people who ship perishable goods will have priority on them.

If the city doesn't go hungry, neither will it be thirsty. Deliveries to the LCBO store and to Brewers Retail stores are all made by truck transport.

Fruit dealers haul most of their own goods, but the strike will affect delivery of oranges, lemons and grapefruit. Cherries and other basket fruits are delivered by express, but dealers think trucking systems can be planned.

Of course coal, and oil and many gasoline services would be completely cut off.

Most businessmen and factory executives say that they have tried to prepare for a strike. They don't want to have sales or production curtailed, and have attempted to guard against the strike. They agree that raw and semi-finished materials will be cut off if the strike is of long duration, but most are optimistic

Abandon Family Father Then Can Get Action

A man and his wife with five small children need a home, and it doesn't have to be in the city. Any suitable building within ten miles of Peterborough will do, because the husband, who is employed has the use of a car.

The couple had been living in summer cottage at Chemong, and had rented the cottage for the summer. Unfortunately the owner took a dim view of five children on the premises so the rent was returned and the family ordered out.

The husband tried to get the children into the Shelter, but this is apparently impossible unless an unusual procedure is followed. This is the story the husband tells. "I was told by the superintendent of the Children's Aid Society that I would have to abandon the children on the street, then someone would call the police and have them picked up. They would be taken to the Shelter and kept for eight months. At that time if I could prove I had accommodation and the means of supplying them with food and clothing I could get them back. But here's the joker, a charge would be laid against me for abandoning my children."

Apparently this couple have exhausted every avenue in their search for accommodation, and any person who can help them is requested to telephone Peterborough 21773.

$2,560 Paid Out For Sheep Killing

LINDSAY, July 13 — (ENS).— During 1947 the township of Eldon paid out $2,560.50 for sheep killed by dogs and to date this year the sum of $1,000.50 has been spent. This was revealed by Clerk R. C. McKay, Kirkfield, who added that the township ratepayers had taken a loss of $1,908.50 as only $652 was collected for dog licenses. "If this loss for 1947 of $1,908.50 was spent on the roads in the municipality 55 cents subsidy would have been paid by the Government which would have amounted to $999."

ORANGE JUVENILE BAND

Gary Teneycke and Beverley Walling, both five years old, were drum major and drum majorette respectively of the fife and drum band of Sunshine Juvenile Lodge No. 44, of Peterborough, at the Orange march in Cobourg on Monday. The two children were the youngest band leaders in the walk, and stole the show from the senior bands.

Playground Planning To Hold Toy Parade

A picnic, playday and toy parade is to be held on Wednesday afternoon on the Kinsmen playground at Inverlea Park. The picnic will get under way at noon with children bringing their own lunch.

Running races and other competitions will be held for all children. They will be followed by a playday for the older children and a doll and toy parade for the tots. Prizes will be given to members of the winning playday team and for the three best dressed toys in the parade.

◇ ◇ ◇

Bride-Elect Showered

An enjoyable evening was spent at the home of Mr. and Mrs. D. G. Hope, Otonabee, when their daughters, Mrs. J. McBride and Mrs. P. Adamson entertained at a pantry shower in honor of Norma Shearer, Mary Elmhirst, Barbara Garnett and Shirley Hope. Mesdames J. Wood, J. Dickson, W. Hope, T. Hope, R. Hope, L. Wismer, J. Graham, F. Garnett, H. Garnett, A. Elmhirst, G. Shearer, R. Linkert, A. Elmhirst, C. Elmhirst, S. Elmhirst, W. Brealey and W. Ackison.

Those unable to attend but who sent a gift were Misses Jean Hope, Blanche Elmhirst and Mrs. Robert Garvey.

Women to Vote For 2nd Time Quebec July 26

QUEBEC, July 13 — (CP). — When election day comes around July 28 it will be the second time that women in a body take a hand in the choice of a Quebec Legislature though more than 100 years ago a few of them slipped in votes through a loophole in the law.

Quebec women were recognized for the first time as qualified provincial electors in 1940 and they voted in Quebec general elections for the first time four years ago. They boosted the 1944 total provincial vote to more than 1,300,000 from 563,297 in the previous election in 1039.

It was the wording of Quebec's original election law which took effect in 1792 when the first provincial parliament was elected that let women vote more than a century ago.

This electoral law said that votes could be cast by "persons" with a required amount of property. Propertied widows and some women legally separated from their husband and with substantial means applied that word "persons" to themselves and a few of them went out on voting day.

Some voted in Three Rivers division in 1820. A returning officer faced others in Upper Town division in Quebec in 1828 and refused them permission to vote.

First Law Disallowed

The result was a law in 1934 barring women from voting, but it lasted only two years before the British parliament disallowed it, not in a feminist frame of mind but because of other features.

The question of the women's vote was settled for nearly 100 years by another law in 1948. The effect of this was that women weren't qualified voters.

Quebec women had voted in federal elections for several years before the Quebec Legisature extended the right in 1940 to provincial elections. This women's franchise act followed a long campaign in which Mrs. Pierre F. Casgrain, wife of Judge Casgrain of Montreal, was prominent.

Women have voted in by-elections in Quebec since then as well as in their first provincial election four years ago. They still have to elect a woman member to the provincial legislature.

This year no women candidates have yet appeared though one or two may be among the list of candidates on nomination day, July 21. However, a few women are on platforms supporting male candidates this year in some parts of the province.

In 1944, Mrs. Joseph-Paul Sauve took part in the absentee-campaign of her husband, Major Sauve, then in Normandy with campaign was a success and her Les Fusiliers Mont Royal. The husband, now Brigadier Sauve, was minister of youth and social welfare in the last QQuebec government.

Norwood News

Mr. and Mrs. Armande Webster and Bobby of Lakefield, were week-end guests of Mr. and Mrs. Golden Andrews.

Trevor Brown, son of Mr. and Mrs. Roy Brown, has accepted a position on the staff of the Royal Bank in Norwood.

HOME-WORK WITH A FUTURE — One of the best looking revivals is that of the knit (or crocheted) ribbon dress, and while the readymade models, domestic or imported, are very high priced as usual, it is no extravagance to buy your own ribbon and tat up a handsome dress at home. The dress will fit, too, as you can get your own made-to-measure instructions from the same place where you buy the ribbon hanks. They do say, too, that the instructions for knitting wool fashions can be doped out by the experts to come out a perfect fit, after certain arithmetic changes are figured in the needling. The model shown here is a honey in dark or light ribbon . . . one-piece, fly-front, long sleeves, and pockets.

Have a GOOD Breakfast
A Delicious Breakfast Including Grape-Nuts
A well-balanced breakfast should include the *special* food values you get in Grape-Nuts, with milk or cream. The fine quality proteins, carbohydrates, minerals. The *well-balanced* nourishment — *and* the tempting, sweet-as-a-nut flavor! It takes only two tablespoons of Grape-Nuts for the cereal part of your breakfast—the most economical item on the menu. Get a package of Grape-Nuts from your grocer.

GRAPE-NUTS ECONOMY RECIPE
Nut-like flavor without the expense
GRAPE-NUTS ORANGE MUFFINS
2 cups sifted flour
3 tsps. Calumet Baking Powder
⅔ cup sugar
½ tsp. salt
2 eggs, well beaten
¾ cup orange juice
1 tbsp. grated orange rind
2 tbsps. melted butter
1 cup Grape-Nuts
• Sift flour once, measure, add baking powder, sugar and salt, and sift again. Combine eggs, orange juice and rind, and butter. Add to flour, beating only enough to dampen all flour. Add Grape-Nuts. Bake in hot, greased muffin pans in hot oven (425° F.) 20 to 25 minutes. Makes 12 muffins.

Of Interest to Women

DOROTHY DIX

Mothers Stress Education Too Often Neglect Training

Most mothers strive to give their daughters an education, but few mothers make any effort to teach their Sallys and Mamies how to live. They seem to think that a knowledge of how to conduct themselves and make the most most of their opportunities will come by Nature, as Dogberry thought reading and writing did, so they don't bother to try to teach their girls anything except what used to be called "Book learning."

Dorothy Dix

Never was there a greater mistake, for while the occasional girl genius rates the higher education, what the average girl needs is to be taught how to make the most of herself and the life she is destined to lead, and that basic fact most mothers entirely ignore. You would assume from mother's attitude towards her daughters that they were all going to marry millionaires who would coddle and spoil them, so there was no use in Sally and Mamie learning how to do any practical work, or acquiring any technique for getting along with a temperamental husband.

It may seem too bad to blame Mom for the messes that her children so often make of their lives, but it is only too true that the sins of the parents are visited on their children and the cherished daughters have to pay a cruel price for their mothers never having taught them how to live.

It is a sad truth that most of the marriages that end in divorce are the result of mothers never having taught their daughters how to be wives. They never have drilled Mamie and Susie in the technique of rubbing their husbands' fur the right way. They don't even know how to cook.

Husbands Discontented

And so when the young husband ceases to be a gerat lover and becomes just a provider, and when he sits down to meals that would give an ostrich stomach ulcers and sees his salary going in to the garbage can, the domestic brawls start that end in the wreck of another home.

And —God help them —the marriages that break so many hearts because Mother never has taught her beloved daughter anything about men, or how to pick out a husband, or even to analyze her own feelings! I get hundreds of letters from girls who tell me that they THINK that they are in love, but they are not certain. Or that they are going to marry a drunkard, or a roue, or a ne'er-do-well, but who SAYS he will reform.

Forewarned is forearmed, and many a marriage that has dragged an unsophisticated girl down into the gutter with a drunken husband would have been prevented if only her mother had taught her, from her cradle up, to look with scorn on weaklings and derelicts.

And the poor, little, ignorant, foolish girl-children who stumble into the pit before they are old enough and wise enough to realize their danger what sorrow, what shame for them and their families would have been saved if only their mothers had taught them what they needed to know about living.

(Released by The Bell Syndicate, Inc.)

THE STARS SAY . . . .

By GENEVIEVE KEMBLE

For Wednesday, July 14

It is possible that some sudden spurt, quick decision and forthright attack upon an unusual or irregular objective or ambition, could bring extraordinary success as well as spectacular adventure. An ingenious idea, a vital discovery concerning fresh techniques or tactics might have power to bring radical change, promotion or even a surprising token of recognition from superiors.

Radical change may be inevitable, with new contacts and commitments, at once embracing sudden adventure as well as thrilling romance. Dare to be original, different.

For the Birthday

Those whose birthday it is need not be surprised should a sudden switch in the tides of destiny toss to breath-taking crests of high adventure, thrilling romance or some sort of dramatic mark of public recognition, preferment or surprising distinction or favor from unlooked-for sources. A briliant idea, quite out of the routine or beaten track, a stroke of genius, a startling discovery, an audacious move, could prove spectacular, heart warming and keenly felt emotionally. Radical change all along the line, fresh starts, dynamic moves and soul stirring romantic experiences are in order.

A child born on this day is bounteously endowed with skill, ingenuity, originality and audacity of thinking as well as behavior, landing it happily in the public eye, in spectacular career.

REPORT TO MOTHERS

Survey shows doctors recommende Heinz Baby Foods

When a doctor recommends a baby food, he naturally recommends the best. And according to a recent survey, doctors everywhere recommend Heinz Baby Foods. Many mothers who preferred Heinz Baby Foods said they first chose them at their doctor's suggestion! But doctors aren't the only ones who recognize the quality behind the name of Heinz. Another 48 per cent of the mothers said they made their own choice, based on the reputation of the House of Heinz. They knew and trusted the famous "57" label . . . for 79 years

a guarantee of purity, uniformity, and fine flavour.

Heinz Baby Foods

THE WIVES OF EIGHTY-TWO OVERSEAS and other Bishops attending the Lambeth Conference took part in a three-day private conference arranged by the Central Council for Women's Church Work held at High Leigh, Hoddesdon, Hertfordshire, England, whiich ended last Friday. Known as the "Overseas Visitors' Conference 1948," the meetings were under the presidency of Mrs. Geoffrey Francis Fisher, wife of the Archbishop of Canterbury. In the above group, Mrs. Fisher is fifth from left back row. Mrs. W. Temple, widow of Dr. William Temple, a former Archbishop of Canterbury is third from left back row. Left to right back: Mrs. R. J. Renison, wife of the Bishop of Monsonee and Mrs. P. S. Abraham, wife of the Bishop of Newfoundland. Mrs. G. F. Kingston, wife of the Primate of All Canada, the Archbishop of Nova Scotia, is fourth from left back row. Others in the picture unidentified.

Menus For Special Purposes

By MARY MOORE

Low-Calore Dinner

Broiled Wieners Stuffed with Cheese (2 stuffed wieners 275 cal.)
Boiled Cauliflower with Lemon Juice and Parsley (1 cup 30 cal.)
New Green Peas (¾ cup 100 cal.)
Junket with Crushed Fresh Raspberries (½ cup junket and ½ cup berries 135 cal.)
Clear Iced Coffee (0 cal.)

High-Calorie Low-Cost Dinner

Mock Duck (2 flank steaks with Bread Stuffing
Baked New Potatoes
Diced New Beets and Greens with Bacon Dripping and Lemon Juice
Peach (canned) Bavarian (see note) Iced Cafe au Lait (see note)

One-Burner Dinner

Home-made Head Cheese
Creamed New Peas and New Carrots
Cabbage and Celery Salad
Orange Sponge Iced Tea

Directions:

(This recipe for Peach Bavarian Cream may be used, substituting other crushed or pureed fruit for the peaches.) Soak 1 tablespoon gelatine in ½ cup cold water 5 minutes. Add to it 3 tablespoons lemon juice, 2-3 cup sugar, shake of salt, ½ cup boiling water and stir until gelatine and sugar are dissolved. Chill until it begins to set, then stir in 2 cups mashed or pureed fresh or canned fruit—in this case canned peaches which have been forced through sieve. Fold in 1 cup heavy cream which has been whipped stiff. Chill until set. (Whipped evaporated milk may be used for this.)

Iced Cafe au Lait is not as fattening as coffee with cream; fill tumbler with ice cubes; pour over double strength coffee; fill glass with homogenized milk.

WMS Entertains Mission Band

NORWOOD, July 13. (ENS) — The WMS of Norwood United Church met in the Sunday School room Thursday. President Mrs. Ed. Scott was chairman.

Arrangements were made for August to be the month of silver instead of a meeting.

Mrs. Alfred McMillan took charge of the program, and read a poem. Mrs. George Gardner gave the Scripture reading, and Mrs. John Gardner led in prayer. Mrs. Percy Allan recited.

Mrs. R. J. Leeper gave an interesting chapter from the Study Book.

Misses Ruth Cuthbertson and Gail Baker entertained with piano solos, and Mary Jane Tedford sang a solo accompanied by her mother, Mrs. R. K. Tedford at the piano.

Twenty-three members of the Mission Band were entertained. After games on the lawn, lunch was served by the women.

HOT FLASHES?

Are you going thru the functional 'middle-age' period peculiar to women (38-52 yrs.)? Does this make you suffer from hot flashes, feel so *nervous*, high-strung, tired? Then DO try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Pinkham's Compound also has what Doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

SHERRY LYNN PLUMB, one year, got a fast bit of surgery at Los Angeles when she severed one of her small fingers. Her right middle finger was cut off near joint in a household accident. The surgeon sewed it right back on and it is quickly returning to normal.

Apsley News

Messrs. Stallman Peters and Clarence Hymes of St. Catharines have been visiting Mr. and Mrs. W. Peters.

Jackie Hymes of St. Catharines has returned home from a visit with his grandparents, Mr. and Mrs. Peters.

Mr. Theo Liscum left on Saturday to go by plane to British Columbia, where he will be employed in repairing saws in sawmills there.

Mr. and Mrs. Chas. Smith, Misses Virginia and Iris Smith and Lewis are holidaying at Jack Lake.

Mr. and Mrs. C. McColl and Mr. and Mrs. R. Wray of Windsor are spending the week-end at Copper Creek Camp.

Mrs. Mark West and son Mervin, Mrs. Cecil Reid and Charline of Moose Jaw, Mr. and Mrs. H. Heron of Copper Cliff visited their uncle, John Coones and other friends over the week-end.

Dr. V. and Mrs. Onorato left Monday for their home in Buffalo, N.Y., after spending two weeks at their cottage at Jack's Lake.

The July meeting of Ladies' Guild of St. George's Anglican Church was held at Mrs. Bert McIlmoyle's with a good attendance.

Cavan News

Mr. and Mrs. Oren Robertson and daughter, Nancy, Montreal, spent last week visiting Mr. Robertson's mother, Mrs. Robert A. Robertson.

Mr. and Mrs. W. Elson were visitors at Wasaga Beach Thursday.

Miss Eileen Hunter and Miss Selina Hunter, Peterborough, spent Sunday with Mrs. R. A. Robertson.

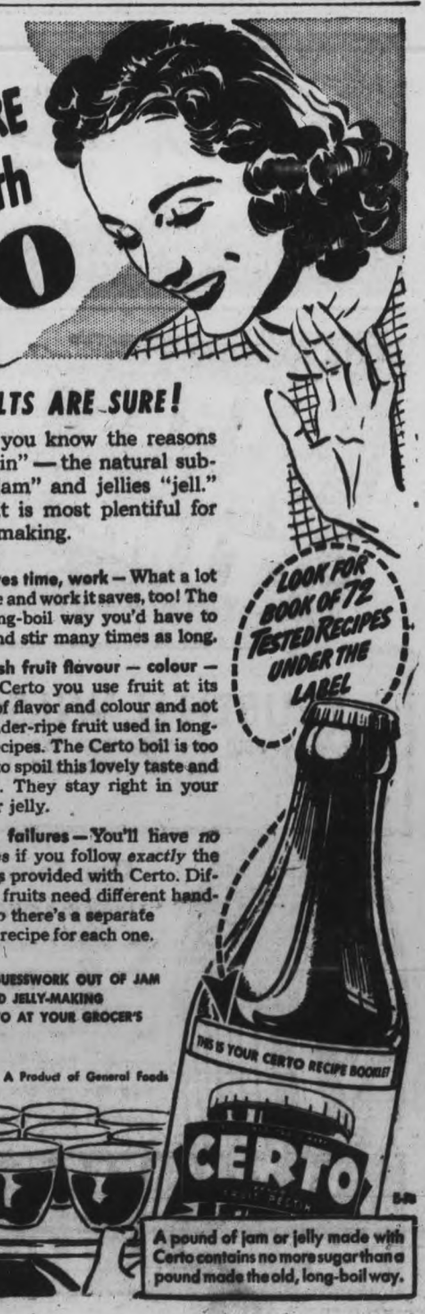
DIDN'T I TELL YOU? You get 50% MORE Jam or Jelly with CERTO



AND RESULTS ARE SURE!

Sounds almost unbelievable — until you know the reasons why. Certo is nothing but "fruit pectin" — the natural substance in fruit which makes jams "jam" and jellies "jell." It's extracted from fruits in which it is most plentiful for *better, quicker, easier* jam and jelly making.

1. Short boil — That's why, when you use Certo, you don't have to "boil down" your fruit to make it set. A one-to-two-minute full, rolling boil is enough for jams . . . *a half-minute-to-a-minute* for jellies.

2. Extra yield — The short Certo boil saves all the precious fruit juice which, in long boiling, goes off in steam. You get an *extra* yield of 50% more jam or jelly.

3. Saves time, work — What a lot of time and work it saves, too! The old long-boil way you'd have to boil and stir many times as long.

4. Fresh fruit flavour — colour — With Certo you use fruit at its peak of flavor and colour and not the under-ripe fruit used in long-boil recipes. The Certo boil is too short to spoil this lovely taste and colour. They stay right in your jam or jelly.

5. No failures — You'll have *no failures* if you follow *exactly* the recipes provided with Certo. Different fruits need different handling, so there's a separate tested recipe for each one.

LOOK FOR BOOK OF 72 TESTED RECIPES UNDER THE LABEL

TAKE THE GUESSWORK OUT OF JAM AND JELLY-MAKING
GET CERTO AT YOUR GROCER'S

A Product of General Foods

A pound of jam or jelly made with Certo contains no more sugar than a pound made the old, long-boil way.

A Delicious Cool Drink

"SALADA" ICED TEA

World News In Brief

Taken from Wires of Canadian Press

Set World Record

SIOUX CITY, Ia.—A load of 64 whiteface steers averaging 1,011 pounds sold for $33 a hundredweight to set a world record for a single sale of feeder cattle. The cattle were owned by Albert Osdekoven, Vale, S.D., farmer.

LOS ANGELES — Showman Earl Carroll's will disclosed Monday that most of his million-dollar estate would have gone to his showgirl friend, Beryl Wallace, had she not died in a plane crash June 17 with him. Funds from her share now will be used for a memorial tomb for them both, to cost more than $50,000 and after other bequests the remainder goes to establish a cancer research clinic.

ANCHORAGE, Alaska — The body of John Anderson, 38, former Olympic games discus champion, was brought from the Alaska peninsula fishing village of Naknek where he died. Anderson won the Olympics discus crown in 1932 at Los Angeles, setting a games record of 162 feet 4⅞ inches. The mark stood until 1936.

ST. JOHNS, Que.—A strike of 400 members of the Textile Workers of America (CIO-CCL) entered its second day despite intervention of a provincial cabinet minister and a conciliator of the Provincial Department of Labor. The strike was called in the plants of Franco Canadian Dyers and its two affiliates, Demetre Sault Ciriey (Canada) and the St. Johns Textile Mills.

MONTREAL— Two promotions and a new appointment in its Faculty of Engineering were announced today at McGill University. K. J. Shone has been promoted from lecturer to assistant professor mechanical engineering. Walter H. Schippel has been promoted from assistant professor to associate professor and John P. Ogilvie has beeen appointed assistant professor of metallurgy.

WASAGA BEACH.—A desperate mother dashed through walls of flame to rescue her two small children from a burning cottage. Mrs. Frank Rowe of Brampton, was lighting a gas stove when it blew up, setting fire to her clothes and to the cottage. She rushed into the children's bedroom and carried five-year-old Vivian to safety. Returning for the other, aged seven, she found that Vivian had followed her back in. She emerged a few moments later holding both children in her arms. Neither the mother nor her children were burned.

CANBERRA. — Immigration Minister Arthur A. Calwell said Australia's immigration policy is based on the idea that a country with a homogeneous population is free from the dissension and complexities which beset countries with mixed population.

Heavy Damage

DIGBY, N.S.—Heavy damage to crops and buildings was reported after the most severe electrical storm to strike this western Nova Scotia area in recent years. Hailstones, nearly half an inch in diameter, flattened standing grain, potatoes and other leafed crops in one district. Windows were also broken.

CHAMBLY BASIN, Que. — Two-year-old Hogues Dagenais was burned to death and his mother suffered severe burns when fire destroyed their two-storey wooden house after a gas stove in the kitchen blew up.

TORONTO—Names of the executive committee of the Ontario branch of the Canadian Forestry Association were announced at a meeting of the board of directors of the provincial body. They are: James Vance, Woodstock, D. A. Gillies, Braeside, and F. K. Morrow, G. G. Cosens, J. F. Sharpe and W. A. Delahey all of Toronto.

Promises Action

LONDON, Eng.—Prime Minister Chifley of Australia said his government is prepared to take appropriate action in the future, "however drastic it might be," to reduce dollar expenditure, although without substantial imports from North America Australia's development would be seriously delayed. Chifley is here for economic discussions with the British Government.

VALETTA, Malta.—Royal naval headquarters Monday denied a report the 1st British Cruiser Squadron would be transferred to the West Indies. Completion of British evacuation of Palestine has released smaller units of the Mediterranean fleet for service elsewhere.

LONDON, Eng.—Austria has accepted the Yugoslav invitation, issued in the name of the Big Four, to attend the Danube conference in Belgrade July 30 "in a consultative capacity," an authoritative Austrian source in London said Monday night.

HAMBURG, July 13—(Reuters) — A war crimes court Monday found innocent the former Burgomaster of Buttstadt, Herman Heinrich Jakobs, and a Buttstadt resident, Bernhardt Kalkhofe. Both were charged with having killed Flt.-Lt. Peter Scott and Flt.-Sgt. R. A. Tobinson of the RAF in Buttstadt in March, 1945.

PHILADELPHIA. — The huge Philadelphia plant of Westinghouse Electric Company was shut down in a strike by 6,000 workers because two workers were branded "poor security risks" by the United States Navy and "placed on a forced leave of absence and escorted from the plant." Workers at the plant, working on navy contracts, are members of the United Electrical, Radio and Machine Workers (CIO).

PHILADELPHIA. — Dr. Solomon Solis-Cohen, 90, distinguished physician, scholar and poet, died. He was a leading authority on drugs and discoverer of the physical basis of allergies. His patients included former Prime Minister Ramsay Macdonald of Great Britain.

MOUNT VERNON, NY. — Edward C. Glaser, 72, original skipper of the Toonerville Trolley, died. For 37 years Glaser was motorman of the two-mile single-track line that inspired Fontaine Fox's cartoon. The line was abandoned in 1937.

TORONTO.—Douglas Parks, 19, today was sentenced to three months definite and three months indefinite for stealing $340 from an 18-year-old girl. The girl testified she met Parks in a dance hall and that after several dates agreed to accompany him to the United States. She withdrew money from the bank and turned it over to the youth to exchange for U.S. funds. He was caught heading for Montreal.

KINCARDINE. — A 65-foot yacht, Saladcr, owned by Frederick Colman, of Detroit, went aground at 7 a.m. today on a rocky point in Lake Huron two miles north of Kincardine. A large hole was torn in the bottom of the diesel powered craft which rapidly filled with water.

MONTREAL.—The Aluminum Company of Canada today announced that it is beginning an engineering study of potential power sites in British Columbia, increasing "the probabilities of a new aluminum industry on the west coast, similar to that established at Arvida, Que."

INVERNESS, N.S.—The bodies of Jules Dindorff, 61, and his 66-year-old wife, Jean, were discovered late this morning in their small house in this west Cape Breton island mining town, RCMP reported today. The bodies were found in a blood-spattered living room. Police said "it looks like murder and suicide," although investigation was continuing. Both were shot in the head with a shotgun.

DEMOCRATS have gathered in Philadelphia with all the typical trimmings of an American party convention. Here Democratic National Committee Chairman J. Howard McGrath poses with a mechanical replica of the traditional party symbol. The delegates, however, foresee a dull convention if, as now appears likely, President Truman gets the nomination by default. No strong opponent for Truman is in sight since General Eisenhower retiterated a flat rejection of plans to put him in the race.

Liberal Convention Seems Sober Compared With US

OTTAWA, July 13 — (CP) — The National Liberal convention here next month promises to be a pretty sane and sober affair when you stack it up against the boisterous, fun-making leadership nominating conventions they throw in the United States.

There'll be no Hollywood stars, no bands, no parades and no campaign speeches as such.

But there will be flags and banners and bunting. There'll be hard work and enthusiasm a-plenty among the 4,000 delegates and other party supporters when they knuckle down to three days of party business in Lansdowne Coliuseum Aug. 5, 6 and 7.

There will be 1,299 delegates and alternates, representing Liberal groups in every part of the country. They will be made up of Members of Parliament and Provincial Legislatures, defeated candidates where the party has no legislative representation, provincial leaders, and representatives of Provincial Liberal Associations, University Liberal clubs and women's organizations.

The convention will get off to a start at 11 a.m. Thursday, Aug. 5, when the delegates and 1,000-odd other party adherents file into the big, low-ceilinged coliseum at Lansdowne Park, in Ottawa's Glebe district.

They will find the arena brightly decorated with flags and bunting of red, the party color. A great platform for speakers and party prominents will stand along one end of the coliseum floor, with mammoth, blown-up photographs of Prime Minister King and his predecessor, Sir Wilfrid Laurier, providing the backdrop.

The provincial delegations, each of whom will be provided with caucus rooms and a block of seats on the convention floor, will carry banners identifying their province but it is considered unlikely that they will tote placards proclaiming their support for individual candidates, as is done in the presidential conventions in the U.S.

Serve As Chairmen

J. Gordon Fogo, president of the National Liberal Federation, will share the convention chairmanship with J. A. Blanchette, Liberal Member of Parliament for Compton, Que.

Resolutions for proposed planks in the new platform will be placed in the hands of the Resolutions committee and it, with those dealing with organization and other problems, will sit late that first night preparing reports for the convention proper.

The second day—Friday, Aug. 6—will be spent on consideration by the delegates or organizations and the platform resolutions. That also is where the main speech-making takes place. This second day will provide the only night session of the convention.

Nominations for leadership candidates will close at 2 p.m Aug. 7. The result of each vote will be announced only by the total number of ballots cast for each candidate, not by provinces

Keep 24-Hour Watch For "Log Rustlers"

VICTORIA, July 13. (CP) — Guards are maintaining a 24-hour watch on log booms in Victoria Harbor after suspect "log rustlers" twice liberated 3,000,000 board feet of boomed logs and set them swinging in the tide towards the United States.

Twelve booms were recovered earlier last week when a tug sighted them before daylight.

Friday morning eight booms, set loose a second time from their moorings, were sighted by another tug well outside the harbor.

The booms were hauled back again and now patrolmen, ashore and on a small fast power boat, are keeping vigil to see that the same thing does not happen again.

The first set of booms, owned by three Victoria Mills, were valued at about $125,000 and the second booms at between $80,000 and $90,000.

30 Children Cut

OSHAWA, July 13 — (CP). — More than 30 Oshawa children have been treated for foot cuts suffered while swimming in the Rotary park pool since last Thursday. City recreational director Ivan G. Richards said Monday night that pieces of glass had been thrown into the pool after swimming hours. He blamed the trouble on "teen-age louts," several of whom had been warned to keep out of the water while supervisors were away for their supper hour.

Name Chancellor

HAMILTON, July 13.—(CP).—The Grand Lodge, Knights of Pythias, domain of Ontario, at the concluding session of its annual convention Monday named Hedley Draper of Toronto as Grand Chancellor. He succeeds George K. Britton of Hamilton. It was decided to hold the next Grand Lodge annual meeting at Oshawa in June, 1949. Other officers elected included: Prelate, Charles Green, Wallaceburg; Grand Inner Guard, Pres Bartlett, Sarnia; and Grand Outer Guard, William Anger, Welland.

Walks Across Thames

LONDON, July 13—(Reuters).—Joe Simms, 51-year-old railroad worker, Monday night "walked" across the Thames here from Chelsea embankment to Battersea Park, a distance of about 220 yards in 17 minutes. Simms, who weighs 185 pounds, claims to have perfected a new method of progress through water after 18 years research. As he "walked" across the Thames his arms were folded across his chest and only his head showed above the water.

Annual Church Parade Held At Marmora

MARMORA, July 13 — (ENS) —The annual church parade of Marmora LOL 319 was held Sunday morning at St. Andrew's United Church. In addition to the many local brethren and sisters of Harmony LOBA 600 being on parade, several visiting sisters and brethren were present.

Led by the Havelock Pipe Band the main streets were paraded before and after the service.

Rev. George Young gave the address, speaking on Gideon's leadership of God's people into liberty and tracing the growth of the Orange order and Protestantism. He spoke of chaotic conditions in the world today and the need of sound leadership.

Following the service, adjournment was made to the Orange Hall where short addresses were given by Bro. Rev. G. Nickle, Wor. Bro. Richard Sanderson of Havelock, County Marter. Sam Twiddy and others.

THOUGHT TO BE EVIL

To the ancient Hebrews, the word "leaven" suggested corruption, and so leavened bread was not permitted in sacrifices. Leaven is a substance producing fermentation.

CANDIDATE for president of Panama, Arnulfo Arias (above) is reported safe in the U.S.-controlled Canal one after four days of post-election rioting drove many of his supporters to flee the country. Four persons were killed and more than 50 were wounded in the demonstration touched off by delay in issuing the official election verdict. Arias was reported the winner by a slim margin over the government candidate.

Orangemen Hold Church Service

MILLBROOK, July 13 (ENS) —More than 100 members of the County Orange Lodge, including the Juvenile Lodge of Fallis Line, and the LOBA Daughters of Cavan, No. 1066 attended St. Andrew's United church on Sunday evening. The parade was headed by the Fallis Line Fife and Drum Band.

The church chancel was beautifully decorated for the occasion with baskets of summer flowers, and special music by the choir, besides the anthem, included a solo by Mrs. G. A. Spicer and a male quartette, G. Might, M. McDowell, W. H. Coombe and H. Ouellette. Miss E. L. Hetherington was at the organ.

The Beatitudes comprised the lesson, read by Alex Carruthers of Port Hope. A welcome to the visiting Order was extended by the minister, Rev. G. C. R. McQuade. In his sermon, Mr. McQuade emphasized that the Orange Order is founded on the word of God, and on Christian principles, and in these facts lay a responsibility on the individual members to dedicate their lives to the propogation of this religion since it is the one thing that can make for peace and unity in the world.

In charge of the annual church attendance was County Master W. A. Fallis. Nathaniel Belch is County Recording Secretary.

Needle In Haystack Search Successful

TORONTO, July 13 — (CP). — Almost as difficult as a search for a needle in a haystack was Det.-Sgt. James Ledlie's search here Monday for a suspect among 5,000 bathers at teeming Sunnyside Beach. But he found his man.

Lolling in bathing trunks, Lawrence Duncan, 19, was arrested and charged with breaking and theft. He is accused of stealing $60 and a wrist watch.

Ledlie had been told the suspect was fond of swimming, so he went to Sunnyside on the off-chance that hot weather might have lured Duncan there.

Gets Honorary Degree

MONTREAL, July 13 (CP). — Arthur T. Vanderbilt, chief justice of the supreme court of New Jersey, will receive an honorary degree of doctor of civil laws at a special convocation at McGill University Sept. 2. it was announced today by the university. The convocation will be exclusively in honor of the chief justice and he will be the sole recipient of a degree.

Husband Stabbed Wife Has Heart Attack

MONTREAL, July 13. (CP) — William Rankin Brander, 50, stabbed in the stomach late Monday night, was recovering today after an emergency operation, hospital oficials said.

Meanwhile, Brander's wife, who suffered a heart attack while being questioned by police, was reported in good condition.

Police said they did not plan to lay any charges for the time being.

Piecing together the testimony of excited neighbors, police gave this account of the affair:

Mrs. Brander came out of her downtown apartment in her bare feet, saying that her husband had been stabbed. There was blood on her hands, police quoted the neighbors as saying.

Then Brander came out, clutching his stomach, and was rushed to hospital in a taxi.

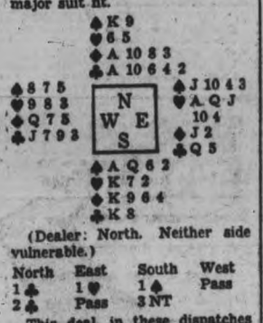
BARCLAY ON BRIDGE

COVER ALL YOU CAN

DURING the early stages of the bidding, if you hold a good hand opposite a bidding partner, there are many possibilities which you cannot foresee as a rule. They may include both the best declaration for the deal and the height of it. In case the former, the best declaration, is not made clear by some bid of your partner, it is usually best for you to cover as many different possibilities as you can. One guide to it is to prefer bidding a major yourself, if you can soundly, after he has opened with a minor. That still leaves a chance to reach No Trump if it is the best contract, whereas showing your strength by means of a No Trump call may result in your pair never hearing about a possible splendid major suit fit.



(Dealer: North. Neither side vulnerable.)

North	East	South	West
1♣	1♥	1♠	Pass
2♣	Pass	3 NT	

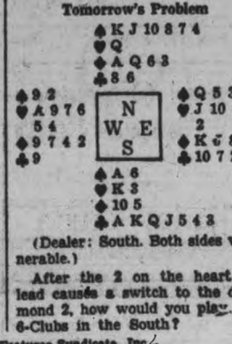
This deal, in these dispatches several weeks ago, elicited the query from a good player in Oakland, California: "Why isn't it correct to support North's 1-Club, after East's 1-Heart, with a jump 2-No Trumps bid instead of 1-Spade? South's three honor count and the fact that North bid on South's weakest suit, plus the heart strength, makes it seem that South's first response would be ideal if he said 2-No Trumps."

As it develops, North has a hand for dummy which makes 3-No Trumps the best contract. But South didn't know that when his own first turn arrived. Suppose North had held something like four spades headed by 10-9, two little hearts, the diamond A-Q and five clubs headed by the A-Q. In that event 2-No Trumps by South would have brought 3-No Trumps from North, a contract which might be defeated, whereas 4-Spades would be easy to make. With that hand, after 1-Spade by South over the 1-Heart, North would raise and South should plow into game or else bid 3-No Trumps, which North should take into 4-Spades.

The reason why 1-Spade is a better first response than 2-No Trumps is that it covers more possibilities and leaves the door open to reach whichever contract is the better.

• • •

Tomorrow's Problem



(Dealer: South. Both sides vulnerable.)

After the 2 on the heart A lead causes a switch to the diamond 2, how would you play the 6-Clubs in the South?

Polio Victim Aids In Fighting Disease

Appreciating the danger of polio through his own experience, Don Hendren of Lakefield has had 400 pamphlets on poliomyelitis printed at his own expense. These pamphlets are to be distributed in Lakefield, where one case of infantile paralysis has already been reported, and precautions taken to prevent other outbreaks.

Don, who is at home now, spent 10 months in a Toronto hospital after being stricken with polio less than a year ago. The pamphlets will be distributed by the Lakefield Sea Scouts, under the leadership of Ken Jakins. It was Ken's four-year-old son Harry who caught polio only last week.

Mr. Jakins said today that doctors gave Harry an excellent chance for complete recovery. Harry was not paralyzed, but had lost some co-ordination in his left arm.

Guilty On Two Counts Driver Is Fined $30

Sydney Buck of Norwood was fined $10 and $2.50 costs for careless driving and $15 and $2.50 costs for illegal possession of beer in court today. He pleaded guilty to both charges.

Evidence was given by provincial constable L. Brown that the accused had been involved in an accident on No. 7 highway on July 3 in which he had struck another car while climbing a hill. Damage to the car ahead had been about $50.

"Would it have been a question of speed?" Magistrate Philp asked the accused.

"I don't think my old car will go the limit," Buck replied.

"My brakes might not be perfect, but they're very good," he added in reply to a question.

"With slow speed and good brakes, it seems unusual you should run into a car ahead going up a hill," commented the magistrate.

MAY BUILD MAIN

Utilities Commission will be given permission to build a water main at the north end of the city across the city-owned Hilliard farm property. There is one rider to the permission according to a motion passed in finance committee of the council Monday night, and that is that permission is contingent on the Utilities Commission paying for any damages which might result.

CAR IS DITCHED

Damage to a ditched car on Sunday night included considerable mauling about of a canoe, which was on top of the vehicle which rolled off the road. The car was that of Percy E. Trumper, Port Hope, and turned over in the ditch on No. 7 highway (Chemong road). Damage to the car is estimated at $250. Miss Florence Trumper, sister of the owner, who was a passenger in the car, received a minor leg cut. The canoe was throw from the car as it rolled in some nearby bushes.

GET PERMISSION TO BUILD

Supertest Oil Company's application for permission to establish a bulk oil and gasoline depot on Armour Road, north of Downer's Corners was recommended by the finance committee Monday night. At present the oil company is negotiating for purchase of property on the west side of Armour road, just north of the C.N.R. tracks.

Rambling Reporter

JUST FOR A CHANGE

Once in a while the citizen gets a break from the government. Last year the Dominion Government posted copies of the Hours of Work and Vacations with Pay Act in all places of employment. Down at the bottom of the act are a couple of paragraphs stating fines to be levied if an employer goes against the act. One says that if the employer hires or retains an employee "contrary to the provisions of this act" he shall be liable to a fine "not less than $25 and of a total not exceeding $5."

City Hall Site Library Block

Peterborough City Council has not abandoned the idea of building the new city hall in the Library Block, although this thought may have been in the minds of many citizens because little has been heard about the project for many months.

The subject came up for discussion at the meeting of the finance committee Monday evening, when a property owner in the block, offered the Council first chance to bid on a building which the owner intends to dispose of. City Clerk Outram was authorized to discuss the deal with the owner.

"Is it the unanimous opinion of the Council that this should be the site of the city hall?" Alderman Grant Miller asked.

"Yes, it's in the record," Alderman Raine replied. "Alderman Waddell's committee conducted an exhaustive enquiry into the possibiliteis of acquring the various properties by purchase, but that failed. I suppose when the time comes to build the hall, the city will expropriate."

'A straw vote conducted by the Examiner showed a majority favoring that site," Alderman Dodds added.

"Well, I am certainly not in favor of it," Alderman Grant Miller said.

"We'll have a chance to talk about it again," Alderman Armstrong said and that ended the discussion.

Small Maple Leaf Found On Coin

Stanley Hayman, engraver, has discovered that the 1947 Canadian coppers have a small Maple Leaf after the date. The strange part of this discovery is that only some of the 1947 coppers have the maple leaf, and the 1947 twenty-five cent pieces also have a tiny maple leaf engraved just after the 7 in the date.

He suggests the continuity of the coinage might have been broken to mark the 80th anniversary of Confederation 1867-1947. but otherwise has no explanation for the change.

It is believed this is the first time that such a change has been made, after one series of coins had been minted during the same year. So far no 1948 coppers have appeared.

Obituaries

MRS. JOHN ROBERTSON

NORWOOD, July 13.—(ENS) —The funeral of Mrs. John Robertson (nee Harriet Philps) was held from the home of her nephew, Mr. and Mrs. Kenneth Martin, in Campbellford, with the Rev. H. B. Neal of Lindsay, officiating.

Predeceased by her husband in 1937, Mrs. Robertson is survived by six daughters, Mrs. Charles Robinson, Buffalo, N.Y., Mrs. Roy Varty, Havelock, Mrs. Edison Varty, Campbellford, Mrs. Miller Parker, Norwood, Mrs. Wm. DeForrest, Toronto, Mrs. Jack Calladine, Peterborough; three sons, William, Douglas and Howard, all of Campbellford, and four sisters, Mrs. Tyler, Toronto, Mrs. Taylor, Buffalo, Mrs. Ryan, Toronto and Mrs. Beatty, Campbellford.

Interment was in Mount Pleasant cemetery, Campbellford.

MRS. ALBERTA RICHARDSON

The funeral of Mrs. Alberta Richardson, 306 Weller St., who died in hospital last Friday, was held on Monday at 2 p.m. Rev. E. J. Whan officiated at the service held at the Belleghem Funeral Home.

Pall-bearers were C. E. Clarke, J. H. Lawson, William West and L. Hawkins. Burial was in Little Lake Cemetery.

Dollar Handicap

LONDON, July 13 — (Reuters). — Britain's supply of gold was not sufficient to buy all the meat and bacon Canada was prepared to sell her, Dr. Edith Summerskill, parliamentary secretary to the ministry of food, said Monday. She gave this reply to the House of Commons to Derick Heathcoat Amory, who had asked if purchases of meat from Canada were at present limited by availability of supplies or lack of dollars.

De Laval Club Welcomes 4 New Members

Four new members who recently became eligible were welcomed into the De Laval Silver Circle Club at the third annual dinner held last week at the Peterborough Golf and Country Club. They are C. B. Chapman, S. A. Edwards, A. E. Ellis and J. P. Dionne.

C. L. Upper, vice-president and general manager of the company, presented each of them with a handsome silver tray, suitably engraved, marking the occasion. Nearly 60 members, whose individual service with the company is in excess of 25 years, attended the dinner.

During the evening, entertainment was provided by the De Laval orchestra under Mr. W. C. Forde, who together with Mr. G. F. Clark is a member of both orchestra and the Silver Circle Club.

It is interesting to note that in addition to the sixty-five Peterborough employees presently in the club, there are seventeen others throughout Canada within the charmed circle, these being located in Montreal, Quebec City, Vancouver and Winnipeg.

Those present included the following officers and members of the club:

C. L. Upper, honorary president; G. A. MacDonald, president; E. E. Simmons, vice-president; W. S. Hill, secretary-treasurer; F. Jackson, trustee; G. H. Cutmore, historian.

J. L. Girard, J. L. A. Girard, R. E. Clarke, J. H. Haw, G. W. Fitzgerald, W. Garrow, H. Carter, T. A. Williams, W. S. Derry, G. F. Clark, J. E. Downing, T. Pitchford, J. E. Ashmore, P. G. Pirie, E. Tucker, F. A. Rose, B. W. Pitchford, A. J. Corbin, C. J. M. Dopcroft, J. H Cooper.

J. A. Seger, G. E. Rogers, E. Whiteside, E. Clarke, J. A. H. Killingbeck, R. A. Williamson, J. R. Murray, W. C. Forde, E. G. Abraham, A. McGoverin, S. L. Hagerman, W. K. McGee, W. E. Woodhouse, W. F. Conroy, P. V. Scriver, P. W. Johnson, C. H. Cole, T. L. Griffin, J. Smart, W. M. Perks, A. Pickles, J. Vollans, F. Lanquete, V. Wilson, C. B. Chapman, S. A. Edwards, A. E. Ellis, J. P. Dionne.

Twelve other Peterborough members were unavoidably absent.

Four Traffic Cases Before Magistrate

There were four traffic cases received on guilty pleas by Magistrtae Philp in court today.

James R. Noonan, 211 Clark St., Oshawa, was fined $3 and $2.50 costs for driving past a stop sign.

Harold Mace, Burleigh Falls, paid $5 and $2.50 costs for failing to turn far enough left while passing another car.

La

Say Boom Days Returning To 2 Industries

NEWCASTLE-ON-TYNE, Eng. July 13—(CP)—Boom days have come again in coal and shipbuilding, the two big industries of the Tyneside.

Recalling the slump between the two World Wars, the government has encouraged establishment of light industries in this area, but they still are far subsidiary to the Big Two.

Shipbuilding is making by far the best show. Production is limited only by the amount of steel and other raw material allocated by the government. Recently, local members of parliament obtained from Sir Stafford Cripps, chancellor of the exchequer, a promise for larger supplies.

Has Priority

Tanker production has priority. This month Swan Hunter and Wigham Richardson will lay down the keel of a 28,000-ton tanker, one of three to be built in Britain.

Coal exports are rising steadily. For the first five months of this year, 384,078 tons were shipped abroad, compared with 10,186 tons in the same period last year. In 1938 they totalled 2,979,788 tons in five months.

Supply shortages are causing some difficulty in other industries. Engineering shops have been affected by the erratic supply of specialized steel and castings. Some managers complain their workers have adopted a "go slow" policy in case stocks of material are consumed too quickly, forcing factories to close down.

SO YOU THINK YOU'RE HOT?—Well, look at Joe. Working in the forge department of London CNR car shop, he spends his days stuffing iron billets into a hearth, and pulling them out again, sizzling hot. temperature in the body of the shop soars well over 90 degrees. Around the hearth, it's usually at the boiling point.

Closed Account

WASHINGTON.—Great Britain and the United States wrote an official "closed" to Britain's $31,000,000,000 lendlease account and other wartime obligations. State Secretary Marshall and British Ambassador Olver Franks signed two agreements settling odds and ends not previously covered.

Fruit Industry Facing Crisis

HAMILTON, July 13—(CP). — Fruitgrowers and shippers all through the Niagara fruit belt are viewing with apprehension the possible heavy loss they may suffer if the threatened railway strike goes into effect on Thursday.

At this time of year, when the cherry crop is on, most of the fruit shipments go out by railway express.

"We are all going ahead doing business as usual today," K. C. Baxter, Grimsby, said this morning, "but tomorrow, we have been informed, express shipments will only be accepted for points as far as Montreal to the East, and perhaps Sault Ste. Marie to the west."

An executive of another big Grimsby fruit shipper, said that if the strike goes into effect his firm would put as much fruit as possible into processing plants in an effort to keep from flooding nearby city markets.

E. J. Marsh, general manager of a fruit packing plant, said that a railway strike would, for a time, just about cripple the whole fruit industry. Truckers, he said, would take a lot of fruit to nearby markets but the largest part would probably have to go to processing plants.

LAND OF FIRE

Tierra Del Fuega, an island separated from South America by the Strait of Magellan, means "Land of Fire."

Today we Live in a Greater Canada

The Barren Lands Produce New Wealth

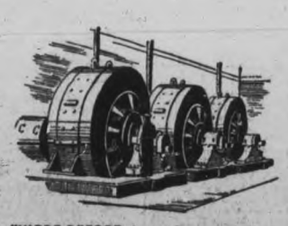
NEW MINES, new power dams — whole new communities — are rising where only yesterday was nothing but a waste of rocks, water and trees and frozen tundra. Today Canada has a new empire in the wilderness.

The development of our one-time wastelands is one of the most significant phases of Canada's modern advance. Every Canadian is benefitting from that expansion. Today we live in a greater Canada — far greater than we ever knew before — a land of new and exciting opportunities for those commencing their careers today.

. . . . . .

WAR-CREATED transportation facilities — by road and air — have opened up a hundred thousand square miles of the northwest, making accessible, for the first time, vast resources of farmland, forests, coal and power sites.

AT STEEP ROCK the wartime development of one of the richest bodies of iron ore on the continent has given us a new, long-sought primary industry . . . Today under the caribou moss of Ungava vast new areas of high-grade iron ore are now being actively explored.



WHERE BEFORE the war was a roadless Quebec wilderness, Shipshaw is now producing more than a million horsepower of electrical energy . . . At Yellowknife on Great Slave Lake, rich gold-bearing ores are being developed . . . From Great Bear Lake near the Arctic Circle comes precious radium . . .

NEW . . . OPPORTUNITIES

JOHN ADASKIN, son of an immigrant woodworker, developed his talents as a musician to win a distinguished place in Canadian radio. He became CBC's senior program producer; now has his own Productions company in Toronto; has produced over 4,000 radio shows, including some of the most popular on the Canadian air; is Master of Ceremonies and musical conductor on the national talent show "Opportunity Knocks".

JOHN ADASKIN says: "I have never regretted a career in Canada. Today — more than ever before — new fields and opportunities are opening up for young Canadians. As business in general expands, as the arts gain wider recognition, it's certain that opportunity will continue to knock harder and more often for the talent of this country."

One of a series presented by Molson's to promote a fuller realization by Canadians of Canada's present greatness

CanadiansRouse Soviet Wrath By 'War Acts'

MOSCOW, July 13 (AP)—Pravda, organ of the Communist Party, today attacked a group of Canadian and United States officials for arms brandishing.

Those attacked were Louis St. Laurent, Canadian Minister of External Affairs; Brooke Claxton, Canadian Defence Minister; Gen. Carl Spaatz, former chief-of-staff of the United States Air Force; Gen. Omar Bradley, United States chief of staff; William H. Draper, United States Undersecretary of the Army; John Sullivan, United States Navy Secretary; and Kenneth Royall, United States Army Secretary.

St. Laurent and Claxton were represented as the servant of Wall Street in Canada.

Pravda asserted the Canadian and American leaders were attempting to creats a war psychosis which evidently is needed by certain persons for their selfish purposes

The article said the United States State Department would have to bear full responsibility for the unbridled campaign of war propaganda being conducted by the United States.

Reviewing the United States reply rejecting a Soviet protest against war propaganda in the magazine Newsweek, the article cited other instances of war instigation in the United States.

Pravda referred to an article in Look magazine which it said was entitled Air Forces Plan Bombardment of Russia, and another in Life by Gen. Spaatz calling the Soviet Union the potential enemy of the United States.

(Gen. Spaatz said in his article, publisher July 5, that "it must be plain to every thinking person thtat the only nation in the world with military potential to challege the United States in he forseeable future is the USSR.")

School Reports

SS NO. 9, BELMONT

Twenty-nine pupils from Blairton School, SS No. 9, Belmont, have passed their public school examintions. Included in the list are two entrance pupils, James Cook and Edith Youmans, who were recomended without the necessity of writing.

Following is the complete list of the successful children:

Grade 7 to 8—Pass: Clarence McPhee, Ronald Russell, Nevada Wheeler.

Grade 6 to 7—Pass: Charles Kennedy, Edith Van Allen.

Grade 5 to 6—Honors: Muriel Cook, Glenn Nihill. Pass: Pauline Dafoe, James Hornsby.

Grade 4 to 5—Honors: Ruby Youmans. Pass: James Wallbridge.

Grade 3 to 4—Honors: Marie Cook, Morley Ellis, Ferne Hornsby. Pass: Joan Dafoe, Kelly Wellman.

Grade 2 to 3—Honors: Harold McFall, Marjory Vilneff. On Trial: Howard McGowan.

Grade 1 to 2—Honors: Leora Cook, Gloria Ellis, Patricia Hornsby, Winston McFall. Pass: Eugene Dafoe, Shirley McGowan, Bobby Nihill, Lois Youmans.

Mrs. Violet Hunter, teacher.

SS NO. 5, MARMORA

Grade 8 to 9—Billie Drummond, Betty Moffatt, Joan Shannon.

Grade 6 to 7—Charles Bailey, 80; Danny Maloney, 77; Patrick Maloney, 72; Lucy Shannon, 81.

Grade 5 to 6—Allan Bailey, 80; Barbara Bonter, 86; Bobby Drummond, 74; Edna Snider, 70; Mary Snider, 69.

Grade 4 to 5—Anna Bailey, 91; Douglas Carman, 90; Donna Moffatt, 76; Carl Maloney, 73.

Grade 3 to 4—Beverley Bonter, 87; Carol Campion, 85; Carol Mofatt ,82; Edward Shannon, 63; Margaret Shannon, 62.

Grade 2 to 3—Joyce Carman, 80.

Grade 1 to 2—Harold Maloney.

Grade 1—Shirley Hartin, Raymond Carman.

Miss Mary Shannon, teacher.

DEATH FOR SMOKING

In the 17th century the Turks imposed the death penalty for smoking.

Refinery Capacity Found Inadequate

OTTAWA, July 13 — (CP) — Trade Minister Howe said today it was doubtful whether there would be enough fuel oil in Canada this winter to supply all oil heaters in operation.

"Oil for heating is very, very ticklish, indeed," he told a press conference.

The shortage was in all refined products and refinery capacity in Canada was inadequate to meet the demand. Gasoline supplies, however, should be sufficient to meet the need.

Mr. Howe said the entire heating picture for the winter was on the dull side. Coal was available now but consumers were not laying in their supplies.

He added that the Government had tried to discourage the installation of new oil burners and that oil contracts would not "mean a thing" if the consumer was not certain that his dealer also had contracted for oil supplies.

Drier Than Usual

OTTAWA.—While flood waters swelled rivers in most parts of the country in June, Ontario, Quebec and Western New Brunswick were drier than usual, the Dominion Water and Power Bureau said.

AMONG THE ARRIVALS on the SS Veendem was this group of Hungarian exiles, who, it was reported, might explore the possibilities of setting up a Hungarian government-in-exile in the United States. Left to right, are Dezsoe Sulyok, founder and chairman of the Hungarian Liberty party and a member of the Hungarian parliament until he was expelled by the Communists; Mrs. Sulyok and Bela Halter, secretary of the Liberty party. They were greeted by a delegation of prominent Hungarian exiles.

Better Times Are Coming Experts Predict

By JAMES McCOOK

LONDON, July 13 — (CP) — Britain's efforts, sacrifices and economcies to save and earn dollars have failed to bring her near a trading balance with North America, but her economists remain confident better times are coming.

Government financial authorities say they can not agree with a conclusion reached by the Weekly Economist which said:

"To European eyes it seems overwhelmingly probable that the dollar shortage will last for a generation to come."

Present prospects are not encouraging. In 1938, Britain's visible trade deficit with Canada and Newfoundland was £56,700,000 ($226,800,000) and in 1947 £190,300,000. The deficit with the United States rose from £89,200,000 to £233,600,000 despite harsh curtailment of purchases in that country.

Explain Hopes

The Canadian loan, which kept food and materials moving to the United Kingdom even when she could not pay for them from her own funds, was a vital factor in maintaining trade between the two countries and keeping Britons fed and employed, sources said.

Authorities listed their hopes thus:

1. A reduction in import prices. If prices were nearer 1938 levels, Britain's trade deficit would immediately be reduced.

2. Good wheat and other crops in Canada, the United States and the chief producing countries.

3. An extension of Britain's production of export goods wanted in North America and in the world generally.

4. An over-all lowering of trade barriers as anticipated by the international trade organization to make easier the entry of British goods to American and other markets.

Head Of Reds In Italy Shot Down

Hold Sicilian Man For Attempted Assassination In Rome

ROME, July 14.—(CP).—Palmiro Togliatti, Italy's No. 1 Communist, was shot and gravely wounded today as he emerged from Chamber of Deputies building.

Soon shouting, angry mobs of Leftists clogged the square before the Chamber building. Violence threatened to engulf all Italy. The Communist-led Labor Confederation called a general strike in the city of Rome. Premier Alcide De Gasperi termed the shooting "the worst thing that could happen."

Heavy firing echoed through the Piazzi Colonna near the scene of the assassination attempt as police fought back the Communist-led crowds.

Police seized Antonio Pallante, 25-year-old fiery Sicilian Nationalist, as the attempted assassin. He fired five bullets at Togliatti. Two penetrated his chest, one grazed his neck, and the other two missed their mark as 55-year-old Togliatti lay on the ground.

The first bulletin of the condition of Togliatti said he was sleeping and resting. One surgeon expressed belief Togliatti would live.

Workers Walk Out

News of the attack on Togliatti spread quickly throughout the country. In Milan, a Leftist citadel, workers quit without waiting for orders from their Communist labor leaders.

The assassination attempt caused both the Chamber of Deputies and the Senate to adjourn their sessions.

3 More Planes Being Detained

WASHINGTON, July 14. — (AP).—Detention of three Constellation transport planes at Millville, N.J., and at Rome, Italy, on suspicion they were to be flown to Palestine to join Israel's fighting forces was reported Tuesday to the State Department, officials said.

Two of the planes were held by customs agents at Millville and the other was detained at Rome on request of the State Department, it was stated.

An embargo which went into effect last Dec. 5 bans the shipment of munitions of all kinds, including aircraft, to Palestine and neighboring Arab lands.

Officials said all three planes came from Burbank, Calif., and were registered as owned by a firm whose president they identified as I. R. Shindler. This was the name given by the pilot of a fourth plane — a former army B-17 bomber—which was detained Monday at Dartmouth Field, near Halifax, by Canadian authorities. Eight other men were aboard the B17.

31,691 Drivers Lose Licenses

TORONTO, July 14 — (CP) — J. P. Bickell, registrar of motor vehicles for Ontario, said today that as of Jan. 1, 1948, a total of 31,691 motorists are banned from driving on Ontario highways.

Mr. Bickell said the permits of 7,775 motorists were suspended last year. Careless drivers headed the list with 3,376 of the total while drunken driving resulted in 1,014 suspensions. The offences under which suspensions were handed out ranged from inadequate lights to motor manslaughter.

Since the law became effective in 1930, a total of 83,473 motorists have been put under suspension from driving. The licenses have been restored in 51,782 cases after financial responsibility was proven.

Want To Discuss Germany Not Berlin—Soviet Note

WASHINGTON, July 14—(AP).—Russia replied today to the United States, British and French protests against the Soviet blockade of Berlin. Soviet Ambassador Alexander S. Panyushkin delivered Moscow's response personally to State Secretary Marshall at the State Department at 10.30 a.m. EDT.

Panyushkin told reporters who talked to him outside Marshall's office that he had delivered a note to the Secretary and that it was an answer to a note of the State Department dated July 6.

A diplomatic source in London said that he had a brief glance at the British note, handed by Soviet Ambassador Zarubin, and that it expressed Russian willingness to join four-power talks for a settlement of East-West differences if the talks concerned all Germany rather than Berlin alone.

This informant said the Soviet

Five In Car Killed In Truck Collision

GRANBY, Que., July 14 (CP) — Death toll in Tuesday's collision between a car and a gravel truck near this Eastern Townships city rose to five early today when 15-year-old Pierette Bouchard of Montreal died in hospital here.

The other dead, all from Montreal, are: Giselle Lavasseur, 18; Joseph Salvail, 30, driver of the car; Gertrude Bouchard, 28; and her sister Rose-Aimee, 17. All died in hospital Tuesday night.

The accident occurred near St. Paul D'Abbotsford, nine miles from here, on a new gravel highway. Eyewitnesses said a dense cloud of dust obscured Salvail's vision and caused him to swerve into the path of the oncoming truck, which was loaded with more than 10 tons of gravel.

Provincial police named Jean Paul Ricard, 25, of nearby St. Cesaire as driver of the truck.

Canada Gives Full Support To UN Cease-Fire Order

LAKE SUCCESS, July 14 — (CP). — Canada today gave full support to a resolution before the United Nations Security Council which would order Arabs and Jews to stop fighting.

Gen. A. G. L. McNaughton of Canada told the council it has no alternative but to apply the "imperatives" voiced in the United States proposal.

Britain and Belgium have announced support of the resolution which calls for a truce in Palestine within three days of adoption of the resolution.

McNaughton said the Canadian delegation "fully realizes the gravity of the step the council would take in approving the resolution.

The proposal was virtually assured of gaining the necessary seven votes in the 11-member council.

Russia, the Soviet Ukraine, France and Colombia backed a similar resolution put forward by the United States May 29. But it was defeated when Britain, Canada, China, Argentina, Belgium and Syria abstained on the vote.

The new resolution terms the situation in Palestine a "threat to the peace," putting it under Article 39 of the UN charter. That article provides for use of diplomatic and economic sanctions and eventually armed force in the event of a "breach of the peace."

An unconditional cease-fire in Jerusalem to take effect within 24 hours of the resolutions adoption, would also be ordered.

Danish Queen Hurt In Crash

COPENHAGEN, July 14 (AP) —Queen Ingrid of Denmark and two of her young daughters were injured today when the Queen's automobile skidded on a slippery road and crashed into a tree.

King Frederik IX drove to the scene from nearby Graasten Palace, the royal summer residence. He helped the Queen and Princesss into ambulances, in which they were taken to the state hospital at Sonderborg. Their condition was described as not serious.

Police said the Queen was driving the royal car. The sauffeur was at her side, in the front seat Princess Margrethe, eight, and Princess Ann Marie, 23 months were in the back seat. The crash occurred near Lave Wood, north of Graasten, South Jutland.

Queen Ingrid was able to get out of the car herself, although she limped from a fractured knee cap She carried the two princesses out of the car.

Both the little girls were bleeding from bruises of the face. The chauffeur suffered the most severe injuries—a fractured skull and a crushed jaw. His condition was termed serious.

US Bans Coal Shipments To Dominion

Trains Discontinued For Passengers Prior To Midnight

WASHINGTON, July 14. — (AP).— Rail shipments of coal to Canada were embargoed Tuesday to avoid having cars tied up by threatened Canadian rail strike.

The embargo order was issued by the car service division of the Association of American Railroads in co-operaton with the Interstate Commerce Commission.

The United States already is short of coal cars, an A.A.R. official said, and hopes to avoid having any stranded in Canada by the dispute between rail workers and the Government. The strike has been tentatively set for 6 a.m., Thursday.

The daily coal movement from the United States to Canada is around 700 cars.

Ignore Routings

In another move Tuesday, the I.C.C. issued an order permitting railroads to ignore shippers' routings between United States points by way of Canada. This also is intended to avoid having American rolling stock stranded by the strike.

About 25 or 30 railroads connect with Canadian carriers and move shipments across Canadian territory. An example of such a routing is from Detroit to the Niagara frontier across Ontario, a route which is substantially shorter than to go around Lake Erie.

A. F. Swinburne, head of the car service division of the Association of American Railroads, said the embargo will apply only to shipments which would have started after the notice is received.

In practical application, he said, this will halt coal destined for Canada which is loaded Wednesday, since the order will be generaly received by noon.

Emergency Plans

NEW YORK, July 14—(AP).—The New York Central Railroad system today announced emergency service plans to go into effect in the event of a strike of Canadian railway brotherhoods. The strike, if called, will go into effect at 6 a.m. Thursday.

Some trains will be discontinued, while others will terminate at points on the American side of the border.

The Montreal Limited, scheduled to leave here at 11.15 p.m (EDT) Wednesday, has been cancelled. The Mount Royal, departing at 10.45 p.m. will terminate at Rouses Point, NY.

Sleeper service on trains to Toronto from New York, Boston Pittsburgh and Cleveland will terminate at Buffalo.

On Thursday all Montreal trains on the Central's Adirondack division will terminate at Malone, NY, and all trains of the Toronto-Hamilton-Buffalo line will be discontinued.

HON. R. B. HANSON, former Conservative leader, died in Fredericton early today. He was 69. He assumed parliamentary leadership of his party when the late R. J. Manion and his Conservative forces were defeated in 1940.

Hon. R. Hanson Dies At 69 In Fredericton

FREDERICTON, July 14. — (CP). — Hon. Richard Burpee Hanson, lawyer - politician who argued every inch of the way in court or Commons, died in hospital here early today after two weeks' illness. He was 69.

As House leader he guided Progressive Conservative parliamentary strategy for three critical war years after the Liberal sweep of 1940 left his party numerically weak.

When the late R. J. Manion and his Conservative forces were overwhelmingly defeated in the 1940 general election, Mr. Hanson, one of two former ministers of the last cabinet of the late Viscount Bennett left in the House, assumed the parliamentary leadership.

Great Responsibility

He held the vital post and responsibility of leader of the opposition during the war years of 1943 when Canada was in the controversial throes of mobilization and the Allies' fortunes of war were low.

In 1943 Hon. John Bracken assumed national leadership of the party. Mr. Bracken did not enter the Commons until after the 1945 general election, and in the meantime the House leadership was assumed by the then-youthful Gordon Graydon, member for Peel in Ontario.

But the veteran Mr. Hanson remained as Mr. Graydon's deskmate, and by tacit agreement was a sort of second leader of the opposition.

Mr. Hanson's qualifications for party House leadership included chairmanship of parliamentary committees on railways and telegraphs and banking and commerce. He had also served during the Bennett regime as minister of trade and commerce.

He held the York-Sunbury seat from 1921 to the 1935 general election when the Liberals won the seat. They held it for only one term and Mr. Hanson won it back in 1940.

Agree To Call Off Strike Must Still Settle Effective Increase Date

Air Of Cheer Noticed Among Negotiators Entering Final Stage Of Battle; Cabinet Holds Important Morning Session

OTTAWA, July 14—(CP).—The Canadian Press was informed authoritatively today that rail unions have agreed to call off their strike on the basis of a 17-cents-an-hour increase and that the only point still at issue is the effective date of the raise. This information developed as rail unions representing 150,000 men engaged in a series of conferences with Labor Minister Mitchell following a Cabinet meeting at which a settlement figure described as "final" had been under discussion.

The settlement, according to highly - qualified informants, would be nailed down this afternoon—about 14 hours before the deadline for the strike opening—if the negotiators ironed out the issue of the effective time of the increase.

OTTAWA, July 14 (CP).—Labor Minister Mitchell announced today the railway wage dispute has been settled with the unions agreeing to an increase of 17 cents an hour retroactive to last March 1.

Apart from the Canadian Press information on the prospects for settlement, an air of cheer was apparent among the negotiators as they moved into the final phase of the long-drawn-out battle at Labor Department headquarters.

Beams Broadly

Mr. Mitchell was beaming broadly when he emerged from meetings with the two groups of unions to announce the cabinet would meet again at 2 p.m. EDT and that he would see the union men again an hour after that.

He was asked what were the prospects of settlement.

"Just look at my face," he smiled.

A. R. Mosher, president of the 28,000-man Canadian Brotherhood of Railway Employees and Other Transport Workers (CCL), had come out of a meeting a few minutes before with the observation:

"No news yet—but soon."

Frank Hall, chairman of the negotiation committee for 18 international unions representing 128,000 men, had no comment at this stage.

"There's nothing to tell," he

Fear 20 Passengers Killed In Air Crash

TOULON, France, July 14. — (AP)—A transport plane reported carrying 20 persons crashed today on the rocks of nearby Cap Sicie.

Six bodies were reported recovered and no survivors had been found near dusk.

One report was that the plane was a British Dakota but British European Airways in London said none of its planes is missing.

Jews Announce Big Gains On Three Fronts

CAIRO, July 14.—(AP).—The Jews announced military successes today in North, South and Middle Palestine.

They claimed to have captured Shafa 'Amr, 12 miles west of the major port of Haifa. It was the nearest base of Fawzi Pasha Al Kaukji, who leads Arab volunteer forces, to Haifa.

Twin-engined Syrian bombers attacked Haifa for the second time but caused no serious damage.

In the centre, the capture of Ras 'Al Ein, nine miles northeast of Tel Aviv, relieved the Petah Tquva suburb of Arab shelling. It promised to ease the water shortage to the 10,000 besieged Jews in Jerusalem. The town is the terminus of the Jerusalem pipeline.

The Jews said a Commando attack in the Negba area of the south, 16 miles northwest of the big Egyptian base of Gaza, wiped out half of an Egyptan company.

The Jerusalem, Irgun Zvai Leumi said it planned to turn over kidnapped British electricity company officials to the Israeli army. The men were questioned on suspicion of espionage.

A decisive battle appeared to be developing around Latrun, held against increasing Jewish artillery fire.

Say Coal Miners To Stop Again

PITTSBURGH, July 14 (AP).—Routine union meetings of "captive" coal miners are expected to halt a return-to-work movement until tomorrow despite a union-management agreement reached Tuesday in Washington.

The contract walkout at its height made idle nearly one-fourth of the United States' 400,000 soft coal miners. Forty thousand of the idle were employed at captive pits, those owned by steel companies, and 55,000 commercial diggers laid down their picks in sympathy.

Many of the commercial miners had returned to work by the time the captive miners agreed to new contract terms previously accepted by the other operators.

The captive miners did not return to work at the close of the mine vacation July 6 because the steel companies had refused to sign the new mine contract. The companies objected to its union shop provision, but Tuesday they agreed.

Democrat Strife May Break Out In Open

Rebellious Southern States Refuse Negroes Equal Treatment

PHILADELPHIA, July 14 — (CP). — The Democrats today threatened to bring their intra-party fight into the open at the national convention as the rebellious southern states remained adamant against a platform plank assuring equal treatment for Negroes.

The 1,596 delegates were offered the chance to complete the nominations today of President Truman as presidential candidate and Senator Alben Barkley of Kentucky for vice-president—and go home.

The "solid" southern states, always for the Democratic party, have been angry at President Truman ever since he asked Congress to enact legislation abolishing the poll tax, ending segregation between Negroes and whites and making lynching a Federal crime. The south regards such legislation as a violation of states' rights.

Buck Plan

The southerners, who are planning a "rump" convention later this year to put their own man in the running for the presidency —but are unlikely to do it—want the matter of civil rights left in the hands of the States.

That would be the same as doing nothing about it at all because the southerners are against doing anything to alter the status of the Negro.

Truman was ready to fly to Philadelphia today to make his acceptance speech, assuming the nomination would be completed by this evening.

But the southerners, who have embarrassed him by their attempts to get an alternative candidate, and who claim they will withhold their support, may alter those plans.

The field was narrowed Tuesday when Senator Claude Pepper of Florida announced that his candidacy, declared Sunday, was cancelled.

Other Planks

Besides the civil rights plank, other major features in the platform are:

Labor—Repeal of the Taft-Hartley Labor Act and a boost in the minimum wage from 40 to 75 cents an hour.

Foreign policy—Strengthening of the United Nations, with the party pledged to "continue to lead the way toward curtailment of the (UN) veto" that has blocked many activities of the world organization. Establishment of an international armed force to back up UN decisions.

National defence—Maintenance of "an adequate army, navy and air force" to assure security against aggression.

Atom bomb—Effective international control of weapons of mass destruction.

Israel—Revision of American arms embargo, to permit shipment of war materials to the new state now embattled with the Arabs. Other Israel aids.

Airport Men Back 100,000 Others Idle

PARIS, July 14 — (AP). — France observed Bastille Day today in an atmosphere of labor unrest. Wage walkouts have made 100,000 Frenchmen idle and threatened to affect 1,000,000 government workers.

The gloomy labor scene brightened slightly Tuesday night when strikers in French airports, who had slowed plane traffic almost to a halt, agreed to return to work. Terms of the settlement were not disclosed.

Meanwhile Premier Robert Schuman negotiated with union leaders to prevent a further spread of the walkouts.

3 US Companies Loan Canada $150,000,000

OTTAWA, July 14.—(CP). — Canada has switched her current borrowing in the United States to the open financial market.

This, in effect, is the meaning of Finance Minister Abbott's announcement that the Government is selling $150,000,000 in long-term bonds to three American insurance companies.

The financing replaces, although it doesn't yet entirely eliminate, the $300,000,000 loan negotiated last fall with the United States export-import bank — which was virtually borrowing from the United States Government.

The $150,000,000 will be used in the main to pay off $140,000,000 already received from the export-import bank, and that much of last year's deal is wiped out and can't be re-borrowed. It leaves $160,000,000 which still can be called for in case of necessity between now and the end of this year, when the arrangement runs out.

The new bonds will be payable in United States dollars, pay interest of three per cent., run for 15 years from Aug. 1, 1948, to Aug. 1, 1963, and have been sold at par.

The interest rate is one-half per cent. above that paid for the export-import loan, but the deal with the private companies is apparently regarded by the Government as a good one.

Three U.S. Tourists In Crash At Picton

PICTON, July 14.— (CP). — Three United States tourists were injured Tuesday when their car missed a turn near here and plowed into two trees.

Injured were: Aaron Gaizband of Elizabeth, N.J., driver of the car, suffering from fractured ribs, a displaced collarbone and internal injuries; his sisters, Mrs. Edith Lanser and Mrs. Jeannette Reid of Cleveland. Mrs. Lanser has a broken shoulder, broken vertebrae and a broken wrist, and Mrs. Reid suffered deep cuts and a spinal injury. Mrs. Gaizband was not injured.

The Weather

Peterborough Temperatures:

Today:
Night low..55 Noon ...70

Yesterday:
Highest....76 Lowest..62

One Year Ago:
Highest....82 Lowest..61

Sun—Rises at 5:48; Sets at 8:58

During the past three days a mass of cool polar Canadian air has gradually eased southeastward across Ontario and it now covers the entire province. Pressures are relatively high and the weather map indicates no immediately change. Thus for today and Thursday we may look forward to clear weather, with pleasant sunny days and cool nights.

Forecasts:
Lake Erie, Lake Huron, Lake Ontario, Niagara, Georgian Bay and Haliburton regions—Clear. Not much change in temperature. Winds light.

Summary for Thursday: Clear.

$20,000 Estate

LOS ANGELES, July 14 — (AP). — Carole Landis' estate may not exceed 20,000 exclusive of life insurance, reading of her will disclosed Tuesday. The film actress, who committed suicide July 5, left everything to her mother, Mrs. Clara Ridste.

Two-Year Agreement

OSHAWA, July 14 — (CP). — Company officials Tuesday announced that a two-year agreement, subject to ratification by the union membership, has been reached between General Motors of Canada and Local 222 of the United Auto Workers (C.I.O.)

The International Harvester Company of Canada Ltd. announce the appointment of Woods Truck and Equipment Company of 288 Charlotte Street, as their International Motor Truck Dealers, with Mr. Q. C. Woods as president, for Peterborough and District.

Mr. Woods' wide experience in the transportation and equipment industry will benefit the many International Motor Truck operators in this district.

SOME OF TREASURES SEEN at the Antique Dealers' Fair in London were these English pedestals of 1780. They were used one time for wine storage. The one on the Left is lined with zinc and a drawer in the bottom cupboard contains a grate used for charcoal burning. Wines were stored in the urn above and when it was necessary to take the chill off them they were placed in the cupboard for a short time. The pedestal on the right is for wine cooling. The wine bottles were placed in the urn above which usually contained ice.

311 Prisoners Ask For Peace After 30 Hours Outside

GUELPH, July 14—(CP).—Ringleaders in the recent reformatory disturbance here will be strapped, Reforms Minister Dunbar said today. The same punishment was given leaders of a disturbance at Burwash Reformatory a few weeks ago. The Minister said he had refrained from ordering strapping of rioters at Mercer Reformatory last month because there might be "some public resentment" if a woman were strapped.

After an enforced stay of 30 hours in the open air the Guelph prisoners sued for peace. Spokesmen for the 311 prisoners involved promised to behave.

The men, who had been held outdoors in a guarded exercise yard as a disciplinary measure, then were let back into an assembly hall at the reformatory. But officials said the men would be kept on a bread-and-water diet until it is seen whether they keep their promise.

The incident, involving more than one-third of the Reformatory population, was the third within a month in an Ontario institution. Recently women prisoners rioted at Mercer Reformatory in Toronto, and male prisoners staged a disturbance since then at Burwash Industrial Farm near Sudbury.

Get Good Food

One of the Guelph prisoners was reported to have called out at the start of Monday's demonstration:

"What about the food?"

However, officials insisted that the food is as good as that served at any other comparable institution in North America.

Reform Institutions Minister Dunbar said in Toronto the men were kept in the open as a purely disciplinary measure.

"Many persons forget that the type of person we get in the institutions does not take kindly to discipline," he said. "We intend to maintain that discipline by such means as are necessary.

"We are not going to have the inmates trying to run the institutions."

Peterborough Hogs, Grain And Produce

WEDNESDAY, JULY 14.

Hog quotations, $30.65 plus transportation.

Sow quotations, $20 plus transportation.

Eggs: A-large 44c, A-medium 42c, A-pullet 38c, B 33c, C 29c.

Jeeploads of riot police, wearinging helmets and swinging clubs, sped through the area, scattering hundreds of demonstrators.

In the Via Uazionale, a main thoroughfare, several hundred workmen fell back before a truckload of riot police who held Tommy-guns in readiness.

Heavy police reinforcements surrounded the hospital while surgeons operated on Togliatti.

Ban Suicide Reports?

VANCOUVER, July 14 — (CP). — An attempt to ban press reports of suicides may be made by the British Columbia Medical Association in line with recommendations made by the British Medical Association. Press reports are believed by some psychiatrists to touch off waves of "imitative suicides" among people toying with the idea of taking their own lives.

declared as he announced merely that his group would meet again with the minister at three o'clock.

No Specific Information

There was no specific information as to the extent of the difference between the unions and the government on the effective date for the increase.

Originally, unions had taken the stand that any increase they obtained would have to be retroactive to last December 20. The railways, in making counter-proposals had set April 8 as the date

It was understood that the government in its latest offer was still holding to April 8, while the unions had partly closed the gap between December 20 and that date.

To-day's reported settlement represented a big concession from the union's original demand for an increase of 35 cents an hour.

The government's latest offer followed a Cabinet meeting lasting an hour and 40 minutes, ending at 12:40 p.m. Mr. Mitchell left the meeting, briefly placed the latest proposal before the international unions, and left them to discuss among themselves.

If the Canadian Press' authoritative information on the settlement terms is correct, it will mean cancellation of plans for a crippling country-wide tie-up of rail transport that would reach into every facet of Canadian life.

It would mean the cancelling of embargoes on the shipment of perishable freight including many foods—due to go into effect at midnight— and the lifting of threatened restrictions on passenger and mail services, accommodation in hotels operated by the railways.

It would bring, too, removal of an embargo on the shipment of coal from the United States to Canada, which the US had imposed as the strike grew imminent.

Commercial telegraph services —which would have been knocked out under the strike — also would be assured of continuing normally.

The strike was due to start 19 hours after the time set for the Cabinet meeting, but a union spokesman said Tuesday it would be "touch and go" to call off the walkout unless a settlement was reached by noon today.

Frank H. Hall, chairman of the committee negotiating for 122,000 members of 18 international brotherhoods, said, however, that noon was not the final time; the issue could run until around midnight tonight at the latest without major dislocation of the roads if a settlement developed.

If an "honorable and satisfactory settlement" was not obtained before then, Mr. Hall said, the strike would be called.

The Canadian Brotherhood of Railway Employees and Other Transport Workers (CCL), the other group involved in the strike threat, indicated earlier it was following the same line as the international unions.

The unions' original demand was for a 35-cents-an-hour boost. It later was scaled down to 28 and it became known Monday that they were asking something less than that figure. The companies have offered 10 cents.

Take No Shipments

MONTREAL, July 14.—(CP). — Canadian railways, facing a strike which would cripple their operations, will accept no freight shipments after midnight tonight.

The Railway Association of Canada announced this drastic action Tuesday night. It warned also that there is no guarantee service can be maintained after 10 p.m. tonight in 17 hotels operated by the Canadian National Railways and Canadian Pacific Railway.

Hotel employees are among the 150,000 union members who will walk out if the strike goes into effect at 6 a.m. (local time) tomorrow as scheduled.

An earlier embargo—announced last Saturday—affected only livestock and perishable commodities.

Tuesday night's statement said in part:

Cancellation of passenger trains will begin on Wednesday and those who do travel are again warned that they must be prepared to terminate their journeys by midnight Wednesday, July 14."

Among the hotels at which service cannot be guaranteed if the strike takes place are: Chateau Laurier, Ottawa; Royal York, Toronto; Prince Arthur, Port Arthur.

Golds, Industrials Weaken On Exchange

TORONTO, July 14.—(CP). — Golds and industrials weakened in dull trading on the Toronto stock exchange today. Base metals and western oils were steady.

Indusrtials traded within narrow fractional range. Ashdown advanced ¼. Montreal Locomotive, Walker's New, Massey-Harris, National Hosiery B, Winnipeg Electric, and Powell River strengthened.

In senior golds, Bralorne dropped 10 cents and Kerr Addison dropped ⅛.

Base metals mxed gains and losses. Leading the gainers were Pend Oreille, which advanced 10 cents.

Western oils were steady in spotty trading. Pacific Petroleum was the main gainer, advancing 4 cents. Leduc West and Royalite also strengthened.

note denied that the Russians deliberately sealed off Berlin.

The British note was delivered to Zarubin July 6 when similar notes were handed simultaneously to the Soviet Ambassadors in Paris and Washington by the French and United States governments.

The three notes called for the lifting of the Soviet blockade of Berlin.

The Allied air lift of food from the west has built up a four-week bank for 2,000,000 Germans living in western Berlin, American officials announced. And in London, government sources said Britain is preparing to increase greatly the number of men and planes assigned to the job.

Anthony Eden, former foreign minister, went to Berlin with Sir Brian Robertson, British military governor. It was said they planned to confer with Gen. Lucius D. Clay, United States military governor.

CCF Leader Pays Tribute To Hanson

OTTAWA, July 14—(CP)—M. J. Coldwell, C.C.F. leader, paid this triute to Hon. R. B. Hanson, former Progressive Conservative Commons leader who died in Fredericton early today:

"It was with deep regret that I learned of the passing of Mr. Hanson, who assumed the difficult task of acting leader of the opposition upon the defeat of Mr. Manion.

"Mr. Hanson represented the country ably and well and although I disagreed with the principles enunciated, I respected his point of view and his sincerity."

Man Arrested In 'Gold' Deal

TORONTO, July 14 — (CP).— John Chorny, 59, of Toronto, was arrested to-day on a charge of obtaining $4,000 by false pretences in a "gold brick" deal.

Police said Chorny was arrested after Mr. and Mrs. Vasilie Burac of Capreol recognized him on a street car here.

Burac handed over 20 years' savings from working as a section hand on the railway to two men in Sudbury last month to buy high-grade gold, he told police. He was left standing on the street as one man left on the pretext of leaving to deposit some money and the other left to telephone.

Bail for Chorny was set at $10,000.

Cheese, Produce And Livestock

HOG PRICES

TORONTO, July 14.—(CP). — Hog prices today at Stratford for grade A delivered, to farmers, was $31.10; to truckers, $31.25. At Hull hogs off truck were unquoted. Dressed grade A delivered were down 25 cents at $31.00. Some sales were made.

CHICAGO GRAIN

CHICAGO, July 14 — (AP) — Grains were mostly lower at the opening on the Board of Trade today. Losses were limited generally to fractions. September wheat was an exception to the general trend, making a slight advance.

Wheat started ¼ cent lower to ⅜ higher, July $2.28-$2.28⅛; corn was unchanged to ¾ cent lower, July $2.05-$2.04½, and oats were ⅛-½ lower, July 89¼.

BUFFALO LIVESTOC..

BUFFALO, N.Y., July 14—(AP) —Cattle 550; dairy type fat cows 21.00-22.00; weighty cutters 18.00-20.00; weighty canners 14.75-15.75; fat dairy heifers 22.25-24.25; good bulls 21.00-22.50.

Calves 100; choice 32.00-33.00.

Hogs 900; goo dto choice 180-240 lbs. 29.50-30.25; heavier 29.00.

Lambs 800; good to choice 31.00-32.00; old sheep good 11.00-12.00.

TORONTO FRUIT

TORONTO, July 14 — (CP). — Wholesale fruit and vegetable prices here today are unchanged with the following exceptions:

Raspberries, pints, 28-32 cents; hothouse tomatoes, No. 1, 30-40; hothouse tomatoes, No. 2, 25-30 cents; beans, wax, $1; radishes 50-60 cents; cabbage, orange crates, 75 cents; celery, green, $3.50-$4; cherries, 6 qts., Leno, $2-$3.

TORONTO PRODUCE

TORONTO, July 14 — (CP). — Produce prices on the spot market here today were quoted as follows: Churning cream unchanged. No. 1 73 cents fob; 77 delivered.

Butter prints unchanged. First grade 69; second grade 68; third grade 67.

The egg market is quiet and traders are cautious due to the unsettled railroad situation. Country shippers quoted graded eggs, cases free: Grade A large 50; Grade A medium 48; Grade A pullet 44; Grade B 40-41; Grade C 36-37. Wholesale to retail: Grade A large 53-54; Grade A medium 51-53; Grade A pullet 47-50; Grade B 44-45; Grade C 40.

Butter solids unchanged. First grade 57¼; second grade 65¼-66¼.

TORONTO LIVESTOCK

TORONTO, July 14 — (CP). — Trade on the livestock market here today was dull with few good quality cattle offered to buyers. Receipts reported by the Dominion marketing service were: cattle 415; calves 325; hogs 275; sheep and lambs 90. Left from Tuesday's trading were 700 head of cattle.

A few medium to good quality weighty steers sold at $21-$22 and a few butcher steers were $19. Heifers were $18-$21. Good butcher cows were $15-$16 with a few light heifer cows up to $17. Common to medium quality cows sold downward to $12. A few good bulls sold from $14-$16.75.

Choice veal was steady at $22-$23 with an odd top of $23.50; common to medium were weaker selling downward to $15. Heavy to medium calves were slow.

Hogs were $31.25 for grade A; $30.85 for grade B1. Sows were $21 dressed.

Good spring lambs were strong and steady at $23 for good ewes and wethers with $1 discount on bucks. Good light sheep were $5-$8 with extreme tops of $9. Fat heavy sheep were slow and hard to sell at $5 - $6.

WINNIPEG GRAIN

WINNIPEG, July 14—(CP)— Barley futures took an independent easier tone in early trade today on the Winnipeg Grain Exchange as small Eastern selling came in at top levels. Commission house selling, prompted by weaknesses at Chicago and reports of future rains in the West, also appeared in Barley trading.

Oats futures prices hovered around previous closing levels in dull trade.

Local, Commission House and American selling held rye futures prices down despite some export buying in the October and December months.

10 A. M. prices:

Oats—July ¼ higher at 90 7-8B; ;Oct. unchange dat 83 ¾ A; Dec. not open.

Barley—July ⅛ lower at $1.28 7-8B; Oct. unchanged at 83¾ Dec. ⅛ lower at $1.07¼A.

Rye—July not open; Oct. 4⅜ lower at $2.01⅝A; Dec. 4 lower at $1.95A.

Inspections: wheat this year 179; last year 294; cars of con-50-42; flax 13-1; rye 1-1; other grains nil-2; total 331-364.

PichlA!

BLIND MAN'S TRIUMPH

"Paradise Lost", the great epic poem begun by John Milton in 1658 and finished five years later, was composed while he was blind and copied by his secretaries.

Cancel License

VICTORIA, July 14 — (CP). — The British Columbia cabinet Tuesday cancelled the license of Home Assurance Co. of Canada to collect premiums in the province. The move followed the Alberta government's action Monday in revoking the license that province and appointing provisional liquidator.

EGYPTIAN PHYSICIANS

The ancient Egyptians are said to have performed amputations and various operations on the eye.

3 Canadians Get Perfect Scores

BISLEY Camp, ENG., July 14 —(CP)—Three Canadians cracked in with perfect scores at the first range today as a total of 1,259 British and Empire marksmen opened firing in the first stage of the King's prize, the classic of the National Rifle Association's two-week meeting.

The first stage today called for seven shots each at 200, 500 and 600 yards. The top 300 scorers go into Friday's second stage, and the 100 best then enter the final shoot Saturday.

At the 200 yard range of the first stage today Sgt. Alec Parnell and Cpl. Thomas Woods, both of Montreal, and Flt.-Lt. Dave Reynolds of Ottawa all had seven bull's eyes for a perfect score of 35.

Other Canadian scores at 200 Sgt. A. O. Hutchinson, Fergus, 33; Lt.-Col. Jack Steele, Guelph, 32.

Field Marshal Smuts ReturnedUnoppposed

PRETORIA, July 14—(Reuters)—Field Marshal Jan Christian Smuts, former South African prime minister, was returned unopposed today in a by-election at Pretoria East where C. W. Clark of Smuts' United Party resigned in Smuts' favor.

Smuts was defeated in his own constituency of Standerton by W. C. Duplessis in the recent elections in which Dr. Daniel F. Malan's Nationalist Party was victorious.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

Flexboard Foils Fire Hazard

What is Flexboard? Well, it's one of the most versatile building materials Johns-Manville has ever developed. It's a flexible building board that is absolutely fireproof!

Made of asbestos and cement, J-M Flexboard comes in big sheets, four feet by eight feet which saw and nail just like wood. It is fireproof, rotproof and durable as stone — yet can be bent to fit moderately curved surfaces.

Flexboard is perfect for partitioning living quarters or sub-dividing your basement into recreation room, laundry, furnace or storage room. And, since it is unaffected by weather, Flexboard can be used out-of-doors for either new building or remodelling. See your nearest J-M dealer for full details and free folder. Peterborough Lumber Co., Ltd. Phone 4655.

Legion Plans To Attend Cobourg Service

CAMPBELLFORD, July 14 — (ENS). — Either the intense heat or the band rehearsal going on outside had something to do with the Legion meeting here Monday night, for it was quite short.

Applications for membership in the branch were received from two local ex-servicemen, E. Irwin and John O'Torrance, both of which were approved.

The acting secretary read a letter from Comrade Jimmy Routh who is presently in Kingston Military Hospital, in which he sent greetings to the branch and said that he was doing quite well.

There is to be a mass drumhead service at Cobourg on Sunday, August 1, according to a letter read by the secretary, and the branch was asked to send a large representation.

It was agreed that members who have cars will arrange to transport those who have not, the branch providing the necessary gasoline, as has been the practice in the past.

The cost of installing bronze plaques on the cenotaph, one on each side, containing the names of those who died in the last war, would be $450 the members were told. Members were unanimous in the feeling that the plaques must be installed, regardless of cost, but after some discussion, it was agreed that as only one firm had been asked for a quotation, further questions should be sought from other firms.

Following a suggestion from Comrade Owens, the branch agreed to forward a resolution to the zone office, asking that the district branches cooperate in the formation of a hospital committee which would be responsible to see that any man from the district entering a military hospital would be able to obtain comforts, as is customary with most branches.

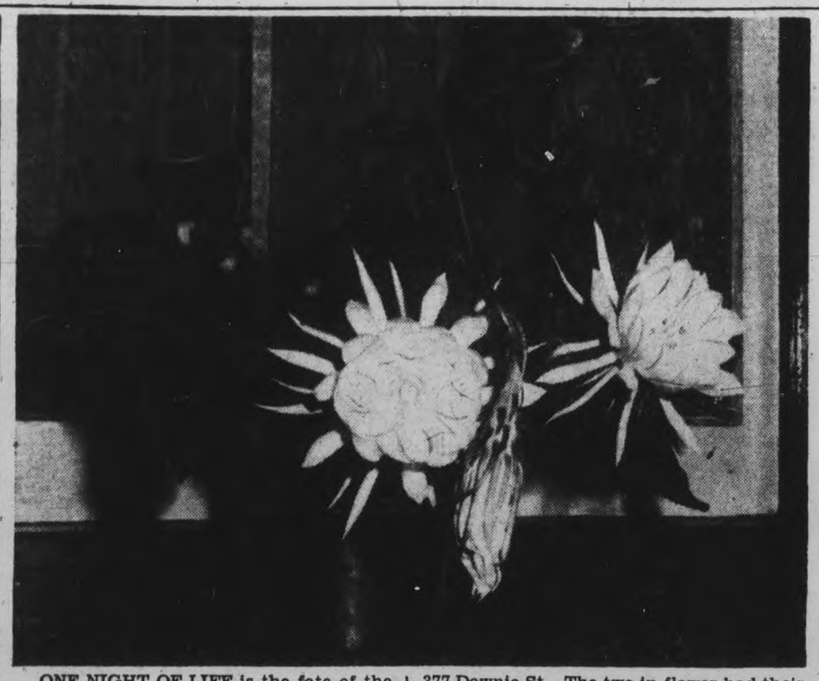
A suggestion from Comrade Wilson that the branch consider donating a sum of money, ($100 was mentioned) toward the erection of bleachers at the ball park, met with some opposition.

Wally Rutherford explained that he was handling the work of altering the Legion building but there was not a contract, in the regular contracting sense.

The amount of $3,000 had been apportioned for the work, but if all the necessary installations and alteration were to be done without overrunning this amount, some volunteer labour would be necessary.

Any time of the day or any evening, arrangements could be made to have someone at the building to oversee the work required to be done, and he asked for as many as possible to donate some of their spare time.

Non-members as well as members are asked to help, if they will. Names were being taken for some time after he had finished speaking.



ONE NIGHT OF LIFE is the fate of the beautiful night-blooming cereus, whose flowers burst into bloom once a year between dusk and dawn. These two lovely blooms belong to Mr. and Mrs. J. A. McKone, 377 Downie St. The two in flower had their night Tuesday. By this morning, they were faded and wilted like the centre bloom shown, waiting again for next year's night of loveliness.

Jimmy Brewer Wins At Cobourg

COBOURG, July 14. (ENS) — Jimmy Brewer, owned by Doc Deremo of Port Hope was the outstanding horse at the harness races held in Kiwanis Park on Monday, the horse taking two firsts and one second and winning the special prize for the fastest time of the day, clocking the mile in 2.16. The other times for the free-for-all were 218—217½.

Hal Stout of Victoria Harbor won a first and two thirds and Bob Cono of Kingston had 5—4—and 2. Minto Direct of Roseneath had 3—6—6.

In the 2.24, Petro Lee of Campbellford won 2 firsts and a second; Billy Whistle of Roseneath had 2 seconds and a first; Worthy Girl of Colborne had two thirds and a fourth and Dorothy Abbey of Port Hope won two fourths and one third.

In the 2.28 Victory Hie of Oshawa captured two firsts and one second and the times were 2.24¾—2.21¼ and 2.23. Princess Lee of Campbellford had a first, second and third and Hall Grattan, Sr. ran 3—3—2. Felix, a Campbellford horse had 4—4—4. The judges were C. B. Alyea of Cobourg; T. C. Reid of Orono and Ted Spencely of Toronto.

Returns To Montreal

Cobourg, July 14 (ENS). — George Galler, Hungarian, age 49, who fell off a moving CNR train near Colborne last week, and who has been in Cobourg Hospital with lacerations about the head, has returned to Montreal. His sister, a Montreal resident, arrived in Cobourg yesterday and took him back with her. Galler last week was found wandering dazed and bleeding near the Colborne railway station and told police that he had accidentally stepped off the end of the last car on the train.

Mrs. John Erskine Buried In Cobourg

COBOURG, July 14. (ENS) — The funeral of Mrs. John Erskine, who died on Monday was held today with interment in Cobourg Union Cemetery. The funeral was was performed by Rev. J. N. Norton, formerly of Calvary Baptis. Church, here, of which she was a member. Mrs. Erskine was 54 years of age and died in Cobourg General Hospital after a short illness. She was born at Galashiels, Scotland, and had resided in Cobourg for the past 40 years, being Constance Ann Grant before her marriage.

Mrs. Erskine was a member of the Order of the Eastern Star for the past ten years and at the time of her death, was a conductress. Pall-bearers were John, Grant, Lyle and Donald Erskine, her sons; Harry Jones and Jack Thompson. She is survived by her husband; four sons, John and Provincial Constable Lyle Erskine in Cobourg; Grant and Provincial Constable Don Erskine in Toronto; and four daughters, Mrs. Harry Jones, Mrs. Jack Thompson and Clare of Cobourg, and Mrs. R. McBride of Port Hope.

Boy, 9, Catches 15-Lb. Muskie

CAMPBELLFORD, July 14. — (ENS).—A 15-pound muskie was quite a catch for nine-year-old Herby Grills of Campbellford on Sunday, while he was fishing in a boat with his father at Bradley Bay.

Herby and his dad, Bruce Grills, had been fishing most of the days, and young Herby had already caught three pickerel, fair-sized ones at that.

When the lunge struck, it nearly pulled Herby from the boat, until his dad came to his aid and assisted him in getting the fish into the boat.

His mother, who is also an experienced fisherman, had to stay home that day, or the whole family would have been in on the party.

When it was finally weighed and measured, the fish was 15 pounds, thirty-four and a half inches in length and fourteen and a half inches around the girth, about two-thirds as large as the young fisherman himself.

The boy has been going on fishing trips with his mother and father since he was six months old, as both his parents fish whenever they have the opportunity, and he is also the youngest active member of the Campbellford Fish and Game Association.

ABOLISHED IN 1888

Ugly Eczema No Joke

The itching torment of eczema is enough to make anyone wretched and anxious for relief. Sufferers from itching eczema, pimples, angry red blotches or other irritating blemishes, get Peterson's Ointment, 50c all druggists. One application must delight you or money refunded. Also for itching feet, cracks between toes.

Citizenship Bill Restored To Original Form

LONDON, July 14.— (CP).— The Citizenship Bill was restored to its original form by the Commons Tuesday after amendments by the Lords.

The bill will be sent back to the Lords for their approval.

It would give the people of each self-governing dominion status as citizens of their own country and a common status as members of the commonwealth.

For the people of Britain and the colonies the bill provides a common citizenship.

The Lords objected to the term "citizen" because of its Republican flavor and amended the bill to read "British subject." The Commons against Conservative opposition changed it back to read "citizen" by 308 votes to 111

The Commons also deleted a clause inserted by the Upper House that would have maintained the present status of Eire citizens as British subjects.

Can Keep Both

The original government clause was restored, making it possible for Eire's citizens, who under existing law are British subjects, to retain British nationality without giving up their Erie citizenship

Home Secretary Chuter Ede said Prime Minister Chifley of Australia agreed with the bill as orignally drafted and that the corresponding Australian bill would be drafted upon the same lines.

The home secretary, who had piloted the bill through the Commons, said "citizenship" was the proper term because the Westminster Parliament could only legislate for Britain and the colonies.

Sir David Maxwell-Fyfe, former Conservative Attorney-General, argued that under the bill a special class of citizens would be set up in the Dominions "with special privileges which the Dominion governments care to give him."

PRONOUNCED "JAIL"

The synonym for prison is spelled two different ways — gaol in England, and jail in America. It is pronounced the same way in both countries.

Can't Get A Model To Pose At Queen's

KINGSTON, July 14 (CP). — Department of art at Queen's University is searching hard these days for a woman willing to pose in the nude for the sixty summer school students who are taking the six weeks course at Kingston

"We can't get a woman model willing to pose in the nude in Kingston, try as we may," Henri Masson, figure painter from Ottawa who is instructing at the university, said today.

King Welcomes 300 Bishops

LONDON, July 14 — (Reuters) — The King and Queen Tuesday received more than 300 archbishop and bishops from all corners of the globe attending the Lambeth conference of the Anglican Church here.

The Archbishop of Conterbury Dr. Geoffrey Fisher, presented the heads of each delegation, who in turn presented their fellow members.

Welcoming the bishops, the King said: "In the course of not much more than a century, what was in fact as well as in name the Church of England has become a world-wide fellowship of churches."

"During the past decade the remarkable extension of man's scientific powers compels us to ask whether this development has increased or diminished his abilities to shape his own destiny.

"Can he master those powers so as to prevent their resulting in his own destruction? Can he make them minister to the glory of God so that they may serve the temporal as well as the eternal good of mankind?

"Confronted as we all are with this and other no less urgent problems you have rightly chosen as your general theme 'God in his world and in his church.'

"Only by a whole-hearted acceptance of these eternal truths concerning God and man, which our Lord has entrusted to the church, will the nations find the way to peace and men be able to live together according to the Christian standards of truth, justice and brotherly love."

New Heads On Meters

COBOURG, July 14.—(ENS).— The new heads are being installed on the parking meters in Cobourg. One complaint about the old heads was that they would only accommodate a copper or a nickel and motorists unfamiliar with them would insert two or more coppers and still only get the 12 minutes which one copper pays for. The new mechanism will take any number of coppers up to five or a nickel.

Ask Tamblyn's

HAY FEVER VICTIMS: "Where either here in Ontario or in the United States is there a drier climate than the Niagara Peninsula? Our family suffers with hay fever during the summer and have many colds."

Says our medical expert, check first with your doctor to make sure you are suffering from hay fever and not from asthma. Good Ontario climate for hay fever is Ronville, Muskoka, where hay fever victims are specially looked after. If asthma is your trouble, Phoenix, Arizona, is one solution. Arrangements for residence must be made first through the American Consul, 302 Bay St., then through your local bank.

HUSBAND TROUBLE: "I have found out that my husband is stepping out. Would it be very bad form if I went to the girl's landlady and asked a few things I would like to know?"

Here's a question that is hard to answer. If you love your husband, he's worth fighting to keep. It's up to you to figure out your tactics. Personally, I'd favor the direct approach instead of through the landlady. Have you thrashed out the whole matter with your husband?

FRYING PAN RUST: "What can be done with an iron frying pan that is beginning to show rust marks when washed? The pan was properly seasoned when bought a few years ago. Now the black surface seems to be wearing off."

Rub off the rust stains with coarse salt. Brush with melted shortening, then bake in a slow oven. Rub with butter paper or oil after each washing.

SACCHARINE CANNING: "Can I use saccharine in canning raspberries? What makes saccharine corned fruit bitter?"

Better, say diabetes experts, to can the fruit without saccharine, then add it as used. Oven canning is a good method for raspberries. Tap the berries into the jars, oven heat without lids at 275 deg. F. till the juice is drawn but not boiling. Fill the jars to overflowing using one jar of fruit to fill the others. Screw on tops. Before using add the saccharine. Too much of the sugar substitute will make the fruit bitter.

Send your questions to: KATE AITKEN, 225 Jarvis Street, Toronto, Ont.

Industrial Disputes And The Community

The imminent railway strike calls attention to the great importance, the prime importance of the Community in industry. There are four parties to Industry: Labour, Capital, Management, the Community. The most important is the Community—however large (a nation or a group of nations) or however small (the village, city or Province). As the Right Honourable W. L. Mackenzie King has written in the new (1947) preface to his *Industry and Humanity* (1918):

> It is the Community which furnishes the opportunity to all other parties to Industry to co-operate with each other, and to co-ordinate their functions in production and distribution. The Community provides the natural resources and powers that underlie all production. It is the income of the Community which creates the demand for commodities and services, through which Labour and Management are provided with remunerative employment, and Capital with a return upon its investment.

• • •

Since 1900 industrial relations have become increasingly important; they now hold vast consequences for good or evil. As wars have become more complex and extensive, directly affecting people who used not to be party to them, so have strikes and lock-outs become more extensive in their effects, making party to them hundreds, thousands or millions of people (as did the American coal strike at the Christmas season of 1946) who seem to have no direct relation to them. The Community has indeed become the chief factor in industrial disputes—it is not merely an innocent by-stander; it is a neutral Belgium being overrun. Its rights must be protected. Its rights must be *asserted*. A railway strike now would affect the whole community of Canada disastrously.

• • •

In the forefront of the recent negotiations has been the special interest of the Canadian people as owners of one of the two major railway systems. The people would have to pay by increased rates or in taxation to make up deficits, if the wage demands of the railway workers were fully met. That aspect is important, but of overriding importance is the danger to the health, welfare and safety of the whole community if a strike were to result.

• • •

One lesson of this dispute and of major strikes which have taken place here and in the U.S.A. since the war's end has been stated by Mr. King in the introduction to his book: "There now rests upon every individual citizen a responsibility, greater than hitherto realized, to see that ignorance and apathy are no longer allowed to perpetuate conflict in industry. . . .Above all, the objective to be sought today is an unqualified acceptance of the principle that, in all industrial relations, the public interest is paramount".

• • •

In the 19th Century, Capital was nearly the supreme arbiter; before the Depression, Management; after it and now, the balance of power between Labour and Managament has become weighted in favour of Labour. It is now time to redress the balance of power in favour of the Community.

• • •

In the fourth century B.C. the Greek philosopher Heraclitus declared that the greatest problem in human society was to combine that measure of liberty without which law becomes tyranny, with that degree of law without which liberty becomes license. The problem is still with us, but as Mr. King has written, "It must now be obvious to all that private rights cease when they become public wrongs". The railwaymen's right to strike must be sacrificed if the welfare of the Canadian people is endangered.

Alderman Anglesey Speaks His Mind

In the discussion which preceded the passing of the bylaw which will limit the hours of gasoline sale in Peterborough Alderman Patrick Anglesey made some remarks which deserve the widest consideration. It is useless, he pointed out, to have a committee of the Council which is charged with the task of attracting tourists to Peterborough, if we are not prepared to make the tourists welcome when they come. His remarks are given added point by the reports from several local resort owners that their business, though good, is not as good as they had hoped it might be. Competition for tourist trade is keen, and if Peterborough wants its full share we must change our attitude toward tourists.

Although a great number of local merchants take pains to treat tourists well, it must be admitted that there are others who do not conceal their opinion that tourists are a nuisance; they make extra work, they ask questions, they sometimes want special consideration, and — this above all—they are strangers. Recently a Peterborough citizen returning from a long motor tour in the U.S.A. told us that he noticed a distinct drop in the level of courtesy toward travellers as soon as he crossed the Canadian border on his return journey. Let us not have it said that Peterborough is even less courteous toward tourists than most Ontario towns.

Perhaps it is time that Peterborough decided, once for all, whether it wants to be a tourist centre or not. If it does, we must behave accordingly; if it does not, Alderman Anglesey's committee can be dissolved, and the people who do not like strangers will be happy.

The Steamship Companies At Fault

This country has labour codes, regulations and accepted practices for matters affecting management and labour. It has laws. The Canada Steamship Lines and the Northwest Steamship Limited apparently have chosen to disregard them. There has been and still is a regrettable dispute involving these two companies and two rival unions, the Canadian Seamen's Union and Pat Sullivan's new Canadian Lake Seamen's Union. The companies do not approve of the C.S.U. and substituted the C.S.L.U. for the existing bargaining union, the C.S.U. This action of the companies is "contrary to accepted practice and the law". That is the verdict of the Commissioners appointed to inquire into the dispute.

> "In our opinion . . .the substitution of a new union for the existing bargaining unit and the assertion by the company of the right to refuse to negotiate because of its objection to alleged political opinions, are contrary to accepted practices and the law as it has heretofore been followed".

It will be interesting to see if the companies will continue along the same course on which they have set out, despite the condemnatory report of the Commissioners. If they do, and more bloody and disgraceful clashes occur between members of the two rival unions, the Canada Steamship Lines and the Northwest Steamship Limited cannot pretend to be blameless. Should the companies (and the people of this country) condemn the seamen for taking the law into their own hands if the companies have done the same thing? It seems that the companies' disregard of the law has been a prime cause of the disorder.

Fiery Shirt Tail

We are interested in the case of Harry Curtis, of Montreal, who is in jail because he set fire to Gaston Archambault's shirt tail. It is possible that he did this out of sheer prankishness, in an attempt to produce an effect superior to that of the ordinary 'hot foot', but we do not think so. Our experience has been that unusual actions are very often the outcome of unusual but by no means bad logic.

The only other case of the kind of which we know concerns the famous Regency buck, Squire Jack Mytton of Halston, who found himself one night in the grip of a particularly violent bout of hiccups. A fright, he reasoned, might drive them away, so he seized his bedside candle and set fire to his nightshirt. Friends, hearing his cries, burst into his room just in time to save him from serious injury. But the hiccups were gone.

Was Curtis trying to cure Archambault of hiccups? We should like to know.

NOTE AND COMMENT

Holiday time gives children a rest from their three Rs, and robs parents of theirs—Rest, Relief and Relaxation.

A boy in Massachusetts set fire to the schoolhouse because his grades were low. This method of seeking enlightenment is not to be encouraged.

The Lambeth Conference

From
THE MANCHESTER GUARDIAN

THE eighth Lambeth Conference opened with solemn service in Canterbury Cathedral. There were gathered together all the available bishops of the Anglican Communion throughout the world, 324 of them. Perhaps never before has the metropolitan cathedral of England held so distinguished a company or the Church of England been manifested in so ecumenical a character. These apostolic fathers come from the homeland, from the dominions and colonies, from the United States, from the vast spaces of the earth beyond the King's authority. More than any other national church the Church of England has expanded into an imperial and world-wide communion.

✧ ✧ ✧

THE service was held at Canterbury not only by invitation but by instinct. Here from the arrival of St. Augustine in 597 English Christianity has continuously been centred. Augustine was the first archbishop; Dr. Fisher is his successor today. There is no break in the chain. Canterbury incorporates the most ancient of English traditions. When Augustine was consecrated "Archbishop of the English" by Vigilius, Archbishop of Arles, there was as yet no England (except in a geographical sense), no English state, no English monarchy—Ethelbert being only King of Kent—and the foundation of Parliament lay 700 years ahead. All that has made the fame of England has come through Canterbury—our religion, our civilization, our manner of life, the model for our Parliamentary government. Canterbury is the source, the living symbol, the alpha and omega of English religion and English life.

✧ ✧ ✧

ENGLISH insularity obscured the separation from Rome by Henry VIII in the first phase. To be out of communion with the rest of Catholic Christendom meant little to an island people. The inconvenience, however, became evident to the exiles under Queen Mary and the Commonwealth, and emigration to the "Plantations" forced the extension of the Anglican establishment to each colony as it was founded—in America, in Australia, in South Africa, even in India. The ecclesiastical supremacy of the Crown extended the jurisdiction of Canterbury with the extension of the Empire. The national Church assumed the aspect of an imperial Church. It was the Crown which sent G. A. Selwyn to be Bishop of New Zealand in 1841 and Robert Gray to Capetown in 1848.

✧ ✧ ✧

THE constitutions of the colonial dioceses remained vague and amorphous. Some sort of association with the home Church became desirable, and an unlooked-for incident brought this about. In 1853 Bishop Gray found it necessary to divide his vast diocese, and the Crown accepted the Rev. J. W. Colenso, a well-known mathematician, as first Bishop of Natal. Colenso was an admirer of F. D. Maurice; continuing his theological studies amid the Kaffirs of South Africa, in two books published in 1861 and 1862-3 he impugned the accepted tradition of the veracity of the Old Testament. These books constituted the African counterpart of "Essays and Reviews," recently published in London. Gray, after unsuccessful remonstrance, determined to bring his suffragan to trial. As the English episcopate declined responsibility he constituted his own metropolitan court, cited the bishop, and condemned him to deprivation. Colenso appealed to the Privy Council, which restored him on the technical ground that letters patent issued by the Crown to the Bishop of Capetown did not and could not give him metropolitan status. Colenso therefore retained his see and Gray retaliated by excommunication. This anomalous situation compromised the Church in South Africa until Colenso died—and after.

✧ ✧ ✧

BUT the issue went far deeper than a personal clash between two bishops as obstinate as they were sincere. They lived indeed in two different worlds. Gray's action was rooted in loyalty to the past; Colenso was equally sensitive to the present. No compromise was possible. It was the clash of Ptolemy and Copernicus, of history and science, of reason and revelation, of obscurantism and reality. The Anglican Church felt the shock in every continent. By 1865 the repercussions reached Canada, and the bishops in their extremity appealed to the Archbishop of Canterbury, the mild C. T. Longley, to constitute a synod of the whole Anglican episcopate and give rest to the Church. The Archbishop refused, but after a second application, gave way and summoned the bishops to meet at Lambeth (hence the Lambeth Conference) in September, 1867. One hundred and forty-four invitations were issued and there were 76 acceptances. Even at home not all the bishops were favourable to this unprecedented step. The Conference set up a committee to deal with the Colenso problem, but eventually declined to make any pronouncement.

✧ ✧ ✧

THE crisis, however, had a double influence on the Church of England. On the one hand, it moved informed Anglican opinion out of the pre-Copernican age; on the other, by calling all the bishops into mutual conference, it changed the Church of England into the Anglican Communion. Ever since 1867 the Anglican world-wide episcopate has met decennially at Lambeth. At each successive conference numbers have increased; the original 76 bishops are swelled this year to 324. The conference still lacks an official constitution and status. It remains a conference; it is not a synod. It meets in private. It possesses no authority. It issues at the close an encyclical letter and a report of its decisions, but these possess no binding force; their only authority is the moral ascendancy of a band of good men meeting in dependence on the Holy Ghost.

✧ ✧ ✧

IN a far-flung organization the problem of Christian unity necessarily presses. The conferences of 1888 and 1920 were outstanding in this respect. In 1888 was set out the famous Lambeth Quadrilateral, the four points on which Anglicans lay their foundation of Christian unity: (1) the Bible; (2) the Creeds; (3) the two sacraments of the Gospel; (4) the historic episcopate. In 1920 the bishops announced that if "orders" was the only outstanding obstacle to unity they were ready to accept (from Rome) a form of "commission" and from the non-episcopal churches a form of "recognition" which would "commend our ministry to their congregations," hoping that the Free Churches would reciprocally accept "a commission through episcopal ordination." This hope has not been realized. Instead the movement towards unity has shifted towards the form of corporate reunion adopted in the South Indian Church; this scheme will again be discussed in the conference.

✧ ✧ ✧

THE main topic of the 1948 agenda is "God in His World and in His Church." The sessions last from July 5 to August 6 and the encyclical and reports may be looked for about August 17.

✧ ✧ ✧

THE Church of England," wrote Dr. Inge in 1908, "has only one title to exist, and it is a strong one. It may claim to represent the religion of the English people as no other body can represent it." If this claim be justified the Lambeth Conference must be of concern to us all. Its decisions will be signposts indicating the path of advance in English religion for the ensuing decade, the path guiding men towards Him in whose light we shall see light.

PULLING IN

Calcium For Bush Indians

(From the 1947 Report of the Ontario Commission on Milk)

An expert witness, Dr. F. F. Tisdall, replied to questions as follows:

MR. MATTHEWS: Where did the man, woman and child 5,000 years ago get calcium? They did not have dairy herds then.

A. I think we can give you the best answer to that having regard to our studies of our Canadian Bush Indian who perhaps lived a little bit like our ancestors did 5,000 years ago.

When they shoot an animal today, if it is a small animal they eat the bones. If it is a large animal they chop the bones up and put them in a pot and boil them for two or three days and gnaw on them the same as a dog does. That is, they will chew on it and bite on it and get the marrow out, and, along with the marrow, the calcium. We are, and dogs are carnivorous animals. They get their calcium from bones. The Canadian Bush Indian today gets his calcium largely from the bones he eats, and, although I was not present 5,000 years ago, I think we could infer that our ancestors got their calcium the same way.

Q. If I chew the bones in the stew do I get some calcium without eating the bones?

A. You will get some from the stew; but, do not forget, these people cut those bones up and chew them with their powerfully muscled jaws. I have seen them actually take a rabbit bone and chew it up the same as we could chew something which was softer. They will actually eat it.

Q. A rabbit bone to them is like a piece of toast to us?

A. Getting over to where calcium can be obtained elsewhere, you will note I said that milk is unique as a source of calcium. I say you can get your gram of calcium elsewhere if you want it. You would have to eat 3 pounds of celery, or 5 pounds of cabbage—

Q. That last prospect is not very pleasant.

A. —or, if you are a good Scotsman and are fond of your oatmeal, you will take 3 pounds of dry oatmeal, make it into a porridge, into a tubful, and you will get your gram of calcium.

Q. Which I can get from 1½ pints of milk?

A. Or from 4 ounces of cheese; or, if you are an Englishman and are very fond of your bread and roast beef you can get it by taking 7 pounds of bread or 17 pounds of roast beef. You just cannot get an adequate supply of calcium without including in your diet each day milk or cheese. Our study since 1919 on this aspect of our work constantly increases our respect for milk as a source of calcium.

Letters To The Editor

SUGGESTS WOOD-CARVING CLASSES

Sir,—It has come to my knowledge that a class is held for instruction in metal-work at our Public Library.

I wonder what chance is there of a class in wood-carving? There are many books on this subject in the Library, and good ones. As I am interested, I am in a position to know there are others likewise, for I find it increasingly difficult to obtain these books when I call on them from time to time for reference. The interest is apparently growing.

We have no technical schools which persons of all ages can attend, and this is the only drawback it seems to not living in a larger city. Many are holding good positions in Toronto and elsewhere who have trained in a Toronto technical school. Perhaps if another subject was included, such as woodcarving (a good business, a pleasant hobby), in time there may develop a technical school.

E. H. R.

COMMENDS OUR STAND ON CULTURAL DEVELOPMENT

Sir,—Thank you very much for sending me your note on the National Theatre, referring to my speech in the House.

I think the newspapers as a whole could do considerable to awaken an interest in the cultural life of Canada, and The Peterborough Examiner is to be congratulated on giving the lead in this direction.

Yours sincerely,
M. J. COLDWELL.

WHAT CANADIAN MEDICINE HAS DONE

Sir,—In your editorial of July 9th, entitled "Compulsory Social Security," you suggest that now is a good time for the Canadian doctors to begin to set up an alternative scheme—alternative to a Government-operated compulsory health service. You go on to state that the doctors themselves should be taking the lead in reform.

Your editorial was not about Canadian medicine, and therefore one would not expect it to deal in detail with what is being done in Canada in regard to prepaid medical services. However, your last sentence might be taken to indicate that you are not aware of the steps that have already been taken by organized medicine in Canada to offer to the public some alternative to a Government-operated health insurance plan.

For many years now both the Canadian Medical Association and most of its provincial branches have been making an intensive study of health insurance or prepaid medical services with special reference to the economic side of this question. Only a Government-owned and administered scheme can afford to take a chance on running at a loss for the obvious reason that, what costs it fails to collect as prepaid premiums, it can later collect from the same people by means of increased taxation. The medical associations knew that, for them, it was necessary to be on sound ground actuarially before launching an alternative plan. About one year ago the Ontario branch of the Canadian Medical Association felt that they finally had the necessary investigation done and the required information on hand to enable them to safely launch a plan for prepaid medical care. This they did during the past year under the name of Physicians' Services Incorporated, a non-profit corporation.

At least two groups in Peterborough have enrolled with Physicians' Services Incorporated, but their enrolment is too recent for us to know how satisfactory the plan is proving to them.

It is not the purpose of this letter to go into detail as to the costs and benefits of this plan, but rather to inform you and your readers that organized medicine in Canada is not asleep at the switch, but is awake to the needs for some change in the social order as it affects the provision of adequate medical care at a cost that all can meet.

It is our hope that we may provide a voluntary scheme so attractive and satisfactory that the need and desire for a compulsory Government plan will cease to exist. Thus, we think, is freedom preserved.

DONALD WHYTE, M.D.

An old fellow, crossing the Atlantic, was leaning over the rail when the information fiend tapped him on the shoulder.

"Sir," he said, with a wave of his hand, "do you know that if the earth were flattened out the sea would be miles deep all over the world?"

The old fellow looked impressed.

"Well," he replied, "if you catch anyone flattening out the earth shoot him on the spot. I can't swim!"

How Time Flies

JULY 14

1918 The "Albion Sweets," new confectionery store here, opens for business.

Gnr. W. J. Salter, previously reported missing, is now officially presumed dead.

Local bakers are notified that, under the new city bylaw, they must take out licenses.

1928 Harry Donnelly, foreman of The Examiner pressroom, is killed on George St. by a falling metal cornice.

The Chatauqua opens its program here with a large attendance.

Butter is selling in Peterborough now at from 40 to 43 cents a pound.

1938 The Board of Health decides to sponsor the well babies' clinic here.

The Nashua Paper Co. is working to full capacity now, 24 hours a day.

John L. Gilmour, 83, a native of Peterborough, dies at St. Hilaire, Que.

No Oscars

PRECARIOUS the life of the actor may be, but it has its traditional rewards. To these there has lately been added a bonus in the shape of various awards for performances of exceptional merit. Whether accompanied or not by the symbolical and slightly totemistic statuettes which are the blue riband of an American film star's career, these honours, and the publicity which attends them, must be very gratifying for the recipients. It is always pleasant to be given a prize, and to get one for something for which you were not consciously competing absolves you from any charge of pot-hunting. It does, however, seem a little hard on the more hum-drum professions that no comparable supplies of fame off the ration are made available to them. The actors and actresses acclaimed by the various guilds, tribunals, and associations which dole out these slightly synthetic laurels are already the idols of the public, already enviably famed in limelight. Number morals may well feel that it would be only fair if superlative excellence were recognized on a rather wider front.

If it is somebody's duty to nominate the best actress of the year, why is there nobody to assess the elusive but surely not undemonstrable superiority belonging to the best charwoman? We are all familiar with the features, and warmly appreciative of the talents, of Mr. Roderick Hamworthy, whose acting in The Vavasours of Tottenham Court Road has been officially declared to excel that of any other male star during a stated period. Would it not make a change to be told who was the best rat-catcher of the year, or the finest temporary civil servant, or the most distinguished taxi-driver? The answer is that it would indubitably make a change, but it would be a change wholly unacceptable both to the public and to those who cater for this aspect of the public's taste. The only people who would not care a rap if the change were brought about are those notoriously improvident and irresponsible people, the actors.—London Times.

Worse To Come!

OUR earlier newspaper photographers used to have an idea that murder trials were held just to let them take pictures, but the movies and the radio lads still think that even the United States Government is maintained so that broadcasters can function.

I've known dramatic critics who honestly thought that producers staged shows for no other reason than to let them show how smart they could be tearing them to pieces.

Photographers now yell at kings to grin or wave their hats, radio men bark at presidents to talk louder over the mike. What is going to come to us all, when the television is perfected? I shudder after seeing what happened at Philadelphia.

Many of the speakers—especially the women—were painted up like actors on stage or in Hollywood so they would register photogenically. Imagine, let us say, Lincoln reciting his Gettysburg speech painted green or blue to appear to better advantage on the telly screen!

But that is the way things are going. We must face it. Imagine the cosmetic costs of painting up several thousand delegates for every performance! Grease-paint will push calm reason off the platform.

The television directors will run the show like Cecil de Mille handling a mob scene at Hollywood.—Detroit Free Press.

ENGLAND'S FAMED cradle-to-the-grave socialization program with its component socialized medicine is just a pain-in-the-neck to Dr. Donal Becket, an avowed "disliker" of Britain's current minister of health, Mr. Bevin, and the new health plan, is shown with his family in London, as they emplaned for Canada, to which they are emigrating. The children are Brian, April and Carolyn (the last named is in her mother's arms).

World News In Brief

Taken from Wires of Canadian Press

Suspend License

FRANKFURT — The United States military government suspended the publishing license of the Communist party in Bavaria for one month, the army newspaper Stars and Stripes reported. The newspaper said the Communist party had published a "malicious and inflamatory" cartoon.

Confess Slaying

NEW YORK.—William Jackson and Floyd Arrington, both 22, were booked on homicide charges in the apron-string garroting on Sunday of Michael Murphy, 42-year-old taxi driver. Police said the two (Negro) men signed confessions saying they killed Murphy in a slaying that netted them only $7.

MONTREAL. — J. Arthur Mathewson, counsel for Canada Steamship lines, criticized the Department of Labor for releasing a commissioners' report on a labor dispute between CSL and the Canadian Seamen's Union (TLC) without first notifying the parties of the dispute.

QUEBEC.—All farm buildings and livestock of a monastery in suburban Sillery were destroyed in a fire of unknown origin which caused damage estimated at $70,000. The monastery itself, occupied by a Roman Catholic Order of Nuns, Les Soeurs de L'Esperance, was saved.

TORONTO.—Charges of indecent assault against four Toronto youths, laid after a weiner roast, were dismissed. Magistrate O. M. Martin said he "reluctantly" dismissed the four boys charged, "but I warn you never to come back into this court as long as I'm on the bench."

St. CATHARINES.—An investigation has been ordered into the death of Harvey Inkster, about 45. Police said Inkster complained of feeling ill on arrival here from Western Canada Saturday. He was brought home from work late Tuesday and died soon afterward.

OTTAWA.—Stock of creamery butter on hand in nine main Canadian cities on July 9 were 19,324,000 pounds. The butter holdings were 3,107,000 pounds greater than on the first of the month when they totalled 16,217,000.

CORNWALL—The Department of Transport will be asked to conduct an investigation and public hearing into last Thursday's train wreck on one of the city's main streets. Council decided Monday night to take this step since it was felt possible there might be a recurrence.

TORONTO — Provincial government employees at Queen's Park voted to work a longer day so they can have a five-day week. More than 80 per cent of the civil servants said they preferred to work until five p.m. Present hours are from 8.30 a.m. to 4.30 p.m.

LONDON, Eng.—The king appealed for close collaboration between the United States and Britain to assure world peace. Welcoming more than 300 Anglican bishops attending the Lambeth conference, the king noted that the largest single delegation came from the United States "a time when that great country is assuming heavy responsibilities for the healing of a torn world."

ROME — A vengeful peasant bent on wiping out all who testified against him in a suit over water rights held a village in South Italy in terror today. Dispatches from Santa Caterina, Calabria, reported that Martino Pietro, 47, was still a large after ambushing three witnesses. Apparently by mistake, he also killed one man and wounded another who had nothing to do with the trial.

VATICAN CITY —Pope Pius said the world's efforts toward peace have been "scarce in fruit" thus far. He made the statement in an address accepting the credentiaus of Ecuador's new ambassador to the Holy See, Carlo Manuel Larrea, without mentioning any transgressor by name.

ST. AUBERT, Que. — Liberal Leader Adelard Godbout said it was not the Ottawa Government that was giving away "our wealth" to strangers but the government of the province. He charged that the majority of road contracts in Quebec under the Duplessis administration went to "millionaire contractors — the McNamaras and Frenceschinis" of Toronto and the "Edker" construction firm of Niagara Falls.

AS SOME CALIFORNIA DELEGATES were demanding that he be ousted as national committeeman, James Roosevelt mops his brow during a stormy caucus of the California delegation at the Democratic convention in Philadelphia, Pa. The ouster demand was shelved.

KANSAS CITY.—The wheat shipping jam, brought on by a deluge of grain from southwest United States harvest fields, showed further signs of easing. An embargo, put into effect last Friday on rail shipments of wheat to Kansas City, probably will be lifted by the end of the week.

MONTREAL—Frank Nolan, 67, a member of the Montreal Shamrock lacrosse team when it won the world championship in 1902, died. He retired from business in 1938.

4 Die In Crash

GRANBY, Que. — Four Montrealers were killed and a fifth critically injured when the automobile in which they were riding collided with a truck near Abbotsford. Dead are: Giselle Levasseur, 18; Joseph Salvail, 30, driver of the car; Gertrude Bouchard, 28, and her sister, Rose-Aimee, 17. All died in hospital here after the mishap. Another Bouchard girl, Pierrette, 15, is in critical condition.

COUNCIL BLUFFS, Ia.—Lee Moore, who claims to be 108, sat down to a birthday dinner of fried chicken, two bottles of beer and cake. Born of Arabian parents in Argentina, Moore said he was brought to this country in 1857 and sold into slavery. He now lives on a farm near here.

LONDON, Eng.—The first of two parties of British teachers going to Canada under a scheme for interchange between United Kingdom and Canadian schools sails today. Canadian teachers taking their places are expected in Britain before the fall term begins. The British teachers, numbering 12, will receive a special grant of £75 ($300) to meet higher living expenses in the Dominion.

STAMFORD, Conn.—Thomas Broderick, about 70, died after drinking what medical examiners described as a mixture of gasoline, hair tonic, perfume and kerosene. The home-made concoction was imbibed by several others who escaped serious effects.

PANAMA CITY, Fla. — Extensive buzz bomb tests will be carried out off Santa Rosa Island on July 16 and 22, the United States Air Force announced. Civilian and commercial craft were warned to keep clear of the area. Bomb launchings will be both by sea and air.

PARIS — Parisians danced in the streets early today as France's national holiday, Le Quatorze Juillet, began. Thousands flocked to the city's great squares where brightly-lit cafes did a brisk business.

Observe Last Rites For Mrs. J. Jackson

MARMORA, July 14—(ENS)—Requiem mass was sung at St. Henry's Church, Queensboro, on Wednesday morning for Mrs. Josephine Jackson, widow of James P. Jackson who died at her residence in Madoc village on Sunday evening after an illness of one month. Burial was in the Sacred Heart Cemetery, Madoc.

The deceased was born at Millbridge 78 years ago, being a daughter of the late Mr. and Mrs. Dennis Hogan. All her life was spent in the district and she was one of the oldest members of the Sacred Heart of Mary Church in Madoc.

She is survived by two sons, Vincent of Madoc and Bernard of Peterborough and one daughter, Mrs. W. H. Toal of Peterborough.

In addition four sisters and three brothers survive her, Misses Ella and Annie Logan, Millbridge; Mrs. E. D. O'Connor, Marmora; Mrs. James Blute, Toronto; James and Leo Hogan, Millbridge and T. P. Hogan of Windsor.

170,000 Workers Affected By Railway Increase

OTTAWA, July 14 — (CP). — Wages of more than 170,000 workers hinge on the outcome of negotiations between railway and union officials for higher pay. The existing payroll is more than $400,000,000 a year.

Membership of unions involved in direct negotiations with the railways and government totals 150,000. However, previous wage boosts have gone to non-union employees as well. There are more than 20,00 of them.

The exact wage bill of the workers involved in the current negotiations is not available as the payroll totals include employees in other categories.

However, the Conciliation Board which studied the dispute computed the average railway workers' salary at 92.7 cents an hour. That costs the Canadian National and the Canadian Pacific Railways approximately $393,000,000 yearly. This is on the basis of a 40-hour week which is common to nearly all branches of the railways except the locomotive shops where a 44-hour week is in force.

Other Lines

Overtime and the pay-rolls of the smaller lines sends the wage bill to more than $400,000,000.

The railways claim that each cent an hour increase in wages costs them $4,500,000 a year. On that basis, if the unions' original demand had been granted, the cost would have amounted to $157,000,000.

At the start, the unions demanded 35 cents an hour increase, while the railways contended that they could not pay any higher wages. Later, the companies offered a seven cents raise.

By the time the negotiations had broken off in Montreal last week, the railways were offering 10 and the unions were holding out for 28 cents. The spread was the difference between roughly $45,000,000 and $126,000,000 in increased wages.

Since then that divergence has been narrowed still further, but the union and company officials up to to-day had not announced the remaining difference.

Varies Greatly

The percentage increase under negotiation varies greatly as the per-hour increase is the same for the telegraph messenger as for the locomotive engineer. In the case of the running trades—the men who actually operate the trains—wage boosts must be converted from an hourly basis to a mileage rate.

A Labor Gazette supplement published last November converts the running trades' mileage rates to daily averages, making possible average hourly earnings. The following figures show the hourly rate now in effect (daily average in brackets) for representative categories:

Passenger conductors, $1.14 ($9.13); passenger brakemen, 85c ($6.82); yard engine firemen, 91c to $1.08 ($7.28 to $8.64); yard section foremen, 90c ($7.20).

The following hourly averages appear in the Labor Gazette supplement:

Yard sectionmen, 70c to 74c; signalmen, 66c to 68c; shop mechanics, $1.05; other carmen, 98c; cleaners, 70c.

Other Extras.

Pay of clerical workers and hotel employees is not available from official sources. The Canadain Brotherhood of Railway Employees, however, declared in their submission to the Conciliation Board that their members on monthly salaries average $155.43.

The monthly average income of all CBRE members presented to the Conciliation Board was $153.00. The Conciliation Board report said the average annual earnings of all railway employees was $2,322 and noted that the annual income of one category was above $4,000, while another was approximately $1,830.

Payment for overtime is made on the basis of time and a half, standard for all categories.

Painting Rembrandt's?

REGINA (CP).—Two paintings one of which soon is to be taken to New York for testing—are believed the works of Rembrandt and Holsein. They are owned by a Regina woman who bought them from London 10 years ago as part of the estate settlement of a noted collector.

Honor Minister

CARTWRIGHT, Man. (CP). — Anglicans jointed with members of the United Church here to bid farewell to the United Church minister, Rev. Grant Smith. Mr. Smith, who is moving with his family to another pastorate, spent six years here.

Comstock's and Legion Triumph In Men's Loop

Men's softball standing:

	P	W	L	TP
Legion	17	10	7	5
Comstock's	17	10	7	5
B-A	17	9	8	5
Knights	17	5	12	5

Comstock's beat Knights 7-3 at the Bowl last night before a goodly crowd while Legion edged B-A 12-10, thus putting Legion and Comstock's in a top-place tie a game ahead of B-A. The Knights must beat B-A Thursday or they're out of the running for a playoff spot. Games tomorrow are Comstock's vs. Legion, and Knights vs. B-A.

Last night's first number was fairly snappy, though both sides kicked the ball around some. While Crowley of Knights gave fewer hits and fanned more, he walked more, also, four free tickets turning into runs. Wilson pitched steady ball. Jaquith led the winners with a homer and single in five. Sullivan topped Knights with a triple, double and got three for four, and Willshaw two singles in five, as O'Heron two in four tries. Catches by Jaquith and Sullivan were defensive features. The box score:

Comstock's	AB	R	H	O	A	E
Cournyea, 3b	3	2	0	1	1	1
McCarthy, ss	4	1	0	3	0	1
Jaquith, lf	5	1	2	2	0	0
Anderson, 2b	4	0	1	1	1	0
Castle, 1b	4	0	0	8	0	2
Brockley, rf	4	1	1	0	0	0
Thomson, c	4	1	1	6	1	1

Totals	39	3	10	27	12	4

Comstock's ..... 141 000 100—7
K. of C. ..... 000 110 100—3

Summary: Home run—Jaquith; three-base hit—Sullivan two-base hits—Thomson, Sullivan; double play—Wilson to McCarthy; struck out—by Wilson 4, Crowley 7; wild pitches—Wilson 3; time of game—1.15; umpires—Dormer at plate, Calladine on bases.

The Nightcap

The nightcap was a draggy, loose affair but quite tight and exciting toward the finish. Each side counted twice in the ninth as they fought it out doggedly, despite a lot of errors. The pitching was fairly even with Greenlaw a bit wilder than Guilfoyle, but both hit fairly hard. Legion had more extra-base hits for the narrow win. Harrison led them at bat with a triple, double and two singles in five. White hit a homer and Walton and Murphy two-baggers. Pryde topped B-A with a homer and single in five as Conlin tripled. Catches by Walton, Wyatt and Pryde were defensive standouts. The box score:

Lacrosse Lineup

Some of the juvenile lacrossers are moving up to play for the intermediate Petes when they clash with Port Hope at nine tonight in Miller Bowl. Among the players likely to see action this evening are: Renwick, McDonald, Carter, A. Caravaggie, N. Caravaggie, Lynch, Willis, McMaster, VanAllen, Crowley, Hill, Hudson and Roach. The referee will be Doug Miller, Jr.

Nashua Victorious

Nashua Paper last night defeated Marines 9-6 to finish the Industrial Softball League unbeaten. Reid went the route for them, allowing 10 hits, one a homer by Jacobs. Two Marine twirlers gave up a dozen hits between them. The teams:

Marines—Roote, Doherty, Metcalfe, Jacobs, Downer, Hill, Hunter, Caccavella, Hall, Killingbeck.

Nashua—Rochetta, 2b; Crowley, cf; Pryde, ss; Clark, 1b; Crary, 3b; Loyst, c; Sanderson, lf; Reid, p; Cavanaugh, rf.

Marines ... 000 123 000—6 10 4

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

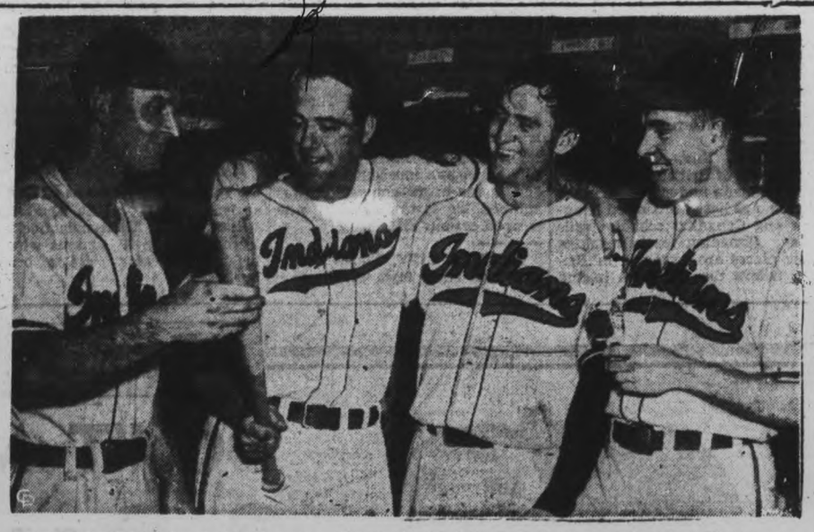
Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Rarin' To Go

More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 28 feet" of bowels.

Take one Carter's Little Liver Pill before and one after meals. Take them according to directions. They help wake up a larger flow of the 3 main digestive juices in your stomach AND bowels—help you digest what you have eaten in Nature's own way.

Then most folks get the kind of relief that makes you feel better from your head to your toes. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—35c



POWER POKES of Joe Gordon (left) and Ken Keltner (second from left), the pitching of Bob Lemon (second from right) and the sensational fielding of Dale Mitchell (right) have had much to do with the success of the Cleveland Indians this year. The Tribe was in first place on July 4, and if tradition holds true, they should go on to win the American league pennant.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Time is shortening for entering the OGA district tournament at the Peterborough Golf Club on July 24. Entries should be sent to the OGA secretary at 392 Bay St., Toronto, for the draw. However, entries may be sent to the Peterborough Golf Club to be forwarded with those of the club, provided they are not let go till the last minute as time is required to make the draw. Post entries will be accepted by Stan Payne of the Westclox. Good prizes for players of all handicaps, so local golfers should step in and get their feet wet. Robert Abbott is in charge of the tourney and clubs throughout Central Ontario and some in Toronto will be competing.

* * * * * *

An intermediate lacrosse game at nine tonight in Miller Bowl with Port Hope playing the local squad. Senior "B" Petes take on Scarboro Grads here this Friday night. And minor jousts as scheduled. Incidentally, we think lacrosse referees should standardize their rulings. For instance, some of them give penalties on the fly—that is, they don't halt play. Which, we feel, is incorrect. It resulted in an odd one here last game. Dugan was given such a penalty for tripping or something and play went on. Arn was meandering off the field and he casually walked in front of a rival who was about to take a pass. The referee then ran over and said to the timer: "Another two minutes for interference." Making it a four-minute penalty. That couldn't have occurred if play had been stopped in the first place.

Comments On Cricket

Ottawa Citizen remarks that the Carleton-Peterborough cricket match there was a fine one and the Governor-General enjoyed it all. Writer says: "Needless to say, there was great excitement among the players and spectators. His Excellency thoroughly enjoyed the match and said that the finish reminded him of a match that he had played in at Lord's between Eton and Harrow in his school days, which was won by the former. His Excellency was playing on the losing side, but he modestly failed to mention that he was quite a hero on account of the great stand he made going in as 11th man."

* * * * * *

Cobourg juniors clash with Jack Turner's Kinsmen at 6.15 tonight in Riverside, and it should be a tidy Lakeshore Loop scrap. Oshawa Hunters play Kinsmen here Saturday eve. Senior Petes are off to Kingston tonight and back to Bella Villa on the morrow, then taking on Canisius College of Buffalo here Saturday aft in an exhibition. Crawford's Grove and southend peewees go tonight in the Ex., while the west and east bantams play tomorrow. The north and west juvenile joust of tonight was shoved back to July 21. Minor loop schedules are moving right along now toward a finish.

* * * * * *

Mighty Close One, Eh?

Must have been a smart COBL contest down Belleville way last night under the arcs. The Bata Shoemen pulled out a 1-0 victory over the men o' Murphy, hits by Solmes and Bridgeman giving them the only marker in the initial inning. Petes threatened at times but couldn't sew it up. Gord Muffitt and Bill Edgar both pitched fine ball, each giving but four hits and fanning half a dozen, while the losers had two miscues to one by Batawa. Freddy Garvey got two of the visitors' hits, a double and a single. A tough tilt to lose, and now the locals have to hike away for two more in as many nights. Batawa are right on their heels in second place.

* * * * * *

Well, sir, it looks like Knights are on the brink of oblivion as far as a playoff spot goes in the men's softball circuit. They took the lemony side of a 7-3 count last eve at the Bowl with Comstock's winning out. Legion nosed out B-A by a 12-10 score, so now Legion and Comstock's are in front with B-A right on their heels. But the Knights have the barest mathematical chance now of getting in there. They've got to take their five remaining games while one other club has to lose five for them to make it. And they've got to beat B-A Thursday or they're out. Games on the morrow are: Comstock's vs. Legion and Knights vs. B-A. And two loop frays Saturday p.m.: Comstock's vs. Knights and Legion vs. B-A.

* * * * * *

In The Stretch Drive

A goodly gallery viewed the tilts, as things are warming up now in the stretch drive. While every team suffered through regular players being away with the senior baseball club, and there were lots of boots seen, both scraps were rather interesting. Hitters are catching up with the pitchers and none of the twirlers excelled, though all went fair. Sullivan, O'Heron and Jaquith led the hitters the first fixture, while Harrison and Pryde were tops in the nightcap. This guy Harrison hits 'em hard nearly every number. Some good fielding seen in spots, too. The two four-in-seven playoffs will prove plenty interesting in this league.

* * * * * *

HITHER AND YAWN: Legion and CGE clash in soccer at 6.30 tonight in King Edward Park, Tom Garland refereeing....The Kiwanis-Oshawa junior ball game in the Motor City on Friday has been postponed....East City midgets mauled the westenders 17-7 last e'en....Girls' Bowl games tonight: Lock Co. vs. Ashby's at seven, and Lakefield vs. Woollens; and on Friday: Marines vs. Woollens, Lindsay vs Lock Co., with Ashby's at Lakefield....Nashua Paper Co. softballers wound up their Industrial Loop schedule with a 9-6 win over Marines to remain undefeated....OASA certificates must be signed by this Thursday night and sent to the OASA by July 20...Senior "B" winners must be declared by Aug. 29, and intermediates by Aug. 15....Big lawn bowling doubles tournament is on here today....And here's where we take off.

Batawa Takes 1-0 Win Against Petes

BELLEVILLE, July 14.—(CP).—Batawa Shoemen nosed out the Petes 1-0 here last night in a fine Central Ontario Baseball League fixture. Hits by Solmes and Bridgeman in the very first inning sent in the only run of the game. The Petes several times had runners on second and third but could not tie it up. The Thursday game here betwen these teams has been called off.

Gord Muffitt and Bill Edger both hurled swell ball, and on even terms. Each allowed four hits and each whiffed half a dozen. The fielding was good, too, with the winners having one bobble and the losers two. Bridgeman hit safely twice for the second-place Shoemen, while Garvey led the league-leading Petes at bat with a double and single. The box score:

Peterborough	AB	R	H	PO	A
Dalton, 3b	4	0	1	1	0
Garvey, 2b	4	0	2	0	0
Foley, rf	4	0	0	0	0

Summary: Errors—Edwardson, Pagdett, Rankin; runs batted in—Bridgeman; two-base hits—Garvey, Mackness; stolen bases—Dalton, Garvey, Edwardson; sacrifices—Aquino; double plays—Muffitt to Rankin; left on bases—Batawa 5, Peterborough 5; bases on balls—off Muffitt 2; strikeouts—by Muffitt 9, by Edgar 9; passed balls—Menzies; umpires—Calladine, Peterborough; Townsend, Belleville. Time, 1.45.

Living Costs Soar

NEW YORK, July 14 — (AP). — The cost of living is soaring with summer temperatures all over the United States. In a single month meat prices have advanced from four to 14 cents a pound; butter has gone up three to six cents a pound; milk is a cent a quart higher in many places.

WITHDRAW FROM SOCCER

Poland, Palestine and Burma formally withdrew from the Olympic soccer competition in London, Eng., Tuesday. Hungary indicated it may also withdraw. It is possible that an entirely new soccer draw will be made

LEROY "SATCHEL" PAIGE, above, outstanding negro pitcher for the Kansas City Monarchs, became a member of of the Cleveland Indians recently.

Oshawa Horses Go To Town In Detroit Races

DETROIT, July 14.—(CP). — Canadian horses had their day here Tuesday.

After 44 days with only one winner, R. S. McLaughlin's Oshawa stable went to town with Santa Claus and Moldy to the surprise of most of the 8,428 fans at the Fair Grounds.

For Santa Claus, the triumph was the second in 21 starts this year, and Moldy had gone to the post 18 times without winning.

So it was no wonder that the payoffs were large — $29.60 for Saint Nick's namesake and $19.40 for the 1947 King's Plate winner.

Until Tuesday, the three-year-old Nodin was the only horse to carry the Canadian colors into the winner's circle. That was two weeks ago.

Jimmy Stewart rode Nodin and he came back today to pilot Santa Claus and Moldy. His best ride saw him keep Moldy going into the stretch of the $3,500 Frederick W. Ashe purse.

Moldy raced the mile and a sixteenth in 1.45 3/5.

The race before Moldy went into action, Santa Claus started Stewart and the McLaughlin off to the double by holding off Silver's Pride and Knight's Gift in the run to the wire.

Santa Claus covered the six furlong distance in 1.12 flat.

Leafs Trounce Montreal 5-2

By The Associated Press

The International league may come up with its best crop of 20-game winners since 1945 as three pitchers are well on the way toward that goal and four others have a good chance to make it.

Sam Webb of Jersey City Giants, Jack Banta of Montreal Royals and Bob Porterfield of Newark Bears are the best bets at the moment to reach the charmed 20-victory total. All three of the pitchers have 11 victories to their credit.

Last year only Jim Prendergast, then with Syracuse, hit the 20-victory mark, the first hurler to do so since 1945 when four pitchers reached the coveted goal.

Only one game was played in the league Tuesday night, Toronto to Maple Leafs beating Montreal Royals 5-2. Scheduled games between Syracuse and Newark and Jersey City and Baltimore were postponed because of rain.

Rookie Lou Possehl scattered nine hits in stopping the pacesetting Royals for the Leafs. The triumph was his fifth of the year.

Say Stranahan Chances Good For Golf Title

HAMILTON, July 14 (CP). — Frank Stranahan's chances of a repeat victory in the Canadian amateur golf championship appeared brighter today.

day's play sent to the sidelines

Upsets Tuesday in the opening half a dozen players who had been conceded a chance of wresting the honors from the wealthy Toledo, O., sportsman who also holds the British amateur title.

The biggest surprise came in the defeat of Skee Riegel from Upper Darby, Pa., the United States amateur champion. He went down before dogged Ken Ward of Montreal who won on the 19th hole after missing an easy 18th hole putt in a manner which would have knocked most players right off their game.

The 108 matches on the opening day—44 in a preliminary round and 64 in the first round—also sent to the sidelines these top-ranking Canadians: Jim Robertson of Vancouver, record-breaking member of the British Columbia team in the Willingdon Cup interprovincial competition; Bill Mawhinney, Canadian junior champion; veteran Phil Farley of Toronto and Rudy Horvath of Windsor. Mort Reed of Rochester and R. Williams of Detroit, high-ranking U.S. contenders, also suffered defeat.

By tonight the field will be cut to 16. Sixty-four 18-hole matches are scheduled thtis morning and another 32 are on the decks for this afternoon. Two rounds tomorrow will settle the semi-finalists who fight it out over 36 holes Friday.

'Bypolo'—Polo On Bikes Furious New British Game

LONDON, July 14.— (CP).— what do secretaries and managers of Britain's soccer teams do in the summer?

They used to wrap wet towels around their heads and nibble aspirins while they pondered next season's problems. Now the Football Association has arranged a summer school for them at Bisham Abbey, Buckinghamshire.

Subjects range from "accountancy and correspondence" to "company law."

Football groundsmen will be going back to school too. At St. Ives, Yorkshire, the F.A. has arranged a course for them to be run by the government's Board of Greenkeeping Research.

Want Rules Revised

Also with an eye to next season—although it likely won't be adopted by then, if ever — the Scottish Football Association has forwarded to the international board a proposed revision in the rules governing the shape of the penalty area.

They suggest it 'shall be formed by drawing a semi-circle into the field of play with a radius of 22 yards from the point on the goal line in the centre of the goal."

Present rules stipulate the penalty area is marked by two lines 18 yards long starting at right angles to the goal line 18 yards outside each goalpost and joined by a line parallel to the goal line.

Polo on Bikes

Ever tried playing polo on a bicycle?

It's a growing game in Britain and this year 32 teams from many parts of the country will contest a national championship at Mitcham, Surrey — the "poor man's Hurlingham."

The fast and furious sport — they call it "bypole"—is played by teams of five, including one substitute. Players wear helmets, knee-pads and heavy gloves with uniforms similar to track suits.

Standard equipment includes a stripped bicycle weighing about 28 pounds and worth about $40 and a wooden mallet with a 36-inch shaft.

The game is divided into six chukkers of 15 minutes each.

At the beginning of each period and after each goal is scored, forwards race from their own goal-mouths to the centre of the field to "hit off" the ball, a bamboo-root affair renewed each chukker.

Spills are frequent but rarely serious.

Bruce Woodcock, Britain's heavyweight boxing champion, has a kid brother making a name for himself in the ring.

But the name isn't Woodcock —it's "Billy Carroll," a nom de guerre adopted by the lad in order not to cash in on Bruce's reputation.

Bill has scored 11 victories this year—five by knockouts. A few triumphs, says his manager, and kid will be ready to challenge for the title of Dick Turpin, British and Empire middleweight king.

Counterfeiters Active

TORONTO, July 14 — (CP). — Police said Tuesday they believe an organized gang of counterfeiters has crossed the border from the United States and is operating in Ontario. During the week-end bogus bills were reported cashed in the Georgian Bay district.

National League Team Faces Red Bruised Americans Take All-Star

ST. LOUIS, July 14 — (AP). — Baseball fans are wondering today whether the mere sight of an American league uniform drains the power from the bats of the National league hitters or whether the senior circuit has simply developed a defeatist complex.

It may be a combination of both. Although the American league went into the 15th annual all-star game Tuesday with more bruises than one of Joe Louis' sparring partners, it had a comparatively easy time knocking off its "cousins" for the 11th time in 15 meetings.

The score was 5-2. But for Stan Musial's first-inning two-run homer, the National leaguers would have suffered the added embarrassment of a shutout.

Of all their defeats, the latest probably was the hardest to take. With the exception of Eddie Stanky, Boston's Braves' second baseman, and shortstop Marty Marion of St. Louis Cardinals, every member of the original 25-man squad was in splendid shape.

Riddled By Injuries

In sharp contrast, the American league outfit was riddled by injuries. Ted Williams, Joe DiMaggio and George Kell, top hitters, were laid up with injuries. The two "money" pitchers, Bob Feller and Hal Newhouser, were hors de combat, the former of his own free will.

The 34,009 fans who filled Sportsman's Park saw right-hander Walter Masterson, "Vic Raschi and Joe Coleman tie the National Leaguers into knots after the first inning.

For about 10 minutes, or as long as it took Masterson to get over his jitters, it appeared that the Nationals, in one big swoop, were out to pay back their rivals for all the humiliation heaped upon them in the past. Of the first five men to face the bespectacled Washington hurler, four reached first base. Two—lead-off batters Richie Ashburn and Musial—didn't tarry long.

The sensational Philadelphia rookie centre fielder singled to open the game, stole second, and after Red Schoendienst bounced out, trotted across the plate when Musial poled a long home run atop the right field pavilion roof.

Take Siesta

Except for a brief flurry in the sixth when pinch hitter Ed Waitkus followed successive singles by Bob Elliott and Phil Masi with a walk to load the bases with two out, the Nationals gave no intentions of awakening from their siesta. Raschi, however, immediately lulled the boys back to sleep, catching Ashburn napping on a called third strike.

The Nationals did manage to get eight hits, but only the first two counted.

The Americans amassed only six safeties, but made four of them count for as many runs.

Cuts Margin

Hoot Evers, DiMaggio's replacement on the starting line-up, cut the National League's margin in two when he lined a vicious home run into the left field bleachers off starter Ralph Branca in the second inning. Ralph Branca's temporary wildness in the third resulted in the tying run and the game was decided in the fourth. Johnny Schmitz, Branca's successor, started nobly by forcing Evers to pop out. He never got another man out. Ken Keltner, Cleveland's third baseman, singled, and George McQuinn, aged Yankee first sacker, followed with another. Birdie Tebbett's, Boston's chatterbox catcher, coaxed a base on balls to load the bases.

Then Raschi singled to score Keltner and McQuinn and chase the Cub's southpaw.

Joe DiMaggio, although carting around a sore left knee, hobbled to the plate and delivered the third run with a long fly to left.

Kawartha Golf News

By JERRY SEABROOK

The boys managed to regain possession of the Glover-Dobbin (inter club match) Trophy last Saturday afternoon, by a margin of 29 points, which included a 4-point marry-over from the Peterborough match. A very enjoyable match was held, although the scores were not exceptionally low. Th three best from each club were as follows: F. Dunfield 78, E. Asker 78, and N. Finnie 79 from Kawartha, and G. Watman 81, H. Bradburn 84 and L. Lawrence 85 from Peterborough.

Ball sweep winners for Saturday were as follows: Low gross, Fraser Dunfield 78; 1st low net, Earl Asker, 66; 2nd low net, Lloyd Bath and Don Meredith, 68; 3rd low net, Gerry Seabrook and Bucky Flemming 69; 4th low net, John McIntyre, 70; 5th low net, Norm Finnie and Ned Vitarelli, 71, 66th low net, M. Ruiter, Bill Beggs and Frank Gray, 72. Sunday winners: low gross, H. M. McGougan, 80; 1st low net, R. Douglas, 67; 2nd low net, Gil Putnam, 69.

Notice quite a number of matches are lagging behind in the various club competitions. Still five matches in the Kawartha Cup second round and seven matches in the presidents Cup second round to be played. Also the men's two-ball competition needs a little picking up, 2 matches in the first round and 12 matches in the second round to be played. Better pull up your socks boys or Lee Ackford and Bob Buchanan will start wielding the axe one of these days. Not only that but the holidays are fast approaching and golf matches are mighty hard to arrange right about then.

Don't forget the Midland league matches in Lindsay this coming Saturday. A mighty tricky nine-hole course and a good time assured. The entry list is on the board. How about you low handicap boys displaying your wares up there this Saturday. Understand we didn't show too well in Oshawa recently.

UNBEATEN IN HIS LAST 237 COMPETITIONS and scheduled to run in the Olympic tryouts in Chicago, Ill., ace distance runner Gil Dodds may be forced out of the running by a strained Achilles tendon . . . the one vulnerable spot on the hero of mythology. Dodds is shown here undergoing whirlpool treatment, administered by Johnny Semple, at Boston, Mass. Dodds thinks the injury dates back to his winning the 1,500-metre event in Milwaukee recently. "During the third quarter of the race I felt something give," he said.

HERE AND THERE IN SPORTS

BY CANADIAN PRESS

Ann Clark of Vancouver, who represents the Women's Athletic Federation of the Canadian Olympic Association, Tuesday ridiculed any suggestion that there was racial discrimination in the selection of the Women's Olympic track competitors.

Ab Foster, coach of Toronto Malvernettes, was quoted in Toronto as saying he thought Roselia Thorne, Montreal Negro girl, was left off the team "because she was colored."

Miss Clark said there was no foundation for this assumption. She said the committee realized before the meet there are no outstanding girl hurdlers in Canada who can compete with the sensational performances of English and European girls.

Women have advanced another step in their drive to obtain equal status with men. Officials of the Calgary wrestling commission announced Tuesday that the ban on women wrestlers in the city had been lifted.

Strengthened by towering Ollie Bakken, Montreal, YMCA Tuesday night defeated University of British Columbia Thunderbirds 59-49 in an exhibition basketball game at Montreal. The contest was a final practice for players on both teams—all members of Canada's Olympic hoop squad. They sail from Halifax for London Thursday.

Negroes started playing golf Tuesday on three Baltimore municipal courses from which they had been excluded. A federal court order opened the links to them. It was issued by Judge Calvin Chesnut, who couldn't deny the use of public courses to Negroes.

Jockey Johnny Logden, for the second time in less than three weeks, booted home five winners at Hollywood Park Tuesday. The Western Canada tracks, thus ran Western Canada tracks⅛ thus ran his victory string to 89 and boosted his lifetime total of 3,124.

George Ross, 153½, of West Bay Road, N.S., scored a unanimous decision over Roger Whynot, 147, of Mahone Bay, N.S., in Halifax Tuesday night in a 12-round fight billed as a Canadian middleweight championship bout. Ross is recognized in the Maritimes as Canadian champion since he outpointed Hamilton's Len Wadsworth at Glace Bay, N.S.

France Plans Big Program Of Playgrounds

PARIS, July 14.—(Reuters).— Plans to give Paris a "green belt" comprising more than 74,000 acres of public gardens, playgrounds and sports stadiums, are well under way.

Robert Joffet, inspector-general of Paris parks, gardens and sports equipment, said the scheme was drafted in 1942, but started only after the liberation. Even now, shortage of funds, free space and building material are slowing its progress.

So far, 30 small sports grounds and six large ones have been built along the "belt" of what used to be the city's fortifications.

Another five large grounds will be completed by the end of this year.

The plan is part of an effort by the French Government to encourage sports and outdoor pastimes in a country where such activities have been ignored or left to private initiative.

The campaign originated with Leo Lagrange, a Socialist who became in 1936 the first French minister for sports. His idea was that sports and fresh air should be available to all and not a privilege of the well-to-do.

He was killed at the front in 1940, but most of the work done in this field since his death is an application of his ideas.

National Centre

Lagrange laid the first stone of a national centre of physical and sports education which, when completed, is expected to be one of the most important of its kind in the world.

It will include the National Sports Institute—which is already in operation—to perfect the training of sports teachers and study sports techniques; a teachers' training college for physical education and sports; a national school for teachers of physical education; and a national centre for sports equipment.

Training of sports coaches and instructors has increased greatly since the war, partly due to the efforts of Jean Borotra, veteran French tennis player who was sports commissioner for a short time under the wartime Vichy Government.

Before the war, French schools had the reputation of "all work, no play." From April this year, a special sports certificate has been made a compulsory part of the final elementary school examination. The sports test includes swimming, running, climbing, jumping and weight-throwing.

Both in elementary and in secondary schools, the program includes 2½ hours' physical training a week. In addition, pupils of senior class have on "open air" afternoon a week, when they are taken to the country or to sports grounds and swimming pools.

Canadian Interest In Olympic Small

LONDON, July 14.—(CP). — Canadian interest in the Olympic games, at least from a spectator viewpoint, is just so-so. Less than $3,500 worth of tickets for the 17-day spectacle have been sold to the Dominion—$1,200 to the Canadian Olympic committee and about $2,000 to individuals.

But Canada's apathy to the 62-country show can't compare with Russia's. The Russians have given the games the "cold war" treatment — no competitors and no ticket applications.

At the other end of the scale, Sweden tops spectator interest with an order for $108,000 worth and the United States is just behind with $92,000. A surprise is Iceland, entered only in track and field, football and shooting with a $12,000 order.

French Outlook Good

EDMONTON (CP) —Industrial outlook in France is good and the country's rate almost equals the 1939 mark, says Jacques Humbert, French Trade Commissioner to Canada. France is keenly interested in developing a more equal trade balance with Canada.

Resourceful Thieves

VANCOUVER (CP) — Smart thieves have apparently made one truck out of two vehicles. Police say a hood was stolen from a business man's truck, shortly after they were warned to watch for a stolen truck which has a missing hood.

TOMORROW try the "inner cleanliness" way to start the day—with a sparkling, bubbling glass of ANDREWS LIVER SALT. Real inner cleanliness can put a spring in your step, a brighter twinkle in your eye. For you just naturally feel better all over when you are clean inside. Here's how ANDREWS does its healthful work:

FIRST... Andrews cleans and refreshes the mouth and tongue.

NEXT... ANDREWS sweetens sour stomach and corrects excess acidity.

THEN... ANDREWS works on the liver to check biliousness.

FINALLY... To complete your Inner Cleanliness, ANDREWS gently cleans the bowels. It sweeps away trouble-making poisons, corrects temporary constipation.

Try ANDREWS LIVER SALT tomorrow morning. Get a package now. And insist on getting *real* ANDREWS ... not a substitute.

Browning Shrine In US To House Rare Collection

WACO, Texas, June 14 (AP)—This spring, workmen dug into the black gummy soil of the Brazos River valley on a foundation for a shrine to an English poet, Robert Browning.

And on May 7, the date of Browning's birth, when bluebonnets cover the undulating hills around Waco, a gaunt, grey-haired man laid the cornerstone of his dream of 30 years—a building to house a priceless Browning collection.

"We told the architect to build the most beautiful building in America. Those are his order," said Dr. A. Joseph Armstrong, professor of English at Baylor University. "In it we will put our Browning collection, the greatest in the world."

Very few would dispute him. Oxford University and the British National Museum in England and the New York Public Library have Browning collections, but they are small compared to the first editions, Browning portraits, Browning letters and personal belongings of the poet now assembled on the second floor of Baylor's library. It's a mecca for Browning scholars.

"Our new building shall be a shrine," the scholar said, "and the principal room shall be the foyer of meditation."

This foyer will be a room, 75 by 75 feet and two stories high. Oriental tile on the floor will carry out the bells and pomegranite motif of Browning and stained glass windows will diffuse soft light.

Began Five Years Ago

Dr. Armstrong began actual plans for the building five years ago. A friend, still unnamed, offered $100,000 if the professor could raise a like amount. A year later he had $150,000 and now has $460,000, with $200,000 still needed.

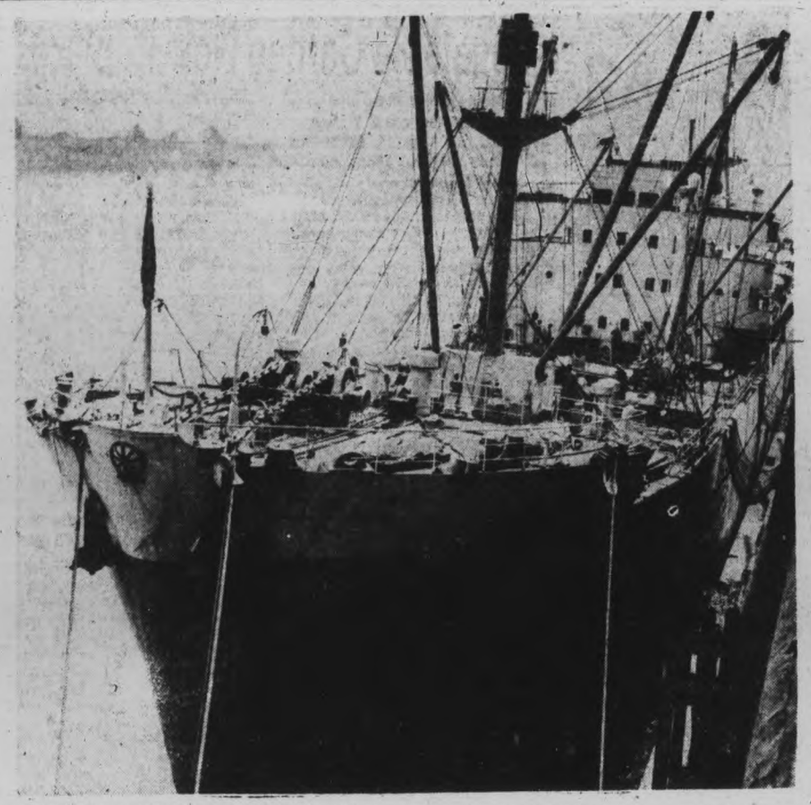
"Not so long ago," Dr. Armstrong related, "a football player stopped me on the campus and said, 'Here, Doc, I heard you needed some money for Browning,' and handed me a $5 bill. Now I never had any use for football players, never allowed one in my class if I knew it, but that's the way it's been. One fellow I flunked in Shakespeare sent a check for $5,000."

The collection contains 4,000 volumes of books, including the first edition of Browning. It contains no manuscripts of Browning's poems, but does have the letters between Isa Blagdon and Browning after his wife's death, which are valued at $50,000, and about 100 other letters of Browning to various other persons.

Among Browning treasures kept in a steel safe are such personal and irreplaceable items as a lock of Brownin's hair, cut by his daughter-in-law as he lay on his bier, a white satin ribbon from the bier, a sprig of edelweiss Browning picked in the Alps in 1884, pressed flowers which Elizabeth sent in her love letters to Robert, an account book which Browning kept up until a few months before his death.

Here too is the brooch which Browning gave Elizabeth on their first wedding anniversary, and the poet's signet ring, which Dr. Armstrong sometimes wears himself.

Among the original portraits of Browning are the life-sized paintings by his son, Robert Barret Browning, and another by the English painter, Rudolph Lehmann, which Browning mentioned as his favorite.



THE BIG BRITISH FREIGHTER "Port Quebec," paying her first visit in Montreal, is now doing peaceful duty after laying a record total of 33,494 mines during her gallant war service, while on duty as a minelayer.

Lily Lake WA Holds Picnic At Riverside Park

LILY, LAKE, July 14—(ENS)—Children and parents took advantage of the ideal weather recently to hold the annual Lily Lake WA picnic. The outing was held at Riverside Park, where a full program of races and games entertained both spectators and participants.

Results of the race were as follows:

Tot race—1 Stephen McConkey, 2 Harold Hancock.

Children's race, under 5—1 Gwen Hancock, 2 Whipple Steinkrauss.

Children under 8 — 1 Donald Middleton, 2 Bruce Middleton.

Children 8 to 12—1 Lorraine Middleton, 2 Gaye Hancock.

Shoe kicking race for children—1 Nancy Hancock, 2 Gaye Hancock.

Children's backward race — 1 Gerald Hancock, 2 Lorraine Middleton.

Married women's race—1 Mrs Everett Tully, 2 Mrs. Nick Dunford.

Women's shoe kicking race—1 Mrs. C. Hancock and Mrs. George Middleton; 2 Mrs. Evans McConkey and Mrs. Everett Tully.

Thread the needle race—1 Mrs George Middleton and Mrs. Evans McConkey, 2 Mrs. Clarence Hancock and Mrs. Everett Tully.

Honor Lord Wakehurst

LONDON, July 14 — (CP) — Lord Wakehurst, who recently toured Canada on a goodwill mission, has been inducted as the First Lord Prior of the Order of St. John. To mark the ceremony the flag of St. John flew over Westminster Abbey on St. John's Day. Among those who attended the ceremony was Mrs. A. E. Gibbs, a member of the Steel Company of Canada Nursing Division of St. John in Hamilton.

To Climb the Stairs or Take an Elevator?

TO bring up a family today without the protection of life insurance is as foolish as to neglect to use an elevator in a skyscraper!

Comforts, conveniences and facilities unknown to our forbears are now an essential part of living. To enjoy them and at the same time accumulate large sums of money through laborious step-by-step saving is impossible to most earners. Yet it is disastrous to take too much for granted and forget about the future.

How, then, can a man of modest means protect his dependants against financial hardship in case of untimely death — or himself against the hazards of declining years?

The answer is by taking an elevator — Life Insurance. It can whisk a family to the level of a protected future by a few strokes of the pen. It provides independence for retiring years without unreasonable sacrifice. It is a modern development in the economic field to enable men and women to live wisely, sanely and safely in the modern way.

LAWS VARY

In Scotland a decree of divorce dissolves a marriages at once, while in England neither party is free to re-marry until six months have expired.

L. H. Gibson, Road Superintendent Discharged By Cavan Council

MILLBROK, July 14—Dissatisfaction with road conditions in Cavan township for the past 15 months led to the dismissal of road superintendent L. H. Gibson at a meeting of township council on July 7. A letter was received from Mr. Gibson in which he refused to resign following a request to that effect from the council. Mr. Gibson was then asked to attend the meeting, but refused to reconsider.

At a previous special session on June 18, Deputy Reeve Armstrong, seconded by Councillor Earle, moved that Mr. Gibson be asked for his resignation. It was then moved in amendment by Councillors Hootan and Olan that Mr. Gibson be asked to attend a special meeting of council and state why the council would not be justified in asking for his resignation.

Seeking a unanimous decision on the matter, Mr. Armstrong and Councillor Hootan moved that the motion asking for resignation, and the amendment be withdrawn, and that council meet again in special session on June 21 to outline a brief stating reasons for dissatisfaction.

At the meeting of June 21, Councillor Earle and Deputy Reeve Armstrong moved that, in view of changed conditions and changed machinery, and since Mr. Gibson seemed unable to cope with the situation, council should ask for his resignation. Councillors Hootan and Olan moved in amendment that the resignation should not take effect until October 1. The motion carried.

Deputy Reeve Armstrong and Councillor Earle moved in regular session on July 7 that in view of Mr. Gibson's refusal to resign, he should be notified that his services were no longer required.

One month's pay to Mr. Gibson in lieu of notice was ordered. Councillor Hootan and Deputy Reeve Armstrong then moved that Harry Tully carry on as acting road superintendent pending an appointment and approval of a permanent superintendent.

Council approved accounts totalling $2,816.77 on a motion of Mr. Armstrong and Councillor Earle. Following a request of the reforestation station, rental of the township road scraper was set at $5 a day.

Several members of the Mount Pleasant Women's Institute addressed the council, asking for a grant from the Cavan building fund of $200 for repairs to their hall being done by them and committee of the reeve and deputy reeve was named to meet the ladies.

The following communications were received: Mr. Dalton Alderson, re car accident on 10th Line; Mr. George Allan, re car accident; J. J. Taylor Safe Works, re quotation on a larger safe; Midland Loan and Savings Co., re taxes; Pedlar People Ltd., re order for culverts; Ontario Bridge Co., re cork culvert; General Accident Co., re insurance on TD-14; Westeel Products Ltd., re order for culverts; North Cavan School Area, re trustees request for funds; Department of Highways, approval of Cork Bridge contract; Department of Health, re cemetery at Springville; Mrs. W. L. White, re cemetery at Springville; Northumberland and Durham Health Unit, re cemetery at Springville; Mr. E. F. Marston, highway department re road superintendent; Mr. L. H. Gibson, re road superintendent.

Apsley Wi Picnic

APSLEY, July 14 (ENS)—The Apsley Women's Institute held a picnic on United Church ground last week.

An enjoyable time was spent in the beautiful grove on the banks of Eels Creek. Plans were made to hold another picnic the first Thursday in August. Mrs. N Wilson was appointed convener of committee to arrange games. Helpers were Mrs. R. Hales, Mrs. D. Newberry and Mrs. Herb Tucker.

The usual picnic supper was enjoyed.

Dig Well In Park

TRURO, N. S. (CP)—A gravel-packed well is to be bored in the grounds of the Truro Amateur Athletic Grounds. The well—expected to produce about 400 gallons a minute—will supplement the water supply in the city reservoir during the summer and fall heavy-consumption period.

BREAD AND WATER and lots of fresh air was the treatment accorded 311 of the more than 800 prisoners at Guelph Reformatory who refused to work. Here's an aerial view Tuesday afternoon of the rebellious inmates who were kept in an exercise yard since they struck after noonday meal Monday. Officials decided to keep them there as a disciplinary measure. The inmates sued for peace Tuesday night and were re-admitted.

Vegetable Garden Now Replaces Famous German Chancellory

BY NORMAN CRIBBENS
Canadian Press Staff Writer

BERLIN, July 14 (CP).—In a city that seems without hope, the intense industry and skill of the average German worker are almost frightening—especially to visitors who remember those ingenious rocket bombs that came out of German workshops during the last days of the war.

However small his reward, the German seems to have a horror of careless, slipshod work. A hair-trim may take anything from 30 to 40 minutes, the barber giving the impression he is engaged on a delicate work of art—each snip of his scissors a fine precision cut.

Shoes are cleaned with desperate thoroughness, trousers pressed to a knife-edge, food served with punctilious care and a suggestion of art.

There is precision, too, in the manufacture of most things from children's toys to household furniture and kitchen utensils—and in the work of professional entertainers. Theatricals and operatic productions are highly polished, suggesting long and patient rehearsal.

Every foot of vacant land in Berlin seems under cultivation. Row upon row of neat, well-grown vegetables cover acres that have been cleared of bomb rubble and although food is scarce the allotment holder always has room for flowers.

Courtyard Vegetable

Around the gaunt ruin of Hitler's once-glorified chancellory, now in the Russian sector of Berlin, flower and vegetable plots extend for nearly half a mile. They are found even in the private courtyard where Hitler used to take his after-dinner stroll.

Although there is absenteeism in Berlin factories, Allied officials readily acknowledge the workman like qualities of the average German.

"Had Germany left war alone she would have been a great power by virtue of her industry alone," a U. S. government official said. "Work is a religion in this country. The German is trained to it from babyhood on."

In an elementary school in the British sector I watched a crowded class of boys and girls from seven to nine years at their arithmetic lesson, heads bent earnestly over their books, pens scratching furiously.

"Because of staff shortage, the children come to school in relays from 9 till 1 and 1 till 5," the German woman teacher said. "We crowd a lot into the limited hours but the children work hard to keep up with the curriculum."

Board's Powers Under Review

LONDON, July 14—(CP)—Arguments before the Privy Council today against the validity of Saskatchewan's farm security act hinged on the question of whether its provincial mediation board has power to decide if the farmer has been a victim of crop failure.

J. L. Ilsley, former Canadian cabinet minister, who is representing the Dominion government in the appeal, insisted that no such powers are given to a provincial board under the British North America Act.

Saskatchewan's C.C.F. government is appealing to the Privy Council against a decision of the Supreme Court of Canada that section 6 of the Farm Security Act is ultra vires of the province.

Ilsley said the Farm Security Act conferred powers on the provincial mediation board which under section 96 of the B.N.A. act could only be exercised by judges appointed by the Governor General of Canada.

A decision by the provincial mediation board on crop failure would, under section 6 of the Farm Security Act decide whether the mortgagor or the purchaser of the farm would be required to pay the mortgage or the vendor.

Some Auto!

LONDON, Ont. (CP)—Police, examining a car involved in an accident here, listed the following defects; no brakes, no horn, no windshield wiper, no lights, tires unsafe and spokes in one wheel broken. It was undamaged but the other vehicle received damages estimated at $50.

Empire Economic Union Booklet Slams Anglo-Canadian Wheat Pact

BY JAMES McCOOK
Canadian Press Staff Writer

LONDON, July 14 (CP).—Results of the Anglo-Canadian wheat agreement of 1946 were unsatisfactory to the United Kingdom, "at least in the rate of shipment and probably in respect of the quantity of wheat made available," said an Empire Economic Union publication called "Government Bulk Buying."

"The agreement also caused resentment among Canadian farmers," the booklet, written by the union's research secretary, Ronald Russell, added.

In June, a Conservative party publication said Canadian delay in shipping wheat brought under the $1.55-a-bushel contract forced Britain to buy from the Argentine at prices of more than $3 a bushel.

Russell wrote that Food Minister Strachey seemed to have made a good bargain for Britain over the question of price" in the wheat agreement.

"This is supported by the fact that the price for the 1948-49 crop has since been raised by agreement to $2 on condition that Britain bought other food from Canada. Otherwise the price would have been $3."

The union is headed by L. S. Amery, former Conservative cabinet minister, and has fought reductions in imperial trade preferences as part of its policy of developing Commonwealth trade exchanges.

Russell said Canadians denied suggestions made in Britain that slow wheat deliveries in 1946-47 were due to the price paid Canada being less than the open market rate. He found no foundation for the allegation that the agreement price caused Candadian farmers to delay wheat deliveries.

Make Up Difference

"The difference between the $1.35 a bushel paid to the farmers and the price at which the Canadian wheat board exports is distributed to the farmers as a bonus at five-yearly intervals," he continued.

". . .It would seem that the farmers are unwilling to wait so long, because the acreage for wheat was reduced from 26,000,000 in 1946 to 23,000,000 in 1947, the other 3,000,000 acres being sown with more profitable crops. On the other hand the wheat acreage in the United States, where no such arrangements exist, was increased in 1947 compared with 1946.

"So it seems that there is substance in that charge (that the price discourages production.")

Russell said there was a charge that priority was given wheat shipments to countries other than Britain. He said it seemed there were substantial grounds for this complaint and therefore the low price paid was a factor in delaying shipments."

Canadian "critics" agreed shipment were slow but they blamed, the transport problem, not the price, said Russell. But whatever the cause not enough wheat had been shipped before the St. Lawrence froze and "so the British government had to make desperate attempts to ship wheat from the Pacific ports at an additional cost to Britain of 22s. ($4.40) a ton."

Some 30 per cent of the wheat had to be shipped by this route which "caused a huge waste of shipping owing to the much longer haul from the Pacific coast."

SMART to SERVE and oh!... so good!

The Peterborough Examiner

VOL. XCVII, No. 11 WEDNESDAY, JULY 14, 1948 PRICE FIVE CENTS

Ask Chamber To Support Proposed Road

A petition from approximately 200 Cavan residents asking that the 13-mile stretch of highway between Highway 35 and Berry's Corners be taken over by the province was submitted at the July executive meeting of the Chamber of Commerce held on Tuesday night. George Hooten of Cavan township presented the case for the residents.

The road runs from Highway 35, through Fleetwood and Franklin to Berry's Corners. The executive is considering whether it should support this petition.

Survey Traffic

A report on the traffic conditions at four of the city's intersections was submitted and it was decided to conduct an extensive survey of rush-hour traffic at three specified hours each day, from Monday through to Saturday. The support of the Junior Chamber of Commerce was offered and a committee will be set up by the two Chambers in the immediate future to proceed with th study.

J. M. Fraser reported that window display cards calling the U.S. tourists attention to the recent $400 exemption on Canadian purchases had been distributed to local retail merchants. Display cards listing shopping and banking hours in Peterborough, as well as hours of church services, etc., are being sent to all resort operators in the district. These cards were made available through the Peterborough Business Men's Association.

Closing of Bridge

It was stated that complaints had been made by tourists that sufficient notice had not been given regarding the closing of the Chemong Bridge to traffic. A resolution was passed, asking the county engineer to have these signs posted more conspicuously at the proper highway intersections.

Following a letter of complaint regarding the condition of level crossings throughout the city, it was decided to make a survey of all crossing and to take the matter up with the proper authorities.

Mr. Fraser said that arrangements had been made with a large American television station to televise "The Call of the Kawarthas" over their facilities, and he suggested that special prints of this film for television purposes might be made available to other U.S. radio stations for use during the coming winter. It was decided to explore all the possibilities of this means of further publicizing the Kawartha tourist attractions.

The matter of additional highway markers to be erected at the intersection of Highways No. 28 and 7 and also at McDonnel and George streets was to be taken up with the Peterborough Automotive Club.

Members of the executive present were: W. M. Gemmell, J. E. Girven, J. B. Bell, G. A. Macdonald, D. A. Kerr, E. C. Braund, N. E. Elliott and C. B. Neal. The Junior Chamber of Commerce was represented by Doug Vaisey and J. Cook.

REBUILDING OF BUCKHORN ROAD to highway width and smoothness is underway. Work on this stretch just north of the Mud Lake bridge shows two long curves being eliminated. The big elm tree will probably go too. Workmen are concentrating their efforts on the section between the bridge and the road into Curve lake reservation.

—Examiner Staff Photo

Rebuilding Buckhorn Road

Two caterpillar type tractors hauling carry-alls are ripping into the rocky shoulders of the old Buckhorn road as work is being pushed, converting this link with the north country into a road of highway proportions. The cost of the work is paid for by the Provincial Department of Highways, under special agreement with the county. The county provides only the right-of-way and fencing of the road. The actual rebuilding is under the supervision of county officials, with J. A. Fletcher, former county engineer, in charge. A monthly statement of the cost is submitted to the province.

Mr. Fletcher has eight men brushing between Selwyn and Buckhorn, but says he could use more if they were available. Two highway machines have been rented from the Blyth Construction Company complete with operators, and these are doing splendid work.

So far the bulk of the work, widening the road, removing the trees, and providing fill has been done between Red Wing cottages and the North Smith Church at the Curve Lake turn. Clearing of trees has proceeded to within a mile of Buckhorn village. The road is open to traffic and in excellent driving condition except where the machines are working, and this makes parts quite rough.

Mr. Fletcher says progress has been slowed by the fact the machines are hitting large field stones in the shoulders which are being cut down to provide fill for the hollows, curves and sharp dips.

Hydro poles will have to be moved in a short time, and this will also serve to speed up the rebuilding of this route.

Marshall Kier, 71 Dies In Campbellford

CAMPBELLFORD, July 14 — (CP). — One of Campbellford's best known citizens, Marshall Kier, 71, owner of Kier's grist mill died suddenly at his home here today. He was secretary of the Orange Order of Loyal True Blues here.

Main Street Topics

SECONDARY RINK

Civic Arena campaign headquarters are closing for six weeks until the last week in August, but donations are being accepted at the Bank of Montreal. The cement foundations for the rink have now been completed and work on siding and roofing will begin in about two weeks.

DONATE TROPHY

A new trophy has been donated to the Kawartha Golf Club to be awarded to the low gross winner of the annual Kawartha invitation tournament which will be held on August 1 this year. Club officials expect about 250 entries from the province and the United States. Entries from Pennsylvania have been received already.

BOOKS FOR SALVAGE

Approval was given on Tuesday by K. S. Wightman, chairman of the Library Committee, to the disposal of several hundred books and bound periodicals at present in the basement of the Public Library. The books, some of which are more than a hundred years old, will be used for salvage.

VACATION CLUB

Fifteen boys of the YMCA Vacation Club who have passed an extremely stiff swimming test went canoeing on Little Lake on Tuesday afternoon. It is now proposed to have a canoe race to determine the best doubles pair in the club. Canoes were lent to the club by Odette's Boat Livery.

TWO LODGES OMITTED

In the list of Orange lodges which took part in the parade up George street to mark the closing of the July 12 celebration, names of two Peterborough lodges were omitted. These were Watch Tower LTB 515, a senior lodge, and Sunshine Juveniles 244. Both were at full strength and their smart appearance brought many favorable comments.

DECORATE GRAVES

Members of the Royal True Blue Lodge, Watchtower 515, will decorate the graves of former members, and those of husbands, wives, fathers and mothers of present members at Little Lake Cemetery on Sunday. From now on this will be an annual ceremony to be carried out on the Sunday following the Orange parade.

NOT SATISFACTORY

Motorists using the Chemong road report there is still no sign at the Lindsay highway turn indicating that Chemong Bridge is closed. The only sign noticed is about 100 feet north of the turn on to the road leading to the bridge. In other words motorists must turn down the road to the bridge before they learn the bridge is not open to traffic.

TRACTOR ON FIRE

Firemen rushed to Erskine Ave. shortly before 4 p.m. on Tuesday to put out a tractor fire near the Dixie Mills. H. Keats, owner of the mill, was ploughing in a nearby field using the tractor. He noticed that it backfired several times, and it is assumed that the blaze started when some gasoline dropped on the hot motor. Slight damage resulted. Later in the evening another vehicle, this time a truck belonging to the Canada Bread Co., caught fire. Workmen were welding a portion of the body when the fire started. The truck was driven to the fire station where the blaze was quickly extinguished with a hand pump.

NAMES OMITTED

The following omissions were made in the County High School entrance results for Queen Elizabeth centre appearing in The Examiner on Tuesday evening: Howson, Dorothy; Kingdon, Robert; Malloy, Vernon; Mann, Lorrie (H); Mifligan, Marlene; Munro, Dorothy; Newnhan, Gordon.

THE WORST CROSSING

Between Albert and Perry streets three rail lines cross the Park street artery, which carries the bulk of the north and south traffic. Two of these tracks are smooth, but the northerly one is a bouncer, and motorists unaware of the rough spot are giving springs and shock absorbers the acid test when they hit the tracks at a 20-mile clip.

SWIMMING ACCIDENTS

Two boys, Wilfred Rankin and Lionel Hempstead, have both cut themselves about the face during the past three days by diving into shallow water. A high percentage of drowning and serious accidents to swimmers are caused in this manner, and people should be certain that they are diving into deep water before plunging into a river or lake.

BAN OFF SATURDAY

Lakefield Board of Health on Tuesday night decided that the ban on swimming and public gatherings in the village would be lifted Saturday morning if there were no further developments in the meantime. It was placed on order of the Medical Officer of Health, Dr. H. E. Gastle, when a boy at Lakefield developed a case of polio. The single case was taken to hospital in Toronto, and no further cases have been reported.

WON CUP

Juvenile Sunshine Loyal True Blue Lodge No. 44 was the lodge to receive the cup for the best fife and drum band in the Orange meet at Cobourg on Monday. Oshawa Pipe Band won first prize in the pipe band section, it has been pointed out. Officals mentioned this to prevent possible misunderstanding that the Senior Watch Tower LTB lodge had won the cup this year. The lodge has won two cups in past years.

POLICE CRACK DOWN

People who violate regulations regarding the placing of signs on highways are being checked by Provincial police. Several signs advertising tourist camps, cabins, bait and lodges, have been taken down this week by police officers. Some were even placed on the standard highway finger posts. These are the only kinds of signs allowed on the highway, and are erected by the Department of Highways.

GOOD LUCK TO KEENE

Julius Perigiyi, Niles, Ohio, was about to wind up his vacation last Friday and was making the last turn in Keene Bay on Rice Lake when a muskie hit. It took 20 minutes of careful angling to boat the fish, and it weighed 25 pounds and was 46½ inches long. A few minutes later Mr. Perigiyi snagged his plug bait on some weeds and the line broke, and he thanked his lucky stars that it lasted during the battle with the muskie. His brother Joe was with him at the time. They have been coming to the area for 11 years, and claim fishing this year has been the best of all that time.

Stop Shipments, Warn Travellers As Strike Looms

Last ditch negotiations of the government with railway unions and companies are in progress today in Ottawa. Meanwhile, throughout the country, both the CPR and CNR are taking steps in the event that the threatened railway strike should go into effect Thursday, as announced. In Peterborough, offices of both companies are warning passengers and shippers of the possible effects of the strike. Train travellers have been told to arrange their trips so as to reach their destinations by midnight tonight.

Freight shipments are not being accepted here today according to instructions received from the railways' head offices, but deliveries were still being made.

First train out of Peterborough which will be effected if the strike order goes will be the CPR scheduled to leave the city for Toronto at 7.10 Thursday morning (city time). It will not leave.

However, the Ottawa-Toronto sleeper which passes through Peterborough at 5.35 a.m. will operate tonight's run, the local office has been advised.

First CNR train touching Peterborough to be halted by the strike will be the train from Belleville which normally arrives at 7.42 a.m. The strike order calls for stopping all trains at the divisional point after midnight. Following this order, the train will not leave Belleville.

Giving Warning

Ticket offices here have been warning all buyers of the possible non-running of the schedules. Passengers due to sail from Halifax on the Aquitania on Thursday were advised earlier to leave a day sooner.

A report from Brantford that the CNR has been selling tickets with special "no-strike" clause is questioned here. Officials claim that standard railway tickets contain clauses which release companies from responsibility in the event of special emergency conditions, including strikes.

Report Thefts A Playgrounds

Charges will be laid in future against people who wilfully damage or steal city playground equipment, Jack Dane, city recreation director, said today. Theft last Friday night of a first aid box from Inverlea and the theft Tuesday night of a rugby ball from Fleming Place brought matters to a head.

During the past week, at least two teeters on city playgrouds have been broken. Moreover, several cases of theft of money and belongings have been reported to Mr. Dane from the playgrounds which have beaches. Playground instructors have been authorized to hold any person whom they believe to be guilty until the arrival of police.

Mr. Dane said also that he hoped to place signs on the various playgrounds, warning everyone that police action will be taken against such petty thieves.

"We've got to stop this now. You can't just pat these kids on the back," he added.

Crate Of Oranges Found On Street

City police are wondering today what they will do with more than half a crate of oranges. The oranges are now in the office of the detectives at the police station while their custodians are hopeful that the rightful owners will claim them before the fruit reaches too pronounced a state of decay.

The full crate fell from a truck on Stewart St. Saturday morning, smashing and throwing the oranges all over the road. Neighborhood residents picked them up and held them for police. Some of the oranges disappeared via local children, who did not question the windfall.

Detectives said today that if the trucker does not come for his property "soon," the oranges will be turned over to the people who picked them up. Finders keepers — when the find is perishable, anyway.

Geo. H. Jeffrey Held For Toronto Police

Provincial police arrested Geo. H. Jeffrey late Tuesday night at the request of Toronto police. Information given here is that the prisoner is wanted for fraud.

Provincial Constables George Stevens and George Henderson taking a water taxi from Little's Landing made the arrest on an island in Stony Lake where Jeffrey is renovating a lodge.

Rambling Reporter

QUICK SERVICE

Twenty minutes elapsed today between the loss and recovery of a woman's purse. She had set down the purse while trying on a coat, and when she reached for the purse to pay for the coat, there was no purse there. Another woman had picked the purse up by mistake, and on discovering her error, reported it to the store manager. The store manager reported it to the police, who had been notified of the purse's disappearance.

Prove Hardship To Get Home Bought April 1

Effective July 12, a landlord who bought a house prior to April 1, 1948, and who can prove "grievous hardship" may now petition the Wartime Prices and Trade Board to gain possession.

It is not believed that there will be any rush of homeowners in this district, said an official of the WPTB. In most cases, he said, those who have purchased the houses recently are not undergoing sufficient "hardship" to convince the local WPTB commissioner that the present tenant should be evicted. Where extreme inconvenience, discomfort, overcrowding and similar matters exist the new regulations should afford some relief.

Originally the "grievous hardship" clause applied only to those who had purchased homes prior to January 1, 1947 but under the regulations which came into force on Monday the date was moved up to April 1st of this year.

Difficult to Obtain

In the announcement the Board pointed out that the rules respecting petitions remain the same as previously. The necessary qualifications to secure an eviction are not easy to obtain. For example, despite the fact that a landlord might be losing money because he is prevented from recovering possession of his house this is not considered grievous hardship. But overcrowding "to an extent which interferes with the accepted rules of morality and sanitation may disclose hardship of a grave and serious nature."

The key to understanding the regulation is that in the opinion of the Board "no helpful purpose would be served by relieving the hardship of the landlord at the expense of an even greater hardship to the tenant." The commissioner must use his own judgment on the respective needs of landlord and tenant.

Another humanitarian aspect of the new ruling is with respect to old people. Special consideration is given to these old people whose lives might be shortened or made uncomfortable and unhappy if they were not able to occupy their own homes.

Once the commissioner grants the petition, the tenant's rights are governed solely by the terms of the lease. If the petition is granted, the right of occupancy can be "terminated under provincial law with the result that the landlord may require the tenant to vacate at the expiration of the lease."

Petitions are heard in this territory which includes Northumberland, Victoria and Haliburton counties, by an outside commissioner. His decisions cannot be appealed.

Norwood Man Held For Theft

Something clicked in the mind of a construction worker here on Tuesday when another member of a working crew in a housing project came to work with a new haircut which looked slightly amateurish. Several days before, the house of C. D. Connelly had been robbed of a pair of barber's clippers and a pair of scissors, also a couple of wrenches.

Police today are holding George Smith of Norwood, who was remanded on a charge of theft.

According to police, workmen, including the accused, were doing work at the Connelly home at 532 Hamilton St., when the tonsorial tools were missed. Later, police say, slippers and scissors were found at Smith's home at Norwood.

Two Veteran Lawn Bowlers Honored By Club At Opening of Tournament

One hundred and ninety-two lawn bowlers representing 22 clubs from as far west as Wingham, north to Orangeville and east to Cornwall started competition this morning in the largest doubles tournament held on the Peterborough Lawn Bowling Club greens. One new green was officially opened by H. C Baille, Balmy Beach Club of Toronto and president of the Provincial Lawn Bowling Association, to complete the layout of 24 greens. Acting Mayor Max Swanston extended a welcome to the visitors and voiced tribute to the club officials for the careful planning that went into the arranging of the mammoth tournament.

The tournament known as the Lift Lock Gold Trophy Doubles was officially started by the chairman of the event, Robert Gamble, who called on William Jeffries, club president to welcome the bowlers. R. F. Downey introduced Mr. Baillie who said the bowling layout here was one of the finest in the province. He mentioned the greens, lights and services available and promised it would not be his last trip to the club. He spoke briefly on the history of lawn bowling, then cut the satin ribbon opening the new green.

Life Memberships

Highlight of the opening ceremony was presentation of life memberships to J. D. Fitzpatrick, chairman of the greens committee and Harry Beatty, chairman of the property committee. Both men have been active bowlers for more than a quarter of a century, and their fine work for the organization down through the years was mentioned. The presentations were made by W Jeffries, and on behalf of the members he also handed each man a three-piece desk set of pen, pencil and inkstand.

Life memberships are granted members for outstanding services over a long period, and the other gift was a mark of esteem from the members, for sportsmanship and good fellowship.

A warm sun beamed down on the crowd as games in the first draw started. A cool breeze was whipping across the grounds, making the weather ideal, and forecast was for good weather throughout the day. The greens were perfect, and the grounds reflected unusual care and good planning.

Clayton R. Smith, Colborne, was in charge of the draw, while Ronald Knox looked after registration. Harold Freeman, J. D. Fitzpatrick and William Jeffries were the other members of the committee assisting Robert Gamble.

Warriors' Day In Aid Of Veterans' Home

A short meeting of Peterborough veterans was held at the Legion Hall on Tuesday evening, when plans were explained for the Warriors' Day to be held on Saturday at the Exhibition Grounds in aid of the Old Veterans' Home.

Harold Yelland, president of Branch 52 of the Canadian Legion, opened the meeting, which he then turned over to Mel. Morrow, chairman of the Old Veteran's Home committee.

Andrew Jackson, who will be in charge of the march past, explained that veterans will fall in at the west end of the Exhibition Grounds on a bugle call at 1.30 p.m. It is expected that the Navy, Army and Air Force veterans will march past as separate companies. Erle Burgess, past president of the Ontario Command of the Canadian Legion, will take the salute.

B. C. Chambers, who is organizing the Warriors' Day, gave details of the publicity carried out to date said that he expected many veterans from out-of-town. Arrangements have been made for the horse races to be held and the committee is now looking for an official starter. Additional attractions will include vaudeville in front of the grandstand and a monster bingo game.

Before closing the meeting, Harold Yelland emphasized the importance of the project and the definite need for an Old Veterans' Home in the Peterborough district.

Equalize Tax

VICTORIA, B.C. (CP). A three-man assessment equalization board to bring school tax assessments into line in the province's 70-odd school district has been set up by the British Columbia government. The board's decisions will be final.

EXPLOSION OF FUMES seeping into the building caused this wreckage in the first-aid room at Page Hersey Tubes Ltd. plant at Welland. Gordon Nimeth and Fred Steinhoff, both of Crowland, were burned about hands and face in the blast.

Tony Martin Arrives Home 'Dazed' At London Reception

By BOB THOMAS

HOLLYWOOD, July 14.—(AP).—Patricia Knight will have to pursue her future film career without husband Cornel Wilde.

The Wildes currently are working together in "The Lovers," but their screen partnership won't become a habit. "This is my last outside picture," explained Cornel. "From now on, my contract belongs exclusively to 20th-Fox." Since he made his hit in "A Song to Remember," his services have been shared by Columbia.

Dazed By Reception

Tony Martin arrived back in town still dazed from his reception at London's Palladium. "I don't claim to be a big name; I consider myself to be an in-between," he says modestly. "That's why I was amazed at the wonderful way the British crowds reacted."

The parting of M-G-M and Sylvan Simon, who directed Red Skelton's two latest pictures, was far from friendly. Despite "Fuller Brush Man's" big business, M-G-M said it didn't approve of Red's doing slapstick (both Red and Simon were loaned out for the film). Said one M-G-M bigwig: "Red should be doing love scenes."

Shakespearian Charles Laughton was pained by Bette Davis' recent slap at the Bard. His retort: "It saddens me that Hollywood should be made to look sillier than ever by one of its prominent artists announcing that Shakespeare is not one of her 'favorite dramatists,' as who should say, 'The sky is not my favorite blue'." Fight it out, kids.

Five Years Ago In Hollywood

Ty Power was making a good impression with his fellow marines at Boot Camp.... Tropical pictures in release: Disney's "Victory Through Air Power" and R-K-O's "Behind the Rising Sun ...20th-Fox bought the rights to Wendell Willkie's best-seller, "One World" (and what happened to it?)...

Betty Grable married a trumpet player named Harry James.... Veronica Lake had a baby....

Cobourg Centre Entrance Results

Following are results of pupils who tried entrance at Cobourg:

Granted entrance on recommendation:

URBAN—Allan, James (hon.); Avery, Barbara (hon.); Blackler, William (hon.); Booth, Audrey; Boswell, Donald (hon.); Boyle, Mary (hon.); Brooks, Eric; Burnet, Annamae; Caldwell, Robert; Campbell, James; Cane, Neil (hon.) VISITORS TO THE MONTREAL MUSEUM, Chateau de Ramezay newly-renovated kitchen examine a huge cast iron kettle and marvel at its weight. In the basement of the Chateau, this vault was the principal kitchen. The great fireplace had a crane on which the pots were hung and up the chimney is an iron rod on which hams and bacon were smoked. A recess at the side is where a wheel was used in turning the spit, generally worked by a dog. On the walls may be seen various kitchen utensils used at the beginning of the eighteenth century. A huge cauldron hangs over the fire. Much of the furniture of solid wood dates back to the early eighteenth century.

Bill-of-Rights Shelved But Issue Very Much Alive

By GEORGE RONALD

OTTAWA, July 14—(CP).—Although shelved for the time being, the bill-of-rights issue still is very much alive. Chances are the demand for a definite answer to that ticklish question will be revived when Parliament meets again next year. The report of the parliamentary committee on human rights and fundamental freedoms, representing two years' study, was presented shortly before prorogation last month.

Since the first barrage of criticism — Senator Arthur Roebuck (L—Ontario), for instance, called it "miserable, flat, uninteresting, entirely negative"—the report undoubtedly has been given careful attention by commoners and senators alike.

What it really does is toss the whole business back in the public's lap.

"The people themselves," it emphasizes, are the one sure-fire safeguard for human rights and fundamental freedoms. But the committee, headed by Hon. J. L. Ilsley, Justice Minister until his resignation from the Cabinet on June 30, said bluntly that the public has not made up its mind on the Bill-of-Rights question.

Greater Effort

This probably will spur to a greater effort the several organizations whose written submissions were examined by the committee. One of their requests may be for an opportunity to amplify orally what they already have said in writing.

One Toronto group, the Committee for a Bill of Rights, may take the lead in that respect. Its brief—containing a draft amendment to the British North America Act—was a highlight of the last several days of the parliamentary committee's deliberations.

The Commons-Senate body first rejected as "unwise" the idea of a Bill of Rights in the form of a Federal statute. Chief reason for this decision is the belief of Provincial attorneys-general and law-school deans that Parliament lacks legal power to enact such a law.

Fear Consequences

The ideas of the committee for a Bill of Rights loomed large in the study of the alternative — a statement of rights and freedoms through amendment of the BNA Act, Canada's constitution.

The "consequences," the Parliamentary Committee said, are "uncertain" and, in some cases, "undesirable." F. P. Varcoe, Deputy Justice Minister, had an important reminder on that score: The British Parliament alone can change the BNA Act.

"Under our peculiar system," he testified, "the moment you have the United Kingdom pass this, you are subtracting from our Canadian legislative power."

Few Canadians would want that. But the matter won't die there; many Canadians will insist, observers say, that he study of the "consequences" be continued.

Falls 26,000 Feet

SAN DIEGO, Calif., July 14 — (AP). — The navigator of an army B-29 Superfort from Biggs Field, El Paso, Tex., fell 26,000 feet to his death Tuesday when the astrodome of the giant plane "blew out," 11th Naval district headquarters reported.

TRYING OUT THEIR BABY ROARS, Prince, Princess and Duke howl in unison as they make their public debut at the Bronx Zoo. The two-month-old tiger cubs, offspring of four-year-old Dacca, are the first tiger cubs in the Zoo's history who have been cared for since birth by their own mother.

RCMP May Use Helicopters In Revived Aviation Plan

OTTAWA, July 14 — (CP). — The Mounties' next mechanical recruit may be that yo-yo of the skies, the helicopter.

The distinct possibility is raised by Staff Sgt. D. W. Dawson, A.F.C., in an article on the R.C.M.P.'s aviation section in the force's quarterly magazine.

"It seems safe to predict that in the not-too-distant future the helicopter will be brought into play," he writes. He lists its abilities to land and take off vertically, to hover and drop supplies, to do rescue work and mercy flights and even traffic control; says its importance in police duties becomes more obvious with time.

And besides, Sgt. Dawson notes, the section's boss, Inspector R. B. Cox, knows how to handle one.

The article traces the origin of the aviation section in 1937, its wartime demise, and its post-war return to activities including policing the sky, mercy flights, inspection tours, forest-fire ranging and transportation.

It has six planes — land, amphibious and sky types — posted at Regina and Ottawa. Modern offices and workshops are being built to adjoin the Rockcliffe hangar near Ottawa.

Between them, radio and the airplane have "leaped across the frontiers that a few short years ago spelt isolation, loneliness and hardship for the R.C.M.P.", Sgt. Dawson writes.

He's In Dog House

GORMLEY, Ont., July 14 — (CP). — A Labrador retriever named Cinder is temporarily in the the dog house. He will appear in court next Monday. Police said his owner, Mrs. Wyatt Johnson, has refused to kill Cinder, although it has been charged that the Labrador with another dog, killed seven sheep on the nearby farm of William Brodie last Nov. 24.

Struck By Freight

TILLSONBURG, July 14 — (CP). — Mrs. H. W. Armstrong and her three-year-old son suffered head and face injuries when a truck driven by the mother was struck by a Wabash freight train at a crossing three miles east of here. The baby was pinned in the wreckage of the vehicle and was released with the aid of passing motorists.

Cheque For Sailor

MIDLAND, July 14 — (CP). — D'Arcy Craighhead, Midland sailor who lost both his legs when struck by a street-car in Port Arthur July 15, 1947, Tuesday was presented with a cheque for $679.25. The money was collected by voluntary donations from Great Lakes' sailors. Craighead was a fireman on the Canada Steamship Lines freighter Canadian at the time of the accident.

Peaceful Settlement

WASHINGTON, July 14 — (AP). — Federal Judge T. Alan Goldsborough brought about a peaceful, out-of-court settlement Tuesday of a week-long strike in the coal mines owned by the United States steel industry, worked out in Goldsborough's chambers between the striking United Mine Workers (Ind.) and representatives of the management of the company-owned mines, whose product all goes to fuel the steel furnaces of the country.

Vote On Wage Pact

WINDSOR, July 14 — (CP)— Wage proposals of the General Motors Corporation of Canada, Limited, to the United Automobile Workers Union (CIO) will be voted on by members in Windsor and Oshawa to-day and on Thursday. The wage agreement between the UAW and GM was reached Saturday after three days negotiations.

Safe Landing In Cabbage Field

MORRISBURG, July 14 — (CP). — Two Montreal men escaped injury Tuesday night when forced by lack of fuel to land their light aircraft in a cabbage patch near this Grenville county town.

They are David Wilson, the pilot, and Homer Palmer, the owner. They were en route from Hamilton to Massena, N.Y.

The two-passenger plane was seriously damaged.

It started "running rough" near Kingston, Wilson said. Checking up when he smelled oil burning, he found the oil tank empty.

Wilson circled Morrisburg for several minutes. Unable to spot a better landing-place, he brought the plane in on the property of Willis Salmon. He overshot the field he had picked and the plane smashed through the snow-fences before coming to rest in a cabbage field.

Newark Police Court Judge Takes $500,000 From Bank, Loses It In Horse Race Bets

NEWARK, N.J., July 14 — (AP). — A Newark police court judge Tuesday admitted to embezzling more than $500,000 from a bank and losing it in horse race bets.

The judge, dapper, 38-year-old P. James Pellecchia, jr., who last year was named the best dressed jurist in the United States, pleaded guilty before Judge Philip Hartshorne to 20 charges of embezzlement.

Pellecchia, who is vice-president and counsel of the bank, the Columbus Trust Company, was imprisoned pending a bail hearing Friday.

He faces a possible maximum seven year sentence on each of the 20 counts or a total of 140 years in prison.

John J. Dickerson, state banking commissioner announced Pellecchia's arrest with the disclosure that an examination of the bank's affairs had uncovered a shortage of $630,000 caused by the loaning of money in "fictitious mortgages."

Pellecchia was quoted by Dickerson as having said he "lost all of the money gambling on horses."

Pellecchia's speculations over approximately 2½ years, Dickerson said. A search for the bookies with whom the judge allegedly lost the money already is under way by the county prosecutor.

ALLIED ARMY TRUCKS and planes are shown on the Rhine Main air base waiting to load up with coal to be flown over the Soviet "starvation blockade" to beleaguered Berlin. Soviet planes were reported in the Allied air corridor. Coincidental with publication in Washington, D.C., of the U.S. state department note to the Soviets, demanding lifting of the blockade and stating that no amount of pressure would force Allied forces out of Berlin. The latest report from Berlin is that Britain is sending troops into Germany.

Canadian In Anthology

EDMONTON — (CP). — Mrs. Agnes Marion Greenough, Edmonton author, soon will have some of her works appear in an anthology published in New York. The book — "Talent — Songwriters and Poets of Tomorrow" — is put out by the Haven Press. Manuscripts for the book were selected from thousands.

Athletic Gals Aided By Hair-Do

NEW YORK, July 14 — (CP) — Rudyard Kipling's definition of a woman — "A rag and a bone and a hank of hair" — has been changed to: "A rag and a bone and several hanks of hair."

At least, it will be if New York hairpiece creators have anything to say about it.

With the new "short look" in hair-dos threatening their business, they have come out with novel ideas for chignons, bangs, topknots, switches and small puffs that can be fastened on with a few bobby pins.

They are aimed at the athletic girl who spends all day in the water or on the beach and presents herself with dripping, bedraggled hair before her date in the evening.

"Now," raves an advertisement, "you can be a veritable athletic champion by day and a swooning enchantress by night — as delicate as a Watteau shepherdess or as alluring as a Circe"

If Kipling had only known!

Biscuit Dough Extends Meat

Homemakers must buy the right cut for the particular meal they're planning. It must be stored properly until cooking, to get the most value out of it. Ground meats should be unwrapped and then covered with wax paper. Then put them in the refrigerator, as you would steaks and chops.

Chopped meat should be cooked within 24 hours as it is more perishable than unground meat.

Ground meats combine easily with "extenders" to make the vitamin rich meat go farther. Try this one

Simmer a pound of ground beef chuck, a finely chopped onion, liquid and seasonings.

Roll, or spread out, your favorite biscuit dough.

Spread the meat mixture over the dough.

Roll it up like a jelly roll. (If too soft, chill dough before using.)

Cut in 1½" slices; brush with melted fat.

Bake in hot oven till brown.

Beef chuck is one of the less expensive cuts. It is just as rich in high quality protein and essential minerals as a porterhouse roast.

Be Nice To Be Near

1. Safe for charm. Mum gives sure protection against underarm odor all day or evening.
2. Safe for skin. No irritating crystals. Snow-white Mum is gentle, harmless to skin.
3. Safe for clothes. No harsh ingredients in Mum to rot or discolor fine fabrics.

Product of Bristol-Myers — Made in Canada

Pleats and Lace Trim New Negligees

Leading lingerie designers in London report an increased volume of interest this year, perhaps because they have achieved an attractive compromise between simplicity and elaboration. stressed by a tailored line which perfectly suits modern conditions. Fairly heavy materials are preferred, as a rule, with satins, printed or plain, and crepes which hang well leading in poplarity but chiffon, skillfully handled, is used for a negligee-cum-housecoat in a way which gives it a piquant air of severity. The full skirt has a lace ruffle trimming over a deep pleated hem; the sleeves are pleated to match, and a tailored collar has a lace ruffled edge; a final touch are the velvet bows placed at intervals round the hem of the skirt.

Another interesting line is the basqued jacket over a full skirt one model in printed satin has deep pleats round the basque carried out in a solid color to match the principal color in the print. A third silhouette is inspired by a type of overdress popular in the mid-eighteenth century and which has, back fullness beginning just below the shoulder blades.

Pleats are made the most of in another type of extremely plain negligee, in which the wide sleeves are pleated from shoulder to wrist, the pleats being held in place at the shoulders by two narrow bands of the material. Stripes are equally successfully handled in this collection; a combination of vertical and horizontal effect is achieved on the skirt of one model, while the stripes on the bodice are minimized in such a way as to show mostly a solid color.

Even on the most tailored negligees lace may be used discreetly, and in a manner which proves that the craft of the embroideress is becoming improtant again. Insertions on the shoulders will suggest width without actually supplying it; below the shoulders they give a softness which is attractive to modern taste; and on pockets and sleeves they highlight fine fabrics and excellent cut.

LEAVING George Street United Church after their wedding July 3 are William Fletcher Swayne and his bride, formerly Gladys Eileen Simpson, both of whom served in World War II, he attaining the rank of Lieutenant and she as Nursing Sister. They will live in Peterborough.

Of Interest to Women

THIS IS THE LATEST SEASIDE garb, a one-piece bathing suit with lastex top and flared skirt.

DOROTHY DIX

Poor Husband Material So Should Reject All

DEAR MISS DIX: I have a problem which for the last three years has broken my health and about driven me insane. My difficulty is this: I go with three men who have been serious about our friendship. One is a physician. One a very wealthy industrialist. And the other just a man. At time the physician is very temperamental, mean, sensitive and thinks every woman is lucky just to be married. Also his morals are very lax. He has no family, but his friends say that he never has cared for any woman except for me.

Dorothy Dix

The industrialist is 26 years older than I am and has a daughter of my age. He takes me among his friends and relatives but he is very critical of my clothes and appearance. He always is dubious that I may not be up to his social status and often I am hurt and humiliated. Besides, I sicken at his love-making because he is so terribly silly and egotistical.

The third man is very unspoiled, considerate, ambitious, attends church and is companionable, but he can't make me a living. Also he is tight-fisted, but that may be because he has so little money.

My family does not want to leave me in this world alone, and I don't want to be left alone What do you think I should do?

A. B. C.

✧ ✧ ✧

ANSWER: If these three men represent your matrimonial prospects, I should say you have a choice among rotten eggs. Not one of them, according to your description, is fit for a decent woman to marry.

No Choice

Look 'em over and you can't tell which is the blackest sheep and the poorest bet. Certainly the doctor, who is temperamental, mean and hipped on the idea that he can have any woman he wants, is no Christmas gift to any woman. Nor can I see why a young woman would tie herself down to a man who is 26 years older than she is, especially as he is a critic on the hearth. Number 3 is out because he can't make a living. So there you are.

I, think you will have to console yourself with the thought that better is no husband than a bad one. If you should marry any of these three men, you would wish many a time that you were still single.

✧ ✧ ✧

DEAR DOROTHY DIX: Ten year ago I married a man whom I loved very much, but he was very repressed and undemonstrative, while I was of an affectionnature. At first I was bewildered by his coolness, then I decided to change him. I did all of the love-making. I petted and babied and made over him and gradually he began to be more responsive to me.

Now he has thawed out completely and is as sweet and affectionate as he can be, and we are entirely happy.

A WIFE

✧ ✧ ✧

ANSWER: Yours is a wonderful recipe for thawing out a cold husband. I wish that the many hudreds of women who write to me complaining that their husbands show them no affection would try it out.

There is one great truth that wives often forget, and that is that no matter how indifferent a man may be towards his wife, he never wants her to be indifferent to him. He may not take the trouble to tell her that he appreciates all she does for him, but it tickles him to death for her to makes a fuss over what he does for her.

He may be dumb when it comes to telling his wife how much he loves her, but he never fails to to lend a listening ear when she whispers sweet nothings in it. Love begets love, and if a wife keeps lavishing affection on her husband she is bound eventually to awaken some warmth in his breast, provided he is not in love with some other woman.

✧ ✧ ✧

DEAR DOROTHY DIX: I am a widower of 70. I have a good income and a home, but I am very lonely. I know a good woman of 65 who would be willing to marry me and be a companion to me. Do you think I am too old to take the step?

LONESOME

✧ ✧ ✧

ANSWER: There is no reason why two elderly people should not get married and give each other the companionship that they need. Your age makes no difference. In fact, old people need good chummy husbands and wives more than young people do.

So go to it, and here's wishing you the best of luck.

(Released by The Bell Syndicate, Inc.)

What kind of tomato soup have you been buying?

Make this
TASTE TEST
at home!

...and your family will discover the wonderful difference!

If you have been relying on any other brand of soup for the utmost in flavour and nourishment, a taste-test in your own home may give you a pleasant surprise. Simply heat a tin of Heinz Cream of Tomato Soup and a tin of any other brand. Serve half-helpings of each. Then take a vote when your family has tasted the wonderful difference. It will be two to one for Heinz, probably.

Buy a few tins of Heinz Condensed Soups next time you shop. Compare them at the same meal with any other brand.

65% of a group of housewives voted HEINZ their top favourite

Some women have not yet made a fair comparison of Heinz Condensed Soups with other leading brands. When a group of housewives lately sat down to a taste-test (without knowing what soups they were being served), more than 65% preferred Heinz; while a group of dietitians in a similar test gave Heinz first place by almost four out of five.

THE STARS SAY . . . . .

By GENEVIEVE KEMBLE

For Thursday, July 15

While there are splendid auguries for substantial aid, preferment and token of appreciation and promotion from influential sources, such must be built upon a basic foundation of industry, sustained interest and long-range plans and policies, in order to be assured of proper and far-reaching support. All plans must be built upon solid ground and worked out with fidelity and astute tactics, well-organized and practically executed. And this while heeding limitations, delays, impediments, handicaps or static situations of stubborn nature. Perseverence wins against all odds.

For the Birthday

Those whose birthday it is, may be given a splendid opportunity for putting into practice their practical ideas and plans, sound judgment, developed techniques, and ability to put over difficult objectives when the going seems crystallized and hopeless, under a chain of delays, obstacles, frustrations and impediments. But stubborn determination, to "do or die" in the attempt is bound to attract substantial cooperation from influential quarters, ready with generous rewards for merit and quality. Final rewards are well worth working for with might and main.

A child born on this day is blessed with the character, qualities and trials for a successful career, winning approbation from thosein prestige and worth.

Archeologists Studying Eskimo Ruins

WASHINGTON, July 14.—(AP).—Thousands of years ago the prehistoric Eskimo travelled from Hudson Bay to Greenland, but just what route he took is still a mystery which will be studied this summer.

Eskimo ruins in the uninhabited Arctic wilderness north of the 75th parallel wil be studied by members of an expedition headed by Dr. Harry B. Collins, Jr., United States government archeologist.

The National Museum of Canada and the United States Smithsonian Instsitution are jointly sponsoring the trip into the northern portion of the Canadian Arctic archipelago.

The region consists of the now-uninhabited Parry and Sverdrup groups of islands.

For more than a century search parties sent out to look for Rear-Admiral Sir John Franklin, British explorer who disappeared in 1848, have reported many old village sites in the area with ruins of crude stone houses with whalebone rafters.

Sites Extensive

Some of these old sites apparently are extensive. Several have been reported on Cornwallis Island, 2,000 miles due north of Winnipeg and some 800 miles north of the Arctic Circle.

A combined Canadian-United States meteorological station now is located on Cornwallis Island.

Collins and his assistant, Colin Thacker of the National Museum of Canada, will make their headquarters at a new air strip on the island.

Collins said the stone-whalebone type of house is characteristic of the Thule, Scandinavian and Icelandic culture, the way of life of the pre-historic Canadian and Greenland Eskimo. It is an outgrowth but with wide divergencies, from the culture of the first Eskimo inhabitants to the Bering Sea region.

Two Positive Results At UN In the Palestine Problem

By WALTER O'HEARN

NEW YORK. — Events have gone a long way to prove that the United Nations in dealing with the Palestine problem must grasp the nettle firmly or let it go.

So far there have been just two positive results to 16 months of UN dealing with Palestine, whether on the Security Council or the general assembly level. The first result was that the Jews felt encouraged to go ahead and form the state of Israel. The second positive result — more ephemeral in character — was the truce, which has now blown up.

Persons who approach the Palestine question with a violently anti-British bias will attempt to argue that the complete evacuation of the British troops was a positive result, but they argue vainly. It was negative, inasmuch as it removed the one force which had been able to prevent major outbreaks of war. It was not a result of UN action, but of United Kingdom policy. The British were fed to the teeth with Palestine, tired of Palestine and determined to get out at any cost.

Because of this feeling there was until about five weeks ago no kind of working liaison between the United States and the United Kingdom on the Palestine question. The two powers, collaborating closely in other military and economic spheres, simply did not talk about Palestine. They pursued divergent paths. When those divergencies threatened to pull the United Nations apart the British and the Americans started talking about each other, to third parties, to the press. "Shocking," "irresponsible" were among the tenderest adjectives used.

Canada Dismayed

Countries like Canada, holding special ties to both, were dismayed and alarmed by this tendency which in their view might tear asunder the whole fabric of Western existence. Canadians and others got busy. Starting with the Ernest Bevin-Lewis Douglas conversations in London, the two countries did develop a liaison.

Their thinking today is fairly close on the question of Palestine. The key to that thinking—which indicates that Britain has gone more than half way to meet America—is that an independent Jewish state is inevitable in the Middle East, that nothing must be done to hinder it; that it must be helped, but not in such a way as to break all relations with the better disposed Arab states.

That last clause is British inspired, but it has a good deal of support among the American military and among a faction in the American State Department. Slightly complicating this meeting of minds is the attitude of President Truman, who is determined to outbid the Republicans who in their turn and in their platform promise de jure recognition to Israel.

The practical effect of this will be to pursue a policy of sanctions against Egypt at least, but only if Egypt can be proven to have broken the Palestine truce 32 hours before it was due to end. At the same time the tendency will be to maintain the most friendly terms with King Abdullah of Trans Jordan, who obviously wanted the truce to continue and who was forced back into the war.

Abdullah, it has been pointed out before, but it never can be pointed out too often, has had everything to gain by a continued truce and a permanent peace. In spite of his intransigent utterances, which can be dismissed as campaign documents, under any partition scheme he is the winner. He adds territory to his miniscule kingdom; he gains corresponding importance in the subtle and complicated Arab hierachy. Most important of all, his bright and shiny Arab legion will still be the best force among the Arab nations, undamaged save for slight skirmishes around the old City of Jerusalem.

• • •

Abdullah's inner problem has been—what will it profit an Arab king to gain much land and lose his face? Anglo-American statesmen may even be able to find an answer to that.

There is little doubt in anybody's mind now (speaking for UN circles) about Egypt's motives in forcing the war's resumption. King Farouk of Egypt is jealous of any Arab potentate who threatens his own power. Egypt, forever attacking British "imperialism," is quite keen to set up an empire of her own, in the Palestine Negev as well as the Sudan. Egypt would be more pleased than otherwise if the Arab legion of Trans-Jordan got knocked about a bit. One can find a parallel to Egypt's action in Canadian history in Kon-di-Aronk ("The Rat") who ambushed and slaughtered his enemies in violation of a solemn treaty which displeased him, and who boasted "I have killed the peace."

The Anglo-American problem is to restore peace before its grim alternative gets completely out of hand. To do so—let us face the fact — both countries are quite prepared to make some revision in the present borders of Israel.

Israel will not accept and will not be asked to accept the deal Count Bernadotte attempted to make almost ten days ago. This would have given Abdullah all the Negev and Jerusalem. Although this idea was conceived long ago in the brain of a British Colonial Office official, Anglo-American thinking has undergone some changes since.

But some more practical redistribution of lands will be proposed in any final peace settlement. Also there will be some attempt to highlight the economic union of Jewish and Arab Palestine, both for practical purpose of economy and for the purpose of saving Arab faces.

Russia a Problem

However, that is in the distance. The immediate problem is sorting the evidence of truce breaking and attempting to restore order by at least the threat of sanctions. The Soviet Union is a problem here. The Russians will go along with sanctions, but they may not consent to a permanent settlement. The Soviet Union has gone on record as a champion of Israel, which suits Russian policy, but there is a suspicion here that the Soviet Union is no friend of peace and order in the Middle East, which would not serve Soviet foreign policy at all.

Canadian policy, now undergoing some rapid changes, is predicated on the real agreement between Britain and the United States. If that breaks down, Canada's policy may retreat into a nebulous mist, from which a voice will issue—firm against sin, strong for conciliation, unwilling to take positive action. But that will only happen if some serious rift occurs in the new Anglo-American policy on Palestine.

A Ticklish Job

LONDON, July 14—(AP). —Maurice Barnett's wartime experience as bomb disposal officer came in handy on Tuesday. A 23-pound salmon turned up in Barnett's fish shop with two cannon shells in its stomach. One had been fired; the other was a live 35 - millimetre incendiary. Barnett expertly removed the live one and touched it off with no casualties.

Bailieboro Centre Entrance Results

"How many surgeons and nurses do you want, Mr. Millions, for this operation ceremony?"

BARCLAY ON BRIDGE

PLACE THEM OPPOSITE

WHENEVER one of your non-bidding opponents has shown about half of the honor strength held by the defenders against your contract, it is usually sound reasoning to count on his partner to hold the remaining half which has not been shown. That is especially so if the contract is high, such as a slam, and one defender has already shown possession of an ace or king-queen. It is extremely unlikely that he would hold any other important high cards and quite likely his partner has any hidden ones.

	♠ K J 10 8 7 4 ♥ Q ♦ A Q 6 3 ♣ 8 6	
♠ 9 2 ♥ A 9 7 6 5 4 ♦ 9 7 4 2 ♣ 9	W E S	♠ Q 5 3 ♥ J 10 8 2 ♦ K J 8 ♣ 10 7 2
	♠ A 6 ♥ K 3 ♦ 10 5 ♣ A K Q J 5 4 3	

(Dealer: South. Both sides vulnerable.)

South	West	North	East
1 ♣	Pass	1 ♠	Pass
3 ♦	Pass	4 ♦	Pass
4 NT	Pass	5 ♦	Pass
6 ♣			

Mrs. Harry Tenenbaum, whose bridge nickname is "Beany" among the other stars of St. Louis, was the declarer whose bidding helped bring that contract into port, enabling her Western team to beat their Eastern opponents in a team-of-four match. When she bid diamonds on her second turn, she hoped thereby to head off a lead of the suit, and as it developed that was vital to the making of the slam. It caused Dr. Sigmund Spaeth, music authority, to lay down his heart A, which he would not have done if diamonds had been unbid.

His partner put the 2 on that, indicating to a shrewd observer that a switch to the lower-ranking diamonds would be preferable to a spade shift, which would have brought a high card instead. Mrs. Tenenbaum saw the 2 also, and therefore refused the finesse, coming in with the diamond A when the diamond 2 was led.

The dummy now having no reentry if a spade finesse was taken toward South, she had to try a squeeze. She scored six clubs and the heart K, then led the last club, keeping the diamond 10 and her two spades and in the dummy the spade K-J-10. East, having to hold the diamond K for protection against the 10, discarded one of the three spades. Thereupon the spade A, K and J got the last three tricks. East's discard of the last diamond would have enabled the diamond 10, spade A and K to collect the three ultimate tricks.

* * *

Tomorrow's Problem

	♠ A Q 9 4 ♥ K 10 9 4 ♦ Q 7 6 3 2 ♣ None	
♠ K J 2 ♥ A ♦ A K 10 5 ♣ K J 10 9 8	W E S	♠ 3 ♥ Q J 7 ♦ 9 8 4 ♣ A Q 7 6 5 3

Had Seven Relatives In Orange Parade

Seven relatives of Maurice E. Ketcheson, 378 Queen St. all members of the Orange Order, took part in the "walk" at Cobourg on the 12th. As District Deputy Grand Master, Mr. Ketcheson organized the Senior Watch Tower Loyal True Blue Lodge and the Juvenile Sunshine LTB Lodge 44 of the city. The Senior lodge was organized in 1944, at which time he was Worshipful Master.

Three grandchildren of Mr. Ketcheson playing in the Juvenile band are: Dorothy Ketcheson, Melva Ketcheson and Gerald Parnell. Nancy Parnell and Vernon Ketcheson are members of the lodge.

In LOL No. 80, is another grandson, Jack Parnell and his father, John Parnell.

Picnic Events Winners

The annual picnic of Excelsior Bible Class of St. James' United Church was held at Nicholls Oval with more than 80 attending. Misses Dorothy Palmer, Violet Bell and Evelyn Hancock were responsible for the success of the event. Their program opened with a tiny tots race and each child was given a prize. Winners in other races and contests were: girls, four to six, Sandy Mahoney, Shirley Phillips, Jane Northrop; boys, Bobby Hancock, Gerald English, Jackie Mortlock; girls, seven to nine, Patsy Sullivan, boys, Don Thompson, Bob Hancock and Fred James; girls, 10 to 13, Maxine Draper, Shirley Phillips and Sylvia Millar; boys, Jack Huggins, John Phillips. Ladies' softball throw, was won by Evelyn Hancock; balloon race by Roy Hancock; mixed shoe race by Mr. and Mrs. Jack Huggins. Judith Ainslie was given a prize as the youngest child at the picnic. Teams for a ball game were captained by **Jack Huggins and Roy Hancock.**

Obituaries

GEORGE BAIRD

George Baird, 658 George St., died this afternoon in hospital. He was connected for many years with Higgins Hardware, and was well-known throughout the city. He is survived by his wife, the former Minnie Wareham; two daughters, Myra, at home; Mrs. N. P. Wells (Isabel) of Perth; and two sons, Alexander of Perth, and John, of Peterborough.

Funeral service will be held Friday at 3:30 p.m. and burial will be in Little Lake Cemetery.

WILLIAM GERALD KELLY

A resident of Peterborough for the past 19 years, William Gerald Kelly, 51, of 283 Park St., died in hospital today after an illness of six weeks. He was a member of Trinity United Church. Born in Norwood, the son of the late Mr. and Mrs. David Kelly, he married the former Lillian Cameron. Mr Kelly, a fitter at the CGE, was a member of the Otonabee Lodge of the IOOF, and of the Canadian Order of Foresters.

He is survived by his widow; two daughters, Mrs. Eldad Holts, Pembroke and Mrs. Harry Bedford, Peterborough; four sisters, Mrs. Alfred Rogers and Mrs. Robert Clark of Norwood, Mrs. P. Hodson, Rochester, N.Y., Mrs. Thomas O'Brien, Peterborough, and one son, Elmer, of Peterborough.

Funeral will be held Friday at 2 p.m. at Comstock Funeral Home, Rev. M. J. Aiken of St. Andrew's United Church officiating. Burial will be in Little Lake Cemetery.

KITTIES CAME BACK

The committee in charge of the lawn bowling tournament sighed with relief this morning when it was announced that 15 kitties, small balls used in the game had been found on a lawn near the bowling greens. The kitties disappeared Monday night, and were probably taken by children. They were needed in the games being played today, as they are used much the same as a target at which to roll the bowls.

65 Boys Attend Camp Kawartha

Sixty-five boys are attending the Y's Men's Camp Kawartha this week, including a group of 14 boys from Lindsay with the Rev. Harold Neal, who the boys believe is a second Babe Ruth after he played baseball with them his first day in camp. The camper who has come the greatest distance is Johnny Burckley of Long Island, NY. He heard of the camp from his uncle in Cobourg.

Group work is being emphasized during the second week. Specific duties are being allotted to the various cabins in rotation to give the boys a sense of responsibility. Morning interest groups include archery, techniques of paddling, leather work, wood carving and wood craft work. Nature study hikes are followed by discussions at camp fire on what was seen on the hikes.

Exploration Trip

On Tuesday, Meryl Morris, the cook, prepared picnic boxes for each cabin and the entire camp went exploring caves. Ten of the senior boys with their counsellors went on an overnight hike to White Lake, about seven miles east of the camp.

The camp is now preparing to entertain the girls from the YWCA Camp Inglestane Thursday. The committee in charge is planning a regatta for the occasion. On Friday, Al Clark, director of the YMCA's Vacation Club, is bringing older boys of the club to the camp for a softball match and canoe races. The visitors will stay overnight.

Trafalgar House G

MRS. ELEANOR ROOSEVELT, who gave a definite answer of "no" to suggestions that she accept the democratic vice presidential nomination, and Gen. Dwight D. Eisenhower, prexy of Columbia University, who persistently says "no" to pleas for his running for president on the Democratic ticket, are shown chatting at the McMillin theatre of Columbia University, New York. Mrs. Roosevelt was at Columbia to speak on "Human Rights: A World View."

Says Canada Dead Loss For Marketing of Stamps

By SHAUN McQUILLAN

LONDON, July 14 — (CP). — The international stamp trade bourse held here recently was like a schoolboy stamp collector's idea of heaven.

Into the ballroom of fashionable Holborn restaurant about 50 stalls were crowded for the gathering, 18th since the bourse, sponsored by the Philatelic Traders' Society, was transferred to London from Paris in 1928.

Dominion Dead Loss

"Canada," said C. L. Taylor, a London dealer, "is almost a dead loss for stamp marketing.

"I had several connections in the Dominion but since the war, trading stamps for cash is impossible because she's not in the sterling area. And bartering by post is a great inconvenience. It takes so long and trading has to be dealt with through the Board of Trade.

"There is an export trade in stamps as much as anything else and if the equivalent of what is sent out of the country is not brought back in stamps or cash it doesn't help the general economy program.

"If a check were not kept on overseas stamp trading a transference of capital would be comparatively easy. An unscrupulous person who wanted to transfe say £10,000 ($40,000) to the United States, which is illegal at present, would only have to buy a set of £1 British stamps and send them to an agent in America who would resell them for dollars.

"He would lose on the deal, of course, but it's worth it if he wants to emigrate and start business afresh."

Space Main Problem

This year's bourse was no as large as some pre-war meetings. Space is the main problem.

"We would have had more than 100 stalls if we had the accommodation," an official said. "We used to hold the bourse in Queen's Hall whirh was bombed during the war."

A HOT WEATHER NAP is taken on a South Boston beach by 14-month-old Ruthie Dwyer and her pet dog Peggy. A protective paw is thrown by Peggy over Ruthie as she starts her siesta.

50 Terrorists Standing Trial

BELGRADE, July 14 (AP)—The Croatian supreme court heard charges today against 50 accused "spies and terrorists." The indictment charged the Vatican with abetting the defendants and British - American occupation authorities with harboring them.

The accused are part of a group in Zagreb. Chief defendant is Ljubo Milosh, former Ustachi commander accused of responsibility for the death of more than200,000 persons during the German occupation.

Theaccused are part of a group of 93 whom the Croatian interior ministry said had been picked up by security police as they entered Yugoslavia during the last year.

They are accused of setting out to disrupt communications, plunder warehouses and co-operatives, destroy the Yugoslav five-year plan and finally to overthrow by armed rebellion, with outside help, the existing order in Yugoslavia.

The indictment said the defendants were under direct command of the former puppet dictator of Sroatia, Ante Pavelic, who is reported still at large.

Two Badly Burned In First Aid Blast

WELLAND, July 14—(CP)—Gordon Nimeth, 38, and Fred Steinhoff, 21, of Crowland, were severely burned about the arms, chest, face and back as the result of an explosion in the first aid room at the Page Hersey Tubes, Ltd., here late Monday night.

A flash explosion of a mysterious gas which had seeped into the building caused the burns. An investigator of the Fire Marshal's office Toronto, is investigating.

The explosion brought down the ceiling of the first aid room and the blast blew steel frames of windows 75 yards away.

Nimeth, first aid attendant, though seriously burned, helped extricate Steinhoff, a workman who had come in for treatment, out of the wreckage.

Both were rushed to hospital, where their condition today was described as fair.

Say Eyeglasses Clue In Manager's Death

DETROIT, July 14 — (AP) — Police sought today to identify the maker and owner of a pair of strong eyeglasses found near the scene of the fatal shooting of Frank Krech, 52-year-old operator of a tourist camp.

Krech, who also was assistant manager of a bank, was shot on Saturday night by a gunman who drove up in front of one of his tourist cabins.

Police said the assailant, who was accompanied by another man, ordered Krech to back inside the cabin after he opened the door. The court operator was shot three times in the abdomen when he refused, officers said. Krech described the gunman before he died.

Scientists Leave For Arctic Visit

OTTAWA, July 14 — (CP) — An RCAF Canso carrying a party of scientists who will spend about two months studying the north magnetic pole left nearby Rockcliffe today.

Heading the party is Paul H. Serson of the Dominion observatory's division of terrestrial magnetism, who will be assisted by Ralph D. Hutchison of Toronto.

The expedition, an annual affair, hopes this yer to assemble sufficient data to complete the first reliable magnetic charts of the Arctic.

Ford Negotiations Reach Critical Stage

DETROIT, July 14 — (CP) — Wage negotiations between Ford Motor Company and the United reached the critical stage today with less than 48 hours remaining until the Thursday deadline for reaching an agreement.

Walter P. Reuther, U.A.W.-C.I.O. president, who participated in the talks for the second successive day, warned the union felt itself free to call a strike of 108,000 employees in 29 plants anytime after Thursday.

Reuther, who made his first appearance on union business Monday since being shot by a would-be assissin April 20, emphasized the union will hold out for at least 24 cents on a straight across-the-board figure.

"Ethel, could you spare me a moment?"

Wesley Lodge Holds Annual Church Parade

NORTH SMITH, July 14 (ENS) —Members of Wesley LOL No. 419 held their annual church parade on Sunday evening to Wesley Church. Approximately fifty members assembled at J. W. Blewett's and were lead in the march to the church by a fife and drum band of ten players. At the church, which was filled to capacity, Mr. Kenneth Stewart conducted the service, and Miss Mary Nicholls presided over the music which included two anthems by the choir of 28 voices.

INCENDIARY BLAZE

HAMILTON, July 14—(CP)—After discovery of a small jar of gasoline in a vacant house which was gutted by fire early today, police and firemen listed the blaze as incendiary and launched an investigation which will include chemical analyses of charred wood embers. The fire was discovered at 6.09 a.m. and caused nearly $1,500 damage. The house was owned by Mrs. Annie Pearson, of Toronto.

Millions of test miles have proved that the NEW IMPROVED
GOODYEAR DeLuxe
IS DESIGNED TO GIVE YOU

34% MORE MILEAGE

For the *STOP* and *GO* of modern traffic ... for increased speed on the open road ... for the punishing travel of rocky roads, grinding gravel, ruts and ice ... the heat and chill of year 'round driving you need an up-to-date tire that's stepped up in quality ... to perform better under any condition. You need the new improved GOODYEAR DeLuxe.

The new GOODYEAR DeLuxe was given millions of miles of road tests. It averaged 34% more mileage than the big mileage Goodyear tire it replaces.

Stronger cord means extra body strength, permits a heavier tread, provides greater blowout protection. Huskier, more flexible shoulders give longer, more even wear. The wider, flatter diamond tread puts more rubber on the road, gives better traction. You get a bigger, better tire at a standard price.

We have a Goodyear "Factory-Fresh" Battery for your car, truck or tractor.

MAKE YOUR CAR SAFE FROM BLOWOUT ACCIDENTS WITH GOODYEAR LIFEGUARDS SAFETY TUBES.

UNION REACHES AGREEMENT WITH CGE

Russia Refuses To Abolish Berlin Blockade; May Take Question To UN

Soviet Threatens Interference With Air Lift Bringing Food And Supplies; Plans Parachute Jumping In Air Corridor

LONDON, July 15—(AP).—Russia has refused to lift the blockade of Berlin, placing the next move in the diplomatic duel up to Britain, the United States and France. The Soviet Union also said she was willing to negotiate with the Western allies if the talks concern the administration of all Germany and not just Berlin.

A meeting of the entire British Cabinet in the next few hours was considered likely. It was understood Foreign Secretary Bevin and other Ministers already have discussed the situation with the United States Ambassador, Lewis W. Douglas.

BERLIN—A spokesman for the RAF said tonight the Russians cannot interfere with Allied air traffic to Western Berlin without resorting to military action.

German newspapers said the city government is planning to declare a state of emergency, perhaps during the day.

It was reported in Washington and Berlin that the Western powers now may take the issue to the United Nations. American quarters in Berlin expected a worsening of the crisis there.

The Russian reply to the British, American and French notes of July 6 demanding that the Berlin blockade be lifted was broadcast last night by Moscow radio several hours after it was delivered to London, Paris and Washington.

Undermine Legal Basis

Accusing the Western Allies of destroying four-power control machinery in Germany, the Russians said Britain, the Americans and French had undermined the "legal basis on which rested their right to participate in the administration of Berlin."

The Russians complained of the recent currency reform in the Western zones of Germany and of the decision of Britain, the United States, France, Belgium, the Netherlands and Luxembourg to establish a Federal Western German government.

The situation which has arisen in Berlin and in the whole of Germany, the Russian note said, "is a direct consequence of the systematic violation of decisions of the Potsdam conference by the governments of the USA, Great Britain and France."

The Russians referred to the transportation restrictions they have imposed on Berlin as "temporary measures." Their reply continued:

"It cannot, however, be denied that these difficulties were caused by the actions of the governments of the USA, Britain and France and above all by their separate actions in introducing new currency in the western zones of Germany and special currency in the western sectors of Berlin . . .

Compelled To Act.

"The Soviet government was compelled therefore to adopt ur-

2,000 Laid Off At Oshawa GM Due To Strike

OSHAWA, July 15 — (CP). — Some 2,000 employees of General Motors of Canada, Ltd., were laid off this morning as a result of a strike at McKinnon Industries, a GM subsidiary, at St. Catharines, Ont.

Company officials said another "three or four-hundred" employees will be laid off at noon tomorrow. The plant employs about 4,000 persons.

If the St. Catharines strike continues, officials said, "practically all" employees will be laid off. Only employees of the maintenance and parts and service departments would be retained.

GM employees are scheduled to begin a two-week annual holiday period July 23. If the men are not recalled before then, holiday pay will be distributed on that date.

Other Layoffs

WINDSOR, July 15.—(CP). — D. K. MacDonald, plant manager of the General Motors Corporation of Canada, announced today that as a result of feeder plant strike at St. Catharines, G.M. employees in Windsor will be laid off work tonight.

Mr. MacDonald said the layoff would continue 'several days" after men return to work at McKinnon Industries, St. Catharines, McKinnon employees struck Wednesday over a wage dispute.

Employees of the Windsor plant are scheduled to go on holidays next Friday.

Sneak Take-Off Attempt Foiled

HALIFAX, July 15 — (CP). — Nine American civilians detained here by Canadian customs officials for four days prepared to fly their "mystery" plane back to Westchester County field, N.Y., today. And the plane would carry just enough gas to get them there and no farther.

Customs officials released the plane yesterday after imposing a $100 fine for illegal entry into Canada. Just before that the nine men, believed to have been headed for Palestine when they were forced down at neighboring Dartmouth Sunday, apparently attempted to take off.

An RCAF crash truck was driven in front of the converted Flying Fortress to prevent it taxiing to the runway.

It was probable that an RCAF aircraft would accompany the B-17 today at least part of the way to Westchester. There were reports American customs men might seize the plane whn it got there.

Stranahan Captures Fourth Round Match

HAMILTON GOLF CLUB, Ancaster, July 15 (CP)—Defending champion Frank Stranahan won his fourth round match in the Canadian Amateur Golf Championship today. He was carried to the 18th hole for a two-up victory by Douglas Ford of New York City.

Twice Ford came from behind to square the keenly-fought match but ran into trouble on the last two holes, topping his approach shot on the 17th, and his drive on the 18th.

Lift Coal Embargo

WASHINGTON, July 15 — (AP).—The rail embargo on coal shipments to Canada has been lifted, an official of the Association of American Railroads said today: The embargo was ordered Tuesday in anticipation of a railroad strike in Canada.

Report Nazareth Encircled On Three Sides

CAIRO, July 15 — (AP). — The Jews said today Israeli troops have encircled Nazareth from three sides and struck heavy blows at Arab armies in the Jerusalem area. Meanwhile, both Jews and Arabs seemed cool to the idea of a new United Nations truce in their Palestine war.

Jewish sources in Haifa said Israeli units now were within striking distance of Nazareth, main northern Palestine base of Fawzi Pasha Al Kaukji's irregular Arab volunteer army.

A later report from the Arab-controlled old city said the Arab Legion and tribal riflemen of Trans-Jordan had started a fight for Mount Zion south of the walls. Jewish positions on the mount threaten the Arab left flank.

Describe Encirclement

The Jewish informants in Haifa said the Israeli encirclement of Nazareth was brought about by the capture Tuesday night and yesterday of Shafa 'Amr, 11 miles northwest of there; El Mujeidil, four miles southwest; and Ein Mahil, three miles east.

Nazareth, boyhood home of Jesus, controls approaches to the all-Jewish valley of Jezreel to the south and Tiberias to the northeast.

The dispatch from the Jewish-held section of Jerusalem listed these Israeli success yesterday:

1. Israeli soldiers supported by Irgun Zvai Leumi battered their way into the Arab bation of Maliha, two and a half miles southwest of Jerusalem. This drove the Arabs farther from Jerusalem's outer edges and broadened a wedge between Egyptian and Trans-Jordanian troops.

2. A special Israeli commando brigade captured Sar'a, traditional birthplace of Samson about 15 miles west of Jerusalem, cutting the Egyptian route of reinforcement to Arab units blocking the Tel Aviv-Jerusalem highway.

Report Queen Ingrid In Good Condition

COPENHAGEN, July 15 — (Reuters)—Queen Ingrid of Denmark, injured in an automobile accident Wednesday, spent a quiet night and her general condition was good today.

A report from Graasten Castle said the Queen had only mild symptoms of concussion; Princess Margrethe, eight, had no symptoms of concussion; but Princess Anne Marie, two, was still suffering from slight concussion.

The injured chauffeur's condition was "completely satisfactory."

The Royal Party was driving when the car skidded and crashed into a tree.

New York Rallies Demand Boycott of British Goods

NEW YORK, July 15—(CP).—First of a series of rallies urging a boycott of British goods will be held here tonight.

Importers are being asked by circular letter to stop bringing in British products, with the warning their names may be published so "dealers and consumers who do not desire to purchase British goods and utilize British services may be properly informed."

Some store windows carry posters stating that no British goods are being sold.

These are factors in a many-sided campaign protesting British policy in regard to Palestine. Supporters of the drive claim Britain is supporting the Arab states at the expense of the Jews.

Many of the men and women prominent in the movement have Jewish names, but not all.

"There's no doubt the campaign is affecting my business," said one importer, New York agent for a British textile manufacturer. "I have the boycott thrown up at me time after time. Some of my customers say they can't afford to ignore it—and they don't buy."

Tonight's meeting was called by the American Labor Party. Councilman Eugene P. Connolly, secretary of the ALP's New York committee said seven other meetings are scheduled. All will be asked to pass a resolution asking New York City to stop buying British material or using it in any way.

Unconnected with ALP but prominent in the campaign is a newly-formed Sons of Liberty Boycott Committee, headed by Johan Smertenko, former professor of English literature at Hunter College.

CSU Demands Arrest For Shooting

Chief Engineer Shoots CSU Boarding Party; Men Under Guard

SARNIA, July 15 — (CP). — A shotgun blast fired by a ship's officer late yesterday broke up a raid by six members of the Canadian Seamen's Union (TLC) on the freighter Lethbridge at nearby Point Edward.

T. G. McManus, CSU secretary-treasurer, said he had sent a telegram to Prime Minister Mackenzie King asking that charges of attempted murder be laid against the captain and chief mate of the Lethbridge.

Buckshot pellets wounded three CSU men, but the ship's owners, Canada Steamship Lines, claimed five were hit.

Three of the six, Mike Hornack, Welland, George MacDonald, Blyth, Ont., and Alex Black, Winnipeg, were remanded a week when they appeared in court today. They were charged with unlawfully boarding the Lethbridge and with assaulting and causing bodily harm to A. Huston, first mate. MacDonald and Black were allowed bail of $1,000 each. Bail decision in Hornack's case was expected later. Charges were deferred when court was told the others were in hospital and could not appear. The others are Albert Jackson, Montreal, Eddie Rogozensky, Saskatoon and Robert Schumacher, Midland.

A decision will be made later in Hornak's case after defence counsel Ross W. Gray expressed objection. Mr. Gray said at the conclusion of the hearing that charges will be laid against the ship's officers, but did not specify what charges.

Have Authority

Canada Steamship Lines said in a statement issued after the incident, latest development in the Great Lakes shipping dispute, that the Canada Shipping Act gave its officers authority to use "any means to repel raiders." It said it recently armed the ships' officers with shotguns, equipped vessels with steam hoses, and gave warning that the ships would be defended against attack.

Police said the CSU men swarmed aboard the Lethbridge by a small cargo gangway and knocked down first mate A. Huestion.

They said Chief Engineer M. Murphy grabbed a shotgun and fired at the boarders, who fled. Those who escaped injury helped the injured off the boat. The boarders scrambled toward a truck parked nearby but police, arriving on a riot call, halted them.

Chief Constable Hugh Peden of Point Edward, said he took a statement from Chief Engineer Murphy but planned no action against Murphy. The Lethbridge later sailed with Murphy aboard

Start Hunger Strike

Meanwhile there were other developments in the contracts squabble between the CSU and the four shipping companies — Canada Steamships Lines, Sarnia Steamships, Colonial Steamships and Northwest Steamships —

SHOTGUN FIRE

(Continued on Page 2, Column 8)

Jury Rules Brakeman Killed Accidentally

TORONTO, July 15.—(CP).—A coroner's jury Wednesday night returned a verdict of accidental death in the death of Norman W. Yerrow, 27, of Belleville, killed in a crash of two Canadian National Railways trains in East-End Toronto June 13.

Yerrow, a brakeman on the 82-car Diesel freight, was crushed behind cars of livestock in the crash. Several other persons, including engineers of both trains, were injured.

The jury noted the fact that Engineer John Foster, 61, of Belleville, in charge of the Diesel train, had had only brief experience in operating a Diesel-powered train.

The verdict said that "we find the train known as the Diesel train was operated by an engineer of long experience on a locomotive, but only two hours' instruction with Diesel from a man unknown."

GENERAL JOHN J. PERSHING, famed warrior who commanded the American Expeditionary Force to France in World War 1, died today in hospital in his 89th year. Here is illustrated the colorful career of this US general. At Left is a picture of Pershing when he first won fame—as head of the United States troops hunting the Mexican bandit Pancho Villa. Centre Top shows the General at the height of his military career, and Below, with his French associate, Marshal Foch, allied commander-in-chief. Pershing's triumphal entry into Paris after the armistice, riding at the head of American troops, is pictured Top Right, when the General was hailed with unbounded acclaim by poilus and Paris citizens alike. The last picture was one of Pershing's latest as a retired commander, retaining his interest in his nation's international activities.

Gen. J. Pershing Of World War 1 Dies In Hospital

WASHINGTON, July 15. (AP) — General John J. (Blackjack) Pershing, who led American troops in the first World War, died early today at the age of 88.

Announcement of the general's death was made by President Truman through White House aides.

The aged former chief of staff had been ill since February, 1938, when he was stricken at Tucson, Ariz., by a form of rheumatism which affected his heart muscles.

Death was caused by a blood clot which reached his lung.

At Pershing's bedside were his son, Warren, his sister, Miss May Pershing, and his long-time physician, Maj.-Gen. Shelley Marietta.

As General of the armies, Pershing was the highest-ranking United States military man. Only one other American, George Washington, has held that title. Several other military leaders, including Gen. Eisenhower, have held the title of General of the Army.

All during the second world war, Pershing received a full report twice a month from Gen. Marshall, his aide of 1917, now state secretary.

The general, old and feeble, followed day-to-day developments closely from his hospital room, paying particular attention to "my boys"—who included, besides Marshall, Generals Dwight D. Eisenhower and George S. Patton, Jr.

Born Sept. 13, 1860, Pershing graduated from West Point Military Academy when he was 26.

He served in such military engagements at the Apache campaign in New Mexico and Arizona in 1886, the Sioux campaign four years later, the Spanish-American war of 1898 and the Filipino insurrection in 1913.

Pershing took personal command of the American troops sent to France in the first World War, and immediately became involved in a hot dispute with other Allied commanders who wanted to break up the American army and use it to reinforce the French and British armies wherever necessary. He refused to let his troops lose their identity.

Pershing's body will lie in state in the Capitol rotunda Sunday and on Monday until noon.

At that hour a formal procession will escort the body through the capital to the Arlington Amphitheatre, resting place of the unknown soldier. There services will be held at 3 p.m. EDT.

WILL STAND TRIAL

TORONTO, July 15 — (CP).—Leonard B. Smith was committed to-day for trial for the murder of Lila Adams, whose body was found beaten and strangled last June 27 in an East-Central Toronto garage.

Plane Loaded With Gold Narrowly Escapes Crash

SYDNEY, NS, July 15—(CP). — Nine crew members of a Belgian constellation aircraft were injured last night when their plane, flying at 8,000 feet above Sydney with a cargo of gold, plunged into a dive and did not level off until it was a short distance off the ground. The plane had a cargo of several million dollars in gold bullion, bound from London to New York, the fliers said after an emergency landing at nearby Reserve airport.

The crew members suffered injuries when the big craft pulled out of its dive. The radio operator suffered a fractured shoulder but the others had only cuts and bruises.

Because of the valuable cargo, the plane took off as soon as the crew could return after first aid was rendered. There were no passengers aboard.

The plane had taken off from London yesterday morning.

Airport officials here said the pilot's skill was responsible for pulling the four-motored giant out of the dive.

Boat On Rescue Trip Has To Be Helped Too

LEAMINGTON, July 15 (CP) —A Detroit woman and her daughter were rescued from Lake Erie Wednesday after they had drifted three miles off shore in a rubber boat. Mrs. C. Cutsinger and her 13-year-old daughter had set out in the craft to retrieve a rubber ball.

Two workmen saw the plight of the pair and set out in a row boat to give aid. But by the time they reached the women, their own craft was half-filled with water A third boat was sent to the scene and it return, towing the four to shore.

Israeli Builds New Air Force

LONDON, July 15. (CP) —The London Daily Express said today in a Tel Aviv dispatch that the Israeli air force of eight fully-equipped squadrons of Messerschmidt 109s and a heavy bomber squadron of four-engined American Flying Fortresses and British Halifaxes is standing by awaiting orders for full-scale strikes against the Arab states.

The dispatch said the orders will be issued as soon as the Israeli government believes there is no more hope for a negotiated settlement.

The establishment of the Jewish air force as a strong fighting unit was described as "one of the bigger triumphs of a world-wide network of Jewish armament and recruiting agents. It was built up event during the last month of the British mandate when RAF intelligence knew of it but was unable to prevent regular night landings of American-built and manned arms freighters on abandoned air strips in Southern Palestine," the dispatch said.

Study Liquor Question

TORONTO, July 15.—(CP) — Ontario Liquor Control Board chairman Col. William Griesinger said today that the queston of restoring 40-ounce bottles of liquor was being studied. He said that lack of shelf space in the government stores, rather than shortage of glass, is keeping the 40-ounce bottles out of circulation.

Back-To-Work Movement Cracks Strike In Italy

ROME, July 15. (CP)—The government said today a "back-to-work movement" is cracking the general strike clamped on Italy by Communist labor after the attempted assassination of Palmiro Togliatti.

In addition to the paralyzing general strike the shooting touched off violence which claimed the lives of six persons and injured hundreds more. Disturbances continued today but on a lesser scale that Wednesday.

The Interior Ministry headed by Mario Scelba said Italian workers were beginning to return to their jobs at several places.

This was regarded as certain to stiffen resistance by premier Alcide de Gasperi to reported demands from the Communist-led General Labor Confederation (CGIL) for Scelba's resignation as the price for ending the strike.

The Interior Ministry communique described the situation in Italy as "everywhere normal." It said Sicilian railways were operating again, volunteers were manning expresses out of Naples, government offices operating regularly and that there was "partial restoration" of activity in many cities.

Press dispatches told only of disorders at the Communist strongholds of Milan and Turin to match those which swept Italy Wednesday and last night.

Will Accept 13-Cent Rate, Daley Says

New Pact Affects Six Factories Covers All Matters

TORONTO, July 15.—(CP).—Labor Minister Daley of Ontario announced today United Electrical Workers and Canadian General Electric had reached a wage agreement providing for an hourly increase of 13 cents.

Mr. Daley said company and union had reached an agreement on all matters which were the subject of three weeks of negotiation under the auspices of the Labor Department.

The agreement affects four Toronto plants and plants at Peterborough and Cobourg.

The agreement is subject to the right of local unions to terminate or modify it. It will be submitted to the locals for ratification.

Bernadotte's Job At Stake In UN

LAKE SUCCESS, July 15.—(CP).—Count Folke Bernadotte's job as United Nations' mediator for Palestine was at stake today in a tussle between Russia and the United States when the U.N. Security Council convenes at 11 a.m.

Russia, along with Canada, Britain, France, Belgium and Colombia was ready to accept an American proposal for a Security order to Jews and Arabs to stop fighting within three days.

Soviet delegate Andrei A Gromyko late yesterday objected to sevedal key sections of the United States resolution, particularly those providing for the U. N. mediator to supervise a truce of unlimited duration and continue efforts at mediation.

American delegate Philp C Jessup told reporters the United States might make some changes in wording but would not agree to drop Bernadotte. It was Jessup's view that the 53-year-old Swedish Count was named by the U.N. General Assembly and that the Council, even if it wanted to, could not eliminate him from the picture.

Say Money Order Ring Cracked

TORONTO, July 15—(CP). — Police after a chase Wednesday night captured John Atfield, escaped prisoner from Ottawa, and three other men believed to be members of a gang which stole $6,300 worth of blank money orders from the CPR station at Erin, Ont., and swindled merchants in several cities.

A short time later, police searched homes in the vicinity of nearby Port Credit where they made the capture and took into custody another man and a woman.

Police said they recovered approximately half of the stolen money orders.

A car owned by a Clarkson, Ont., man was spotted near the race track at Fort Erie Wednesday and reports giving the license number and a description of Atfield were sent to police.

Cheese Board To Pay Two-Cent Subsidy

BELLEVILLE, July 15 (CP). — Charles N. Heath, secretary of the Ontario cheese producers' marketing board announced today that the board will pay the two cents per pound provincial cheese subsidy.

He said that "formerly cheese factory secretaries applied directly to the Ontario government for the subsidy. This year this procedure will be unnecessary because the subsidy is included in the price of 32 cents per pound which applies to export cheese only."

Rail Strike Cancelled; Get 17 Cents

CPR Vice-President Urges Freight Rate Boost To Cover Costs

OTTAWA, July 15. (CP) — Trains whistled and telegraph keys clicked as usual today.

There was no railway strike.

Labor Minister Mitchell yesterday announced settlement of the union-management wage dispute, less than 15 hours before the strike deadline. It was to have started at 6 a.m. today.

The railway unions, whose original demand was for a 35-cents-an hour increase, settled for 17 cents, retroactive to March 1. It will go to 122,000 members of 18 International Unions, 28,000 members of the Canadian Brotherhood of Railway employees and 20,000 non-union workers.

N. R. Crump, vice-president of Canadian Pacific Railways, said in a statement the CPR should get a freight-rate boost to cover the $27,200,000 which the wage award adds to the CPR annual operating costs. It is estimated a 15-per-cent increase would be needed, he said.

Officials of Canadian National Railways made no comment on the freight-rate question.

Boost Prices

The award was bound to boost prices, Mr. Crump said. That would mean increases in railway operating costs.

"I believe that the Canadian Pacific, having assumed the responsibility of taking the only course that could avoid a general railway strike, should receive an interim increase in freight rates pending a final determination of the merits of the case by the Board of Transport Commissioners."

Mr. Mitchell's announcement—at 3:10 p.m. EDT—was made to newspaper men waiting on Parliament Hill. Emerging from the last of a five-day series of union-company-government conferences he said:

"It's all right—there will be no strike."

Revoke Embargoes

Without delay the companies revoked embargoes on freight shipments, announced train schedules would not be cancelled, said there would be no interruption of service at the 17 big railway hotels.

The unions flashed code words to their locals across the country, confirming that the strike was called off.

The award means a $76,500,000 addition to the railways' annual payroll; each cent of the increase is calculated to total $4,500,000.

In an unusual move, Prime Minister Mackenzie King called a press conference at which he outlined the government's feelings about the settlement. He said happily it was "tremendous relief and joy" to have the dispute ended.

"I doubt if the public will ever know what it has been saved," he added.

The freight-rate question had not been discussed by the government during the negotiations here, he said. The cabinet had made "no commitments, direct or indirect."

SLAUGHTERED CATTLE

A recent estimate indicates that 10 per cent of Europe's livestock was killed off during the concluding months of the war.

Fiery, Itching Toes and Feet

Here is a clean, stainless antiseptic oil that will do more to help you get rid of your trouble than anything you've ever used.

Its action is so powerfully penetrating that the itching is quickly stopped and in a short time you are rid of that bothersome, fiery torture. The same is true of Barber's Itch, Salt Rheum Eczema — other irritating unsightly skin troubles.

You can obtain Moone's Emerald Oil in the original bottle at McDermid & Jury and at any Tambiyn Drug Store, or any modern drug store. It is safe to use — and failure in any of these ailments is rare indeed.

Truman Receives Democrat Nomination

Calls Special Congress July 26, Challenges Republicans To Act

PHILADELPHIA, July 15 (CP) —President Truman early today received the nomination as Democratic candidate for President of the United States and at once struck his first campaign blow.

He recalled Congress to special session beginning July 26 and challenged the Republicans who control it to enact the major planks in the platform adopted by the Republican party at its national convention here three weeks ago.

His recall of Congress and the challenge produced a tremendous ovation from the vast throng which crowded Convention Hall through almost 12 sweaty and hectic hours.

Truman was nominated with 947½ votes on the first ballot after the whole Mississippi delegation and half the Alabama delegation had walked out in protest against his civil rights program

Senator Alben Barkley of Kentucky, 70-year-old Congress veteran, was unanimously named as vice-presidential candidate.

Truman and Barkley and their families appeared together on the rostrum at 2 a.m. EDT to accept the nomination.

Accepts Nomination

The President was smiling and at ease after having waited five hours in a reception room off the speakers' stand for the formalities to end.

"I accept the nomination," Truman said, "and I want to tell you that Senator Barkley and I will win the next election and make the Republicans like it, don't you forget that."

He referred at once to the differences that had arisen within the party, resulting in strenuous efforts of dissident groups to get an alternative candidate.

"There have been differences of opinion and that is the democratic way," he said. "These differences have been settled by majority decision and now we'll get together."

Last-Ditch Fight

In the last-ditch fight of the southern rebels Senator Richard Russell of Georgia was put in nomination and he polled 263 votes on the first ballot. But before the balloting was half over it was obvious Truman would receive close to 1,000 votes and he needed only 618 to win the majority.

Truman referred to two major planks — control of excessive prices, and housing—which were in the Republican platform and which the party had failed to deal with although in control of Congress since January, 1947.

It was the duty of the president to do all in his power to see that needed legislation was passed, "therefore I am calling this Congress back into session as of July 26." Congress had adjourned for the year June 20.

"If there's any reality behind the Republican platform we should get some action," Truman continued. "They can do it in 15 days and still have time to go out and campaign.

Earlier yesterday the rebellious southern states, who for generations have fought proposals to ensure equal treatment for negroes and federal laws against lynchings, suffered a stinging defeat.

The southerners' humiliation was complete when, by a narrow vote, liberal elements of the party so strengthened the civil rights plank that it specifically called for the legislation Truman has sought in vain from Congress.

Renew Attack Against Tito Widen Rift With Yugoslavia

BUCHAREST, July 15—(Reuters). — A violent attack on Yugoslav leaders by the Communist International Information Bureau's official organ, which "uncompromisingly" rejected Yugoslavia's answer to earlier Cominform criticisms, today widened the rift between Yugoslavia and other eastern European Communist states.

The paper said the Yugoslav reply, which branded Cominform charges of deviation as "invented slander" and "lies," was "one of the basest documents which shows that Tito's regime intends to carry further its anti-Marxist and anti-Soviet policy."

The Yugoslav Communist congress, scheduled for July 21 but boycotted by the Soviet and other Communist parties, could not be regarded as "representing the real will of the masses of party members."

The paper, published here for the first time since its headquarters were shifted from Belgrade, added: "The leadership of the Communist party of Yugoslavia represented by Tito, Kardelj, Dhilas and Ranwovic, has unmasked itself still more as a Bourgeois-Nationalist leadership which has betrayed the cause of the working class, the cause of national independence of Yugoslavia."

The four Yugoslav leaders, all members of the political bureau of the Yugoslav Communist party, were named in the Cominform's original denunciation of the Yugoslav leadership.

Base Document

"The so-called answer of the central committee of the Yugoslav Communist party is one of the basest documents, which shows that Tito's regime intends to carry further its anti-Marxist and anti-Soviet policy. This document smells of nationalist hate directed against the world-wide Communist movement. It is imbued with political fraud and is edited by people who have taken part in betraying the working class.

"The gross mistakes of the present leadership of Yugoslav Communist party have been condemned not only by members of the Information Bureau but also by non-participants. The Communist parties of Albania, England, Argentine, Austria, Belgium, Denmark, Finland, Holland, the United States and other countries consider that the leaders of the Yugoslav Communist party have taken the path of dishonor, and by their anti-Soviet attitude they give to American imperialists the hope of restoring imperialist power in countries of people's democracy."

UNION MEETING TONIGHT

In anticipation of the largest union attendance assembled during present CGE-UEW negotiations, the UE membership meeting scheduled for tonight at 8 p.m is to be held in the Brock Street Summer Gardens. It is reported that a vote will be taken this time to see if the proposed new agreement is acceptable.

Cheese, Produce And Livestock

TORONTO FRUIT

TORONTO, July 13 — (CP). — Wholesale fruit and vegetable prices here today are unchanged.

TORONTO FRUIT

TORONTO, July 15.—(CP). — Wholesale fruit and vegetable prices here today were unchanged with the following exceptions:

Raspberries, points, 25 cents; tomatoes, Leams, 11 qts., $4.25-$4.75; green beans, wax, 75 cents. radishes, 40 cents; cabbage, orange crates 75 cents; carrots, doz., 40 cents.

HOG PRICES

TORONTO, July 15 — (CP). — Hog prices at Brantford this morning were reported unchanged at $31.10. At Hull hogs off truck were unquoted. Hogs, dressed, grade A were unchanged at $31.25 delivered, with some sales made. At Stratford hog prices were unchanged. For grade A delivered, $31.10 was paid to farmers and $31.25 to truckers.

CHICAGO GRAIN

CHICAGO, July 15 — (AP). — Grains were mixed at the opening of the board of trade today There was a fairly active trade but price changes did not amount to much.

Wheat started ⅛ cent lower to ½ higher, July $2.27⅝-¾; corn was ⅛ lower to ⅝ higher, July 2.08⅞-2.09, and oats were ¼ lower to ⅛ higher, July 88⅞-89. After the opening prices advanced under the leadership of July corn which spurted to $2.11.

BUFFALO LIVESTOCK

BUFFALO, N.Y., July 15—(AP) —Cattle 600; medium to good beef cows 21.50-23.00; dairy type fat cows 21.00-22.00; weighty cutters 18.00-20.00; weighty canners 14.75-15.75; fat dairy heifers 22.25-24.25; good bulls 21.00-22.50

Calves 100; choice 32.00-33.00.

Hogs 850; good to choice 170-240 lbs. 29.50-30.50; 250-300 lbs 26.00-29.00; sows 20.00-24.00.

Lambs 100; good to choice 31.00-32.00; old sheep good 11.00-12.00.

TORONTO PRODUCE

TORONTO, July 15.—(CP). — Produce prices on the spot market here this morning were quoted as follows:

Churning cream unchanged No. 1 73 cents fob; 77 delivered.

Butter prints unchanged. First grade 69; second grade 68; third grade 67.

Country shippers quoted graded eggs, cases free: Grade A large 50-50½; Grade A meduim 48-48½; Grade A pullet 44-45; Grade B 40-41; Grade C 36-37. Wholesale to retail: Grade A large 53-54; Grade A medium 51-53; Grade A pullet 47-50; Grade B 44-45; Grade C 40.

Butter solids unchanged. First grade 67¼; second grade 65½-66¼.

WINNIPEG GRAIN

WINNIPEG, July 15 — (CP). — Dealings in oats and barley futures were dull during early trade today on the Winnipeg grain exchange. Eastern interests and shippers were small buyers in both grains, while locals were on the selling side.

Rye trade was confined to a few commission house offerings. 10 a.m. prices:

Oats—July unchanged at 91⅜. Oct. ⅜ lower at 84¾A; Dec. ½ lower at 79⅝B.

Barley—⅝ lower at $1.29⅞: Oct. ¼-⅜ lower at $1.15¼B; Dec. ½ lower at $1.08⅜A.

Rye—July not open; Oct. ¼ lower at $2.04½; Dec. not open.

Inspections: wheat this year 295. last year 815; cars of contract 190; oats 125/118; Barley 105/75; Flax 18/5; Rye nil/12; other grains 6/9. Total 549/1034.

TORONTO LIVESTOCK

TORONTO, July 15 — (CP) — Trading tapered off as the business week drew to a close on the livestock market here. Receipts were light and the few butcher cattle offered sold at steady prices. Receipts reported by the Dominion Marketing Service were: Cattle 140, calves 60, hogs 50, sheep and lambs 25. Left from yesterday's trading were some 300 head of cattle.

Plain to common weighty steers sold from $17-$19 and butcher steers brought $18.50-$19.75. Heifers sold up to $20 with canners and cutters downward to $12 Stockers were $13-$17.50 depending on quality.

Choice veal sold steady at $22-$23 with common to medium weaker and $1 lower for the week downward to $15.

Hogs were steady with Grade A $31.25; Grade B1 $30.85. Sows were $21 dressed.

Good spring lambs continued steady with ewes and wethers at $23 with $1 discount on bucks Good lightweight sheep were $5-$8 with a few up to $9. Fat heavy sheep were slow and hard to sell at $5-$6.

MORE ABOUT—

Russia Refuses

Continued from Page 1

gent measures to safeguard the interests of the German population as well as the economy of Soviet zone of occupation and the area of 'Greater Berlin.'"

The Russian government said it was prepared, if necessary, to assure with its own resources "sufficient supplies" for all of Greater Berlin. The reply added cryptically that Russia is "striving for the speediest elimination of the difficulties that led to the blockade."

Russian Threat

BERLIN, July 15. (AP)—The official Soviet newspaper Taegliche Rundschau today printed a Russian threat to interfere with the American-British air lift bringing food and supplies to blockaded Berlin.

"Obviously the time has come to regulate the problem of air corridors," the newspaper said.

Meanwhile, Russian authorities warned the RAF and the United States Air Force that they would be conducting parachute jumping practice in one of the corridors leading from Western Germany to this Soviet-besieged city.

British officials said forecasts of high ceiling weather indicated there would be no danger to British aircraft. Commenting at Frankfurt on the Soviet warnings Gen. Lucius D. Clay, United States commander, said:

"They have every right to practice in the corridors, but it will be pretty bad for them if our planes run into them."

Base Metals Edge Up In Light Trading

TORONTO, July 15 — (CP) — Industrials and base metals edged upward in very light trading on the Toronto Stock Exchange today. Golds were steady in spotty action.

Volume for the first three hours was 251,000 shares, about 82,000 shares less than yesterday's similar period.

Select industrial issues strengthened in narrow fractional range on light interest. Winnipeg Electric continued active, advancing ¼ at 28 and also establishing a new high at 28¼. Liquors were moderately active for gains ranging up to a point and papers weakened slightly.

Base metals mixed gains and losses in sluggish action. Sherritt rose 6 cents at $2.36 and Normetal gained 4 cents at $2.54. Base metals and Consolidated Smelters strengthened fractionally.

Senior golds moved downwards and juniors were steady on small gains and losses. Bralorne dipped 15 cents to a new low at $7.25 and Sigma was down 10 cents at $6.50. Central Patricia, Eldona, Louvicourt and Pickle Crow eased in the juniors.

BRIGHT-EYED AND EAGER, these young newcomers to Canada, who arrived in Montreal recently aboard a Trans-Canada Air Lines North Star skyliner from overseas, pose for a photo at Montreal Airport. They are pictured here with Customs Officer Robert Carry before leaving with their families, for Winnipeg and other western points. From Poland, Yugoslavia and Lithuania, they are travelling under the auspices of the International Refugee Organization.

President Truman Saves Day For Badly-Handled Meeting

PHILADELPHIA, July 15 — (AP).—The Democrats are airborne now, and they can thank President Truman for the near-miracle.

He pulled them off the ground at the last moment of their convention, after it had been bouncing and floundering along the runways and seemed certain to come to an ignominous, nose-in-the-mud end. It probably was the most inept, dreary, shapeless and badly-handled convention in the history of the party—until Harry Truman came along.

That was at 2 o'clock this morning.

The delegates were tired, sweat-soaked and bored by that time. So was the coatless audience, listlessly fanning and gasping in the galleries. The temperature at convention hall was 95 at midnight.

An endless series of speeches studded with the tired old standbys by political oratory — "That great American," "A man who," "I am proud and privileged to be able, etc."—had been yammered into the microphones, hour after plodding hour.

There has been one minor and one major demonstration. The first one came when the south nominated Senator Richard Russell of Georgia.

Major Demonstration.

The major demonstration came after the President's name was placed in nomination. It was a duplicate of those subway crushes that are standard equipment for conventions. Despite the heat, people poured into the aisles, snake-dancing and bouncing, perspiring bodies pressed so tightly together that some of the demonstrators were lifted off their feet.

Two women collapsed, directly in front of the rostrum. The hall was a roaring furnace of heat and sound.

But after that, it sank into the old lethargy. The speakers droned on.

Just before the President appeared, some doves were released. What they were intended to symbolize is hard to say.

Like Delegates

They reacted to the surroundings pretty much like the delegates. That is, when they were released, they simply stood, blinded by the lights, crushed by the noise, largely incapable of any action at all.

Then the President appeared.

Despite the hour — he usually rises at 5 a.m.—he looked alert. He walked to the rostrum with a quick, spring step. His white linen suit was immaculate. He was grinning. Then he started to speak.

With a few lesser exceptions, his speech was the only notable and really vital part of the convention. He quickly fell into a fighing mood. His anger and indignation had all the appearance of sincerity.

MAIN ST. TOPICS

AVERT SERIOUS FIRE

Prompt action by the Fire Department early on Wednesday afternoon averted what might have been a serious fire in the slab woodpile of the Peterborough Lumber Co. on Lansdowne Ave., west of Monaghan Road. The blaze was extinguished after destroying about a cord of wood. A misplaced cigarette butt is believed to have caused the fire.

LAKE HURON CATCH

A nice catch of small mouth black bass was made over the week-end in Lake Huron. Mr. and Mrs. Ernest Dummitt, King George St. were guests of Mr. and Mrs. Norman Stuart, Brantford formerly of Peterborough, who have a summer cottage on Pike Bay, about 18 milese from Wiarton. A party of four men, including Mr. Dummitt and Mr. Stuart went out for a bit of fishing on Sunday and landed 17 good-sized small mouth black bass within an hour.

KIDS DRESS UP

About 50 children aged one to five years put on their Hallowe'en costumes nine months late for a masquerade held at Confederation School playground Wednesday morning. First prize was won by Billie Simmons, King George St.; second prize, Paul Stephenson, King George St.; and third prize Barbara Parks. A special prize went to Ronnie Bassett, one-and-a-half years old, who dressed as cupid.

Many Floral Tributes For Alexander Potts

BETHANY, July 15.—(ENS).—Funeral service for Alexander Potts, lot 20, concession 5, Manvers Township, was held from Manvers United Church Tuesday afternoon with the Rev. J. P. Crandall of Bethany in charge. Mr. Potts was well known and respected throughout the community and had been active until a few weeks ago, when his health began to fail.

He was taken to Ross Memorial Hospital, Lindsay, and later to Robertson's Rest Home, where death occurred, July 10.

Pallbearers were Earl Fallis, Harold Thompson, Earl Argue, Alfred Johnston, Alex Sinclair and Norman Porter, all of Manvers. Bearing the many floral tributes were Walter Fallis, Douglas Fallis, Kenneth Sinclair and Allan Johnston.

There are no immediately surviving relatives. His wife, the former Margaret Ward, predeceased him six years ago, and his only sister, Mrs. William Forsythe, died in 1943. Burial was in Fallis Cemetery.

Peterborough Hogs, Grain And Produce

THURSDAY, JULY 15.

Hog quotations, $30.65 plus transportation.

Sow quotations, $20 plus transportation.

STARTED AS WEAVER

Christopher Columbus was a weaver, his father's trade, until after he was 21.

Find Woman Willing To Pose For Students

KINGSTON, July 15 — (CP)— A woman has been found to pose in the nude for art students at Queen's University.

Since the course began this summer a shortage of models willing to pose undraped has forced the "life class' to use small boys and fully clothed women. Instructor Henri Masson complained Wednesday that Kingston "is too conservative and Queen's too stuffy."

Today Grant Macdonald another instructor, promised to have a nude model on hand for the students. But she won't be at the university. The enthusiastic painters will have to go to Mr. Macdonald's Collins Bay cottage, eight miles away. Furthermore, Mr. Macdonald says she will pose every Friday.

The Weather

Peterborough Temperatures:

Today:
Night low..48 Noon|...76

Yesterday:
Highest....75 Lowest..54

One Year Ago:
Highest....80 Lowest..65

Sun—Rises at 5:49; Sets at 8:57

Clear, cool weather prevails over Ontario this morning. Temperatures dipped into the low fifties Wednesday night, but this afternoon's hot July sun will soon make amends with maximums coming close to the 80-mark. A complex low pressure system over the Central States is moving eastward and on Friday it will likely cause scattered showers in those regions bordering on Lake Erie. Elsewhere the weather will remain mostly clear with little change in the temperature.

Lake Ontario, Niagara, Northern Lake Huron, Georgian Bay, and Haliburton Regions — Clear to-day and most of Friday, becoming overcast Friday evening. Not much change in temperature. Winds light. Low to-night and high Friday — at St. Catharines 56 and 77, Trenton 54 and 77, Wingham 54 and 79, Muskoka 48 and 82, Killaloe 48 and 84.

Summary for Friday: Mostly clear.

Two Holdups In Quebec Net $30,000

Believe Gunman Rings False Fire Alarm To Divert Policemen

MONTREAL, July 15—(CP).—Provincial police reported today that two bandits had robbed the Vercheres branch of the Banque Provinciale du Canada of $15,000. Vercheres is 35 miles southeast of Montreal.

The bandits forced the manager, L. Desjardins, to open the safe. They took the full contents, which Desjardins estimated at $15,000.

Three employees and two customers were in the branch at the time. They notified Provincial police who set up road-blocks on all highways in the area.

Lieut. Marcel Patenaude, head of the holdup squad, said there appeared to be no relation between the Vercheres robbery and a $15,000 holdup in a Banque Canadienne Nationale branch on Wednesday.

Diverts Police

ST. JEROME, Que., July 15 — (CP).—Loss in Wednesday's robbery of a main street branch of the Banque Canadienne Nationale was set today at $15,000 after bank officials checked their books.

The bank was robbed by a red-haired gunman who is believed to have diverted police to the north end of the city by pulling a false fire alarm before he entered the bank.

The alarm was believed to have been turned in by the bandit to get police off the main street.

Provincial Police, who set up road blocks immediately after the robbery, said the gunman walked into the bank shortly before the 3 p.m. closing hour.

With the customers and other employees unaware of what was going on he pointed a pistol at Miss Morand and told her in French 'This is a holdup—give me the money."

Scooping up the cash, he fled in a car.

Bank officials said the full amount taken would not be known until the books are checked.

Shotgun Fire

Continued from Page 1

which refused to deal with the CSU on grounds it is Communist-led.

About 25 CSU members in jail awaiting trial on charges of assault and illegal possession of weapons started a hunger strike at Welland. A union spokesman said the hunger strike was intended as a protest against the amount of bail set for the men. Bail was fixed at $5,000 on some charges and $2,000 on others.

TORONTO, July 15. (CP)—Attorney General Blackwell of Ontario said today that a thorough study of the wounding of members of the Canadian Seamen's Union (TLC) by shotguns fired when they boarded the freighter Lethbridge at Point Edward is being made.

"It is too serious a matter on which to make hurried comments," he said.

Dolls And Toys Vie For Prizes

Their most beloved toys and curly haired dolls, dressed in their best, were proudly paraded Wednesday afternoon by younger children at the Inverlea Park Kinsmen playground. Every effort was made to display the virtues of precious possessions to best advantage as all eyes focussed hopefully on the judges who were having no little difficulty in choosing winners.

First prize went to Carol Hicks, Parkhill Rd., whose toy horse, wearing a sunbonnet and apron, was as tall as herself, only he has lost the use of his legs—possibly rheumatism at his age, and also one eye. Susan Cheatle, Dennistount Ave., was selected from the group of carriage owners, as her small doll rode in a bright blue and yellow walker which she pushed with a long handle. Shirley Twomey, Parkhill Rd., was the third winner with her doll in knitted bonnet, dress and sweater with plastic nursery bib.

A special cash award was given Nancy Geraldine Norris, Dennistoun Ave., who highlighted the parade in a costume that was above competition. Wearing a cute ballet dress of blue sheer with sunbonneet to match herself, she pushed a doll's carriage decorated with pink and blue streamers with a blue satin cover on her sleeping doll.

Pet Show and Doll Parade Liven Up Playground

A pet show and doll parade was held at Dixon House playground on Wednesday afternoon and a playday was held at Inverlea Park.

Twelve dogs, two cats, one chicken, one rabbit and a pet toad entered by Jon Jackson complete the list of animals on show at Dixon House. First place went to Peter Dinesen with his collie, second place to Brenda Lincoln with her spaniel and third to Ricky Buckton with a pekinese. Deb Hillier was to enter his collie, but it was poisoned and died on Tuesday night. However, he did not seem very unhappy or disappointed as he borrowed a dog from Billy Corp, who arrived at the show bringing two as he believes in safety in numbers.

26 Doll Entries

There were 26 entrants in the doll parade, including teddy bears, dolls of sizes and descriptions, a large panda and a pincushion with a doll on top entered by Gary Jackson. First place was awarded to Leslie Parnell, second to Gale Anderson and the third place went to Linda Anderson. The judges at both pet and doll show were Brendon Lincoln, Patricia Weir and Dave Fredericks.

Games, singing and a picnic followed the show and parade. For many of the children, the picnic was undoubtedly the most popular part of the afternoon organized by playground supervisors Rayma Brown and Les Casey. The children brought their own food, and at least half of them wanted to start eating the moment they arrived at the playground.

Man Has Trouble Pleading Guilty

WINNIPEG, July 15.—(CP).—Things are tough all over. Just ask George Trossi, the man who wanted to plead guilty but couldn't.

Couldn't, at least until he won one of the oddest legal battles in Manitoba's history.

Trossi was one of 14 persons arrested in an RCMP raid on an illegal still here in April.

Some of the accused, including Trossi, wanted to avoid the expense of a preliminary hearing. They wanted to plead guilty. But Crown counsel S. Hart Green refused to accept that plea.

Trossi's counsel, Harry Walsh, asked Magistrate D. G. Potter to waive the hearings for those who wished to elect summary indictment.

Mr. Green argued the magistrate had no jurisdiction to commit Trossie to trial without a hearing.

Repled Magistrate Potter: "I'm going to allow Trossi to come up here and say he wants to dispense with the preliminary hearing." He said he believed Trossi was entitled to the privilege of waiving his own hearing.

Mr. Potter said he would take responsibility on the question of jurisdiction.

After a brief recess, Trossi took the stand and aftaer each of five charges against him had been read, declared "I intend to plead guilty to this charge at the assize court and waive my right to a preliminary hearing."

Then the magistrate remanded Trossi and three others for a week, and warned them to be ready for committal for trial.

Gananoque Veteran Reaches Age Of 103

GANANOQUE, July 15 (CP).—One of Ontario's oldest active citizens, Severe Dorey, today celebrated his 103rd birthday, still enjoying good health and a daily walk near his home on King St. here, the well-known centenarian is noted for his keenness and alertness.

Born at Bytown, now Ottawa, July 15, 1845, he was the son of the late Francs Dorey and Amelia Penian whose parents first came from France.

He says his father once owned the land upon which the parliament bulidings now stand. While still a boy, his parents moved to Montreal.

He fought with the Union army in the American Civil War.

Later he sailed on the Great Lakes and farmed in Olden township.

Mr. Dorey has 32 grandchildren, 58 great grandchildren and eight great great grandchildren.

Mitchell Block Sold

COBOURG, July 15 (ENS). — The sale by George Mitchell of his section of stores across from the town hall was revealed yesterday but the amount involved was not disclosed. Purchaser is Andrew Poulous of Cobourg who operates a restaurant here and has been in this business for over ten years. The block includes another restaurant, butcher shop, optical office, men's store, bowling alley and taxi and tire shop

Private Loses Place

WASHINGTON, July 15 — (AP).—The private is going to lose his place as the lowest rank in the army. Starting August 1, the new low man will be designated "recruit" under a reshuffling of United States Army grades The private will be the second lowest rank.

Parade Planned

COBOURG, July 15 (ENS). — The Civic Holiday celebration at Cobourg this year from July 30 to Aug. 2, inclusive, promises to be the biggest affair of its kind in the town's history. It will mark the 150th anniversary of the first settlement in Cobourg.

One of the popular events in a celebration of this kind is the calithumpian parade, and Mayor Joseph Smith, chairman of the parade committee, promises that it will be the biggest calithumpian parade the town has ever seen.

7 Days In Jail

HASTINGS, July 15.—(ENS). —Thomas Richardson, of RR 1, Brickel, who was arrested here Sunday morning at an accident involving three cars, was charged in Cobourg court on Tuesday with drunk driving and sentenced by Magistratee Baxter to 7 days in the county jail.

23 Cases Reported

COBOURG, July 15 (ENS). — Twenty-three cases of communicable disease were reported in the week ending July 10 by the counties health unit of Northumberland and Durham. Cobourg had 12 cases and Haldimand township one case of chickenpox. Seven cases of red measles were reportship, Cobourg and Brighton vil-ed, two each in Cramahe townlage and one in Alnwick township. Cobourg has one case of mumps. Percy township recorded a case of t.b. and Darfington township one case of whooping cough.

THURSDAY, JULY 15, 1948

Peterborough Parks Need Another Walter Stocker

There is no bronze memorial to the late Walter Stocker, sometime alderman of this city and Chairman of the Parks Committee. Perhaps there should be, though he has a hundred varied natural memorials in our parks and along our streets. The maples bordering Sherbrooke Street, the many boulevards, the small triangular plots of grass and flowers at Park and Charlotte and other intersections, the shrubbery and bloom on Water Street fringing Goose Pond, the beds in King Edward Park—these and others were created in his time and through his enthusiasm. This lush Spring and summer season the trees, flowers and civic gardens have been an especial delight to the eye. The Parks Department deserves praise for the way it has maintained them, despite a slim budget and reduced staff.

• • •

There is evidence of work not done, which leads us to wonder if the City Council has not been penny wise and pound foolish when, bringing down the estimates last winter, it cut in half the number of men that could be employed by the Parks Department. King Edward and Inverlea Parks were very late in being put in order for the children's use this summer. There are many dead, dying or dangerous trees through the city which should receive attention. Pruning is required, pests affecting the trees should be brought under better control. Victoria Park is looking rather dowdy.

• • •

That park is a special concern, for it belongs to the County, not to the City, though in years past the City has undertaken to keep it. As Mr. DelaFosse pointed out in his letter printed on this page on Tuesday, the fountain is not playing. It has not been in commission for a score of years. We agree with Mr. DelaFosse that it should be put in working order; surely the County Council and the City Council could co-operate on this small task. The fountain could be delightful (how pleasing is the modest one at the Filtration Plant!) and should cost little to maintain.

• • •

The Parks Department has done much but there is much still to be done. When public opinion became aroused a couple of weeks ago about the conditions to which this newspaper referred at Inverlea and King Edward Parks, four men were added to the Department's crew. Foresight is better than hindsight and we suggest that the citizens would generally approve and give their support if Alderman Young, Chairman of the Parks Committee, were to fight more vigorously for the needs of his important Department.

Candidates For Liberal Leadership: The Hon. Brooke Claxton

Second in alphabetical order among the names mentioned as possible candidates for the Liberal Party leadership is that of the Hon. Brooke Claxton, K.C., Minister of National Defence. Mr. Claxton is member of the House of Commons for the riding of St. Lawrence-St. George, Montreal, a lawyer by profession, and a veteran of the First World War.

Brooke Claxton was born at Montreal in 1898, and was educated at Lower Canada College and McGill University. He left McGill at the age of seventeen to serve overseas with the artillery, in which branch of the service he won promotion and the Distinguished Conduct Medal. When war ended he finished his course at McGill and was called to the Bar of Quebec in 1921.

At the general election of 1940 Mr. Claxton was first elected to the House of Commons; he was re-elected in 1945. In 1943, Prime Minister Mackenzie King selected Mr. Claxton as his parliamentary assistant as President of the Privy Council, and a year later he was appointed Minister of Health. His appointment to the Defence portfolio he now holds came in 1946. Since then his task has been to co-ordinate the three armed services to a greater degree than ever before.

The comparatively short political career of Brooke Claxton reveals a keen and versatile intellect, coupled with driving energy. In addition to the Health and Defence portfolios, he was for a time responsible for the Wartime Information Board and its successor, the Canadian Information Service; he was also Chairman of the National Film Board. He has represented Canada at several international conferences; perhaps the most important of these was when Prime Minister King delegated leadership of the Canadian group at the Paris Peace Conference to Mr. Claxton in 1946.

Brooke Claxton is a fluent and precise speaker in English and French, and one of the most painstaking administrators in the Cabinet. His idea of a working day has aroused comment even in Ottawa, noted for Cabinet Ministers who work long hours; his stocky figure is often seen entering headquarters as early as six a.m. and leaving as late as midnight.

Mr. Claxton in 1925 married Helen Galt Savage, grandniece of Sir Alexander Galt; they have one daughter and two sons. He is a member of the Church of England. At the time of writing, he had made no announcement about allowing his name to go before next month's national convention of the Liberal Party which will choose a leader to succeed Mr. King.

Causes Of Berlin Blockade

The present situation in Berlin was brought about directly by the currency reform. The British, French and Americans who are negotiating union of their three zones of occupation have long realized that there must be a new currency, to lessen the Black Market, to encourage productive labour, and to give the Germans confidence in money so that normal buying and selling can take place. The three western powers decided upon a method, and after notifying Soviet Russia, issued limited quantities of Deutschemarks to replace Reichsmarks. The new notes are being accepted by the Germans with confidence. The Russians also realized the need for currency reform, and issued their own notes, based on a different system.

The question was—what kind of money was to be used in Berlin? Berlin is in the centre of the Russian Zone of Occupation, but is itself divided into four sectors—Russian, French, British, American. There are more than two million people in the French, British and American sectors. Marshal Sokolovosky claimed that Berlin formed part of the Soviet Zone and that the Russians had the right to issue their own currency with their own exclusive control in Berlin. This claim was rejected, for to accept it would have meant that the Western powers were in Berlin on sufferance and not by right. However, Britain was prepared to accept eastern currency for the whole of Berlin under the conditions laid down jointly by the four-power authority. Then came the blockade, the Russians pretending that the railways, canals and barges needed repair.

Russia does not want the new western currency to achieve its object of stabilizing the economy of western Germany. Should it succeed it would be proof to eastern Germans that western capitalism can work. Russia does not want western Germany united. It wants an all-German union, under Soviet control. Russia does not want Britain, France and the U.S. in Berlin. So the new currency, prelude to western German stability and union, was made the excuse for the blockade. The currency war is one facet of the struggle for power in Germany between Russia and the West. The two million Berliners who are the victims of the blockade are prepared to withstand the siege. They do not want the Western powers to move out.

NOTE AND COMMENT

News from Ottawa says that the staff of 11,500 now engaged in work on Income Tax returns hope to have caught up with their job in a year or two. This compares unfavourably with the sharp letter sent to any business firm which is two or three days late in making a return on the money which it is compelled to deduct from its employees' wages — government book-keeping which it does for nothing.

We note with regret the birth of a new word: "motorcade". A recent press despatch says that Mr. Davis, president of the Canadian Seamen's Union, expects "more than 1,000 Canadian union members to join in a mammoth motorcade to Ottawa". The C.S.U. are protesting the Government's action or lack of action in the strike; we should like to organize our own logoscade to protest against "motorcade". Our war-cry should be "cedo, cedere, cecidi, cassum".

The P.E.N. And Its Aims

By DESMOND MacCARTHY
In The London Sunday Times

THE International Congress of P.E.N. was held at Copenhagen during the first week in June. It was the third held since the war, and it differed from the two previous ones (Stockholm in 1946 and Zurich in 1947) in time being set aside for literary discussion. This was the result of a resolution passed at Zurich to the effect that the P.E.N. should return to its pre-war custom of making these annual gatherings, attended by writers from almost every nation in the world, also an opportunity for airing their views on literature, as well as passing resolutions.

◇ ◇ ◇

AFTER the first day, during which the International Committee of Delegates had wrangled in private over procedure, we met in the great high hall of the university, and M. Jean Schlumberger mounted the rostrum. His theme was the "Etat de l'Art de la Prose en France," for it had been decided that this year the subject for discussion should be "Prose."

◇ ◇ ◇

IT was an admirable address, and most interesting. It was above all, he said, in the art of prose that France had excelled; but the laxity and inaccuracy of contemporary French novelists and doctrinaire writers was threatening today the prestige of good French prose. The standard of what good prose is had always been imposed—he reminded us—by an intellectual aristocracy. What then is likely to happen when the influence of aristocracies of all kinds is diminished? And when the public to whom the novel is addressed is both so enormous and so unequally educated? And further what is likely to be the effect of a decline of culture among the young whose education was interrupted by the war, and for whom post-war conditions allow so little leisure? He followed up these disquieting reflections by warning us that the guardians of French prose won't succeed in impressing them, if, on the one hand, they are identified with reaction and, on the other, if as authors they leave the rich themes which the present provides to novelist and writers, like Celine and Sartre, who substitute for the clarity and brevity characteristic of French narrative a torrent of unselected facts and realistically slovenly talk. Then he asked the pertinent question, would such works be read when their temporary appeal had passed; and were such authors right in holding that this did not matter, and that immediate impact was what every author should aim at? The point was debated by subsequent speakers.

Now I want to say something about the P.E.N. itself and its Charter.

◇ ◇ ◇

IT is an international association of writers, who are willing to pledge themselves to stand up for freedom of expression at home and abroad; and incidentally want to do something to diminish race, class and national animosities and misunderstandings. It carries some weight—especially on the Continent and in distant parts of the world. Although it has no power, yet it has occasionally influence. It includes authors of high repute and wide renown from every country except those which do not permit their writers to sign its Charter. Eminence, however, is not a condition of membership; qualifications are to be a writer and to care about the P.E.N.'s aims. It does not pretend to bestow prestige and it is grateful if those whose fame may in some measure increase its own prestige want to join it. The proportion of celebrated authors among French and American members is lower than among those from most countries. This is a pity; but a sense of its possible usefulness is growing also in those countries.

◇ ◇ ◇

THE P.E.N. can sometimes do something to defend authors from Governments which only pretend to believe in freedom. During my short intimacy with the working of the English branch, I have known even a question or an expression of uneasiness on the part of the P.E.N. have some effect. On the other hand I have also known a Government official grateful for an opportunity to explain some action or decision which had been misrepresented by propaganda as cultural oppression. The influence the P.E.N. has rests on its remaining as a body politically impartial; and it can never be captured by one party for the simple reason that if it were its membership would melt and leave the remnant exposed as a group of propagandists without a cloak. But, of course, impartiality is not expected from its members individually. It is good that every political opinion should find advocates among members of the P.E.N., provided that, corporately, they one and all defend the right to differ. What makes some sessions at these international conferences exciting, and perhaps distressing, is the difficulty sometimes of inducing the framers of resolutions to word them so that those who neither share their political convictions, nor, may be, their experience, can nevertheless assent without doing violence to their own. The difficulty has been nearly always satisfactorily overcome.

◇ ◇ ◇

AS one of the main cleavages in civilization is between those who hold that the disadvantages of enforced uniformity are less than those of the conflict of free opinions, it was natural that several of the resolutions passed at Copenhagen (among them the English one) should have been emphatic reiterations of the Charter of the P.E.N.

◇ ◇ ◇

THE most important resolution passed at this third Congress was the re-establishment at last of a German branch, composed of twenty writers carefully chosen and now trusted independently to elect others. The Nazi regime, like those of the U.S.S.R. and Spain today, of course prevented its authors from joining the P.E.N., the principles of which ran counter to its own.

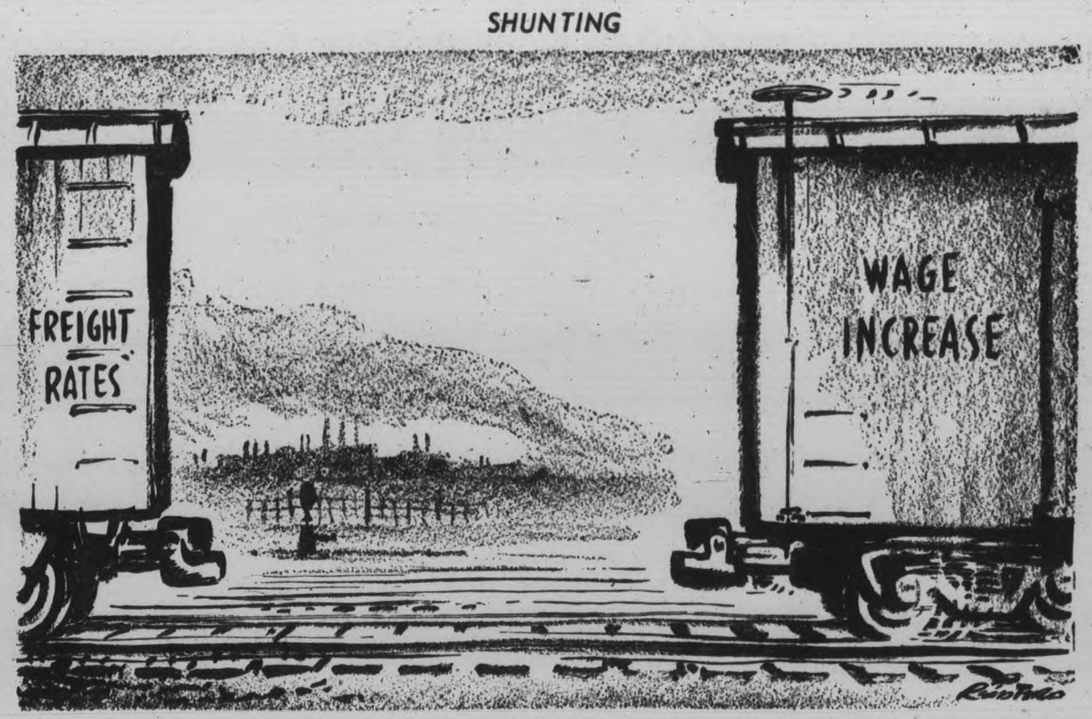
◇ ◇ ◇

THE U.E.N., although it has no power, can draw attention by means of protests to conditions which impede the interchange, not only of ideas, but of books regarded as commodities. Thus perhaps in the long run, it may help authors all over the world. For example, one of the resolutions passed at Copenhagen was that of the Belgian-Flemish speaking centre which appealed to all Governments to abolish the limitations, imposed for currency reasons, on the import and export of books: "Books should not be treated as merchandise of paper and cardboard." This would make but a trifling difference to respective currency values and be a great benefit to writers—especially to those in small countries whose home market is in any case very limited. Eire publishers and authors today are in a bad way, now they are deprived to a large extent of sales in England.

◇ ◇ ◇

BUT will Governments pay any attention? Or will Unesco help to organize (another resolution) some system by which translations of foreign books could be improved and encouraged? It would require a certain amount of expenditure, more than P.E.N. can afford, but little compared with the sums every Government is prepared to spend in boosting itself as a "champion of culture"; moreover it might encourage that understanding between nations in which Unesco believes. Anyhow, let the only body which in some measure does represent the writers of the world persist in defending their interests.

SHUNTING



"Whereas It Appears . . . ."

BILL 399 was the last act of the Parliament whose session ended on June 30th. The Bill is "An Act for granting to His Majesty certain sums of money for the public service of the financial year ending the 31st March 1949." It is, in other words, the appropriations for the year, of $781,658,186.63 (Main Estimates) and $197,067,420.89 (Supplementary Estimates).

The Preamble has a fine antique flavour:

Most Gracious Sovereign,

Whereas it appears by messages from His Excellency, Field Marshal The Right Honourable Viscount Alexander of Tunis, etc., etc., Governor General of Canada, and the estimates accompanying the said messages, that the sums hereinafter mentioned are required to defray certain expenses of the public service of Canada, no otherwise provided for, for the financial year ending the thirty-first day of March, one thousand nine hundred and forty-nine, and for other purposes connected with the public service: May it therefore please Your Majesty that it may be enacted, and be it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, that:—

Then follow the totals of the moneys granted, then sixty pages of detailed sums. These are the "estimates," the thousands and millions of dollars which so often are passed hurriedly in the dog-days of Parliament.

Among all the vast sums granted it is shocking to read Item 698. This comes between Item 697 — $233,615.00, the further amount required by the Department of External Affairs for representation abroad—and Item 699, $5,000, the further amount required to provide for relief of distressed Canadian citizens abroad. Item 698 has an elaborate statement, after which the sum of money required is an anti-climax. Item 698 reads:

To authorize the acceptance, with the approval of the Governor in Council in each case, from governments of European countries, in partial or total settlement of claims of the Government of Canada against those governments in respect of supplies furnished by Canada and distributed as relief by the Combined Military Authorities to the civilian population of those countries during the period of military operations, of

(a) land and buildings to be used for Canadian Government offices or residences in those countries, and furnishings therefor, or of local currencies deposited in special accounts to be extended only in payment for such properties and furnishings or alterations or repairs thereto, the expenditure of currencies so deposited for those purposes being hereby authorized, and

(b) of local currencies deposited in special accounts and which may be expended only for limited purposes other than those mentioned in paragraph (a), the expenditure thereof to be made only in accordance with authority from Parliament $1.00

All that for one dollar! However, the Department of External Affairs, whose appropriation it is, is not concerned about the one dollar. The item is a technical parliamentary device to authorize certain action. It is a dollar-a-year man on a foreign affairs mission.

The language of Bill 399 and the appearance of Item 698 in it reveal how deeply the Canadian Parliament is steeped in traditions of which it is a continuation. They are good traditions and lend dignity and stability to government.

Tall Talk About Giraffes

Apropos of the zoo and circus season, we present a few facts about giraffes, for which we are indebted to Author T. O. Bateman. The giraffe is vulnerable to attack by big cats, but if he can get in one good kick, he can kill a lion.

Animal collectors concentrate on the babies. Full-grown giraffes are hard to transport, being too tall (eighteen feet) to ride in box cars. Though its well-known that giraffes, in spite of their long necks, can't make a sound, it may be a surprise that they can go for weeks without water, just like camels.—This Week.

How Time Flies

JULY 15

1918 Word is received here that Signaller Victor Thorndyke was killed by a shell.

A. H. Webb of this city is injured in an accident in a Montreal factory.

Arthur Stinson is nearly drowned when his canoe capsizes in the Otonabee River.

1928 The honour roll for the local war memorial is now complete with 638 names.

Major John H. Hill, Chatauqua lecturer, speaks at the Rotary Club luncheon.

The C.G.E. soccer team wins the Holloway Cup, defeating the Quakers 6-1.

1938 Cliff J. Hancock, of Smith, reports more than a ton of peas to the acre on his farm.

Two dozen young men are members of the Peterborough Air Service at Chemong Lake, training to become air pilots.

Marion G. Coon, for 12 years a missionary in West China, dies here.

A Bible Message

(From the Authorized Version)

AND seeing the multitudes, he went up into a mountain: and when he was set, his disciples came unto him: and he opened his mouth, and taught them, saying . . . .

Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: but lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasure is, there will your heart be also . . . .

No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and Mammon.

Therefore I say unto you, Take no thought for your life, what ye shall eat, or what ye shall put on. Is not the life more than meat, and the body than raiment? . . . .

But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you. (Matt. 5-1, 2; 6: 19-21, 24, 25, 33.)

◇ ◇ ◇

Enter ye in at the strait gate: for wide is the gate, and broad is the way, that leadeth to destruction, and many here be which go in thereat: because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it. (Matt. 7:13, 14.)

GILES IN UNITED STATES

"For goodness sake, Vera, stop worrying about England and the Russians and relax."

London Express Service

Illegal Spending Charged In Que. Election

MONTREAL, July 15. (CP)—Quebec political leaders went after the farm vote last night as Premier Maurice Duplessis and Liberal Leader Adelard Godbout both spoke in agricultural constituencies.

With the July 28 elections less than a fortnight away, Mr. Duplessis called on Federal members of parliament to reduce the income tax and stay out of the Quebec campaign. Mr. Godbout charged the Union Nationale government with "illegal" spending of "millions of dollars."

The Liberal chief completed a tour of his home constituency of L'Islet with speeches in St. Omer and St. Felicite, while Mr. Duplessis addressed a Union Nationale rally in Sherbrooke.

In his attack on the income tax, the premier said it was driving thousands of young Canadians to the United States.

Not only should it be reduced, he said, but the regulation requiring parents to pay income tax on the summer earnings of their school-age children should be abolished.

15,000 Communists

Mr. Duplessis claimed there were possibly 15,000 Communists in Canada—more than there were in Russia when Lenin took power. About 3,000 of these were in Quebec.

But, he continued, by opposing centralization, Quebec could be a bulwark against Communism. If the only government in the country were the one at Ottawa, the CCF or Communists could seize power and control all Canada.

At St. Omer, Mr. Godbout charged the Duplessis administration with spending "millions of dollars being distributed in gifts to friends of the regime" or which were going to road contractors in another province.

This spending was being authorized by special warrants, the Liberal leader said, and was "illegal."

SCOOP IT LIKE THIS demonstrates Jack Foote (Top photo), head coach of the Peterborough Minor Lacrosse Association, as a few of the 275 boys in the game watch attentively. There are 19 youthful teams in the city. Watching a furious game at the Miller Bowl (Lower photo), free advice is offered the players by these five young lacrossers waiting their turn for the field. They are: James Sutherland, 249 Wolfe St., 12 years old; Ronald Jay, 9, of 249 Aylmer St.; Bob Allan, 13, of 184 Aylmer St.; Richard Anthony, 8, of 165 Aylmer St.; and Vern Smyth, 12, of 382 George St.

Beer Truck Upsets

NAPANEE, July 15.—(CP).—The ditches near here almost ran with beer today when a Montreal-bound transport, loaded with bottled ale, left Highway No. 2 and rolled over on its side. But the beer cargo—except for several broken bottles—was undamaged. So was driver Wesley Watters of Toronto. Watters said his heavy transport left the road when he pulled over to pass a dairy truck.

NATIONALLY OWNED PARKS

Nationally owned parks in the United States cover some 20,500,000 acres.

Five-Hour Kiss For Taylor In 'The Bribe'

By BOB THOMAS

HOLLYWOOD, July 15 (AP).—Burt Lancaster will go to 20th-Fox for "Down to The Sea In Ships" if he can get together with the studio on salary.

The deal is not completed yet, because there is a difference of opinion as to how much Lancaster is worth. Burt, naturally, holds a higher estimate. But he likes the story and is eager to do the film.

None Too Soon

Joan Fontaine finished her last scene of "You Gotta Stay Happy" and commented to her producer-husband: "Mr. Dozzier, it's been a pleasure to work on your picture." His reply: "Thank you; I might be able to use you in some other pictures." Joan now takes a six-month vacation for the birth of her baby.

David Niven, who leaves for England July 29 on the Britannica, is wasting no time. While enacting an 80-year-old in "Enchantment," he fitted wigs for "Scarlet Pimpernel," which he'll make in England.

Five-Hour Kiss

Robert Taylor and Ava Gardner had a five-hour kiss for "The Bribe." That's how long it took to film the scene . . . Evelyn Keyes, who was unhappy about not getting Columbia's horse picture, "The Return of October," is just as happy now. She has found out she's allergic to horses and is taking shots for the allergy.

Milton Berle, now a star of television, was visiting Cornel Wilde on "The Lovers" set. Both are fugitives from 20th-Fox B efforts . . . Mary Astor has written a book about her five Siamese cats, if anyone cares . . .

Mention In Despatch Havelock Veteran

HAVELOCK, July 15—(ENS)—Robert J. Hanlon, Havelock, a veteran of World War II, has received a communication from the Director of War Service Records at Ottawa enclosing a certificate to denote that he had been mentioned in a despatch for distinguished service in the European conflict.

The certificate as follows:

"By the King's Order the name of Guardsman Robert Joseph Hanlon, Royal Canadian Armored Corps, was published in the London Gazette on April 4, 1946, as mentioned in a despatch for distinguished service."

"I am charged to record His Majesty's high appreciation.

(Signed) J. L. Lawson, secretary of state for war."

Scientist Probes Upper Atmosphere

SASKATOON, July 15 (CP).—Most persons are more concerned with the temperature of the air right around them than with the degree of frost in the upper atmosphere.

To Dr. W. Petrie — a member of the physics department at the University of Saskatchewan — upper atmosphere temperatures are fascinating.

Radio-guided missiles, rockets, atom bombs and radar all figure in the experiments Dr. Petrie has been conducting. Because, with advances made during the Second World War in all these fields, the upper atmosphere may be in use in the not-too-distant future.

Using the "northern lights," he has been attempting to find what gases are involved in the spectacle. The light from the Aurora is passed through a special camera to tell what quantities of natural gases are present.

Preliminary research shows that temperature in the upper strata is high — perhaps around 5,000 degrees. But a special spectograph camera is being built at the University to obtain better photos of the northern lights.

Huge N.Z. Trout No Fishing Fable

ROTURUA, New Zealand, July 15 (CP).—Tales of the huge size of New Zealand trout are often dismissed as fishermen's stories overseas. Trout in New Zealand grow much larger than the original stock from Europe and North America and to prove that the glowing accounts carried abroad by fishermen are not just wishful thinking, C. F. Gordon, of Lake Tarawera, had his catches over six weeks weighed and checked.

During the period he landed 49 trout of an average weight of just over 12½ pounds. The smallest fish weighed 3 pounds and the largest 19¾ pounds. He landed five fish of 17 pounds or over. They were big fish even for New Zealand but by no means records. Each season a few trout exceeding 20 pounds are caught.

Reject 13-Cent Raise

DETROIT, July 15 — (AP) — The Ford Motor Company offered its 116,000 production workers a "final" 13-cent-an-hour wage increase Wednesday night and the United Automobile Workers (CIO) rejected it. Union delegates from 46 Ford plants meet here today and presumably will authorize strike action.

See Butter Shortage

MONTREAL, July 15—(CP)—Authoritative trade sources said here Wednesday that unless the Federal government removes the ceiling on butter immediately or makes arrangements to obtain supplies from other countries, Canada will experience the greatest butter shortage in history. Trade officials say by next winter and spring, butter stocks will be 30,000,000 pounds short.

Suspended Sentence Given To Principal

NORTH BAY, July 15 (CP). — Lloyd Lewis, principal of a public school here, received a suspended sentence of one year in Magistrate's Court today on a charge arising from excessive punishment of a 15-year-old student.

The student, Billy Hobbs of nearby Golden Valley, was out of school from the time of the punishment in May, 1947, until two months ago, the court was told.

After the punishment, he was in a North Bay hospital for three weeks, and, later in a Toronto hospital for about 50 days receiving treatment for an injured hip. He entered court this morning on crutches.

10 Left Homeless

OTTAWA, July 15.—(CP). — Ten persons, including six children, were left homeless Wednesday when fire destroyed one side of a two-storey double tenement at 45-47 Friel street, in Ottawa's lower town district. The fire, believed to have started in the kitchen at the rear of 45 Friel street, caused an estimated $5,000 damage. Firemen brought the blaze under control.

Seek Dutch Farmers

THE HAGUE, July 15—(CP)—Dana Porter, Ontario minister of planning and development, completed a tour of the Netherlands Wednesday investigating the possibility of getting more Dutch farmers to migrate to Ontario. He will fly to London tomorrow and expects to arrive at his home in Toronto in about a week.

SEX METAMORPHOSIS

A Holiday Hazard

Don't take a chance on summer complaint spoiling your vacation, take along a supply of DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY. At the first symptom of diarrhoea, intestinal pains or summer complaint, take the prescribed amount of this pleasant and effective remedy. DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY is an old family medicine, widely used for nearly a century.

Handyman, 77, Still At Work

VANCOUVER, July 15 (CP).—Angus McLeod, whose mechanical knack goes back to the Second Riel Rebellion, is still hard at work in his 78th year.

The sprightly, blue-eyed little man with a hearty smile and work-hardened handclasp, has operated a neighborhood repair ship here for 15 years.

"I'm a natural-born mechanic," he said. "My father was a builder, and I started working by the time I was six—just around the house, you know. But I branched out."

After the McLeods moved from Collingwood, Ont., to Portage la Prairie, Man., they built a sod house. It had a sheet of canvas for a door and no windows.

"And every man in the country went around with two guns in his belt," he said. "There weren't any schools and there wasn't any Winnipeg — just a fort."

A year later McLeod was put off the train when he tried to enlist as a 14-year-old bugler in the Second Riel fuss.

"The officer told me I'd better to do my soldiering at home looking after mother and five children. So the next year I started our first wooden house."

McLeod believes he and his neighbor youngsters gave Lord Baden Powell the idea for the Boy Scout movement.

"When the Rebellion came, we formed a sort of home guard. I made wooden guns with wooden bayonets. We used to drill and parade for every train.

"Baden-Powell was on one train. He got off and inspected us. He was so impressed I think it started him on the scouts idea."

Jets In Labrador

HALIFAX, July 15 — (CP) — Six RAF Vampires landed at Goose Bay, Labrador, Wednesday night to complete the first Atlantic crossing by jet-propelled aircraft. The British Jets made the historic crossing in three jumps—Scotland to Iceland to Greenland to Goose. They will continue on to Montreal and New York, where they will take part in an air exposition.

On Regular Diet

GUELPH, July 15 — (CP) — The 311 prisoners who staged disturbances in the Ontario Reformatory here Monday went back to their regular diet Wednesday. They had been kept on bread and water for 24 hours after they promised prison officials late Tuesday that they would behave.

Privy Council Grants CPR Leave To Appeal

LONDON, July 15 — (CP) — The Privy Council today granted the Canadian Pacific Railway Company leave to appeal against a Canadian Supreme Court judgment ruling tht the Empress Hotel in Victoria is subject to provisions of the British Columbia hours-of-work act.

For the CPR, C. F. H. Carson of Toronto submitted that the Supreme Court had "drawn the line too finely" since the Empress Hotel was an integral part of the trans-continent railway system.

D. W. Mundell of Toronto supported the application for leave to appeal on behalf of the Dominion government. It is opposed by the governments of British Columbia, Ontario, Nova Scotia, Alberta and Saskatchewan.

Get 240,000 Houses

LONDON, July 15 — (CP) — Britain is completing 240,000 new houses a year, Health Minister Aneurin Bevan told the House of Commons Wednesday. In defending the government's post-war housing policy, Bevan pointed to the new homes as "a source of national pride." The Commons rejected by a vote of 303 to 131 an opposition motion to reduce the health ministry's appropriations.

Out Of Danger

CHATHAM, July 15—(CP)—Three women, removed from a chartered bus here Tuesday night with ptomaine poisoning, were reported out of danger in hospital Wednesday night. The women took ill in the bus after eating salmon sandwiches in a roadside restaurant.

YOU'D NEVER BELIEVE SHE IS 48 . . . .

She's one of the peppiest, happiest-spirited women you ever saw. At the time when most women think life is passing them by—she's right in the midst of things—always ready to go places and do things . . . as popular with the men as girls half her age. To look at her you would never believe she was a day over 35.

How does she do it? She gives the credit to Dr. Williams Pink Pills . . . for well she knows how important it is to have plenty of rich, red blood during those years when so many women are "pulled down" in health by bodily changes.

If you feel "always tired", if you look pale and dragged out, if you are suffering from a feeling of nervous exhaustion, are jittery and irritable, you may be paying the price of poor blood make-up. Don't wait—start Dr. Williams Pink Pills today. They contain an easily assimilable form of iron—fortified with a generous amount of Vitamin B_1—and are wonderfully effective in helping to build the rich, red blood so necessary to vigor and energy. Get a package today from your druggist.

Kem-Tone TRADE MARK REG. MIRACLE WALL FINISH
for $4.75 walls that look like a million dollars!

ALL THESE ADVANTAGES
1 One imperial gallon ($4.75) does a large room.

3 One coat really covers.
4 Dries hard in one hour.
5 No disagreeable paint odour—use room the same day.
6 A hard, durable, washable surface.
7 A pleasure to put on—no primer—spreads like a charm.

NOW AT YOUR DEALERS 10 LOVELY SHADES

MAKING THE SECOND CHAMPION in her family, Ginette Jany is shown receiving her prize after she won the 100 metres free-style swimming title at the French equatic championships in Paris, France. She is a sister of Alex Jany, French 200-metre swim champion. Brother and sister will probably be on the French Olympic team. The bearded man presenting the prize is a member of the French swimming federation.

Peewee Lacrosse

Petes beat Buffalos 12-2 yesterday in a peewee lacrosse match. Gary Kearns had eight goals and two assists for them and Bud McDougall one goal and six assists. Ferg O'Connell got two and Lawrence Ball one. For Buffalos, Sam Lagana with two was best, while Paul Murphy and Grant Simmons also worked hard. The teams:

Petes: Simmons, McDougall, Pearl, Ball, Kearns, O'Connell.

Buffalos: Murphy, Clarke, Macklin, Lagana, Simmons, Blodgett, Ryan, Mills, Loucks.

CGE Captures Phelan Cup From Legion

CGE gained possession of the Father Phelan Charity Cup on Wednesday evening, when they defeated the Canadian Legion 2-0 at King Edward Park before a good crowd. President William Gracie handed the cup to Captain Stan McGann on behalf of the association. Captain T. Foster, Legion, congratulated the winners.

Legion took the initiative with close-passing tactics to keep the CGE custodian busy, with Ross bringing him to his knees to save. Finally W. Wilson broke up the scrimmages in front of goal, but Strong missed. He made amends a little later on an individual effort by opening the scoring with an unsaveable drive. Within the next 10 minutes Legion were awarded two penalties but failed to convert. G. Downer slamming a hot one past the upright; then Dunn found Greenhorn saving his spot kick and being temporarily injured. Welland and Attard continually shot with first-timers up until the interval with CGE one goal ahead.

On resuming, smart soccer prevailed with the half backs dominating the situation. Craig, Legion, altered his tactics to punt the ball right up the centre to see his forwards harrassing the CGE full backs—McGann and Murduff—with rocket drives on goal. Twice did Dunn pass through the full backs and finish with drives that skied over the cross-bar. After 20 minutes of play, R. Wilson broke up a Legion rally and sent Attard into goal when he jumped in between the full backs to shoot the ball into the rigging. Close soccer prevailed thereafter with Legion battling hard to get a counter through combination htat failed to bring results.

Canadian Legion: T. Foster, goal; T. Foster, Jr. and Al Downer, full backs; B. Woodcock, J. Craig and C. Murduff, half backs; H. Foster, G. Downer, A. Ross, J. Dunn and J. Downer, forwards; A. Smith, B. Grant and N. Downer, subs.

Canadian General: J. Greenhorn, goal; S. McGann and S. Murduff, full backs; R. Wilson, W. Wilson and H. Steele, half backs; R. Strong, E. Cotton, F. Attard, J. Welland and T. McPhate, forwards.

Referee, T. Garland; linesmen, A. Downer and W. Harris.

Norwood Victors

NORWOOD, July 15—(ENS).—Norwood edged Hastings Legion 13-12 in their home game this week. Gordon Fennell got one home run. Hamblin relieved Richardson as pitcher half way through the game. Teams:

Norwood: Bob Garden c, Bud Webb ss, Bob Edwards rf, Ken Pakenham 1b, Bert Payne 3b, Bill Garden 2b, Gord Fennell lf, Ross Aldred cf, Hamblin p, Richardson p.

Legion: Bob West cf, Bob Scriver 2b, Petticrew ss, B. Brooks 1b, Beavis 3b, Kumpf c, Duff p, Richardson lf, Killingbeck rf.

Canoe Co. Triumphs

Canoemen defeated Brintons 12-3 in an Industrial Loop fixture at Quaker Field, cashing in on breaks and playing smart ball. Both sides hustled all the way and Robertson banged out a homer for the winners. The teams:

Brintons: Dracup, Peters, Weaver, Pine, Boucher, Byers, Bruce, Kitchen, Meeks.

Canoe Co.: Byrnes, Robertson, Brooks, Mongraw, Doughty, Schofield, Hunter, Hewie, Kimball.

Umpires: Lomax and Drummond.

Hold Highland Day

WINNIPEG, (CP)—a gala day of highland dancing, piping and drumming competitions made Assiniboine Park reminiscent of the land of the heather. Almost 1,000 spectators attended, and a few entries came from points in Minnesota and North Dakota.

SPORTS SHOW WINDOW

CEC PERDUE, Sports Editor

An OLA senior "B" fixture here tomorrow night at nine in Miller Bowl. Betwixt Scarboro Grads and the loop-leading Petes. And Coach Red Creighton is playing goal for the local lacrossers this time. Can't keep the carrot-top out of there, and he reckons he'll take the odd turn, as spare goalie, between the pipes this season. A fine veteran player with enough color to paint a barn—and still have sufficient over to do a hen-house! If the Grads are at full strength, as they were in Toronto against the locals last meeting, it should be another nifty game before a big crowd again. Two peewee teams, Tigers and Buffalos (boys 12 and under) play between periods.

* * * * * *

Lloyd (Ace) Percival of Toronto pulled out yesterday with the Canuck athletes for the Olympic Games in London. He is head coach of the Sports College and is going over to get detailed info on training, conditioning and diet developed by the world's top coaches. Results of his research will be analyzed, adapted to our conditions and circulated free to Canadian youth. Through those free Sports College booklets government-sponsored. "This is the only country making such a study, and with the best athletes in the world performing in the Olympics, a lot of sound stuff should be learned. It's a good idea.

* * * * * *

Jarrell Is Set Down

Mike Roden of Kingston writes: "Arnie Jarrell, who has returned to Kingston nursing the southpaw arm he injured while pitching in behalf of the Granby Red Sox in the Quebec Provincial League, reports that he has been placed on the National Association of Professional Baseball Leagues' ineligible list. Others of the Provincial League have also been set down. Jarrell drew suspension when, after signing with the Kingston Ponies, he vaulted into the Quebec outlaw organization where salaries are important persuaders. Arnie says Joe Lay has hit his stride and is among the league's top-notch outfielders and batsmen. Toe Blake umpires there."

* * * * * *

Two important men's softball scraps slated for the Bowl tonight, weather being right. Comstock's and Legion clash at seven, and are followed by Knights against the B-A bunch. Knights must win this one or they're out of the playoff race. The other teams can't afford to lose any, either, as they battle it out for top spot in the tight scramble. With the Petes' senior ball game called off tonight in Belleville, all four softball squads should be at full strength and really digging in there. Two Saturday eve tilts are: Comstock's vs. Knights, and Legion vs. B-A. Another week winds up the schedule.

* * * * * *

Lasses Played Two

Couple of colleens' contests at ye olde Bowle yester p.m. with Woollens winning 9-4 from Lakefield and Ashby's taking Lock Co. 10-2. Hitting was pretty even by all four squads, but errors hurt in a few cases. Standing is in elsewhere, and it may be quite accurate, for all we know these busy days. Lakefield lasses were a bit shorthanded, but the police chief's wife played and did well. And we hope he remembers we said so the next time we step briskly through his precinct in a car! Tussles tombrrow, if no changes occur, are: Marines vs. Woollens and Lindsay vs. Lock Co. here. Ashby's are not at Lakefield.

* * * * * *

Ferguson's third hit, a double, scored the winning run for the junior Kinsmen in the last of the ninth here last night for a 7-6 verdict o'er Cobourg. Plunkett was lusty with the mace, too, for a homer and triple, while McGillen looked good afield. Sullivan relieved Plunkett on the slab in the third and did okay in a fine fray. Oshawa Hunters play Kinsmen at 6.15 pm.. Saturday in Riverside Park, and the junior Kiwanis are idle this weekend. West and east bantams are billed for a tilt tonight, as Hawks and south bantams go tomorrow in the Ex., and east and south midgets Friday in Riverside. Peewee games Saturday morn: Crawford's Grove vs. east at Riverside, and south vs. west at the Ex.

* * * * * *

Cuffing The Apple

Senior Petes won 8-5 in Kingston last night with a late drive to again demonstrate their plate power. Gunner Whitehill pitched steady ball against Garrison, and Garvey, Foley, Mackness and Menzies each had two hits. Latter belted a homer, while Foley got a triple and double, and Crowe, Garvey and Mackness three-baggers. Tony Conner of Locos hung up a league record with 20 putouts at first base. The Petes don't go to Belleville tonight, but will be at home to Canisius College of Buffalo at three in Riverside this Saturday aft, an exhibition game. The Buffalo semi-pros gave 'em stiff opposition last year, and this tussle should be a dandy, too. Congress tourney entries close Monday.

* * * * * *

GRAB-BAG: There'll be harness horse races in Morrow Park on Saturday afternoon....Hugh Stewart's horse, Stewart Worthy, was second in the 2.20 yesterday at Tillsonburg....A fine lawn bowling tourney here yesterday, best ever....CGE soccer team defeated Legion 2-0 to win the Phelan Cup....Dot Millar phones to say no girls' game in Lakefield tomorrow, just the two here....Canoe Co. took an industrial win over Brintons 12-3....Civic Loop playoff setup appears elsewhere....Westend juvenile baseballers practise at 6.30 tomorrow at the Ex.....Oshawa lacrossers trounced Huntsville 23-8 the other night....Peewee Petes took a 12-2 win from the Buffalos; games tomorrow: Tadpole Rockets vs. Spitfires at 11 a.m. and Lions vs. Tigers in a peewee joust....And Friday midgets frays in the secondary box, starting at 6.30: Comstock's vs. Americans, and McGillis vs. Cavanagh's....The business.

LAWN BOWLING

By HERB MARTIN

With the presentation of the prizes by Mrs. C. Graham, donor of the Lift Lock Gold Trophy, the third annual open doubles tournament for this beautiful trophy came to a successful conclusion just this side of midnight Wednesday.

And James Cullen and his son Jack will have the pleasure of holding this trophy for one year. Besides for their efforts they each received a handsome gold wrist watch. The other prize winners appear below.

Playing under ideal weather conditions, 96 pairs of lawn bowlers from all parts of Ontario competed all day Wednesday for the Lift Lock Gold Trophy and $1,200 worth of prizes. To say that it was a success is putting it very mildly—it was just the best ever. As we walked around the grounds from one green to another, we heard nothing but complimentary remarks. The visitors especially congratulated the club officials and the tournament committee. They had undertaken a big job and they did it in a big way.

Sidelights

Both the greens and the players took a terrific beating from the sun.

The loudspeaker system served its purpose well.

We noticed many ladies accompanied their husbands to the tournament.

The two Freeman boys, Bobbie and Gordon, both under 20 years of age, won two of their three games. Nice going, boys.

The co-operation the committee received from all was greatly appreciated.

It was awfully good to see Reg. Dyer and Harold Darling up and around again.

Among the many visitors we noticed:: H. Baillie, Toronto, president Provincial Lawn Bowling Association; L. Maude, Toronto, secretary of the same association; Evans Attwood and Walter Cowan, both past presidents; E. P. Ranleau, mayor of Cornwall; J. Flett, Agincourt; Bob Coleman and Charlie Sedgewick, both now of Toronto, but former members of our club; F. Templeman, Weston; D. Edney, Kingston; A. Mundson, Newmarket, and C. Argue, Belleville.

The winners in the drawing contest were: C. Millard, Romaine St., chesterfield set; A. McColl, Water St., Johnson outboard motor; J. Steinkrauss, Hunter St., cabinet of silver.

Kinsmen Win By 7 to 6 Over Cobourg

By FRED MAYBEE

Baseball fans saw a great game at Riverside last evening, as junior Kinsmen pushed across the winning run in the last of the ninth to defeat Cobourg 7-6 in a regular Lakeshore League game.

With the locals helpless before lefty Chuck Harrott for four inhings, after relieving Jamieson in the fourth and the score tied, with two out in the ninth, Ferguson cracked his third hit, a double, and scored as Dugan hoisted a single just out of Kellow's reach in right to climax a stirring struggle.

Sullivan pitched well, after relieving Plunkett in the third, scored a run and fielded well. Plunkett hit a homer and triple and scored two runs while McGillen shone afield. For the losers, Fisher, McMillan, Harrott and J. Goody looked best.

Kinsmen play Oshawa on Saturday at 6.15 at Riverside.

Petes' Ballsters Drive Late To Get Victory Over Locos

KINGSTON, July 15.—(CP).—Peterborough seniors came from behind to defeat the cellar-dwelling Kingston Locos 8-5 in a Central Ontario Baseball League game here Wednesday night.

The Petes scored three runs in the seventh inning and two in the ninth to turn back the Locos. They outhit their opponents 12-9.

First baseman Tony Conner of Kingston established a league record when he made 20 putouts on as many chances.

Tom Foley, Bob Crowe, Fred Garvey and John Mackness each tripled for the Petes. Foley also clouted a double and Al Menzies collected the lone homer, a long ball that travelled on the bound to the deep centre field fence.

With the Locos leading by 5-3 and one out in the seventh, the Petes started to roll. Garvey singled and then stole second. Foley doubled, scoring Garvey. Mackness singled to chase Foley home. Menzies grounded out, but Pagett singled to centre, scoring Mackness.

In the ninth Mackness tripled to right field and Menzies homered.

Indians Defeat Dodgers 4-3 In Exhibition Game

By TED MEIER
Associated Press Sports Writer

Cleveland Indians and Boston Braves, each striving to win their first baseball pennant in years, open long road trips today.

As the majors resumed activity after a three-day lull for the all-star game, a survey showed both the American and National league leaders have won more games on the road than at home.

Invading Philadelphia for a twilight-night doubleheader with Connie Mack's amazing Athletics, Cleveland boasted a remarkable 758 percentage on foreign fields. The Indians have lost only eight games on the road while winning 25. At home they have split, winning 20 and losing 20.

The Braves, starting their western trip with a doubleheader at Chicago, have won 24 and lost 13 on the road. This is a .649 clip compared to the Braves' home mark 22-18 for .550.

Cleveland, for the third time this season opened a crucial series with Philadelphia with first place at stake, has lost two of its eight road setbacks to the Mackmen.

Beat Dodgers

The Indians, preparing for the series, defeated Brooklyn Dodgers 4-3 in an 11-inning exhibition game Wednesday night before 64,877 at the Cleveland stadium.

The crowd was treated to a brilliant two-inning relief chore by Leroy (Satchel) Paige, ageless Negro hurler recently signed by the Tribe. Paige shuffled in from the Cleveland bullpen in the seventh, threw only 12 pitches, each of them with a corkscrew windup, and struck out the side. He fanned Gil Hodges on four pitches, struck out Irv Palica with three curve balls and whiffed Bobby Brown on five offerings, one a foul ball.

The ancient Alabaman retired three more hitters in order in the eighth to complete his labors for the night.

JOE KLUKAY, Toronto Maple Leafs' hockey player, was rescued after an outboard motor boat in which he was riding, capsized at the head of the ship canal at Sault Ste. Marie. Ont. Passengers aboard the Canada Steamship Lines passenger boat Noronic watched workmen pull Klukay from the water. His boat, overturned by the Noronic's backwash, was undamaged, although all its contents were lost.

Lesnevich Prepared To Take On Walcott

BRIGHTON, England, July 15. —(AP).—Gus Lesnevich thinks he and Jersey Joe Walcott should fight for the vacant world heavyweight boxing title, and never mind about elimination contest.

The 175-pound king, training here for a light heavyweight title bout with Freddie Mills at London on July 26, feels the issue is clear cut.

"I knocked out the two top heavyweight contenders, Melio Battina and Tami Mauriello,' he pointed out. "At least, they were listed No. 1 and No. 2 when I stopped them."

"That should qualify me. Walcott was considered good enough to fight Joe Louis twice for the championship."

USED BY ANGLERS

"Gentles", used as bait by English anglers, are the maggots of the common blowfly of Europe.

Roy Logan Sinks Hefty Hole-In-One

LINDSAY, July 15.—(ENS).—Ray Logan, prominent Haliburton golfer, realized the golfer's dream by sinking a hole-in-one on the sixth hole of the Haliburton Highlands gold course.

Logan, who was runner-up to Harry MacDonald in the Highland golf tourney last year, was playing with Jack Hoxie and Dennis Griffin. He drove off the sixth and the ball soared over the hill on to the green. Standing on the sixth green was a foursome of Ram Sproats, Joe Iles, Jimmie Perrin and a vacationer to the Highlands. Sproats seeing the ball heading for the cup hauled out the flag and the ball rolled merrily into the cup.

Logan then finished the nine goals with a 40 score and then toured the course in 37 despite two six's.

Amateur Golf Finalists Likely Canadians

HAMILTON, July 15 — (CP) —The boys in the locker rooms look for Walter McElroy of Vancouver or Joe Stoddard of Hamilton—with Gerry Kesselring of Kitchener in a dark horse role—to carry Canada's hopes in the Canadian amateur golf championship final.

At least one native son is assured of a spot in the 36-hole title match Saturday. Wednesday the last two Americans in the top half of thte draw fell by the wayside in a day of tough competitive golf which left only 16 survivors from the original starting field of 172.

But the so-called experts could be wrong and any one of the five other Canadians in the top bracket could come through—Bill Thompson of Guelph, member of one of Canada's most noted golfing families, Jimmy Thompson of nearby Dundas, Jim Boeckh of Toronto, R. A. Paterson of Brantford or Ernie Bentley of Toronto.

Ranks As Favorite

The 22-year-old McElroy ranked as the locker room favorite on the basis of both skill and experience. He was drawn against Bill Thompson, whose Uncle Nicol was pro at the host Ancaster course for 48 years.

Kesselring, former Canadian junior champion, drew Jimmy Thompson, a former southpaw golfer who switched to a right-handed swing but grips the club cross-handed. Boeckh was drawn against Paterson and Stoddard faced Bentley.

Yesterday's play, which sent 48 golfers to the sidelines, brought its share of upsets. Stoddard put down the threat of 30-year-old Ken Ward of Montreal who knocked United States amateur champion Skee Riegel out in the first round Tuesday.

Jimmy Thompson eliminated Don Varey of Brantford, one of Ontario's title hopes who was runner-up for the provincial amateur championship this year. Bentley sent Ed Crowell of Halifax to the sidelines.

They'll Do It Every Time — By Jimmy Hatlo

Civic Softball Playoff Setup

Civic Softball League playoffs are best three out of five games with two teams eliminated in each group.

July 16—Bell vs Babes Place, King Edward; Bus Drivers vs Post Office, Armour Field.

July 19—Graftons vs Nichols Cartage, KE; Shell Oil vs Firemen, AF.

July 21—Bell vs Babes Place. KE; Bus Drivers vs Post Office, AF.

July 23—Graftons vs Nichols Cartage, KE; Shell Oil vs Firemen, AF.

July 26—Bell vs Babes Place, KE; Bus Drivers vs Post Office, AF.

July 28—Graftons vs Nichols Cartage, KE; Shell Oil vs Firemen, AF.

(Fourth game if necessary).

July 30—Bell vs Babes Place, KE; Bus Drivers vs Post Office, AF.

August 2 —Graftons vs Nichols Cartage, KE; Shell Oil vs Firemen, AF.

(Fifth game if necessary).

No. 1 and 2 team in group A meet No. 1 and 2 team in group B —best 3 out of 5 games.

First team in group A to meet first team in group B—best 4 out of 7 games in finals.

The groups: Group A—Shell Oil, Bus Drivers, Firemen, Post Office; Group B—Bell Telephone, Graftons, Babes Place, Nichols Cartage.

HERE AND THERE IN SPORTS

BY CANADIAN PRESS

of the Montreal Canadiens, anof the Montrea lCanadiens, announced Wednesday that coach Dick Irwin will arrive in Montreal by air from Regina to discuss plans for the next hockey season.

After last season when Canadiens finished out the playoffs there were reports that Irvin would retire, devoting all his time to his sports-goods business in Regina—and pigeon raising.

Canadiens' executive renewed its contract offer last spring and after considering for a while, Irwin decided to return to the coaching job. Last season was the first in his 19 years as coach of the National hockey league clubs that his team finished out of the playoffs.

Bill Herbert's brilliant young Roan colt, Jay Herbert, captured the three-year-old Supertest pacing stage at Tillsonburg, Wednesday, and led the way in some of the fastest colt racing seen in Ontario for a decade. About 7,000 fans watched the fleet-footed son of Oro Grattan step off all his winning mile heats in times well under 2.10.

A 300,000 damage suit, brought by a suspended player and charging organized baseball with a monopoly in violation of anti-trust laws, was dismissed in Federal District Court at New York Wednesday. The suit was brought by Danny Gardella, ex-outfielder-first baseman of the New York Giants. Suspended when he jumped the team to play with the Mexican league, Gardella charged the reserve clause in baseball contracts made it a monopoly and kept him from earning a living.

The rabbit chased the dogs at a suburban London, Eng., track Wednesday night. The doors to their traps were sprung too soon and the dogs were followed all the way around by the rabbit lure. The race was re-run for the benefit of the bettors.

Harrison Hoyt's Demon Hangover Wednesday night showed why he is a favorite for the $60,000 Hambletonian when he trounced a field at Saratoga raceway of the same three-year-olds he will meet in the classic. The Demon won the final heat of the $5,000 Adirondack Grand Circuit Feature by three lengths in 2:053-5.

Henry Rochon, Jack Macken and Brendan Macken, all members of Canada's ill-fated Davis Cup team, are entered in the Canadian Lawn Tennis championships to be held in Toronto the week of August 14. Top-ranking American Intercollegiate stars are also entered in the week-long tourney.

Gus (Pell) Mell, 22-year-old Montreal welterweight boxer, and two companions were arraigned in court Wednesday charged with attempted auto theft. Mell, Leonard Normyle, 30, and Pat Hanley, 19, all pleaded innocent through their attorney Myer Gross. Bail was set at $950. each.

Woollens and Ashby's Get Girls' Softball League Wins

	P	W	L
Westclox	12	11	1
Marines	11	9	2
Ashby's	10	7	3
C.G.E.	13	8	5
Lindsay	11	4	7
Woollens	11	3	8
Lakefield	9	1	8
Lock Co.	11	1	10

Woollens beat Lakefield 9-4 and Ashby's defeated Lock Co. 10-2 in girls' softball fixtures at the Bowl before a fair crowd last night. Both were pretty good tilts, though slow at times, and errors hurt the losers, but the victors turned in nice efforts. The league swings into action again tomorrow night.

Woollens went well to earn their win, but Lakefield were shy four players through illness. E. Samis, the chief's wife, went good in her first try of the year, and D. Nichols and N. Clements showed to advantage. E. Humphries and B. Hall stood out for the victors defensively, and the former hit a double and triple in three to lead her side. V. Clements had three for four to top the losers. R. Boyce fanned nine and S. Harris six. The teams:

Lakefield: N. Clements, cf; R. Maloney, c; R. Boyce, p; E. Boyce, 2b; D. Nichols, 1b; I. Bullock. ss; R. Bullock, rf; W. Clements, 3b; E. Samis, lf.

Woollens: C. Ferguson, lf; B. Hall, 2b; R. McInroy, rf; E. Humphries, cf; M. Laing, 1b; J. McIlwain, ss; S. Harris, p; H. Goodfellow, 3b; B. Jaquith, c.

Lakefield ..	031 000 000—4	10	2
Woollens ..	003 030 12x—9	10	1

Five Errors

Five miscues didn't help Lock Co. in their tilt but Ashby's played good ball, neither team showing too much pep. D. Callan and E. McFadden went best in the field for the winners, as J. McIntyre and D. Clements were probably the pick of the losers. The hitting was pretty even, and D. McFadden whiffed nine to five by M. Stewart. D. Callan had the feature catch and she and E. McFadden hit homers. The latter led the hitters with three, including a triple, also, in five tries. P. Williams topped Lock Co. with a homer and single in three. The teams:

Lock Co.: R. Roberts, 2b; D Westlake, c; B. Ayotte, ss; J. McIntyre, ss; D. Clements, rf; B. McMahon, 3b; T. McQuade, lf; P. Williams, cf; M. Stewart, p.

Ashby's: E. McFadden, 2b; J. Reynolds, c; E. Simmons, 3b; D. Manley, ss; J. Dunk, 1b; G. Dracup, lf; D. Callan, rf; S. Mowry, fc; D. Gilmour, cf; D. McFadden, p.

Lock Co...	020 000 000—	2	11 5
Ashby's ..	302 103 10x—10	12	1

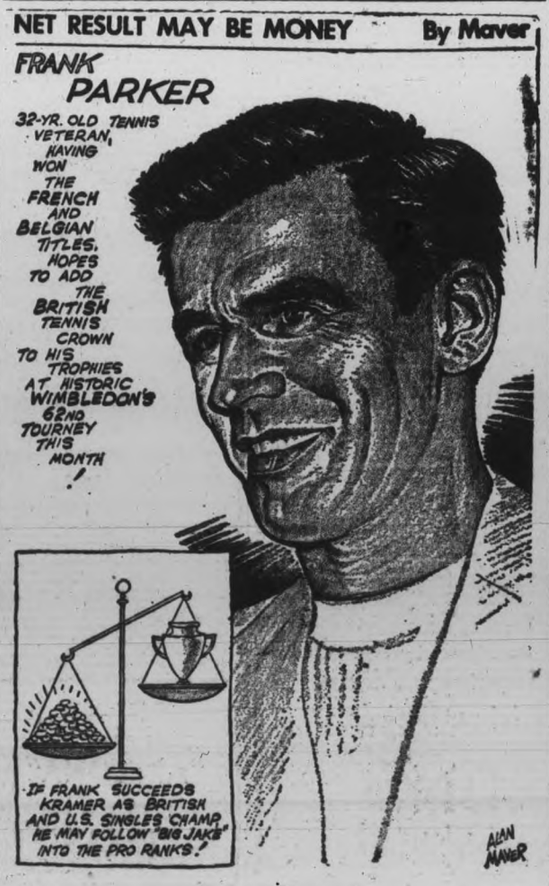
NET RESULT MAY BE MONEY — By Maver



LeafsManhandle Montreal 11-5 2nd Straight Win

By The Associated Press

Remove first-place Montreal and last-place Baltimore from the International league, and it would be a merry battle for the 1948 pennant. But as it is, six clubs are involved in a red-hot struggle for playoff places along with the Royals.

Only 2½ games separate Buffalo Bisons and Newark Bears, presently deadlocked for second place, and the seventh-place Rochester Red Wings. Montreal is 10½ games in front, and Baltimore languishes in eighth place, 19½ games off the pace.

Toronto visited Montreal Wednesday night and manhandled the leaders 11-5, blasting Don Newcombe from the box in 3⅓ innings.. Jock Thompson went all the way on the mound for the Leafs.

The victory, plus Newark's 13-9 triumph over Syracuse, boosted Toronto past the Chiefs into fifth place, and only half a game back of Jersey City Giants, whose tilt with Baltimore was rained out.

Rochester, meanwhile, struggled 11 innings before coming through with a 7-6 decision over Buffalo.

Nine home runs, seven of them by the Bears off the pitching of Dixie Howell, featured the Newark-Syracuse slugfest.

Find Six-Inch Gash In U.S. Olympic Shell

ABOARD S. S. AMERICA, July 15.—(AP).—The first minor irritation turned up today for the United States Olympic delegation, en route to London for the summer games beginning July 29

The party of 260 athletes and 44 coaches and managers had been to sea only a few hours when a six-inch gash was discovered in the top structure of California's eight-oared shell.

This is the sleek, 60-foot boat in which the Californians hoped to gain a championship which the United States has always won in the Olympics.

The oarsmen said the shell must have been damaged in the trip from the Princeton, N.J., Olympic try-outs.

Grafton's Victors Against Postmen

Grafton's strengthened their hold on first place in the Civic Softball League when they downed the Post Office 10-7 at King Edward Park last evening before a fair-sized crowd.

It was anybody's game until the first half or the ninth inning when home runs by Jamison and Riches and a sacrifice hit by Taylor accounted for four runs for Grafton's.

Smith of the Postmen played fine ball, snaring several hard drives that seemed to be labelled for sure hits. Cournyea, Moore and Scott also played well for the Postmen, both at bat and in the field, while Byers, Lewis and Godley stoad out for Grafton's.

Teams:

Grafton's: Jamison ss, Riches p, Godfrey 1b, Taylor 3b, Sheehy 2b, Byers cf, Wilson lf, Lake rf, Hall lf, McGillis rf, Livingston c.

Post Office: Cournyea, Moore, Kiff, Smith, Coombes, Thirnbeck, Gosselin, Maner, Scott.

Grafton's	120 010 204—	10	
Post Office	111 112 000—	7	

Umpires: Castle and Drum.

Leo Durocher Visits Montreal

CLEVELAND, July 15 (AP). — Manager Leo Durocher of Brooklyn's Dodgers left here last night for Montreal where he will look over some of the talent on Montreal Royals, International league leaders and the Dodgers' No. 1 farm club.

"Pitching talent?" Durocher was asked. "I'll be looking over a lot of things," he replied.

Brooklyn, now 8½ games behind the National league leaders, Boston Braves, badly needs a starting pitcher and Durocher hopes Montreal will be able to help.

Funeral Service

REGINA, July 15 — (CP) — Funeral services were held in First Presbyterian Church here Wednesday for Dave Dryburgh, sports editor of the Regina Leader-Post, drowned in a boating accident last Sunday. Interment was in city cemetery.

Branch Factory Plan Successful

TORONTO, July 15 — (CP) — Premier Drew of Ontario said Wednesday night on his arrival home from the United Kingdom that some definite announcement is expected before the end of July concerning establishment by British firms of branch factories in Ontario.

Mr. Drew left Toronto a month ago to confer with British government officials on the matter. He said his main purpose was to work out a plan under which these British industries could make sterling deposits in London against advances to them in Canada by Canadian financial institutions.

He said he was not able to give any details because of certain arrangements yet to be completed.

During brief visits to France and Italy, Premier Drew said he had some preliminary talks with French and Italian business officials concerning the establishments of branch factories in this province. He added the talks were successful and would be followed up later.

Out And In

CHATHAM, Ont. (CP)—Released from police custody one day after paying fines totalling $26.90, a local man was found unconscious on a street the following morning and again arrested on a drunk charge.

Police Thank Motorists

MONTREAL, July (CP)—Quebec provincial police publicly thanked motorists in the Montreal area for preventing fatal accidents during the long July 1 weekend. "If the same care were exercised throughout the summer," said one official, "the death toll for the district would be almost negligible."

BACKACHE May be Warning

Backache may be a signal your kidneys are failing to filter excess acids and poisonous wastes from the system. Dodd's Kidney Pills help relieve this condition, often the cause of backache, headache, rheumatic pains or disturbed rest. Dodd's contain essential oils and medicinal ingredients which act directly on the kidneys and help them regain normal action. Get Dodd's Kidney Pills to-day. 13t

Dodd's Kidney Pills

QUEEN ELIZABETH, wearing a wide-brimmed hat, with Princess Margaret at her side, is shown chatting to guests at garden party held at Buckingham Palace.

Plan Outdoor Production Of 'Faust' At Montreal

MONTREAL, July 15.—(CP).—The city council has announced that Montreal will sponsor an open-air performance of Gounod's "Faust" Aug. 10.

It will be opera under the stars, the musical display to be staged on the terrace of the Mountain Chalet atop Mount Royal.

For the first time, Montrealers will be able to witness the seldom-performed Walpurgis Night episodes of the fourth act of the opera. Gounod composed the episodes especially for the Paris Opera whose giant stage is said to be the only one suitable for indoor performances of these scenes.

The Montreal Festivals, which are organizing the show and supplying the orchestra, have called Metropolitan Opera artists from New York to take the leading roles. Emil Cooper, French maestro at the Metropolitan will conduct the orchestra while soprano Eleanor Steber and basso Nicola Mascona will star in the roles of Marguerite and Mephistopheles.

Canadian singers will also participate, with Joseph Victor Laderout in the role of Faust. The young tenor was chosen last year for the roles of Peter Grimes in the American premiere of the Benjamin Britten work at the Berkshire Festival. Others are contralto Jeanne Desjardins and bass David Rochette, both of Montreal, who will sing the roles of Martha and Walter.

Besides inviting eight leading soloists and a large corps de ballet to perform the Walpurgis Night under the direction of Boris Romanoff, the Montreal Festivals also have called upon Herbert Graf and Richard Rychtarik of the Metropolitan to construct a stage which will have special lighting effects by Jacob Bucher of New Rork.

FAMOUS STREET

Threadneedle Street, a busy thoroughfare in London, England, received its name from the Merchant Taylor's Company.

Fly Fresh Crews To Bush Fires

BLIND RIVER, July 15—(CP)—Ontario air service planes, carrying fresh crews of firefighters deep into the northern bushland, Wednesday were guided by portable radio transmitters set up at Shoepack and Rawhide lakes.

The Rawhide Lake fire, some 60 miles north of here, now covers 1,000 acres and is the largest of the 30 in the district. More than 200 men are fighting the flames which are fanned by high strong winds. District Forester Arthur W. Leman predicted the outbreak would be brought under control by daybreak.

New smudge fires broke out in the Mississagi area and eight more blazes were reported at Peshu and Seabrooke lakes, west of the Chapleau fire.

While most of the fires are small, lands officials said they feared further outbreaks. Temperature is in the 90s and lack of rain has increased the hazard.

Would Protect Antarctic Seals

By LESLIE BRODIE
Canadian Press Correspondent

SYDNEY, Australia, July 14 — (CP).—Fur seals have been seen in great numbers on Macquarie Island since the Australian Antarctic Expedition went to the South Pacific this year.

Previously it was considered that this species had been exterminated on the island and their reappearance is a surprise to zoologists.

A captain named Hasselborough found the beaches teeming with seal when he visited Macquarie Island in 1810. But during the next few years there was a rush of sealing vessels to the area. One vessel alone returned to Sydney with more than 35,000 skins.

The sealers slaughtered without discrimination the mothers and young with the result the seals were practically exterminated.

Today plans are being considered by the federal government to set up factories on Heard and Macquarie Islands to extract seal oil from the elephant seal, but any move to execute the plan is meeting with strong opposition.

Condemns Scheme

In an attack on the proposed industry, T. A. Everitt, honorary secretary of the Royal Zoological Society of New South Wales, said that if an industry were formed it is certain that the elephant seal would be eliminated in a few years.

Leading Australian zoologists have joined him in roundly condemning the government for entertaining the idea. They point out that if the seal colonies are reduced below a certain level necessary to maintain communal life they disappear completely.

In London the International Committee for Wild Life Prevention claimed that it was necessary for public opinion to be aroused in time to prevent unnecessary cruelty in the exploitation of seals.

A spokesman for the Australian Antarctic Expedition told reporters that the elephant seal abounded on Heard and Macquarie Islands. Oil similar to whale oil, but more easily obtainable, could be extracted from the elephant seal. Extraction was simple and could be done on the islands.

The federal government has not yet made a decision on the matter but is considering it.

THIS BABY OWL flew into the basement recreation room of Mr. and Mrs. Bob Kell of New Westminster, B.C., and adopted a stuffed owl as a new mother. The youngster spent all the next day making the acquaintance of other trophies in the room but was evicted afterwards by the Kells. Looking on is reporter Mary Cotton.

Labor Leader Assails Communist Union Tactics

AUCKLAND, NZ, July 15 — (CP) — New Zealand's fiery 74-year-old Minister of Works Hon. Robert Semple, has written book denouncing Communist methods in New Zealand. Semple, who has been a leader in the Labor Government's anti-Communist campaign, asserts that there is a Communist espionage system in the Dominion's trade union movement.

Emphasizing that Communism should be regarded as a military operation with the workers in the front line, he states that his knowledge of Communist spying is based on unimpeachable evidence obtained during the Second World War.

"The Communist party operates what it calls the Trade Union Bureau," he says. "Communist documents show that this organization receives reports on all trade unions."

He says it was revealed that the reports were not concerned with proper affairs of trade unionism. They were, in fact, reports on the progress of Communist agitations in the unions and reports on individual unionists. He claims individual workers were spied on, the Communist plan being to identify workers as friendly or hostile to Communist policies. The obvious development of this espionage was the preparation of Communist white lists and black lists.

There might be innocents among the Communists who were fired with the vision of a Utopia, he adds. But there were others who were consciously working for the destruction of the New Zealand way of life at the dictate of the Communist International in Moscow.

3 Points Remain To Be Settled

OTTAWA, July 15. — (CP).— Settlement of the railway wage dispute cleared up the only issues between the international unions and the companies. It still left three points unsettled for the Canadian Brotherhood of Railway employees' 28,000 members.

None of the points involving the CBRE members and their employers—most of them work for the Canadian National Railways—were considered sufficiently important to delay settlement in direct negotiations.

The inernational unions and the CBFE both demanded a 35-cents an hour raise and settled for 17 cents. Earlier the CBRE and the companies had reached agreement on a question involving payment for holidays.

The remaining questions for the CBRE and the CNR are a request for a 10 cents an hour increase,, in addition to the general increase, for certain classified laborers and coal plant employees; a question of payment for time lost through illness and an argument over introduction of a check-off system of paying union dues. Negotiations on these will continue.

Leaf Doctor Dies

TORONTO, July 15 — (CP) — Dr. Murray P. Smyth, 27, former ship's doctor on the Aquitania, died in hospital today. He recently had been assistant doctor for the Maple Leaf hockey team last season. He was born in Big Valley, Alta., and attended Regiopolis College at Kingston. He was graduated from the University of Toronto in 1944.

Libby's Cooked Spaghetti is one of the most economical dishes you can serve; costs only a few cents a generous helping.

A MENU STRETCHER
Libby's is delicious heated together with chopped leftover meat; tasty as a stuffing for baked green peppers or tomatoes.

A TIME SAVER
With Libby's Cooked Spaghetti you can prepare a delicious meal in less than ten minutes—just heat and it's ready to serve.

THESE MAPLES, elms and basswoods lining both sides of Charlotte street between Park and Aylmer may be sacrificed on the altar of progress. Plans are being considered to widen this traffic artery by reducing the boulevards, giving a main street touch, and permitting a freer movement of motor traffic. Growth of this section as a shopping centre has been rapid.

—Examiner Staff Photo

Council Requests Report On Widening Charlotte St.

Charlotte street from Park to Aylmer may assume a "new look" if plans contemplated by the City Council reach maturity.

The section has been receiving more attention due to the steady increase in traffic along this artery, and the fact that the Reid-Charlotte intersection is fast becoming one of he most dangerous in the city.

Mention of this condition was made at the finance committee meeting Monday night, and Alderman Grant Miller promptly reminded Chairman Swanston that last January he had urged reduction of the boulevards along both sides of Charlotte to Aylmer.

Elimination of All Trees

Carrying out of Alderman Miller's suggestion would mean elimination of all trees on both sides of the street.

Discussion revealed that a communication had been sent to the Town Planning committee asking for a report on this stretch of road with particular reference to store fronts. No answer has been received and in the meantime any hope of imposing a cut-back restriction on store fronts is gone because the new store at Charlotte and Reid has the front flush with the sidewalk.

"It is not too late to do something, but if we don't move there may be three or four new stores in that area in a month," Alderman Doug Miller said.

"I'm afraid your store front lines are now established Alderman Grant Miller said, and he referred to other new stores built since the beginning of the year on Charlotte.

Report Asked

The final word on the subject was a motion asking the Chief Constable and City Engineer to report with recommendations to speed traffic at the Reid-Charlotte intersection. The Town Planning committee will be asked for an early answer to the letter of six months ago.

"I won't cross that intersection if I am driving south on Reid. Instead I cut across with the lights at Park," Alderman Raine commented. He explained motorists often have to wait several minutes before they can cross the Charlotte St. traffic, and even then, it is dangerous.

Hydro For Africa

LONDON — (CP)—Colonial Under-Secretary Rees Williams has announced that high priority will be given to providing 700,000 tons of steel to develop a vast hydro-electric scheme in East Africa. The development, still in the drawing-board stage, will be built at Owen Falls at the northern end of Lake Victoria.

Puzzler For Police

LONDON, Ont.—(CP)—Police and court officials were scratching thei rheads one day recently. It was a Monday, and the second consecutive court day on which no persons appeared for being drunk. Usually Monday is the cour't heaviest day for charges of drunkenness.

10 PER CENT FLAVOR?

Mushrooms contain 90 per cent water.

SCOTT'S SCRAP BOOK —By J. R. Scott

Funeral Held For A. McGowan

HAVELOCK, July 15—(ENS)—The funeral took place Tuesday afternoon of Albert McGowan, 78, who died in St. Joseph's Hospital, Peterborough on Saturday. The service as held in the Curtis Funeral parlors and was conducted by Rev. F. R. Vanderburgh.

Pallbearers were Alfred Cassan, Harry Tinney, Henry Ellis, Charles Chard, Walter Davidson, Charles Davidson. Burial was in Stanwood cemetery.

Born in Belmont township, Mr. McGowan was a son of the late George McGowan and Emorella King. He resided all his life in this district. He was a member of the United Church.

Surviving are three sisters, Mrs. R. Webster (Effie) of Peterborough; Mrs. Gay (Torry), State of Maine, USA; Mrs. A. F. Golden (Jessie) of Manitoba; two brothers, Cephas of Belmont township and Howard of Arcola, Sask.

Marmora News

Fred Cook, Belleville, is visiting Mr. and Mrs. William Smith this week.

Everett Cleveland of Millbridge spent Monday with friends here.

H. J. Neath and daughter Sandra visited friends in Maynooth on Tuesday.

Miss Teresa Shannon is sailing from Montreal on Saturday for a three months' visit with her brother, John V. Shannon and Mrs. Shannon at Croydon, England.

Mr. and Mrs. A. W. Drew and family of Deloro are holidaying at Mrs. Gordon Jarvis' cottage at Crowe Lake.

Mr. and Mrs. Ivan Mackintosh and daughter of Deloro are occupying J. Rombough's residence on No. 7 highway.

Mr. and Mrs. A. M. Jones are occupying the cottage at Booster Park, Crowe Lake, in the absence of Mr. and Mrs. Percy Eames who are holidaying in Montreal and Cornwall.

Mr. and Mrs. Tom Pearce and baby son of Cornwall spent the week-end with Mr. and Mrs. R. H. Pearce.

SPECK OF DUST

The sun loses 4,000,000 tons of mass per second, but this is a mere speck of dust in relation to its total mass.

Grain Prospects On Prairies Lower Than '47

OTTAWA, July 15 — (CP) — Although field crop conditions in many parts of Canada are roughly on a par with last year, grain prospects in Western Saskatchewan and some parts of Alberta have pulled down the over-all crop expectancy to "considerably below" that of 1947.

This was reported Tuesday by the Bureau of Statistics.

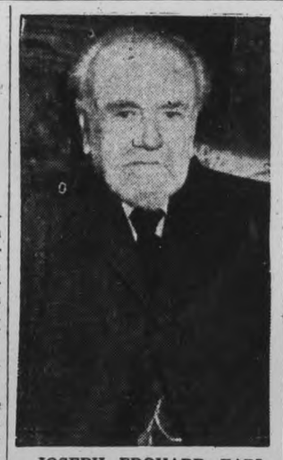
Despite recent rains in the West, prospects in the western half of Saskatchewan, in East-Central Alberta, and to some extent in northern areas of Alberta have not been helped.

"It is too late," the Bureau said, "for any extensive recovery in Western and North-western Saskatchewan and only light yields are anticipated. Prospects over central areas range from poor to fair.

On the brighter side, crop conditions continue good in Manitoba, fair to good in Eastern and North - Central Saskatchewan. Numerical condition of crops other than grain are about the same or slightly higher than those for 1947. Conditions in eastern provinces generally are better than a year ago.

The over-all picture showed a likelihood of a much lower crop of wheat, oats and barley, with rye and flaxseed condition figures somewhat less than a year ago.

In Ontario the condition of the winter wheat crop is somewhat above last year. Other grain crops show even greater improvement ovr last year's low points, except in Nova Scotia, where wet, cold weather delayed seeding operations and retarded growth.



JOSEPH EDOUARD FARIBAULT, KC, probably established a record: he completed his 70th year as a lawyer. The anniversary was observed quietly in his home in Montreal. Hale and hearty despite his years . . . he recently observed his 93rd birthday. The lawyer graduated in 1875 from McGill University in Montreal. He then became a law clerk in the office of the late J. J. Abbot, who became Prime Minister of Canada, and of Mr. Tait, who later became Sir Melbourne Tait, Chief Justice of the Supreme Court of Canada.

3 Youths Sentenced

WOODSTOCK, July 15—(CP)—Sentences ranging from two to four years were given three Toronto youths in county police court here Wednesday on charges of armed robbery of a general store at Ostsander, 15 miles south of here, May 25. Sentenced were: David Crockett, 20, four years; George Burlington, 22, three years; and Lew Ireland, 20, two years less one day. In addition each youth was sentenced to one year for theft of a car. The sentence to be concurrent.

BROKEN ENGLISH

Pidgin English is a mixed jargon consisting of English, with Chinese, Malay, and Portuguese words constructed according to Chinese idioms.

Drew Quite Satisfied

NEW YORK, July 15 — (CP) —Premier Drew of Ontario returned from Europe today, "completely satisfied" with the progress of his plans to have British industries open branch plants in Ontario. But he declined to give reporters any details of his talks with representatives of Britain's Labor government.

Canada's first choice!

(It's finest!) Do you know the difference between the top-selling *real* mayonnaise and just salad dressing?

Hellmann's Blue Ribbon contains no starchy filler! It's the *double-whipped*, perfect blend of the freshest eggs, added fresh egg yolks, fresh salad oil, mild vinegar and choice spices. Smoothest eating in any salad!

HELLMANN'S
Blue Ribbon
real
Mayonnaise
REALLY FRESH!

Now Procter & Gamble can tell the
INSIDE STORY
of a modern washday miracle!

IT'S TIDE
...you've never used anything like it!

The inside-story of this postwar miracle begins back in the years of Procter & Gamble's wartime research. Out of the new knowledge gained in that research came Tide. Tide does *what's never been done before*—washes clothes cleaner than any soap, yet leaves colors brighter! Try Tide just once and you'll know it's entirely different! Tide's amazing suds *look* and *feel* different . . . and they billow up instantly, even in *hardest* water!

ONLY Tide DOES ALL FOUR!

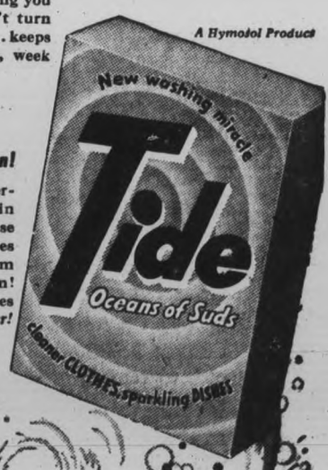
1. Washes clothes cleaner!
Yes, cleaner than any soap! *Nothing's* too dirty for Tide! Even grease-stained overalls come so marvelously fresh and clean . . . *cleaner* than with any soap you've ever used, because Tide not only leaves clothes free from ordinary dirt, but *actually* removes dingy soap film as well!

2. Actually brightens colors!
Prove it for yourself! Take that soap-dulled, faded-looking print . . . wash it in Tide's miracle suds . . . and see how much brighter it comes out! Tide is *really safe* for dainty washable colors!

3. Never "yellows" white things!
No matter how often you wash them, or how long you store them, Tide can't turn white clothes yellow . . . keeps them dazzling white, week after week!

4. Gives more suds—
Prove it in your dishpan!
Kind-to-hands suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic . . . washes dishes cleaner than any soap! No scum in the water! No cloudy film! That's why dishes and glasses rinse and dry so *sparkling clear!*

A Hymotol Product



GUARANTEE—Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to your dealer, and the purchase price will be refunded.

TIDE'S IN— DIRT'S OUT!

Made in Canada

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

BACK AFTER CONFERRING with Arab and Jewish officials, Count Folke Bernadotte (arrow), United Nations mediator, urges the U.N. Security Council at Lake Success, N.Y., to resort to quick and forceful intervention to end the Holy Land war. He delivered his special report to the Council recently, a few hours after his arrival from overseas. Others flanking him at the table in the above photo are: Faris El Khoury (left, wearing dark glasses), Syrian U.N. delegate, and Trygve Lie (hand to mouth), U.N. Secretary-General. Others are unidentified.

Britain And United States Ask Compromise Plan Of Canada

By WALTER O'HEARN.

LAKE SUCCESS, NY, July 15 —Britain and the United States were reportedly trying to pressure Canada to-day to "carry the ball" in the Security Council to extent of putting forward a compromise resolution on the Palestine case.

The exact shape of this resolution was shrouded in mystery. The Canadians in any case were reluctant to have anything to do with its sponsorship.

British and American agreement on the Palestine case has been nearly complete during the past week, but a complicating factor entered the picture to-day. The United Kingdom delegation here learned that their own policy did not square in every particular with that of the Foreign Office and there were frantic talks on the transatlantic telephone to bring the two in line.

UK Wants Truce Back

So far the British position has been to try and get the Palestine truce in operation again, and, if that failed, to support the United States to the extent of sanctions against Egypt, the nation which fired the shots before the old truce expired.

According to usually reliable sources, one of the chief thorns in the side of Count Folke Bernadotte and his mediation party, (now returned to Lake Success) has been King Abdullah of Trans-Jordan. It is claimed that Abdullah talks and acts like a moderate when in UN company and then when he is among his colleagues of the Arab League takes an entirely different view of the problem.

Tombstone Causes Furore In Kitchener

KITCHENER, July 15 (CP).—A tombstone in a local cemetery which bears a hammer and sickle emblem has aroused the ire of the Kitchener-Waterloo branch of the Canadian Legion.

At a general meeting last night, one member termed the tombstone "a slap in the face to all veterans and a disgrace to the Twin Cities."

Several suggestions that the tombstone be smashed with a sledgehammer, blown up or pulled over with a rope were not acted on. Instead, the Legion decided to find out what action the Waterloo Park Board was taking.

Daring Holdup

ST. JEROME, Que., July 15—(CP)—A lone gunman Wednesday staged a daring mid-afternoon robbery here, escaping with some $2,000 from a branch of the Banque Canadienne Nationale.

Toronto Doing Better On Model Question

TORONTO, July 15 — (CP) — When it comes to nude women, Toronto is better off than Kingston.

Ottawa artist Henry Masson, instructing figure classes at Kingston's Queen's University summer school, complained Wednesday that the university had been unable to find a woman willing to pose nude for the 60 summer school art students.

But Toronto can find nudes.

"I wouldn't say there's no difficulty in getting models," said George Pepper, head of the department and painting at the Ontario College of Art here. "But it has always been possible to get enough for the classes. The ones we have are experienced models, some of them worked in art schools overseas."

Woods 'Tinder Dry' Ask Visitors Use Care

TORONTO, July 15.—(CP). — Forests Minister Scott of Ontario and Deputy Minister Frank MacDougall today warned all persons going into the woods to be "extremely careful" of their camp fires and smoking habits.

Both have just returned from a three-day flight over Northern Ontario bushlands. They reported the woods 'tinder dry' and said that the threat of forest fires is still serious.

COUNTRY OF EARTHQUAKES

Japan has on the average about 1,500 earthquakes annually, or about four shocks a day.

BECAUSE HE BELIEVES that Communists are attempting "academic infiltration" of American colleges, Dr. Arthur P. Coleman (above), a member of the Columbia faculty for the past 20 years, has tendered his resignation to President Dwight D. Eisenhower. Dr. Coleman's protest was aimed specifically against a $5,000 grant recently accepted by Columbia from the Communist-dominated Polish government as part of $30,000 which will be given to the university for a Polish chair during the next three years. Dr. Coleman termed the grant "a Greek gift, aimed at overthrowing this government."

2 Million Voters Eligible To Go To Polls In Quebec

QUEBEC, July 15. (CP)—More than 2,000,000 Quebecers will be eligible to vote in the provincial election July 28.

In 1944, the number of voters on electoral lists was 1,864,692 but just over 70 per cent went to the polls. That year was the first in which Quebec women voted in general elections and they more than doubled the total vote.

Total vote cast in 1939 was 563,297. In 1944 it jumped to better than 1,300,000.

The vote by parties in the last three Quebec elections as compiled by The Canadian Press (bracketed figures indicate numbers elected):

	1944	1939	1936
Union Nationale	507,804 (48)	220,402 (15)	323,812 (76)
Liberal	531,972 (37)	301,631 (69)	224,374 (14)
Bloc Populaire	191,720 (4)		
C.C.F.	37,001 (1)	2,513 (0)	1,469 (0)
Union des Electeurs	16,542 (0)		
Others	45,020 (1)	38,751 (2)	19,670 (0)
	1,330,059 (91)	563,297 (86)	569,325 (90)

Union Nationale, Liberal, Bloc Populaire, CCF and Union des Electeurs totals include votes cast for independents in these groups.

Four by-elections were held since the 1944 election. Union Nationale won three seats from the Liberals and one from the Bloc Populaire. Two Bloc Populaire members resigned from the party to sit as independents.

Leonard B. Smith Admits Struggle With Mrs. Adams

TORONTO, July 15 — (CP) — Leonard B. Smith, charged with the silk stocking strangling of Lila Adams, said in a statement read at a preliminary hearing Wednesday that he struggled with Mrs. Adams the night she was killed when she apparently resented his effort to help her.

Mrs. Adams body was found June 27 in a garage in east-central Toronto. She had been beaten and strangled with one of her stockings.

The hearing later was adjourned until today.

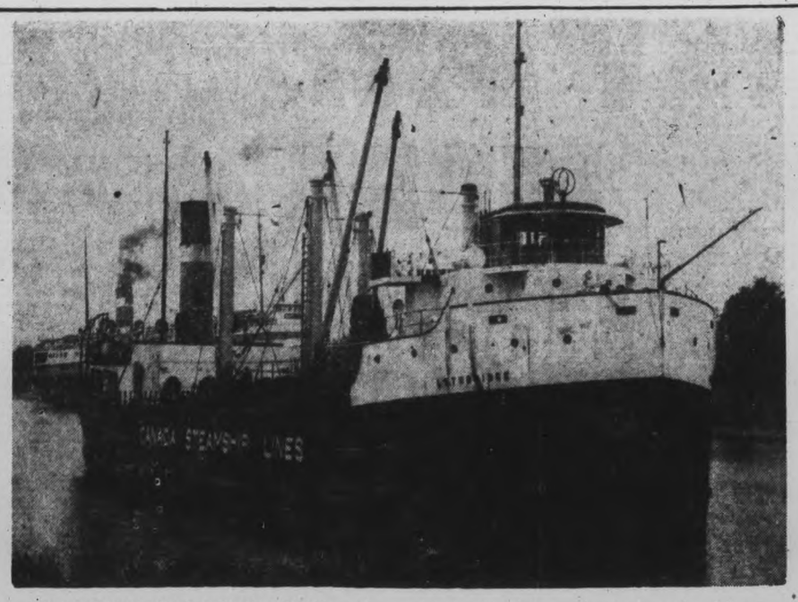
In a statement to police, Smith said the woman had fallen on the street.

"I tried to help her up and accidentally tore her clothing. She told me not to be smart and scratched at my face... A struggle followed."

Smith said the woman fell again and remained motionless.

"I put one of her stockings around her neck and left her where you found her."

Other witnesses testified Smith and Mrs. Adams drank beer together the night she was killed and that they left a hotel beverage room within a few minutes of each other.



CANADIAN STEAMSHIP LINES package freighter Lethbridge was the scene of the latest flare-up between the Canadian Seamen's Union and the CLS. Union officials claim that the skipper of the Lethbridge, Capt. A. Allen, fired shotgun blasts at boarders from the CSU, wounding five of them. Three are still in the Sarnia hospital, two others have been released after having been treated.

HOW TO DRY BRUSHES

When drying household brushes, remember to keep the bristles down.

Canadian Castle Near Toronto Scottish Origin

TORONTO, July 15 — (CP) — Two Irish-Canadian farmers live in a small Scottish castle perched on one of the Caledon hills of Peel county, 30 miles northwest of Toronto.

The pair, Sandy McMurray and Don Donnelly, hope their castle—considered to be one of the loneliest of Canadian castles—will become a museum for the historical collections and archives of the county.

To this location in 1838 came James McLaren and his wife from their native Scotland. That they chose this rocky, semi-wild section of Ontario puzzles the present generation. But the answer lies in the district's resemblance to the McLaren's native heath.

In 1864 the castle was completed. It was built of granite, hewn from the estate and nearby quarries. Lisse Perry, the contractor, and John Muir, a carpenter, worked one winter with a labor gang dressing the stones. each bears the trademark of the individual Scottish masons.

A three-inch oak door set in a gothic-type entrance opens on the house. Two massive hand-made keys open it. To the right of the door is a 100-foot tower, from which can be seen ships in Toronto's harbor and the mist that rises from Niagara Falls, 65 miles away.

Water was originally drawn from a cellar well, 200 feet deep. Four bedroom suites on the second floor take up 18 rooms.

SMALL FRY... by Steig

HE'S GOT IT!

She'll thaw! He's irresistible when he's got Kellogg's Corn Flakes!

Again in 1948, 4 out of 5 vote Kellogg's First for Flavour!

Independent researchers asked Canadian housewives which brand of corn flakes they liked best. Again, this year, 4 out of 5 chose Kellogg's first for flavour.

Your family likes Kellogg's too. Kellogg's are so popular, your family often eats them faster than you expect. Check your pantry shelf now. If your last package has been opened, it's time to order more Kellogg's Corn Flakes. Made by Kellogg's in London, Canada.

The Greatest Name in Cereals!

Kellogg's CORN FLAKES

Canada's Ocean Shipping 5 Times Pre-War Strength

OTTAWA, July 15 — (CP) — Tonnage of Canada's ocean-going vessels now is five times as great as it was before the Second World War.

Emerging from the war as a leading industrial and trading nation, the Dominion has a merchant fleet larger than ever before in her peacetime history.

Total Canadian tonnage — of vessels of more than 500 gross tons—now is about 1,900,000 tons, compared with 1,000,000 in 1939. Ocean-going tonnage is 1,113,000, a big jump over the pre-war figure of 227,000. Coastal craft has a total gross tonnage of 150,000; vessels on the Great Lakes and the St. Lawrence river total 627,000 gross tons.

Wartime experience is a big factor in the efforts to bolster Canada's peacetime commercial position.

Of the 17,000,000 tons of exports which left the Dominion's ocean ports last year, almost 18 per cent— three times the pre-war amount—was carried in Canadian vessels.

Meanwhile, ships of Canadian registry brought more than 6,000,000 tons of imports to Canadian ports—about one-half the total landed from overseas. On top of that, Great Lakes exports carried in Canadian ships exceeded 3,000,000 tons and imports 13,000,000 tons.

Maritime Commission

An indication of the importance attached to the merchant marine by the government was the establishment last fall of the Canadian Maritime Commission. Its task is to co-ordinate activities of the various government departments dealing with shipping and to advise the government on shipping and shipbuilding policies.

A step expected to loom large in the modernization of the Canadian merchant fleet was the recent announcement that Park vessels, built by the government during the war and sold since to private Canadian operators, now may be offered for sale on the open market.

The original sales stipulated that Park ships were to be operated only under Canadian registry. By the new order, they now may be sold to non-Canadian concerns on condition that proceeds of sales be used for acquisition of modern, Canadian-built vessels.

This arrangement will lend a helping hand, too, to the shipyards, which knew lean years before the war.

The Canadian Shipbuilding and Ship Repairing Association said in its recent annual report that Canadian yards last year built a greater variety of ocean-going ships than in any previous year. Total tonnage for delivery this year will exceed 200,000 gross tons worth more than $90,000,000.

"It's just that I didn't want you to forget our anniversary this year, that's all."

Britain, Soviet Study New Trade Agreement

LONDON, July 15 — (CP) — A meeting Tuesday between Harold Wilson, president of the board of trade, and Georgi Zarubin, Russian ambassador, raised hopes today for full-scale discussions on a long-term trade agreement.

Britain will ask for grain in exchange for electrical machinery, which has been exchanged under a short-term contract.

Although Russia has exported to Britain nearly all the 750,000 tons of grain she agreed to under the short-term contract of last December, she has placed only a small number of contracts for industrial equipment.

Under the present agreement Russia was entitled to halt grain shipments May 31 if she did not order half the equipment. So far the grain shipments have not been stopped, nor have the equipment orders been placed.

VOL. XCVII, No. 12 THURSDAY, JULY 15, 1948 PRICE FIVE CENTS

96 Lbs. Butter Stolen From Creamery

Three city men are under arrest and appeared in court today charged in connection with theft of 96 pounds of butter from the Silverwood's Dairy, 375 Aylmer St., sometime early Wednesday evening. Two were remanded on $1,000 bail each on charges of breaking, entering and theft. They are Barrie O'Shaughnessy, Charlotte St., and Gordon Scriver, Rogers St. The third accused is Albert Battle, Park St. North, who is charged with receiving stolen goods. Bail for Battle has been set at $500.

The theft was discovered about eight o'clock Wednesday night and reported to police by George Smith of the dairy. Investigation showed that the steel trunk in the refrigerator where the butter had been stored was opened by smashing the padlock on it. It is believed that entrance to the refrigerator room was gained by crawling through a milk chute.

Police said that their findings showed that about 50 pounds of the butter was on the premises of the lunch counter operated by Battle.

There were no pleas taken today. The two charges of the theft will be heard July 26; the receiving charge is scheduled for following day.

On a charge of illegal possession of beer, Battle pleaded guilty and was fined $10 and $2.50 costs.

Park Bench Placed For Elderly People

It is doubtful if there is a park bench in the city paying the same volume of dividends in comfort and usefulness as the one now at the northwest corner of Rogers and Hunter St.

Enquiry as to how this bench came to be placed brought the report from Armar Butcher, parks department superintendent that he had noticed a great many elderly people waiting at that corner for buses and had placed the bench as a result.

Bus patrons are funnelled to this waiting spot from four directions, and include many elderly people who have been visiting at the hospital. Moreover the Sisters of St. Joseph, and people from the House of Providence also wait for the buses at this corner and all use the bench. It is in the shade and particularly useful because the grass has been all trampled down to bare earth and there is no other place a person waiting can sit down and rest.

Mr. Butcher explained that this placing of benches at busy spots was started last year.

Benches were set out at the corner of Charlotte and Monaghan Road, Monaghan Road and Weller and at Park and Parkhill Road, where people from the wartime sub-division congregate to board city buses. Apparently the move was a good one, and certainly it has the blessing and approval of a great many elderly women.

Brantford Police Seek Eight-Hour Shift

Members of the Peterborough Police Department have had an eight-hour shift working schedule for about three years now. This system is at present being sought by the Brant County Police Association, which includes the city and district of Brantford. The request has been made to the Police Commission of that city, which will meet with representation of the police body to discuss the matter further. At present that city works on a longer shift, divided on hours with day and night shifts.

WITHERS & BAIRD, PARK AND MURRAY STREETS

MAIN ST. TOPICS

FATHER DIES

Provincial Constable Arthur Kellogg of Havelock has received word of the death of his father, A. Kellogg, at RR 5, Ancaster.

BOOKWORM TWINS

Eleven-year-old twins, Mel and Lee Barnes are the outstanding members of the Vacation Reading Club at the boys and girls department of the Public Library. In just over two weeks, they have each read a total of 30 books.

VISIT CARPET COMPANY

Fifty-two boys of the YMCA Vacation Club visited the Brinton-Peterborough Carpet Company on Wednesday afternoon. The boys were divided into four groups, each in charge of an employee, and were shown throughout the factory.

OILING STREETS

City workmen are busy oiling streets in various parts of the city. Today the oiler was operating on Dublin St. and the gravel road in the Curtis sub-division near Nicholls Park received a badly needed coating of oil earlier this week.

ANY FROGS' LEGS

Downtown restaurants continue to advertise in their windows that they have fresh frogs' legs for sale. All this despite the fact that the closed season on frogs is on, and runs from July 1 to the end of August. How long can you keep frogs' legs fresh?

PLAYGROUND LIBRARIES

Response at the playground libraries which were started as an experiment this summer by the boys and girls department of the Public Library in cooperation with the recreation commission, has been even better than expected. Circulation during five days at the King Edward playground totalled 250.

DISMISS ACTION

Weekly court at Osgoode Hall Wednesday in the case of Atkinson vs. Aldred dismissed a motion to continue an injunction granted April 8 by the judge at Cobourg restraining the defendant in the action from entering any part of east 150 acres of lot 6, concession 6, Percy township in Northumberland county, and west 50 acres of lot 7, concession 6. The dismissal was without costs.

PHOOIE ON TRAFFIC

When two old friends meet, what does it matter about stop lights and whizzing motor cars. Two men shook hands in mid-street at the Simcoe-George intersection this morning, and one was heard to say "I haven't seen you in five years." They stood reminiscing completed indifferent to honking horns, and cursing car drivers.

TRUCK AND CAR COLLIDE

An accident at the corner of Hunter and George streets about 4:30 p.m. Wednesday caused slight damage to a soft-drink truck and a car. The car was that of Cecil Mounce, 474 Rogers St. Driver of the truck was James Amyotte, 359 Euclid Ave. Both received dented fenders in the collision. Damage to the truck was about $15; to the car, $10. PC Louis Rodrique investigated.

VISITORS FROM WATERTOWN

Denis Fitzgerald, Kiwanian, reports the first visitors to Peterborough as a result of the Watertown, New York trip by the local club. Mr. and Mrs. R. J. Daley and two children renewed acquaintances with a few of the local Kiwanians over the weekend, and visited the Fitzgerald's at their cottage. The four visitors spent a pleasant three days at South Beach Hotel. Mr. Daley is superintendent of schools at Watertown.

GUARD RAIL SAVES CAR

Force of collision took off seven guardrail posts on No. 28 highway Wednesday afternoon, but threw an American car back on the road, saving it from crashing down a drop beside the highway about two miles north of Peterborough. The car was that of George S. Christian of Cleveland. Damage is estimated at $75. Provincial Constable Keith O'Shaughnessy investigated.

WorldChampion Holstein Cow Owner Honored

A twilight meeting of the Peterborough Holstein Breeders Club held on Wednesday night at the Norman McConkey Lifloc Farm was attended by 300. Centre of attention was Mr. McConkey's world champion three-year-old Holstein, "Lifloc Mata Hari Supreme." She holds the 1948 Junior World's Championship for three-year-olds, having produced 19,365 pounds of milk, 905 pounds of fat, butter fat content .461 per cent, on a 365-day, twice-daily milking.

R. H. Graham, assistant livestock commissioner, presented Mr. and Mrs. McConkey with a trophy in recognition of having bred and raised a champion. Samuel McConkey, father of the owner and the man who did much of the milking during the year-long period, was also given an award.

"Cows such as Mata Hari have made it possible for Canada to take a leading postion in the Holstein breed," said Mr. Graham.

Mata Hari with a blanket of purple and gold thrown over her was led across the lawn to receive the plaudits of the assemblage which included cattle breeders from the surrounding district and a number of visitors from other counties as well as Senator J. J. Duffus and Gordon K. Fraser, M.P.

Vern Campbell, second vice-president of the local club and chairman for the evening, said he was "proud to think that this cow could enter into competition with any in the world and still come out successful."

Congratulates Family

James Humphries, warden of Peterborough county, greeted the guests on behalf of the county and congratulated the McConkey family on its success. "I would like to congratulate Mr. McConkey on his fine herd of cattle. They look to me like a real No. 1 herd."

George N. Clemons, secretary-manager of the Holstein-Friesian Association said "the success of the Holstein breed has been built up to a large extent by such men as Mr. McConkey."

He brought greetings from approximately 10,500 members of the Association scattered across Canada and he predicted that export of Holsteins to the United States would double last year's figure. "We are stirring up new markets all over the world and there is no telling how popular our cattle may be."

Another speaker, George W. Henry, 4th vice-president of the association brought greetings from York County and from the Holstein-Friesian Breeders of Canada.

Members were invited to attend a similar twilight meeting at the farm of James Brown, located near Newcastle.

Senator Duffus said he was proud to see that Peterborough County had made such a notable record. And he wished the McConkey family every success in the future.

One of the highlights of the evening was the judging of Holstein cattle held in the early part of the evening. Roy Ormiston announced the winners at the conclusion of the program.

Winners and prizes were:

Boys, 1st, a scales, Ivan Bolton. Girls, 1st, a hairbrush, Marie Kelley; Girls, 2nd, a picture, Mary Wood; Ladies' 1st, coffee percolator, Mrs. Robert Hope; Ladies 2nd, pyrex set, Helen Chambers. Men's, 1st, electric clock, James T. Brown; Men's, 2nd, cutlery, Eric Merrill.

The lucky draw was won by Mrs. Joseph Tully.

After thanking his guests for attending the twilight meeting, Mr. McConkey said "it hasn't been our ambition to make world records, but it has certainly been our desire to improve the breed." Mrs. McConkey also spoke a brief thanks.

Entertainment was provided by Angus Twomey, who brought rounds of chuckles and applause with his folk songs. He was accompanied at the piano by Mrs. Gannon. While refreshements were being served Al Tucker played the accordion. Previous to this, three-year-old Spencer Tucker sang a couple of songs accompanied by his mother at the piano.

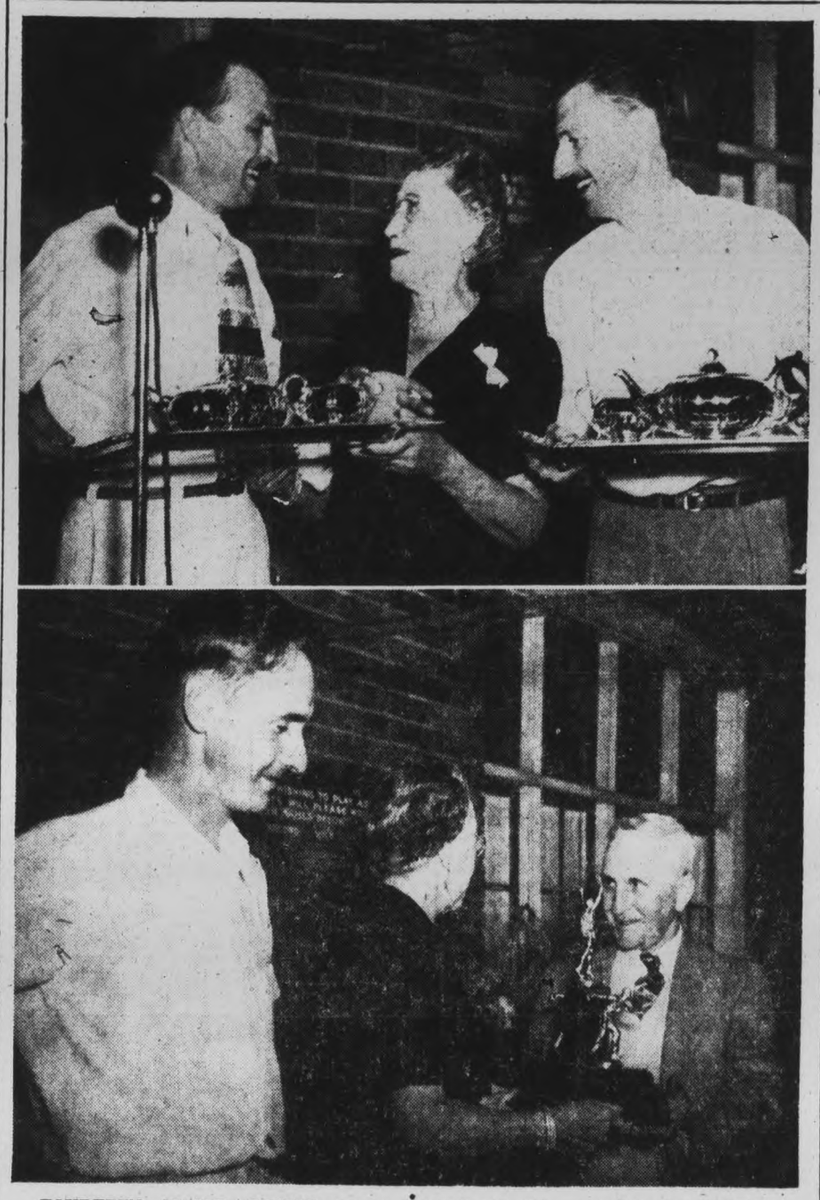
Mrs. McConkey and a number of wives of Club members prepared refreshments which were served at the conclusion of the evening's program.

FIELD DAY HELD

Prince of Wales playground held its first field day on Wednesday afternoon. Nearly 100 children took part in the track and field events. Bob Halliday had highest points in the boys' events, while Barbara Roy placed first in the girls' section. Basketball and softball games were also played.

REPORT SAWDUST FIRE

Sawdust burning on a vacant lot, 161-169 Dublin St., shortly after 7 p.m. on Wednesday caused firemen to make a call. The lot now owned by the Canada Bread Co., was at one time a wood yard and the ground contains much sawdust. It is not known how it became ignited.



FOURTEEN MAJOR PRIZES were awarded winners at the Lift Lock Gold Trophy lawn bowling tournament held on Wednesday. The coveted trophy presented by C. G. Graham, was won by James Cullen and his son Jack. They are shown at Bottom receiving the award from Mr. Graham's wife. At Top, Harold Coleman, Left, Peterborough, and Bob Coleman, his brother from Toronto, Right, seem rather proud of the second prize, a silver tea service apiece. They are shown being congratulated by Mrs. Graham.

W. H. Cavanah Dies In Chicago

W. H. (Bill) Cavanah, son of the late Mr. and Mrs. J. H. Cavanah, formerly of Lethbridge, Alberta, died at the Masonic Hospital in Chicago on Wednesday. He was 65.

Bill as he was known was a member of the famous hockey team, the Peterborough Colts, shortly after the turn of the century. He also played with the Peterborough Junior O.H.A. champions. The games were played in the Charlotte St. curling rnk, and Cavanah is believed to have been the first hockey player to use the wrist shot. He could rifle a puck at terrific speed, and old timers recall he often smashed boards in the end of the rink with his drives. He was a contemporary with such local hockey greats as Chris Graham, Rollie Glover, Harry Morgan, Harold and Roy Armstrong and Bill Crowley.

For many years Mr. Cavanah was associated with the Quaker Oats Company at Peterborough then was transferred by the firm to Richmond, Vermont and Cedar Rapids, Iowa. Latterly he and his wife have been living in Chicago.

Surviving besides his wife are two sisters, Mrs. Fred L. Roy (Mona), Peterborough, and Mrs G. B. Hutchings, (Ola), Toronto. The funeral will be in Chicago Saturday afternoon.

Carnival To Aid Camp Kawartha

Annual Y's Men's Carnival will be held on Friday and Saturday at Riverside Park. All proceeds from the carnival will go towards the development of Camp Kawartha at Clear Lake.

A $50 attendance prize to be drawn each night at 11:30 p.m. and the winner must be on the grounds. There will be 17 games of skill and a special feature on Saturday night will be the second annual Soap Box derby, also sponsored by the Y's Men's Club.

Jack Richardson is chairman of the special committee organizing the carnival.

Rambling Reporter

BURNT RIVER RUMOR

The snowball growth of a rumor is well illustrated by a story going the rounds in the downtown area today. Early last night Frank Scollard, RR 9, Peterborough, decided to burn some old, useless hay that had been lying about the premises for some time. He lit the bonfire down near the road, well away from the house and barn. This morning rumor had turned the bonfire into a disastrous blaze that had levelled his barn and destroyed five cattle.—D.W.

Observe Team Week

MONTREAL, (CP) — "Team Week" was observed on city playgrounds here recently. Monitors were instructed to have children who regularly attended playgrounds elect their own "directors" to organize sports.

HERBY GRILLS, nine-year-old son of Mr. and Mrs. Bruce G[illegible] of Campbellford, with the [illegible]-teen pound lunge he caught Sunday at Bradley Bay, near Hendricks summer resort.

George Baird Dies Aged 81

George Baird, well-known Peterborough hardware man, died in hospital Wednesday after a short illness in his 81st year. In 1893, Mr. Baird came to Peterborough as superintendent of dyeing at the Auburn Woolen Mills following a long family tradition of interest in chemistry and woolens. In 1918, he became the partner of the late R. J. (Bob) Matchett in Higgins Hardware and retired from there in 1928.

Born in Cobourg, he was the son of the late John Baird and Ellen Paisley. His first wife, the former Louise Sarah Adams, died in 1923, and and Mr. Baird later married the former Minnie M Wareham, who survives him. Mr. Baird was a member of George St. United Church, and of Unity Lodge No. 8 of the IOOF.

He is also survived by two daughters, Myra, of Peterborough; Mrs. N. P. Wells (Isobel), Toronto; two sons, Alexander of Perth, and John of Peterborough; two grandchildren, twin sons of John; and two sisters, Mrs. Ferguson Lauder Toronto; and Mrs. John McCaw Sherbrooke, P.Q.

The funeral service will be held Friday at 3.30 p.m. in the Comstock Funeral Home. Rev. Dr James Semple of George Street United Church, will officiate. Burial will be in Little Lake Cemetery.

HOLD FAMILY NIGHT

Parents of children at the Confederation school playground joined their children Wednesday night at the playground in a family night. About 80 attended, and took part in the various organized sports which were held.

The law office of
HALL & HALL
will be closed for vacation
from July 19th to August 7th.

Father and Son Capture Major Bowling Award of Liftlock Doubles Contest

Two pairs of doubles from Peterborough captured the two major prizes in the Lift Lock Gold Doubles tournament at the McDonnel Street greens Wednesday night in one of the most successful doubles events ever staged here. James Cullen, veteran of many years' bowling, and his son Jack were awarded the trophy by the donor's wife, Mrs. C. G. Graham. They also took home wrist watches. Three wins and the highest plus score took the prize. Second spot was taken by Harold Coleman, Peterborough, who teamed with his brother, Robert Coleman, Toronto. They won silver tea services.

Had Big Audience

Ninety-six pairs of bowlers competed in weather that was perfect, and a gallery of more than 300 lined the edge of playing area as the final ends were rolled near midnight. There were many lopsided scores throughout most of the draws, and the bowlers from 22 clubs across Ontario rated the tournament as good competition and paid tribute to the smooth arrangements.

G. Hillson and L. Ross from Agincourt took third place, winning Kenwood overcoats, and they were closely followed by F. Templeman and N. McEwen, Weston, who received wrist watches.

W. Jeffries, club president, and Robert Gamble, tournament chairman, moved into fifth position, each getting a chest of silver. W. Dewland and F. Cochrane, Oshawa, were 6th, winning wrist watches, and 7th money went to G. Hall and V. Lundy, Norwood Club, Toronto.

H. Burwash and G. Wallin, Agincourt, won 8th prize, electric razors. A. Black and A. Collis, Peterborough, received pen and pencil sets as 9th prize, while S. Elsden and H. Hickey, Lindsay, each was given a set of bowls. Nels Routly and G. Soulby teamed up and their efforts took 11th award of a pair of bowls each. J. Warren and C. Weymouth, Canada Club, Toronto, won electric kettles.

P. Lock and J. Watson, Madoc, got windbreakers; D. Edney and G. Whalen, Kingston, blankets, and G. Cole and J. Rutherford, Agincourt, took the award for the highest game score, winning new hats.

Making Good Progress

Mrs. Chris Graham, before making the presentations, told the large gathering that her husband who fell and suffered a fracture of the spine several months ago, is making good progress in a Toronto hospital. She voiced tribute to the tournament committee and club members for their splendid efforts in running the affair so smoothly, and she also extended congratulations to the winners.

The crowd got a hearty laugh when W. Jeffries, well-known jeweller, and his partner, Bob Gamble, won fifth prize. This was a chest of silver, and one wag in the crowd yelled, "You can always put it back in stock."

Bob Gamble paid warm tribute to the members of his committee for the fine assistance and teamwork, saying the entire program was carried through without a hitch.

FATHER AND SON

Second Case Of Polio Reported In Lakefield

LAKEFIELD, July 15 (Special) —A second case of polio was taken to Riverdale Isolation Hospital at Toronto from here Wednesday. She is the eight-year-old daughter of Kenneth Jakins and a sister of the four-year-old boy who was taken there last Friday.

Dr. H. E. Gastle, Lakefield Officer of Health, said that the new case would not effect the lifting of restrictions placed after the first case was found. At that time, swimming in the village was prohibited and churches and other public meeting places closed for a week. These restrictions will be lifted on Saturday.

He said that one family in the village, where children had been in contact with the sick children, has been quarantined until Friday.

Honored Dead Ferry Aircraft

A former Peterborough clergyman, Canon J. Douglas Paterson, now a resident of Toronto, has recently visited Whitletts in Ayr, Scotland, to thank the inhabitants for honoring the dead of a crashed wartime transatlantic ferry aircraft.

The aircraft bound for Canada in August, 1941, took off from nearby Heathfield airfield and a few seconds later crashed to the ground killing the 22 passengers and crew members. Among them was Arthur Purvis, head of the British Purchasing Commission in the United States, and also the son of Canon Paterson's aunt, Mrs. Moffat of Toronto.

As a gesture of sympathy the inhabitants of Whitletts subscribed to a fund which was sufficient to buy a tombstone bearing the names and numbers of the victims and the brief inscription "For Freedom".

Canon Paterson inspected the common grave and laid a wreath upon it. Later he thanked the people of Whitletts for their kindly gesture and expressed his gratitude on behalf of the bereaved Canadian relatives from a nearby pulpit.

The canon preceded the Rev W. A. Filer as rector of All Saints' Anglican Church.

Sussex Captain Wins St. George Challenge

BISLEY CAMP, ENGLAND, July 15—(CP)—Captain L. E. Hoddle of Sussex today fired a perfect score of 75 [illegible]he 900-yard range despite a [illegible]cky wind to win the St. George's Challenge of the National Rifle Association Vase, one of the major events of the National Rifle Association's meeting.

The shoot was limited to the 100 top scorers of the first stage last Tuesday. Capt. J. L. Miles of England scored 73 and F. S. Morse of Suffolk 72. The only qualified Canadian, Sgt. W. E. George of Winnipeg had 68 and Capt. R. W. Hampton of Ottawa 63.

Lt.-Col. Jack Steele of Guelph, Ont., led Canadians in today's other big shoot, the Duke of Gloucester and Northland Steel had 71 of 75 at 600 yards.

DRAW WINNERS

Mrs. N. Killingbeck, Mrs. L. Bearne and Mrs. J. Coursey had a busy time at the lawn bowling tournament Wednesday afternoon selling tickets on several major prizes. This was a side attraction for the 192 bowlers who competed and the large gallery of spectators. Winners were named when H. C. Baillie, president of the Provincial Lawn Bowling Association made the draw at 11 o'clock. A. J. Millard, 563 Romaine street won the three-piece chesterfield suite; Alex McColl, 629 George street, had the lucky ticket on the Johnston outboard motor, while the chest of silver went to J. W. Steinkrauss, 502 Hunter St.

Application specifically mentions rehabilitation of Iroquois (above) which would be drowned and of Morrisburg which would be partly flooded.

Hitler-Helping Canadians Can't Come Home—Official

BERLIN, July 15—(CP)—When Hitler was in the ascendant in the 1930s some Germans who had emigrated to Canada chose to return to Germany and "climb on the band wagon," according to Allied officials here.

Since the war the Canadian Military Mission in Berlin, headed by Lt.-Gen. Maurce Pope of Ottawa, has received letters from Canadians asking that steps be taken to prevent these Germans from returning to Canada.

A woman wrote from Victoria, B. C., that her German gardner had told her in 1937: "I am going back to Germany, but I shall be back here soon—as a conqueror and then you will work for me." She gave his name and asked that he be prevented from re-entering Canada.

"I believe the necessary steps have been taken to revoke this man's Canadian naturaliationz" Gen. Pope said, "and that of others who may want to return to Canada now that Germany has lost its attraction for them."

Only a few days after he retired from the Canadian Army last Feburary after 33 years' service, Gen. Pope was appointed head of the Canadian Military Mission here by the Department of External Affairs in Ottawa. The mission, one of 13 similar organizations in Berlin, is located in the spacous, whte-fronted Commonwealth House on the Johannesburgerstrasse.

With Gen. Pope are Capt. A. W. Clabon, Victoria, who was in Berlin with the Canadian Army, 1945-47; A. J. Hicks, Ottawa, and Peter T. Molson, Montreal, formerly of the Royal Canadian Navy.

Popular With Staff

A genial, white-haired figure, popular with his Canadian and German staff, Gen. Pope said the mission is largely concerned with investigating the claims of people in Canada who have property interests in Berlin.

It also recived applications for return to Canada from Canadians of German origin who were trapped in Berlin by the outbreak of war while visiting relatives.

The mission reports regularly to Ottawa on political developments in Berlin and advises the government, where necessary, on matters affecting Canadian interests.

"During the short time I have been here I have been impressed by the generally high morale of the German workers despite their uncertain prospects," Gen. Pope said. "One cannot deny their courage in the "face of poor living conditions and the instability of their currency."

Mrs. Pope, who marred her husband in Belgium during the First World War and has since lived in Victoria and Ottawa, takes an active part in Red Cross work in Berlin, visiting cellars and underground shelters where bombed-out families live, distributng food supplies and organizing discussion groups to which German women are invited.

"I believe the women of all "countries can do much to promote understanding between nations," she said.. "As the mothers of the next generation they can train their children in tolerance towards the viewpoint of others."

Norwood News

Mr. and Mrs. Joseph Clements and Lorraine were in Peterborough Sunday, guests of Mr. and Mrs. Cyril Clements.

Guests of Mr. and Mrs. Victor McNeely on Sunday were J. J. Gosselin, Miss Anne Gosselin and Vernon Gosselin of Peterborough.

Mrs. Emma Pocock of Toronto is a guest for a few days with her nephew, Alfred Bongard and Mrs. Bongard.

TO CATCH THE UNWARY

Trapping is one of the oldest known arts. The earliest traps consisted in the digging of a cavity into which the unsuspecting victim fell.

MORE THAN 400 GUESTS attended the reception given by the Canadian high commissioner to Australia and Mrs. Kenneth Greene at the Hotel Canberra on Dominion Day. The guests included members of the federal cabinet, high ranking public servants, other notable Australians and members of the diplomatic corps. The picture shows Mr. Greene chatting with Dr. H. V. Evatt, Australian minister for external affairs.

Plan To Use 'Charters' In '50 Election

By JAMES McCOOK

LONDON, July 15 (CP). — A series of "charters," beaten out in profound discussion and hardened with political experience, are Conservative party weapons for the 1950 election.

One—The Industrial Charter is part of the party's platform, endorsed at last year's annual conference. It declares Conservative views on the future structure of British industry "based on realism, free opportunity, incentive and justice."

The second, just published, is the Agricultural Charter which outlines plans for "a great and long-term expansion of British agriculture based upon guaranteed prices and an assured market.

An Imperial Charter to state the Conservative viewpoint on relations between the United Kingdom and the Commonwealth and Empire, is in the making. Another being chewed over by the party strategists, is the Women's Charter which will declare the Conservative understanding of the status, problems and rights of women in modern society.

Beyond that, the Inns of Court Conservative Society, recently formed to facilitate Conservative studies, examines a possible charter to set forth the party's opinion of controls imposed by the government, a bugbear to the business men.

Other students may produce a charter on housing, a vexation to hundreds of thousands who still crave for a roof of their own

The Labor party jeers at the charters, although Labor members respect R. A. Butler, former Conservative education minister, who presides over the Opposition's "charter" committee.

Grateful For Water Town Holds Festival

BUXTON, Derbyshire, England (CP). — Buxton's ancient "well dressing" festival, to give thanks for a plentiful supply of water, was resumed this year on a full scale for the first time since 1939 Wells were gaily decorated with flowers. At the Higher Buxton Well in the Market Place dressed to represent the Pool of Bethseda, hymns were sung and prayers were said. The services were followed by a four-day festival which included a gymkhana, a baby show and a women's football match.

HIDE THE DISHPAN
UNTIL YOU GET THE AMAZING NEW IMPROVED DREFT!

Canada's Favorite for Dishes
FIRST to get dishes so clean they Shine —even without wiping!
FIRST to cut dishwashing time in half!
FIRST to give you greaseless dishwashing!
FIRST to perform miracles no soap in the world can match!
NOW 4 WAYS BETTER!

Tests prove it! Improved Dreft now gives you far more suds, ounce for ounce in average water, than any other leading product for dishes!

Tests prove it! Dreft *never* did contain alkali that can make hands red and rough. And Improved Dreft is even milder—even kinder to your hands!

Tests prove it! Improved Dreft contains less irritating "sneezy" dust than *any* dishwashing product of its kind!

Tests prove it! Improved Dreft cuts the cost of dishwashing! Every box is packed with greater value—goes farther—washes stacks more dishes!

You Must Try It! Nothing Like It!
DREFT MAKES DISHES SHINE
—even without wiping!

News .... In Brief ..

By The Canadian Press

TORONTO. — Appointment of Dr. Charles O'Neill to the faculty of the Royal Conservatory of Music here was announced. Dr. O'Neill is known across Canada and in the United States as a teacher, composer, conductor and adjudicator at band festivals and competitions. He returns to this country after some years as acting Professor of Music at the University of Wisconsin.

TORONTO.—The Ontario Cabinet approved the application of the Hydro Electric Power Commission of Ontario to the International Joint Commission to proceed with power development on the St. Lawrence River.

LONDON, Eng.—A plea for parents to uphold Christian standards in the home was made by Queen Elizabeth when she addressed members of the Mothers' Union. The Queen said that she was deeply conscious of the great personal joy and thanksgiving which the celebration of a silver wedding anniversary brought and she rejoiced to know that hundreds of thousands of families all over the world were blessed with happiness no less complete.

DETROIT.—Charging that his church organist-wife heckled and made faces at him while he delivered his sermons, the Rev. Elzie M. Kaigler, a Baptist minister, filed suit for divorce from his wife, Amalia. The minister, pastor of the Our Father National Baptist Church, claimed his wife told false stories about him to the deacons and members of his church.

MONTREAL — The Transport Drivers and Warehousemen (AFL), have requested the Federal government for inter-provincial certification with Smith Transport, Neil MacDonald, secretary-treasurer of the union, announced. Certification is sought in centres from Hamilton to Quebec city. Approximately 700 workers are involved.

NEW YORK—Dr. Paul Singer, 43, and Dr. Oswald Glasberg, 49 were convicted of manslaughter in the abortion death of 22-year-old bakery heiress Jane Ward. The state charged Miss Ward died of a criminal abortion performed by the doctors. They asserted they operated to save her life when she came to them after the abortion had been performed.

LONDON, Eng.—Police officers from Scotland Yard, headquarters of Britain's criminal investigation department, may go to commonwealth countries and the United States during their investigation into a big black market in paper

See "Sun Dog"

BRANTFORD — Citizens here saw a "sun dog." This rare phenomena resembles a rainbow except that it encircles the sun and its colors are less distinct. It consisted of concentric circles of light orange, pale blue and white.

STRATFORD — Skill of Pilot R. C. Gillies of Midland, was credited with saving a light seaplane from a crackup as it struck a guy wire while making an emergency landing on the Avon river. The plane, owned by Georgian Bay Airlines Limited, was carrying Donald McKenzie of Midland as passenger. Gillies said he had to land after the cap worked loose from the gasoline tank.

GUELPH — Faculty and staff members of the Ontario Agricultural College have taken the oath of allegiance required of Ontario civil servants. They received the oath from Prof. Henry G. Bell. The staff of the Ontario Veterinary College took a similar oath recently.

NEW YORK — Isidor Ginsberg, 53, building materials broker labelled by a recent congressional committee as "one of the most vicious of grey marketeers," was sentenced to one to five years in prison. The 330-pound Ginsberg was convicted of accepting $1,575 from a North Carolina Lumber Company for materials he failed to deliver.

KANE, Pa. — Mrs. Thelma Davis, 19-year-old mother, was shot to death while nursing her baby in the rear seat of the family automobile. Police said her husband, Alvin, was being held for questioning.

NEW YORK — Governor Thomas Dewey of New York, Republican presidential candidate, opposed the Democratic party platform as containing "extremely partisan and provocative assertions concerning foreign affairs." He added he would establish campaign headquarters in Washington next week for the pre-election drive.

WASHINGTON — The allied zones of Germany will get an estimated $533,800,000 Marshall plan aid to March 31. Agreements were signed with the French zone and British-American zone. Occupation officials, Marshall plan administrator Hoffman disclosed.

BAIE COMEAU, Que. — Five candidates were nominated to contest the legislative assembly seat for the new division of Saguenay in provincial elections on July 28. The candidates are: Laurent Brisson, Independent Union Nationale; Ovide Gagnon, Union of Electors; J. Gauthier, Independent; Pierre Ouellet, Union Nationale; and Paul-Emile Therrien, Liberal.

PARIS. — Marguerite Moncea, 77, known on the French stage and screen for 50 years as Marguerite Moreno, died at her home in Southern France. Known as the "Grande Dame" of the French stage, Miss Moreno collaborated for several years with Sarah Bernhardt.

CHICAGO. — A stockholder and dealer's firm sued in Federal Court to have a receiver appointed for the Tucker Corporation. They alleged that the company, which has been planning a radically new automobile, "is in danger of financial collapse."

CLARK'S HARBOR, NS.—Unreported since Tuesday, the 40-foot Brown Bomber I made port safely after running out of gas on a three-day fishing trip. The RCAF and RCMP marine division had been preparing to launch a sea and air search.

LIVERPOOL. — Sir Edward Peacock, 77, sailed for Montreal on the Empress of Canada. As a director of the Canadian Pacific Railway Company and the Hudson's Bay Company, he plans a tour of Canada. He spent his boyhood at Glengarry County, Ont., where he was brought up by his widowed mother.

ARNPRIOR. — Whirling blades of a bakery machine killed Brian Laderoute, 15, son of Mr. and Mrs. Charles Laberoute, of Arnprior. The boy, an ebployee of the Stanley Slater Bakery, was cleaning the machine when it started accidentally.

SAULT STE. MARIE—Judge W. T. Robb, chairman of the Ontario Liquor Authority Control Board, has reserved judgment in 27 applications for beer licences, 21 of them from the Sudbury district.

DETROIT—A "final" Ford Motor Company wage offer of a 13-cent-an-hour increase for 116,000 production workers was rejected by the United Automoblie Workers (CIO) today. The rejection was accompanied by a strike threat.

S-t-r-e-t-c-h your food dollars with Franco-American Spaghetti

It costs just a few cents a portion : : : and it's so full of downright goodness that the family will clean their plates and shout for more. Delicious as a main dinner course with cold cuts—makes even 'leftovers' more appetizing. And how it does s-t-r-e-t-c-h the food budget! Franco-American Spaghetti comes all ready to heat and serve, with its own zesty sauce blended from luscious tomatoes, finest Canadian Cheddar cheese and costly spices —*eleven* different ingredients in all. Order several cans today.

"I'M MAC" You'll enjoy Franco-American Macaroni, too. It's ready-cooked . . . has a delicious cream sauce with tangy Canadian Cheddar cheese.

"I'M BEEFY" Real beef gravy any time you want it . . . just heat and serve. Franco-American Beef Gravy makes other foods tastier.

LET THE Franco-American Family MAKE MEAL PLANNING EASIER

Made in Canada by the makers of those fine Campbell's Soups

Cigarets and Candy Safest Currency In Berlin Today

By NORMAN CRIBBENS

BERLIN, July 15—(CP).—The philosophy that fundamentally everyone wants the same things — comfort, security, prestige and affection—is supported even in this city of rubble and confusion that was once the heart of Germany.

For instance, give candies to a waiter. He'll probably tell you he could sell them for a good price on the black market — but wants them for his children.

Give your taxi driver a cigarette that may be worth two or three dollars, according to the state of the panicky market. More often than not, with a grunt of satisfaction, he smokes it.

I gave a bag of candies to the man on the elevator at Hotel Am Zoo, home of transient newspaper men in Berlin. He said he could sell them for a good price, but later I found he had given them to the receptionists — for her small daughter.

"One gift makes another," said the receptionist. "My daughter will share the sweet with her friends. She is always giving."

A chambermaid described how she would use 20 cigarettes given her in payment for washing a reporter's shirts:

Four to smoke; six to exchange for three loaves of bread, giving her family two extra slices of bread daily for two weeks; three for a new hair-do; five for a new hat for mother; two for her sister.

"I have gold mine," she laughed.

"Futile To Save"

With each new currency crisis the value of the mark has changed. So the German treats currency as a farce.

"What use are marks in your pocket?" asked a smoke-grimed factory hand who works in the American sector of Berlin, but lives in the British. "Better to have things you can enjoy and share with your family and friends. I never save. It is futile to save."

Two factor contribute to the high value of cigarets and candies:

1. They are bought freely by wealthy racketeers frequenting the more expensive night clubs.

2. German farmers pay large quantities of fruit and vegetables to secure them.

In the stores, dealers would rather sell goods for cigarets and candies than for marks. The day the Allies announced a new currency for Western Germany, dealers refused to sell for marks, and thousands of Berliners were turned away empty-handed.

"Money has gone crazy in Germany," said a middle-aged Berlin banker. "Only a sane government can restore it to sanity and there will never be a sane government while our city is administered by four different powers."

MR. T. F. M. NEWTON, of the department of external affairs, who has been appointed as consul in Boston for the states of Maine, New Hampshire, Vermont, Rhode Island and Massachusetts. The consulate will open in Boston about October 1. Mr. Newton was born near Sarnia, Ont., and is a graduate of Sarnia collegiate institute and McGill University. During 1946 he was supervisor of the Canadian information service in the United States. Following the integration of CIS in the department of external affairs, he was appointed to the Canadian embassy in Washington.

Of Interest to Women

A PROGRAM OF self-expression has been a major point in the training of 4-year-olds attending junior kindergartens in Toronto since they were inaugurated last September. Hughie Lamb and Carol Morgan of Brown School learn to express things in form and color as well as in words.

Birds Hard Hit By Hats In Autumn Style Show

BY MURIEL NARRAWAY
Canadian Press Staff Writer

LONDON, JULY 15 —(CP) Feathers and velvet will be the key-notes of British hats this autumn, a tour of leading milliners' salons shows. Pastels, bright colors and gorgeous plumed mounts will challenge the greyness of October skies.

Cloches, toques, turbans and berets— big and small —are popular choices. Bigger, rounder, closer to the head, with a piquant off-the-face sweep, they appear in felts, fur felts, velours and velvets of a quality not seen in Britain for years.

Trimmings are velvet drapings, wide velvet chin ties and occasional flowers—but feathers hold the front line.

There are high mounts of gay plumage; halos created by numerous wings; tall, waving plumes of heron and drooping fringes of ostrich and osprey. Paganly Victorian were the stuffed birds on the wing or the nests of numerous tiny ones— a bird-lover's nightmare.

Hats created entirely of feathers or those with huge mounts have tiny muffs of feathers to match.

Colors are ambers, soft golds, fawny browns and greens— chosen to tone with the pastel shades of "new look" clothes. New colors are kangaroo brown, eucalyptus green and lover's blush— the last an apoplectic magenta rose, more akin to high blood pressure than love.

The hats look their best with shorter hairstyles and the Associated Millinery Designers said: "We are creating hats for the shorter hairstyles, but with lines suitable to other styles also, as most women are unwilling to part with their tresses."

"We are confideent, however, that the shorter styles will be accepted soon. It is so essential to the 'new look'."

TWO FAIR DELEGATES from Alaska, Audrey Cutting and Gradelle Leigh, try to be happy though hot as they wave their standard at the Democratic national convention in Philadelphia, Pa. It was about 90 degrees in convention hall and the ladies from the far north are not used to that kind of temperature.

Cold Desserts in Ice Box Aid Hot Weather Cooking

By MARY MOORE

The best comforts to a hot and harrassed housewife are the foods she has ready in the refrigerator to put on plates and serve at once, —and, the promise of a cool shower after a bout over a hot stove.

Cold meat to slice, a hydrator full of clean salad vegetables, cold desserts that are big enough to last for more than one meal — that's a cook's dream.

This last item—cold desserts—is may theme today, and these are easy, seasonal and notable for flavour, — and the Orange Sponge for its stretchability.

ORANGE SPONGE
(Economical and Generaus).

Boil 1 1-pound can evaporated milk in water to cover for 10 minutes. Chill thoroughly.

Meanwhile have ready 1 cup orange, 2 tablespoons lemon juice. Soak 2 tablespoons gelatine in ½ cup cold water for 5 minutes, and dissolve by stirring over hot water. Add the dissolved gelatine, and add two-thirds to ¾ cup sugar to the fruit juices and rind, and beat until it begins to set.

Beat the chilled, boiled evaporated milk until stiff (it will triple in bulk, so use a large bowl). Beat 3 egg whites until stiff. Fold these 3 beaten bowlsful of ingredients together in 1 very large bowl. Now this may be either merely chilled, as is, and served as a luscious sponge when set, with or without sliced fresh fruits, OR it may be frozen in trays of refrigerator. I separated a batch I made in halves and froze half and just jellied the other half. This is a good dish for a family that is feeling the expense of buying ice cream for desserts on these hot evenings.

CHOCOLATE MINT ROLL

(This is a sensational chocolate cake roll dessert — that may be made as many as 2 days ahead of time needed.)

Five eggs, ½ cup icing sugar, 3 to 5 tablespoons cocoa, ⅛ teaspoon salt, ⅜ cup heavy cream (for whipping) (evaporated milk which has been boiled 10 minutes in tin in water to cover, and thoroughly chilled before beating may be used for this), ⅜ cup crushed peppermint stick candy. Separate egg yolks and whites and whites stiff. Sift together the sugar, cocoa, salt and add them to the well-beaten yolks. Mix well. Fold in egg whites. Turn into greased sheet pan (15¼" x 10½" is ideal size) lined with greased and floured wax paper. Bake 20 to 25 minutes in oven of 350 deg. Fahr. Turn out as soon as done on cloth sprinkled with icing sugar and immediately cut off crisp edges. Spread with whipped cream into which peppermint candy, finely crushed, has been folded. Roll quickly and wrap in waxed paper. Chill overnight. Serves 8.

RASPBERRY TAPIOCA

Cover 1 pint washed raspberries with 1 cup sugar and leave 1 hour. Also soak ½ cup minute tapioca in 1 pint water until it is swollen — this takes about 30 minutes. Add the sugared berries and juice to the tapioca and water and stil until it boils over medium heat, and until tapioca is clear — about 3 minutes. Chill. Nice served in sherbet glasses with tapping of whipped cream and 1 perfect berry.

MOULDED BLACKBERRY BLANC MANGE

Add 1½ cups water to 3 cups fruit and stew until very soft, then strain. To the juice add 1 tablespoon lemon juice, ½ cup sugar well mixed with 7 tablespoons cornstarch, and ½ cup water. Stir over double boiler until thickened, then occasionally for 20 minutes. Pour into moulds to chill and set. To serve, turn out on small dessert plates garnished with whipped cream and a little of the fresh fruit.

Norwood News

Guests of Mr. and Mrs. A. Gill this week are: Mr. and Mrs. H. Ferguson, Mr. and Mrs. J. Hogg and Tommy, all of Saginaw, Michigan, and Mrs. Daughtry of Agincourt.

Mrs. Murray Starke of Spring street, spent a few days in Warkworth, the guest of her parents.

Mrs. W. Wildman, Toronto, spent two days this week with her niece, Mrs. K. C. Edmunds.

G. L. Stackhouse spent a few days in Bancroft this week.

Mrs. J. F. Sykes and Gerry of Washington, DC, are spending July with her mother, Mrs. Sam McGee. BUYS AND WHYS BY Barbara Brent

A weekly shopping and information service for today's woman

MONTREAL, July 15th—*Sheer magic* I call it!—the way CERTO assures the perfection you seek in jam 'n' jelly making. Certo, you know, is pectin—the natural jellying substance of fruits—in concentrated form. Follow the Certo instructions *exactly* for unfailing results . . . and for *fifty percent more* jam or jelly from the same amount of fruit. Certo preserves the true bright colour and luscious flavour of the sun-ripened fruit. There is a book of tested recipes under the label on every Certo bottle.

If the Youngsters on Your Street are busily engaged racing and spinning plastic tops that whistle or wail, they're probably Blo-Yr-Top fans! These new Blo-Yr-Tops are SUPER according to my eight-year-old neighbour. (Even adults are amused by them). The only way the youngsters (or you) can get one is to ***send 10c*** and two KELLOGG'S ALL-WHEAT box tops to Kellogg's, Dept. B, London, Ontario. And, while there is more than one way to increase your energy supply, one of the most pleasant is to eat Kellogg's All-Wheat. It's whole cereal in its most delicious form, literally gives you *energy to burn*—and it's so crisp and fresh, it's a pleasure to eat!

Bold Brave "Glads" to feast your eyes! You'll see them, flower-perfect in form and colour, on the cover of July CANADIAN HOME JOURNAL . . . And, inside, you'll be tempted to some good porch reading—like that fascinating modern ghost story, "Me and My True Love", wherein a rejected lover haunts (and protects) the girl who married his friend . . . or that outspoken discussion by Earle Birney, "Yes, Canadians *Can* Read, but do they?" (you're exempt, though!) . . . or, getting right into your daily problems, those 20 new recipes for delicious, quick-as-wink summer desserts . . . And that's only a small sample of what you'll get in C.H.J. for July. It's at your nearest newsstand now.

Fair To Your Eyes? Few of us are . . . for it's hard to tell when your eyes are tired! You can't "hear" them complain even though they're hard at work all day long and half the evening . . . which is why it's your duty to look out for them! I advise two drops of MURINE in each eye night and morning and whenever your eyes tell you to! Though this is advisable all year 'round, it's especially important in Summer . . . since sun, wind, dust and light glare put an extra tax on your eyes. Murine contains 7 ingredients that blend with the natural eye fluids . . . cleansing and soothing delicate tissues gently as a tear, and relieving that strained feeling! So ask your Druggist for Murine today!

Stuffy Cupboards have an unhappy way of being even stuffier on a hot summer's day! But this is no problem if you have a bottle of Vapair, the new room deodorant that brings the delightful scent of pinewoods into your home. All you do:—simply uncap the bottle and pull up the wick . . . and see how the stuffiness of your cupboard disappears *almost at once!* Yes, it pays to keep your home as dainty as you are yourself in summer! And Vapair is a real wonder-worker when it comes to banishing cooking odours . . . stale tobacco smoke . . . and "doggy" or bird-cage smells—yet costs less than a cent each time to use. Ask for VAPAIR in the big-value, ten-ounce bottle—at drug and department stores everywhere!

Mother, here's a grand dessert for your youngsters' suppertime . . . they'll call it 'simply super' and ask for second helpings all round! Just pick a good summer's crop of blueberries and try this — with CROWN BRAND CORN SYRUP

FRESH BLUEBERRY PIE
Temp.: 450 deg.-350 deg. F.
Time: 45-50 minutes
Pastry for 2-crust 9" pie
½ cup white sugar
⅓ tspn. salt
1 tbspn. Benson's Corn Starch
4 cups cleaned blueberries
3 tbspns. Crown Brand Corn Syrup
1 tspn. lemon juice
1 tbspn. butter (optional)

Line a 9" pie plate with pastry. Mix together sugar, salt and Benson's Corn Starch; sprinkle ¼ of this mixture on unbaked crust Fill with blueberries. Mix together Crown Brand Corn Syrup and lemon juice; pour over berries. Sprinkle with remainder of Corn Starch-sugar mixture; dot with butter; cover with top crust. Bake in hot oven (450 deg. F.) for 15 minutes; reduce heat to 350 deg. F. and continue baking for 25 to 35 minutes or until done.

When Wander-Lust Lures You to far and lovely places come holidaytime . . . you'll want to be sure that the valuables you leave behind are in safekeeping. The best way I know to win this freedom from care is to store your jewellery, silver and such like, as well as your valuable papers, in the vaults of the BANK OF MONTREAL. You can rent a *Safety Deposit Box* for less than the cost of your daily paper! So ask about this service at your nearest B of M branch to-morrow. You'll find B of M safekeeping can be the corner-stone of your holiday peace of mind!

Beauty On The Beach . . . that's what these swim suits of nylon are! Swim-'n'-sun in beautiful comfort in these figure-wise suits designed with a flair for flattery by Canada's favourite designers. In a wide range of utterly luscious colours, they're yours for longer wearability in salt or fresh water. And nylon swim suits hold their shape wonderfully. *They dry quick as a wink.* They're mildew and moth-proof. That's why bathing suits of nylon are a favourite choice of bathing beauties all across Canada. When you buy yours, remember to look for that important tag . . . *"Made of C-I-L Nylon Yarn"!*

Tiny Though He Is . . . baby seems almost too big for the kitchen come mealtimes! Haven't you often thought so? If his food doesn't please him—he can raise quite a rumpus . . . but when it's Heinz Baby Food, the kitchen is full to overflowing with baby-cheer! Yes, he loves Heinz Baby Food! It's cooked to baby-ready digestibility—then vacuum-sealed to help preserve vitamins! And he'll like Heinz Junior Foods when he's a little older . . . scrumptious-tasting diced and chopped vegetables and a complete Vegetable Beef Dinner! So ask your grocer tomorrow for HEINZ BABY AND JUNIOR FOODS in those convenient 5-ounce tins!

Keep Cool!—When the thermometer hits the high spots and unexpected guests drop in, you can meet the situation cooly and calmly if you keep a bottle or two of E. D. Smith's pure Grape Juice on hand for such emergencies. For here's a refreshing drink *everybody* likes . . . either as it comes from the bottle diluted and sweetened to taste . . . or "fancied up" with ginger ale and a slice of an orange. When it's *E. D. SMITH'S* you can be sure of the appetizing flavour-richness of Niagara's delicious Concord Grapes . . . For E. D. Smith's Grape Juice is bottled *full-strength!* Get a bottle or two at your grocer's tomorrow.

Nature Can Be Beautiful in the country in the summer — with the exception of Nature's pests . . . blood-thirsty little mosquitoes — flies of all shapes and dispositions. That's why I know you'll be a SAPHO fan forever—once you've discovered how easily this pest-killer kills insect pests. Sapho 5% DDT, the first liquid spray for flies, moths and bugs, leaves clothes and furniture unstained, for the DDT crystals can be brushed away in a jiffy. It's effective—it's neat—it's so easy to use! Ask for it, with the handy hand-sprayer . . . and ask for equally effective Sapho 10% DDT Pest Dust—available across Canada in drug and department stores.

I'm Practically Willing To Guarantee that this is a certain way to bring that husband of yours out from behind his morning paper! It's an open secret between thousands of wives that husbands react most enthusiastically to CHASE & SANBORN COFFEE when it's served piping hot at breakfast-time! Yes, everyone gets enthusiastic about Chase & Sanborn because it's such enthusiastic coffee . . . rich, zestful . . . with REAL, full-bodied flavour! So if you'd like that man of yours to say . . . "Honey, *this* is REAL coffee!" . . . ask your grocer to send you a pound of Chase & Sanborn right away. I'm sure you'll agree it's the best-tasting coffee you can buy!

Smooth and Soothing as a Lullaby . . . that's what Z.B.T. Baby Powder is. It's perfect protection for your tot's tender skin for it's the baby powder made with olive oil . . . it's moisture resistant! Make this test. Smooth a little Z.B.T. on your hands—then sprinkle it with water. It's truly amazing the way it resists the water and protects your skin. And it protects your baby's sensitive skin in the same way! He'll never again be bothered by squirmy "acid moisture" if you make a happy habit of smoothing on Z.B.T. every time you change his diapers! Do write to me—Barbara Brent, 1411 Crescent Street, Montreal, P.Q.—for your *free sample* of Z.B.T. BABY POWDER! Baby will love it!

Miss Ola Preston, Hunter St., and Miss Doris Preston, Burnham St., have returned from a week's holiday spent in Youngstown and Warren, Ohio.

❖ ❖ ❖

Mr. and Mrs. Emmett Sheehy, Simcoe St., have been spending the last few days as guests at the Chateau Laurier, in Ottawa.

❖ ❖ ❖

Mr. and Mrs. F. L. Chambers, Simcoe St., have spent the past ten days vacationing at Thurstonia Hotel on Sturgeon Lake.

❖ ❖ ❖

Miss Helen Huntoon from Bradford, Pa., is visiting her sister, Mrs. Archie Whiteside and family, Park St. N.

❖ ❖ ❖

The engagement of Yolanda, elder daughter of Mr. and Mrs. G. Mattucci, Chamberlain St., to Gerard Sylvester Hickey, youngest son of Mr. Thomas J. Hickey, has been announced. The wedding will take place in Sacred Heart Church on Saturday, July 17.

❖ ❖ ❖

Mrs. Dors Shewen entertained 34 members of the St. David's Society at her summer home, Mount Julian on Stony Lake, Wednesday. A bus was chartered for the trip. Beauty of the surroundings was enjoyed as well as a sing song and games, with a picnic supper on the lawn. Mrs. G. Pakenham expressed thanks to the hostess.

Mr. and Mrs. Frank Driscoll of Detroit, Michigan, are visiting their mothers, Mrs. J. Driscoll, RR 8, Peterborough, and Mrs. P. McMurray, Rogers St.

❖ ❖ ❖

Mrs. Jessie Chambers, Rogers St., spent a pleasant vacation at Thurstonial Park, Sturgeon Park.

❖ ❖ ❖

Mrs. Neil Driscoll of 579 Aylmer St., is visting her mother, Mrs. Leroux at Alexandria, accompanied by Miss Pauline and Mr. Gerald Driscoll. She will also spend a few days with her sister in Cornwall.

❖ ❖ ❖

Mr. and Mrs. Victor Craft, Maria St., accompanied by Miss June and Mr. Victor Craft, have returned from a motor trip through Muskoka district and Guelph and visited friends at their cottage on the Humber River near Bolton.

❖ ❖ ❖

A cable has been received from Mr. and Mrs. James Sands, Rubidge St., announcing their safe arrival at Prestwick airport, Scotland, and they are now visiting relatives in Glasgow. Later they will go to Belfast, Ireland, to see Mrs. Sands' mother, Mrs. Sarah Anderson, who is 93 years of age. Ald. Adam Sands drove his parents to Dorval airport, Montreal, early this week.

Dr. H. J. Long and Mrs. Long, 561 Reid St., are at their cottage, "Long Villa" on Chemong Lake.

❖ ❖ ❖

Mr. and Mrs. Robert Russell, Maria St., have been spending a few days in Toronto and were week-end guests of Mr. and Mrs. Gordon Moody at Bolton.

❖ ❖ ❖

Visiting Mr. and Mrs. Gus Bolin of Keene this week are Mr. and Mrs. Roy Bolin and family of Winnipeg who are on a holiday motor trip.

❖ ❖ ❖

Mr. Donald Jamieson, Park St., was a holiday guest with friends at their cottage on Pigeon Lake.

❖ ❖ ❖

Mr. and Mrs. Jim Marshall, 605 Walkerfield Ave., have as their guests his father, Mr. W. Marshall of Blenheim, and his sister, Mrs. Graham of Merlin.

❖ ❖ ❖

Miss Rene Revere, 261 McDonnel St., has been spending several days in Montreal, a guest of Mr. C. N. Lough and Mrs. Lough.

❖ ❖ ❖

Mr. and Mrs. C. A. Moore, Stewart St., are leaving Friday on a motor trip to Moncton, N.B. where they will spend several weeks visiting their son and daughter-in-law, Mr. and Mrs. Douglas Moore.

❖ ❖ ❖

The engagement has been announced of Audrey Doreen, daughter of Mr. and Mrs. A. Hatton, Aberdeen Ave., to William L. Jones, son of Mr. and Mrs. W. Jones. Their marriage will take place at Trinity United Church on Saturday, July 17.

❖ ❖ ❖

The engagement of Helen Mary Hayward, niece of Mr. and Mrs. Oscar F. Boucher, Brioux Ave., to Alfred Frederick, son of Mr. and Mrs. Alfred J. Griffin, has been announced. The wedding will take place on Saturday, July 17, at Sacred Heart Church.

❖ ❖ ❖

The engagement of Lenore Ruth, eldest daughter of Mr. C. Saunders, Douglas Ave., to Kenneth Charles, son of Mrs. M. Lester and the late Mr. H. Laster, has been announced. The wedding will take place quietly the latter part of this month.

❖ ❖ ❖

Mr. Norman Hurrle, son of Mr. and Mrs. O. W. Hurrle, Bolivar St., is acting as assistant organist at the Timothy Eaton Memorial Church, Toronto, for a period of seven weeks, relieving his teacher David Ouchterlony, the minister of music. Mr. Hurrle is director of music at Castlefield Ave. Baptist Church, Toronto.

GAIL CALDER (left) wears a handknit all-wool after ski coat, while Win Hasket is seen in a navy and grey ski suit with new wrap-around hood. These smart ski togs were among the fashions shown at Ste. Adele Lodge and Mont Gabriel Club in the Laurentians recently. The fashion parades were staged for the benefit of Les Orphelins, an orphanage supported by Ste. Adele Parish.

Mr. and Mrs. Arthur Brockley, 20 Dale Ave., have been spending some holidays at Pigeon Lake.

❖ ❖ ❖

Messrs. Bill Ferguson and Hugh McCrea of Sarnia are visiting with Mr. Gary Marshall, Walkerfield Ave.

❖ ❖ ❖

Mr. and Mrs. J. B. Craig, 410 London St., celebrated their silver wedding aniversary on Tuesday, July 13, and enjoyed evening dinner with their family at the McGillis Hotel.

❖ ❖ ❖

Mr. Harry Rome and Misses Shirley and Margaret Rome of 330 Burnham St., have been holidaying at a cottage on Pigeon Lake, accompanied by Miss Shirley Johnston, Edgewater Blvd.

❖ ❖ ❖

Peterborough Golf Club weekly field day competitions for 18-hole players were in charge of Mrs. J. McKerchar this week. Winners were Mrs. F. Hollowell for low net score and Miss Lahring Parsons in competition. The nine-hole section was in charge of Mrs. M. Hatton and Miss L. Lawrence. Tied for the low net prize were Mrs. S. Northrop and Mrs. F. J. Hall, and the competition winner was Mrs. S. McBride. In the business girls' group, Miss Ruth Bradshaw was low gross winner.

Bride-Elect Showered

An enjoyable evening was spent at the home of Mrs. D. C. Hope, Otonabee, when her daughters, Mrs. J. McBride, and Mrs. P. Adamson entertained at a pantry shower for Miss Mary Brealey, a bride-elect of this month. The guests were Misses Sarah Cameron, Mary Robertson, Mary Elmhirst, Norma Shearer, Barbara Garnett, Shirley Hope, Mesdames J. Wood, J. Dickson, W. Hope, T. Hope, R. Hope, L. Wismer, J. Graham, W. Garnett, H. Garnett, A. Elmhirst, G. Shearer, R. Linkert, C. Elmhirst, A. Elmhirst, W. Brealey, S. Elmhirst, W. Ackison. Those unable to attend who sent a gift were Misses Jean Hope, Blanche Elmhirst and Mrs. Robert Garvey.

❖ ❖ ❖

Honor May Colby

Mrs. W. C. McGregor and Mrs. L. Maudsley were joint hostesses in the latter's home, Tuesday evening, for a shower honoring Miss May Colby, whose wedding takes place in early August. Contests were won by Mrs. F. Turner, Mrs. J. McWilliams and Miss M. Turner. Highlight of the evening was the presentation of many lovely gifts, by little Sharon Maudsley. A dainty lunch was served by the hostesses with Mrs. W. J. Gordon presiding at the tea table. Those present were: Mesdames J. McWilliams, M. Colby, L. Robinson, W. J. Gordon, T. Hall, S. Gilgour, F. Turner, L. Maudsley and W. McGregor, Misses M. Colby, S. Combe, T. Gordon, S. Maudsley and M. Turner. Those unable to attend but sent a gift were Misses E. Bird and M. White.

July Birthdays Celebrated At Lawn Party

Golden Mile Club members, guests and fellow Soroptimists were entertained by Mrs. Alma Belleghem at her summer home, Long Point, Wednesday afternoon. Spending their time on the spacious lawn overlooking Lake Chemong and the opposite shore, all were provided with delightful memories of the occasion. Mrs. Enith Scott, past president of the Soroptimist Club, received with the hostess.

The highlight was a birthday celebration for all those present who were born in July. A four-layer cake, covered with white frosting, was topped with tiny blue candles that where lit in their honor. Miss Rose Williams cut the cake, and Miss Mary Carey, another celebrant told fortunes from the favors it contained.

For having their birthdays on dates nearest the 14th, Mrs. E. McKee of the Golden Mile Club, and Mrs. John C. Lancaster, a guest, received lovely gifts, presented by Mrs. Mary Thompson, vice president.

Following afternoon tea, Mrs. Sara Rome read the messages of the tea leaves, and after supper she was again beset by tea-drinkers who delight in hearing predictions of their future.

The tables were laid outdoors for a buffet supper, with Soroptimists assisting to serve.

Norwood News

Miss Lila Engisch is holidaying with Mrs. T. W. Thompson.

Mrs. Ben Weiss, Toronto, Mrs. Wm. Mildenhall of Peterborough, Mrs. Cummings and Karen, of Toronto, were visitors in Norwood on Tuesday.

Mrs. K. Parrington and Earl of Millbrook spent the week with her father, M. Henry.

WOMAN'S PLACE . . .

When women were first employed by the United States federal government they appeared on the payroll in the name of some male relative.

IF BABY IS CROSS FIND OUT WHY

HEALTHY BABIES are not cross. Your baby should not be cross. If he is, then something in his little system is "out of order." Probably Baby's Own Tablets can promptly "put it right." Mrs. H——, of Fenelon Falls, had the experience. She writes: "My little girl was irritable, feverish and sometimes sick at her stomach—what a relief it was, after giving her Baby's Own Tablets, to see how much better she was."

Sweet-tasting—easily crushed to a powder, if desired. No "sleepy" stuff—no dulling effect. Promptly effective in simple fevers, constipation, teething troubles, upset stomach and other minor ills.

Never be without a full box of Baby's Own Tablets. Sickness so often strikes in the night. 25 cents. Money back if you are not satisfied.

Of Interest to Women

DOROTHY DIX

Courage and Character Good Guides to Manhood

The following lettter, which was written to a boy in his teens, is republished at the request of a group of mothers:

Be good. Fear God and keep His commandments and walk upright in the sight of all men. There is nothing that pays such dividends in health and happiness and even in worldly success as just goodness.

Look about you and you will see that most of the men who are going strong in their seventies and eighties are good men who did not waste their strength in riotous living. You will see that the prosperous men are honest, fair-dealing men who built their fortunes on the trust that others had in them, and that the happy men are those with a clear conscience.

Be a gentleman. Somebody has said that a gentleman is a man who considers other people and never forgets himself. He never brags. He never boasts. He never whines. He is neither puffed up by good fortune, nor crushed by bad luck. He does not have to go about beating on a drum and proclaiming who he is, because the dullest recognize a gentleman at sight and make way for him.

Dorothy Dix

Cultivate good manners. They are a letter of credit that is honored at sight the world over. Get the best possible education you can. Think of getting an education as forging a tool with which to make your way to success, and realize that the better you make it, the quicker you will achieve your objective

Develop Talent

Study yourself. Try to determine your aptitudes. Then bend all of your education to fitting yourself for some work in which you find scope for your talents. Don't overestimate your ability or underestimate it. Don't try to be a professional man when Nature made you a mechanic. Nearly every man who fails is one who tried to fit a round peg into a square hole.

Acquire the fine art of being a mixer. Learn how to get along with people. All your life you have to rub shoulders with your fellow creatures. Find out how to give them a pat on the back instead of a dig in the ribs. Friends are our greatest asset, both financially and socially.

Be brave. Don't let anything in life down you. The people who win out in life are the stout-hearted who can endure. Have the courage to dare to go after what you want and fight for it until you get it. It is the cowards in life who are failures. They are defeated before they ever begin.

Above all, don't make the fatal mistake of marrying too young. You will think you are in love many times while you are still in your adolescence. These heart-throbs are merely growing pains that will soon pass. Disregard them. Wait until your judgment has had time to ripen and your emotions to jell and you can afford a family before you burden yourself with a wife and children.

Under Heaven there is no other sight more piteous than that of a fine young man who is swamped in a sea of debt, who ambitions have been blighted and who is tired of the wife he has outgrown, all because he married too young.

Follow these suggestions, son, and trouble never will be knocking at your door.

(Released by The Bell Syndicate, Inc.)

INSPIRED BY BOOK

Westward Ho!, a seaside resort of Devonshire, England, takes its name from Charles Kingsley's novel.

BERET WITH A TRIMMED LOOK—Typical of a millinery collection just shown, and which used velvet, velours, scratched beaver and various felts in tailored, casual hats, this felt beret has a forward-to-the-brows look. Here two big stickpins of suede leather touched with gold hold the beret flat and out, in a bonnet or brim effect; pillboxes, cloches, cartwheels, all take this flatter line.

THE ENQUIRY COLUMN

By MARY MOORE

QUESTION: .....in this recipe for maraschino cherries there is a mistake on the word bisulphite liquid. Would you please send it correct as these cherries are now on. And are these Royal Anne cherries or just English sweet cherries. One quart bisulphite liquid—what is this and bisulphite of what? Is this correct or is there a substitute? Mrs. Walter G.

✧ ✧ ✧

ANSWER: The ingredient to which you refer—bisulphite of soda or sodium bisulphite is a sulphur solution which bleaches the cherries white—so that later in the process they may be dyed an even red colour with the Ponceau Red dye. I am sending you under separate cover the 1 ounce of sodium bisulphite you will need to make up 1 quart of the solution with the addition of 1 quart of water — this makes 2 quarts water altogether in the original soaking and bleaching liquid.

I hope you will forgive me if I warn you that this is a very exact process, and each step as described in the recipe must be followed exactly. Be sure to soak the bleached cherries in 5 to 8 clean waters after they have been bleaching for 2 weeks—so that no trace of sulphur taste is left when you taste them before syruping and dyeing them.

QUESTION: Please print your recipe for a pound cake. I want something I can have to slice one slice from to serve with fruit or ice cream and that will not go stale for at least a week. I would like to add fruit if you recommend it—not fruit that sinks to the bottom. I keep my rich fruit cakes in the refrigerator in the summer wrapped in parchment paper and they keep excellently. Molly.

✧ ✧ ✧

ANSWER: I made this recipe up this week, and it is very good.

Fruit Pound Cake

One cup shortening (I used ½ cup butter and ⅛ cup good quality shortening), 1½ cups sugar, 5 eggs, 2 cups flour, 1½ teaspoons salt, ⅛ teaspoon mace (or nutmeg), 1 teaspoon vanilla or ½ teaspoon almond flavouring, 1½ teaspoons lemon rind, ¼ cup each cocoanuts, raisins, chopped almonds, and 2 tablespoons chopped candied cheries. (The last 4 ingredients may, of course, be left out—or only some of them may be used. But—they increase the size, and improve the flavour of the cake.) Cream the shortening very well, preferably with an electric beater, then gradually add sugar while beating. Add eggs, one at a time, beating well after each addition. Sift together the flour, mace and salt; cut them into the shortening and egg mix, then add the vanilla, rind and fruits with folding motion. Pour into greased paper-lined loaf pan and bake about 80 minutes at between 325 and 350 deg Fahr.

✧ ✧ ✧

QUESTION: Before the raspberry season is over will you give me a recipe for making red currant and raspberry jam. I will watch for it. Mrs. Peters

✧ ✧ ✧

ANSWER:

Currant and Raspberry Jam

Wash and drain fruit, and remove currants from stems. To every 2 lbs. currants add 1 lb. red raspberries, and crush with potato masher. Add an equal weight of sugar. Heat slowly, stirring, until sugar is dissolved. Continue stirring while cooking about 10 to 15 minutes, or until when tested on cold saucer (or test by adding 1 teaspoon jam to 1 teaspoon methly Hydrate when it will immediately form a jellied mass.) Pour into sterile hot jam jars, seal at once with hot paraffin, adding second coat when cold. Cover and store in cool place.

Needlecraft Pattern

GAY ROMANCE

Brides! Embroider these dish-towels for your dream-house! These merry motifs make good breakfast doilies too. Begin today, easy to do.

Kitchen brighteners—gay towels. Pattern 778: transfer of 6 motifs 6½x7 inches.

THE STARS SAY . . . .

By GENEVIEVE KEMBLE

For Friday, July 16

The auguries for this day encourage a most strenuous and aggressive attack upon important projects and objectives, and this under greatly stimulated energies and potentials for outstanding achievement. Initiative, audacity, enterprise and constructive ability, executed with common sense and skill, should attract needful cooperation where resources and promotional wherewithal are in demand. Trust and confidence arise as well in personal relations and aspirations. Romantic urges are present.

✧ ✧ ✧

Those whose birthday it is, may find themselves under very high stimuli for drastic action, with much initiative and power for launching successful enterprises, whether in business, creative effort, or skillful endeavors and major objectives. This superabundant energy and ambition should likewise pervade all the fellings and capacities, in personal, romantic and social ventures, employment where conspicious and constructive work could be highly productive.

A child born on this day could be bounteously supplied with energy, initiative and faculties assuring a worthwhile career.

Millbrook News

Miss Mary Eagleson is visiting Mr. and Mrs. Roy Greer, Bailieboro, for the current week. The previous week, Miss Eagleson was the guest of Mr. and Mrs. Frank Dawson, Peterborough.

Miss Laura Clark, Moose Jaw, Sask., arrived on Monday and is the guest of Mrs. S. E. Eakins. Miss Clarke is a former Millbrook resident. Her parents were the late Mr. and Mrs. R. W. Clarke.

Mr. and Mrs. Walter Sayles, Toronto, visited his uncle and aunt, Mr. and Mrs. William West, on Sunday. Mr. and Mrs. J. W. Thorndyke, who spent the week-end with Mrs. Charles Thorndyke and Mr. and Mrs. G. E. Burnham, motored back to Toronto with them on Sunday evening.

Miss E. L. Hetherington is hostess this week to Mr. and Mrs. Guy Hetherington, and daughter, Aileen, and their grandson, David Brown, Winnipeg.

Mrs. John Deyell, Otonabee, is visiting with Mr. and Mrs. T. Thorne, Anne St.

SYNOPSIS OF A BY-LAW REQUIRING THE EARLY CLOSING OF RETAIL GASOLINE SERVICE STATIONS, GASOLINE PUMPS AND OUTLETS IN THE RETAIL GASOLINE SERVICE INDUSTRY IN THE CITY OF PETERBOROUGH.

Having received a Petition praying for the passing of a By-law compelling the Early Closing of Retail Gasoline Service Stations, Gasoline Pumps and Outlets in the Retail Gasoline Service Industry, and this Petition having proved to be properly signed and presented and having more than the proper percentage of signatures of those engaged in the Gasoline Service Industry;

THE COUNCIL of the City of Peterborough at a Special Meeting held for that purpose, on MONDAY, JULY 12TH, 1948, passed By-Law Number 4701, entitled "A BY-LAW TO REQUIRE THE CLOSING OF RETAIL GASOLINE SERVICE STATIONS, GASOLINE PUMPS AND OUTLETS IN THE RETAIL GASOLINE SERVICE INDUSTRY DURING CERTAIN HOURS." This By-law provides as follows:

"1—Pursuant to The Factory, Shop and Office Building Act as amended by The Factory, Shop and Office Building Amendment Act, 1948, all retail gasoline service stations, gasoline pumps and outlets in the retail gasoline service industry within the City of Peterborough shall be closed and remain closed—

(1) On each Monday, Tuesday, Wednesday, Thursday and Friday, during the whole of the year, between the hours of Seven of the clock in the Afternoon of each such day and Seven of the clock in the Forenoon of the next following day.

(2) On each Saturday, during the whole of the year, between Seven of the clock in the Afternoon and Seven of the clock in the Forenoon of the next following Monday.

"2—Every occupier or person in charge of a retail gasoline service station, gasoline pumps and outlets in the retail gasoline service industry within the City of Peterborough shall close same and keep same closed as required by the provisions of Section 1.

"3—The Council may issue permits authorizing any such shop for which a permit is issued to be and remain open notwithstanding this By-law during the hours of Ten of the clock in the Forenoon and Five of the clock in the Afternoon on the Sundays named in the permit and between Seven and Ten of the clock in the Afternoon of the days from Monday to Saturday inclusive immediately following the said Sundays.

"4—Such permits shall be issued by the Corporation of the City of Peterborough upon lists to be provided by the City Clerk or other appropriate Municipal Authority giving the names and addresses of the aforementioned shops in the City of Peterborough to 15% of all occupiers of such shops each week in rotation and so as to provide reasonable distribution throughout the City of Peterborough.

"5—Any such shops which have been open and have maintained complete twenty-four hour emergency road service for 365 consecutive days prior to the 1st Day of April, 1947 shall be entitled to obtain a permit to remain open twenty-four hours a day of every day of the year so long as such shop continues to maintain a complete emergency road service.

"6—This By-law shall take effect on the 21st DAY OF JULY, 1948, and shall be subject to the provisions of The Factory, Shop and Office Building Act.

"7—For the purpose of giving publicity to this By-law a synopsis thereof certified by the City Clerk shall be published once in the Peterborough Examiner not later than Five (5) days after the passing of this By-law.

"8—Every person who contravenes any of the provisions of this By-law shall, upon conviction thereof, forfeit and pay at the discretion of the convicting magistrate a penalty not exceeding (exclusive of costs) the sum of $50.00 for each offence, and any such fine, penalty and costs shall be recoverable according to the Summary Convictions Act of Ontario."

DATED at Peterborough, this 15th Day of July, 1948.

E. A. OUTRAM,
City Clerk.

Doctor Dies In Cell

NEW YORK, July 15—(AP)—A physician convicted Wednesday night of abortion and first-degree manslaughter in the death of Jane Ward, 22-year-old baking heiress, was found dead today in his Tombs prison cell. Albert O. Williams, commissioner for correction, said the death of the physician, Dr. Oswald Glasberg, 49, was believed due to poisoning, but that he did not know whether it was suicide. An autopsy was ordered.

Decide Three Seamen Died Accidentally

CLAYTON, N. Y., July 14 — (AP)—The three seamen who died in the rough waters of the St. Lawrence river Wednesday met accidental death, Jefferson County District Atorney M. A. Wiltse has ruled.

The District Attorney added that he found no criminal negligence.

The trio died as the aftermath of an argument between two of the victims.

The ruling was given at the end of an inquest Wednesday night. An autopsy report showed the three had been drowned.

$8,000 Worth Of Food Shipped To Germany

KITCHENER, July 15—(CP) —More than $8,000 worth of food will be shipped this week from Manitoba to feed children in the British zone of Germany, the announced here today.

Sixty-thousand pounds of oatmeal will be shipped from Winnipeg; processed fruits, vegetables, and meat, weighing 20,794 pounds, will be shipped from Winkler, Man.

A Mennonite relief clothing shipment weighing 2,180 pounds will be included.

It Rained Frogs

NEW BEDFORD, Mass., July 15—(CP).— Residents of New Bedford have experienced all sorts of rainy weather but never before did it rain frogs. Yesterday it rained frogs by the thousands. Persons who never heard of a frog-fall felt jumpy themselves as they watched them dropping in a rainstorm. What caused the weird rain was not explained.

Douro News

Mr. and Mrs. H. Sutton, nee Mary O'Brien, and small son of Toronto are spending holidays with Mr. and Mrs. Maurice O'Brien and Mr. and Mrs. James Devlin.

Mr. and Mrs. Maloney of Toledo, Ohio, Mrs. Joseph Allen and daughter, Geraldine of Peterborough, and Miss Florence Allen of Detroit were Sunday guests of Mr. and Mrs. Joseph O'Connor. Mr. Maloney is a nephew of the late John Moher.

Miss Mary O'Brien of Peterborough, nurse-in-training at St Joseph's Hospital, Peterborough, spent the week-end with Miss Jean Walsh.

Miss Eileen O'Brien of Peterborough spent the week-end with her cousin, Marie Sullivan.

Mrs. William Steffler and children of Whitby were guests of her parents, Mr. and Mrs. Austin Hogan, for a week.

Rev. Father Cahill of Toronto, who was recently ordained, and Mr. Bray of Toronto, student at St. Augustine's Seminary, Toronto, were recent guests of Mr. Leo Leahy at the home of his parents, Mr. and Mrs. F. D. Leahy.

Miss Mary Maloney of Lakefield is spending a few days with Mr. and Mrs. William Torpey.

Mr. and Mrs. Allen Hayes celebrated their thirtieth wedding anniversary recently, when a family party was held at the home of their son-in-law and daughter, Mr. and Mrs. Frank Powers, of Peterborough.

Mr. James Healey, who is working in the vicinity of Ottawa was home for the week-end.

Mr. and Mrs. Joseph Daley of Toronto spent Monday with his sister, Mrs. John Quinlan at the home of her son, Mr. David Dwyer, with whom she resides.

Mrs. F. D. Leahy is spending a few days in Toronto.

Mr. and Mrs. Dennis McFadden of Lansing, Mich., visited Mr. Mrs. Allen Hayes and Mr. and Mrs. F. D. Leahy.

Miss Barbara Phillips, also Mr. L. Collins of Peterborough were Sunday guests at the home of Mr. and Mrs. James Healey.

Miss Mary Condon, daughter of Mr. and Mrs. Ignatius Condon of New York and her girl friend, Miss Margaret Cilim, are spending a month with Mr. and Mrs. James Moher.

Birth.—On Saturday, July 10, at St. Joseph's Hospital, Peterborough, to Mr. and Mrs. Gus Whibbs, a daughter.

Report 65-Foot Yacht Has Been Refloated

KINCARDINE, July 15—(CP). —The 65-foot yacht, Salador, was refloated by the Captain John, under command of Captain Bert Macdonald, after being aground near here for two days.

The yacht, owned by Fred Colman, of Detroit, went aground on July 13, after being forced to seek entrance to the port here because of fog.

A diver was brought from Kingston to make temporary repairs to the ship's bottom, after which she was floated.

A corvette sent from Port Huron will take her to Sarnia, where further repairs will be effected. From there she will be taken to Chicago, where the $200,000 craft will be completely repaired by her builders.

PROTECTED MANDARINS

The use of the umbrella was known in China as early as the 11th century B.C. and was an emblem of rank in the East.

Libby's

"Insist on Libby's and get the extra nourishment"

Libby's are the only makers of baby foods who take the extra precaution of *homogenizing* as well as straining fruits and vegetables.

Homogenization breaks up coarse fibres at least ten times finer than straining alone can do, and it explodes food cells. Thus the burden of breaking up the cells is lifted from baby's immature digestive juices which can immediately begin assimilating the exposed nourishment.

Clinical tests prove that baby actually gets more nourishment from Libby's Baby Food than from a similar amount of food which is strained but not homogenized.

FREE: Write for the free booklet, "Healthful Feeding for Your Baby". Just send your name and address to Libby's, Chatham, Ont.

ONLY Libby's BABY FOODS ARE BOTH STRAINED and HOMOGENIZED

Libby's Evaporated Milk is Homogenized too

BARCLAY ON BRIDGE

SEE THE LITTLE CARDS

PRACTICALLY every player with any pretense to knowing the game at all will notice your high card signal on his lead, and make some deduction regarding why you used it. But those of low ability—or of such supreme confidence that they are weakened by their own carelessness—will often pay no attention whatever to the message given by a small card. Yet the key to successful defense against many contracts is exactly that—the news given by the tiny newsboy who in effect says: "Don't do this, so do do that."

	♠ A Q 9 4 ♥ K 10 9 4 ♦ Q 7 6 3 2 ♣ None	
♠ K J 2 ♥ A ♦ A K 10 5 ♣ K J 10 9 8	N W E S	♠ 3 ♥ Q J 7 ♦ 9 8 4 ♣ A Q 7 6 5 3
	♠ 10 8 7 6 5 ♥ 8 6 5 3 2 ♦ J ♣ 4 2	

(Dealer: West. Neither side vulnerable.)

West	North	East	South
1 ♣	Dbl	4 ♣	4 ♠
5 ♣	Pass	Pass	5 ♥
Dbl	5 ♠	Pass	Pass
Dbl			

Just as there was no difference between the bidding at two tables of a pair duplicate, so there was none between the initial tricks at the two. West opened the diamond K. East playing the 4-spot. In one case West noticed the 4 and drew conclusions which influenced his next action, and at the other no heed was paid to it.

Where the low card meant nothing to the non-observant West, the diamond A was led to the second trick. South ruffed that, finessed the spade 9 because of West's double, and discarded the club 2 on the diamond Q, a discard which the declarer at the other table was never able to obtain. It will be noted that South could not afford to ruff out both of his clubs in the dummy, as that would not leave him enough trumps there to shut out West's trumps if he used two for ruffing. At this table South lost no more tricks except two in hearts, so was down one.

At the other table, West shifted after seeing East's 4 on the diamond lead. He laid down the heart A and then led his spade 2. With two tricks already gone South had to lose two more, so was set two tricks for a bad score as compared with the declarer who went down only one—incidentally a good score for the defenders with an alert West.

NORTH BAY, Ont. —(CP)— North Bay has passed a by-law authorizing a community program in physical fitness and recreation. It also provides for the setting up of a recreational council.

Predict Big Increase In U.S. Steel Prices

NEW YORK, July 15—(AP)—Price increases about to be announced by steel companies in the United States "will be substantial—much larger than at first thought," the iron age, metal-working Trade Weekly, said today.

Widest advances may be posted by United States Steel, which the publication said initiated the ill-cutting prices "deeper and on a wider variety of products than most other large companies." "Now "they may raise the ante as much as a half a cent a pound or $10 a ton."

Reflecting an increase at Chicago, the Iron Age scrap composite rose 9 cents a gross ton to $41. Pig Iron advances will follow, it added. The Ingot rate this week was placed at 92 per cent.

The new pricing system is expected to add from $8.40 to $12.72 a ton to steel costs on steel shipped from Pittsburgh to such points as Boston and Chicago.

Housewife Goes To Whitehall To Give Facts

By JAMES McCOOK

LONDON, July 15 — (CP) — Mrs. Edith Richardson, 54, cockney and "not frightened of the big 'uns," has gone down to Whitehall to tell the Government what housewives want.

She'll be listened to. She goes as a member of the clothing advisory committee appointed by Harold Wilson, president of the Board of Trade, to advise him. She will tell those in authority what 1,000,000 other British women want to tell them, that "I've never had such difficulty holding a few threads together."

Mrs. Richardson thinks it may all have started with soap. She is a cleaner of offices and she remembers a woman "who had something official about her" who asked questions about soap.

"I spoke my mind about that soap and we got from soap to clothes-washing and from washing to coupons," said Mrs. Richardson.

Then came an official letter asking her to serve on the committee.

Faces Facts

This cockney veteran of austerity, wartime blitzes and the trials of 32 years of marriage, stoutly built and strong, has no time for theories or fancy language.

Her husband, who delivers coal, gets 70 shillings ($14) a week. She has two sons, one in ill-health and with two children of his own. She helps the latter by going out morning and evening to clean offices.

She went down to the Government offices to tell them:

"Do away with these flipping clothes ration coupons—they only breed crime.

"Wipe out the purchase tax on the things you buy—there isn't enough money about.

"Abolish soap rationing. Give us more tea.

"Give the brides a break by allowing them extra coupons to buy a few extras for the big event."

COUNT FOLKE BERNADOTTE (centre), United Nations mediator for Palestine, accompanied by his wife (left), arrives at La Guardia field, New York, July 12, by plane from Amsterdam, Holland. He is met by Trygve Lie, Secretary General of the United Nations (right). Bernadotte reported to the U.N. Security Council in emergency session on his activity as mediator for the Palestine trouble. He flew to the U.S.A. from the Island of Rhodes via Rome, Italy.

Quebec Autonomy Cry Raised Again

MONTREAL, July 15—(CP)—Solicitor General Jean told a political meeting here Tuesday night that Premier Duplessis had provoked Federal Members of Parliament into campaigning in the July 28 Provincial election by raising the cry that Quebec's autonomy is threatened.

Addressing a meeting in support of Michel Normandin, Liberal candidate in Montreal Laurier, he said the Union Nationale leader "has never missed an opportunity since 1944 to make unjustified and unjustifiable attacks on us."

Buried At Tweed Joseph E. Humphries

NORWOOD, July 15—(ENS)—The death occurred July 10 of Joseph Edward Humphries in his 66th year at his home in Norwood.

He is one of a family of two sons and three daughters of the late Mr. and Mrs. Hamilton Humphries of Dummer Township, all deceased except one brother George of Hastings.

Following his marriage 32 years ago to Grace Gardner, who survives, he settled in Dummer Township, and in 1923 came to Norwood where he continued farming until failing health forced him to retire in 1943.

He was a member of the United Church and during his earlier life was associated with choir and Sunday School work. He was a member of the official board in the Methodist Church and later in the United Church.

The funeral was held Monday afternoon from the family residence and was largely attended, friends and relatives being present from Timmins, Trenton, Lakefield, Deseronto, Peterborough, Columbus, Warkworth and the surrounding district.

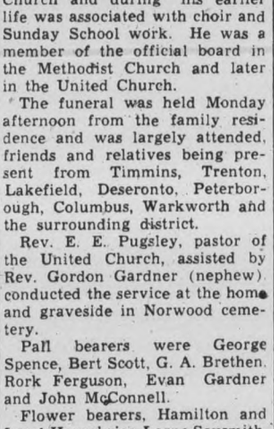
Rev. E. E. Pugsley, pastor of the United Church, assisted by Rev. Gordon Gardner (nephew) conducted the service at the home and graveside in Norwood cemetery.

Pall bearers were George Spence, Bert Scott, G. A. Brethen, Rork Ferguson, Evan Gardner and John McConnell.

Flower bearers, Hamilton and Learl Humphries, Lorne Sexsmith, Russell Gardner, H. Van Volkenburg, C. Kingsley, A. Scott and W. Forestall.

MONASTIC HAIRCUTS

The custom of cutting the hair first appeared at the end of the fourth century. It was a symbol of self-dedication to the monastic life.



THE APPOINTMENT of T. F. M. Newton, informataion officer at the Canadian Embassy in Washington, as new Canadian consul in Boston, was announced recently by the Department of External Affairs. Mr. Newton, a native of Sarnia, was associate professor of English and assistant warden of Douglas Hall at McGill University, Montreal, from 1937 to 1943.

Guides And Brownies Camp Now In Session

MILLBROOK, July 15—(ENS)—The Girl Guide Company and Brownie Pack camp, on the farm of Mrs. Robert Wright, Sr., is now well under way.

The staff for the 10 days includes: Miss Honor Gibson, Port Hope, who organized the Guides during her term as teacher in the continuation school, Millbrook, camp commandant; Mrs. G. P. MacKay, Guide captain and quarter-master; Mrs. Jessie MacLean, Toronto, cook; Miss Betty Wright, Brownie leader, and first aider.

Transportation to the camp was assisted by the Lions Club, who also gave financial assistance.

T. A. Campbell directed the building of the swimming pool by members of the local Legion, secured a stove for cooking for the camp, and gave other practical assistance. The Brownie Pack remained over the week-end, and the Guide Company will be at the camp until Monday, July 19.

Wednesday is visitors' day.

Rev. C. M. MacLean took the service at 9 a.m. on Sunday, and J. H. Burns will have charge on Sunday, July 18.

THIS NEW YEAR'S KID is rushing the season but the photographer thought it was such a good subject matter, that he took a picture. He is Ronny Bassett, son of Mr. and Mrs. Malcolm Bassett, 338 Braidwood Ave., and he was one of the entrants in a playground competition at Confederation School. He will be two years in August.

Israeli Govt. Accepts U.N. Orders

Security Council Gives Antagonists 3 Days To Halt War

TEL AVIV, July 16—(Reuters). —The Israeli government tonight accepted the United Nations Security Council's truce resolution "which will be carried out as soon as Israel is informed that all Arab governments have issued the necessary order," an Israeli Foreign Office spokesman announced.

Stop War Order

LAKE SUCCESS, July 16 (CP) —A Security Council stop-war order, strongest in the history of the United Nations, was placed before the Arabs and Jews today, backed by a threat of force if not observed.

The Security Council, using the force threat for the first time, Thursday night gave the Palestine antagonists three days to cease firing in Palestine as a whole and until tonight to stop fighting in Jerusalem.

Only Syria opposed the United States resolution in the 11-member council. It was passed by a vote of 7 to 1 with Russia, the Soviet Ukraine and Argentina abstaining.

Canada, Britain, France, China, Colombia and Belgium supported the proposal.

The Israeli Government announced before the order was issued that it would accept the Council's demands. Arab delegates told the council they could see no chance of the Arab countries accepting. They protested the resolution, emphasizing that the Arabs had rejected previous truce appeals while the Jews had accepted.

But Sir Alexander Cadogan of Britain emphasized that his government was not endorsing any suggestion that the Arabs are aggressors.

Breach Of Peace

Failure of either side to comply with the order automatically "demonstrates" a breach of the world peace in the terms of the U.N. charter. The council then is committed immediately to consider invoking its most potent weapons under the charter—diplomatic sanctions, economic sanc-

Pantry Raider

NANKING, July 16—(AP). —Yang Mei, 20, who swore she hadn't eaten for nine years, was exposed today by the official Central News Agency as a midnight pantry raider. The agency said nurses, feigning sleep at the Chungking hospital where the girl has been under observation for weeks, caught her slipping into the pantry to feast.

Direct Action Said Only Way To Save Berlin

By WES GALLAGHER

BERLIN, July 16.— (AP). — Only two courses of action have any hope of breaking the Soviet blockade which is strangling this city and bringing Europe closer to war than at any time since Munich.

The first is the use of western power military forces to crash the land blockade.

The second is retaliatory action by the west in other parts of the world which would make it too costly for the Soviet Union to continue its Berlin policy

This is the common belief of western Allies and the Germans who have seen the Russian action at first hand for three years. They believe further that the Soviet Union has killed international diplomacy in the accepted sense

In the simplest terms 2,000,000 Germans and 25,000 western Allies in Berlin are being held as pawns by Russia to achieve her aims in Germany.

These aims are principally two. The first is establishment of a strong German government on the Soviet model dominated by the Communists.

The second is a Soviet voice in the economic life of Germany principally the industrial Ruhr.

The squeeze on Berlin was not brought about by the currency reform or the setting up of a western German government. It started months ago when the Russians first cut off military trains.

When this was successful without any Allied retaliation, the Russians began imposing other controls, waiting each time to test western reaction.

The most drastic would be to send an armored column up the international highway leading to the city, announcing to the Russians that the western Allies will fight their way through if necessary.

This would leave it up to the Soviet Union whether they want war or peace.

There is every indication they want peace and would not fight

Fears Family May Be Hurt In Revenge

Surrenders Shotgun To Police Chief When Ship Docks

TORONTO, July 16 — (CP).— Chief Engineer M. J. Murphy of the Canada Steamship Lines freight Lethbridge has been charged with shooting with intent to maim, it was announced at the office of the Attorney-General to-day. The charge was laid in Sarnia this morning by the Acting Crown Attorney for Lambton County, Allan Fowler. It follows the wounding of five Canadian Seamen's Union (TLC) pickets who attempted to board the Lethbridge at Point Edward near Sarnia, Wednesday.

When the Lethbridge docked at Sault Ste. Marie Thursday night Engineer Murphy said he had surrendered gun to Police Chief Hugh Peters, Point Edward, and was allowed to continue his trip

"The only thing that bothers me is worry over the safety of my family in Midland. I know what happened to Mrs. Andy Allen. (Mrs. Allen is a wife of a former captain of the Lethbridge who was assaulted several weeks ago.)"

Three CSU men who boarded the Lethbridge at Point Edward near Sarnia, in an attempt to induce the crew to leave the ship are still in hospital suffering gunshot wounds. Three others appeared in court to face charges of unlawful boarding and assaulting a crew member.

Secretary-treasurer T. G. McManus of the CSU in a telegram to Prime Minister Mackenzie King demanded charges of attempted murder be laid against Murphy and Capt. W. Smith, master of the Lethbridge.

Legal counsel for the Department of Labor in Ottawa, however, said any offence committed aboard the Lethbridge would be a breach of the Criminal Code and therefore under the jurisdiction of the provincial government.

George MacDonald of Blyth Ont., and Alex Black, of Winnipeg, who were less seriously in

On Trial For Stamps

NAPANEE, July 16—(CP). —Mrs. Carola Ham, aunt of wartime German General Kurt Meyer, was committed for trial here Thursday on charges of mailing letters bearing used postage stamps. Post Office investigation uncovered a letter mailed to Meyer who is serving a life sentence in a Canadian prison. Other letters were addressed to points in Germany. Mrs. Ham, wife of a district farmer, is being held in county jail here, 25 miles west of Kingston, pending bail arrangements.

60 U.S. Bombers Have Left For England

LONDON, July 16. (Reuters)— Sixty American heavy bombers have left their bases in the United States and are on the way to British air fields for a short period of temporary duty, the United States embassy announced here today.

"The movement of the planes is part of the normal long-range flight training program which was instituted more than a year ago by the strategic air command," the announcement said.

The bombers, B-29's, are in two groups, each consisting of three squadrons of 10 aircraft. One group will fly via Goose Bay, Labrador, and the other via Bermuda.

They will be based near Lincoln, in Eastern England, at Marham, Scrampton and Wadding, wartime RAF heavy bomber bases.

On arrival in Britain, the two groups will come under the operation control of Lt.-Gen. Curtiss Lemay, commanding general of the United States air forces in Europe.

About 1,500 men will be involved in the training. Other aircraft will transport maintenance personnel and supplies to Britain.

Send Extra Crews

LONDON, July 16.—(Reuters). —Air Minister Arthur Henderson said Thursday that extra ground crews had been transferred to Germany for the air lift into Berlin.

"I hope it will be possible in the next few days to send more men out," he added.

Henderson was speaking to a press conference within a few hours of his return from Germany, where he has spent several days inspecting loading and unloading and other phases of the air lift operations. Henderson said it was not possible to state the exact number of aircraft employed in the air lift or available for it at any one time.

He said the total number of sorties flown to Berlin by the RAF between June 29 and midday Thursday was 2,461.

May Not Recess

LONDON, July 16. (AP)— A high government source declared today that unless the Berlin crisis eases, members of parliament will be kept within easy recall of London during the summer Instead of recessing for the summer, the source said, parliament may merely be adjourned.

Peterborough UEW Accepts Agreement With CGE; 13-Cent Increase Approved

Decide Raise Will Be Retroactive To July 1; Checkoff For New Employees And Overtime Pay To Be Time-And-a-Half

Local 524, UEW-CIO, in a mass meeting at Brock Street Summer Gardens on Thursday night, voted to accept the recommendations of the joint negotiating committee, thus ending negotiations for a new contract with the CGE that began in April. According to the terms of the new contract which embraces some 6,000 workers in CGE plants located in Peterborough, Toronto and Cobourg, employees will receive: a 13-cent-an-hour wage increase retroactive to July 1; a master contract covering all employees at the six plants but with the provision that any local may withdraw if it so desires at the end of the year; a checkoff for new employees requiring them to pay initiation fees and union dues within 30 days of joining the plant—present workers remain unaffected; shift workers guaranteed a 45-hour week with time-and-a-half for work on Saturdays and Sundays, and a night shift bonus increased to six and eight cents for the second and third shifts, respectively.

Other terms of the settlement include time-and-a-half for work on Saturday and Sunday, and two and a half times the normal rate on statutory holidays. Employees will now receive three weeks holidays after 20 years service instead of 25 years.

Up Starting Rate

Starting rate for men has jumped from 73 cents to 86 cents with progressions of three cents a month for three months; lowest qualified job rate is now 95 cents Women and boys will now start with 72 cents, instead of the former 59 cents, and increase to 84 cents which is the minimum qualified job rate for them.

Settlement in the dispute was announced on Thursday afternoon by the Hon. Charles Daley Ontario Minister of Labor, who has participated in talks held in Queen's Park since a deadlock was reached in company-union discussions about three weeks ago. Also sitting in were Deputy Minister J. B. Metzler, Louis Fine chief conciliation officer, and James Hutcheon, Department of Labor, who acted as chairman.

Jewish Planes Bomb Cairo For First Time

CAIRO, July 16 — (AP). — The Jews made their first attack on Cairo Thursday night as Egyptian planes again dropped incendiaries and explosives on Tel Aviv, the Israeli capital.

Jewish planes dropped seven tons of bombs on the large Egyptian air field at Tel El Arish and caused heavy damage, an Israeli communique claimed today.

El Arish is an Egyptian frontier town on the Mediterranean coast of the Sinai Desert, about 50 miles south of Gaza.

A Baghdad communique said Iraqi planes raided Haifa harbor, scoring a direct hit on one large vessel. A lull developed in the Palestine ground fighting except for scattered clashes in the south. Jewish intelligence reports as say-

A Jerusalem dispatch quoted ng "large numbers" of Arabs are fleeing from the Holy City. The reports said the latest Arab exodus was northward to Ramallah and eastward to Jericho.

The Israeli high command in Tel Aviv said Jewish planes bombed enemy bases near the Palestine-Egyptian border as well as military installations in Cairo. The announcement added:

"The weight of bombs dropped on Egyptian objectives is the largest yet delivered against any target in this war."

An Egyptian communique did not specify where in Cairo the bombs fell, whether there were any casualties or the extent of the damage. It said merely that "an enemy plane" had dropped some bombs.

Cairo was the third Arab capital bombed by the Jews in the Arab-Jewish war. Israeli planes previously had raided Damascus, Syria, and Amman, Trans-Jordan. Tel Aviv has been bombed repeatedly

25,000 Ford Employees Get Increase of $20-$50

DETROIT, July 16 — (AP). — The Ford Motor Company today increased salaries of 25,500 employees by from $20 to $50 a month, an average of about nine per cent. At the same time, the company rejected, for the present at least, any intervention by the Federal mediation and Conciliation Service in its wage deadlock with the United Automobile Workers (CIO).

The 116,000 production employees represented by the union are seeking a wage increase and other benefits equivalent to about 21 cents an hour.

Leo Durocher Succeeds Ott

NEW YORK, July 16 (AP). — Mel Ott resigned today as manager of New York Giants and was suceeded by Leo Durocher, whose job as pilot of Brooklyn Dodgers was turned over to Burt Shotton.

Shotton was pulled out of semi-retirement a year ago by Brooklyn and led the club to the pennant after Durocher was suspended by Commissioner A. B. Chandler.

Durocher had been manager of the Dodgers, the Giants' arch rival, since the start of the 1939 campaign. Ott has been boss of the Polo Ground outfit since 1942. He joined the club as a player 23 years ago, when only 16.

The announcement of Durocher's resignation and Shotton's return to the Dodgers was made by president Branch Rickey at Cincinnati. He flew there from Brooklyn after conferring with Durocher last night.

Ott, one of the best liked members of the baseball fraternity, will take a brief vacation and then return to the Giants staff in a capacity still not determined.

Horace Stoneham, president of the Giants, said Durocher would take over the club tonight in Pittsburgh. Shotton is expected to take over direction of the Dodgers at once in Cincinnati.

Five Die In Crash

JUNCTION CITY, Ga., July 16 —(AP).—Five persons were killed today when a converted United States Army training plane crashed in Woodlands near Junction City and burned.

Gromyko Goes Home First In Nine Years

LAKE SUCCESS, July 16 — (CP). — Andrei A. Gromyko has again walked out of the United Nations Security Council — this time perhaps forever.

The Russian Deputy Foreign Minister whose huffy walkout from the Council caused a sensation in March, 1946, sails today for Russia on the liner Gripsholm

The grimly - determined Gromyko, who gained a reputation as the hardest-working delegate in the 11-member Council, is going on a vacation of indefinite duration. It will be the first he has spent in his homeland since coming to the Russian Embassy in Washington nine years ago.

Curtis Committee Meets Thursday

OTTAWA, July 16 — (CP). — The Curtis commission on prices is scheduled to hold its first meeting next Thursday.

Prof. C. A. Curtis of Queen's University, chairman of the commission, said Thursday in an interview the initial meeting will be devoted to organization questions The commission still is seeking a suitable lawyer to engage as counsel and requires a secretariat, still unselected. The Thursday meeting will not be public.

The public hearings at which the commission will continue the cost-of-living probe launched by its predecessor, the parliamentary committee on prices, composed of 16 members of parliament, will probably start around the end of the month.

"We want to start our public hearings as quickly as possible," Prof. Curtis said. "Our intention is to hold a series of public hearings and then consider the evidence."

The commission was appointed only for the duration of the parliamentary recess and is to report its findings to the government before parliament re-assembles next winter.

SIGN AGREEMENT

MONTREAL, July 16—(CP)— An agreement between the railways and 18 International Brotherhoods giving effect to the 17-cents-an-hour wage increase which settled a company-union dispute Wednesday was signed here today shortly after 3 p.m. EDT.

6 Jet Planes Reach Mont Joli Airport

MONTREAL, July 16 (CP). — Montreal airway traffic control reported today that six RAF Vampires, first jet aircraft to cross the Atlantic, arrived at Mont Joli Airport this morning. Mont Joli is 350 miles down the St. Lawrence river from here.

The planes, which will make a goodwill tour of Canada and the United States, left Goose Bay airport, Labrador, at 8.09 a.m. EDT The exact time of their arrival at Mont Joli was not immediately known but air traffic authorities said it was about 10.30 a.m.

The planes will refuel at Mont Joli before flying to nearby Dorval airport where they are expected to arrive this afternoon.

The jets left their base at Odiham, Hampshire, England, July 1

Girl Caught In Loom Loses Most Of Scalp

OAKVILLE, July 16 (CP). — Elizabeth Jalink, 21, a Dutch immigrant, lost most of her scalp when her long blonde curls caught in a loom at the Schlegel Textile Mills here Thursday. Oakville is 20 miles west of Toronto.

A doctor who attended the girl at the plant said her scalp was removed from the nape of her neck to a point 1½ inches above the eyebrows.

Miss Jalink was removed to Hamilton General Hospital where her scalp was refitted in an operation.

British Order Electricity Ban

BERLIN July 16.—(Reuters). —British authorities in Berlin today ordered a complete stoppage of electricity for industrial purposes in their sector except where permission is obtained from the British military government. Any contravention would be punished under military government law.

Written permits have already been given to factories producing parts for electric power stations, radio tubes and candles, a British spokesman stated.

7-Day Hearing Adjourned In Saskatchewan Appeal

LONDON, July 16 —(CP)— A seven-day hearing before the Law Lords of the Privy Council of Arguments as to whether Saskatcewan's Farm Security Act is valid was adjourned today with a statement by Viscount Simon that a second question relating to the act need notbe argued.

The question was: If section 6 of the act is within legislative power of the Saskatchewan government, can it be applied to mortgages under the national housing act or mortgages held by the Canadian Farm Loan Board of the Central Mortgage and Housing Corporation.

Lord Simon said that the Law Lords had decided not to call for argument on this second issue.

Previous argument had been over the question whether the Saskatchewan mediation board had power to decide if the farmer has been a victim of crop failure.

H. Croinkite of Saskatoon ,closing his argument, thanked the five Law Lords hearing the appeal for their "most patient hearing" and other Canadian counsel bowed their assent.

Earlier Cronkite replied to arguments by J. L. Ilsley, a former Canadian cabinet minister, and C.F.H. Carson that the provincial mediation board, which the Saskatchewan government proposed setting up to decide on cases of crop failure, was not constitutional under the B.N.A. Act. Carson represented the Dominion Mortgage and Investments Association, which also proposed the appeal.

"The provisions of this act (the B.N.A. Act) could not possibly relate to a board of this kind," Cronkite contended. "No such board existed at the time it was passed."

Fresh Disorders Erupt Across Italy

General Strike Comes To a Halt After Government Threat

ROME, July 16. (AP)—Fresh disorders erupted in Italy today as a Communist-led general strike sputtered to a halt.

The Communists called off the strike after Premier Alcide de Gasperi's government said it would use force to break the "insurrection."

The official end of the walkout at noon came amid scenes of wild tumult in the chamber of deputies where Christian democrats and Communists engaged in first fights. There was repeated in miniature the strike-bred disorders which had swept the country for 36 hours following the attempted assassination of Communist leader Palmiro Togliatti.

At least 13 persons were killed and more than 100 injured in the Communist-sparked rioting. Even before the hour set by the Communist-led general Confederation of Labor (CGIL) for the end of the walkout, the strike virtually had collapsed.

In the last hours of the strike 16 persons were wounded, three severely,in a gun battle in Bologna. Police used their guns on strikers after they were fired on from the windows of the Chamber of Labor office there.

Disorders also occurred in Milan and Palermo as die-hards strove to enforce a walkout right up to the noon hour. Authorities regained control of Genoa, one of the major trouble spots.

Restless Night

Togliatti, who was hit three times by bullets fired by Antonio Pallante, Sicilian law student, spent a restless night in Rome's Polyclinic Hospital. Attendants said his sleep was fitful and his temperature was constantly rising and falling.

A free-for-all fight broke out on the floor of the chamber of deputies this morning as a Communist labor leader defended the calling of the general strike. The brawl was of record proportions even for that often-disorderly parliamentary body.

Meanwhile, there were reports of new disorders in Milan. Firing broke out in that northern city near the offices of the huge Montecatini industrial combine and riot squads of police were called out.

Shooting broke out in the centre of Genoa Thursday night when mobs attacked police and Alpine troops barracks. At least three persons were killed and eight wounded.

The soldiers replied by firing in the air, and the rioting subsided

Subsequently Genoa's Chamber of Labor ordered strikers to abandon road blocks and "take all measures to return the city's life to normal."

A striker was killed and a policeman was wounded when an abortive attempt was made to storm a surplus arms equipment depot near Venice. In turn, workers occupied all factories.

Black Watch Deserter Robs Friend Say Police

NEW YORK, July 16. (AP)— A kilt-clad man who told police he is Cpl. Ian Inverness, 25, deserter from the Black Watch Regiment, Calgary, was charged on Thursday night with burglary of a man who said he had befriended the prisoner when he had no place to sleep.

Police said the complaint was brought by Lyle Williams, 41, who said that he met Inverness in a bar July 12. After he heard Inverness say he had no place to sleep, Williams took him home to spend the night.

Williams charged that after he left for work the next day Inverness stole $1,000 worth of clothing, jewelry, luggage and personal effects, and vanished.

Ontario's Fall Wheat Crop Hits New High

TORONTO, July 16.—(CP).—Ontario's fall wheat crop may hit an all-time high of 27,000,000 bushels:

The Ontario Agriculture Department, forecasting the bumper harvest of the golden grain, said Thursday the yield will likely average 30 bushels to the acre. The normal yield is about 26 bushels.

If the wheat crop is as good as expected, it will be worth $50,000,000 at current prices, the Department said in its monthly crop report.

It cited the increased acreage, in addition to the higher yield per acre, as another reason for the anticipated record crop. Last year's production was 17,736,000 bushels and in the 10-year period from 1937 to 1946 production averaged 19,181,900 bushels.

Spring grains generally have grown rapidly since the last week in June and show good yield prospects. Early-sown fields of oats and barley are in full head throughout the province. Yield prospects are excellent in the northern half of south-western Ontario and in central Ontario. In eastern Ontario, particularly in Renfrew and in counties along the St. Lawrence, indications are for the best yield in years.

Sugar Dan Finally Picked Up In Prison

SYDNEY, N.S., July 16 (CP).—Sugar Dan, the prisoner without a prison, finally has found a permanent residence for the next four years.

Daniel Joseph Morrison, 38, turned away from Dorchester penitentiary twice and the Cape Breton county jail, was picked up by police in Sydney Thursday night. He was listed as "held for the crown."

Sentenced to four years in Dorchester for robbery with violence, Morrison was refused admission to the New Brunswick penitentiary because he was adjudged tubercular. County jail couldn't take him because it was overcrowded.

JEEPS AND ARMORED CARS of the U.S. 14th Constabulary Squadron pass in review in Grafenwohr, Germany, to commemorate the return of the 16th Infantry Regiment. Troops in the U.S. occupation zone have been pressed into service to speed up the plane-shuttle by which the food and coal supplies are flown to Berlin.

Cheese, Produce, Livestock

TORONTO FRUIT

TORONTO, July 16 — (CP) — Wholesale fruit and vegetable prices here today were unchanged with the following exceptions:

Raspberries, pints 25-28; tomatoes, Leam., 11 qts. $4.50-$5; hothouse tomatoes, No. 1 35-40.

HOG PRICES

TORONTO, July 16 — (CP) — Hog prices at Stratford today were unchanged. Grade A delivered to farmers $31.10; to truckers $31.25. At Brantford hogs were unchanged with Grade A delivered, $31.10.

CHICAGO GRAIN

CHICAGO, July 16 — (AP) — July corn again was strong at the opening, on the Board of Trade today. Covering by previous short sellers sent the price up more than a cent at the start. Otherwise, prices changes in grains were minor.

Wheat started unchanged to ¼ cent lower, July 2.27⅛-¼; corn was unchanged to 1¾ higher, July $2.13½-2.13, and oats were ⅛ lower to ⅛ higher, July 90/90⅛.

TORONTO PRODUCE

TORONTO, July 16 — (CP) — Produce prices on the spot market here today were quoted as follows:

Churning cream unchanged. No. 1 73 cents fob; 77 delivered. Butter prints unchanged. First grade 69; second grade 68; third grade 67.

The egg market continued unchanged this morning. Country shippers quoted graded eggs, cases free: Grade A large 50; Grade A medium 48; Grade A pullet 44; Grade B 41; Grade C 36-37. Wholesale to retail: Grade A pullet 47-50; Grade B 44-45; Grade C 40.

Butter solids are unchanged. First grade 67¼; second grade 65¼-66¼.

WINNIPEG GRAIN

WINNIPEG, July 16 (CP). — Oats and barley futures showed today on the Winnipeg grain exan easier tone in dull, early trade change. Dealings were confined to local action.

The rye futures market was mostly of a commission house nature. 10 a.m. prices:

Oats—July ⅛ lower at 91⅜A; Oct. ⅛-¼ lower at 84⅜; Dec. ¼ lower at 79¾A.

Barley—July ½ lower; Oct. unchanged to ⅛ lower at $1.16¼; Dec. ¼-⅜ lower at $1.09⅜B.

Rye—July not open; Oct. ⅝ higher at $2.03⅝B; Dec. not open

Inspections: Wheat this year 218; last year 296; cars of contract 131; oats 78/83; barley 84/33; flax 8/2; rye 1/2 other grains 2/3; total 391/419.

CHEESE BOARDS

LANSDOWNE, July 16—(CP) —Boarded 264 white at 32.

BROCKVILLE, July 16—(CP) —Boarded 197 white at 32 3-16; 103 colored at 32 13-16.

DELTA, July 16 (CP)—Boarded 1,429 white at 32 1-16.

ALEXANDRIA, July 16—(CP) —Boarded 1,465 boxes of white, sold at 32⅛ cents; 253 boxes colored, sold at 33 cents.

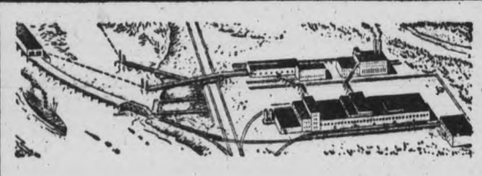
LONDON, Ont., July 16—(CP) —Boarded 1,090 boxes colored and 440 boxes of white. All sold 33 cents.

PERTH, July 16 — (CP) — Boarded, 771 boxes of white—300 sold at 32 1-16 cents, 471 at 32⅛ cents; 99 boxes of colored, sold at 32 9-16 cents.

KEMPTVILLE, July 16—(CP) —Boarded, 1,791 boxes of white, sold at 32⅛ cents; 466 boxes of colored sold at 32¼ cents.

CAMPBELLFORD, Ont., July 16—(CP)—Boarded, 943 boxes white, 636 colored. White sold at 32½ cents, colored at 33 3-16 cents, all fob Campbellford.

OTTAWA, July 16 — (CP) — Boarded, 1,528 boxes of white sold at 32⅛ cents.



From Trees to Textiles and Plastics

Again the eyes of industry have turned to the timberlands of British Columbia,—this time to provide high alpha pulp for the manufacture of textiles and plastics. Modern harvesting of wood and reforestation methods will enable perpetual use of the forests for this purpose.

Columbia Cellulose Company, Limited, a wholly-owned subsidiary of Celanese Corporation of America, has been incorporated to build a plant and to produce this special pulp under contract for the parent Company. We offer, as principals—

Columbia Cellulose Company, Limited
General Mortgage Bonds, 5%, Series "A"
To be dated July 2nd, 1948
To mature July 2nd, 1968
Denominations: $500 and $1,000
Price: 98.75 and interest, to yield 5.10%

A Prospectus setting forth details of this new enterprise including mill location, timber limits, sales contract, earnings estimates, management and capitalization will be forwarded promptly upon request by mail or telephone.

Name Robbery Murder Motive

CALGARY, July 15.J(CP). — Police today named robbery as a possible motive for the 19-year-old murder of Thomas Charles Hall, whose body was found last week in a shallow grave under a five-room cottage in the northwest section of the city.

Inspecor Detectives Reg. Clements, in charge of the case, said investigation had shown "Hall was a man who had had considerable money from time to time."

He said police had carried out a thorough search of the ramshackle, shingle-sided cottage in which Hall lived until he disappeared in March, 1929, and in which his body was found.

"If the motive of the murder was robbery, the (killer or killers) got what they were looking for," he said.

Industrials Slump In Dull Trading

TORONTO, July 16 — (CP) — Industrials dropped in dull trading here today. Golds edged upward, but base metals and western oils weakened.

Industrials issues led the downward trend in the market. Winnipeg Electric was one of the few gainers, advancing ⅛. Bank of Montreal, Bell Telephone, Brazilian Traction, BA Oil, Burns B, Canadian Celanese, CPR and Distillers Seagrams all dropped off fractionally.

Golds strengthened led by Upper Canada, Sullivan, Giant Yellowknife and Central Patricia among juniors. In seniors, Lake Shore advanced slightly but Teck Hughes and Wright Hargreaves fell off from 2 to 5 cents.

Base metals ease slightly in spotty action despite a 25-cent jump by Waite Amulet following declaration of a 40-cent dividend by the company. Selling price of Waite was $9. Noranda and Torbrit Silver were others to advance.

Calgary and Edmonton, Central Leduc, Okalta and Roxana dropped in western oils. Pacific Petroleum and Atlantic edged forward to make slight gains.

tions and international land, sea and air forces.

The U.N. Secretariat moved swiftly to set up truce machinery.

Count Folke Bernadotte, U.N. mediator, has estimated he will need a corps of some 300 military observers to control the projected armistice.

A U.N. spokesman said Count Bernadotte had "initially" contacted the governments of the United States, France and Belgium about supplying observers and equipment, such as planes and ships. There was speculation that the U.N. mediator might invite Russia to send men too.

The Soviet Union made a blistering attack on the mediator this week. He was accused of attempting to wreck the U.N. decision of last Nov. 29 to divide Palestine into Jewish and Arab states.

jured in the affray, and Michael Hornack of Welland, who escaped uninjured, appeared in court Thursday. MacDonald and Black were remanded until July 22 on $1,000 bail. Bail was denied Hornack who is on bail on a similar charge laid at Goderich.

The seamen in hospital who also face boarding and assault charges are Albert Jackson, 20, of Montreal; Robert Schumacher, 26, of Midland, Ont.; Eddie Rogozinski, 19, of Saskatoon.

Thirty CSU pickets wearing steel helmets marched before the Toronto offices of the CSL Thursday, carrying placards reading "Murder" and "Arrest Reoch" (operating manager of CSL.)

Pass Examinations

TORONTO, July 16 — (CP) — The Certified Public Accountants Association of Ontario Thursday announced results of the annual examinations. Those who passed the full primary examinations included W. J. Clary and B. E. Comrie of Cornwall. Those successful in the intermediate papers included M. J. Hopkins, Smiths Falls.

Steel Union Gets Raise

PITTSBURGH, July 16—(AP). —The United States Steel Corporation and the United Steelworkers (CIO) today agreed to a pay increase averaging 13 cents hourly and the firm announced it has no alternative but to raise prices to meet resultant higher labor costs. The raise ranged between 9½ and 25 cents, spread over more than a score of various job classifications with the average increase 13 cents hourly. It will affect about 170,000 production workers employed by United States Steel and its five subsidiaries.

Pleas Of Guilty In Minor Cases

Minor cases were down to a trickle today in court, with the summer heat evidently cutting into the usual big Thursday list of guilty pleas.

Lila Scott, 321 Dalhousie St., was fined $7.50 and $2.50 costs for creating a disturbance in a George St. restaurant.

Maxwell Abbott of Newfoundland pleaded guilty to being drunk in public. Fine was $10 and $2.50 costs.

Speeding brought a fine of $5 and $2.50 costs from L. W. Edwards, 750 Woodbine Ave., Toronto.

Robert H. Self, 32 Park St., South, was fined $5 and $2.50 on a charge of careless driving.

Jack McMahon, 5 Maniece Ave., was fined $10 and $2.50 costs for driving without a licence.

Overtime parking fines of $2 and $1 costs each were collected from: W. H. Pratt, Stratford; Dunlop Tire and Rubber Co., Toronto; L. M. Perrin, Bailieboro; and Edwin R. Thomas, 26 Indian Road, Toronto.

Richard Leeper, RR 2, Norwood, paid $2 and $1 costs for driving without a light over the rear car plate.

James Heffernan, 640 Reid St., paid $2 and $1 costs for permitting a dog to run at large.

Frederick Clark, 717 Bethune St., paid $2 and $1 costs for driving with no light on a bicycle.

For improper lighting on a vehicle, Leo Heffernan of Windsor was fined $2 and $1 costs.

No Wage Opener

In the clause calling for a 13-cent boost is the provision that during the present contract there will be no wage opener. Piece workers also benefit by the increase: the 13 cent rate is added to their pay cheques at the end of the week calculated on the basis of number of hours worked. C. S. Jackson, district president, told the workers that the latest increase brought up wage gains won by the union during the past three years to 40 cents.

Union members who packed the Gardens to hear the final terms of the settlement gave it an overwhelmingly affirmative vote. One member who spoke against acceptance was loudly booed and a heckler shouted "go back to school."

The CGE still remains an open shop as nobody is compelled to join the union but new members are required to pay the checkoff. Non union employees with the plant before July 1 will not be subject to the checkoff provision.

Further Talks

Discussion on improvements in seniority, transfers, and the evaluating of jobs with a view to obtaining comparable rates are to be carried out over a period of months between the company and the union. If no decision can be arrived at either party may take the subject under dispute to arbitration.

Female employees performing several different jobs at varying job rates cannot be paid less than the job rate.

Youths reaching the age of 18 who continue at the same job will receive men's rates; if they change their job they go to the second progression male rate.

In a statement today Mr. Jackson said "The average wage has been boosted to $1.10-$1.12 an hour. Since November, 1946, the CGE employees have received a 40-cent-an-hour increase."

The Weather

Peterborough Temperatures:

Today:
Night low 52 Noon 77

Yesterday:
Highest 80 Lowest 48

One Year Ago:
Highest 81 Lowest 66

Sun—Rises at 5:50; Sets at 8:57

The current spell of clear weather over Ontario has ended. A disturbance extending from Winnipeg to Chicago is moving eastward and will cause showers to spread across the province to-day. In the Lower Lake Regions there will be little change in temperature, but over Northern Ontario it will be somewhat cooler. On Saturday clearing will occur over Southern Ontario, but unsettled and cooler weather will persist over the northern sections.

Forecasts:

Eastern Lake Ontario and Haliburton Regions: Increasing cloudiness, becoming overcast this afternoon and clearing by mid-day Saturday. Occasional showers, beginning this evening, ending Saturday morning. Not much change in temperature. Winds light. Low to-night and high Saturday: At Trenton 64 and 78, Killaloe 62 and 75.

Summary for Saturday: Clearing.

Australia Wins Mackinnon Cup

BISLEY CAMP, England, July 16 — (CP). — Australia to-day won the Mackinnon Cup, historic team match of the big Empire military rifle shoot here, first Aussie victory since 1928.

The Australians scored 1,050 of a possible 1,200 at the 900 and 1,000 yard ranges of the Mackinnon, each team consisting of 12 men.

England wound up with 1,046, Ireland 1,004, Wales 970, Channel Islands 944, and Canada last with 929.

The Mackinnon shoot came after eight Canadians earned the right to shoot in the classic King's Prize final match to-morrow. Another two Canadians have a slim chance of entering through a tie-shoot.

Remove 200 From Ship

VANCOUVER, July 16 (CP).—Nearly 200 passengers were safely removed when the Union Steamships' SS Cardena grounded on a reef early today at the entrance to False Bay, Lasquetti Island. A wireless report said the passengers had been landed at False Bay, 55 miles northwest of here, and that none suffered injury. Crew members also escaped injury.

Doe On Main Street

PORT ARTHUR, Ont. (CP)—Tourists in the vicinity of Port Arthur's tourist pagoda were treated to a rare sight recently when a wild, full grown doe galloped down a main street here.

F. TRACY SHAW

Mr. Frank B. Peppiatt, General Sales Manager of Calvert Distillers (Canada) Limited, announces the appointment of Mr. F. Tracy Shaw as Special Representative. Well known in baseball, hockey and football circles in Ontario, he is currently president of the Viaduct Major Baseball League in Toronto. Prior to joining Calvert Distillers (Canada) Limited, Mr. Tracy was, for the past five years, a representative of Dominion Rubber Company Limited.

Civil Rights Battle Ends Era In South

ATLANTA, July 16 — (AP). — Many leading southerners expressed belief today the civil rights battle marks a major turning point in American political history.

The United States is witnessing, they said, either the first pangs of a new party or the beginning of a significant shift, a new line-up of supporters and policies under the old Democratic and Republican labels.

Some of the south's largest newspapers saw an end to the half century of one-party democratic rule in the south.

Among southern political leaders, closer to the fray, some professed to see a major new party in the making.

Airborne Brigade Starts Unit Training In '49

OTTAWA, July 16 — (CP) — The airborne brigade group, slated to be the ever-ready 7,000-strong fighting segment of the permanent Canadian Army, will start training as a unit next year, the chief of the general staff disclosed today.

It would then be ready, Lt.-Gen. Charles Foulkes said in an interview, to meet what Defence Minister Claxton recently pictured as the only immediate danger on the defence horizon—the possibility of a diversionary attack.

Gen. Foulkes said the group, to be self-contained, all-arms body, now is in component unit concentrations, training at company and squadron levels in various camps across the country.

Its infantry, armored, artillery and other regiments would step up their training to battalion or regimental levels this fall as a final prelude to schooling as a brigade next year. A commander would probably be named then.

Gen. Foulkes said one of its three infantry battalions—the Royal Canadian Regiment, now at Petawawa, the Princess Patricia's Canadian Light Infantry, now at Calgary, or the Royal 22E Regiment, at Valcartier, Que.—would start airportable training at Rivers, Man., this autumn.

The group was estimated at better than 70 per cent of its target strength and would be recruited up to the total, possibly by next April.

Committed For Trial

TORONTO, July 16 — (CP) — Charles Henry Taylor of Kingston was committed for trial in York County Court, Thursday by Magistrate O. M. Martin, on a charge of selling a 1930 sedan under false pretenses. The purchaser of the auto left it in a parking station. When he came back, the car was gone. A bailiff had ceased it to satisfy a lien.

Tried To Hire Killer

BLOOMSBURG, PA. — Jack Young, 31, was arrested on a charge of attempting to hire a man for $5,000 to kill his mother. Police said they overheard Young offer the money to Sheddon Yost, 29, to kill Mrs. Mary Young. Yost had told police Young had made an earlier offer and officers were hidden in the room when Young came to repeat it, police said.

VATICAN CITY — Pope Pius has established the central committee for the coming Holy Year in 1950. The committee will have its headquarters in Rome and will co-ordinate all the national committees which are being formed in Italy as well as in all other countries.

TORONTO — Employees of the A. V. Roe Jet Aircraft plant at suburban Malton will go on strike Aug. 14 unless granted a 15-cent-an-hour wage increase. The strike deadline was announced by Lodge 717 of the International Association of machinists. Some 1,850 workers would be affected.

TORONTO — Bernard B. (Bud) Walker, 28, navy veteran who lost a leg in an accident in Canadian National Railways switching yards here May 23, died. He had been working overtime—to earn vacation time when he fell from a car and slipped beneath its wheels. His leg was amputated and he never completely recovered.

KINGSTON — Edwin Walsh, Kingston tailor, celebrated his 85th birthday by working as usual. Mr. Walsh, who claims to be the oldest business man in Kingston, said he remembered the days when "you could get a good tailored suit for $21.50."

OTTAWA—Mrs. Sam G. Corney, 38, was convicted in family court of assault causing bodily harm to her seven-year-old son, David. She was remanded to July 23 for sentence, then released on her own recognizance. Her 51-year-old husband was acquitted of a similar charge because of what Judge Allan Fraser called lack of evidence.

HAMILTON — Cary Newton, six, was killed at Ancaster when struck by an automobile on No. 2 highway. Three occupants of the car were injured, at least one severely. William Marusiak, 36, of Ancaster, driver of the car, suffered head lacerations and possible internal injuries. Bruce Atwood of Ingersoll, and Roy Rowland, 23, of Ethel, Ont., were also taken to hospital. Rowland was discharged after treatment.

AFTER FORTY YEARS of intense research, Sir Arthur Keith, 82, (above) has evolved a new theory on man's evolution. Man's evolution, Sir Arthur says, was due to his ability to form separate groups: Thus, new characteristics were allowed to flourish. Spread over all species, these characteristics would have resulted in man's extinction. Sir Arthur now lives in Charles Darwin's old home at Downe, Kent, England.

MEL MORROW, General Chairman of Old Veterans' Home Committee sponsoring Warriors' Day in Peterborough Saturday afternoon.

MONTREAL—Mr. Justice C. A. Bertrand upheld an interim injunction restraining the Canadian Seamen's Union from picketing and otherwise hindering the movement of vessels operated by steamship lines. The complaint against the injunction was filed by the C.S.U.

OTTAWA — Dana Wilgress, Canadian Minister to Switzerland, will head the Canadian delegation to the meeting of the United Nations Economic and Social Council opening in Geneva next Monday.

GREENSBURG, PA., — Five persons, including three small children, perished in flames which destroyed a two-family house at Salemville, eight miles from this southwestern Pennsylvania city.

BELFAST, NORTHERN IRELAND — Sir Joseph Davison, who as Imperial Grand Master of the Orange Institution was one of the foremost spokesmen upholding Northern Ireland's close association with Britain, died. He was 80.

TORONTO — Two thugs robbed Sam Meyers' barber shop in West-Cental Toronto after slugging Meyers told police they took Meyers with a revolver butt, "plenty of money" but did not disclose the amount.

LOS ANGELES — Declaring amid tears that his war experiences had changed her husband radically, actress Marguerite Churchill obtained a divorce from George O'Brien, movie cowboy hero. The actress won custody of their two children and got half the community property, estimated at more than $250,000.

CHARLESTON, W. Va.—State police today carefully guarded the E. I. Dupont De Nemours chemical plant after clubbings and stonings broke out in a four-day-old contract dispute strike. Several automobiles were upset as they attempted to enter the plant gates and nine persons were injured in the disorders.

MEMPHIS, Tenn. — A fist fight in wheel chairs that climaxed in a shooting was reported at a veterans' hospital. Richard Hicks, 31, is in fair condition after having been shot through the thigh by Wallace Rice, 28, police said. Both are paraplegic patients. No charges have been laid pending investigation.

WASHINGTON — The Bureau of Labor statistics reported a post-war peak in wholesale prices during the week ended July 10. A new index of 900 commodities hit the post-war high of 166.8 per cent of the 1926 average. That was 12.5 per cent above the corresponding week of a year ago.

WEST PALM BEACH, Fla. — Charging her husband became infatuated with movie actress Lana Turner, Mrs. Nancy Rheem Talbot won a divorce from her socially prominent husband, John Alden Talbot, Jr., on grounds of extreme cruelty.

SANTA PAULA, CALIF. —A young woman flier, Diana Converse Cyrus, said she plans to start a round-the-world solo speed flight from San Francisco about Aug. 10. Miss Cyrus, 25, pilot for a Burbank Calif., air freight team, said she would fly a Dehavilland Mosquito, British-made twin engine light bomber.

Identify Three In Robbery Case

PORT ARTHUR, July 16—(CP). —Three of five former Montreal men, charged jointly with robbery from crew members of the Canada Steamship Lines freighter Martin, Thursday were identified at their preliminary hearing by a member of the crew as being among a party of men who boarded the ship here June 29.

Charles Connelly, formerly of Glasgow, Scotland, one of five members of the freighter's crew injured in an attack by a party of men wielding baseball bats and "blackjacks," identified John Mack, 27.

The two others identified were Donald McQuish, 26, and Nicholas Sundue, 24. Other men connected with the charge were Russell Peddle, 25, and Yvon Gauthier, 28.

The five men previously had been charged with robbery with violence, but a change in the wording was made at the request of the Crown.

McQuish and Sundue both pleaded guilty to charges of illegal possession of liquor and each was fined $100 and costs. Similar charges against the other three men were withdrawn.

Utilities' Employees Picnic On Trent

CAMPBELLFORD, July 16. —(ENS).—Accompanied by their immediate relatives, the staff of the Campbellford Public Utilities Commission held their annual picnic on Wednesday at Birch Point on the Trent Rier.

More than eighty people were present for lunch and supper, both meals being served at picnic tables. First prize in the lucky draw held aftere lunch was won by Mrs. Ernest Archer.

There were games for everyone, and while the men were horse-shoe pitching and target shooting, the youngsters were enjoying themselves at races. There were boat rides for all.

Among those present were aM yroand rM.s Mayor and Mrs. H. M. Donald, Commission Chairman and Mrs. James O. Benor and Commissioner Pat Hogle. Commissioners Archie Meyers and Walter Higins both sent their regrets at being unable to attend due to their participation in the Lift Lock Doubles bowling tournament held at Peterborough on the same day.

Following supper the majority of the party went to the nearby summer home of Chairman Benor, where the piano was utilized to accompany a very enjoyable community sing.

Obituary

EDWARD C. JEWELL

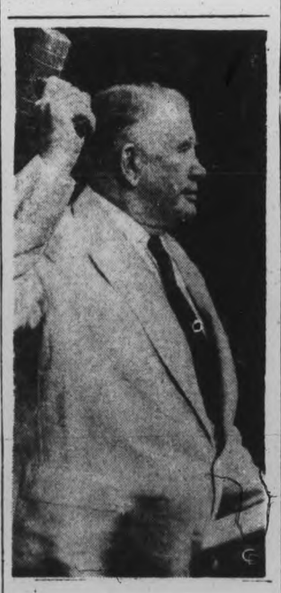
HASTINGS, July 16 (ENS). — Of interest to the residents of Hastings is the death of Edward Charles Jewell who passed away at his home, 886 Weston Road Toronto, on Tuesday, July 13. He was the husband of Henrietta Jewell and father of Mrs. P. E. Kilcup (Emily) of Windsor, N.S.; Mrs. A. Collins (Anne), Georgeton; Mrs. W. Stobbs (Henrietta) of Windsor, Ont.; Mrs. A. Noakes (Christina), Mrs. H. Cox (Ada), Mrs. William Austin (May), Mrs W. Bloor (Sarah), William and Edward Jewell, all of Toronto.

Funeral will be Saturday afternoon at 1.30 with interment at Park Lawn Cemetery.

Mr. E. C. Jewell and family resided in Hastings for a number of years, living in the old Queen's Hotel apartments on Front street They moved to Toronto in 1945.

17-YEAR MONOPOLY

A patent gives an inventor or his heirs the exclusive right to make, use and sell his invention for 17 years.



SEN. ALBEN BARKLEY of Kentucky, shown with gavel in hand, as he warmed up for the double role of temporary chairman and keynoter of the Democratic convention in Philadelphia, Pa., was chosen as President Truman's vice-presidential running mate. He was picked by acclamation.

THIS 16-POUNDER was caught in Lake Katchewanooka by Ed Kennan, Medina, Ohio, who is spending two weeks at Kawartha Lodge on the west shore of the lake. Ray Pearson, Peterborough, is on the Left, and Kennan's colleage, Norvin Reese, of Chippewa Lake, Ohio, a small place near Medina, is shown Right. They also got 15 and 11½ pounders, two just over six pounds, and put back eight undersize muskies.

Chinese Feast Of 20 Courses

ROSENEATH, July 16 (ENS). —A brief history of culinary art was given by Mrs. R. Ballantyne of Toronto at the United Church WA meeting on Wednesday, at the Town Hall.

She mentioned biblical references to cooking and described early Chinese feasts, which ran from 12 to 20 courses. She told of the introduction of spiced sauces in the Roman Empire following the invasion of Africa.

"English adventurers during the reign of Queen Elizabeth," she continued, "brought home new fruits and spices from abroad, and boiling mixtures of fruits and spices in a cloth evolved our Christmas pudding."

Mrs. Ballantyne was introduced by Mrs. F. Derry and thanked by Mrs. B. Thackeray, president.

Mrs. F. Norris, treasurer, reported a bank balance of $200.26, and Mrs. Clark Sandercock reported receipt of $19.68 from the sale of aprons and pillow cases during the month.

The program convener, Mrs. H. Taylor, arranged a guessing contest won by Mrs. Charles Sandercock and Mrs. I. Skuce gave a reading.

Mrs. A. Nill conducted the devotions, and a vote of thanks was tendered to Mrs. James Thompson who was hostess.

ANIMAL OR VEGETABLE?

Sloths are aided in their concealment during the day, by a covering of green algae which appears on their coats.

Hear Four Readings

COTTESLOE, July 16—(ENS) —Mrs. Howard Patterson was hostess to the Cottesloe W. M. S. on Wednesday. The meeting was in charge of the president Miss Helen Tedford. Readings were given by Mrs. Geo. Webster, Miss Lenore Patterson, Miss Helen Tedford and Mrs. Howard Harnden.

Mrs. Howard Patterson gave the Scripture reading.

The next meeting is to be at Mrs. Geo. Barr's home.

Has Heart Attack

HASTINGS, July 16—(ENS).— Mrs. W. Selles of Dayton, Ohio, who is staying at Joe Kelly's on Rice Lake, suffered a heart attack on Thursday morning as she and her husband were driving along No. 45 Highway.

Mrs. Selles had the presence of mind to pull over to the curb when she felt the attack coming on, thus avoiding an accident. She was taken to the home of Mrs. J. Veals, assisted by Mrs. F. Morrow.

She received medical treatment in Hastings.

The Persistence of Consumer Demand

The question whether there is significant resistance to rising prices is discussed in our July Investment Letter. A copy is available upon request.

Conditions At Burwash

During the past year there have been several rumours of disturbance and even riots at Burwash Industrial Farm, and such reports have given rise to a feeling in some quarters that the institution needed thorough investigation. The rumours arose, in many cases, from statements made by ex-guards, policemen and others who had had some experience of life at Burwash.

* * *

These stories have now been denied flatly by the Hon. George Dunbar, the Minister of Reform Institutions. He says that most of the stories are baseless, and that gradual reform is in progress at Burwash. He has invited all members of the Ontario Legislature to visit Burwash whenever they please, without giving warning of their arrival. Plainly Mr. Dunbar is confident that nothing will be found at Burwash which would give colour to the rumours, or outrage the humanitarianism of the people's representatives.

* * *

We would be interested, however, to know how many members of the Legislature accept Mr. Dunbar's invitation this summer. Burwash is not an easy place to reach, nor is a visit to it a pleasure jaunt, and our legislators usually think that they have done their job when they have attended the spring session.

* * *

If Mr. Dunbar says that Burwash is running smoothly we have no choice but to take his word for it. He is a Minister of the Crown, and his word carries weight. But we suggest that possibly such institutions as Burwash are no longer considered effective by penologists—and when we say penologists we do not mean men whose chief interest is in keeping prisoners quiet, but men whose concern is to deal with criminals in the most effective and humane manner.

* * *

Mr. Dunbar says that all is quiet at Burwash. But Canada is backward in its penal system, and what we really want to know is this: Should a place like Burwash exist?

No Longer Displaced

Among the saddest wreckage of the war were the camps filled with men and women who had lost their homeland and all their possessions, and who were described officially as 'Displaced Persons'—D.Ps, for short. There are still many thousands of these people who, for one reason or another, cannot be accepted as immigrants in any of the countries which are anxious for population; among the most tragic of these are the mothers of young children who, as they cannot take their children into institutional or domestic work, are passed over in the choice of settlers. It is melancholy indeed to reflect upon the fate of the old and the unfortunate among the Displaced Persons.

Several thousand Displaced Persons have now been settled in Canada, and with a very few exceptions, they are doing well here. They were chosen with care, and we may flatter ourselves that we have some of the best people available as our new settlers. And we agree whole-heartedly with the Ottawa *Journal* that the time has now come to stop calling them Displaced Persons. They are displaced no longer; they have found a new home and in the course of time they will become Canadian citizens; their children will be Canadians, indistinguishable from our own.

Canada has never been the melting-pot that the U.S.A. was in its days of free-for-all settlement. We have been selective in our immigration, and have chosen people whom we thought worthy to join us in our great country. Let us, therefore, cease at once to call men and women Displaced Persons who are no longer displaced.

No Harvester Trains

Twenty-five years ago the only holiday-with-pay for many young Ontario farmers was a trip to the Prairies on a "Harvester Excursion". Out to the wheat fields of the West went hundreds and thousands of husky fellows, travelling in "colonist cars" at reduced rates: $10 for the fare out, $15 for the ticket back. From dispersal points at Winnipeg, Saskatoon, Regina and Moose Jaw they would go in gangs of five, ten or twenty to sections of ripening wheat. For a few weeks they worked hard in the sun, brawny dervishes harvesting the fabulous crops. Then they took their pay, entrained for the east again—with expensive stops at cities like Winnipeg—and so back home to Ontario. The sun of the West was on their skins, the breezy West in their spirits, but few Western dollars remained in their jeans. But they had had new experiences and a holiday away from home.

Now the West is mechanized. There are no longer Harvester Excursions. In fact, the Prairies are exporting farm labour to Ontario and B.C. This year a thousand girls from the Prairies are picking fruit in British Columbian valleys and 2,500 mid-western men are coming or have come to Ontario to help with the haying. That is the estimate of the National Employment Service, which takes a directing hand in the transfer of workers.

Floating Bridge For Sale

The Floating Bridge across Chemong Lake—a venerable, perhaps historic structure nearly a mile long—is for sale. The bridge is now closed to traffic to make way for the erection of the causeway which will replace it. If anyone wants a mile of floating bridge, he should make a cash offer to the Peterborough County Engineer, though that gentleman is prepared to sell it in sections which might be useful as docks for summer cottages. The sections should be quite water-worthy. They have stood up to wind and wave and motor traffic for many a year — of course, with periodic replacement of planking, of the wooden pegs which do duty as nails, and the log booms

We thought regretfully that we were to see the last of the old bridge. Perhaps not. We shall not see a section of the bridge break loose from its moorings because of the pressure of spring ice and flood-water and float fecklessly down Chemong Lake a mile from its proper place of duty. Perhaps, though, next spring the same section will be just as headstrong and careen wantonly in Clear Lake or Buckhorn Lake, discontented with its new role as a mere dock for cottagers.

Tito's Revolt Made In Moscow?

There are many strange theories about Marshal Tito of Yugoslavia, including Evelyn Waugh's notion that Tito is really a woman. But one of the oddest is that advanced by Miss Rebecca West, who thinks that Tito's recent revolt against Moscow is a put-up job, providing an excuse for Russia to send armies to the shores of the Adriatic.

Miss West is one of our ablest political observers, and her fine book, *Black Lamb and Grey Falcon*, has established her as an expert on Yugoslav affairs. This is the gist of her article on the Tito revolt:

If Marshal Tito is rebelling against Soviet control, it is because he has been told to rebel by the Soviet Government itself. His rebellion serves many Soviet interests. It gives an excuse for the entry of Soviet armies into Yugoslavia and their establishment on the Italian frontier. It pleases the hard-run Russian people by another imperialist victory. It breaks the spirit of Yugoslav youth, which since the war has been centred on Tito. It gives the satellite states a sense that there is no course of action open to them but complete submission to Moscow. It will, and this is of great importance, profoundly affect the German people.

The theory is a brilliant and arresting one. Nevertheless we think that there is one serious flaw in it: Moscow does not brook opposition within the Communist camp, and the Yugoslavian revolt cannot be settled to Russian satisfaction without a scapegoat. The logical scapegoat is Tito himself. We cannot quite believe that Tito would bring upon himself political disgrace and possible death, merely because he loves Marshal Stalin's blue eyes.

NOTE AND COMMENT

In Phoenix, Arizona, a 15-months-old boy chewed and swallowed a safety razor blade without injuring himself. This lad has a great future, for the world is full of men who are at a loss to know where to put used razor blades.

An organization which calls itself "The Sons of The Whisky Rebellion" has been formed in the U.S.A., to combat the W.C.T.U. As so many American institutions are copied in Canada, we expect that it will not be long before something called "The Friends of the Old Stone Crock" will call for members here.

Notes And Queries

By ALPHA

We welcome questions for this column, particularly those which relate to local lore or history. They should be addressed to "Alpha: Notes and Queries", in care of this paper.

SIR: Was treasure once buried in the gravel pits across the road from the Filtration Plant or the Water Works? If so, was it ever found?

ANSWER: There is a local oral tradition that in the early days of French exploration a missionary party portaging over the rapids on the Otonabee near the present Water Works was ambushed by marauding Indians. The priest in the party is said to have buried what gold and sacred vessels he had with him. All the members of the party were massacred.

About thirty years ago two old men who lived at the north end of the city became so convinced of the truth of the story that they decided to hunt for the buried treasure. One, whom I shall call "X", was a bewiskered unusual man, the other, "Y", lived in a shack by the roadside and kept bees. Both belonged to a religious sect called "The Flying Roll". They did some preliminary prospecting and digging and narrowed the likely treasure area down to an acre. An acre of gravel is no light digging, so they decided on an easier way. Old X fancied himself as a mesmerizer. They enlisted the co-operation of an employee at the Pump House, "Z", an accomodating sort of fellow who promised to allow himself to be mesmerzied.

The theory was that the mesmerized Z would be able to point out the exact spot in which the treasure was buried. The whole operation was to be most secret, but the Pump House employee let the cat out of the bag. On the night designated for the secret foray the three men went to the gravel pits, but hidden in the surrounding bushes was a host of onlookers, out to see the fun—and perhaps to claim a share of the loot if it were found? Old X tried his power of mesmerism on the Pump House employee; it didn't work very well, but the agreeable Z pretended that he was well and truly mesmerized. He walked around the area as X and Y in anxious chorus said: "Is it here? Is it here?" Each time Z replied hollowly "No". The weird goings-on were too much for one of the on-lookers. He laughed. This broke up the spell, the experiment and the party. If treasure was buried in those pits, if it was there in 1910, it is still there.

◇ ◇ ◇

MRS. DREW, the wife of the province's Premier, has a strange Christian name. What is it?

ANSWER: Mrs. Drew's Christian name is Florenza. Her full maiden name is Florenza D'Arneiro Johnson. She is a daughter of Edward Johnson, the famous Canadian tenor and now General Manager of the Metropolitan Opera in New York. Her mother was Italian, which explains her pretty name. She is a charming, cultured person.

◇ ◇ ◇

WAS Charlotte Street once called "Hell Street"?

ANSWER: Yes, but not officially. However, even good Methodists of the 1880's referred to it familiarly as Hell Street. It used to be the south end of Peterborough's business section, and the low end. On it used to occur most of the brawls originating in the saloons and the squabbles between Orangemen and Roman Catholics. In the '80's Peterborough was far from being a prissy town, even though its saloons were not as numerous as Toronto's. In 1850 Toronto, then with a population of 30,000 and therefore smaller than present-day Peterborough, had 152 taverns and 206 beer shops. Respectable people avoided Charlotte Street, and the better business houses were located on Hunter Street, then the busiest secondary artery off George Street. Hell Streets are not always as bad as the name indicates. In Oxford there is a small thoroughfare familiarly called "Hell's Passage". The only place of business on it is a pub. The proper name is "St. Helen's Passage". It is paved not with good intentions but with cobble-stones.

◇ ◇ ◇

SIR: Was Sir John A. Macdonald, the first Prime Minister of Canada, a drunkard?

ANSWER: No, there is no evidence other than partisan rumour to support this libellous notion. Some of the stories current even now about Sir John's addiction to the bottle are variously applied to Sir John, his political opponents, and men in the public eye long after Sir John went to his grave. He rarely bothered to contradict vindictive stories about his personal habits which his political opponents saw fit to circulate, especially at election times. On one occasion in the earlier stages of his career when he had been violently attacked in the columns of the "Globe" for some lapse into intemperance (wrote his biographer, Sir George Parkin), "his only rejoinder was to tell a large gathering of electors that, granting the truth of all that had been said, he knew that they would any day prefer 'John A. drunk to George Brown sober'." Parkin also gives the story that when D'Arcy McGee first joined his government Macdonald solemnly warned him that he (MeGee) must reform his habits, since "no cabinet could afford to carry two drunkards". This kind of witticism, heavily interpreted by literal-minded detractors, probably accounts for the legend that Sir John A. was a slave to the bottle.

◇ ◇ ◇

FOR THE RECORD: For the sake of our posterity who may try to investigate our antiquated customs of eating fresh food and untinned meats, I have been asking local merchants if they can remember when frosted foods began to enter our daily lives. Their recollection is already hazy. I shall be obliged to readers who can and will furnish more exact dates. The first frozen foods ("quick-freeze")—except fish—made their appearance locally about 1938, the same year that frozen foods were first processed in Peterborough (Canada Packers—peas). Domestic deep-freeze electrical units were first offered for sale in the city in 1940-41, household refrigerators containing deep-freeze compartments in 1946. Frosted food storage "lockers" were first available for rent in October, 1944.

Letter To The Editor

A MEMORANDUM TO THE PEOPLE OF PETERBOROUGH

Sir: Mr. James Dutton's suggestion of a library in Claraday ward should have met with more than the approval of our librarian.

The rapid expansion of this city in area, population and industrial production must be followed closely by the development of municipal services.

The Sports Commission described editorially in The Examiner, is a good example of the recognition of the need for amusement and diversion for our young folk. Play grounds, summer and winter, for all children, teach them confidence in their ability and consideration for the rights of others. It removes, too, that exclusiveness that takes hold of narrow minds and makes every one neighbours and friends.

The five-year-old son of a rather prominent industrialist came home one evening and told his father that the brewery truck must not stop at his house any more to deliver cartons. Upon his thoughless enquiry "Why", the son stated "that it was not what nice people did". Enquiry proved that half a dozen tots knew all the houses on the street where the truck stopped to unload beer and they had decided that most of these houses did not have nice people living in them. The upshot was that the father decided that the five-year-old had more sense than he had, so he is setting an example to the son by making him his chum.

While people are criticizing the Council's policies freely, it must be remembered that this is the right of the people and criticism is valuable in suggesting improvement and reform

If several members of the Council are lame ducks, there are several who are men of good judgment and are anxiously serving the city's interests.

If people are too busy to assist in the selection of civic representatives on Election Day, their opinions on civic affairs have little force on the other days of the year.

I think our Council is superior to that of Oshawa, Belleville and Kingston, but some of the aldermen are not sufficiently acquainting themselves with the details of civic affairs; in other words, they are not giving attention to their aldermanic duties and are likely to be dropped at the next election.

The senseless effort to sell an important industrial site to the Coca-Cola Company at the low price it cost the city is a case in point.

The dignified debate on oleo-margarine held by the Council was propaganda to help the large dairies. Some of the ratepayers think a debate upon the subjects of potholes in the streets, duck ponds on the sidewalks, smoke, dirt, dust and noise from the railways, or even the City Hall site, would have been more appropriate.

The Memorial Rink Committee appointed itself in 1944 and now this is the summer of 1948 and no site has been settled upon; no plan has been adopted and the money is still lying in the bank waiting for a decision.

The Secondary Rink scheme was badly injured by the investment of the people in the Memorial Centre scheme which should have been put in form last February when the city had a private bill before the Legislature and authority could have been obtained there for not only the Memorial Centre, but the Secondary Rink plan. It is a pity that the enthusiastic young men and young women who were supporting the Secondary Rink plan for the young folk of this city should find that their earnest efforts have been knocked cold by the Rip Van Winkle programme of the Memorial Centre Committee, and my suggestion is that the city be asked to appoint a committee of businessmen and young persons representing sports and by authority of a private act of the Legislature, when the city presents this bill at the next session, obtain authority to build the Memorial Centre in the proportions that people can afford, and also to obtain authority to use part of the funds, if necessary, for the Secondary Rink.

I do not mean by this any grandiose scheme such as the second Buckingham Palace that is being built on the Civic Hospital site and the proposed nurses' home that appears to be planned on the scheme of the Imperial Room of the Royal York. In other words, we shall require to cut our suit according to the cloth we have.

I do not wish The Examiner readers to think that this is a hot weather criticism, for it is not. This letter has been written at the suggesion of a number of public-spirited men and women of this city who are deeply interested in the welfare of the community, but do not wish to submit their names to a newspaper discussion.

It would seem that the Council might well invite both of these committees to re-organize, inject new blood and make an earnest effort to complete each plan with modifications or such changes as are necessary for success.

Opinion on the street is now critical of both schemes which are first class community plans if sufficient representatives are created.

Decisions require to be made soon in the following matters:

(a) City Hall site;
(b) New market location;
(c) Fair Grounds location;
(d) Exhibition Park use;
(e) George Street extension;
(f) Making Little Lake and River south of it clean enough for public use;
(g) Policy of building sidewalks, sewers and other civic services for annexed areas;
(h) Last but not least, replacement and repairs of sidewalks and roadways.

The civic departments are generally well managed, particularly the offices of the clerk, assessor, medical officer of health, tax collector, treasurer, sanitary service, police department and fire department. Doubtful are the parks and board of works repair and renewal policy.

The city should have a full time auditor with an outside audit every three or four years and the city solicitor should be a full time man.

I trust The Examiner readers will pardon my free use of its space frequently. I am simply voicing the views of those whose judgment seems to be of value and who have given me their opinions.

Yours truly,
G. N. GORDON.

How Time Flies

JULY 16

1918 Eva McIlmoyle is saved from drowning at Lakefield by Helen Bygott.

C.G.E. Co. employees decide to await findings of a conciliation board before going on strike.

The cheese board adjourns for five weeks, the fixing of prices by the Government making sales automatic.

1928 Last month there were 29 permits taken out for new plumbing here.

J. M. O'Brien, formerly of Peterborough, and on the Provincial Board of Censors, dies in Toronto.

A baby boy is born to a Detroit woman in a train at the Havelock station.

1938 A local restaurant owner is charged with failure to advertise that he used imitation maple flavoring on his bill-of-fare.

The 18-hole Kawartha Golf Club course is officially opened in an elaborate ceremony.

R. M. Glover is re-elected president of the Peterborough Hockey Club by acclamation.

A Bible Message

(From the Authorized Version)

WHAT man is he that desireth life, and loveth many days, that he may see good? Keep thy tongue from evil, and thy lips from speaking guile. Depart from evil, and do good; seek peace, and pursue it. (Ps. 34: 12-14.)

◇ ◇ ◇

Lord, thou hast been our dwelling place in all generations. Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God....

For a thousand years in thy sight are but as yesterday when it is past, and as a watch in the night....

So teach us to number our days, that we may apply our hearts unto wisdom....

O satisfy us early with thy mercy; that we may rejoice and be glad all our days....

And let the beauty of the Lord our God be upon us: and establish thou the work of our hands upon us. (Ps. 90: 1, 2, 4, 12, 14, 17.)

GILES IN UNITED STATES

We'll have to go back—we've left Grandma and the twins in the bar at the top of the Empire State.

Havelock's Veteran Citizen Will Be 89 On Saturday

HAVELOCK, July 16 (ENS).—One of Havelock's oldest citizens, James W. Bryans will celebrate his 89th birthday on Saturday. He settled here in 1888 before the village was incorporated, and is one of the few remaining pioneer residents.

When Mr. Bryans came to Havelock there was only one street from west to east and no sidewalks. The post office and school were located at what is now known as "Old Havelock." When the CPR ran its line to the north of this, eventually the village moved to the new location.

Mr. Bryans was engaged in building for a couple of years and then was appointed as superintendent of the Swift and Company ice house when shipments of dressed beef were made over the CPR, and he held that position for 18 years. For the next 20 years he was a general merchant in the village at the stand now occupied by Calnan's.

He has held many prominent position in Havelock, being town clerk and treasurer for 18 years, reeve for 2 years and was a member of the Board of Education for 6 years.

Built Town Hall

During his term as reeve in 1900 he had the town hall built by raising a 20-year debenture for $3,500, which was paid off mostly by rents received from the hall. He was also warden of St. John's Anglican Church for several years.

Born in Perrytown, near Port Hope, Mr. Bryans is a son of the late Jonathan Bryans and Elinor Howden. His grandfather, James Howden, a native of Ireland, was one of the first settlers in the north of Hope township when there was nothing but a trail through the woods to Port Hope.

Built Midland Railway

His father was a foreman on the building of the Midland Railway from Port Hope to Lindsay and it was at this time that he and his family moved to Bethany where Mr. Bryans spent his boyhood days.

Mr. Bryans suffered a sad experience last April when he lost two great grandchildren, Bryan and Garry Young in the Bronte fire. He has two daughters in Havelock, Mrs. H. W. Roche, whos husbands has been CPR agent here since 1906, and Mrs. T. W. Quinn, whose husband has served in the two world wars and holds the position of captain. His other daughter, Mrs R. F. Covert, resides in Toronto. He has ten grandchildren and seven great grandchildren, living. His wife died in 1941 and his only son, William, president of Wrigley's Publications, Toronto, died in 1945. His only sister, Mrs. Robert Ford of Omemee, died in 1946.

Mr. Bryans has not been very well for the past year but is still able to be up most every day.

JAMES W. BRYANS, who came to Havelock in 1888, before the village was incorporated, will celebrate his 89th birthday on Saturday.

THIRTY CANADIAN SEAMEN'S Union pickets, wearing steel army helmets, paraded outside the Canada Steamship Lines Richmond St. offices Thursday afternoon in protest against the Sarnia shooting of five of their members attempting to board a CSL freighter. Placards carried by pickets demanded arrest of Capt. Reoch, operations manager of CSL, and action from the federal government in the fight with the rival Canadian Lake Seamen's Union. Leading the picketers was Dewar Ferguson, shown here as head of the orderly picket line moved past the CSL sign at left. Extra police kept watch until the pickets dispersed late in the afternoon.

Early Examiner Advertisers Used Flowers As Leaders

Music and flowers lured The Examiner reader to buy in 1896. Robert Fair, still an Examiner advertiser, filled one-sixth of a page with a detailed account of the Perfume Attraction to be held at the Sign of the Golden Lion on George St. This advertisement ran in the issue of May 5, 1896.

Customers had to bring their own bottles, but the bargain made up for it. The essences of Violets of Italy, Jessmaine, Crap Apple Blossom, and a dozen others were selling for only 39 cents an ounce.

C. B. Routley, still on George St., asked in the same issue: "Who's got a baby?" Mr. Routley had baby carriages.

The Misses Cahill and Hoolihan told the public they were not giving up business by profits, and only "Because it's fashionable."

Watches Offered.

Schneider's Jewellery store asked men to bring in their vest pockets, adding kindly that they would fill any vest pocket with an American watch, "almost perfect," for as little as $2.75 or as much as $200.

"Whatever the lowest prices are in any store in town, we can beat them here any day of the week . . . (without) . . . spasmodic jumps, forced efforts, or assumed sacrifices," said Miss Rudkins, keeper of a drygoods store.

The business college in Peterborough was managed 52 years by Pringle and McCrea, and on May 5 they announced the opening of the Easter term.

South African War

War was an active worry in those times. "The news of Dr. Jameson's raid on the Boers in the Transvaal came "like a thunderbolt from a blue sky," cabled correspondent Julian Ralph from London, "rarely have borne a more disquieting appearance."

Local news was almost lacking, but in the editorials Sir Charles Tupper was pretty thoroughly castigated. For one thing, he had made a wrong prediction regarding the results of a change in iron duties. On top of that, The Examiner said:

"Sir Oliver Mowat is only one of the fathers of confederation, while Sir Charles, according to his own claim, is the sole author of confederation."

A Financier

Quoting The Hamilton Herald, The Examiner said:

"Mr Tupper . . . is something of a financier. He let go the High Commissionership . . . worth $10,000 a year. He has managed to get himself a job worth $8,000; one son gets $5,000; a nephew $7,000, and another son's partner $7,000 . . . making a total of $27,000.

In Havelock, things were humming. Patting his home town on the back, the correspondent said: "Havelock is without an exception the most thriving village between Toronto and Montreal."

From Brantford, Rev. T. S. Linscott placed a want ad asking for "young men and women to help in the Armenian cause; good pay." Whether anyone went is doubtful; the Turks were slaughtering Armenians with a right good will at the time.

In Buffalo, two buildings really burned down. "The blaze started in the top floor of the buildings at 8 o'clock and travelled down," said the report.

Girl's Attack Story Untrue, Police Find

TORONTO, July 16 — (CP) — Police Thursday night arrested Martin Casconi, 35, on a charge of assaulting and beating 19-year-old Margaret Cuccio. The girl was found in a doorway of a west Toronto apartment house early Thursday with her face covered with blood, her jaw broken and her nose, mouth and forehead cut.

When police found Margaret she told them a man jumped out from a bush and attacked her. Police Thursday night said that story was false and that she had told them later in hospital that she had made a round of downtown hotels an cocktail bars with Casconi earlier in the evening.

Her father, James Cuccio, said he had asked police to take action against a cocktail lounge allege to have served liquor to the girl.

Cuccio contended the bartenders who served her should have known she was under age. "I want the police to lay charges against them."

Find Scarboro Child

TORONTO, July 16.—(CP). — Eight-year-old Mary Ellen Smith was found early today in east-end Scarboro Junction, some 12 miles away from her midtown Toronto home. She had been missing for more than eight hours and her parents had expressed fears that she had been abducted.

Doctor Sentenced

TORONTO, July 16.—(CP).—An honor graduate dentist, who became a drug addict aftes opiates were given him 13 years ago during treatment for accident injuries, was sentenced Thursday to six months in prison on a drugs charge. Court and counsel agreed it was "a most tragic case" when Dr. Roy Andrews, 38, entered a plea of guilty. He was also fined $200 or another 30 days.

SCOTT'S SCRAP BOOK —By J. R. Scott

Mrs. Paul Wickson Artist's Widow Dies

PARIS, Ont., July 16—(CP)—Mrs. Paul G. Wickson, the widow of the well-known Canadian artist, Paul Wickson, died Wednesday in hospital here.

Mrs. Wickson was a lifelong resident of Paris and lived all her life at "Hamilton Place," the beautiful residence on the banks of the Grand River. It was built in 1844 by her father, Norman Hamilton, a pioneer industrialist and one of the founders of the town.

Paul Giovanni Wickson, noted artist, predeceased his wife some years ago.

Mrs. Wickson was an active member of the Presbyterian Church and also life member of the Imperial Order, Daughters of the Empire.

Surviving are one son, Norman, and a daughter, Lillian, both of Paris.

200 Firefighters Checking Blaze

BLIND RIVER, July 16 (CP).—More than 200 firefighters today held at bay the most dangerous of 26 forest fires burning to the north of Rawhide Lake, 64 miles east.

Thomas Woodside, of the Department of Lands and Forests, said after an aerial survey that the fire, now 1,100 acres in size, was not spreading.

Men and equipment were flown to Rawhide Lake Thursday by provincial air service planes.

Many firefighters are posted throughout this part of Northern Ontario to prevent fires from spreading. A helicopter is expected within a few days to join the battle.

Fires have been reported at Mississagi, Montreal river, and Chapleau. Near Sudbury, small blazes were spotted Thursday in Broder and Hardy townships.

Legions Take 6-0 Win For First Spot

Legionnaires took over sole possession of first place in the City Softball League at the Bowl last night when they blanked Comstock's 6-0 in a tidy tilt. Howie Dalton threw six-hit ball, while Dave Wilson was also effective with a nine-hit chore, but a few extra-base blows and a few costly errors spelled the difference. It was quite tight for over half the game but the Legion crew scored five runs in their last three times at bat. Only four of the losers got as far as third base.

Bob Parnell led the winners at bat with a homer and single in two official appearances. Withers got a single and a double in three tries, while White had two doubles in four and Harrison a pair of singles for four. Jack Mackness was the big Comstock hitter with a double and two singles in four times, and Castle hit a triple. Catches by Brockley and Mackness were fielding features. The losers dropped back to second place.

LAWN BOWLING

By HERB MARTIN

We have no more open tournaments now for awhile—in fact the next one is for ladies' rinks, Aug. 19. It will give us time to quiet down a bit. The going has been rather strenuous lately.

It will be men's rinks this evening. Draw from the board at 7.30 o'clock.

Mrs. H. Beatty, Mrs. R. Hendry and Mrs. J. Cullen were in Toronto on Thursday playing at Kew Beach Bowling Club. They came home with the prize for high single.

Some of the boys are taking quite a ribbing about the 16 "kittys" that were missing from the greens, but we understand they were located on Dr. Clark's lawn, Wednesday morning.

Plan to be on hand when the speedy Petes tangle with the big revamped Scarboro team!

Knights Battle To Hold Playoff Hopes

Knights edged B-A 9-7 at the Bowl last night to keep in the running for a playoff spot in the men's softball loop. A big crowd saw a fine game with the score see-sawing back and forth till a five-run splash in the eighth looked like Knights had it cinched. But B-A battled back for three in the ninth to make it really close. The winners came up with a battling display to earn the duke, as a loss would have put them out of the race. They still must win their next four games to make it, if B-A continues to lose.

Terry Woods outpitched Ron Akers and had almost perfect support. On earned runs, it would have been 7-5. Spencer and Hawkes were ejected in the sixth for tangling at third and starting a fight. Garvey led the full-time K. of C. hitters with a homer, double and single in five, while Spencer had two for three and Creighton one for one. Leether hit a homer and double in three for B-A, and Willshaw and Kumpf had nice catches.

Queen's Victors

Queen's defeated Comstock's 5 to 2 in a scheduled juvenile lacrosse game at Miller Bowl. Comstock's were handicapped, having only one substitute on hand. Play was fast and fairly clean, at one time, however, Queen's had three men in the penalty box. While shorthanded, Crowder for Queen's broke away and beat Batley, who played a nice game in goal for Comstock's. H. Russelle and Richie were the goal scorers for Comstock's. Scoring was divided amongst the Queen's players.

Queen's— Batley, Bigford, G. Robinson, R. Robinson, McMaster, Beavis, Crowder, Basciano, Searles, Shearer, Foster, O'Donoghue.

Comstock's—Hickson, Russelle, Byers, Dewar, Sedgwick, Carveth, Richies, Lagana.

Referee, Doug. Miller, Jr.

Benefit Soccer Tilt

A benefit soccer game will be played next Thursday evening on behalf of Ben McMaster who is ill in hospital. Benny, as he is known, has played soccer with CGE teams for more than 20 years and is considered one of the best centre-forwards who ever came to the city. One year he scored no less than 76 goals. He gave up active participation just last year.

The Downer family have consented to be the opposition—all one family on the team which is a record for Canada, if not the world. They will have the CGE full eleven to battle for the honors next Thursday evening at 6.30.

The secretary has arranged the following schedule for next week: Monday evening CGE will play O'Hallorans at 6.30; Tuesday evening Lindsay will play in Peterborough against the Petes; no game on Wednesday, then Thursday night's big game at 6.30. There will be two weeks' non-activity after the 24th.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Scarboro Grads and the Petes' senior "B" lacrossers tangle at nine tonight in Miller Bowl, a group fixture. Between periods the peewee Tigers play Buffalos, and these boys up to 12 years of age are interesting to watch. As mentioned yesterday, Coach Red Creighton is planning on playing goal for the Petes this time to keep in shape as spare goalie. The Grads, if at full strength, should serve up a stiff scrap, and another big crowd is expected. The local 1947 OLA senior "B" champions are showing great team spirit and condition now. Oh, yes, the new time clock has been put up for this encounter.

* * * * * * *

Three harness horse races will be run off in Morrow Park tomorrow afternoon in the 2.15, 2.22 and 2.28 classes. With $200 up for each event. They're being held in conection with the Warriors' Day program there, and should attract some good trotters and pacers in each class. Harness horse racing is proving pretty popular in many centres the last few years and we have quite a few owners right here in Peterborough. They enter various races around the province and outside of it, also. These will likely be the last such races held here until exhibition time the last of August.

* * * * * * *

Those College Boys

Senior baseball fans will recall the tough diamond duels dished up by Canisius College of Buffalo and the Petes last season. Same clubs clash at three in Riverside tomorrow afternoon in the exhibition game, and it ought to be right interesting. Eddie Murphy has Doug Loucks ready to throw, with Bill Edger in reserve. The Gunner will not likely be used as he went the route, winning in Kingston the other evening. The college crew play touring semi-pro ball during the summer holidays, and being young, they put a lot of hustle into it.

* * * * * * *

Scribe Carver of Belleville writes: "It was a refreshing departure from the lopsided scores featuring most games here to see Batawa and the Petes give the fans their idea of baseball as it can be played by two smart teams in that 1-0 game. It did more for the senior loop than any brawl up to that point, and the teams needn't worry about the box office if they continue to hand out that brand of ball. Gordy Muffit and Bill Edger turned in right noble efforts. Batawa won the game in the first on two of the four hits garnered off Edger. After that, the righthander had 'em eating out of his hand. Only 32 batters faced Muffitt in nine innings while Edger looked at 29 over the eight-inning route."

* * * * * * *

Re Minor Baseball

Oshawa Hunters and the local Kinsmen tangle tomorrow at 6.15 in Riverside in a junior Lakeshore League baseball tilt. Likely a real battle, too, and worthy of a good-sized crowd. Kiwanis are idle today and likewise the intermediate Petes this weekend as far as we know now. Last standing we received included July 10 games and had Bowmanville in front with nine wins and one loss, Port Hope next with eight and three, then Whitby having six and four, while Cobourg won four and lost five, the Petes had four and seven, Colborne three and seven, as Newcastle trailed with three and eight. East and south midgets go tonight in Riverside as Hawks play south bantams in the Ex. Two peewee frays tomorrow morning.

* * * * * * *

At the Bowl last night, Legion whitewashed Comstock's 6-0 to grab first spot in the men's loop, while Knights edged B-A to stay in the playoff race. A big crowd saw two exciting games of softball. Knights must keep winning four more times and B-A or Comstock's keep losing if K. of C. make the third playoff spot. They go again tomorrow night, Comstock's vs. Knights at seven, followed by Legion vs. B-A. But what brought tears to the eyes of Managers Stew Richardson and Howie Dalton was the fact that Knights won last eve. On account of it was the last date for signing players. And, if Knights had lost, Garvey would have transferred to Legion and Crowley to Comstock's. They can't now!

* * * * * * *

Still That Chance

But all credit to them, those Knights were in there battling for that mathematical chance, and they still have it. Woods pitched good ball and Garvey led the hitters, so they weren't laying down by any means. The hustle the whole team showed last night should have been evident the last two weeks, though they might still pull a miracle. Leether led B-A at bat. Dalton threw good ball in the first fray to earn a shutout as Parnell and Withers led the hitters. Wilson wasn't doing so badly either on the other mound and Mackness was their main sticker. Fans are getting their money's worth now, including a brief fight last eve when Spencer and Hawkes collided at third and threw a few punches. The race is getting hotter.

* * * * * * *

Say Don Crowe Likely To Play With Argonauts

TORONTO, July 16 — (CP). — If three of the four Big Four football teams suddenly appear to be snowed under by flying rugby balls this fall, it probably will be the fault of Dominion-champion Toronto Argonauts.

When the Argos hit the gridiron seeking their fourth straight Canadian football crown this autumn, they probably will have the greatest array of passing backfielders in Canadian rugby history.

Coach Ted Morris is neck-deep in backfield stars and a good number are well-known passers.

Joe Krol, key man in Argo backfield for the last few years, definitely is a starter again, having committed himself three months ago. Frankie Dunlap, star slinger for Ottawa Rough Riders is expected in from Ottawa in a week, and Thursday telephoned Manager Earl Selkirk to announce the arrival of a son.

Copeland Likely There

Handsome Royal Copeland, Krol's running mate and one-half of the "Gold Dust Twins," isn't quite sure where he'll land. His chance for tryout with the professional Chicago Rockets still stands, but he is expected to stick with Argos.

Bob Porter, left kicker with Balmy Beach, has been made an offer and he's expected to accept. Don Crowe, plunging and kicking half with Toronto Indians, last season, has practically decided to don the champion's sweater. Bruce Coulter, rookie star with Balmy Beach last season is reported to have had an offer from Montreal Alouettes, but his older brother Bob wants him to line up with Argos.

Joe Soyka, who played for Hamilton Tigers last season and Alouettes two years ago when he broke his leg in the first game, is considered a certain starter.

Yesterday's Stars

By The Associated Press

Batting—Ken Keltner, Indians—Doubled and drove in two runs in first game and hit a tie-breaking home run, his 21st of the year, in second game as Cleveland won two from Philadelphia.

Pitching—Dutch Leonard, Phillies—Held St. Louis to four hits and no earned runs as Philadelphia beat St. Louis 3-1; struck out one and walked none.

STAN MUSIAL, kingpin slugger of the National league, demonstrated in the all-star game played at St. Louis, Mo., just why he is up at the head of all major league hitters. In the first inning, he leaned on the first ballpitched to him for a home run, driving in Ashburn of the Phillies ahead of him. In the picture he is jogging across the plate, with Ashburn (No. 1) and Johnny Mize of the Giants (No. 15) offering congratulations. Those were the only runs the National league got. The American league all-stars, minus several of their best players, swept on to a 5-2 victory.

IT TAKES A LOT OF LIFTING to win a horse race, and this picture of a photo finish in the $15,000 added Omnibus handicap at Momouth Park, N.J., illustrates the point. Flash Burn, on the rail, won by a whisker, from Lucky Draw whose Jockey Dodson is literally trying to lift his mount into victory.

Cary Grant Has Films Shuffled; Gets New Role

By BOB THOMAS

HOLLYWOOD, July 16 (AP).—Cary Grant's film plans have been shuffled again and he now will play the title role in "I Was a Male War Bride."

Cary was originally scheduled to do "The Third Man" for Korda after his current "Every Girl Should Be Married." But he can't wait for the British film to be prepared, and Joseph Cotten will do it instead. Cary goes into 20th-Fox's hilarious story of a European who marries an American woman and tries to gain entrance into the United States.

The actor doesn't yet know who his "husband" will be. The film will be shot mostly around governnment buildings in Europe. He then returns for another film at economy-racked R-K-O. "I'll bring my lawnmower," says he, "to take care of the grass growing in the R-K-O streets."

Hasn't Given Up

Claudette Colbert says she hasn't given up her yen to direct pictures and will get around to it some day. I hope it's not soon because the Colbert charm is as good as ever in front of the camera . . . Olivia DeHavilland is house-hunting after hours on "The Heiress" . . .

Robert Ryan, one of the few remaining R-K-O contract players, didn't look worried as he lunched in the near-empty studio commissary. "I've been through five different regimes here," he says. . . . For the first time in 30 years, UI has installed air-conditioning machines on studio stages. So what happens? Production will stop and the stages will be empty during the hot weeks.

Yvonne DeCarlo of Vancouver should surprise film patrons in "Criss Cross." She has a meaty acting role and is doing right well with it, too . . . Plans are being hurried for a film based on the murder of American correspondent George Polk in Greece. On independent outfit is lining up a crew and cast and will make the story in Italy.

TROUBLE WITH a capital "T" for the other teams of the National league is spelled by this trio from Boston. It is made up of Warren Spahn, who has pitched the Boston Braves to victory in many a tight spot, and who is one of the outstanding hurlers on the Braves staff; shrewd manager Billy Southworth, and hard-hitting, speedy-fielding Eddie Stanky, the former Brooklynite whose hitting and fielding is sparking the Braves along in their present position atop the National league. At the moment Stanky is out with a broken ankle.

Tribe Slaps Down Athletics In Night Doubleheader

By RALPH RODEN
Associated Press Sports Writer

It's Bill Veeck's turn to laugh now. Old Satchel Paige has contributed an important victory to Cleveland Indians' pennant drive

When Veeck, Cleveland president, signed the ageless Negro pitcher to his first major league contract July 7, some observers said it was just another of Veeck's stunts to keep the turnstiles humming.

Paige shuffled out of the bull'pen in Philadelphia's Shibe Park Thursday night in the second game of a twilight-night doubleheader against the second-place Athletics and gained credit for an 8-5 Cleveland victory.

The triumph enabled the Indians, who won the first game 6-1 behind the four-hit pitching of Steve Gromek, to increase their first-place margin over the Athletics to 2½ games.

Snuffs Out Rally

"Satch" relieved starter Bob Lemon in the sixth inning and snuffed out a Philadelphia rally that brought the A's within a run of a tie.

The Indians scored once in the seventh to take a 5-3 lead but the A's came back and tied it up when Hank Majeski cuffed one of Paige's slants for a two-run homer but after that Paige applied the brakes.

Ken Keltner quickly put Cleveland ahead again by hammering his 21st homer of the year in the eighth inning and Larry Doby clinched the decision for the cunning Paige by banging a two-run four-master in the ninth. Phil Marchildon of Penetanguishene, and Dick Fowler of Toronto were the losers.

The twin setbacks cut the A's margin over the third-place New York Yankees to one percentage point as the world champions beat St. Louis Browns 4-2 in a night tilt at New York.

Frank Hiller outpitched the Brownies' Fred Sanford, allowing seven hits to gain his third triumph.

Sox Doubleheader

The up-and-coming Boston Red Sox took a day-night doubleheader from Detroit Tigers 13-5 and 3-2 at Boston. Jack Kramer coasted to his eighth straight victory in the day affair. In the night game, lefty Mel Parnell won his own game when he drove in the winning runs with a double.

At Washington, Rae Scarborough hurled the Senators to a 4-2 seven-hit conquest over the last-place Chicago White Sox.

Boston Braves pulled six games ahead of the runner-up Pittsburgh pennant race, beating and tying Pirates in the National league's Chicago Cubs 2-1 and 1-1 while the Pirates split with New York Giants. The second game was called at the end of 13 innings because of darkness. Rookie shortstop Alvin Dark of the Braves went hitless in the first game to end his consecutive game hitting streak at 23.

Pirates Clip Giants

The Pirates clipped the Giants 4-3 in the first game. Ralph Kiner blasted his 24th round-tripper for the Pirates to tie Cincinnati's Hank Sauer for the major league home run leadership.

Ray Poat hurled the Giants to a 10-3 triumph in the second game, scattering eight hits to gain his ninth victory.

Brooklyn Dodgers moved into a fourth-place tie with the Giants beating the Reds 5-3 as young Rex Barney checked the Reds on five blows.

In another night game at St. Louis, Dutch Leonard hurled Philadelphia Phillies to a 3-1 victory over Harry Brecheen and the Cardinals.

Del Ennis broke up the game, belting a two-run homer in the sixth inning.

Remember When . . .

By The Canadian Press

Jack Delaney, French-Canadian challenger, dethroned Paul Berlenbach as world's light heavyweight boxing champion 22 years ago today at Brooklyn. The bout went 15 rounds, Delaney winning by wide margin. He dropped his title in 1927 to enter the heavyweight class.

Australia Plans Mass Production Of Automobiles

By LESLIE BRODIE

SYDNEY, Australia, July 16—(CP). — Australia's first locally built automobile is almost ready to go into mass production.

General Motors-Holdens Limited expect to produce up to 20,000 all-Australian-made automobiles a year at its plant at Fisherman's Bend, Victoria. The automobile, which is the first to be built entirely in this country is expected to be on sale early in September.

The public have received few details of the car's lines or performance. It is understood it will have an 18 horse-power engine and will cost in the vicinity of $1,900. At first it was planned to put it on the road for $1,400, but costs of labor and basic materials have risen steeply since the plans were first approved.

In less than five years the company expects to absorb all Australian orders, and bridge the gap now existing between supply and demand for cars throughout the Commonwealth.

The car has been designed specially for Australian conditions. Its high clearance and comfortable riding make it ideal for the rough roads in outback country.

Given Hard Tests

Five prototypes have been subjected to severe tests on the Dandenong Ranges outside Melbourne, and have finished up a 60,000-mile test under controlled driving conditions which the company estimate is equivalent to 240,000 miles under normal road driving.

Two of the prototypes were built at Melbourne and three were assembled in the United States and shipped out for tests under Australian conditions. A pilot run will be taken in August and mass production is expetced to begin immediately afterwards.

Since the first step was taken towards the production of the Australian automobile in 1945, General Motors-Holdens Limited has established a plant that has run them into more than $25,000,000. Chief engineer in charge of production is Russell Begg, who has had 37 years' experience in the motor industry.

The company have offered Senator Armstrong, officer in charge of the royal visit to Australia next year, the use of 10 cars for the tour. The offer has been accepted.

UEW Secretary Jailed

TORONTO, July 16.—(CP).—George Harris, secretary of the United Electrical Workers, was sentenced to one month in jail Thursday for counselling four girl members on the Rogers Majestic plant picket line in suburban Leaside to intimidate other workers.

UN Guard Killed

LAKE SUCCESS, N.Y., July 16.—(CP).—The United Nations announced Thursday that one of its uniformed guards had been killed in Palestine. The guard was Norwegian-born Ole Helge Bakke, 29, of Brooklyn. Details had not been received, but the guard apparently was killed by a sniper's bullet.

Report Cattle Run Heavier During Week

TORONTO, July 16 — (CP).— A run of 6,729 cattle this week on the Toronto Livestock Market was some 2,100 more than the previous week and about 2,500 more than for the corresponding week of 1947. The high for butcher cattle for the week was $23.50 compared with last week's high of $24 but this week's offerings were not of the last week's quality.

The threatened railroad strike prompted Eastern buyers to shop nearer home and get their cattle loaded before the 3 p.m. Monday deadline set by the railways for outgoing shipments. About 1,000 were shipped to Eastern points for slaughter. The deadline was set to prevent any livestock layovers in the event of a railroad strike.

Cows, bulls and fed yearlings featured the strongest prices. The run included about 700 Western stockers, some of which were of common quality, and sold fairly steady at prices ranging from $13-$18.25. Tuesday's market opened fairly active, but slowed later in the day and remained quiet throughout Wednesday when there were some fair to medium quality offerings.

Weighty steers sold from $18-$23.50 with butcher steers $19-$22.50. Heifers ranged from $18-$21 and good butcher cows sold from $15-$16 with light heifery cows up to $17. Common to medium cows sold downward to $12 with canners and cutters bringing $7-$11 according to quality: Good butcher bulls sold from $14.50-$16 with a few at $16.50, with commoner kinds downward to $11. Fed yearlings sold from $20-$23.50 on a fast, steady market.

Calves totalled 2,100 head. Choice vealers opened steady and remained steady throughout the week at $22-$23, with a few at $23.50. Common to medium lightweights were steady at the opening, but weakened as the week progressed as plentiful offrings met narrow demands. Medium to heavy calves met little demand at lower prices.

Hogs were 1,800 head. Grade A dressed opened at $31.25 and closed unchanged. Sows were $21 dressed.

Sheep and lambs totalled 1,000 head. Good spring lambs regained last week's decline of $1 and closed strong at $23 for good ewes and wethers with $1 discount on bucks. Good light sheep were steady at $5-$8 with extreme tops of $9. Fat heavy sheep were slow and hard to sell at $5-$6. Cull sheep sold from $4-$6, with a few cull lambs ranging from $16-$20.

Have Eyes On Martin

TORONTO, July 16.—(CP). — N. N. Stephens, member of a Toronto Liberal Association said Thursday he headed a group which aims to draft Health Minister Martin as a candidate for leadership of the Liberal party. Stephens said the health minister told the group he was giving the leadership a great deal of thought and would have declared his stand only for the fact he regards the entry of External Affairs Minister St. Laurent with great respect.

MOST SERIOUSLY INJURED of five members of the Canadian Seamen's Union who boarded CSL freighter Lethbridge at Sarnia yesterday, Edward Rogozensky is shown in hospital (above). Robert Schumacher (lower) was also taken to hospital after shooting by freighter's chief engineer.

"A SIGHT FOR SORE EYES," is what Mono Township residents call the scene at left. Curves around roadside hollows are handy places for a truck or wagon to dump a load of rubbish and be off in a hurry. Health authorities state persons depositing garbage indiscriminately are liable to stiff penalties—if they are caught in the act. "The trouble is," said one MOH, "to get factual evidence."

Discover Most Drug Addicts Native Canadians, Not Foreigners

By WILLIAM WILSON

OTTAWA, July 16— (CP) — Canada's "average" drug addict is a native Canadian living in one of the Dominion's four biggest cities. He is between 25 and 35 and seldom is guilty of violent crime.

These and other facts about drug addiction were disclosed to-day in a 69-page report by the Federal Health Department.

The study which led to the Department's report was launched after the war to determine the facts so that more effective steps can be taken to combat drug addiction and—posibly— eliminate it in Canada.

Chief centres of the illegal traffic are Montreal, Toronto, Vancouver, and Winnipeg, the report says.

Ontario Has Most

Ontario has the largest number of convictions and accounts for about one-third of Canada's total.

The increase has been evident in Ontario since 1930. It includes an increase in the addiction of women.

Some cities show similar patterns in the illicit traffic, some different. Until 1943 for instance heroin was especially evident in Toronto and Winnipeg.

One difficulty in combatting drug addiction is to find out how many people illicitly use morphine, opium or some other narcotic. The report quoted one estimate that,in 1943, there were about 4,000 addicts in Canada, but it admitted that this might be double the true number. A rought estimate based on the number of addicts who pass through mental hospitals and prisons would put the total much lower—about 1,000

More Men Addicts

Between 1930 and 1946 there were 3,240 convictions for offences involving drugs. Montreal with 552, Toronto with 729, and Vancouver with 656 provided 59 per cent of the total.

Between 1939 and 1946 the largest number of cases was in the 25-to-35 age range.

The report said that the only specific information on the sex of addicts comes from admissions to mental hospitals. During 1932 to 1945, 374 men and 187 women were admitted as drug addicts for the first time. The preponderance of men convicted, however, is more pronounced—2,850 men and 395 women were convicted of drug charges during the 1930-1946 period.

One encouraging fact came out in the report: There is no evidence of extensiv addiction among very young people, although some women addicts known to the authorities started their habit while still in their 'teens.

Two widespread misapprehensions are corrected by the report. Most drug-takers in this country are native Canadians. The Chinese are the only important foreign-born group among addicts, and the habit is decreasing so rapidly among them that "it may be expected that they will soon cease to be a problem."

Independence of Sudanese Great Britain's Latest Goal

By JAMES MCCOOK
Canadian Press Staff Writer

LONDON, July 16 — (CP) — Whether Egypt likes it or not, Britain is going ahead with arrangements for the first elections in the Sudan, where 7,000,000 people live. They are planned for November.

Britain waited during months of discussions to see if Egypt, her partner in the Sudan government, would co-operate in the experiment of giving the Sudanese a degree of self-rule. Egypt continued to claim increased control over the Sudan as the first step.

Now British Governor Sir Robert Howe has promulgated an ordinance to create an executive council and legislative assembly.

Britain has long been bound with promises to assist Sudanese progress towards self-government. The hard-fighting Madhis, rebels against the old Turco-Egyptian government which was accused of maladministration and cruelty, won Britain's respect even as they cracked British army squares in the Sudan war 50 years ago.

Britain and Egypt were allies in the conquest of the Madhis and British influence in the subsequent joint rule saw that the maladministration did not return. Successive British governments have been loyal to the pledge given by Sir Austen Chamberlain as foreign seeretary in 1924.

Promised "never again"

"When we admitted Egypt to condominium (joint rule) we told the Sudanese that never again would they go back to domination by Egypt."

Today the Egyptians claim control of the Sudan on the grounds of "historic right," their money contribution to its development and because of the importance to Egypt of the Nile River, which largely rises in the Sudan.

Britain has replied that progress in the Sudan, especially in the last 20 years, has been due to sound British administration and finance and that it is for the Sudanese to decide their own future.

Although many Sudanese now are educated and hold 83 per cent of classified posts in the civil service, millions of others follow the ways of their ancestors.

The southern tribesmen still carry spears as protection against wild animals and in all the country there is no industrial community. The largest town is Omdurman with a population of 120,000.

No Blame Attached In Inverlea Drowning

The Peterborough Examiner

VOL. XCVII. No. 13 FRIDAY, JULY 16, 1948 PRICE FIVE CENTS

Heber Rogers Manager Of Liquor Store

Effective today Heber Rogers takes over as vendor at the liquor store. Joseph Dunkerley, an employee of the Liquor Control Board for the past 21 years was retired on superannuation this week at his own request. He was honored by his colleagues at a party Thursday night, attended by the district inspector for the Board and presented with a windbreaker.

Mr. Rogers has been assistant vendor for the past four years. He is a veteran of the last two world wars.

Assistant Vendor

Joseph Gaskell, cashier, has been appointed assistant vendor. He has been in the civil service for a great many years. Tommy Begley is now cashier and Malcolm Fletcher becomes assistant cashier.

Report of Heber Rogers appointment will recall to the minds of many people one of the strange incidents of World War 1. At that time in April, 1915, the first Battle of Ypres was raging. Heber Rogers was a private in the 2nd Battalion CEF. His uncle Col. Herman Rogers was second-in-command and Col. C. H. Ackerman was an officer in the same unit. During an attack, Heber was wounded when a portion of the unit was isolated and several saw him fall. Word was sent back that he had been killed in action, because he was not there when the ground was retaken.

When word reached Peterborough, a memorial service was held for Heber at St. Luke's church. Sometime later word was officially received that he had been wounded and was a prisoner of war in Germany.

Summer Cottages Threatened By Flames

Summer cottages on the Trent River, adjoining the property of Leo Cleary, near Hastings, narrowly escaped destruction by fire late Thursday afternoon. A large grass fire swept over a four-acre field and burned into a number of large trees. After a two-hour battle the Hastings Fire Department succeeded in extinguishing the blaze. It is believed that if the fire had remained unchecked for another 10 minutes it would have destroyed the cottage.

ON THE OTONABEE 20 minutes and he snagged a 20-lb. muskie. That was the way John Lyle, Bloomsbury, Pa., celebrated his first visit to the city. He is shown holding the fish, while Vernon Rose, Brinton Carpet Company employee, and fishing companion (Centre) looks on with Lyle's brother, Thos. Lyle of Franklinville, NJ. The lucky angler is superintendent of the axminster division, McGee Carpet Works in Bloomsbury and was a guest of the local carpet company.

Pay Visit To Foundry

MONTREAL, July 16—(CP).—Maj.-Gen. J. F. M. Whiteley, commandant of the National Defence College at Kingston, and senior officers of the three armed services visited three plants of the Canadian Car and Foundry Company here Thursday. Their purpose was to obtain knowledge of the workings and capabilities of heavy industry.

Want New Constitution

TORONTO, July 16.—(CP).—A call for drafting of a new Canadian constitution was heard Thursday. It came from an executive meeting of the Ontario Young Liberals Association, which recommended that a Dominion-Provincial conference be called to revise provisions set down in the British North America Act.

Otonabee Muskies Surpass Wisconsin's Best Fish

By PETE McGILLEN

It's alright to brag about the fishing in the Otonabee River ...the muskies will co-operate. This story is so unusual, it might sound fishy to many readers but it lacks all elaboration and is a plain statement of what happened.

Dave Leether, mill foreman at the Brinton Carpet Company, was on a visit last year to the McGee Carpet Company in Bloomsbury, Pa. It was on a tour of plants to exchange ideas and promote better public relations within the carpet industry. While in Bloomsbury, he discovered that John Lyle, the superintendent, was a rabid fisherman, so he proceeded to sell the Kawarthas.

Perhaps Dave let his enthusiasm get the better of him, because he is quoted as saying "Why in my home town, people just toss a fish line out the back window and haul in enough fish for breakfast.

People often catch maskinonge on the way home from work, and these maskinonge are big bruisers, none of your bluegills or crappies for us. And so it went along that vein with Mr. Leether keeping a straight face.

That was a fine bit of publicity, but this week Mr. Lyle and his brother Tom from Franklinville, New Jersey, paid a return visit to the Peterborough plant. Not only did Mr. Lyle come but he was carrying a fishing rod when Dave reached to shake hands with him.

Well, this was it, and Mr. Leether perhaps didn't feel any too good, because Lyle had caught croakers and kingfish off Florida coast, and had spent many hours shore fishing at Delaware Bay. He had also spent two weeks in the land of lakes section of Wisconsin seeking muskies.

The English are noted for their shrewdness and quick thinking and Mr. Leether figured he would play out his string of luck and see what happened. First he called Vernon Rose, an employee over and introduced him. Then in his own quiet way he said, "Vern, you better take the day off, and take these two fishermen out for a spin on the Otonabee, so they can get a muskie or two."

Mr. Rose caught on fast, but it is reported his eyes bulged a little at this unusual situation. An extra day with pay to go fishing. Tsk. tsk. what was the world coming to?

OTONABEE MUSKKIES

(Continued on Page 16)

Put New Boiler In May's School

Decision to let the contract for installation of a new boiler at May school was made Thursday night at a special meeting of the Board of Education. The contract will be let to J. Wigging and Son, whose price of $2,800, plus $35 for wiring, was the lowest of the three received by the board. The motion to let the contract was made by G. Wilson Craw and Dr. Ralph Honey.

Mr. Craw pointed out that the prices quoted would not include excavation. Chairman D. V. Canning agreed, "I remember we were fooled last year, when we thought the price did include excavation."

Plans for enlarging the entrance at King Edward school to permit bringing in of a boiler had to be set aside. The contractor Walter Mortlock, to whom the board had planned giving the work, is on holiday and cannot be reached.

However, the board decided to leave the matter of contacting Mr. Mortlock in the hands of chairman D. V. Canning and chairman of the property committee Frank Jobbitt.

Obituary

MRS. WILLIAM YALE

ROSENEATH, July 16—(ENS)—The funeral of Mrs. William Yule was held Wednesday afternoon at Roseneath.

Mrs. Yule, before her marriage, was Alfreda C. Chamberlain, born in England, daughter of the late Mr. and Mrs. Alfred Chamberlain of Wisbeck, Cambridgeshire, England. She was 64 and a registered nurse, and in religion an Anglican.

Mrs. Yule died Friday, July 9, at her home, 85 Lowell Street, Rochester, NY, after an illness of seven weeks. A service was held on Sunday at 8 p.m. in Le Roy, New York, conducted by Rev. Evan M. Jones, pastor emeritus of Le Roy Presbyterian Church. The body was brought to Roseneath on Monday.

Surviving are her husband, of Rochester, NY; three sisters: Mrs. Thomas Le Voir, of Wainwright, Alberta, Mrs. Lewis Pearcey of Bradford, Ont., and Miss Violet Chamberlain of England, and a sister-in-law, Mrs. George Campbell of Bergen, NY.

Burial was in Merrills Cemetery. The pall-bearers were three relatives, Earl Waldie and James Gray of Roseneath and Max Herrington, and three former neighbors of Mr. Yule: Andrew Brown, Clarence Thackeray and Lorne Thackeray of Roseneath.

Three-Legged Baby

MELBOURNE, Australia (CP)—A three-legged baby was born in a hospital here recently. Doctors removed the extra leg, attached to the base of the spine, perfectly shaped and the same size as the others.

Query Tourists As To Service At The Resorts

Fourteen members of the Junior Chamber of Commerce tourism committee reviewed progress at the tourist information booth at a special session with Doug Vaisey, chairman on Thursday night.

The object of the meeting was to summarize the results so far and figure out what more could be done to improve the service to the visitors.

Statistics revealed that since the bureau on highway 28 a mile from the city was opened on June 28, 167 cars had stopped seeking information. This represented 381 people, all bona-fide tourists. Accommodation had been found for every one in either a lodge, cabin or housekeeping cottage in the area. The Jaycees on duty when the tourists called telephoned to resorts, and confirmed that space was available to take care of the party.

All this service cost the resort owners was the telephone call, which they could refuse to accept if the lodge was filled.

However the Jaycees are going a step further. Every enquirer will be written asking him for a report on the service given, the quality of the accommodation, and whether or not he was entirely satisfied. In short they want to know if the people catering to the tourist trade, know their business, and if the accommodation as it now exists meets with the approval of the tourists.

Extend Committee

Mr. Vaisey suggested the time had arrived to extend the tourism committee to embrace education. He wants an overall committee of 30 broken into three. Ten would take care of the tourist bureau, and 10 others would form a new branch to study tourist promotion. In other words these 10 young men would set out to ascertain just what the tourist revenue means to the economy of the Kawarthas. Then they would pass this along by speeches and publicity to all the schools, business associations, resort associations and anyone else who might be interested. Claude Hewitt was named chairman protem to start the committee rolling.

Know the District

Doug Delaney, vice-chairman gave the members a pep talk on where they were slipping in their program of service to visitors. He urged all of them to become thoroughly familiar with the district and with every lodge in the retail trading area, so that detailed information could be given when it was sought.

Complaints were received from three Americans that they had been routed into Peterborough by way of highway 7A from Port Perry. This road is under construction and in rough condition. Letters were sent to the Department of Travel and Publicity and the Department of Highways to ascertain who is doing this routing.

New signs will be set up at the information booth on Monday.

Jim Fraser, manager of the Chamber of Commerce was an observer at the meeting and congratulated the Juniors on the fine work they are doing. He expressed the hope that the close cooperation that now exists between the two organizations would continue, and asked for the use of the highway booth log to obtain tourists statistics to be compiled during the winter.

MAIN ST. TOPICS

GRANTED SUPPLEMENTALS

J. D. Hooper, 310 Frederick Ave., and W. A. Massena, Campbellford, have been granted supplemental examinations for the primary section of the certified public accountants exams.

TO SPEAK AT RALLY

The youth for Christ Rally to be held in Lakefield Saturday night will have Silas Fox, widely travelled speaker, as guest. The rally will begin at 8:15 p.m. Music will be supplied by Norman Budge recently arrived from Scotland.

FIVE SO FAR

Ray Pearson, 288 Lake St., has had luck on his side this year, as far as muskie fishing is concerned. He has landed five keepers, weighing 18, 16, 15, 11 and nine pounds. Every one of them came from Lake Katchiwano, near Lakefield.

GET 16 MUSKIES

Six Americans, staying at a Trent River resort, report that this year they have had the best fishing in the four years they have holidayed in the Peterborough district. They landed 16 muskies during their stay, and though only four were keepers, they were well satisfied. They said also that the pickerel fishing was the best in four years.

DOGS GALORE

The law indicates dogs must not be allowed to run at large, but downtown shoppers and those in the Ashburnham shopping section, can vouch for the fact that the canines are plentiful. Flower beds and lawns are getting harsh treatment from these wanderers, and if the inspector gets going the dog pound won't be able to accommodate all the strays.

BEWARE THE FLEAS

A city resident moved into a house that had been vacant for three days and encountered a horde of hungry fleas. The fleas apparently had come from the dog or cat owned by the previous tenant, and had multiplied but had nothing to feed on. Sanitary Inspector Ron McPherson solved the problem with a gas gun not injurious to humans and soon the floor was carpeted with dead fleas.

THE MODERN TOUCH

Exhibition Park will soon have a bright new wire fence extending from the grandstand east to the Lock St. gate. It will be heaven for the moochers, pennypinchers and the knot-hole gang, but people owning homes along Lansdowne feel it will boost the value of their property. The old white-washed board fence which was an eye-sore for years has been uprooted.

Rambling Reporter

ADJOURN FOR LUNCH

Court today extended some what past the noon hour. Two youths who were interested in a case had evidently prepared for such a situation. Sitting in the front row of spectators' seats, behind the prisoner's box, they were slightly concealed from the front of the court room. Taking care not to offend the dignity—or appetite—of the court, they quietly munched some sandwiches they had the foresight to bring. Not even the prisoners noticed them.—RB.

Closing of Inverlea Beach Recommended By Jury When Other Location Ready

No blame has been attached to authorities for the drowning of 10-year-old Gerald (Buddy) Harran at Inverlea Park Beach on July 5, but a coroner's jury here Thursday night strongly recommended that the Inverlea swimming beach be closed as soon as other locations can be prepared. The inquest on the death of the son of Mr. and Mrs. Ross Harran heard 16 witnesses for two and one-half hours give details of the fatality in which the boy had gone under the water within 50 feet of a swimming class. Coroner Dr. H. G. Carleton told the jury that "this is probably the most important inquest which has been ever held here—because it affects everyone who has children."

The jury's verdict said: "... We attach no blame to the lifeguards as to slackness of duty ... we strongly recommend that any needed authority be invested in the lifeguards or supervisors to control people at any recreation centre ... that all necessary safety equipment be inspected and installed before recreation centres are officially opened ... that the recreation authorities discontinue the use of Inverlea Park beach as soon as suitable places can be found for swimming ..."

Describes Drowning

Highlight of the lengthy hearing was the evidence of little eight-year-old Sylvia Richardson, who had accompanied "Buddy" on the morning of the drowning. The two of them had left her home at 663 Donegal St. about 10 a.m., she said. The boy had not wanted to swim at "the little beach", which is roped off for small children, so they had gone to the "big beach" north of the safety area.

"Buddy went into the water ahead of me ..." related the little witness. "First his one hand went up, then the two hands, and that's the last I saw of him." The boy made no sound as he went under the water. She said that there were no other people around that part of the beach.

Sylvia, horrified as her playmate disappeared, ran to her home to tell her mother. Mrs. Richardson told the jury that she had been ironing in the kitchen when her daughter rushed in to tell her "Buddy has gone down and he's not coming back." She placed calls with the police and fire departments, she said.

(Continued on Page 16)

TEA EXPORTS WIDESPREAD

The total annual tea exports from tea-producing countries are more than 810,000,000 pounds.

Veterans Plan Annual Picnic

Third annual Veterans' Picnic sponsored by the Peterborough branch of the Canadian Legion will take place at Nicholl's Oval on Monday, August 2.

Roy Thompson is again marshal of the parade, which will include industrial floats, cowboys and clowns. It is expected that the Peterborough Pipe Band, the Citizens' Band and the Salvation Army Band will also take part. The Fraser Trophy donated by Gordon K. Fraser, MP, is to be awarded for the first time to the best decorated float.

There is to be a display by the Fire Department of its new aerial ladder, and races with cash prizes are to be held for the children. Entertainment will include a band concert vaudeville, bingo and a soccer game.

Garfield Torrance is chairman of the committee organizing the picnic.

Jeep Runs Riot

An irresponsible driver caused about $100 damage to the lawn and flower beds of R. A. Bell, 716 St. Mary St. Mr. Bell told police that a jeep ran riot over his premises late Thursday night, digging ruts in the grass and flowers.

PC C. J. McGillen is investigating.

Hamlin Pitches Toronto Leafs To 6-2 Triumph

By The Associated Press

Luke Hamlin, now in his 21st season of organized ball, is, along with veterans Oscar Judd, Nick Strincevich and Jim Konstanty, giving the rising Toronto Maple Leafs some of the best pitching in the International League.

Hamlin, who celebrated his 42nd birthday July 3, pitched the Leafs to a 6-2 triumph over the slugging Buffalo Bisons Thursday night to enable Toronto move into a third-place tie with the Bisons.

The right-hander scattered eight Bison hits in posting his third straight triumph and 274th of his long career.

Buffalo nicked Hamlin for both of its runs in the fourth on two singles and an error but the Leafs came back in their half and scored five time to sew it up on six straight hits.

Take Second Place

Newark took over second place from the Bisons, beating Syracuse Chiefs 4-1 behind the six hit pitching of lefty Dick Houtz. Rookie Hank Workman of the Bears slugged a two-run homer, his third circuit drive in two games.

Montreal Royals remained 10½ games ahead of the field by taking an 8-7 10-inning decision from Rochester Red Wings. Jim Bloodworth singled home Al Gionfriddo with the winning run. First sacker Chuck Connors sent the game into overtime by whacking his 11th homer of the year in the ninth inning. Earlier, Giontripper with two on for the Royals tripper with two on fir the Royals and Duke Snider banged his 13th with one aboard in the fifth for the victors.

The last place Baltimore Orioles, behind the four-hit pitching of southpaw Bob Kuzava blanked Jersey City Giants, 3-0.

Launch Polio Campaign

JOHANNESBURG (CP) — A nation-wide campaign against poliomyelitis was launched here recently when several organizations adopted a development of an immunizing vaccine.

BOMBERS' BIG BOY . . . By Alan Maver

Marmora Boy First

Chuck Loveless of Marmora HS was first in the 100-yard dash and Jack Hatch of Madoc HS fourth at an Ontario secondary schools' track meet at Lake Couchiching on Thursday. Chuck's time was 10 4/10 seconds Lavern Thomas of Norwood HS was fourth in the running hop, step and jump of the same meet. These group of leaders finished up a two-week course of instruction in physical education with the meet, with boys from various high schools in the province taking part.

Minor Fixtures

Petes walloped Lions 17-2 and Tigers edged Buffalos 6-5 last evening in peewee lacrosse. Bud McDougall had eight goals and four assists for Petes, while L. Ball had two and five, with Gary Kearns counting four with one assist. Goalie Carl Simmons rushed and scored twice. Lou Pearl got one. For Lions, Woodcock, Leach and the Sutherlands worked hard. Teams:

Petes: Kearns, McDougall, Ball, Simmons and Pearl.

Lions: Leach, J. Sutherland, D. Sutherland, Woodcock, Morgan, Ferrien and Reid.

N. Cournyea scored four for Tigers with Frizzelle and J. Peirson getting one each. Bob Kingdon went well in goal, Sam Lagana counted a pair for Buffalos, and Keating, Heard and Clarke had one apiece. Teams:

Tigers: Carleton, Frizzelle, Cournyea, Whitton, Perry, Phillips, Cairns, Peirson, Kingston and Bolam.

Buffalos: Simmons, Keating, Lagana, Loucks, Heard, Ryan, Clarke and Macklin.

In tadpole play, Royal Spitfires and Rockets went to a 5-5 tie. Goal scorers for Spitfires were Don Masterianni and Len Hickson with two each and M. O'Connell with one. For Rockets, Rich Anthony got a pair and Terry Davis, Gord Perry and Ferguson one Teams:

Rockets: Anthony, Davis, Perry, Jay, Martin, Ronald, Casey, Stevens, Faulkner and Ferguson.

Spitfires: Hill, Masterianni Pace, Hickson, Mahoney, Heffernan, O'Connell, O'Rourke, Phillips, Londerville, Donohue.

Kawartha Golf News

By JERRY SEABROOK

Club members are requested not to forget their "Kawartha Lakes 18 Hole Amateur Golf Tournament" come Civic Holiday, August 2. Three handicap flights are to be run off, 1 to 9, 10 to 20 and 21 to 32, for a group of prizes valued at $500. Two trophies are to be contested for also; the Schneider Trophy for annual team competition and the Walker Trophy for low gross competition. These trophies and prizes are to be displayed in Ed Riley's window in the near future. Posters outlining information and regulations concerning this tournament are posted at the club.

The entry list also posted at this time, and those members wishing to participate (who wouldn't for those prizes?) are urged to sign up before July 27. The draw is to be made on the 27th and any of our players who do not sign the entry list and wish to play in the tournament, will have to take their chances with the post entries. Let's all get in there and make this third tournament our biggest and best ever.

The Club championship draw is to be posted this week-end. All players in this competition are requested to stay within the playing dates for all rounds. We don't want these matches to interfere with the city championship matches in the late summer.

Noticed the "handicap boys" sharpening the axe last eve Better watch that July 18 deadline you "Men's two-ball competition" boys.

FAMILY COURT Judge P. James Pellecchia, Jr., Newark, N.J., is shown above, when he was selected as "The best-dressed judge in America" last year. His Honor has been arrested, charged with embezzling $630,000 from the Columbus Trust Company of Newark, where he was a vice-president and counsel.

Famous Greyhound Evokes Memories of Racing Fans

By ALAN HARVEY
Canadian Press Staff Writer

LONDON, July 16 (CP). — Priceless Border retires at three years of age, joining Mick the Miller in greyhound immortality and leaving the question of their relative greatness unsettled.

The mantle of "wonder dog" of the present generation rests lightly on Priceless, winner of his last 11 starts including the 1948 Greyhound Derby, but to fans of two decades, Mick the Miller is still the champ.

They'll never transfer their allegiance from the ugly duckling of a dog who lived wild in a small village, then found his flying feet on London tracks to make a £30,000 ($120,000) fortune for his owner.

Mick made greyhound racing in Britain. He won 51 races out of 68 starts, including 19 in a row. His name became a household word. In the canine world only Rin Tin Tin had a greater fan mail. For here was a dog with racing brains, a lean, strong-shouldered animal who apparently delighted in "stealing a race on the wire after threading his way through the field.

Death Publicized

When he died at 14 years of age newspapers devoted columns to his obituary. His remains were preserved at a museum in Kensington. Thousands went for a last look at the "almost human" greyhound who won his last race at five years of age—equivalent to 35 in a human being.

Originally owned by a shy priest who spurned all publicity, Mick started in obscurity. But one night in 1929 Mick won the Easter Cup at Dublin, and the priest — Father Brophy — was talked into entering his charge in the Greyhound Derby at London's White City. Irishmen wagered £2,000 on Mick at odds of better than 12-1.

In the first Derby heat at London, Mick ran 525 yards in 29.98 seconds, becoming the world's first greyhound to break 30 seconds for the distance. Bids for Mick the Miller came from all sides, bookmaker Albert Williams finally clinching the deal for £800. Mick won the Derby in characteristic fashion, dawling behind others runners until the last few yards and producing just enough to win by inches.

So much for Mick the Miller, still a legend wherever greyhound fans gather. Today the living idol is Priceless Border, out of racing now, but worth at least £50,000 in stud fees to his owners.

Local Lacrossers Defeat Port Hope

The intermediate Petes had more experience and took a 13-4 lacrosse win from Port Hope at Miller Bowl on Wednesday. The losers tried hard and missed several goals through being overanxious. All the Petes look good in a fair fray. The Caravaggie boys teamed up for the first goal and N. Caravaggie aided in another one by Renwick. McMaster made it 3-0 but Saunders got one back for the visitors.

Hill counted two, Cartier one and McMaster one in the second, the latter and N. Caravaggie also getting an assist each. Cancilla tallied in the third for Port Hope, and Crowley, Cartier and McMaster scored on solo tries for the locals. In the fourth, Crowley, A. Caravaggie and Hill shot in Petes' goals with Crowley having an assist, while Brandwood and Hagerman tallied for the losers. Nine penalties were handed out, six to Port Hope. Teams:

Port Hope: Goal, Lewis; defence, W. Snyd and G. Snyd; centre, R. Saunders; wings, B. Saunders and L. Smith; rover, Brandwood; alternates, Spence, Murray. Abrams, P. Smith, Hagerman, Cancilla, Jarvis and Ross.

Petes: Goal, Hickson; defence, Renwick and MacDonald; centre, A. Caravaggie; wings, N. Caravaggie and Lynch; rover, Cartier; alternates, Willis, McMaster, Crowley, Hill, Hudson and Roach.

Referee, D. Miller, Jr.

Midget Lacrosse

Americans beat McGillis 6-2 as Cavanagh's blanked Comstock's 12-0 in midget lacrosse matches. Heffernan, Smith and Martin were best for Americans and Gooley, Killen and English for McGillis. Heffernan had five of the winners' goals in this game. In the other tussle, Brioux, Telford, Collins and Floyd stood out for the Cavanagh crew, while Brennan and Dunn were pick of the short-handed Comstock's. The winners' scorers were: Brioux 4, Collins 3, Telford 2, Brown, Daniels and Davis. Thes teams:

Americans: Heffernan, McIlmoyle, McConnachie, Smith, Kimball, Jones, White, Cavanagh, Collins, Martin and Cook.

McGillis: English, Rogers, Davis, Killen, Gooley, Dewar, Withers, Bertrand, Armstrong, Tobin, Kelly, Clement, Nicholls and McTague.

Cavanagh's: Brown, Curtis, Daniels, Brioux, Floyd, Collins, Telford and Davis.

Comstock's: Haslett, Brennan, Hope, O'Dette, Smith, Deck, Dorris, Dunn and Williams.

Games Monday, starting at eight: McGillis vs. Comstock's and Cavanagh's vs. Americans

BEN WHITE, the 74-year-old reinsman who has won four Hambletonian stakes, hopes to make it five on Aug. 11 with Adeline Hanover, pictured with him at Goshen, N.Y., scene of the classic.

OYSTER ON TREES

Oysters grow on trees in regions where they attach themselves to mangrove tree roots and are exposed at low tide.

Think Stranahan Likely To Take Golf Title Again

HAMILTON, July 16.—(CP).—The obvious stop-Frank Stranahan sentiment among spectators at the Canadian golf championship on the nearby Ancaster course doesn't appear likely to bring any concrete results.

The 26-year-old golfing ace from Toledo, O., rules as odds-on favorite to take the championship back to the United States for the second successive year, as a companion piece to the British amateur title he won earlier this year.

Stranahan Thursday downed a fellow American, Doug Ford of New York City, two up in a tough match and then went on to dispose of a Canadian hope, Gil Walker of London, Ont., in the fifth round.

But there isn't much support for Stranahan in the galleries. Spectators who follow him loudly applaud shots by his opponents. But most of his shots, even when spectacular, are greeted by chilly silence.

Ford played a remarkable game. Twce he came from behind to even the match. But Stranahan's consistent pressure proved too much and finally the New Yorker gave way on the 17th and 18th holes.

McElroy played brilliant golf to send Bill Thompson of Guelph and Gerry Kesselring of Kitchener to the sidelines. He sent down Thompson 4 and 3 in a morning match and then took a two-up win from Kesselring. The 21-year-old Vancouver lad was runner-up to the 19-yearold Kesselring in the Canadian junior championship two years ago. Officials said they were the youngest players ever to meet in a quarter final match in the Canadian amateur.

Remember, the Palmolive Plan was tested on women of all ages and types of skin. Dry! Oily! Normal! Young! Older! And 2 out of 3 gained new beauty in just 14 days—no matter what skin care they had used before!

Every woman who longs for a lovelier complexion should start this Palmolive Plan today!

DOCTORS PROVE PALMOLIVE'S BEAUTY RESULTS!

P.S. For Tub or Shower—Get the NEW, Big, Thrifty Bath Size Palmolive!

CANADIAN GIRLS who will compete in the Olympics in England are Donna Gilmore, left, and Diane Foster, both of Vancouver. Departure for the Canadian Olympic team was full of confusion as their boat train was held up because of threatened railway strike.

Britain Votes To End Certain Death Penalties

LONDON, July 16—(CP).—The House of Commons voted Thursday night to abolish the death penalty for certain categories of murder.

The measure, carried 307 to 209, will go to the House of Lords which recently turned down a Commons proposal for doing away with the death penalty entirely for an experimental period of five years.

The measure was a Government compromise. It gained approval in spite of objection of the Conservative Opposition led by Winston Churchill. In effect, it establishes two degrees of murder.

It provides that the death penalty may be imposed in cases of murder committed "with express malice," a point to be determined by juries. And it allows execution in cases of murder resulting from crimes such as robbery and rape, resistance to arrest, "systematic poisoning" and escape from prison. Under the new proposal, death penalties would not be imposed for "mercy killings" or murders committed in the heat of passion.

"Act Of Inhumanity"

The Opposition objected to separate categories and wanted to continue the present practice of retaining the death penalty and reprieving murderers in suitable cases by the King's prerogative.

During the debate Churchill described as an "act of inhumanity" the execution of three West Africans a few months ago after they had been brought three or four times to the scaffold.

"This was the most cold-blooded execution in my experience. I would never have allowed it in any government for which I was responsible," he said.

The Africans had been found guilty last December of the murder of an African sub-chief in 1944. Their execution was postponed several times.

Churchill said he could not understand how Labor members who acquiesced in the West African executions — "this grim deed" — now believed that their consciences were outraged at a suggestion that the death penalty should be retained.

The same Commons, he added, had been responsible for the non-execution of the "brutal lascivious murderer" of Gay Gibson, an actress, who had been raped and then pushed through a porthole to the sharks by James Camb, a steward on the liner

The reprieve was granted by Home Secretary Chuter Ede after the Commons had decided last April to abolish the death penalty for murder in Britain.

AFTER HIS ARRIVAL IN THE UNITED STATES, Count Folke Bernadotte, U.N. mediator in the Holy Land, confers at Lake Success, N.Y., with Dr. Dmitri Manuilsky (left), Ukraine, president of the United Nations Security Council. Later, the count told the council that it must order the Jewish-Arab war ended at once.

Unknown Slayer's Careless Slip May Solve 19-Year-Old Murder

CALGARY, July 16 (CP) — A careless slip by the unknown slayer of Thomas Charles Hall may lead to the eventual solution of the 19-year-old murder and the killer's apprehension.

While police widened the scope of their investigations in search of new clues, officials pointed out that the body might have remained hidden for years if two floor joists had been replaced.

Body of the six-foot, heavily-built teamster was found hidden last Saturday under the bedroom floor of a five-room cottage in northwest Calgary. Examination of a weak spot in the floor by a new owner of the building led to the discovery. The floor had been weakened through removal of two sections of joists to allow entry of the body.

Fred E. Hall of Cadillac, Que., identified the body yesterday as that of his father. He made the identification without hesitation although he last saw his father in Calgary about 1923. Eldest son of Mr. and Mrs. Hall, he parted with his father when his parents separated in 1923.

It is believed Mrs. Camilla Rose Hall, who has been separated from her husband since 1923, will not be asked to identify the body. Mrs. Hall flew here voluntarily to be interviewed by police immediately she learned of the discovery of her husband's body. She now is working as a housekeeper for a Vancouver family.

An autopsy of the body is expected to be performed today. Police said they hoped the autopsy would reveal the cause of two holes found in the head of the dead man. One is a jagged hole through the left temple, the other a small, round hole in the back of the head.

ONE DAY'S LIGHTNING

There are 44,000 lightning flashes all around the earth on an average day.

Australian Rifle Given Credit For NRA Victory

BISLEY CAMP, England, July 16.—(CP). — With Australian marksmen scoring many successes here this year and the Canadians so far without an important trophy to their credit, a little investigation disclosed the probable reason: It's the heavier Australian rifle.

The heavy-barrelled Australian rifle was believed to make for greater accuracy, especially at the longer range, than the lighter-barrelled Mark IV which is being used by Canadians for the first time in this year's big empire shoot of the National Rifle Association.

The Canadian rifle has required many adjustments as the shooting progressed. And these adjustments are made daily in the Canadian camp, next door to the Australians.

The Aussies are believed certain to capture both the Grand Aggregate and the All-Comers Aggregate. Results won't be official until probably Saturday, but unofficial compilations show R. R. Parker of Australia leading the Grand Aggregate with 575 of a possible 605. H. H. Natt of Australia is leading the All-Comers Aggregate with 310 of 325.

Parker of Australia Thursday won the tie-shoot for the bronze medal, as winner of the first stage of the King's prize. He tied at 103 of 105 with Capt. R. A. Barzey of Wales and the veteran C. A. Vernon of England in the opener Wednesday and defeated them both in the shoot-off.

Buys Lend-Lease

WASHINGTON, July 16. — (AP).— The United States has sold Britain all lend-lease military equipment in British possession in western Germany and overseas territories, the United States State Department said Thursday night. Britain paid $7,000,000, which the State Department said was more than the United States could get by disposing of the material in any other manner.

GERMAN POLICE in the British sector of Berlin are pictured with black marketeers they arrested after a raid at the zoo station. They are being taken to police court for trial. In an effort to enforce money stabilization in that sector, the police have cracked down on the black marketeers.

Toronto Coal Prices Will Increase Monday

TORONTO, July 16 — (CP) — Retail coal prices here will rise again Monday. E. R. Lockyer, president of the Greater Toronto Retail Coal Importers' Association, Thursday said the increases will range from 45 cents a ton for rice coal, to $1.45 a ton on stove, egg and nut anthracite.

He said wholesale prices have just gone up.

Anthracite coal now retails at $19.40 a ton. The price Monday will be $20.85. Rice coal which now sells at $13.35 will rise to $13.80.

Believe Police Chief Kidnapping Big Threat To Austrian Liberty

By HUBERT HARRISON

VIENNA, July 16 (Reuters). — Many political observers in Austria believe that the case of Chief Inspector Anton Marek, Austrian police chief who was kidnapped by the Russians and detained on charges of espionage, is one of the most serious—and dangerous—political events which have occurred in the country since its liberation.

The facts of the case are these:

At 5 p.m. June 17 Marek, a 60-year-old detective-inspector employed in the Interior Ministry, left his office in response to a telephone call from a man speaking with a strong foreign accent.

He said he would be back shortly, made appointments for later in the evening, and left his office.

He did not return that evening, nor did he go home.

At 11:30 p.m. he telephoned his wife to say that he was delayed but would be home soon. But when she wanted to ask where he was the phone was cut off.

Inquiries Made

When he did not return the next morning, inquiries were started and Austrian Chancellor Figl asked the Russian Commander-in-Chief, Col.-Gen. Zheltov, for information, as there were indications that he might have been carried off by Russians.

Not until two days after Marek's disappearance did the Russian commander-in-chief reply, informing the Chancellor that Marek was under arrest by the Russians on a charge of espionage against the Russian occupation forces and adding that investigations were also being made into similar charges against other high officials of the Interior Ministry, who would be named later.

Breach of Agreement

In the eyes of the Austrian Government it is a breach of the control agreement, which provides that the Austrian authorities shall be immediately informed of the arrest of any of their citizens, with full information of the reason and the evidence on which it is based. In addition, it is feared to be the beginning of an attack on the Interior Ministry which may presage an attempt to destroy the independence of Austria.

In the "People's Democracies" under Soviet Russian domination, the Interior Minister is always a Communist, however small the party might be in that country. And it has always been from that ministry that the great "spy trials" have begun, trials which have weakened and eventually destroyed all other parties and finally brought the Communist party into complete control.

WMS Outlines Work Among Japanese

ROSENEATH, July 16—(ENS)—An outline of the work of the United Church of Canada among Japanese Canadian people from 1892 to the present day was the message brought to Roseneath WMS members at the July meeting led by Mrs. A. J. Campbell. The story was presented by Mrs. A. Halstead, Mrs. J. A. Nichol, Mrs. F. Lewis, Mrs. G. Mouncey and Mrs. A. Nill.

The meeting was held in Mrs. J. W. Pacey's home. The president, Mrs. R. C. White, presided and conducted the devotions.

A letter from Miss Isa Lewis was read thanking the society for their parting gift as she returned to England.

Mrs. Nichol, treasurer, reported $100 for first half of year of allocation remitted to provincial treasurer.

The program announced by Mrs. Campbell included songs by Lynn Pacey and Dale Braithwaite and a musical contest arranged by the convener and won by Mrs. White and Mrs. Lewis.

Visitors present from a distance were Mrs. George Campbell of Bergen, New York, and Mrs. A. J. Dorian of Toronto.

Prepare For Strike

MONTREAL, July 16.—(CP).—Members of the United Electrical, Radio and Machine Workers of America (CIO) Thursday prepared for strike action in three Montreal companies following a breakdown of negotiations for higher wages last Monday. In voting for a strike, members did not set any definite date and asked for "personal intervention" by Labor Minister Barrette.

Gets Four Years

BIRMINGHAM, England, July 16.—(AP).—A judge, sentencing Bernard Pitt, 25, to four years in prison Thursday on a manslaughter charge, said: "You gave way to a passion of violence far in excess of what the situation required." Pitt was accused of beating Leslie Harold Wood to death in a fight over three pence (five cents) dropped on the floor of a bus.

THE DOOR OF Anthony D'Amelio's butcher shop in New York City is closed and locked with signs in all windows proclaiming the owner's views. D'Amelio, an ex-GI, said "I was just ashamed to stand behind the counter and raise prices every day. I felt like a thief."

Miss Wenda Jaquith, 204 Birdsall St., will be a guest of Mr. and Mrs. W. T. Shaver at Kingston this week-end.

✧ ✧ ✧

Mr. and Mrs. Frank Clark of Liverpool, Ohio, have been holidaying with the latter's parents, Mr. and Mrs. John Fausett, Murray St.

✧ ✧ ✧

Miss Joan Simpson, 47 Conger St., and Miss Jean Hagger, 588 Wolfe St., spent a week of their holidays at Wasaga Beach.

✧ ✧ ✧

Miss Vera Mitchell, Aylmer St., has left for Liverpool, Ohio, where she will spend a two-week vacation, the guest of Mr. and Mrs. Frank Clark.

Florence M. Leach R.O.
GRADUATE OPTOMETRIST
New Location
406½ George
3 DOORS NORTH OF HUNTER STREET ON THE EAST SIDE

Mrs. G. Munro of Havelock has been spending a few days visiting Mr. and Mrs. W. Boyce.

✧ ✧ ✧

Arthur Hopkinson, son of Mr. and Mrs. W. O. Hopkinson, 2 Maniece Ave., is celebrating his seventh birthday today, July 16, and is entertaining some of his friends at a party.

✧ ✧ ✧

Mr. and Mrs. W. J. Smith, 254 Mark St., spent their holidays with the former's brother, Mr. Thos. Smith, at their cottage on Loon Lake.

✧ ✧ ✧

Mr. and Mrs. Percy Cottom of Toronto have moved into their newly built summer home on Perry's Creek, overlooking Stony Lake at Burleigh Falls.

✧ ✧ ✧

Mr. and Mrs. Ken Nesbitt, 704 Armour Rd., with their son, Owen, have just returned from Bobcaygeon where they have been holidaying for the past two weeks.

✧ ✧ ✧

Mr. Owen Bailey of Milton was a guest at the home of Mr. and Mrs. J. Hopcroft, Armour Rd., for a week.

✧ ✧ ✧

Miss Helen Scriver and Mr. Bob Scriver, 164 Aylmer St., are holidays guests with Mr. and Mrs Martin at Bancroft.

✧ ✧ ✧

Mr. and Mrs. Ronald Seabrooke and son Douglas, 310 Maitland Ave., have just returned home after visiting with the former's sister and family, Mr. and Mrs. Jack Kingdon of Sarnia.

✧ ✧ ✧

Mr. and Mrs. George Northam, 479 Monaghan Road have as their guests Mr. and Mrs. J. McGregor Noyes and two children, Bill and Peggie Jean, of Elizabeth, N.J.

✧ ✧ ✧

Guests for the past two weeks with Mr. and Mrs. Wm. Nash, 294 Burnham St., were the latter's sister, Mrs. Maurice H. Reid of New York city, and three children, Peggy, Ramsay and Jimmy.

✧ ✧ ✧

There's grace and charm in the big hat with the brim that curves up softly in front and dips in back. This is the line taken by an open crown model of coffee-colored Milan straw, the curving brim edged with ruchings of wheat-colored nylon net, and trimmed under the brim with sprays of wheat held by a coffee-brown velvet bow.

THIS THREE-PIECE black wool ensemble for autumn is the type of dress any woman would not only find useful but most ornamental. Embroidery on the yoke of the simple black silk blouse carries out the theme of the jacket, which has a detachable pocket that can be worn separately as a dinner bag.

Miss Joyce Simpson, Conger St accompanied by Miss June Mahood, Water St., spent several days holidaying in Toronto.

✧ ✧ ✧

Guests of Mr. and Mrs. Robert C. Simmons, 786 Armour Rd., this week are Mr. and Mrs. Don Mann of LaSalle, Illinois.

✧ ✧ ✧

The Misses Patricia Shewell, Peggy McKinney and June Brooks were among the vacationers at Wasaga Beach for a week of their holidays.

✧ ✧ ✧

Mr. and Mrs. Orval L. Smith, 216 Woodbine Ave., have been away on vacation and visited friends at Brighton and at Bobcaygeon.

✧ ✧ ✧

Mr. and Mrs. Raymond Clements and daughter Pam of Riverside Drive, accompanied by Mr. and Mrs. Hilliard Clements of Warsaw and Mr. Watkins of Otonabee have ben visitors to Detroit, Michigan, for a few days.

✧ ✧ ✧

Mr. and Mrs. E. George Brown and daughter Joyce Elaine, 9 Charles St., are in Toronto today attending the Smith-Stockey wedding at Kingsway Lampton United Church. On return, they will be at their cottage in Kawartha Park, Clear Lake, for the balance of the summer.

✧ ✧ ✧

The engagement has been announced of Mary Doreen, eldest daughter of Mr. and Mrs. J. Hutchison of Peterborough, to Laurance Walter Coulter, son of Mr. and Mrs. Alfred Coulter of Millbrook. Their marriage will take place on Saturday, July 17.

✧ ✧ ✧

The engagement of Katherine Cecelia, daughter of Mr. and Mrs. Richard Kelleher of Hastings, to Thomas John Turpin, son of Mr. George Turpin and the late Mrs. Katherne Turpin of Cobourg, has been announced. Their wedding will take place the latter part of July at Our Lady of Mount Carmel Church, Hastings.

✧ ✧ ✧

Golfers Enjoy Tea Hour

Kawartha Golf Club ladies enjoyed a specially delicious tea Thursday after their weekly field day competitions. Mrs. Don Lamonte presided over the tea urn and Mrs. John McMillan and Miss Barbara Siddall assisted to serve. Low net winner for the 18-hole competitions was Mrs. Chas. Shaw and Mrs. Lionel Brown had the best score on par three holes. Nine-hole competition winner for the day was Mrs. John McMillan. Twenty-eight business girls played after tea and the winner for low net and low score on even holes was Miss Mel Traviss.

✧ ✧ ✧

Norma Cain Honored

Mrs. F. W. Burnham, 5 Cricket Place, entertained Thursday evening at a miscellaneous shower for her niece, Miss Norma Cain, a bride-elect of this month. The house was decorated for the occasion with bouquets of snapdragon and phlox. Gifts were placed in a large parcel and had streamers coming from the ceiling attached to each. The lace-covered table was centred with a bouquet of cornflowers and daisies. Guests were Mrs. M. Coward, Mrs. F. Hall, Miss Mary and Jimmie Hall, all of Keene; Mesdames K. Burnham, F. Willison, R. Kingdon, F. R. Samis and Miss Ora Cain. Those unable to attend who sent gifts were Mrs. George Vaughn of Toronto, aunt, and Mrs. E. Cain of Pontypool, grandmother; also Mesdames M. Kempt, C. Allison, George Thorne and A. Thorne of Peterborough. Contest winners of the evening were Mrs. F. R. Samis and Mrs. Ken Burnham. Lunch was served by the hostess and friends.

✧ ✧ ✧

Heads Business Women

REGINA, July 16—(CP)—Ruth McGill of Regina Thursday night was elected president of the Canadian Federation of Business and Professional Women's clubs at closing sessions of its 11th Biennal convention. The prominent lawyer and alderman, a former vice-president, succeeds Miss Margaret Hyndman of Toronto. Provincial presidents elected include: Ontario, Lilian McNab, Hamilton.

✧ ✧ ✧

Guests At Kawartha Club

Fourteen ladies from the Port Hope Golf Club were entertained by Kawartha lady golfers Wednesday. For afternoon tea, served in the club room, the table was centred with a silver bowl of tall blue delphiniums and hydrangea blooms. Mrs. F. M. Somerville poured tea and the assistants were Mrs. John McMillan and Mrs. N. Hamley. The out-of-town guests were Mrs. A. K. Schultz, Mrs. R. E. Sculthorpe, Mrs. D. Ingram, Mrs. M. Bracklebury, Mrs. D. Smart, Mrs. C. Smith, Mrs. H. O'Neill and Mrs. P. McElroy, all 18-hole players, and Mrs. F. Johnston, Miss M. Smith, Mrs. George, Mrs. Fraser, Mrs. E. Little and Mrs. Foote, who played in the nine-hole group. Peterborough won the 18 hole competition with 17½ to 14½ points, and Port Hope ladies won on nine holes, six to three.

Can Be Easy Supper Outdoors If Well Planned

One of the real pleasures of summer is eating outdoors. Meals served on verandah or lawn seem somehow to taste twice as good as the same food eaten indoors. After a warm day, supper in the open air as the cool of the evening begins to come, makes tired business people, whose vacations are all over, or still to come, feel much less out of humor with the world.

Since outdoor meals mean more steps from the kitchen and base of supplies, it is wise to arrange matters so that there will be as little popping up and down and running back and forth as possible. With a little thought to the menu, it's quite simple. Here are some suggestions:

A big casserole of macaroni with cream sauce and cheese;
or Scalloped potatoes
Bowl of mixed green salad
Rolls, butter
Berries with cream
Cookies and iced tea.

To save work, use tinned macaroni, emptying several into a casserole, top with bread crumbs and heat in the oven.

Place the salad on the table beside plenty of rolls and butter, and the hot casserole, and let each one help themselves. A pile of plates, cutlery and napkins will also be set out. Fill iced tea glasses and leave a pitcher full, ready for refills. A small side table can hold the dessert until ready for it, and also be used as parking space for the first course dishes.

With everything right at hand, the housewife can be seated and enjoy the meal with her family in serenity and coolness.

BEAUTIFUL FABRIC

Brocade is the word given to richly-decorated fabric with a slightly-raised pattern, often woven with gold, silver, or gilt-silver thread.

FIFTY CHILDREN IN COSTUME and as many not attended the special playground day at Confederation School this week. Shown above are some of the winners: Billy Simmons of King George St., all dressed up in a deck of cards, won first award. In the Centre is Paul Stevenson, also of King George St., and on the Right is Barbara Parks.

Hat and Matching Gloves Something New In Fashions

Are you out for something new? Then you'll like the hat and matching gloves of linen featured by one designer. She uses aquamarine blue linen for a neat little hat with a shallow crown that dips close to the left cheek, and a brim that lifts sharply over the right ear. It is trimmed with bands of self cording. Gauntlet gloves to match. Nice with a dark sheer frock or suit.

✧ ✧ ✧

It isn't easy to by-pass polka dots, and who would wish to, with such pretty styles? Navy and white dotted silk is used for a charming ensemble. The dress has an enormously full ballerina skirt and a softly tied high neckline. With it is a fitted jacket in sulphur yellow woollen with small collar, high, rounded revers and broad cuffs of the dotted silk.

✧ ✧ ✧

Creeping in amid the wide skirts is the pencil-slim silhouette. Designers returning from abroad cite the return of the slim skirt slit up the front. A beautiful dress, pencil slim, is of black silk sheer crepe with high, rounded neckline and elbow-length sleeves. Alencon-type lace makes a peplum in front which descends in a soft diagonal line in a panel to the hemline in back. Hemline is also lace-edged.

✧ ✧ ✧

Year 'round favorite, that's faille. Black faille is used for a well-defined coachman's coat, with a triple capelet and double breasted closing.

✧ ✧ ✧

The wise woman has at least one dress of summer weight wool in her wardrobe, usually in a pasted. With our summer weather what it is, a two piece dress or suit in one of the many summer colors is a good idea.

✧ ✧ ✧

Linen goes lavish with beautiful touches for late summer afternoon wear. Pale gray Irish linen makes an exquisite frock. The skirt is soft and full with casual hip pockets. The bodice is snugly self-buttoned up to collar with deep points and is embroidered in big and tiny pearl beads surrounded by sunbursts of tiny rhinestones.

✧ ✧ ✧

Flattering to almost every type is pink, and so there's a big defrock, ideal for country club wear hats for day, evening and casual wear. Candy-pink Irish linen makes a charming afternoon mand for pink dresses and pink It has a shirt waist bodice and deep Quaker collar which has wide pointed insets of matching pink-dyed lace and embroidery Bodice fastens with pearl ball buttons, and skirt is full below a tailored self belt.

Shower Is Given MissDoreenHardy

CAMPBELLFORD, July 16 — (ENS)—More than 30 guests attended a shower held at the home of Chief of Police George Hardy on Wednesday evening, in honor of Miss Doreen Hardy, daughter of Mr. and Mrs. Roy Hardy of Campbellford, who is to be married on July 26 to Gordon Lucy, son of Mr. and Mrs. George Lucy, also of Campbellford.

The event took place on the lawn at the Hardy home, and gifts included numerous beautiful and useful articles.

Serving refreshments were Joyce Spencer, Frances O'Roy, Shirley Stephens, Verna Hardy and Gladys Little.

The guests were entertained with games and contests, following which there was square dancingon the lawn, to music supplied by Carl Barton and Helen Young at guitars and Peter Monaghan on the violin.

Among the guests were: Mr. and Mrs. Roy Hardy, Mr and Mrs. Sam Hardy, George, Albert and Nelson Hardy, Myrtle and Helen Hardy of Morganstown, Mr. and Mrs. Carl Barton, Mr. and Mrs. Peter Monaghan, Mr. and Mrs. Frank Osborne, Mrs. E. Little, Mrs. Fred Rabethge, Mrs. Ernest McKeel, Mrs. George Lucy, Mrs. Earl Redden, Mrs. Wally Clark, and the Misses Shirley Stephens, Lorraine Oliver, Geraldine Peake, Frances O'Roy, Joyce Spencer and Gladys Little.

DOROTHY DIX

Confining Routine Duties Overburden Young Parents

DEAR MISS DIX: We are a young couple who have just recently bought a car and my husband works on it every night in the week. That I don't mind, but when Saturday comes I think I am entitled to a bit of his time, but I don't get it. Saturday night and he is out again, and if I can't get a baby - sitter, which I generally can't I have to sit up and watch the baby breathe.

My husband says that he works day and night and is entitled to some relaxation. Well, I work day and night too. You can't get away from it with a six-month old baby. On Sundays I like to go out, but my husband is tired, so we stay at home. But by Sunday night he is rested and ready to go off again and I am left alone Last night when he came home I asked him for some money, so I could stepout, even if I had to go by my lonesome. All he gave me was a quarter.

Please, what am I going to do? We are both young and I love him so much and I don't want to break up our home, but I can't stand being cooped up much longer.

DESPERATE

✧ ✧ ✧

ANSWER: Read it and weep. If there is anything more pitiful than the ordeal which a boy and girl go through when they marry when they still are mere children and before they have had any playtime of life, I don't know what it is.

Still Want Fun

For youth will be served, and the mere fact that they are married doesn't make them old and tired. They are still kids, wanting fun and excitement. Their feet ache to dance. They want to go places and see things. They are not ready to settle down and get all of the pleasure and amusement they crave in walking the colic, fixing baby formulas, changing diapers and cooking and washing and scrubbing.

And it is harder on the wife than it is on the husband, because he, at least, spends his days in contact with other men, while she is shut up in a litle two-by-four apartment. And a man can always put on his hat and go out and seek amusement, while the wife is tied to the baby's cradle.

Yet that is the fate of couples like this one, who married too young, before they have had their fling. And there is nothing they can do about it, except act as AWFUL WARNINGS.

✧ ✧ ✧

DEAR MISS DIX: I am a good friend of a girl who is soon to be married. She has her trousseau and even the bridesmaids' dresses made and all the wedding arrangements are completed. But this girl's intended husband secretly is going with a girl who is employed where he works. He goes out with her on the nights that he is not with his fiance. I know, on good authority, that he has no intention of quitting this girl after his marriage.

Should I tell the bride-to-be about this matter? And, if so, how shall I go about it?

A FRIEND OF THE BRIDE

✧ ✧ ✧

ANSWER: If you have any affection whatever for the girl, you certainly should go to her at once and tell her frankly and honestly what you know, and so save her from marrying this dastardly man. No doubt it will be a great mortification to the bride-to-be to have her wedding called off at the last moment, but it will not be such a heartbreak as it would be to find out that even before marriage her husband betrayed her.

Certainly a man who would do such a thing is an unspeakable heel.

✧ ✧ ✧

DEAR DOROTHY DIX: I am 17 years old and have a child who is four months old. My husband is 35 years old and now says that I am too young for him. He says the best thing for me to do is to take my baby and go home to my mother. Miss Dix, I love this man and I will die if he ever leaves me.

How can I hold on to him and still be happy?

BROKEN HEART

✧ ✧ ✧

ANSWER: You had better take your husband's advice, because when a man is so tired of his wife that he bundles her up and sends her and the baby back to her mother, he proves indubitably that he not only has no affection for her and feels no responsibilty for her and the baby, but is determined to rid himself of them.

You won't die. Love isn't a fatal complaint. You still are a child and you will get over him and marry somebody else and be happy.

THE STARS SAY . . . .

By GENEVIEVE KEMBLE

For Saturday, July 17

The astral intervention on this day is designed to provide a tincture of charm, beauty, inspiration and idealism into realistic endeavors already well established on firm bases. It is probable that a touch of the idealistic and subtle might enhance all prospects built upon creative ideas tinged up by the mysterious or intriguing. Secret agreements or clever tactics might be brought into the open by direct objective actions father than crafty undercurrents.

For the Birthday

Those whose birthday it is, may find themselves disposed to resort to the finer and more subtle approach in assisting objective and forthright propositions. Ideals and intuitions might combine to appraise very sordid and realistic values.

Secret agreements or undercover understandings may be shrewdly applied to promote established projects. The element of charm, beauty, magnetism or highly developed emotional appeal might be brought to bear, where cruder tactics fail Impressions, "hunches" and feelings may have real value when prudently applied.

A child born on this day may have well-developed intuitions or inner leads of an emotional or spiritual force. It may gain its ends by subtlety, intrigue or glamor rather than crass realism.

Hastings News

Mr. and Mrs. Gordon Scriver, Peterborough, spent the week-end at their home in Hastings.

Bdr. and Mrs. A. Nelson, Picton Artillery Camp, spent the week-end with their parents here.

Mr. and Mrs. Olley and family, Scarboro Bluffs, are camping in Hastings.

Week-end guests of Mr. and Mrs. L. Potten were the latter's brother, Charles Lyne, and sister, Mrs. N. Hope, with children Dianne and Harry, all of Toronto.

Miss Ruth Ball, Peterborough, spent the week-end at home.

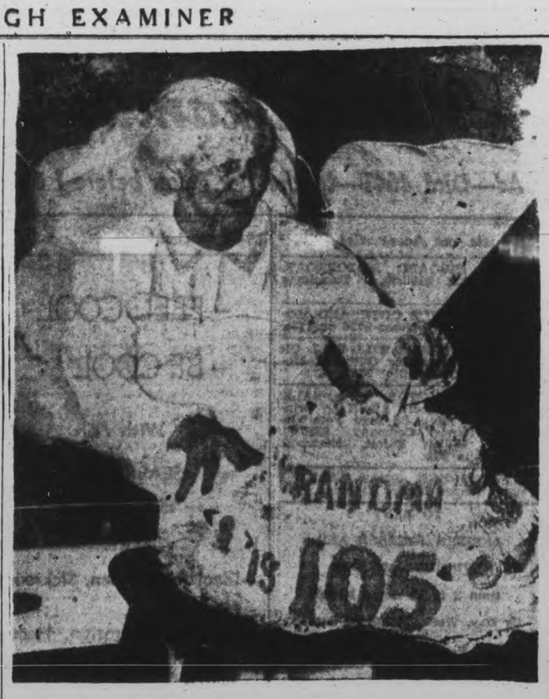
Miss Dora Kellogg is vacationing in Hamilton with her grandmother.

Mrs. Phillips, who has been a patient at Peterborough Civic Hospital, has returned home.

Mr. and Mrs. H. Morris and daughter, Toronto, are vacationing in Hastings.

K. Lloyd, Toronto, spent the week-end at his home here.

Guests now staying at J. McGregor's Bonnie Brae cottages are: Mr. and Mrs. K. R. Jones, Mr. and Mrs. S. Aneshansby and family, Mr. and Mrs. R. A. Lashly, Mr. and Mrs. H. J. Hankit, all from Canton, Ohio; A. Graham, Mrs. Clarke, Mr. and Mrs. L. Lewis, Mr. and Mrs. G. Lewis, Mr. and Mrs. Murray McGregor and family, all from Toronto; Mr. and Mrs. O. Herman and family, Alvin Ferrell, of Massillon, Ohio; Dr. Robert Swager and Mrs. Swager, Mr. and Mrs. Wm. Swager, of Canal Fulton, Ohio; Dr. E. E. Scott and Mrs. Scott, of Cuyakaya Falls, Ohio.



STILL ABLE TO READ without the aid of glasses, Mrs. Eliza Dent, a native of Devonshire, England, who recently celebrated her 105th birthday in a Pittsburgh nursing home where she now lives. Her friends held an advance celebration during which Mrs. Dent was presented with a huge birthday cake. With a remarkably steady hand, Mrs. Dent is pictured here as she cut into the birthday gift.

Mrs. L. E. Kelly has received word of the death of her aunt, Mrs. S. McKenzie, of Columbus, Ohio.

Jack Stewart of Foxboro visited his grandmother, Mrs. John Dainard, on Sunday before going to Vancouver to join the navy.

Mr. and Mrs. G. Beamish and daughter Jocelyn of St. Catharines visited Mr. and Mrs. C. Beamish over the week-end.

Mr. Shaw from Campbellford, Mary Bradshaw from Grafton and Mr. and Mrs. R. M. Mossom of Oshawa visited with their sister, Mrs. Feltwell.

Miss Isabel Beamish, Toronto, is vacationing with Mr. and Mrs. Don Beamish.

Mr. and Mrs. Gordon Dickie and daughters Helen and Lois attended the Dickie reunion at Belleville.

Mr. and Mrs. Harold Stewart, with child Carol and Joyce, and Mr. and Mrs. Jack Hill and Susan, of Foxboro, spent Sunday with their mother, Mrs. John Dainard.

Cliff Howse, Toronto, spent the week-end with his family here.

Mr. and Mrs. Haig Sr., Toronto, spent the week-end at their cottage.

Miss Betty Dainard is confined to her home because of blood poisoning in her foot.

Misses June and Doris Clark are spending a vacation with their aunt, Mrs. W. Dugan, and cousins at Warkworth. Mrs. E. Clark and three sons visited them on Tuesday.

Mr. and Mrs. Charlie Chamberlain and children, Toronto, visited Mr. and Mrs. W. Abbott over the week-end.

Mr. and Mrs. E. Clark and family, Mr. and Mrs. Varty and family, spent Sunday at Sandy Lake.

Miss Maxine Reel of Pudash Lake is vacationing with aunt, Mrs. Varty.

Mrs. Mann and family, Toronto, visited her sister, Miss Dorothy Parker.

Miss Loraine Whitred has returned home after spending two weeks with Darleen Johnston of Percy Township.

Harry Porter, Windsor, is a guest with Mr. and Mrs. E. Richardson.

Mr. and Mrs. Marvin Preston, Bill Preston, of Peterborough; Mr. and Mrs. Don Rutherford, Muriel and Elaine, of Campbellford; and Mr. and Mrs. Basil Johnston, Darleen and Janice, all spent Sunday at Deer Lake.

EVOLUTION OF THE HAT

The modern hat was evolved from a close-fitting cap worn by captives from Palestine and Assyria, and by various deities of the heathen tribes.

EASILY PRESERVED

Wheat may be kept as long as 22 years and still make good bread, if it is properly stored.

"FLEXI-FLOR"
Quiet Floors of Resilient Rubber
A rubber floor provides the most comfortable surface you ever walked on leaving you full of pep at the end of the day.
A rubber floor is quiet absorbing sound and making footsteps "whisper."
You don't have to go around worrying about stains —water —fire, or dirt.
Rubber floors adapt themselves to any room. The colors are "built-in." They give you a "fourth dimension" when you interior decorate your home.
A rubber floor will never wear out rubber floors in constant use in public buildings for 15 years show no signs of wear.
FOR FREE ESTIMATE PHONE 20441
FLEXI-FLOR is the only Rubber Flooring made in 36-inch wide sheeting, and in tiles assorted sizes.
FLEXI-FLOR — long wearing and resilient flooring gives the discriminating buyer . . . Service, Quietness and Underfoot Ease. There's real pleasure—for years and years — in FLEXI-FLOR RUBBER FLOORING!
A PRODUCT OF MODERN SCIENCE
Old Mother Nature presented us with a truly useful material, the milk of the Rubber Tree. This wonderful gum gives the world a substance . . . waterproof — elastic — resilient — sanitary — practically acid proof—almost WEAR PROOF. Modern Science using Nature's product of the ages has given us . . . FLEXI-FLOR — the MODERN FLOORING!
ADAPABILITY
FLEXI-FLOR is a modern, universal covering. Easy to install, there is no end of opportunities and places for its use. Its flexible, pliant characteristics permit it to be used in all type of construction — new or old, wood or concrete, smooth or rough — with asphalt underlying felt. Always lays flat — SAFE AND SURE UNDERFOOT!

ANNOUNCEMENTS

Births - Engagements - Marriages - Receptions - Deaths - In Memoriam - Cards of Thanks - Florists - Funeral Directors - Monuments - Coming Events - Personals - Lost - Found.

1—Births

BUCKNELL— To Mr. and Mrs. Walter Bucknell (nee Gladys Lawson) at St. Joseph's Hospital, on Friday, July 16, 1948, a son (David John).

CURRIE—Mr. and Mrs. Robert Currie (nee Audrey Worral) announce the birth of their daughter, Sharon Louise, at St. Joseph's Hospital, July 15, 1948.

COPPERTHWAITE — Mr. and Mrs. Gordon Copperthwaite wish to announce the birth of their daughter —a wee sister for Gordon.

EPPING — To Dr. and Mrs. J. R. Epping, a son, at St. Joseph's Hospital, July 13, 1948.

SLOAN — Mr. and Mrs. Norman Sloan (nee Elsie Suddards) are happy to announce the birth of their son, Norman Eric, at Civic Hospital, Wednesday, July 14, 1948.

5—Deaths

MORDEN, Mabel Margaret—At Peterborough Civic Hospital, on Thursday, July 15, 1948, Mabel Margaret Parker, in her 58th year, beloved wife of James Albert Morden, dear mother of Keith at home, sister of Herbert Parker, Clifford Thexton of Peterborough, Merton Thexton of Millbrook, Robert Parker of Ray, North Dakota, Mrs. E. Rutherford (Ida) of Windsor, Mrs. B. Buchanan (Annie) of Toronto.
Resting at her late residence, Mt. Pleasant, for funeral service on Saturday, July 17, 1948, at 3 p.m. Interment Presbyterian Cemetery, Emily Township.

6—In Memoriam

LAMB — In loving memory of our dear grandson, Buddy Norman Beatty Lamb, who passed away July 16, 1944.
There the buds from earth transplanted
For our coming watch and wait,
In the upper garden growing
Just within the pearly gate.
Though our hearts may break with sorrow
By the grief so hard to bear,
We shall meet him some bright morning
In the upper garden there.
—Lovingly remembered by his Grandmother and Grandfather Fee.

LATCHFORD — In loving memory of a dear husband and father, Herbert Latchford, who passed away July 16, 1939.
When evening shades are falling
And we are sitting alone,
In our hearts there comes a longing,
If you could only come home.
'Tis lonesome here without you,
There is such a vacant place,
For we never hear your footsteps
Nor see your smiling face.
As we loved so we miss you,
In our memory you are dear;
Loved, remembered, longed-for always
Bringing many a silent tear.
There will never be another
To fill his vacant chair.
—Sadly missed and always remembered by his Wife Ethel and Family.

McLEOD — In loving memory of our dear Wife and Mother, who passed away July 16, 1944.
If I had all the world to give,
I'd give it, yes, and more,
To hear her voice and see her smile,
And greet her at my door.
—Remembered by loving Husband Margaret, Jack and Bobbie.

PERRY—In loving memory of Garnet Perry, who was drowned one year ago today, July 16, 1947.
Those whom we loved so out of sight,
But never out of mind;
They are cherished in the hearts
Of those they leave behind.
—Ever remembered by his sisters and brothers.

TEDFORD — In loving memory of George L. Tedford, who passed away July 16, 1944.
The one I loved has gone to rest,
His fond, true heart is still;
The hands that always helped me
Now lies in death's cold chill.
—Ever remembered by his Wife Hattie.

7—Cards of Thanks

I would like to thank the attending doctors, nurses and sisters of St. Joseph's Hospital, also girls of the J.O.L. Busy Bee Lodge, No. 100, for the flowers and cards and kind neighbors for fruit, cards and candy; also those that inquired after I had my accident.—Roxy Rusk.

London Psychologist Helps Sick Dogs With Telepathy

LONDON, July 16 —(CP)— If grey hound fans see two dogs sitting down together at trackside in future, they'll know the animals are discussing their nervous complexes—that is, if the treatment given by London psychologist Charles Brooks to one sick dog catches on.

Veterinary surgeons gave up Head Waiter, a dog worth £500 ($2,000), as a hopeless case until Brooks tried a little telepathy, "imparting to the dog's mind a desire to get well."

Shortly after Head Waiter arose from his sickbed and barked for his food.

Trainers were enthusiastic over the treatment and wanted it tried on other ailing dogs. Vets aren't so sure, "A dog's mind is different from a human's" said one. "You can't just think things and expect a dog to understand you."

"Nonsense," riposted Brooks. "My theories have proved themselves by results. I'm now going to try my system on horses."

Veteran Cyclist

The man who said "Life begins at 40" must have had in mind athletes like Ron (Peter Pan) Johnson, captain of the New Cross speedway team.

Ron, 41, with 22 years of tearing round the cinder track on a stripped-down motor-cycle to his credit, is having the best season of his career and is currently favored to win the London riders individual championship.

Experts say the secret of Ron's success—apart from amazing physical stamina—is throttle control. He slides into the bends probably more slowly than any other top-flight rider—and comes out of them, after a tearing broadside ski, probably fastest.

County cricket, say the pundits is at a low ebb artistically this year. But at the gate it's looming.

Biggest attraction is the tour of the Australian team. Already the Aussies have drawn more than £10,000 ($40,000) as their share of receipts for their first eight games. That's several thousand more than the tourists drew for the same eight matches in 1938, the last time they visited Britain.

Keenest spectator at the Henley Regatta was 72-year-old Lt.-Col. Charles Burnell, who was No. 5 in the Leander crew which won the Olympic Eights for Britain 40 years ago—last time the event was taged at Henley.

Only seven men have rowed four successive years in a successful Oxford boat in the annual University Boat Race. Burnell was one of them.

No Arm Chair Officers Foulkes Says

OTTAWA, July 15.—(CP). — The staffs of the army's five regular commands across Canada are being trained to act as combat division staffs if war breaks out, Lt.-Gen. Charles Foulkes, Chief of the General Staff, said Thursday.

"Some people talk about chair soldiers at our command headquarters," he said in an interview. "Those men do all the administrative work for both active and reserve force units in their areas and they also are training to handle divisions if trouble comes. "There are no chair soldiers."

Some of the staffs now are engaged in field exercises for that purpose.

The divisions would come out of the reserve army that is planned on a two-corps, six-division basis blueprinted from experience with Canada's first wartime army.

Original Figure

Gen. Foulkes, noting Defence Minister Claxton's announcement that the army — and the other forces, too—would recruit beyond its target of 20,000 interpreted that to mean that it now would move towards the original post-war total of 25,000. The latest figure on recruiting showed 16,500 in khaki.

In peacetime, it was proposed only to raise and train a proportion of the reserve army. (At the end of May the total was 35,500, compared to the authorized target of 47,000.)

To ensure a flow of officers for reserve units, university students had been supplementing C.O.T.C. training by three months of full-time summer training that, in three years, would qualify them fully. The first 600 to 800 would be qualified next year and from then on that number would be turned out annually to pour into reserve outfits.

THE BATTLESHIP QUEEN ELIZABETH, veteran of two world wars, rides at anchor after completing her last voyage. She is pictured in the breakers' yard at Dalmuir on the Clyde, in Scotland. With a displacement of 32,700-tons and a complement of more than 1,100 men, she was built in Portsmouth in 1913.

Pool Drowning Pure Accident

LONDON, Ont., July 16 (CP). —The death of nine-year-old Gerald Ball, who was drowned in city playground pool Thursday, was described as a "pure accident" by Coroner Dr. A. R. Routledge Thursday night.

City firemen, assisted by three doctors, put up a futile two hour fight in a vain effort to restore life to the boy who was taken from the pool by lifeguards after a small girl reported she had kicked the body while swimming in the deep end of the tank.

The boy, son of Mr. and Mrs. Earl Ball, was the first child to drown in a built-in London playground pool. Portions of the river which are under supervision as playgrounds, have claimed two victims, one at Gibbons Park last year, and one at St. Juliens several years ago.

"Jerry couldn't swim—he could only dog-paddle a little," said the victim's 10-year-old sister, Marlene, who accompanied him to the pool. "He always played in the shallow end of the pool. I don't know why he was in the deep water. I didn't see him go there."

Princess Margaret Has Crick In Neck

LONDON, July 16 —(AP)— Princess Margaret has acute fibrositis, an inflammation of connecting tissues, in her neck, the King's physician, Sir John Weir, said today in a bulletin issued from Buckingham Palace.

The Palace bulletin said: "her Royal Highness, Princess Margaret, is suffering from an acute attack of fibrositis in the neck which will keep her indoors for a few days."

It was also signed by William E. Tucker, a manipulative surgeon who treated Margaret Thursday when her ailment was diagnosed as "a rick in the neck"—a rick being the British word for crick.

Whalers On 1st Cruise

QUEBEC, July 16—(CP).—The first two Canadian whalers to be built entirely by Royal Canadian Sea Cadets left Quebec harbor early today on their first cruise up the St. Lawrence River. Manned by the Quebec Cadet crews who built them, the whalers set out with the Cadet Corps schooner Champlain for Lake of Two Mountains. The Cadets are bound for Ewing Camp at Choisy where they will give a demonstration this week-end during a national conference of Sea Cadets.

Bethel WA Meets

BETHEL, July 16 — (ENS) — Mrs. Ed. Ruth had charge of the devotional part of the Bethel WA meeting. Ronnie Lowes gave a guitar selection and Harold Harrison, Beverley Darling, Dorothy Jackson played piano instrumentals. Mrs. Darling took the business part of the meeting.

The next meeting is to be an Mrs. Ed Ruth. Each member to bring a friend or neighbor from outside the church.

CRYSTALLINE STRUCTURE

Snowflakes are transparent rather than white but their crystals reflect light in so many directions they appear white.

LIGHT MAKES COLOR

Objects do not possess colors of their own but depend for color upon light reflected from their surfaces.

More Tourists In '48

TORONTO, July 16—(CP). —A record number of United States cars entered Ontario both during May and June. In May, 84,931 American cars travelled in the province compared with 69,004 during the same month last year, Travel Minister Welsh said Thursday. June figures are not yet available.

Blame Piece Of Glass For Grass Fire

HASTINGS, July 16—(ENS).—Frank McQuire was sitting on his front lawn Thursday morning when he noticed smoke and flames coming from the hill at the back of the Town Hall. He called Jim O'Reilley, who informed Chief Potter of the fire. The grass fire was soon put out by the three men. If it hadn't been for Mr. McQuire's quick thinking it might have developed into a serious fire.

It is believed to have been caused from the sun's rays shining on a piece of broken glass.

Portia White Sails for Europe

HALIFAX, July 16 — (CP) — Portia White of Halifax, contralto and one of Canada's best-known singers, left for Europe aboard the Aquitania Thursday night for a two-months concert tour of "Oh, I don't know where all."

After a few days in England she will go to Paris, headquarters for her European tour. Though she does not know her exact itinerary, she expects to give about 15 concerts and has her passport for "all countries, including Germany."

Cook's Death Unsolved

KIRKLAND LAKE, July 16— (CP). — Death from causes unknown was the verdict returned by a coroner's jury here Wednesday night in the case of Robert G. Love, 48, of Montreal, who died July 4 in Kirkland District Hospital from, doctors said, a fractured skull suffered in a basement steps fall. Love was a camp cook in the Larder Lake district.

TO PRESENT TROPHY

CALGARY, July 16 — (CP). — The Webster Memorial Trophy will be presented the man, or woman, judged to be the most outstanding amateur pilot in Canada this year, at the Calgary Air Show learned Thursday night. The scheduled Sept. 4 and 5, it was trophy, given by Dr. and Mrs. Webster of Shediac, NB, now is held by Charles Wilson of Vancouver.

Closing Of Inverlea

(Continuer from Page 9)

PC Leo Murphy testified that the call to the police department came in about 11.30 a.m. Going first to the park, he said the fire department was there with life-saving equipment, but had not located the scene of the drowning. No one at the park had any idea that there had been a drowning, he said, and the police car went to the girl's home, then took Sylvia and Mrs. Richardson back to the beach. He said that PC Claire McGillen, motorcycle officer, ran to the side of the water with the girl in his arms to have her point out the spot where the boy had gone under.

PC McGillen and a member of the fire department went out in a boat and had senior boys diving into the water to try to locate the Harran boy. At 11.59 the body was brought out by two boys.

Slipped from Wall

PC Murphy said that measurements showed that at that point where the boy slipped, one could wade out 23 feet at a depth of two to three feet. At that place, he said, the submerged old concrete break-water ends, and there is an abrupt drop into six or seven feet of water. The boy had slipped from this wall, he said. He estimated that the boy had been under water from 30 to 45 minutes.

Gerard Armstrong, 15, of 214 Carlisle Ave., a member of the beach that morning, testified that, was the boy who brought up the body. He said that he had been delivering groceries near Inverlea when he noticed the commotion and joined in the diving for the child.

John Harrison, 12, of 711 Aylmer St., who had been at the beach that morning, estified that, as far as he could recall, there had been no one at the deep section of the beach that morning. Besides the two life-guards, he said there were about six members of the voluntary Junior Beach Patrol.

Dr. C. F. Cahill told of efforts to save the body. The Fire Department was applying artificial respiration when he arrived, he said. Work was continued for 45 minutes, at which time, he said, there was no hope and declared the boy dead.

Many of the witnesses were asked by the coroner to give their opinions on the safety of the beach itself and recommendations for its improvement.

PC Murphy noted that, at the time of the drowning, there were no ropes, floats or other protective measures or warning signs to indicate the dangerous underwater ledge of the old wall. His investigation of the scene, he said, revealed there were no boats, pike-poles, grappling irons, ropes. He suggested all these be kept there.

PC McGillen also suggested that a boat be kept at the beach at all times. He added that there should be some identification of the location of the wall.

Telephone Locked Up

Armar Butcher, city superintendent of parks, said that he had never considered Inverlea a safe swimming area and suggested that a beach be set up on the east side of the river. He added that the telephone in the bathing house should not have been locked up.

Elaborating on his opinion that the Inverlea site was dangerous, the parks official explained that the regular releases of water at the Quaker Oats dam caused a strong current past that part of the shore, which was difficult even for strong swimmers.

Jack Dane, director of recreation for Peterborough, said that he was told there was no boat at Inverlea at the drowning time, although one had been kept there the year before. He described the equipment which has been placed at Inverlea since the fatality. The old wall is now marked with floats and connecting ropes which protect the area. Mr. Dane also said he did not feel that Inverlea was safe.

The recreation director said that in May, 1947, he had recommended in a report to the city recreation commission that swimming at Inverlea Beach be discouraged and that arrangements be made for swimming facilities at the west end of Nicholls Oval on the east bank of the river. He said that one week in 1947 all swimming had to be stopped at Inverlea because of the dangerous current caused by the dam.

Ronald Gynane, the lifeguard on duty at the time, said that he had not seen any children around the "big part" of the beach at the north end, and that the guards always warned people away. Among his recommendations, the youth suggested that the guards be given authority over adults swimming in that section. He said that grown people often gave "lip" when asked not to swim there.

Kenneth Stacey, the other lifeguard at Inverlea, had been on his noon hour when the drowning took place.

Others who gave evidence were: the father of the boy, who identified the body; PC Earnest Beatty; Capt. Frank Shearer of the fire department; Fireman Thomas Nice; Mrs. Pansy Forbes, swimming instructor who was conducting a swimming class at the beach that morning.

Dr. Carleton told the jury: "There is nothing we can do for this boy now—he is gone. But perhaps your recommendations may mean that swimming in the city for children can be made such that this sort of thing will not happen again."

MORE ABOUT—

Otonabee Muskies

Continued from Page 1

He knew where there was another motor boat available, and after seeing the Lyles had the proper trolling and casting baits, started for the boat.

Certainly Mr. Leether back in the plant must have had his fingers crossed, and perhaps was murmuring a few prayers to St. George to come to the aid of a distressed Englishman. At any rate things happened fast. At the three men were climbing into the boat on the Otonabee river at Monaghan road, an undersized muskie cleared water not ten feet away, just as a sort of appetizer.

In ten minutes they were trolling and suddenly Tom Lyle had a muskie on. It wasn't a keeper but it battled all the way to the boat, then obligingly threw the hook. The two men were in their 7th heaven. This was really fishing.

Then another undersize muskie broke water, feeding on flies, and in the twinkling of an eye it happened. John Lyle, the axminster expert from Bloomsbury had a strike and it was a solid one. "You're on a log," his brother said. "No, sir, this log is moving," replied the brother and the battle was on.

The fish was a sulker and wouldn't come to the surface. Telling about the battle, Mr. Lyle said: "I was pretty much of a greenhorn at that kind of fishing. Mr. Rose kept hollering, give it line, but I didn't have any choice. The fish kept on taking line. He said: 'Play it, play it,' but I just wanted to get that muskie into the boat."

It took about 15 minutes before the muskie, a long lean streamlined battler was brought alongside the boat, and clubbed by Rose. It was 45 inches long and weighed 20 pounds.

Mr. Lyle finished the fishing right there. That fish had to be measured and weighed, so the trio headed uptown.

The muskie and the fishermen were photographed at The Examiner and Mr. Lyle said: "I fished two weeks in the Land o' Lakes section of Wisconsin, susposed to be famous for muskies, but I saw more muskies in 20 minutes in the Otonabee than I saw in two weeks out there. I don't care who knows it either. When that fish took hold, I was speecheless. I never saw such a fight and such a beautiful game fish."

So there it is, and the boys down at the Brinton plant say Dave Leether just grinned and said, "Hmm, a little on the small side, but still it's a nice muskie."

Lyle is a Kiwanian so he took his brother and Vern Rose to the Kiwanis luncheon at the Empress Thursday noon. He led the gang in singing, then presented the muskie to the club, and today the kids up at St. Vincent's Orphanage have muskie steaks for dinner.

McIntosh Reds, Northern Spies Best Apples Gen. McNaughton Advises Gromyko At U.N.

OTTAWA, July 15—(CP)— Here's the latest United Nations news to reach Canada's capital from Lake Success, N.Y.

The subject turned to apples when Andrei Gromyko, Gen. A. G. L. McNaughton and Henry Wallace were chatting the other day.

Gromyko is the Russian delegate to UN. The general is Canada's. Wallace, U.S. presidential candidate, is a noted Russophile.

Gromyko said he hadn't seen able to get a decent apple since he hit the United States.

Wallace, an agricultural expert, said Canada produced some of the best in the world. He asked the general to suggest a couple of good varieties for the Russian.

"Well," McNaughton drawled, "we have MacIntosh reds — also the northern spy."

Old Mansion Houses School Lab Is In Wine Cellar

By MARY KIBBLEWHITE

YARMOUTH, NS, July 16 — (CP). — Is your high school chemistry lab in the wine cellar? No? Then it's a notch behind the high school in this southwestern Nova Scotia town, where students have been making chemical experiments in a wine cellar for half a century.

Not only that — they study the other derivatives of the three Rs in the master bedroom, the dining salon and the drawing room of what at one time was one of the finest and largest private residences in Nova Scotia.

That was back in 1865 when the house was built at a cost of about $35,000 by ship builder John K. Ryerson. Wooden ships, built in Yarmouth, were carrying a lot of world trade in those days, and this was a busy port.

Steam and iron had not yet spelled the doom of the Nova Scotia shipyards as they were to do with increasing speed after 1880 when Yarmouth shipping reached its peak and began to skid downward, taking with it the means of maintaining such lavish establishments.

Planned New Building

In 1894 Yarmouth's citizens, concerned with the crowded condition of their schools—in one school seven pupils were reported as sitting on the teacher's platform—began to work on plans for a new building.

One estimate put before the town council suggested a cost of $20,000 for construction of a brick and stone school house that would fill the need for 15 or 20 years. The prudent townsfolk looked to their finances, bought the Ryerson estate instead, and the four-storey mansion still is turning out its yearly crop of students.

Inside, the steps of the broad staircase are worn into hollows, the bannister wiggles slightly and some of the classrooms have been refloored. But the exterior still looks impressively solid—and every foot of it from the brick and cement foundation to the slate shingles is built of wood.

A coat of flat grey paint covers the 83-year-old boards. There is no need of any other color because the ancient wood is intricately and beautifully carved.

There has been no wine cellar for a good many years. Its most spirituous content nowadays consists of gallon jugs of denatured alcohol plainly marked "poison."

But far above, on a level with the chimney tops, a youngster can stand in a glassed-in cupola and pretend to be a shipping magnate on the lookout for a schooner from the West Indies.

Marmora News

Mrs. Seymour Henry and daughter Edith have returned after a visit to the former's mother and other relatives in Moose Jaw.

Mr. and Mrs. Frank Burkitt of Consecon are visiting Mr. and Mrs. W. F. Bonter.

Mr. John Laycock of New York renewed acquaintances in the village last week.

Mr. and Mrs. Ed Blakely of Bannockburn visited Mr. and Mrs. W. F. Bonter on Monday.

Misses Stella and Lena McWilliams of Toronto are spending a couple of weeks with Mr. and Mrs. Arthur Eggleton.

Recent guests include Mr. and Mrs. J. R. Begg and sons of Sutton with relatives here; Mr. and Mrs. Victor May and family of Toronto with Mrs. Dan May; Mr. George Goodwin, Mr. Walter Goodwin and Mr. and Mrs. Robert May of Ann Arbor, Mich. with Mr. and Mrs. Howard Cole; Mr. and Mrs. Kenneth Cooney and family of Peterborough with Mr. and Mrs. E. Horton.

Mr. and Mrs. William Prentice of Belleville are spending holidays with relatives here.

Richard Kouri of Toronto is visiting at his home here.

Marmora Women's Institute has undertaken to raise funds for the renovation and decoration of Marmora town hall.

Clayton Conkright is building a cottage on the north shore of Crowe Lake.

Francis Cook, son of Mr. and Mrs. Charles Cook celebrated his thirteenth birthday on Monday and entertained a number of young friends at a birthday party.

Mr. and Mrs. Tom Wilson and son Tommy of Sudbury have been spending holidays with her parents, Mr. and Mrs. S. Van Volkenberg.

Mr. and Mrs. Charles Le Master and family of Niagara Falls, N.Y. and Mr. and Mrs. Donald Ellis of Buffalo, N.Y. are spending two weeks' holidays at their cottages in the Vansickle Settlement.

Rev. and Mrs. L. C. Ball and daughter, Priscilla, are attending the Free Methodist camp meeting which is being held at Latimer's Grove, Orland.

Guests at Marble Point Lodge are: Mr. and Mrs. George Hatton, Belleville; Mr. and Mrs. J. M. Leggett, Oakville; Mr. and Mrs. C. H. Yates, Montreal; Mr. and Mrs. J. F. Scrutton, Mr. and Mrs. F. Hill, Mrs. E. Schofield and Mr. and Mrs. H. J. Leggett, Toronto; Mr. and Mrs. A. H. Carmichael, Westmount, Que.; Mr. and Mrs. Y. Yareff, Akron, Ohio; Mr. and Mrs. J. E. Schwartz, Lyndhurst, Ohio; Mr. and Mrs. G. W. Hill, St. Lambert, Que.; Miss Alice Harston, Oshawa.

Guests registered at Tipperary Hotel are Mr. and Mrs. G. W. Arberti, Rochester, N.Y.; Mr. and Mrs. T. Lowell, Parma, Ohio; Mr. and Mrs. L. C. Burrell, Mr. and Mrs. Kusion, Mr. and Mrs. H. C. Harburgh, Mr. and Mrs. M Lytle, and Adolph Gahr, Cleveland, Ohio; Charles M. Riggle, Coshoeton, Ohio; Geary Riggle, Newcomerstown, Ohio; Mr. and Mrs. J. G. McKnight, Mrs. and Beverley Brown, H. S. Brown and Roger Hunter and Mr. and Mrs. G. Marskell, Toronto; Jack and Helen Meehan, Sharon, Pa.; Mr. and Mrs. G. Corney, Girard, Ohio; Mr. and Mrs. G. G. Luks, Hudson, Ohio; Frank Lasik, Garfield Heights, Ohio; Mr. and Mrs. N. Turnbull and family, Grand Island, N.Y.; Frank Nuwer, John Bolender and Joseph Besch, Lancaster, N.Y.

Mrs. Edith Williams of Jackson, Mich. is visitng relative here.

Mr. and Mrs. Ernest Shannon and Miss Teresa Shannon attended the Monk-Shannon wedding in Toronto on Thursday.

Mr. and Mrs. Vic Knowles of Montreal are visiting the latter's parents, Mr. and Mrs. J. H. Hemphill.

Miss Maurice Moloney, Reg. N., of Kingston, is spending a week's holidays with her mother, Mrs. M. J. Moloney.

"NATIONAL" DOUBLE ACTION MILKING MACHINES

A reasonably priced Milker with fine features of high-priced ones. Complete with Electric Motor 195.00

OR complete with famous Briggs & Stratton Gasoline Engine 226.50

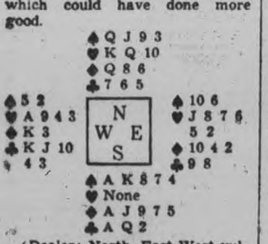
MAKE COMPLETE PLAN

NO MATTER how good any play may be, when considered as of itself alone, it can be the wrong move if it does not fit in as a logical part of the entire play of the hand. There are plenty of players, however, who "can't be bothered" by such things as complete plans. They begin to rake in tricks in one suit or another as soon as they see what appears a good way to do it. Later on, they find sometimes that they should not have made one or more of those early "good plays," but some other play or plays which could have done more good.



(Dealer: North. East-West vulnerable.)

North	East	South	West
Pass	Pass	1 ♠	Pass
2 ♠	Pass	6 ♠	

That was not the bidding at all tables of the big tournament in St. Louis where this deal arose, but by one means or another most pairs reached the same contract as this impetuous South. He incidentally prides himself on his speed, but every once in a while he regrets it. This was one of those times.

West led the spade 5, to avoid pitching away from his honors in the other suits, and South quickly raked in the two trump tricks that cleared the suit, the second of them in the dummy. He had noticed in a flash that there was a way to get rid of two clubs while losing just one trick. So he tried it, leading the heart K from dummy and putting on the club 2. West winning with the A. Wishing to avoid a lead from his minor kings, West returned the heart 3, which the Q won, the club Q being tossed away. Now came the declarer's hopeful trial of the diamond finesse. When it failed, he was down one.

Where there were better declarers, it was seen that the diamond finesse was the key to the play. After getting trumps out in two rounds, that finesse was lost to West. Back in, South used his diamonds to discard two of dummy's clubs. Having two trumps left in the dummy, he was able then to ruff his club 2 and Q to assure the contract. The boys and girls who made a simple complete plan of this kind reaped their just reward with a good score as against the bad score for the hurry-up fellow.

Apartment Size
Washers

It is small, just 15 x 15 x 30" high!
It is shaped to fit small corners!
Yet it washes its load thoroughly!
Wash two full-sized sheets or five shirts (or equivalent) in one tubful.

Note these features:
- Turbine propels water through clothes, gently but irresistibly; no sharp edges or projections.
- Stainless steel tub easily cleaned, cannot soil clothes.
- Remarkably easy to operate; plug it in and turbine starts spinning, driven by stout V-belt from oversize motor; no gears.
- Weighs only 45 lbs. It is mounted on wheels, and can be moved quickly and with little effort.
- Hand wringer has 2¼" rolls; folds away when not in use.
- Capacity is 7 gallons of water at normal 4-lb. load.
- Available in 25 or 60-cycle models.

MisSimplicity
For Slim Sleek Lines

Here's why a famed Gossard MisSimplicity can do things for you! Diagonal straps cross and fasten neatly at back — to give you more support, fit, freedom. Long, smooth lines on hips and thighs to contrast dramatically with firm uplift bustline. Made of practical cotton and rayon batiste . . . elastic side sections. And MisSimplicity comes in 5 different types. Sizes 34 to 39.

Each **8.50**

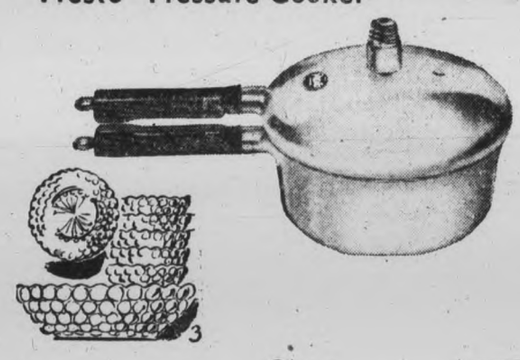
Special! Boys' Sleevless
Wool Pullover Sweaters

Knit of fine quality yarns in an attractive fancy stitch. Finished with ribbed knit band around waist, arm openings and V-neckline. Colours: yellow, brown on white. Sizes: small medium and large. Regularly 2.98. Special. Each **1.89**

Men's Sleeveless Sweaters

Fancy stitch patterned Sweaters, knit of all wool yarns in sleeveless, pullover style with V-neckline. Colours: beige, dark brown, yellow or white. Sizes: small, medium and large. Reg. 3.15. Special. Each **2.39**

"Presto" Pressure Cooker



Each **16.95**

You can be late getting home, and still be on time for dinner. Absolutely, with a time-saving "Presto" Cooker. And the faster you cook vegetables, the less you are liable to lose in nutrition content. And there's a third good reason for buying a "Presto" Cooker . . . a saving in food bills. "Presto" Cookers are made of easy-to-clean aluminum. Large 3½-quart size.

Special! Women's Satin Slips

End of line clearance of women's heavy quality rayon satin Slips in tea rose shade. Cut on smooth fitting bias lines with dainty lace trim and narrow adjustable shoulder straps. Sizes 34 to 38. Reg. 3.25. Special. Each **2.00**

—C.D.S. Second Floor

Submit Plan For Big Hydro Project

If Given Blessing Will Begin Work West Of Cornwall

OTTAWA, July 17—(CP)—Ontario plans for a big international power development on the St. Lawrence river today were in the hands of the External Affairs Department.

If approved, they will be sent on to the international joint commission which already has been handed the New York state plans.

Then, if the commission gives its blessing, the stage will be set for the start of the 2,200,000-horsepower project on the Long Sault rapids in the St. Lawrence river west of Cornwall.

Robert H. Saunders, chairman of the Ontario Hydro-Eelectric Power Commission, Friday called the proposed scheme "the greatest Hydro project in the western hemisphere." It would take eight years to complete and cost an estimated $400,000,000.

Don't Give Money

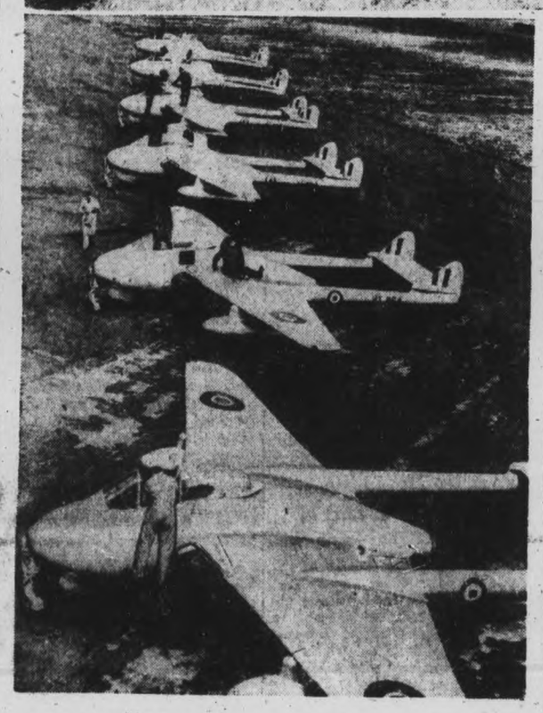
None of the money will come from the federal government. But the federal government is directly interested in the development because it must be fitted in with plans to make the St. Lawrence for its full length a deep-water seaway.

Right now, the seaway plan drawn up in 1941 is on the shelf. The United States Senate last Spring refused to ratify the St. Lawrence seaway treaty which would have enabled construction of the seaway under joint sponsorship of Canada and the United States.

The present plan involves only the power development. Costs will be shared between Ontario and New York state.

Mr. Saunders said the building of a dam across the St. Lawrence at the Long Sault Rapids will provide "power in advance of demands."

The Ontario and New York sections of the power house would each utilize half the natural flow of the river. They would each produce an annual average of 6,300,000,000 kilowatt hours of hydro-electric energy.



SIX JET FIGHTER planes are shown below as they arrived in Montreal from England Friday. They are now in Trenton where they will remain for a few days. Fliers shown (Top) have made a place for themselves in aviation history books. Pilots of the RAF Vampires which made the Atlantic crossing are (Left to Right), L. S. Evans, E. W. Wright, R. W. Oxspring, F. C. Woolley, W. C. Wood and R. I. Skinner.

Vampires Paying Visit To Trenton

TRENTON, July 17. (CP) — Six Royal Air Force Vampire aircraft landed here Friday night after completing the first trans-Atlantic crossing by jet aircraft They arrived here from St. Hubert Airport near Montreal.

The planes will undergo inspection for the next three days before putting on a flying exhibition.

Sqdn. Ldr. Robert Wardlow Oxspring, in command of the jets described the crossing as "a masterpiece of co-ordination."

The aircraft were forced to "throttle down" through the Atlantic flight and travel at reduced speed of 300 miles an hour to allow their three Mosquito escorts to keep up. The twin-engined Mosquitos went along on the flight to do the navigating.

He said there was perfect radio contact between all machines and the Atlantic was no worry.

One of the planes had a tire blowout at Iceland but it soon was repaired and the flight took off again.

2,500 People Fight Canning Plant Fire

CHAMBLY, Que., July 17 (CP). —An estimated 2,500 people were reported to have battled a fire which Friday night gutted a canning plant in this Richelieu River town 15 miles southeast of Montreal. Damage was not immediately estimated.

The volunteer firefighters, recruited from the town and neighboring farmlands, formed bucket brigades to prevent the blaze from spreading to nearby houses.

The fire was believed to have started in a boiler room. Within 20 minutes, flames were roaring through the roof, which soon collapsed.

No one was reported injured.

UAW Won't Return to Work Pending Wage Negotiations

ST. CATHARINES, July 17—(CP).—T. J. Cook, president and general manager of McKinnon Industries, Ltd., said today action of striking employees in rejecting Ontario Labor Minister Daley's proposal to return to work pending negotiations "will make it extremely difficult now to find a common ground" for settling the wage dispute.

The strikers, members of the United Automobile Workers (CCL) at a mass meeting Friday night unanimously rejected the Minister's recommendation. Of the 2,650 strikers, about 800 were at the meeting. The union seeks an increase of 16 cents an hour plus a 10-cent increase to meet wage scales paid by General Motors plants in Oshawa and Windsor. McKinnon Industries is a feeder plant for General Motors, who have laid off workers at Oshawa and Windsor because of interrupted supplies from McKinnon.

The mass meeting here followed a report by George Burt, UAW regional director, on the results of conferences with Mr. Daley in Toronto. Tommy McLean of Windsor told the meeting members were not supporting the picket lines and it was decided to strengthen the picket system. Four-hour shifts will be started on the picket lines here Monday and seven desks were set up to register men and women for picket duty.

The Company's offices, however, will not be picketed.

$500,000 Stolen Car Ring Said Broken In Montreal

MONTREAL, July 17 (CP). — Police said today they may have broken up a $500,000 stolen automobile ring when they arrested four Toronto men Friday night and recovered nine cars valued at more than $20,000.

The ring started operating in Ontario and Quebec less than one month ago, police said. Its members used every trick known to the 'hot car' trade: altered registration cards, fake bills of sale and false identity papers.

Names of the four men arrested were withheld pending further arrests. One of them was said to be the 38-year-old ring leader.

Without exception, the ring stole its cars in Ontario and sold them in Montreal, police said.

First step in their system was to obtain a false bill of sale for an ancient jalopy. Then one of the ring, equipped with a false identity card, would take out a Quebec license and registration card.

First break in the case came when two members of the ring were riding in one of the cars with a prospective customer, bureau, the pair became suspicious police said. Enroute to the license bus and fled.

The startled customer reported the matter to police, and a check showed the car had been stolen in Toronto.

Of the nine cars recovered Friday, three were stolen in Toronto, three in Hamilton, two in Ottawa, and one in Long Branch.

France Hints She Has Plan For Big 4 Talks

PARIS, July 17. (Reuters) — The French government has been making unofficial soundings in London about a possible four-power meeting on Germany, in an attempt to find a way out of what it considers a "blind alley" situation, it was learned here Friday night.

The feeling in high diplomatic spheres is that there must inevitably be such a meeting in the end, and French diplomacy seems anxious to seek a way to bring this about.

A hint of what is going on was seen Friday in a cryptic statement by government spokesman Pierre Abelin when he said France had asked Britain and the United States for "certain details" on the present Berlin situation. One suggestion made here is that the Western Allies should agree to a new four-power meeting if the Russians would undertake in return to raise the Berlin blockade once such agreement had been reached.

This would reverse the order of the conditions set out in the western notes to Russia, but would also require from the Russians a corresponding concession in the raising of the blockade.

Foreign Minister Bidault is due to fly to the Hague late Sunday for the Britain-France-Bevelux meeting.

The attitude taken by foreign secretary Bevin at The Hague will be anxiously watched by his continental partners for indications of how hard the British government is prepared to push for close practical unity—economic, political and military—among the five powers.

Form New Union Italians Urged

ROME, July 17. (AP)—Christian Democrat labor leaders have called upon their fellow workers to break away from the Communist-led Confederation of Labor (CGIL) and form a new union.

Their action was aimed at the Communist labor bosses who plunged Italy into a disastrous 36-hour general strike Wednesday after the attempted assassination of Palmiro Togliatti, Italy's No. 1 Communist. Violence killed 16 Italians and wounded 204 before the CGIL yielded to governmental pressure and called off the strike.

Togliatti was given oxygen and penicillin Friday night to combat pneumonia which developed in his right lung after the removal of two bullets.

Hospital attendants early today reported his condition as slightly better. Physicians said Friday night he was "fairly good considering his wounds" and that "by all means" he had a chance to survive.

The Christian Democrat labor leaders issued a call for a "democratic and autonomius union . . free of all party influences."

They sent a sharp letter to the CGIL'S executive committee charging its strike call violated the labor union's constitution.

Hopes For Peace

NEW YORK, July 17—(AP).—Count Folke Bernadotte, United Nations mediator for Palestine, said today he hoped the new UN cease-fire order for Palestine would lead to permanent peace.

Hundreds Die As Guns Pound City

Only Jerusalem Quiet, Rest Of Palestine Still Rocked By War

CAIRO, July 17 — (AP). — Arabs and Jews ceased firing in Jerusalem today after a wild night of fighting, but the war went on elsewhere despite hopes that a new truce was near for all Palestine.

Arab legion officers in Jerusalem said Jews died by the hundreds in the Holy City fighting during the night. The battle came to a halt a second before the United Nations deadline at 4 a.m (10 p.m. EDT).

In the north, hold-out Arab forces continued fighting inside Nazareth. The Israelis announced its capture Friday.

A Syrian communique said two Jewish planes raided Damascus without causing material damage.

Guns and mortars pounded ceaselessly throughout the night in Jerusalem but for hours after the cease-fire deadline, not a shot was heard. The Jews opened the attack Friday night from their positions in the modern city. dispatches from the old city said They plastered the Arab-held walled old city with more than 500 shells before dawn. The Arabs replied with artillery. Dispatches from Jerusalem gave no estimate of Arab casualties.

The Jewish shells struck fire from the tops of holy buildings along the Via Dolorosa, the Way of Sorrows, along which Christ carried His cross.

Occupy Post

The Arabs occupied a fortified police post in the Jewish quarter and demolished a second police fortress, the correspondents said.

Israel's northern command announced continued fighting in Nazareth by Arabs barricaded in monasteries and the police station The command announced civic and religious leaders of the shrine city signed surrender terms Friday calling for the handing over of any remaining volunteers of Fawzi Al Kaukji's army still there.

Jewish aircraft bombed Egypt again Friday, attacking the El 'Arish air base near the Palestine frontier, as fighting continued outside Jerusalem.

Canadians Die In China Crash

VANCOUVER, July 17 (CP).— The two Canadians reported among the 23 persons killed in the crash-landing of a flying boat in the Far East are believed to be Mr. and Mrs. Hugh Stewart of Vancouver, it was learned here Friday night.

In a dispatch from Hong Kong the Canadians were listed as Mr and Mrs. H. G. Stewart. In Vancouver police constable Arthur Stewart said his brother Hugh, 41, was employed by the Texas Oil Company in Hong Kong.

The plane crashed during a 40-mile flight from Macao to Hong Kong late Friday and F. J. Gillen, manager of the Macao Power Light Company, said there apparently was only one survivor among the 20 passengers and four crew members.

Yugoslavia Banning Cominform Bulletins

BUCHAREST, July 17.—(AP). —Yugoslavia has banned sale of the Cominform's bulletins, which have been blasting the regime of Premier-Marshal Tito.

The latest bulletin of the Communist Information Bureau, issued 48 hours late, protests the ban as "another disgraceful act," and orders that the edtiion of the bulletin in the Serbian language be suspended.

The news Communist propaganda offensive against Tito includes a wrathful article by Ana Pauker, foreign minister of Romania, who declares that liquidation of Tito's regime "is a matter of life and death to the Yugoslav Communist party."

ATTORNEY-GENERAL LESLIE E. Blackwell has submitted his resignation from the Ontario cabinet in order to return to private law practice. Date of resignation will be later this year.

Blackwell Quits His Office In Short Time

TORONTO, July 17. (CP) — Attorney - General Leslie E. Blackwell will retire from the Ontario Cabinet in a few months after having served five years in the portfolio.

The tall, handsome lawyer with the good voice and the ready smile will serve as attorney-general until later this year. Then, possibly in September, he will go back to his law office.

He plans to continue to sit in the Ontario legislature as a private member representing Toronto Eglinton.

Premier Drew, announcing that Mr. Blackwell had tendered his resignation, said his cabinet colleague had made a great contribution to the public life of Ontario and of all Canada.

"As attorney-general, he has assumed the main responsibility for the heavy legislative program of the past five years," said the premier. "His final legal talents, his excellent judgment and his great capacity for work have made it possible for the government to bring into effect the most extensive legislation and administrative changes ever undertaken in this province during a similar period.

No Better Service

"No other attorney-general has ever given more effective and unselfish service to the people of Ontario. Along with all his other colleagues in the government, I regret very much that he has reached his decision but I am pleased that he has agreed to administer that extremely important department for some months to come."

It was learned that Mr. Blackwell's decision was prompted

BLACKWELL QUITS

Soviet Press Tells Germans U.S. Won't Risk War To Break Berlin Blockade

Russians Jamming Air Corridors With Planes In Effort To Halt Supplies; Allied Air Lift Going Ahead At Top Speed

BERLIN, July 17—(AP).—The Russians today sent up their greatest number of aircraft in recent days into the British-American air corridors between Berlin and western Germany. At the same time the official Soviet press told the German people the United States would not dare to risk war to break the blockade of Berlin because the United States fears Russia and her allies are too powerful.

The sending up of Russian planes into the air corridors was apparently part of the Soviet tactics of harassing the British and Americans in their attempt to break the Berlin blockade.

American operations officers said the Russians had sent a warning of greater activity today in the corridors used by hundreds of American and British planes daily carrying supplies to more than 2,000,000 residents of western Berlin.

That the more did not impede the British-American effort was seen in this statement of the operations officer: "Our planes are coming in fast and furious today."

The Russians said the training flights would be from nine airfields and at heights ranging from 1,300 to 10,000 feet.

One of the fields is in the British Bueckeburg - to - Berlin corridor at Brandenburg. Another is in the British-Hamburg-to-Berlin corridor at Perleburg. Two others are in the American corridor at Koethen and Zerbst. The rest are in the Berlin air safety control zone which has a 20-mile radius.

An editorial in Taegliche Runschau, official Soviet mouthpiece, said that even Western commentators conceded that if a new war came Soviet advance troops could reach the Rhine within a few days and the European Atlantic coast within a few weeks.

The editorial said, in part:

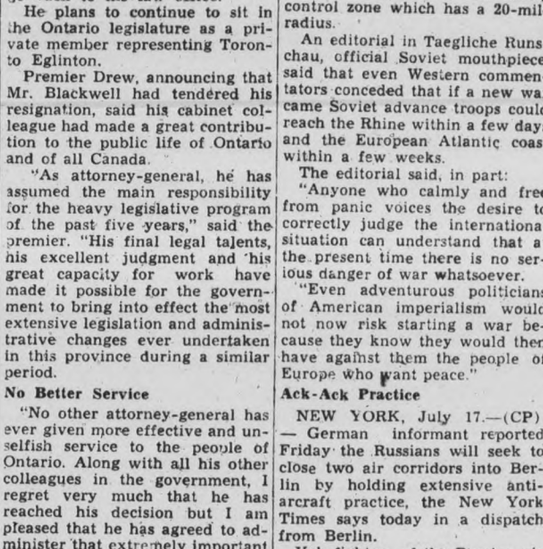
"Anyone who calmly and free from panic voices the desire to correctly judge the international situation can understand that at the present time there is no serious danger of war whatsoever.

"Even adventurous politicians of American imperialism would not now risk starting a war because they know they would then have against them the people of Europe who want peace."

Ack-Ack Practice

NEW YORK, July 17.—(CP) — German informant reported Friday the Russians will seek to close two air corridors into Berlin by holding extensive anti-aircraft practice, the New York Times says today in a dispatch from Berlin.

Yak fighters of the Russian air force have appeared in these two air corridors, increasing the danger of plane collisions and the possibility of an international incident arising out of such a collision.



THE COMMUNIST-LED general strike in Italy sputtered to a halt after Premier Alcide de Gasperi warned the government would use force if necessary, to break the "insurrection" which broke out after the attempted assassination of Communist leader Palmiro Togliatti in Rome. In this picture two policemen are giving their personal attention to a Communist labor federation leader (striped shirt) as he is carted off to jail in a jeep.

Student, Janitor Capture Bandit At PO

TORONTO, July 17.—(CP).— 22-year-old theology student and a janitor were credited Friday with the capture of a would-be post office bandit.

Police asrested Walter Robertson 22, on a charge of attempted armed robbery of a downtown (Queen and Jarvis) postal substation. After investigation, Robertson was also charged with a $136 hold-up of a theatre cashier a few days ago.

Police also said Robertson is wanted as a deserter from the British merchant marine.

Mrs. Laura Hood, postmistress, told police she was alone in the post office when Robertson entered wtih a gun in his hand. She pressed an alarm button which summoned Allan McGarbie, a caretaker, and Arthur Chappel, third-year University of Toronto student.

Chappel and McGarbie grappled with the gunman and in the struggle the automatic pistol discharged. The bullet struck the office safe and ricochetted into the woodwork.

As the men fought, Violet McGarbie, wife of the caretaker, entered the office. She tried to help her husband but, frightened by the waving gun which several times pointed in her direction, she ran to telephone police.

1 Dead, 20 Hurt In Train Wreck

LONDON, July 17.— (Reuters)—An Edinburgh-London express jumped the tracks a few miles north of here today as it emerged from a tunnel, killing one crew member and injuring about 20 persons.

The wreck left many commuters from North London suburbs stranded.

The train's 11 coaches were dragged in zigzag fashion across the four-track right of way after the engine was derailed.

The dead man was the train's fireman, who apparently had jumped clear of the engine and was hit by the debris.

Find Crazed Operator Sends Mutiny Report

LONDON, July 17 (AP) —The United States Navy today logged the story of "mutiny" aboard the freighter William Carson as the work of an apparently crazed radio operator who sent out a phoney S O S, and then jumped overboard to his death.

Naval headquarters here reported a navy boarding party from the United States destroyer George K. Mackenzie late Friday clambered aboard the William Carson, approximately 300 miles west of the Azores, to find an orderly but surprised crew.

From Capt. Laurence Frist, squadron commander, who personaly led the boarding party, came this report:

"Briefly, the radio man, whose sonally led the boarding party, S O S and information about a mutiny, and then at a time unknown, jumped over the side.

Alberta Has Election On August 17

Makes Fifth Province Going To People; No Issue Announced

EDMONTON, July 17.—(CP).—Political activity surged into high gear in Alberta today following Premier Manning's announcement that his province will vote Aug. 17 to choose a new government.

Premier Manning set the date Friday. Months of speculation ended when he dissolved the present Legislature, elected in 1944, and ordered the election of a new one.

Alberta will be the fifth province to hold an election this year. Ontario voted June 7, Saskatchewan June 24 and New Brunswick June 28. Quebec will ballot July 28.

No issue was given the electors by the government. Mr. Manning said the administration wanted a new mandate for its program.

Produce Statements

But within minutes, the CCF had produced a platform manifesto, the Independent Movement made a statement, and shortly afterward the Provincial Progressive Conservative Association announced support of the Independents.

The Liberal platform remains the secret of youthful Harper Prowse, former army representative in the Legislature and the party's provincial leader for more than a year.

Labor-Progressive Ben Swankey of Edmonton was not avaailable for comment.

Nominating conventions have been numerous since early spring and already 116 candidates have been chosen for the 57 seats at stake.

There were 60 seats in the old House but three — the Armed Service representatives — have been dropped, restoring the House to its former size. A field of 200 candidates is expected.

Indicative of the background temper is that for the Social Credit-dominated House, 49 of 60 members were Social Crediters, the CCF already has more nominations than has the Government—46 to 43. Both parties are expected to contest almost every constituency.

The Weather

Peterborough Temperatures:

Today:
Night low..65 Noon|...77
Yesterday:
Highest....78 Lowest..62
One Year Ago:
Highest....80 Lowest..67

Sun—Rises at 5:51; Sets at 8.56

Synopsis: This morning's weather may shows a weak disturbance approaching Lake Superior. This will cause showers over Northern Ontario to-day and Sunday. There is also a risk of isolated thundershowers over Southern Ontario to-night and early Sunday morning. Clearing will follow with temperatures Sunday afternoon in the vicinity of 80 degrees.

Forecasts:

Lake Erie Lake Huron, Lake Ontario and Niagara Regions— Variable cloudiness to-day, clearing Sunday afternoon. A few isolated thundershowers to-night ending erly Sunday morning. Not much change in temperature. Low to-night and high Sunday— at St. Catharines and St. Thomas 67 and 82, Wingham 65 and 76, Trenton 65 and 78.

Summary for Sunday: Clearing.

Sudbury Georgian Bay, Haliburton and Southern Kirkland Lake Regions: Variable cloudiness to-day and Sunday. Scattered showers. Not much change in temperature. Low to-night and high Sunday—at Sudbury 64 and 75, Muskoka and Killaloe 62 and 76, Earlton 58 and 76.

Summary for Sunday: Showers.

Fear Water Shortage

COBOURG, July 17—(ENS)—Due to the hot weather with resultant heavy use of water to keep gardens and lawns fresh, a large amount of water is being used in Cobourg. Cobourg Public Utilities Commission is considering an appeal to householders to conserve water as much as possible and to water gardens and lawns only in the evening.

Seek Tax Removal

WINNIPEG, July 17. (CP)—A brief calling for removal of the eight-per-cent sales tax on newsprint purchases to be used solely in newspaper publications will be presented to the Dominion government by the Manitoba division of the Canadian Weekly Newspapers Association. The resolution said the tax now is $14.64 on a tone of newsprint as compared to $7.92 two years ago.

Cheese, Produce And Livestock

HOG PRICES

TORONTO, July 17.—(CP). — Hog prices at Stratford this morning were unchanged. Grade A delivered paid $31.10 to farmers; $31.25 to truckers.

TORONTO PRODUCE

TORONTO, July 17.—(CP). — Produce prices on the spot market here today were quoted as follows:

Churning cream unchanged. No. 1 73 cents fob; 77 delivered. Butter prints unchanged. First grade 69; second grade .8; third grade 67.

TORONTO FRUIT

TORONTO, July 17.—(CP). — Wholesale fruit and vegetable prices here today were unchanged with the following exceptions:

Tomatoes, Leam, 11 qt., $4-$5; celery, white $2-$2.25; celery, green $2.50-$3; carrots, hampers $1.25-$1.50; beets, bus., $1-$1.25; vegetable marrow 11 qts., 75-$1; blueberries, 1 qts., $4.50-$5.50.

WINNIPEG GRAIN

WINNIPEG, July 17 — (CP).— Coarse grain futures prices showed an easier tone on the Winnipeg Grain Exchange. The losses reflected to some extent, further rains across the Prairie grain belt. Selling and hedging came into both oats and barley. Barley also came in for a little demand from American accounts, while light shipper buying came into both grains. Rye futures trading was confined to a few commission house buying orders during a dull session.

The United Kingdom was allocated some 300,000 bushels of wheat onder the Canadian wheat agreement.

Class 2 wheat prices remained unchanged from Thursday.

solely by his desire to provide financial security for his family. During the five years he has been in the cabinet, what was left of his salary after taxes was just sufficient to provide him with a livelihood, sources close to him said.

When he leaves the cabinet he will return to his old firm of Zimmerman, Blackwell and Haywood to specialize in corporation work.

His impending departure leaves two cabinet posts open. The othtr is that of Provincial Secretary Roland Michener, who was defeated in the Ontario election on June 7.

Follow Ancient Route

STORNAWAY, Scotland, July 17—(Reuters)—The 47-foot Estonian motor boat Astrid will follow the route of the ancient Vikings when it leaves here today carrying emigrants to Canada. Captain Vilu, skipper of the Astrid which is carrying 29 passengers including 10 women and seven children, said he would sail straight for Canada unless bad weather forced him to shelter in Iceland.

Press Officer Retires

OTTAWA, July 17. (CP)—Fred James, chief press officer for the Dominion Agriculture Department for the last 15 years, has retired, it was announced Friday.

People Unhurt As Steamer Piles On Rocks

VANCOUVER, July 17 (CP)—Passengers aboard the steamer Cardena suffered only a shattering of their visions of a peaceful holiday when the 1,559-ton vessel grounded on jagged rocks five hours out of Vancouver while on a northern run to Bella Coola, BC.

The Cardena's crew of 45 and her 187 passengers were landed safely from lifeboats after she crashed early Friday on a reef at the entrance to False Bay, 55 miles north-west of Vancouver.

Most of the holidayers aboard the Union Steamships Line vessel returned here Friday night on the SS Cheloshsin.

One, A. Forbes of Vancouver, said he was sleeping in his cabin when memoers of the crew roused him.

"I was thinking of my holidays but my plans changed when I saw them lowering lifeboats," he said.

Other passengers continued their holidays by plane from False Bay. Some became panicky as they rushed for the Cardena's lifeboat stations, but most took the grounding calmly.

Thrown From Bunks

The shock jolted passengers from their bunks. Cabin furniture and ship's stores crashed between decks. The Cardena was reported lying at a pronounced angle fore and aft. First reports that she had been holed proved incorrect.

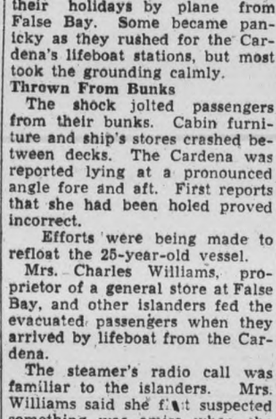
Efforts were being made to refloat the 25-year-old vessel.

Mrs. Charles Williams, proprietor of a general store at False Bay, and other islanders fed the evacuated passengers when they arrived by lifeboat from the Cardena.

The steamer's radio call was familiar to the islanders. Mrs. Williams said she first suspected something was amiss when she failed to hear it Thursday night.

21 Hurt In Crash

BARRIE, July 17 — (CP) — Twenty-one persons were injured, none seriously, in a collision Friday night between an autobus and an automobile police said was driven by Robert Wilson, 21 of Toronto. Wilson was brought to Barrie Hospital with undetermined injuries. The 20 bus passengers were treated for minor injuries at the hospital at nearby Newmarket.



PALMIRO TOGLIATTI, Italian Communist leader, who is still fighting for his life in Polyclinic hospital in Rome after being struck by three bullets outside the chamber of deputies. The bullets were fired by a young university student who was immediately arrested. Two of the bullets entered Togliatti's chest and one hit him in the neck. His condition is said to be serious. The incident touched off a series of disorders in Rome.

Won't Control Cancer For 5 More Years

OTTAWA, July 17—(CP)—Medical science will "quite possibly" get cancer under control before the cause of the disease is known, Lord Horder, physician in ordinary to the king and one of Britain's leading cancer authorities, said Friday at a press conference.

"After all, smallpox is under control although no one has ever succeeded in isolating the virus that causes it," continued the British physician, vice-chairman of the Empire cancer campaign and chairman of its scientific committee.

"You're probably aware that there is one organ of the body in which cancer has been controlled," he said. "In the prostate gland cancer cannot only be arrested but retrogression can take place as the result of medicine which can be taken by mouth."

Lord Horder suggested that the medicine, which he did not name, stimulated the prostate gland to overcome the cancer and said it seemed quite possible that some other medicine might affect cancer of the stomach in the same way.

New Drug

Health department officials said later he was referring to a new drug called stilboesterol.

"We should take a long view," he added. "We are not going to get cancer under control in the next five years—probably."

Lord Horder said cancers are being cured today which even five years ago would have been subject to drastic surgery."

He said he was doubtful of the wisdom of using the fear approach in campaigns to raise funds for cancer research and said the widely publicized "seven danger signals" used in the United States in such appeals had never been approved by any medical group.

Havelock News

The Simpson twins Gayle and James have returned from visiting their twin cousins, Diana and Douglas MacLean, children of Rev. C. M. and Mrs. MacLean of Millbrook.

Mrs. Arthur Beatty of St. David's is the guest of Mr. and Mrs. Wesley Johnston.

Recent guests with Mr. and Mrs. Dan Menzies and family were: Mr. and Mrs. Murray Menzies and son John, Miss Dorothy Meeks and Mr. William Nesbitt of Peterborough; Mr. and Mrs. Edwin Miles and son Lawrence of Stony Lake.

Mrs. Earl Hooper and son David of Toronto are visiting Mrs. Hooper's aunt, Mrs. Charles Spencer.

The many friends of Mrs. Herbert Hoard will be sorry to learn that she is in hospital in Peterborough where she underwent an operation.

Mrs. Harold Wilden and children Spencer and Carolyn have returned to Parry Sound after visiting Mrs. Wilde's mother, Mrs. Charles Spencer.

Mr. and Mrs. Fred Bennett and Miss Shirlev Bennett are visiting friends in Toronto.

Hastings News

Mr. Harry J. Payne of Orrville, Ohio, is spending a week's vacation at Scriver's cottage.

Mr. and Mrs. Slater of Belleville stayed at their cottage in Hastings last week.

Mr. and Mrs. Miller, with children and grandchildren, all of Orrville, Ohio, are vacationing in Hastings.

Mr. George Welsh of Mimico visited with relatives here over the week-end.

Mr. and Mrs. Ross Johnson and Mr. and Mrs. R. Manensby of Rittman, Ohio, are vacationing at Dan Longmuir's cottages.

Mr. and Mrs. Bob Martin, Peterborough, visited relatives over last week-end.

Mr. and Mrs. Leo Lalonde and family, Havelock, spent last Monday with Mrs. J. Duff, Sr.

Miss Patricia Quinlivan is a guest of Miss Rita Barry at their farm near Campbellford.

Mr. Jack Quinlivan and daughter Marie are staying with relatives in Warkworth.

Mrs. Joseph Barry and daughters, Claire and Patricia, and grandson Jackie, Mrs. G. Andrews and son Eddie, all of Syracuse, returned home last Saturday after spending a week's vacation at the home of Mr. and Mrs. Phonse Sullivan and family. They also visited other relatives in the village, including Mr. and Mrs. Jack Brinklow and Mr. and Mrs. John Sullivan.

Fairview News

Mrs. Elinor Lillico was hostess to the ladies of the Fairview Women's Association for their July meeting.

All entrance pupils in this district were successful. Allan Bell and Paul Reidel of SS No. 4 passed on recommendation. Helen Patton and Bob Olver of SS 11, were recommended, while Billie Wheeler and Russel Boyce were successful in written examinations.

MRS. MARY LOND was bogged down with luggage when she arrived at the Montreal docks with her two small children to sail for Scotland aboard the Ascania. Customs and exise officer, R. Hindle, came to her assistance and carried Una, aged three years, and Carin, nine months, aboard the ship. Mrs. Lond will be joined by her husband at Glasgow when he arriyes from China in September. He is at present a mate aboard the Bay Side.

Damage Caused Oil Truck $5,000

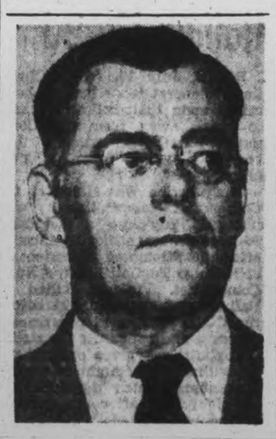
LINDSAY, July 17—(ENS). — Mrs. Elizabeth Richards, 64, of Lincoln Park, Detroit, who suffered shock and bruises in a collision at the Y-junction of Highways 7 and 12 on Monday, has been discharged from Ross Memorial Hospital here. Mrs. Richards was a passenger in a car driven by her husband, Alexander Richards, 63, which collided with an oil truck driven by Hubert Perrington, Toronto. The tractor trailer oil truck, carrying 2,700 gallons of gasoline, was knocked free of the cab, pushed into the ditch and rolled over twice. Provincial Constable W. H. Andrews, of Beaverton, said the US car was a total wreck, while the damage to the oil truck was over $5,000. The driver of the oil truck was uninjured but Mr. Richards, who is charged with careless driving, received minor bruises.

Hospital officials report that the conditlon of Alex. McDuffie, 45, of Woodville, who was very seriously injured in an accident in Woodville Monday, is still only fair. McDuffie suffered a fractured scalp and chest injuries as a passenger in a car driven by Alex. B. Grant of Woodville, which crashed into a roadside tree. Grant, who fractured his knee cap and suffered lacerations to his face, was arrested on charges of drunk and dangerous driving. He was released on bail of $2,000, and will appear on July 28th.

Provincial Police in Minden who investigated the bus accident on the Eagle Lake road last Sunday in which two Toronto women were injured, state that no charges will be laid against driver Sidney Irving of Toronto. The West York Coach Lines bus was damaged to the extent of $900, when it turned over on the narrow gravel road.

Six Generations Living

HARPOLE, Northamptonshire, England (CP) — Thomas Gibbins and his wife Sarah, both 88, recently celebrated their 70th wedding anniversary. They have 12 children, 14 grandchildren, 13 great-grandchildren, seven great-great grandchildren, and a great-great-great grandson.



T. G. McMANUS, secretary-treasurer of the Canadian Seamen's union, who sent a wire to Prime Minister Mackenzie King protesting shooting of five CSU members and demanded that charges of attempted murder be laid against the captain and chief mate of the CSL

Wasn't So Smart

KITCHENER, July 17 — (CP).—A Kitchener man's reluctance to pay $10 damages for a fender scrape in a parking lot has required him to post an $11,000 bond with provincial authorities to obtain another driving license. His former license was cancelled when he refused to pay a $10 judgment arising from the parking lot incident. He finally paid the $10 but still could not obtain a new license. The Highway Department said he would have to have either insurance or a $11,000 bond before it could grant him a license.

Parking Meter Total For Week Is $118

COBOURG, July 17—(ENS)—Town Clerk Jack Ewart said yesterday that the total parking meter receipts for the past seven days amounted to $118.37. The new parking meter heads, which will take coins from one to five cents, have now replaced the old ones that accommodated only a cent or nickel. Whether this will affect the revenue or not, is not known, but at any rate it will be more popular with motorists.

60 U.S. Superforts Get Bombing Trips

WIESBADEN, Germany, July 17.—(AP).—The 60 United States Superfortresses arriving in England will engage in simulated bombing missions, Lt.-Gen. Curtis E. Lemay said today.

Lemay, commander of the United States air forces in Europe, said the B-29's would probably land at American bases in Germany "from time to time during the course of their missions."

The British-based B-29's also "will probably fly training missions in co-operation with the air force fighter and bomber aircraft now in the United States zone of Germany," Lemay added.

Forget The Past Churchill Says

CARDIFF, Wales, July 17 — (Reuters). — Winston Churchill said Friday that Britain should turn away from the terrible past and look forward to a time when Germans and Germany, probably in the form of their ancient states, would take their place again in the family of Europe.

The wartime prime minister, in a speech here, said that Europe "must arise again in all its ancient glory."

He added:

"That can not be done unless all the great elements within its population—our French allies who are ever first in our minds, the German people, the Italians and the nations with whom we have not fought—are all brought within the majestic structure of a united Europe and become once again the admiration and not the object of pity among all the nations of the world."

"We must nevertheless recognize that the United States has become the most powerful nation in the world and the greatest force now working for peace and freedom among men."

"We have need of them and they of us."

Dismiss General

WASHINGTON, July 17—(AP)—Bennett E. Meyers, once a United States Air Force major-general and now a convict in disgrace, was dismissed Friday from the armed forces. President Truman issued the order under a section of the Articles of War which permits the president to dismiss any officer who has been in prison or penitentiary confinement for three months following conviction.

Leap From Bridge

GRACEFIELD, Que., July 17—(CP).—Several unidentified persons leaped 25 feet into the Gatineau River Friday night as fire destroyed a 720-foot wooden bridge linking this village, 50 miles north of Ottawa, with Northfield. No one was injured. The blaze is believed to have been started by a cigarette butt. Damage was estimated at $250,000.

Mother Country Team Wins Challenge Cup

BISLEY CAMP, England, July 17 — (CP). — The eight-man team representing the "Mother Country to-day won the Kolapore Imperial Challenge Cup for the third year in succession.

The Mother Country team combines expert military marksmen from England, Ireland, Scotland, and Wales, unlike the other big team match at Bisley, the Mackinnon, where these men fire in separate teams against the best from overseas.

The winners had a total of 1,1[illegible] of 1,200. Canada was second wi[illegible] 1,112. Australia had 1,107, Jersey and Guernsey each 1,091.

The Kolapore was shot at the 300-yard, 500-yard, and 600-yard ranges. Canada led at the first range, but Australia topped at the second, then the Mother Country pulled ahead on the last range.

The other big team match of the National Rifle Association's Empire meeting which closed today, the Mackinnon Cup, was won Friday by Australia.

Lt.-Col. Jack Steele of Guelph led Canadians in the Kolapore with 142 of 150. Flt.-Sgt. Tom Gregory, Saint John, and Sergt. R. S. Potter of Hamilton, had 141; Police Chief Jack McConnell, Fredericton, and Sgt. Alec Parnell, Montreal, 139; Flt.-Lt. Dave Reynolds, Ottawa, 138; Maj. A. E. Gormley, Charlottetown, and SSM Norman McLeod, Toronto, 136.

Three Rail Employees Hurt In Collision

MONTREAL, July 17. (CP)—Three railway employees were injured, one of them seriously, when a Canadian National Railways train rammed the rear of a stationary Central Vermont Railway train on Victoria Bridge late Friday night.

Injured were: Clark Dixon, 47, of St. Albans, Vt., conductor of the Central Vermont train, who suffered six fractured ribs when he jumped from his stationary coach; William Armstrong, 29, and Douglas Beaulac, 25, both of Montreal, CNR employees who suffered bruises.

Peterborough Hogs, Grain And Produce

THESE CANADIAN SEAMEN'S Union men parade on CSL dock at Cornwall, in protest of shooting of five of their members who boarded the Canada Steamships' freighter Lethbridge. Company officials watched from the windows. A charge of shooting with intent to maim has been laid against Chief Engineer T. N. Murphy of CSL freighter Lethbridge, who fired shots.

Visitors Lament Dull Week-ends For New Zealand

By J. C. GRAHAM
Canadian Press Correspondent

AUCKLAND, N.Z., July 17 (CP).—Tourists, visiting business men and recent British immigrants have combined in letters to the local press in dubbing New Zealand "the dull Dominion." They admit that New Zealand has glorious scenery and a fine climate but they complain of lack of entertainment and maintain that New Zealanders have no idea of how to enjoy themselves.

Particular criticism has been levelled at New Zealand's "two Sundays in a week." This refers to the strict observance of the five-day 40-hour week under which almost all shops are closed all day Saturday as well as on Sunday.

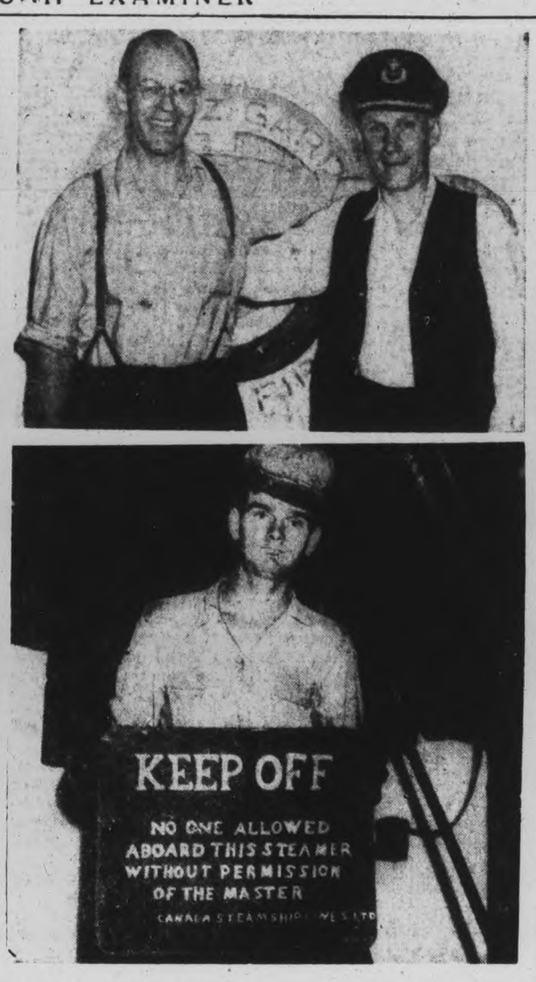
The consensus seem to be that New Zealanders have legislated themselves ample leisure but have not learned how to use it. Visitors complain of the six o'clock closing of all bars, the lack of night life and the fact that there are no sporting events or entertainments on Sundays.

Long, Dreary Vacuum

They hold that if everybody has a holiday at once over the week-end all are left at a loose end with no way of passing the time, and that the much-vaunted long week-end becomes merely a long, dreadful vacuum. To be a success, they say, the five-day, 40-hour week must be staggered so that shops and entertainments are available to people who are not working.

So far there is little indication of New Zealanders responding to the appeals of visitors and new arrivals. There is little local agitation for theatres and sports on Sundays. Many people are accustomed to spending the week-end at seaside or country cottages which are maintained—in addition to town houses—by large numbers of families even in the modest income group. Others spend the weekend in private entertaining in their own homes.

One complaint of visitors—the limiting of the sale of liquor to hotels, all of which close at 6 p.m. —may, however, be remedied shortly. It is reliably stated that amendments to the liquor laws will be introduced into parliament shortly permitting the sale of liquor in the evenings and extending the sources from which it may be obtained.



CHIEF ENGINEER MEL Murphy (top left), who let go with a 12-gauge shotgun when CSU men attempted to board the freighter Lethbridge at Point Edward, now faces a charge of shooting with intent to maim. The shotgun blasts wounded five pickets. Seen with Murphy is Captain William Smith, skipper of the ship. At bottom, youthful crew member, his cap and jaw set at threatening angle, exhibits the warning sign which was ignored by strikers. They are reported to have torn it off when they boarded the ship.

Birdsall's Beach Scene Of Picnic

WESTWOOD, July 17 (ENS).—A most enjoyable afternoon was spent on Wednesday at Birdsall's Beach, when the Sunday School and Misson Band of St. Andrew's United Church held a picnic Treats of ice cream, oranges and candy were given. The younger members enjoyed swimming and bathing.

A program of races and contests provided entertainment, and resulted as follows:

Tiny tots — Jane Mortlock, Marie Buck.

Boys and girls 4 years and under—Freddie Pulfer, Andy Hay.

Boys and girls 4 to 6 years—Bill Hay, Norman Hie.

Girls 7 and 8 — Joan Cook, Eileen Dunlop.

Boys 9 and 10—Paul Humphries, Buddy Cardwell.

Girls 11 and 12—Faye Talbot, Elizabeth Warner.

Boys 11 and 12—Gordon Dunlop, Jack Dunlop.

Girls 13 to 16—LaVella Scriver, Shirley Clysdale.

Boys 13 to 16—Gordon Whelan, Gerald Whelan.

Married Women — Mrs. A. Wood, Mrs. A. Hie.

Three-legged race — Shirley Clysdale and LaVella Scriver, Gordon Dunlop and Gordon Whelan.

Shoe race, 12 and over—Shirley Clysdale and Gordon Dunlop.

Shoe race, 12 and under—Faye Talbot and Gordon Dunlop.

Leap Frog—Gordon Dunlop and Paul Humphries; Faye Talbot and Elizabeth Warner.

Relay Race—Shirley Clysdale, LeVella Scriver, Gerald Whelan.

Wheel-barrow — Paul Humphries and Gerald Whelan.

Ladies' Shoe Kick—Joan Davidson.

Cracker race—Dorothy Humphries, Gordon Whelan.

Men's Ball Throw—E. W. Sargent, H. S. Neilson.

Youngest present — Barbara Boate.

Lucky number—Jean Lancaster.

Bean guessing jar— Mrs. John Davidson.

The usual picnic supper was the highlight of the afternoon and brought a pleasant time to a close.

80 Children Attend Fleming Field Day

Fleming Playground held a field day and picnic on Thursday with 80 children, ranging from four year to 15, taking part.

Teams of boys and girls vied for honors in track and field and other athletic endeavors as well as games of skill. Top team of the day scored 308 point and consisted of Bob Finley, Barbara Todds, Judy Brooks, Frankie Clarke, Loreen Edwards, Johnny O'Keefe, and Mae Finley.

Individual honors went to Tom Kelly who scored 100 points out of a possible 125. The running broad jump event was won by Bill Foster, 14, who cleared 14 ft. 1 inch. Set standard for this age is 12 feet 10 inches.

Duke Of Edinburgh Qualified Stoker

LONDON, July 17 (CP). — The Duke of Edinburgh is a qualified stoker and has a certificate to prove it.

Describing some of his wartime naval experiences to a Canada Club dinner, he recalled a voyage during which Chinese stokers deserted the ship. Officers and men were called on to take over.

"We were all given a certificate stating we were qualified stokers," the Duke said. "I still have that certificate."

ApprenticeToManager William F. Casey Dies

KINGSTON, July 17—(CP)—William Frederick Casey, 60, who worked his way from apprentice to president and general manager of the Canadian Locomotive Company here, died Thursday night in hospital. He had been ill for several weeks.

Mr. Casey joined the Locomotive Company in 1901 as a machinist apprentice. Thereafter he rapidly gained promotion and in 1914 became assistant to the vice-president. Two years later he became manager and in 1919 was appointed vice-president and general manager. In 1932 he assumed the presidency and retained the position of general manager. About six months ago he resigned as general manager but continued as president.

Mr. Casey is survived by his widow, the former Sylvia Cowley, of Kingston.

3 Bears, But No Fish Spoiled By Tourists

HASTINGS, July 17—(ENS)—Mr. Walker, accompanied by Mr. and Mrs. Ross Johnson and Mr. and Mrs. Manensky of Rittman, Ohio, who are staying at Lonquers cottages, took a berry-picking trip up the Bald Mountains last Tuesday. They had lunch on top of the mountian, where they could see for many miles.

They fished without success in Mazner Lake, which is 30 miles long and 4 miles deep. They searched in vain for the old lost Indian mine, and when they came up on 3 black bears, one approximately 250 lbs., and the other two over 300 lbs., Mrs. Manensky was paralyzed with fear, while Mrs. Johnson climbed an 18-foot rock. The bears didn't attempt to attack them; they stood still while the bears went on their way. After the bears had left it took the men almost three hours to get Mrs Johnson down from the rock.

FOUND IN THE ANDES

The condor, large South American, vulture-generally found in the Andes, builds its nest at a height of from 10,000 to 15,000 feet above sea level.

Informal New Zealanders

KAIKOCHE, N.Z. (CP)— New Zealanders are great believers in equality and generally address everyone, irrespective of rank or position, by their Christian names. Miss Mabel Howard, Minister of health and only woman cabinet minister, said recently: "I'm Mabel to everybody. Nobody ever thinks of calling me the minister or Miss Howard."

THIS PICTURE FROM Amman, capital of the Transjordan shows Brig. Glubb Pasha, who has retired from the British army, walking arm in arm with King Abdullah of the Transjordan. The U.N. Security Council has ordered Israeli and the seven members of the Arab league to stop fighting in Palestine within three days and within Jerusalem within 24 hours. It is believed that King Abdullah, whose Arab legion is the only effective fighting force put in the field by the Arabs, would support compliance with the council's order.

Mutual Leaders Honoured

J. A. NORNABELL, C.L.U.

E. G. PRIDHAM, C.L.U.
Branch Manager.

D. M. POLSON

R. A. MAGAHAY

G. H. PALMER

The Mutual Life of Canada has released its Honours List, recognizing five members of its Peterborough Branch for outstanding service to their communities in the Club Year recently closed. They are:

Quarter-Million Club
Mr. J. A. Nornabell, C.L.U., Peterborough.

Leaders' Century Club
Messrs. D. M. Polson, Oshawa; R. A. Magahay, Lindsay; and G. H. Palmer, Fenelon Falls. Mr. E. G. Pridham, C.L.U., Branch Manager, is an Honorary Member.

Qualification for Club membership requires not only the underwriting of a large volume of protection, but, more important, the writing from year to year of "quality" business, that is, life insurance that is continued in force. These two factors, combined with a high personal standard of confidential service to policyholders, earn this recognition for Mutual Life policyholders.

So You Want To Have Tomatoes In January, Do You?

So you want to have tomatoes in January, do you? The housewives, the husbands, the bachelors, the restaurant-keepers, the young ladies, all who moaned and groaned and beat their breasts last winter and spring because they could not have tomatoes and lettuce out of season have their reward. The people who wailed because tomatoes (home-grown in hot-houses) were a dollar a pound when the same fruit was selling for 35 cents a pound in the U.S.A. have their reward. (They did not have to buy them, of course.) The people who wanted bigger cars (theoretically produced in Canada but really made in the U.S.A.) have their reward. So have the people who wanted early spring potatoes (American grown). So have the people who wanted domestic appliances, the manufacturerers who wanted special parts (American). So have the people who want to travel in the U.S.A. and spend money there. So have the people who wanted oranges and grapefruit galore. They have their reward. They all have; we all have.

• • •

The reward is this: paying 4½ million dollars a year interest on an American loan of 150 million dollars secured from private sources in the U.S.A. What a shame this is, what an admission of defeat in the economic battle. Canadian citizens, no matter how proud, self-reliant and decent do not strenuously object to their Government's borrowing money from its own people for necessary purposes. It is all in the family. But how lamentable it is that the Canadian Government, our Government, should have to go to private American firms and say, "Will you please lend us 150 million dollars at three per cent. interest? Our people are restless at the restrictions on imports we have had to impose. They want all sorts of things from the U.S.A. and we have not the American dollars. Please lend us the money. We will pay you you 4½ million dollars a year for at least eleven years if you do".

• • •

Government in Canada is democratic. It is elected by the people. It must give a measure of leadership; it must also give ear to the cries of the majority if it wants to be re-elected. People howled about the restrictions. They howled loud and long. So the Government has listened, being a people's government. It has raised a large American loan. The loan may not give us fresh tomatoes next January, but it will at least make possible a modification of some of the import restrictions and thereby quell some of the angry murmurs.

• • •

We Canadian people have been living beyond our American means. We apparently intend to continue to do so. Well, we must pay for it—and hang our heads.

• • •

There are remedies. We can tighten our belts and eat cabbage until our own fruits and vegetables come into season. We can produce more in our factories for export, and try to do it as cheaply as the Americans. Men in Canadian factories can begin to work as hard as men in American factories. We can try to attract and cater for more tourist dollars. We can "make-do" with what money and produce we have. But it seems that we as a people are not willing to do these things. We are getting too soft; we are too willing to mortgage our future for a mess of lemons (fresh).

What Interests Canadians?

A play named *The Drums Are Out*, by John Coulter of Toronto, is now being presented at the famous Abbey Theatre in Dublin. It had its first performance on Monday, July 12, and was given a favourable reception by the critics and the audience. It is interesting that Mr. Coulter sent his play to Ireland only after he had exhausted the possibilities of having it produced in Canada; although Mr. Coulter is an Irishman by birth, Canada has been his home for many years.

Why would no one do the play in Canada? The usual excuse offered was that the theme of the play was Irish, and that it would not, for that reason, appeal to a Canadian audience. But the plays of Bernard Shaw which are on Irish themes, and the plays of Sean O'Casey, Lennox Robinson, J. M. Synge and other Irish playwrights are well received here. The suggestion that an Irish theme works against a play in Canada is decidedly thin.

A controversy on this subject appeared earlier this year in the columns of *Saturday Night*. Two or three Canadian playwrights from the West stated emphatically that Canadians wanted plays on Canadian themes, and implied that Canadian interest in other plays was not great. We feel that this reflects unwarrantably on the intelligence of our nation; good plays have qualities which make them of interest to most civilized peoples, without regard for nationality. We suggest, also, that the number of themes which are exclusively the property of Canadians must be very small. We share the problems of most other peoples of our time and civilization, and we can no more live comfortably within artistic boundaries than we can live without export and import trade.

The real reason for the neglect of Mr. Coulter's play in Canada, we feel, lies in the strong mistrust of native work which still persists in this country. No doubt *The Drums Are Out* will be done by many Canadian groups, now that the Abbey Theatre has shown that it is worth doing. But must we always wait for outsiders to put the stamp of approval on our literature? Are we so uncertain of the validity of our own judgement? And surely we can stop talking about "what will interest Canadians"? Do we not know by this time that Canadians will be interested by anything which is worth the attention of intelligent people anywhere?

Candidates For The Liberal Leadership: The Rt. Hon. J. G. Gardiner

Rt. Hon. James Garfield Gardiner, B.A., LL.D., is third on the alphabetical list of men named as possible successors to Prime Minister Mackenzie King as leader of the national Liberal Party. Mr. Gardiner is an avowed candidate for the leadership; he has been member of the Commons for Melville, Sask., since he was elected at a by-election in 1936, and has held the portfolio of Agriculture since that time.

James Gardiner was born at Farquhar, Ontario, in 1883, of Scottish ancestry. He began his career as a farmer at the age of twelve, hiring out as a farm boy; five years later he went to Saskatchewan for the harvest fields. There he stayed, and although he never forsook the farm altogether, he took time out to qualify as a full-fledged teacher and to graduate in Arts from the University of Manitoba. While still principal of a continuation school he entered political life by winning a by-election to the Saskatchewan Legislature in 1914.

From that day on, politics became the main career of James Gardiner, linked always with the farm and farming interests. After twice serving as Premier of Saskatchewan, he was called to the Federal Cabinet as Minister of Agriculture on Nov. 4, 1935, at a time of agricultural crisis. His outstanding organizing ability helped Canadian agriculture meet that crisis successfully, and he improved the efficiency of the Federal department immensely by splitting it into four divisions—production, science, experimenal farms and marketing. During the early war years he held the portfolio of National War Services, which he resigned in 1941.

James Gardiner is one of the ablest and most aggressive debaters ever heard on Parliament Hill. Slightly under average height, his chunky, erect body is that of a fighter's, as is his mind. Remorselessly logical, his speeches are unsually concise and forthright. It is said that Mr. Gardiner was the only member of the House the late R. B. (later Viscount) Bennett did not welcomes in open debate. Whether true or not, some of the clashes between Mr. Gardiner and the great Conservative leader were among the most memorable ever heard in the Commons.

By occupation, Mr. Gardiner must be classified as a politician of thirty-four years' experience, most of it in office. His second love is still the farm; he gets away to his 320 acres at Lemburg, Sask., whenever possible. He is married, the father of three living children, two daughters and a son. Another son, FO. J. Edwin Gardiner, died at Dieppe. Mr. Gardiner is a member of the United Church.

A Bulgarian has just died at the age of 121. And remember, it's harder to live long in the Balkans than in most places.

Diary Of A Beach Philosopher

By SAMUEL MARCHBANKS

SUNDAY: To the beach today, where I lay in the sand and gave myself to philosophic reflection. Why, I mused, is the display of the human body on a beach thought to be provocative of venery, and hence destructive of the moral fibre? Indeed, I thought, if the godly folk really gained their end, and desire were forever slain in the human heart, what would become of posterity? Basking, I stared about me, and read deeply in the Book of Life. Here were the chubby limbs of childhood; yonder were the varicose veins of reverend eld. Timid virgins tested the water with apprehensive toe; merry matrons wallowed in noisy rapture. In several bodies the dividing line of sex seemed to be blurred, and ladies with splendid biceps swam beside gentlemen with nobly developed busts. Flesh was everywhere about me, yet my thoughts were not fleshly, but mystical and transcendental: if clothes were banished, I thought, a new and realistic morality would quickly assert itself.

◇ ◇ ◇

MONDAY: A catalogue of gramophone records came in the mail this morning, and under "Classics" I found one with "The Chicken Reel" on one side and "Fiddle Faddle" on the other; they were classic, apparently, because they were played by a symphony orchestra. . . . Because of the heat, did some writing in my garden this afternoon, and as I stared about me, seeking inspiration, I saw a cat lying on its stomach in a flower bed; if I squinted just the right way, it looked like a reposeful tiger. Soon another cat approached it, and gave it an affectionate swipe with its tail; both lay on their stomachs, with their paws arranged like Landseer's lions, and stared fixedly at one another. Like me, they were enjoying the solitude of town in summer. When everyone has rushed off to the lakes much of the neighbourhood subsides; few cars rumble along the streets, and one can walk for blocks without meeting a soul. Quiet, shaded and empty, a town is at its best in summer, but only the cats and such wage-slaves as I remain to savour its quality.

◇ ◇ ◇

TUESDAY: To the movies tonight and saw, among other things, a film about soil erosion called "The Rape of the Earth". The word "rape" was so irresistibly humorous to two girls and their escorts in my neighbourhood that I thought they would burst; their sniggers were like the squirtings of a hose when it is first turned on. Some people are affected by some words as slot machines are affected by coins; feed in your word, and the result is invariable. Feed "Communist" into an old gent with a quarter of a million dollars, and out comes a hutty lecture; feed "Booze" into a pronibitionist, and out will come fancy statistics about accidents and insanity; feed "Rape" into girls and boys and you get this bromo-seltzer fizzing. . . . The film was Noel Coward's "Brief Encounter" which was about the love affair of two ordinary people in early middle age. Many of the audience were confused, I think, for Hollywood had convinced them that love is for the young only. The notion that love and real pleasure are exclusively for people under thirty has caused a vast amount of avoidable boredom.

◇ ◇ ◇

WEDNESDAY: Re-hung some pictures tonight, on the walls which the painters have finished. I was trained in the art and mystery of picture-hanging by my Uncle Fortunatus, who does it with a complete toolkit, a spirit-rule and levels of every possible type. He would not dream of hanging even a small picture without taking at least two hours, and changing into his old clothes. As a consequence, I hang pictures like this: taking a nail in one hand and a hammer in the other, I approach the wall and pick a likely spot. "About here, I think?" I say to my assistant. "Mpmm; might move it a shade", says she. "Up or down?" I enquire. Doesn't matter", says she. Then I knock in the nail with powerful blows, hang the picture on it, and that is that. I can decorate a whole room by this method in ten minutes, flat. But so wonderfully straight is my eye, and so unerring my taste, that visitors stare in admiration, and when my Uncle Fortunatus visits me, he thinks I do it all his way, and praises the result.

◇ ◇ ◇

THURSDAY: Saw an interesting incident on the street today, which I have embodied in a one-act play which I call "The Effect of Thirty Years Teaching of Hygiene in Ontario Schools". The scene is a street and the characters are two children of about four and six years old, and their companion and guardian, a girl of sixteen or so. All three are champing bubble gum furiously:

Child of Six: Doreen's pickin up gum offa the street!

Guardian: Dontcha, Doreen. It's got germs!

Doreen: Alas! Oh heavy day! Woe is me! Boo hoo!

Guardian: Aw, was it your own gum, honey? Well, that's O.K., then. (She picks up cud of gum, wipes off dirt on her shorts, and pops it into Doreen's mouth.)

CURTAIN

I have hopes of getting this done at the Drama Festival next spring.

◇ ◇ ◇

FRIDAY: Woke to discover that hay fever had descended upon me in the night. My nose seemed to be about the size and shape of a milk bottle, my eyes were dim and I was unable to taste my breakfast. About a year ago I underwent a series of tests to discover the cause of this malady, and learned that several weeds, none of which I know by sight, are at the root of it. English cockle our, it appears, is an enemy of mine, but I have never, to my knowledge, seen an English cockle bur. It is dreadful to think that I stumble blindly, feverishly and blasphemously through two or three months of every year, assailed on all sides by unknown enemies. Just let them show their ugly faces, that's all!

◇ ◇ ◇

SATURDAY: An unmistakeable odour crept through Marchbanks Towers this evening, and although I fought it off as long as I could, the conviction grew upon me that Chanel the skunk had hidden himself in the cellar. This created a very delicate situation. I have only seen Chanel at a distance, and he appeared to be a young, joyous, high-spirited skunk, but it is always possible to be mistaken, and I did not want to find out too late that Chanel was really of a malign and hunkerous disposition. Crept down the cellar stairs, and peeped behind the storm windows, in the coal bin and under the tubs, saying "Puss, puss, puss" in a high, hypnotic voice. But Chanel did not appear, though his scent was as powerful as it had been in the upper chambers. I cannot decide which is worse: to find the skunk in one's cellar, or to go on suspecting its presence. Perhaps, as in psycho-analysis, it is more destructive to the soul to remain in doubt about the worst. And what does one do when one finds the skunk? Carry it outside on a shovel, singing a lullaby to it? Sometimes I wish I lived in an apartment.

ANOTHER CLOSE ONE

"We Got The Wrong Man"

(FINANCIAL POST)

"A 21-YEAR-OLD FATHER of a 12-day old baby was arrested recently on a charge of assault with intent to commit a serious offence on Teresa Dowling, eight. The little girl was beaten and left for dead in a York Township field May 17." Such was the start of a recent Toronto newspaper story.

The accused was Gordon Harvey. He spent two days in jail, had this serious charge hanging over him for three weeks when the court freed him.

Harvey has been found innocent. But cost of his defence and lost working time was, he says, $700. Now he has lost his job.

Particularly because it was a charge of this kind, Harvey and his family have had a very raw deal.

The York Twp. police force, responsible for this blundering outrage, may have earned public contempt as a result, but that isn't enough. Some means must be found of preventing police stupidly and wantonly abusing their necessarily broad powers in a manner so serious to the reputation of citizens.

Ontario's Attorney-General Blackwell should look at this police force, and at the people responsible for this outrage.

The child had suffered an extremely serious head injury. While she was convalescing York Twp. police put her in a car, took her for a drive around the area of the attack. The sick, scared, confused little girl was apparently asked to see if she could spot her attacker.

But, as the court ultimately found, the description of the girl's attacker given to police when she was found did not agree in any respect with a description of Harvey "except that Harvey is a young man."

In his story of the affair given to reporters after acquittal, Harvey added this revealing testimony about the police conduct.

After the police car stopped, Harvey was asked if he had ever seen the girl. His answer was no. Then to quote Harvey, "Police asked her if she had ever seen me and she said she had not."

The police conferred. Next, says Harvey, police asked the girl, "Is this the man who took you by the hand in front of Goul's drug store?" To which the girl's answer was yes.

Not only did police arrest Harvey despite the fact that he had no resemblance whatever "except that he was a young man" to the suspect's description given to police, but they took him in despite the little girl's obvious confusion and uncertainty in her identification.

Police eagerness to get some conviction in a case is understandable. But this Harvey case shows that police power can be wielded with intolerable irresponsibility.

With Harvey's acquittal, police can say "We just got the wrong man," and resume their hunt for the right one. But Harvey faces a lifetime with a record which shows he was once arrested on a serious and noisome charge. Despite his acquittal, Harvey has been permanently injured.

Because police are so well protected, it does not appear, according to legal opinion given the Financial Post, that Harvey has grounds for action against police.

Here is a serious infringement of citizen rights and liberties. Harvey was acquitted. The police effort to get a conviction failed.

But how many innocents are not acquitted? The way some police operate should be a cause for major alarm among responsible citizens. Sometimes an innocent man may have great difficulty, and be put to great expense, in proving his innocence.

So the responsibility of police in making their charges is fundamental to justice.

Perhaps this incident will help bring long-needed and basic reform in public policy about police. Bluntly put: the main trouble with police forces is that society gives them more power than their training and average level of mental development justifies.

For putting chalk marks on cars, directing traffic, looking in store windows at night, pushing back crowds at parades and doing sundry other police jobs, the present average calibre—and salary—is quite satisfactory.

But for dealing with serious crime, in today's highly complex society, we've got to get men with a much higher level of intelligence and training—and pay for it well.

The Harvey case demonstrates the peril in which every citizen stands from irresponsible use of police power.

A Bible Message

O BLESS our God, ye people, and make the voice of his praise to be heard: which holdeth our soul in life, and suffereth not our feet to be moved. (Ps. 66:8, 9.)

◇ ◇ ◇

In the fear of the Lord is strong confidence: and his children shall have a place of refuge. The fear of the Lord is a fountain of life, to depart from the snares of death. (Prov. 14: 26, 27.)

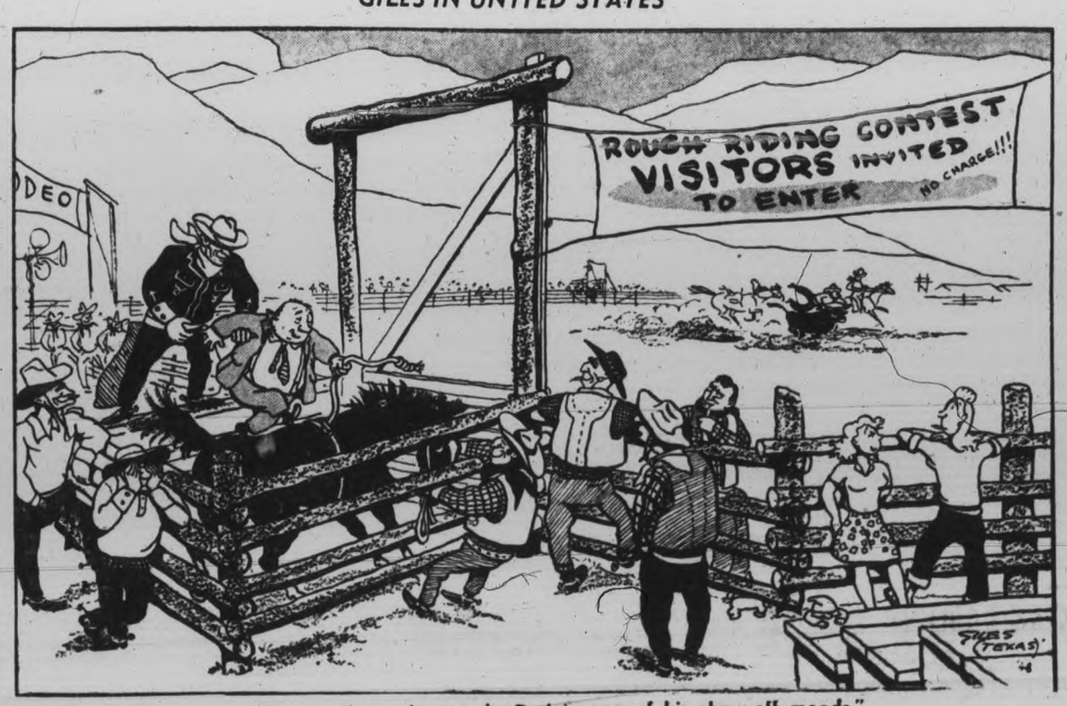
◇ ◇ ◇

Now there was at Joppa a certain disciple named Tabitha, which by interpretation is called Dorcas: this woman was full of good works and almsdeeds which she did. And it came to pass in those days, that she was sick, and died: whom when they had washed, they laid her in an upper chamber.

And forasmuch as Lydda was nigh to Joppa, and the disciples had heard that Peter was there, they sent unto him two men, desiring him that he would not delay to come to them. Then Peter arose and went with them. When he was come they brought him into the upper chamber: and all the widows stood by him weeping, and shewing the coats and garments which Dorcas made, while she was with them.

But Peter put them all forth, and kneeled down, and prayed; and turning him to the body said, Tabitha, arise. And she opened her eyes: and when she saw Peter, she sat up. And he gave her his hand, and lifted her up, and when he had called the saints and widows, presented her alive. (Acts 9: 36-41.)

GILES IN UNITED STATES



"This ought to be good—Dad in one of his show-off moods."

Outdoors

With PETE McGILLEN

AMERICANS IN THE HUNDREDS throng the various resorts throughout the Kawartha lakes, with Ohio visitors in the majority. Along the main street, U.S. car markers outnumber the locals with Ohio, Pennsylvania and New York dominating in that order. Merchants and restaurant managers claim the boom is a healthy one, but no greater than at the same period last year. Resort owners claim very few lodges are filled to capacity, although all are past the three-quarter mark. Reservations for August are good, but not of peak figures. In short, there is still plenty of room across this fishing and vacation section, and best of all, fishing has been good.

✦ ✦ ✦ ✦ ✦ ✦

ED KENNAN AND NORVIN REESE, Medina, Ohio, are staying at Kawartha Lodge at Lake Katchawanooka. The first day they went fishing with their Canadian buddy, Ray Pearson, and hooked 11 muskies, but only three were keepers. Still that was a heap of fun and it showed that the muskie population was still high. Last Saturday the three were out again and Kennan tangled with an 11-pound muskie. Saturday night Reese added a 15-pounder. Then to top it off, Kennan caught the prize of the trip, a 16½-pound maskinonge on Sunday evening. This pair have been coming to Canada for 25 years, and it is only during the last two that they have chosen Kawartha Lodge. They claim the fishing is way above the ordinary. Kennan is a post office worker at Medina and Reese a railroader from Chippewa Lake. At present there are ten Ohio cars parked near this lodge and all are from Medina or the suburbs of that Ohio city.

✦ ✦ ✦ ✦ ✦ ✦

DAVE LEETHER is mill foreman of the Brinton Carpet Company, and it seems he is quite a salesman for the Kawartha district. Down at Bloomsburg, Pa., last summer he was visiting the Magee Carpet Co. and told several of the officials that fishing around his home town was extraordinary. Why there are families in Peterborough who toss fishing lines out the back window and catch fish for breakfast. . . . Of course, Mr. Leether was laying it on, and through the cooperation of the Otonabee river muskies, he can keep right on bragging. On Thursday John Lyle of Bloomsburg, supt. of the McGee Carpet Company, arrived here with his brother Thomas of Franklinville, N.J. . . . . just to exchange ideas, you know, but he brought a fishing rod. Mr. Leether figured he had to produce, so he called Vern Rose, one of his employees, and said: "Take these boys out and show them some real fishing," or words to that effect, and all the time he had his fingers crossed. Well, here's what happened . . . .

✦ ✦ ✦ ✦ ✦ ✦

ROSE HAD A BOAT anchored at the foot of Monaghan Road, and after a short instruction period on what to do if a muskie hit, they started downriver. Suddenly an undersize muskie cleared water close to shore, and the Lyle boys got interested fast. Then another muskie zoomed out of the water feeding on flies. By this time the lines were in the water. In five minutes Tom Lyle had an undersize muskie on, but lost it near the boat. Five minutes later a 20-pound Kawartha muskie grabbed John Lyle's troll, took a toehold on the bottom of the river and probably said to himself, "Just let this southerner see if he can drag me in." It didn't do the muskie any good to be a sulker, Lyle has fished from Florida to Delaware Bay, and all through Wisconsin. They figured it took 15 minutes to boat the muskie, a 45-incher. "By golly, I've seen more muskies in 15 minutes here than I saw in two weeks in Wisconsin, and I don't care who knows it," said the lucky angler. That's the story, and Mr. Leether has a new horseshoe over his door.

✦ ✦ ✦ ✦ ✦ ✦

HERE'S A NEW RECIPE: Chief Pierre Mendendou at Hotel Washington in the nation's capital decided that most fishermen get tired of always having to fry their fish in bacon drippings, butter, or lard, always getting the same taste. So he decided to do something about it. Here is Pierre's formula: Prepare the fish for frying, roll in flour, spread with mayonnaise, reroll in flour, and pop the fish into a skillet that has a wee bit of grease in it. The result is a dish of fish with a delightful new tang. The mayonnaise also makes a dry fish more appetizing because it provides a certain amount of moisture. This recipe can also be followed substituting cornmeal, or crushed corn flakes, or breadcrumbs for the flour. Maybe the Kawartha guides will start lugging a jar of the stuff now whenever they want to prepare one of those famous shore dinners.

✦ ✦ ✦ ✦ ✦ ✦

PITY THE POOR FROG, he has more predators perhaps than any other creature. If it isn't man after him, then its either snakes, cranes, or huge fish. Fred Roy and his son Rob were watchers at an interesting little sidelight on the life of one of these hoppers. They were sitting talking on the steps of a Mississauga lake cottage one evening last week. Suddenly from the rear of the cottage came a huge green frog. The frog was so frightened, it was running instead of hopping, and obviously was pretty well tuckered out. When it reached a patch of green grass it crouched close to the ground, almost completely hidden by its protective coloration. The two men waited to see what had caused the frog's flight. Soon a yard-long garter snake came easing around the cottage corner. Every few feet it would stick its head about five inches into the air trying to find its prey. It circled the grass plot, and apparently couldn't see the frog, but it kept getting closer. Suddenly froggie could stand it no more, so it hopped straight for the water, a beautiful four-foot jump, and was gone. The snake did not follow it into the lake.

✦ ✦ ✦ ✦ ✦ ✦

A GREAT SPORTSMAN and conservationist, Peter J. Turner, who wrote under the penname "Kushwaup," is dead. "Pete" was editor of the column "By the Way" in Rod and Gun in Canada, and many newspapermen and free-lancers regarded him as the dean of outdoor writers in Canada. He had lived a long time, and was astute enough to look ahead and forecast wildlife conditions long before they reached the state he predicted. He battled greed and selfishness, fought for better laws, pleaded with hunters and anglers to play the game, and protect the heritage of hunters and fishermen for future generations. His was the long fight of the realist who puts the welfare and pleasure of others above personal gain, the fight of the far-seeing sportsman who recognizes that fish and game species face extinction.

✦ ✦ ✦ ✦ ✦ ✦

AROUND THE COUNTRY: Mr. and Mrs. Frank Whitehouse and Mr. and Mrs. Art Gibson, Peterborough, knocked off 14 lovely walleyes in one day at Baptiste lake. . . . Henry Hankett, Canton, Ohio, hauled a 5-pound walleye up 20 feet over the railing of the Hastings bridge on the Trent. Ollie Herman, Massillon, got a seven-pounder in the Trent near Rice lake, besides several others up to three pounds. . . . Dr. Adrian Davis, Akron, is pretty proud of that 5¾-pound small-mouth black bass he caught at Picard's lake near Peterborough. . . . Ezra Flowers, Sharon, Pa., took top honors in the Grey and Bruce fish derby here with 25-lb., 10-ounce muskie from Lake Katchawanooka. He won a 16-foot cedar strip Peterborough boat.

Viewing Samples of Otonabee Water Like Having Spots Before Your Eyes

By NICK NICKELS

Do you have spots before the eyes? Your doctor will probably advise that you have liver trouble and all sort of things wrong with you. We did not anticipate we had any trouble along those lines until we paid a visit to the city's medical health laboratories today to see what all this fuss on water pollution was about. We found out, promptly.

Health department officials have taken hundreds of water samples from Lakefield down south past Wallace Point on the Otonabee River and in the Trent Canal. They put a drop of the water sample on a plastic watch case, with a drop of culture medium, and placed the specimens in a temperature-controlled cabinet for a few days.

When they know that it is about time for things to begin cooking, they roll up their sleeves, get out their charts, microscopes and slide rules and prepare for a big scientific heyday, and the citizens of Peterborough for a big shock. The things they found out were enough to turn a man away from taking a drink of water, or having a bath for the rest of his days.

They were trying to track down a vile disease-spreading germ called Colon Bacillus that apepars on their culture plates as scarlet spots. The count is based on 100 organisms per cubic centmeter of water specimen at 37 degrees centigrade. Besides the red spots on the slides, there are hundreds of nasty freckle-coloured things, that for the moment were unnamed because they were unimportant.

"Take a look at this," said a biological chemist. Referring to his file he said the specimen came from four miles below Lakefield. Apparently he was unruffled by what he saw: no red spots. It was all right with him. Then in quick succession he showed specimens from Jackson Park Creek, the wading pool, all the service club pools and so forth down the water system where children were want to go swimming these hot days.

We were getting a gradual case of spots before the eyes as the chemist built up his case dramatically to a measly-looking thing from the Little Lake at the Mark Street wharf; it had a count of 184, or nearly twice as deadly as it should be. But the George Street wharf specimen topped them all with a count of 328, a solid colony of Colon Bacillus that had happily found their paradise in the very heart of this fair city.

Of course, the river water down below the sewage disposal plant took top honors, if honor is the right th[illegible]. We were worked up into quite a lather at all these horrible sights and were wishing every citizen, young and old, could see it all for themselves. This Colon Bacillus is bad business and we resolved to keep our mouth shut from now on about the taste of chlorine in our drinking water.

We must have looked quite pale to the chemist after looking at all these ghastly spots. He suggested we have a chair and a glass of,—ah, water. No sir, enough is enough of this sort of thing.

Hopeful Homeowners Find Trouble In Their New Home

By JIM ENGLISH

The building trade is rapidly driving a number of hopeful homeowners nutty. Don't talk to them about nails or iron pipe, and maybe you shouldn't even mention lumber. If they only hear the words, some men will throw a wastebasket clear across an office, and then go and kick the filing cabinets until their corns hurt. Others, and these are the quiet ones, foam at the mouth.

There's a couple we know who once built a house. Before they built, they used to live in an apartment, which wasn't bad but was subterranean.

There was one drawback. The apartment was not possessed of a bathtub; it didn't even have a shower. To take a bath, they would walk upstairs, check to see that the landlord wasn't occupying the tub, and then, sighing with joy, climb into a tubful of hot water. But the trail they had to follow led through the dining room.

"I've been embarrassed three or four times," the husband says. "You see, sometimes my landlord has a dinner party right when my wife or I need a bath. And it's horrible to walk past six or eight people you don't know, saying 'Hello' rather stupidly to all of them."

He thought, when he began building that everything would be rosy. First off, he ordered a lush bathroom set. Then he had house designs drawn, and got estimates on them from various contractors. "$10,000! . . . WOW!" he said. But that was the best offer he could get.

So the house began. Every night after work he drove out to see the hole in the ground grow until it was big enough for the cellar. Then the concrete was poured, and he sat and watched the work happily.

Two-by-fours and other timbers appeared, and he learned a lot about lumber and how lumber companies make money. Finally the roof went on and he could see then that it was going to be a pretty sharp little house. Layers and layers of bricks climbed to meet the eaves, and labor costs climbed up and up to meet the top of his bankroll.

We've seen him sit out near the house, on a special little lump of sod, with his hands clasped and his eyes glowing. Behind him would stand his wife, her eyes also glowing, and a joyful smile all over her face.

At last there was only the inside work to be done. Mind you, this took three years. About time for the inside work, he thought. Every evening you could find him and his wife, busy landscaping. It was shaping up to be a mighty pretty house.

By the time they had most of the landscaping and garden-digging done, the house was ready to live in. There weren't any doors, except for the front and side, but they were ready to move in. They used to just sit around that house looking at it. Then they'd go inside and look at the inside.

And the best part of it all was the bathroom. It was one of the purtiest bathrooms ever set up. There were little designs on the walls, and everything just shone. They'd go in there and sit on the edge of the tub and just look and look. "Our first, you know," they'd say.

One day the man came to hang the doors. He was busy for quite a few days hanging doors, and the last to be done was the bathroom door. Somehow or other, neither the husband nor wife was at home that day, and the door-hanger was busy. He had half-a-dozen doors to hang elsewhere.

Anyhow, the man and his wife came home that night. They had a dinner in honor of the completion of their bathroom. Filet mignon . . . all the trimmings. And later on they sat by their living room window and looked at the river near the house.

Next morning, the wife went into the bathroom to brush her teeth. She shut the door, and began brushing. And when she finished, she reached for the shiny new knob on the door.

The door wouldn't open. She let out a whoop for her husband. But he had just gone out the front door to work. She heaved on that contrary door for half-an-hour, but it wouldn't open. Then she whooped some more. But the nearest neighbors were half a block away.

Then she thought of the window. But the window was strictly for decoration . . . didn't open. Then she sat down and thought things about the door. She sat there for mort than an hour. Well, she thought, I might as well have a bath now I'm in here. So she a bath. Then she shampooed her hair.

About two o'clock that afternoon, after she'd been just sitting and thinking about the door and the man who had hung it, she began to get hungry. And she thought about the dinner she'd had the night before. Then she let out another whoop, just in case somebody was nearby. Nobody was.

She sat in there for the rest of the afternoon, thinking about the door, and thinking about the food she'd had the night before, and then thinking about the door, and then thinking some more about the door.

At 5.30, her husband came home. She hollered for him and he came running upstairs, three steps at a time. He grabbed onto the door-knob and heaved. For half-an-hour he heaved and swore, but the door didn't open. Finally, he went down cellar, got a chisel and a hammer, and started pounding the dickens out of that door.

At 6.30, he had it open. His wife came out, crying, and saying things about the door. She was almost hysterical.

"You'll have to sell this house," she sobbed. "I love the thing, but I'll be darned if I'll live in a house with a bathroom door that sticks. Why, if you ever went to Toronto and I was all alone and went into the bathroom and got caught there, the Dear only knows what might happen; I might starve to death, or something horrible like that."

Her husband was flabbergasted. But she told him about being in there all day and how hungry she was, and she cried and cried until he said:

"OK; we'll sell the place." And they sold it.

Now they're back in their old apartment, and they are very happy. What's more, they say they don't mind trooping upstairs whenever they want a bath. The landlord's bathroom door never sticks.

Wrong Number

When George Schneider of Milwaukee answered the telephone, a woman's voice demanded that he "check on my husband. He's starting to slip again."

"What's he doing now?" asked the bewildered Schneider.

"Why, he's drinking again," she replied.

"Well, lady," he said, "I really don't see what's wrong with that. I like a couple of fast ones myself now and then."

"Really," gasped the woman. "I'm amazed—simply amazed. Of all people!"

"Look, lady," Schneider pleaded after this had gone on for several minutes, "suppose you take care of your husband, and I'll take care of me."

"Isn't this Broadway 8485?" she asked.

"No," answered Schneider, "it's Bluemond 8485."

Broadway 8485 is the telephone number of Alcoholics Anonymous.

Harmless Looking Praying Mantis Vicious Character In Insect World

By PETE McGILLEN

Word has been received from the Dominion Parasite Laboratory, Belleville, Ontario, that the playing mantis, odd-looking predatory insect, is a friendly fellow and must be given the maximum protection.

This insect in adult form is about 2½ inches long when full-grown, and the color ranges from a vivid green to a dull grey. The mantis known to scientists as Mantis Religiosa L. is readily identified also by the pose it takes, resembling a person at prayer. The front antennae are so bent to give this praying aspect.

A. Wilkes of the laboratory at Belleville turned the spotlight on this friendly insect by writing to Frank Paterson, Department of Agriculture, expressing interest in the fact that the insects appear to be growing numerous in Eastern Ontario, as far east as Frontenac County.

Mr. Wilkes wants to know how numerous they are, and also in what parts of Peterborough County they are found. In order that such a survey may be made during August and September, all persons coming across the insects are requested to report to the Department of Agriculture in Peterborough. If necessary the insects may be carefully placed in a cardboard box and brought in for identification. Then they will be freed in the country.

The letter says in part: During August and September we are making a preliminary survey of the distribution in Ontario of the European praying mantis. This beneficial insect predator appears to be spreading westward from the Niagara Peninsula and also into the Eastern Onatrio counties beyond Frontenac. We are particularly anxious to know whether the mantis has ever been reported in your district, or will be reported in the coming months."

It is a fact that the mantis are numerous in thi sarea, because more than 20 specimens were brought into The Examiner last year. These were brought in because people were anxious to cooperate with authorities engaged in medical research on cancer, and another insect called a stick, but similar to the mantis was needed. Since that time the request for "sticks" has been cancelled.

Farmers in particular are asked to co-operate in this survey, because the mantis is of great importance to them, in helping keep down harmful insects. Apparently this harmless looking mantis is a vicious character in the insect world, as it devours hundreds of insects and bugs, large and small, and all of them are listed as injurious insects.

The letter continues as follows: Mantis nymphs are wingless and do not mature until the second or third week in August. In the field the egg masses are usually deposited on grasses or on the stems of various perennials.

Sometimes the praying mantis becomes well established in suburban areas, and in this case, the egg masses are often found attached to wooden structures, dwellings, barns, fences, slates, and so forth usually near the ground. Actually the presence of egg masses is good evidence that the mantis is established in a given area."

The meat of this information to city dwellers is simply this: If you happen to place your hand on a praying mantis or near it, don't get alarmed and kill the insect. It gets a top rating as one of the most beneficial in the insect calendar, and proper protection and perpetuation of the breed is imperative.

'Dunkers, Unite!' Motto Of Militant New Society

BY BOB BUCHANAN

Two events of staggering social significance have occurred recently with little comment from the public. The first is the publication of an exhaustive and scholarly 128-page book by the National Dunking Association. The second is an announcement from the eminently - correct Miss Emily Post that doughnut-dunking may now be countenanced in the innermost sanctums of the highest social circles.

The two moves were made without consultation between the two sources, but the fact they took place within a short time of each other cannot be ignored. The book reveals the depths of tradition of the roots of the dunking habitues and the growth in the number of adherents which it has collected. Miss Post's official pronouncement places the whole sinker-sogging affairs of the world on a level with the most elegent of drawing-room habits.

The long and glorious history of doughnut-dunking is reviewed in the N. D. A.'s fascinating study, which was made in co-operation with several top-dunk scientists and some thousands of devotees of the art.

In the early days of doughnut-dunking (which were, presumably, shortly after doughnut was invented), the process was simple: the doughnut was merely sloshed around noisily and damply in a cup of coffee and then the slushy mess was jammed down the dunker's throat by brute force This method, no doubt, was highly satisfactory to our less-finicky ancestoral forebears, but it was, and is, a rather painful experience to the spectator.

With the spread of civilized life, manners grew more exacting. By our present standards, food is to be consumed with as little possible fuss and notice: the whole business of eating, indeed, is regarded by many as just a bit indecent. So, in the trend, doughnut-dunkers found themselves a race apart. Not having the fervor of religious minorities, they either forsook the frowned-on practise entirely or practised it in secret, in much the same manner as alcoholics and dope-addicts.

The swing is now towards its restoration in polite society. Now even the highbrows of cafe society are indulging in a bit of dunking-unobtrusively, of course, cautiously until it establishes its social status a little more firmly.

With this new concern over dunking, the N. D. A. guide is opportune in its time of publication. It fearlessly throws back the veil on facts and techniques which, at one time, would have been ranked as pornographic literature.

It is generally agreed that dunking is a definite art, calling forth the best efforts of its followers. It requires a nerve of steel, a steady hand, a quick eye and consummate skill. A truly professional performance is required to manipulate the dunked morsel from beverage to mouth without smearing one's chin, spattering one's neighbors or spotting the table-cloth.

That dunking has now gone "big time" cannot be disputed, in view of the book's research findings. Statistics compiled by the N. D. A. show that there are no less than 981 different styles of dunking, and that the pastime is indulged in by "millions" (how many millions is carefully omitted, probably through fear of F. B. I. intervention).

Paramount in the Dunker's Code of Ethics is the virtue of Grace during the ritual. In popular terms: "it ain't watchya do, it's the way thachya do it."

Like any other reputable organization, the N. D. A. believes in building a solid foundation of basic technique with the beginning dunker. Following their initial training course, they issue a degree to successful students—the B. D. (Bachelor of Dunking).

While still a novice, the N. D. A. suggests that you follow these few rules of simple dunking (also referred to quaintly as basic Bobbing):

To protect yourself (and friends, if any), use a big napkin (the bigger the better), tied firmly about the chin and spread well over the midriff; neatness should be stressed. Then, they suggest that the sinker be broken in half. Dunking the whole doughnut is definitely bad form.

The tried and proven technique, diligent researchers claim, is to pick the portion of doughut up between the thumb and forefinger.

Next phase of this gourmet's adventure is to poise the sinker over your cup of coffee. To get the doughnut well- dunked, the N. D. A. recommends that you swish it around rhythmically with a free and easy movement of the entire arm. (The school training method of writing of admirably parallel to this). Keep your wrist and elbow relaxed for a smooth-circular stroke.

As the result of thousands of laboratory tests, taken under actual dunking conditions, it has been determined that two and one-half seconds is the ideal length of time of submersion. Not less than two and more than three, at any rate.

Climax of the drnking is to swerve the sinker gracefully from the cup to your mouth without splashing anyone within sitting distance. Only long, conscientious practise will attain this final perfection, they warn Ardent dunkers regard a correctly consummated dunk to be as graceful as a seagull's swoop.

It must be left to learned sociologists to fathom the reason for this revolutionary shift of public opinion on this delicate question

One solution, offered editorially by the Heron Lake ( ) News:

". . . The announcement by Miss Post but confirms a belief long held by us. We felt sure that if Emily would ever try dunking a doughnut she would come out in favor of it. Either this, or she has come to the conclusion, after years of opposition to the practise, if you can't lick 'em you had best join 'em."

Plant Gladiolus Bulbs Late For Fall Flowers

Gladiolus bulbs for late flowers can be planted up to July 1, since they flowed in 80 days or less; some bulbs should always be planted late to provide flowers in the early autumn, when the best quality is produced.

There is no better flower to plant in the Freedom garden, or as a border to it. They grow straight as an arrow, having no leaves that droop over between the rows and interfere with cultivation. They will thrive in any soil that produces good vegetables.

When planting them in rows, place them six inches apart, three to five inches deep. Deep planting make it less likely that staking will be necessary. Plant food is best applied in bands on either side of the row, as in the case of vegetables.

Because of danger from the gladiolus thrips it is nececssary to dust or spray the plants weekly with DDT from the time they are six inches tall.

Late plantings should usualy be made of large bulbs which give flowers soonest. Smaller bulbs of planting size produce normal flowers but take longer to do it. Except for the weekly spraying gladioli require no attention except that given vegetable crops. They should be watered the same way, by soaking the soil deeply when it becomes too dry.

The variety of colors among the gladioli is equalled by few flowers. The pink flowers are favorites, but in recent years white and yellow varieties have shown the greatest improvement, and have taken many prizes at gladiolus shows. The largest varieties produce spikes 70 inches tall, with florets 8 inches across, when grown in fertile soil and regularly watered.

When Children Suffer From Bowel Complaint

During hot summer months all of us, but especially children, are more susceptible to diarrhoea, intestinal pains and summer complaint.

At the first symptoms mothers use DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY. This time-tested remedy is fast-acting and dependable for adults or children. Be sure to specify the name—DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY.

IT TOOK IKE Williams, lightweight champ, six rounds to finish the veteran Beau Jack in their bout at Philadelphia, Pa. The clouting titlist gave Beau Jack a very fancy going-over, and this picture, made in the fourth round, is a sample of the rough going the loser had until the bout was stopped by the referee. The murderous right hand punches of Williams had the former title-holder wincing all the way through.

Petes Beat Scarboro Grads By 17-6 In Lacrosse Game

The Petes hung up another lacrosse win at Miller Bowl last night before a fair crowd, beating Scarboro 17-6. They led 3-0 in the first quarter and had an 8-2 margin at the half. Scarboro made a 3-2 bid in the third, but the Petes put on their usual late drive for a 7-1 fourth-quarter edge. It was a clean tilt, starting late, but run off in good time. A presentation was made betwixt periods to Jerry O'Toole, Petes' equipment man, who is getting married shortly.

Bob Breakspear led the local attack, being in on seven of the goals. Em Creighton, Dugan, Gordon and Foote were also prominent up front and Magee and Chute went well defensively, as did Red Creighton in goal. Goalie Armstrong made some swell saves and McWhinnie, Ward and A. Graham turned in a nice effort for the losers. The Petes' passing wasn't as perfect as usual but they still looked good winning.

The teams:

Scarboro: Goal, Armstrong; defence, J. Graham and Levantis; centre, McWhinnie; wings, A. Graham and Jeans; rover, Marks; alternates, Fleming, Poyntz, Gillis, Ward, Gilkinson and Sims.

Petes: Goal, R. Creighton; defence, Magee and Chute; centre, E. Creighton; wings, R. Breakspear and Dugan; rover, Foote; alternates, Horton, J. Breakspear, L. Vitarelli, D. Vitarelli, Gordon, Connelly and Dundas.

Referees, D. Miller, Jr., and T. Hewitt.

Summary:

First Quarter

Petes—R. Breakspear (E. Creighton) 2.50

Petes—E. Creighton (Dugan) 4.20

Petes—Foote (Dugan, R. Breakspear) ..13.35

No penalties.

Second Quarter

Scarboro—Gillies (McWhinnie) ..... .50

Petes—Gordon (D. Vitarelli, R. Creighton) 2.10

Petes—Chute 2.45

Petes—Foote (Magee) 4.45

Petes—L. Vitarelli (Gordon) 10.15

Scarboro—Gilkinson (J. Graham) 13.35

Petes—E. Creighton 14.50

No penalties.

Third Quarter

Petes—R. Breakspear 3.25

Petes—Magee (Dugan) 3.45

Scarboro—Marks (Poyntz) .. 6.55

Scarboro—Fleming 7.30

Scarboro—McWhinnie 12.45

Penalties—D. Vitarelli, Ward, Dugan.

Fourth Quarter

Petes—Magee (R. Breakspear) ..... .45

Petes—Magee (E. Creighton) 2.10

Petes—R. Breakspear 3.45

Petes—Gordon (L. Vitarelli) 8.40

Scarboro—Gillies (J. Graham) 10.30

Petes—R. Breakspear (Foote) 11.20

Petes—R. Breakspear 12.05

Petes—Gordon (L. Vitarelli) 14.25

Penalty—L. Vitarelli.

IN ON SEVEN—Bob Breakspear was in on seven goals for the Petes' lacrossers here last night as they beat Scarboro Grads 17-6, and he won a hat for himself as the outstanding player.

Marines Take 11-3 Win Over Woollens

Marines defeated Woollens 11-3 at the Bowl last night to move to within a game of first place in the Girls' Softball League. It was a pretty fair and fast fray, with errors hurting the Woollens' cause. Only in the late innings did Marines forge ahead to make it a bit one-sided. Five of their runs came in the last two heats. The loss left Woollens in sixth place in the eight-team standing, while Outboards are but one tilt back of the leading Westclox squad.

B. Larmer and M. Selkirk stood out defensively for the winners in this fixture, while H. Goodfellow and M. Laing looked good for the losers. B. Larmer led Marines at bat with a homer and three singles in five tries, and M. Behan hit a double and single. For Woollens, S. Harris hit safely three times in four, and B. Hall got a homer. Each pitcher had four strikeouts.

The teams:

Marines—M. Selkirk, 2b; M. Behan, ss; B. Larmer, c; M. Cheel, cf; L. Jordan, cf; M. Downer, rf; A. LaPointe, 3b; E. Smith, lf; M. Connelly, lf; M. Hill, 1b; E. Whittaker, p.

Woollens—C. Ferguson, lf; R. McIlroy, cf; B. Hall, 2b; E. Humphries, p; J. McIlwain, ss; M. Laing, 1b; S. Harris, c; H. Goodfellow, 3b; N. Stanburg, rf.

Marines .. 211 200 041—11 14 2

Woollens .. 200 010 000— 3 8 5

LAWN BOWLING

By HERB MARTIN

That the Peterborough Lawn Bowling Club is now recognized as one of the leading centres of lawn bowling in the province was the opinion of many of the visitors who were here on Wednesday playing in the Lift Lock Gold Trophy doubles tournament. They came, they saw and were convinced.

Said H. Baillie, Balmy Beach, Toronto, president of the Provincial Lawn Bowling Association: "You people should feel proud of these greens, and your club house. I wish we had them at our club."

Mr. G. Evans Attwood, Toronto, past president and life member of the Provincial Association, said: "This is just a wonderful outlay. You people down here are making a wonderful contribution to lawn bowling. Your club is a challenge to clubs near and far."

L. Maude, secretary Provincial Association: "Just about the best I have seen."

Then we met W. B. Cowan, KC, hon. sec-treas. of the Canadian Lawn Bowling Council. He said: "With the addition of this third regulation new green your club is now well to the front and is able to handle any situation."

And we could go at great length and tell you what many more visitors told us, but we do think that the extensive publicity our club has received recently, and the successful tournament held last Wednesday has in no small way sold the club, not only to our own citizens but to every one of the visitors who were here on Wednesday.

And it is our opinion that before long here will be a request from the provincial executive asking for the use of our greens on which to play the provincial championship. As president Wm. Jeffries said in his opening address on Wednesday morning: "We are not boastful, we are just enthusiastic."

Don't forget the "family hour" tournament tonight at 7.30 o'clock.

Busmen Capture Tilt Against The Posties

Bus Drivers beat Post Office 10-9 in a Civic Softball League playoff game last night at Armour Field, the opening clash of their series. Strickland was outstanding on the Drivers' mound, while Wallwork pitched steady ball for the losers in the close contest. Simmons hit a homer in the ninth to give the Busmen the win. The teams:

Bus Drivers: LeBarr c, Strickland p, Grey lf, Simmons cf, Rowe 1b, Parnell 2b, Brown ss, Holland 3b, Dunford rf.

Post Office: Kiff c, Thirnbeck 1b, Moore 2b, Smith 3b, Scott lf, Cournyea ss, Gosselin cf, Maher rf, Wallwork p.

Calves And Athletes

ROLAND, Man. (CP)—An annual sports day here featured a calf show. However, the event—sponsored by Roland Agricultural Society— had athletes too. Another feature was a four-team baseball tournament.

STANLEY MUSIAL (No. 6), having made a first inning home run, came through with a third inning single in the recent National league-American League all-star game played at St. Louis, Mo. But he was forced at second base when big Johnny Mize topped an infield ball to Joe Gordon who relayed it to Lou Boudreau for the out. The American league team won the game, 5-2.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Courtesy of the Oshawa sports writer, George Campbell, we learn there was a grid meeting in the Motor City a few nights ago. Secrets, the local club has, but we'll learn things eventually. It seems that a four-team ORFU intermediate "A" group has been formed, consisting of Oshawa, Orillia, Cobourg and Peterborough, with a Kingston club still a possibility. Entry fees must be in by July 28, and it'll be known definitely then if there'll be five clubs aboard. Roy Cornish of Oshawa was re-elected convener and secretary-treasurer of the group, and he is on the ORFU executive. Jack Kirkwood of Peterborough was named head official and will okay and allot the referees for all games.

* * * * * *

Plans are that, if it's a four-team setup, the first three will go into playoffs, first team having a choice on taking a bye into finals or mixing up in the semi-finals. A tentative schedule was drawn with Peterborough opening at Oshawa and Cobourg at Orillia on Sept. 18. A single schedule, winding up on Oct. 23, with suden-death semi-finals on Oct. 30, and the final on Nov. 6. Winner would go into provincial playdowns, possibly directly into the Ontario semi-finals the middle of November. And that's the grid setup as we know it at this time.

* * * * * *

Some Ball Games

In baseball locally, Canisius College of Buffalo and the Petes are billed for an exhibition here at three this aft, if the weather is right. And Oshawa Hunters are to play the junior Kinsmen at 6.15 this eve in Riverside, a Lakeshore Loop fixture. On Monday, the east and west juves mix in Riverside at 6.30 p.m., while east bantams and Hawks go at the Ex. Next night sees south and west midgets in Riverside and south and west bantams in Morrow Park. And playoff time is fast approaching for the minor ballsters.

* * * * * *

Commenting on the Petes' COBL win in Kingston last Wednesday, Mike Rodden writes: "During the first six innings of the senior game, Locos outscored the vaunted Peterborough team by 5 to 3 and appeared to be headed for an upset victory, but, sad to relate, they faltered and the potent league leaders struck them down 8-5 and weakened their playoff chances. Those Petes may not be an invincible machine, but they are apparently the most powerful in the COBL." Well, we might point out that, while the Petes are doing exceptionally well so far, the Batawa Shoemen are crowding right closely on their heels and may give them plenty of trouble yet.

* * * * * *

And Male Melees

Couple of important men's softball encounters listed for the Bowl tonight, commencing at seven. Comstock's go against Knights in the opener, and Knights have to win or they're out of the race for a playoff spot. A loss for Comstock's will put a scare in that team. Legion plays B-A in the nightcap and can take a firmer grip on top spot with a win. A loss for B-A will bother this squad plenty, too, as Legion is the only sure playoff bet at present. Games also on Tuesday and Thursday to wind up the schedule. If one more night is required, it will be picked after the CGE holiday week shutdown. In answer to several recent queries regarding balks in softball, all that happens is a "ball" called by the umpire. And if a balk is called then the ball is dead and runners cannot be called out for leaving the base before the ball crosses the plate.

* * * * * *

Two tidy tilts over at the Bowl last evening in the girls' loop. While Marines defeated Woollens 11-3, it was close enough till the last two frames. E. Whittaker had a hurling edge and her mates backed her up better. Game lasted a trifle over an hour, and the second one was a little less, so the twin bill showed good ball and the crowd stayed. Lindsay just nudged out a 6-5 decision over the luckless Lock Co. crew in a dandy duel. Both the pitching and fielding were pretty even and not much difference in the hitting, either. Couple of more contests over there on Monday, and the executive is now considering the playoff setup for the eight-team colleens' circuit.

* * * * * *

Petes Win Again

Down at Miller Bowl last gloaming, a fair-sized crowd saw the Petes rack up another OLA win at the expense of Scarboro Grads. It was 17-6 this time, but a late drive by the locals rolls up the count. A so-so struggle, late starting but run off rapidly, with one brief fight to enliven things. Bob Breakspear hit his 1947 form finally to lead the scoring parade, but Em Creighton was in there pitching, too. So were several others. And Coach Red Creighton didn't do too badly in goal for a guy nearly blind in one eye. Scribe Campbell of Oshawa insists it's a two-team race betwixt Oshawa and the Petes, and he might be right at that.

* * * * * *

UP AND DOWN SPORTS' RIALTO: Don't forget to enter the OGA district tourney to be held at the Peterborough Golf Club on July 24....Toar Morgan, pro grappler, was fined 100 bucks for "obstructing" Lindsay's police chief.... Big baseball story yester aft was the signing of Leo Durocher to manage the Giants as Burt Shotton takes over the Dodgers....Don McRae, Winnipeg puck ace, has received an OBA transfer to Peterborough....He works at the CGE but may play hockey for Marlboros....Congress ball tourney entries close on Monday....Girls' games Monday: Marines vs. Ashby's and Westclox vs. Lindsay....In Civic Softball Loop play last night, Babe's Place beat Bell Telephone 13-10 as Busmen edged Posties 10-9....Petes' ballsters go to Oshawa next Wednesday and the lacrossers are in Huntsville Tuesday....McGillis play Comstock's and Cavanagh's tackle Americans in minor lacrosse starting at eight p.m. Monday in Miller Bowl....Weekly minor lacrosse schedule for days is in elsewhere....No local soccer listed for today....And we'll go quietly now.

Lindsay Gains Close One Over Lock Co.

In a snappy 55-minute game at the Bowl last night, Lindsay lassies edged out the improving Lock Co. crew 6-5 before a goodly gallery, which stayed to the finish. It was tight all the way with Lindsay breaking through for three runs each in the fifth and sixth stanzas, while Lock Co. collected a pair in the sixth and then rallied for three in the eighth. The hits and errors were about even. The win and loss didn't affect the standing to any extent, Lindsay still being fifth and Lock Co. in the cellar.

J. Bryans on the Lindsay mound struck out nine while M. Stewart fanned three but the latter walked none as her rival gave three free tickets. M. Owen, P. Graham, B. McMahon and By Ayotte were best in the field and the feature was an unassisted double-play by J. McIntyre in the second. M. Owen had a triple and two singles while M. Chase had a three-bager and single for Lindsay, as D. Westlake led the losers at bat with a double and single.

The teams:

Lindsay — H. Deyell, 2b; P. Graham, 1b; D. Hunter, c; M. Chase, ss; M. McGill, lf; D. Woods, cf; D. Madill, rf; M. Owen, 3b; J. Bryans, p.

Lock Co. — R. Roberts, 2b; D. Westlake, c; B. Ayotte, ss; J. McIntyre, 1b; D. Clements, rf; M. Johnson, rf; B. McMahon, 3b; C. Michaud, lf; P. Williams, cf; M. Stewart, p.

Lindsay ... 000 033 000—6 10 4

Lock Co. .. 000 002 030—5 9 4

Umpires—Akers and Quemby.

Pitching—Ted Wilks, Cardinals, blanked Philadelphia on one hit in four innings of relief pitching and clouted a three-run double to highlight St. Louis' 8-2 victory.

Batting—Bob Dillinger, Browns, drove in five runs on bases loaded triple and three singles to to lead St. Louis to 10-4 victory over New York.

Building For Blind

REGINA — (CP). — A $100,000 building is to be erected here by the Canadian National Institute for the Blind. Construction is expected to start next spring.

Don Mueller Regains Batting Race Lead

NEW YORK, July 17.(AP).—Don Mueller, young Jersey City Giant outfielder, has regained the lead in the tight battle for International League batting honors.

Mueller wrested the top rung from Buffalo's Johnny Groth during the last week by jacking up his average from .332 to .338 while Groth dropped to second. Groth, who paced the circuit with a .336 mark the previous week, is batting .335, including games of Wednesday.

Mueller also is setting the pact in hits, having collected 113 bingles. Groth has scored the most runs, 77, clubbed the most doubles, 21 and the most triples, 11.

Jack Banta, hard-throwing right-hander of Montreal, tops the regular pitchers with a record of 11 wins and four defeats for a .733 percentage. Banta also has struck out the most batters, 108.

Shotten Gets Dodgers Off To Good Start In 4-2 Win

By RALPH RODEN
Associated Press Sports Writer

Burt Shotton, who came out of nowhere to lead Brooklyn Dodgers to the 1947 National League pennant, got off to a good start in his 1948 debut. Shotton managed the Dodgers to a 4-2 victory over Cincinnati Reds Friday after assuming command in the greatest managerial shake-up in baseball history.

The soft-spoken Shotton replaced Lippy Durocher at the Dodger helm with the flamboyant Durocher taking over the helm of New York Giants, replacing Mel Ott, who resigned.

In the other managerial change, Allen (Dusty) Cooke was named temporary manager of Philadelphia Phillies, replacing Ben Chapman.

Cooke, however, didn't fare as well as Shotton as the Cardinals thumped the Phils 8-2 in a night game at St. Louis. The Giants' scheduled night game with the Pirates in Pittsburgh was postponed because of rain.

Bad Start

For a while it appeared the Dodgers would lose as Grady Hatton belted a two-run homer in the first inning off Joe Hatten to give Ewell Blackwell a working margin.

The Dodgers drove Blackwell to cover in the eighth and won the game with a three-run rally.

Cooke's Phils were in the game with the Cards for five innings. Leading 3-2 going into the sixth the Cards broke the game wide open, scoring four runs. Three of them came on a double by relief pitcher Ted Wilks.

Meanwhile, the league-leading Boston Braves moved 6½ games ahead of the Pirates by taking a wild 12-10 decision from the Cubs in a day encounter at Chicago.

Trounce Indians

In the American League, the runner-up Philadelphia Athletics trounced the leading Cleveland Indians 10-5 in a night game at Philadelphia to shave the Indians' margin to 1½ games.

The A's hammered Bob Feller out of the box in the first inning, scoring five runs. For Feller, who was roundly booed, the loss was his 11th as against nine victories.

The third-place New York Yankees were upset 10-4 by St. Louis Browns at Yankee Stadium. Bob Dillinger paced the Brownies' 14-hit attack on three Yankee pitchers, driving in five runs.

The rising Boston Red Sox, downed Detroit Tigers 5-3 in Boston to move to within 2½ games of the Yanks. Joe Dobson scattered seven hits in gaining his 11th victory for the Red Sox.

In a night game at Washington, the last-place Chicago White Sox edged the Senators 3-2. The victory snapped a seven-game White Sox losing streak.

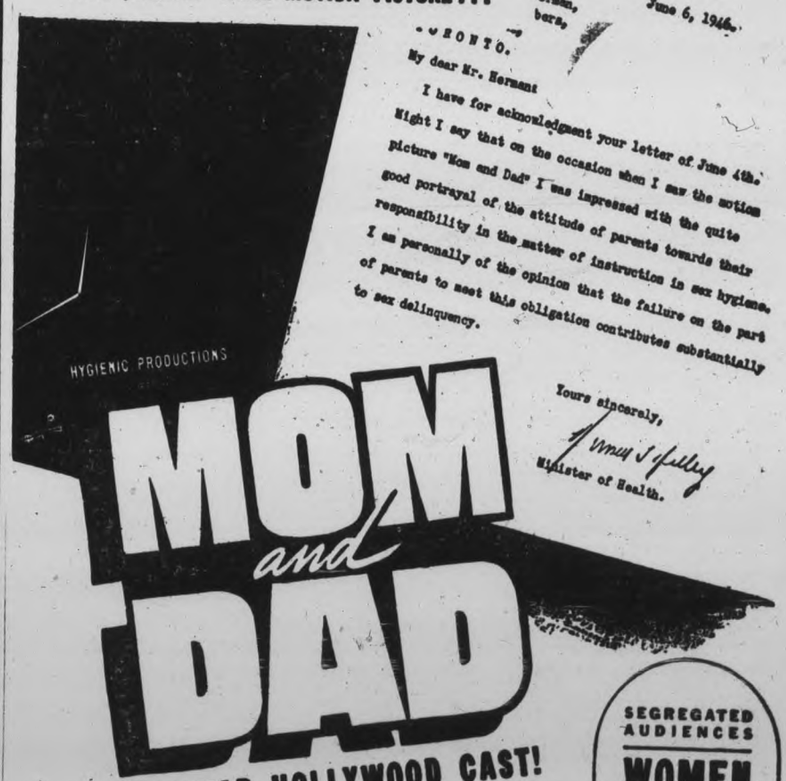
NOTE: THE MANAGEMENT OF THIS THEATRE BELIEVES IT HAS TWO BASIC OBLIGATIONS TO ACCOMPLISH... FIRST, TO ENTERTAIN ITS PATRONS AND SECOND, TO PERFORM A PUBLIC SERVICE. IT IS IN THE INTEREST OF PUBLIC SERVICE THAT WE PRESENT THIS SIGNIFICANTLY VITAL MOTION PICTURE...



June 6, 1948.

...RONTO.

My dear Mr. Hermant

I have for acknowledgment your letter of June 4th. Might I say that on the occasion when I saw the motion picture "Mom and Dad" I was impressed with the quite good portrayal of the attitude of parents towards their responsibility in the matter of instruction in sex hygiene. I am personally of the opinion that the failure on the part of parents to meet this obligation contributes substantially to sex delinquency.

Yours sincerely,

Minister of Health.

Private Handbook Outlines Do's And Don'ts For Royalty

By NORMAN CRIBBENS

LONDON, July 17—(CP).—In the King's lofty, book-lined study at Buckingham Palace is a private handbook containing a comprehensive list of the "do's" and "don'ts" of royal conduct. It is the descendant of a more stringent work compiled during the reign of Queen Victoria and sheds light on the way in which the royal family upholds its prestige at home and abroad.

The rules of conduct cover every aspect of the public life of the King and Queen and the princesses, but they do not rest entirely on tradition. Periodically they are revised to conform with current ideas and trends.

One recent revision permitted Princess Elizabeth to sign letters addressed to strangers, who had sent her wedding gifts, instead of leaving the job to a secretary or lady-in-waiting. Reason for this was that letters signed by royalty have commercial value and, according to the conduct book, "no member of the Royal Family may be associated with a commercial enterprise."

Financial Problems

One of the trickiest problems confronting the Royal Family is that of giving financial support to charities and institutions. The conduct book says their support must not be given until "time and results have proved that the charities are genuine and firmly established."

For the same reason, British Royalty may not preside at dinners or luncheons held solely for the purpose of raising money to meet annual deficits.

They must not sign or authorize any direct appeal to the public for funds; nor must they have cheques sent in response to appeals made payable to themselves, or have donations addressed to them.

If speeches are made at public functions they must be in general terms "avoiding politics or partisanship of any kind." No members of the Royal Family may broadcast without permission from the King.

The royal family are well-known as supporters of national and emergency funds providing for families victimized by flood and mine disasters. To avoid the embarrassment of a junior member of the family giving more than a senior, a scale of subscriptions is laid down.

If the King gives £100 ($400), the Queen give £50, Queen Mary £40, the Duke of Gloucester £25—and so on down the line.

Campbellford Man Is Charged Falsely Representing Constable

Evidence was heard by Magistrate R. B. Baxter in court Friday in a charge against David Bowen, Campbellford, for falsely representing himself as a police constable. The accused was represented by J. C. N. Currelly. He is a former police constable at Campbellford and was at one time a guard at Guelph Reformatory. The case was adjourned until July 23, when further evidence will be given by the defence.

Chief crown witness was Hartley Simpson of Asphodel Township, whose evidence was contrary to the testimony of the accused later. Ht said that he had been driving to his home on June 17 when, to avoid hitting another car, he had been forced into a ditch off No. 7 Highway. He went to Westwood and secured Robert Pacey to tow the car out.

He said that the accused, with two other men, had come along in a truck and stopped. Bowen asked if the accident had been reported, and the witness quoted him as saying, "I am an officer of the law and I'm placing you under arrest and taking you to Peterborough." Simpson said the accused struck him with his fist and later kicked him in the stomach with his knee when he protested being taken away before the car was moved. He said that Bowen showed him a card which seemed, in the uncertain light, to be a provincial police card.

Simpson also said that the accused yanked the door off his car, pulled some parcels out of the car. Simpson claimed that he later found his wallet opened in the car, with papers scattered and the money gone.

Asked For License

Pacey, as witness, also said that the accused had said he was a policeman and had asked to see his license.

Oliver Koebel of Kitchener, who was in the truck with the accused, said that there had been a slight scuffle, but he could not say who had struck whom. He did not hear Bowen tell anyone anything about being an officer, he said.

Provincial Constable Archie Grayling, called as a defence witness, said that Simpson's evidence in court Friday differed in some respects from what had been given by him in evidence on another trial with the same facts. He said, however, there was little change in the principal details

Frank Brown, Campbellford, who was also in the truck with the accused, said that the scuffle with Simpson had been concerned with a flashlight which Simpson had borrowed from him (Brawn) and had been slow to return it. He also testified that he had not heard the accused say anything about being a constable at that time, although he said Bowen mentioned he had been in police work in the past.

Leo Lelonge, hotel and refreshment stand operator at Havelock, was another witness. He had been with Simpson earlier that evening. His evidence differed considerably from Simpson's in regard to his earlier movements.

Flagged Truck

The version of the night given by the accused was that Simpson had flagged down the truck and asked for help in getting out his car.

After the car had been brought out of the ditch, he said that Simpson had borrowed a flashlight from Brown to inspect the axle for damages. At that time, said the accused, he noticed that Simpson was staggering. He said that when he inquired if Simpson had been drinking, the answer had been "Yes — and none of your business."

Bowen said that he had then suggested that Simpson be taken to Peterborough, as he did not think he should drive "in that condition." He said the slight scuffle had been over the flashlight episode, in which Simpson had been difficult. He denied having ever tried to represent himself as a police officer.

On the 23rd, defence counsel Currelly said he would offer evidence to show that Simpson's story was substantially different from what he had given before.

Youth Remanded On Shooting Charge

COBOURG, July 17 (ENS). — George Bates, 18-year-old Grafton youth, was remanded in custody of his parents when he appeared in police court. He was charged with shooting a horse on July 4, owned by Hugh Oulahen, the animal being found dead in a swamp on Mr. Oulahen's farm.

Edward Finner, no address, was remanded until Monday when he appeared on a charge of breaking and entering. Finner was picked up by police last week who said they found him rifling a cash register in Wilson's garage on Division Street.

A ten-year-old Cobourg boy, charged with theft of a sum of money from a bread wagon, was remanded for a week in the custody of the Children's Aid Society

FLANKED BY POLICE guards, curious crowds gather near the spot where Italian Communist Leader Palmiro Togliatti was shot down by a would-be assassin. The shooting took place outside the Italian Chamber of Deputies. The assailant, a young Sicilian law student, was arrested. The Red leader was hit by three bullets and his condition was declared critical by physicians.

Naomi, Woman of Faith

ILLUSTRATED SUNDAY SCHOOL LESSON

Scripture—Ruth

By Alfred J. Buescher

There being a famine in the land of Israel, a man named Elimelech took his wife, Naomi, and his two sons to Moab, where there was food.

The sons grew up and married Moabite women; then Naomi's husband died and also her two sons, leaving the three women widows and childless.

Naomi, probably homesick for her own land, decided to go back to her home town of Bethlehem, and Ruth, her daughter-in-law begged to go with her.

Ruth eventually married a relative of Naomi's, and when Ruth's child was born, Naomi held him in her arms.

MEMORY VERSE—Ephesians 4:32

Naomi, Woman of Faith Reveals Loving Kindness

Scripture Ruth.

By Newman Campbell

Faith and loving kindness are the themes of this lesson. Naomi, wife and mother, who, through love for her daughter-in-law and unfailing kindness to her, renewed her own faith in the goodness of God toward her after her bereavement and grief therefor.

MEMORY VERSE

"Be ye kind one to another."
—Ephesians 4:32.

Our modern world, so full of hatred, rivalry, wrangles, intolerance and injustice, is so badly in need of kindness and love. Just simple human kindness could do so much to turn the bitterness and strife into peace.

Why do not people of all races and nations strive for understanding of one another, so that they can live together in tranquility? At the moment it seems as if this most desirable state never will be achieved, but we too must have faith that in God's own gobd time it will be accomplished.

We—the small people of the earth—must work toward it in our own lives, and small though our contribution may be—it will help, as the leaven in the dough leavens the whole mass.

Our story is told in the book of Ruth, but it is not Ruth who is the heroine of our lesson—it is her mother-in-law, Naomi, whose name means "pleasant one," or "blessed one."

The story starts in Bethlehem, which later became the birthplace of Jesus. It is situated five miles below Jerusalem. There lived a man named Elimelech, his wife, Naomi, and two sons, Mahlon and Chilion.

There was a famine in the land, and Elimelech decided to leave his own country and take his family to Moab, where there was food. The Moabites were of the same stock as the Hebrews, a semitic race, descended from Lot. Their language was similar to Hebrew.

Time passed and Elimelech died; the two sons grew up, and married Moabite women, Orpah and Ruth. Evidently the widowed mother and the two sons and their wives formed a happy united family.

Sorrow struck this happy home again, however, when the two sons died, leaving the three women widows. Bereaved of husband and sons, Naomi longed for her old home, and decided she would go back to Bethlehem.

The three women started, but on the way Naomi told her daughters-in-law that they should go to their own people, each to her mother's house, marry again and have children. Orpah did as was suggested, after taking an affectionate farewell of Naomi.

Ruth, however, refused to leave her, protesting that wherever Naomi went, there she would go; that Naomi's God should be hers, and she called upon the Lord to witness that nothing but death would part the two.

When the two reached Bethlehem and people asked, "Is not this Naomi?" she answered bitterly, "Call me not Naomi, call me Mara; for the Almighty hath dealt very bitterly with me." Mara means "bitter."

It was the barley season in Israel, and when the grain was reaped, poor women were permitted to follow the reapers and collect what was left of the grain for themselves. Humiliating as it must have been for Ruth, she volunteered to go into a near-by field and gather the sheaves to support herself and Naomi.

The owner of the field where Ruth gleaned was a man named Boaz, a distant relative of Naomi's and a very well known man in those parts.

He noticed Ruth and ordered his men to treat her kindly and invited her to eat her lunch with his family and servants. He even told his men to purposely leave extra grain behind in their harvesting so that Ruth might take plenty home, for, he told Ruth, he had heard of her goodness to her mother-in-law.

We have already studied the story of Ruth, and know how Boaz eventualy married her so that her children could inherit Elimelech's property. The whole community seems to have approved of the marriage, and when Ruth had a son, Naomi's cup of happiness was full. When told that "thy daughter-in-law, which loveth thee... hath born him... Namoi took the child, and laid it in her bosom, and became nurse unto it."

The boy was named Obed, and he was the father of Jesse and grandfather of David, therefore an ancestor of Jesus.

Thus, love and faith conquered sorrow in this beautiful Old Testament story.

MacNamara's Little Jokes Ease Tension In Rail Talks

By JOHN LEBLANC

OTTAWA, July 17 (CP). — Arthur MacNamara, Deputy Labor Minister and Canada's No. 1 industrial-relations expert, knows a trick or two about breaking the ice.

The air was one of icy tension at this week's rail-wage conferences here. All hands were looking grim, with a country-wide rail strike and many millions of dollars hanging on their words.

To liven things up, MacNamara dug up a copy of The Daily Racing Form — the horse-players' Bible—stuck it on the outside of his armful of super-confidential documents and strolled into the conference room with a dead pan.

"I just wanted to see how they'd act," he explained later.

The same imperturable MacNamara, cheerful all through the nerve - wracking negotiations, didn't seem to look quite so happy as things got to the point where a settlement was obviously imminent.

"What are you looking so glum about?" kidded A. R. Mosher, President of the Canadian Brotherhood of Railway Employees.

"I don't know what I'm going to do for excitement from now on," MacNarmaa gloomed.

Musical Chairs

At one stage of the rail talks, there was a bewildering succession of shuffles between rooms at Labor Department headquarters All three groups were being kept in solitary confinement and juggled between various rooms as Labor Minister Mitchell met each bunch separately.

The official who was acting as traffic cop for all these movements finally was overcome. He came up against a closed door; didn't want to open the wrong one, and finally pleaded with a newspaperman, "Tell me, who's in here, anyway?"

Retroactive

Regardless of who won the wage dispute, it didn't do the newspapermen's constitutions any harm. Long hours were spent lying on the sun-scorched grass outside the East Block while inside the Cabinet met and rose interminably.

The result was an apparent diminution of the Ottawa reporter's occupation disease, press gallery pallor, which is brought on by a working orbit that extends from a centre-block press room to the Commons chamber just down the hall.

Result of the unaccustomed sunlight was an epidemic of sunblistered noses.

Brickbats Fly In Quebec Talks

MONTREAL, July 17.—(CP).—Words like "treachery," "meddling" and "dishonesty" filled the air Friday night as Quebec political leaders hurled many a brickbat in the campaign for the July 28, elections.

In a speech at Victoriaville Liberal leader Godbout called Premier Duplessis a "traitor" to his country, while Mr. Duplessis told a Union Nationale rally at St. Jerome that he would "never let Federal authorities crucify Quebec—not even on a golden cross."

Mr. Godbout said the premier was guilty of "treachery" when he "tried to make believe that Quebecers cannot live in harmony with the rest of Canada. It is treachery to give the rest of Canada the impression that Quebecers are savages."

"We have rights," he added, "but we also have responsibilities."

Mr. Godbout castigated the government for "theft of provincial monies to swell election

The Peterborough Examiner

VOL. XCVII, No. 14 SATURDAY, JULY 17, 1948 PRICE FIVE CENTS

Wrestler Fined Assaulting Lindsay Chief

Gilbert T. "Toar" Morgan, well-known professional wrestler, pleaded guilty on Friday to obstructing police in the discharge of their duties and was fined $100 and $2.50 costs.

Morgan was charged following a disturbance at the home of his mother-in-law, in Lindsay.

Chief Lawlor was the only Crown witness and he told the court that he and Constable Hunter had gone to the house at 3.30 a.m. July 7 in answer to a telephone call. When nobody answered the door, they entered the house, and were met by Mrs. Jackson, who asked them to see Morgan who was upstairs.

Morgan came out of a bedroom stripped to waist and intoxicated according to the Chief. He grappled with the police officers, and although no blows were struck, Chief Lawlor suffered strained ligaments. They wrestled into a bedroom, then broke up and the police went to the station for reinforcements. Later that same night Morgan came to the station voluntarily and was arrested by Police Sgt. Hargraves.

The following night, Morgan came to the Chief's house and apologized for his behaviour, Chief Lawlor testified.

Defence counsel R. I. Moore was critical of the publicity the case had received and said that it had been somewhat overdone. His request that the defendant be released on payment of a fine was not opposed by Crown Attorney Jordan.

Mr. Moore explained to Magistrate W. R. Philp that Morgan had been celebrating with his cousin prior to a trip to Alaska which he was taking.

Muskie Jumps Into Canoe

Two men and a woman were fly-fishing in Stony lake this week when they had a strange experience with an undersize muskie. They were in a canoe and the gentleman sitting in the centre had the anchor rope tied to the centre thwart.

Suddenly the woman had a muskie, the first she had ever hooked, and this was on a four-ounce flyrod with a six-pound leader. The fish was a frisky fellow and the woman had her hands full trying to subdue it. Suddenly the muskie came toward the canoe and took two turns around the anchor rope. They had a ten-inch bass net and tried twice to scoop the muskie into the boat but failed. Then the fish gave one jump and landed in the bottom of the canoe. It had no hook in its mouth nor in its body, but in some manner, the leader had passed completely around the body of the muskie, and caught in the hook barb, forming a perfect slip knot.

BREAKS HIS LEG

William G. Normington, a former police constable, fell and broke his leg in Campbellford Friday. He was taken to hospital at Belleville.

NICE BASS LANDED

A five and one-half pound bass was caught in Crowe Lake this week. The lucky angler was Charles M. Reggle of Coshoeton, Ohio, who is a guest at Tipperary Hotel.

TO DECORATE GRAVES

Hastings Decoration Day will be observed on Sunday at Trent Valley Cemetery in mid-afternoon, and the service will be in charge of the Rev. Canon C. R. Spencer.

TANK NEAR COMPLETION

The large water storage tank at the Old People's Home, Lakefield is near completion. At present concrete is being poured and it is expected that the job will be finished in a couple of weeks.

TRAFFIC HEAVY

Passenger car traffic on the Chemong road has more than doubled since the removal of the floating bridge. Between the Lindsay turn and Peterborough, 20 cars can be counted in the evening, where only seven or eight would have been seen before.

FISHING IS GOOD

J. C. Mertch and his wife from Geneva, Ohio, spent this week at Highland View Lodge, Rice Lake, and report fishing was tops. They got their limits of large mouth bass two days in a row, and connected with several large walleyes as well. Mr. Mertch said it was his second time at the lodge and he rates it as tops.

PLANT SHUTS DOWN

Friday night 62 employees of the J. J. Turner and Sons plant on George Street start on the summer holidays. Many of the older employees get two weeks' vacation with pay and most of the others qualify for the one week with pay. They return to work on Tuesday, Aug. 3, after Civic Holiday. The service department remains on duty during the vacation period.

ATTEND CONVENTION

Representatives from Canada, the United States, and the various South American countries will attend the annual Lions International convention being held in New York, July 25-29. Delegates from the Peterborough Lions Club will be Simpson Gledhill, president; Stanley Darling, district governor; J. E. Girven, past president, and Joseph Sharp, third vice-president. Wives of the delegates will accompany them.

NEW TOWERS BUILT

Armar Butcher, parks department superintendent reported today that two lifeguard towers had been built and placed this week. One is at Inverlea, scene of a recent drowning, and the other is at the H-wharf below Riverside Park. These towers are valuable in lifeguard work as they give the guard a vantage point where he can look down on all the swimmers. In an emergency the lifeguard dives from the tower, thus losing no time in starting a rescue.

LILIES BLOOMING

Lilies of the Regal variety are putting on a nice show in several local gardens. Jack Smith, Benson Ave., reports his lilies are nearing the peak in their flowering, and Roy G. Wood, 248 Munroe Ave., has a fine display in his garden. The floral strip along the goose pond on the east side of Water St. has many fine looking lilies, and there is a beautiful bed of them in King Edward Park.

City Bus Drivers Disagree With Doctors

Peterborough bus drivers do not agree with the psychologists of Northwestern University, Evanston, Ill. The American doctors say that in an examiantion of bus drivers they found:

(1) One of the characteristics of safe drivers is ability to enjoy an occasional evening alone.

(2) Many drivers consider themselves stronger than other persons their size, and become angry easily.

(3) Drivers who are prone to accidents always have a "ready, often unreasoned retort," when criticized by passengers.

All the bus drivers questioned regarding the findings of the American psychologists refused to be quoted directly, but one driver summed up the general opinion very easily by saying, "Phooey!"

Exception To Rule

The same driver admitted that he liked to spend an occasional evening alone—fishing on one of the lakes—but said that he thought he was an exception to the rule.

It was pointed out that the findings suggest that a quiet, placid person is a good driver and a hasty, quick-tempered person is a bad driver, but as one man put it, "We've all types here."

Nobody could explain how the doctors came to the conclusion that some drivers consider themselves stronger than other people their size. There is no more physical work in driving a bus than in driving a car. Certainly, Peterborough bus drivers make no claims to be muscular toughs.

Most Amazing

The third statement caused the most amazement as a driver who was "prone to accidents" would not stay long on the job here, neither would the man with a "ready, often unreasoned, retort."

Only one man had a possible explanation for the results of the American survey, when he suggested that driving in a large city was a considerable strain and it was possible that the drivers' reactions to the psychologists' tests suggested that they had the mental quirks stated.

182 Receiving Relief In City

During the month of June there were 182 people receiving direct relief from the city, as compared with 151 during the same month in 1947, and the per capita cost had risen from $10.87 to $13.53.

Total relief expenditures for essential services during June was $2,461.78 as against $1,640.78 in June 1947. This increase is not due alone to the increase in the number receiving help, but to the fact that food costs and shelter costs have moved up. Food costs in 1947 totalled $1,069.31 while this year it was $1,620.21. For shelter the city paid $261.90 in June 1947, and in June 1948 had to pay $435.74.

Cost City $13,055.34

For the first six months of this year the total expenditures for shareable relief was $18,351.71. Administrations costs totalled $2,497.75, making a six months total of $20,849.46. The sum of $7,794.12 is the share which the Province of Ontario pays toward this bill, so the total outlay for the first half of the year is $13,055.34.

The 1948 appropriation for this department is $27,000 and deducting this $13,055.34 leaves a balance of $13,944.66 to carry them through to the end of the year. This means that barring any unusual or unforeseen expenditures, the appropriation should cover the expenses.

These figures were given Alderman Dick Raine and his Welfare committee when they met this week to pass accounts. Present besides Alderman Raine were Aldermen Anglesey and Young.

KNOWN TO ANCIENTS

It is believed that copper was first used about 3500 B.C. by the Egyptians.

ROMANCE WAS IN THE AIR as these youngsters steal a kiss (left) in the water at North Avenue Beach, Chicago. The romance was short-lived, however, as both participants immediately break into tears (right) and rush to report to Mommy. The young Romeo is James Gould, 2½, the bashful maiden is Leslie Dutka, also 2½.

No Forking Hay Out Of Mows For Cavan Men

Forking tightly packed hay from the mows for winter feeding, a laborious task, is being eliminated by four farmers along the Ida road running west from Springville. These farmers are cutting the hay in a cutting box and then blowing the product into the mows through a pipe from the cutting machine.

The cutting box is owned by Ray Wood, and the others who favor this method of hay harvesting are Sam Staples, Bruce Sargent and Bill Howden. The hay is coiled in the field to cure and then hauled to the cutting box alongside the barn. The blowing of the cut hay into the mows eliminates considerable work, and moreover, the farmers claim hay in this form is much more palatable to the livestock.

They have been cutting timothy, alfalfa and clover, and it is common practise to mix some molasses with the cut hay, and prepare enough in the morning to last the stock in the barn for entire day, during winter feeding.

Soap Box Derby Carnival Event

In spite of threatening weather with rain, more than a thousand people attended the first night of the Y's Men's Carnival at Riverside Park. The carnival is being held in aid of Camp Kawartha at Clear Lake.

The meanest man at the carnival was the person who walked off with three new darts at the stall being run by Gordon Morrison. Darts are extremely hard to get and had been lent for the carnival.

The $50 attendance prize was won by J. Gilman, 116 Sophia St.

Two huge bingo games were being well patronized, with baskets of fruit being given away as prizes at one and kettles, clocks, blankets and dozens of other useful household items being given away at the other. Prizes at the stalls included a half pound of bacon and a dozen eggs, boxes of chocolates and more baskets of fruit.

A special feature at the varnival tonight will be the second annual Soap Box Derby, which will begin at 7 p.m. The starting point is on the Westclox Hill. It is expected that last year's top speed of 28 miles an hour will be nearly doubled.

Rambling Reporter

TEMPTATION

He was a bank clerk and was walking in the downtown section. In his left hand was a flat pack of bills. In his right he held a cigarette. Protruding from his hip pocket was the black butt of a revolver. Perhaps carrying the gun is part of a program, but it looked very easy to walk up behind the boy, whip the gun from his hip pocket, poke it in his back and take the pack of bills. But then Peterborough people are pretty law-abiding.

Children Carry Pranks Too Far

Children will be children, but playground officials in the city have just about reached the end of their patience with some of the antics of the irrepressible younger generation. Supervisors on the the grounds complain that they are harried at every turn by the 'sheer impishness" of some of the children. They say that it is difficult, and at times, almost impossible to follow through scheduled handicrafts and athletics programs because their time is taken up trying to keep some semblance of order.

"We don't mind the kids having fun," said Jack Dane, Peterborough Recreation Director, "that's what the grounds are for. But they are just spoiling things for themselves when they act up like this."

Among the "childish pranks" played, one of the most distressing is the business of throwing clothing into the water or hiding clothing of children who are in swimming.

Police in the areas of the main playgrounds and beaches are trying to assist the supervisors with stern lectures to the offending youngsters.

Prince of Wales School playground, officials point out, is one of the most difficult in this respect. Mr. Dane warned that "unless this foolery is stopped, we will have no other choice but to close the grounds to the children."

He said that some of the children had been breaking windows crawling into the school building knocking down playground equipment and "generally raising a fuss and just about driving the supervisor nuts."

He said that, if this keeps up, the offending children will be charged for their acts in court.

Caretaker Held Stealing Roast Chicken

Modern chicken thieves must be getting finicky. Peterborough police are holding Maxwell Meharry of South Monaghan today charged with theft of three cooked chickens and three pies from the Empress Hotel about three o'clock this morning. He was remanded in police court without plea.

The arrest was made when PC Reg McMillan in making his rounds near the rear of the hotel, he noticed three nicely-turned fowl sitting on a board near an exit. Hiding in the shadows for about five minutes, the officer saw a man emerge with the chickens under his arm and run. The accused Meharry, who is caretaker at a theatre near the hotel, was arrested shortly after. Police say they found three pies also from the hotel kitchen, just inside the door of the theatre.

Temple Band To Give Concert

The Peterborough Temple Band will give the following program on Sunday evening, July 18th, in Nicholls Oval, at 8.30 p.m

Chime Prelude

Festival March—Glory of the Combat.

Cornet Solo —"The Song That Reached My Heart"—Soloist Len. Slaughter.

Chorus—"And the Glory of the Lord."

Medley—"Songs of Britain."

March—"Flag of Freedom."

Chime Solos—"Vesper Hymn," "Pilgrims"— Soloist Harold Barton.

Cornet Solo—"Cheer Up." Soloists, Ben Smith, Len Slaughter and Reg. Jones.

Devotional Period conducted by the Ministerial Association.

March — "Marching Homeward."

Classic—"Ere the Long Day Closes."

Water Consumption In City Remains Above Capacity

Consumption of water in Peterborough remains above actual capacity according to officials of the Utilities Commission. More than 5,356,000 gallons—not far short of the record established on Saturday, July 10—were pumped on Thursday.

At that time emergency measures were taken and use of the hose on lawns and gardens restricted. Residents north of Sherbrooke St., west of the Otonabee and north of Hunter St., east of the river, could water their gardens on Monday, Wednesday and Friday. Those living in the remainder of the city were restricted to Tuesday, Thursday and Saturday.

Utilities Commission officials say that people are observing these new regulations very well and those watering on the wrong day are the exception.

Figures for the week up to Thursday were: Monday, 5,270,000; Tuesday, 4,802,000; Wednesday, 5,148,000; and Thursday, 5,356,000. The all-time record for Peterborough was a week ago today when 5,460,000 gallons were used.

In Hamilton it is reported the water problem has become so serious thta residents are forbidden use of their hoses. Things are not yet that serious here but the pumping system and filtration plant are still overworked. A heavy rain over the week-end should relieve the situation considerably.

Track Meet Held Riverside Park

Children at Riverside playground enjoyed a track and field day on Friday afternoon. All boys and girls between the ages of nine and fourteen participated in such events as the standing broad jump, high jump, baseball throw, and hop, step and jump.

Three winners in each age group were determined by individual competition. The winners were:

Girls 9-11— Maureen Sullivan, Libby Cutmore, Beverly Pollock.

Boys 9-11—Gordon Hunt, Flip Flaherty, John Adamson.

Girls 12-14—Rosemary McInroy, Marjory Laing, Carol Ferguson.

Boys 12-14—Ron Miller, Jerry Armstrong, Ron Dunn.

The purpose of these events is to increase interest in track and field sports and to help determine standards for the city. Supervisors Amy Curtis, Joyce Wyatt and Max Florence organized and handled the field day.

HE SNORED ON

A huge transport owned by a leather company was parked on the market Friday morning. That wasn't unusual except that at nine o'clock the driver was still sound asleep in the cab. He must have been a pretty tired fellow because the night patrol claims he was snoring at one a.m. It was a good place to sleep but some of the regulars claimed the transport took up the space of four cars, so they were minus parking places.

Shotgun Shell Explodes Man Injured

Harold Rayner, 42, of Windsor, Ontario, is in Civic Hospital here receiving treatment for severe powder burns on his face. He was injured Friday night at his cottage on Big Cedar Lake, north of Peterborough, when a shotgun shell exploded in his face while he was loading it. Earlier fears that his eyes had been badly injured were found unfounded. An operation this morning was to remove some powder specks which had lodged in his eyes.

Mr. Rayner was loading the shotgun—a new one—when the accident happened. Somehow, the shell exploded before it had even been pumped through. It happened at his cottage near Burleigh Falls, which he has been working on recently.

A brother, Warren G. Rayner, lives at 384½ George St. in Peterborough. Another city relative is Mrs. H. O'Neill, Reid St., a sister.

Students Qualify As Music Teachers

MONTREAL, July 17.—(CP).—McGill University announced names of 20 students who had qualified in Conservatorium of Music examinations for the diploma of Associate in Music. Among those qualifying as professional instructors were Mary Lackey, Clark Armstrong and Joan McCarthy, all of Peterborough. They were all students of F. G. Mann, who is marking his 25th anniversary in Peterborough.

"LIFLOC MATA HARI SUPREME," 1948 Junior World Champion, was honored on Wednesday night at a twilight meeting of the local Holstein Breeders' Club at the farm of Norman McConkey. Almost 300 persons, including a number of distant visitors, were guests at this event to celebrate the victory of the champion three-year-old. Shown above, Left to Right, are George Van Patter, Holstein Breeders' Association; Senator J. J. Duffus; Warden James Humphries; Mr. and Mrs. Norman McConkey, who bred and raised the heifer; George M. Clemons, secretary-manager of the association; R. H. Graham, assistant livestock commissioner for Ontario; George W. Henry, 4th vice-president of the association; and James T. Brown, director of the association. —(Photo by Laplante and Peterson)

PRACTICAL PLANS FOR THE HOME YOU WANT AND HOW TO PLAN IT

Flashing and Caulking Will Keep Weather Out

The outside coverings of a house are made of different kinds of materials and these materials meet each other at all kinds of different angles. There is, therefore, the necessity to use flashings. Flashings ar supposed to keep the structure from leaking water through to the inside of the house.

Flashings are usually made of some sort of sheet metal that will not rust nor corrode readily. Galvanized iron sheeting is a common material, but with age it will rust and begin to leak water. When this is the case the remedy is new flashing, sooner or later. If a flashing leaks at some definite location it can be repaired by the use of non-hardening roof cement applied to the leak with a brush or trowel.

Repair Loose Flashings

A flashing that has come loose from a joint in the brickwork can be put back, or a new one installed, by chipping the mortar out of the joint and replacing it with a heavy mastic instead of cement mortar. The meeting of the chimney and the roof is a vulnerable spot, and this location is usually flashed and counterflashed for safety. The principle of flashing is that a flashing above any other always comes down on top of the one below, as one shingle overlaps the one below.

Any windows and door frames, where their headings and casings fit against the wall, should have adequate metal flashings whether there are drip caps there or not. This flashing is merely a strip of metal bent up under the siding over the window and down over the frame. If you have a leaky window frame this flashing will be the trouble nine times out of ten. The thing to do is to lift the piece of siding over the window frame and slip a piece of sheet metal, or even a piece of asphalt roofing, up under the siding. Bend it carefully over the top of the drip cap and tack it along the outside edge. Let the sidng back in place and nail it down. Putty all nail holes and paint thoroughly.

Around The Chimney

An important spot for flashing is the place where the roof slopes down into the back of the chimney. Water often runs into this spot with considerable force and has to find its way around the chimney. While good flashing of the regular type may have withstood the water for some time, almost any old house with this flashing will begin to have trouble. The thing to do is to install what is known as a cricket. This is an inverted V-shaped framing of wood covered with metal. It is flashed to the sloping roof and to the back of the chimney, thus dividing the water as it comes down the roof, and running it off at both sides of the chimney.

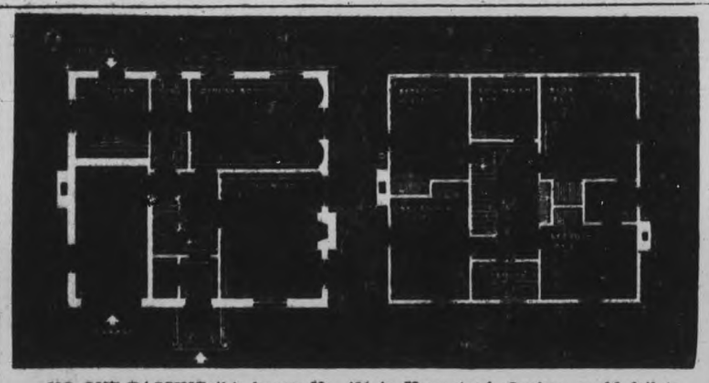
There are numerous places about the house which need flashing to protect the house as it grows older, but unfortunately some of the places are impossible to get at without tearing out too much. The concrete stoop, for instance, where it butts against a frame house ought to be flashed, or the joint filled with a mastic to prevent leakage.

Applying Caulking Material

Modern caulking often takes the place of flashings on upkeep and repair jobs. Caulking, whether with a gun or with a putty knife, or any knife for that matter, is an excellent help for houses that are beginning to feel their years. Caulking also adds greatly to the stopping of air leaking into the house around window and door frames. Any crack, anywhere, can be filled with a suitable caulking compound that will not get hard during the years to come. That is, it will remain soft enough to give and take with the action of heat and cold, or the normal swelling and shrinking of wood.

The easiest way to caulk cracks is to use a caulking gun. They are inexpensive — the small ones for household use—and with slight pressure a uniform strip of the compound comes out of the nozzle and fills the crack as you move the gun along.

Caulking compound comes in white, limestone gray, and dark gray colours for use with a putty or caulking knife, and in a variety of other colours for use in a gun. Because of the adaptablility of these compounds and their waterproof quality, they are usable all over the house, inside and out. Instead of re-pointing masonry with cement mortar, you can use these caulking compounds with perfect success. Caulk around window and door frames, along porches, baseboards, chimneys, sinks, foundations, in fact any place where there is a crack between materials. The surface of caulking compound can be painted with ordinary paint just like wood or any other material. It can be used for puttying glass instead of putty, as it doesn't get hard and won't dry out and eventually crumble like putty. If you don't use a whole can at one time, cover what is left with water until the next time you want to use it.



NO ONE PASSING this house, No. 491 in Hampstead, Quebec, could fail to be attracted by its crisp, tailored appearance. Black doors and entrance detail contrast boldly with walls of sparkling whitep ainted brick, and the mansard roof of grey slate. A compact plan reveals an amazing number of rooms for what appears to be a small house. The architects were Fetherstonbaugh, Durnford, Bolton & Chadwick.

200 Deaf Children Trained For Jobs

BELLEVILLE, July 17 (CP). — Some 200 children whose deafness would normally bar them from most jobs or professions, are being trained how to lead useful lives at the Ontario School for the Deaf here.

Pupils study academic subjects up to a second-year high school standard. They also learn trades ranging from carpentry to beauty parlor technique.

Any totally or partially deaf child of regular school age may attend the school.

Blown Out Door

TORONTO, July 17. (CP)—An explosion of unknown origin blew Thomas Beaton, 18, 30 feet through a doorway at the Rogers Majestic radio plant at suburban Leaside Friday but did not injure him. The explosion ripped off one of the double doors of the room where Beaton had been working and blew out all the window panes.

Convicted Of Supplying Liquor To Girls, Two Also Charged With Indecent Assault

LINDSAY, July 17 (ENS). — James Donegan of Peterborough and Norman Tracey, of RR 4, Lindsay, were each sentenced to one month in jail when they were found guilty of supplying liquor to minors on the night of June 2.

Defence counsel R. I. Moore of Lindsay and W. J. Arthur Fair of Peterborough informed Magistrate W. R. Philp, KC, that an appeal would be entered.

Donegan and Tracey, who were released to-day on bail of $1,000 each, also face charges of indecency, assaulting females.

Gordon Lee, 26, a farmer, testified that he was invited out to Tracey's sandpits near town to drink beer. He said that two 15-year-old Lindsay girls were in the car and acompanied the three to the pits where all consumed beer.

Allan Blewett of the Children's Aid Society, testified that with his assistant Gordon Pepper and Chief R. H. Lawlor they visited the sandpits two days later and found 18 empty pints of beer, one empty case, and a bucket with water in it.

Convict Acquitted

LOS ANGELES, July 17 (AP) —Frederick Byrnes, 38, was acquitted Friday at a retrial on charges of forcing another man to commit rape on a young woman who committed suicide five years later. Byrnes has served 16 years in San Quentin prison on the charge. Byrnes must return to San Quentin to serve out time for a conviction of rape and abduction, which did not enter into the retrial.

Firefighting Costs Up

VICTORIA, B.C. (CP)—Cost of fighting forest fires has increased. At the beginning of July the cost of this season's firefighting was $21,324, $2,000 above the figure for the same period of 1947. Only 343 fires were reported to date, against last year's equivalent figures of 412.

CONTINUOUS GROWTH

An elephant's tusks keep on growing as long as the animal lives.

Get Modern Fire Hall

FORT ERIE, Ont. (CP)— Said to be one of the most modern in the Niagara Peninsula, a new fire hall is being completed in Fort Erie at a total cost of $35,000.

Firemen See Movie

TIMMINS, Ont. — (CP) — A movie on fire-fighting technique, made by the Los Angeles Fire Department, was shown for the fire department here.

Northern Ontario Fires Spreading

BLIND RIVER, July 17 (CP).— Northern Ontario's forest fire situation worsened Friday with a new outbreak covering 15 acres north of Griffin lake, 18 miles north of Mount Batchawana in the Algoma district. The blaze spread rapidly.

Thirty-one fires were reported burning in the north, with the greatest blaze in the Rawhide lake sector, 64 miles northwest of here.

Strong northeast winds, fanned the flames Friday and the fire has spread over approximately 1,200 acres.

Intense heat and continued lack of rain is reported to be turning the north into a vast powder keg.

English Festival Honors Farm Life

CANTERBURY, England, July 17 (CP).—Concerts, plays and pageants marked the week-long Canterbury Festival, which had as its central theme the life of the farmer.

The festival opened with a street procession representing various aspects of rural life — shepherds with their crooks, dairymen carrying containers of milk, grain growers with loaves of bread.

The procession ended at Canterbury Cathedral, where a special service was held.

ARRIVING AT THE U.S. state department in Washington, Soviet Ambassador Alexander S. Panyushkin (left) carries Russia's reply to the recent note sent by the U.S. government protesting the Red blockade of Berlin. The envoy is accompanied by his secretary, Boris Krotov (centre), and Charles Bohlen, state department counsellor.

Says Russians Underestimate Berlin Acumen

By NORMAN CRIBBENS
Canadian Press Staff Writer.

BERLIN, July 17 (CP). — A gross man in evening clothes and top hat squatting on the necks of an army of workers is a cartooned representation of western democracy in the "House of Culture," a pictorial exhibition staged in the Russian sector of Berlin.

To the question "Is this propaganda?" a tall, dark-haired young Russian bowed deferentially and said: "No, art. It displays the skill of our best Russian cartoonist."

The exhibition, housed in a square stone building on the bomb-battered Unter Den Linden, draws thousands of curious spectators daily, but many—especially those from the British and United States sectors—make fun of it directly they are out of earshot.

"The Russians have underestimated the mentality of the average Berliner," said a member of the Social Democratic (Labor) party in Berlin. "Our people are not so easily gulled by promises of ease and prosperity as the Russian worker."

Visitors of all nationalities receive a cordial welcome at the Soviet exhibition. German and Russian guides take them through a succession of well-appointed galleries displaying notable Russian painting and drawings.

My guide, a young Russian, educated in Moscow, enlarged on the theme that Russia is doing all possible to make Germany a unified country while "the Marshal Plan aims at carving the country in two for capitalistic aims."

Would Enslave People

In good English he said: "The Marshall Plan aims at making Western Germany into the colony of a great Anglo-American money monopoly.

"The politics of the Anglo-American capitalists and their German allies, the bankers, the big capitalists and the big landowners are all directed towards enslaving the German people.

"With the introduction of the new western currency many German workers will be dismissed. Many more will have to accept reduced salaries because under capitalism the aim is to secure the greatest labor at the lowest price. This has alway been so."

The Soviet government, he added, was determined that under the new Russian currency wages, salaries and employment must be kept at the same levels as before.

He insisted that "difference of opinion" between Russia and the Western Allies had been "greatly magnified by the millionaire press."

Echoing the sentiments of Berlin's Communist press, he said: "Russia wants peace as much as any country and is ready to go a long way to keep it."

FOURTEEN GROUPS OF Roman Catholics, each group carrying a 90-lb. wooden cross, set out from various parts of England, to walk to Walsingham, Norfolk, in a pilgrimage of prayer and penance. The Westminster group of Pilgrims arrived at Lowestoft where they were met by a group of young Frenchmen, bearing a statue of Our Lady of Boulogne. The two groups are to walk the rest of the way together. Here the Westminster group of Pilgrims is seen marching through Lowestoft watched by local sesidents.

Annual Dance Held In Marmora

MARMORA, July 17 — (ENS) —The 13th annual street carnival and dance under auspices of Marmora Agricultural Society was held on Forsyth street on Wednesday evening. Ideal weather conditions ensured a large crowd. Music for round and square dancing was furnished by Rhythm Ranch Riders orchestra of Belleville.

Margaret Brandon, comedienne, was mistress of ceremonies, and following took part in the program: George Laidlaw, magician; Jo-Ann Holmes, tap dancer; Bob Logan and Mickie in their ventriloquist act, and Ernie Barnes, pianist.

Games and refreshment booths were further sources of revenue. The Women's Institute, as in former years, staffed one of the booths.

3,000 Indians March

NIAGARA FALLS, July 17.—(CP)—Three thousand moccasinned and befeathered Indians will parade across whirlpool rapids bridge here Saturday in annual celebrations of the signing of Jay's Treaty between Canada and the United States. Following the parade, the Indians will hold a conclave in Niagara Falls, NY.

Seek Color Shots of Fish Two Miles Under Surface

By FRANK CAREY

WASHINGTON, July 17 (AP) —Scientific sea sleuths are going to try for unprecedented candid camera shots, in color of the private lives of fish and other creatures two miles or more below the surface of the Atlantic.

The deep-sea snooping will be a top project this summer on the log of the research ship Atlantis — floating laboratory of an expedition that will renew studies on the mysterious "Mid-Atlantic Ridge."

That's an S-shaped undersea mountain range which extends in a nearly continuous line from Iceland almost to Antarctica. Some of its peaks break the surface to form such islands as the Azores and Ascension, but the crest is at an average depth of a mile below the surface.

The expedition is a joint project of the National Geographic Society, the Woods Hole, Mass., Oceanographic Institution, and Columbia University. Dr. Maurice Ewing, Columbia geologist and oceanographer, is head man.

Dr. Gilbert Grosvenor, president of the National Geographic Society, who announced the new venture, said that in addition to seeking color shots of what's doing in fishland about two miles down, the scientists will try for black-and-white photos at even greater depths.

If the scientists get their color pictures at the projected depths, it will be a feather in their caps, because hitherto the only color photos of marine life have been taken at very shallow depths. However, they will be literally shooting "blind."

Special Equipment

Special camera riggings — equipped with watertight metal housing and extra powerful flashlight bulbs—will be lowered. But when the cameramen aboard the Atlantis trip their shutters by remote control, they'll have no way of telling whether the fish are "on location"—or off to lunch.

Here are some other projects on which the scientists will work:

1. They're going to map part of the sunken mountain chain which is one of the world's last geographic frontiers. Complete mapping of the range is expected to take years.

2. They hope to wrest secrets of the planet's geological past — and perhaps a hint of its future— from the oozy sediment deposited along the steep flanks and in the unexplored canyons of the range. The scientists will lower a long tube into this sediment — and bring up "cores" of it.

3. They will seek new information on the radioactivity which was noted to some degree in sediment samples obtained last year.

4. They'll do some deep-sea trawling to trap specimens of life in the lower reaches of the sea, and also dredge for rocks and other material valuable for study in oceanographic laboratories.

5. They'll seek new evidence towards settling the riddle of the origin of the Mid-Atlantic Ridge.

The first two months of the expedition will be spent in the North Atlantic, ranging southward to the Azores. Later the Atlantis will head for more southerly waters for a look at the ridge off the western bulge of Africa, then off the northeast bulge of South America.

Need New Parts

HALIFAX, July 17— (CP). — Air Force officials said Friday night that a Flying Fortress carrying nine American civilians would likely be grounded here for two days while waiting replacement motor parts from the United States. The Fortress, impounded here Sunday by customs officials after reports that the nine men were attempting to reach Palestine to join Hagana, left late Friday but was forced to return 20 minutes after takeoff when three engine cowlings blew off and one engine conked out.

Cobourg Councillor Ill In Hospital

COBOURG, July 17 (ENS). — Some improvement is reported in the condition of Councillor Fred Bell who was taken to St. Michael's Hospital, Toronto, on Wednesday. Mr. Bell is suffering from a heart ailment and his condition became quite serious on Tuesday with the result that it was decided to place him under the care of a specialist in Toronto.

Roseneath News

Mrs. George Campbell of Bergen, N.Y., accompanied her brother, William Yule of Rochester, when he brought his wife's body to Roseneath for burial.

Mr. and Mrs. Max Herrington of Toronto, attended the funeral of Mrs. William Yule, on Wednesday.

Mrs. C. Ballantyne of Toronto, was a guest of Mrs. F. Derry on Wednesday.

Mrs. Hattie Brisbin of Toronto, is a guest of Mr. and Mrs. M. D. Brown.

Mr and Mrs C. W. Varcoe visited their son-in-law and daughter, Mr. and Mrs. Sam Black, Lakefield, on Tuesday. They were accompanied home by their grandson, Terry Black.

YOU EXPECT A ROOF TO LAST A LONG TIME

You will have a certain color in mind, a blend of colors perhaps, when selecting a roof for a new home or a new roof for your present home . . . but, it is equally important that you choose a roof that will long withstand the abuse of time and weather.

Jensen, Mr. and Mrs. J. A. Burrow, Mrs. F. McDowall, Misses Gertrude, Isabel, Harriet and Mary Husband, Mr. D. Hanna and Mr. H. Mennear, all of Toronto; Mrs. W. Morris of Beamsville.

Mr. and Mrs. P. A. Woodcock, 242 Munroe Ave., will be at their cottage on Shanty Shore, Rice Lake, for vacation the next two weeks.

✧ ✧ ✧

Bride Feted

Miss Jean Carew was honored before her marriage today by Misses Marguerite Royes and Isobel McCamus who gave a miscellaneous shower at the Royea home near Crawford's Grove. She was also entertained at a dinner party by girls of the Mutual Assurance office and the staff members presented an occasional chair as their wedding gift.

✧ ✧ ✧

Marks 93rd Birthday

At the Clear Lake summer home of her youngest daughter, Mrs. T. E. Curvin of Peterborough, a group of friends gathered to honor Mrs. Rosella Frederick, who celebrated her 93rd birthday, July 12.

Dainty refreshments were served on the lawn and tea was poured by Mrs. Jean Frederick of Lindsay.

Mrs. Frederick is widow of the late Irvin Frederick of Roden and mother of the late Rev. A. B. Frederick. She has three daughters living: Mrs. Vermilyea of Regina, Mrs. Burwell of Moosejaw, and Mrs. Curvin. There are also six grandchildren and nine great grandchildren.

✧ ✧ ✧

Popular Bride Feted

Before her marriage today Miss Helen Hayward was widely honored by her friends in the city. Miss Dorothy Harvie gave a miscellaneous shower at her home on Burnham St. Misses Beverly Reynolds and Irene Chapman were joint hostesses at a kitchen shower at the former's home. A miscellaneous shower was held by Mrs. Fred Edwards, 304 Margaret Ave., and a personal shower at the home of Mrs. A. Chenier, Wilson Ave. Neighbors on Brioux Ave. presented the bride-elect with a coffee table at the home of Mrs. John Freeman. For her wedding gift, associates of the Colonial Weaving Company presented a tri-light floor lamp and blanket, and those at Peterborough Elastic Company gave her a table lamp.

Jones-Hatton Nuptials Held In Trinity United Church

Miss Audrey Doreen Hatton became the bride of Mr. William L. Jones in a lovely ceremony at Trinity United Church this afternoon. She is a daughter of Mr. and Mrs. A. Hatton and the groom is a son of Mr. and Mrs. W. Jones, all of Peterborough. The Rev. M. J. Aiken officiated.

Summer garden flowers decorated the church and Miss Mabel Clarry played the organ music. As the bridal party took their laces Mrs. John McMillan sang "O Perfect Love" and as they were signing the register, "I'll Walk Beside You."

The bride was given in marriage by her father and wore a gown of white silk jersey fashioned with a gathered skirt and shirred sleeves coming just below, and soft folds of the material formed a bertha neckline. Her veil of embroidered silk net was shoulder length and was caught to a tiara of seed pearls. She carried a cascade of Rapture roses with white sweet peas and forget-me-nots. Miss Valerie Husband, the bride's cousin, was her only attendant, and was frocked in pale green taffeta which had stiffened panniers in the skirt and a softly folded neckline. Her picture hat was of white mohair and she carried a bouquet of white gladioli petals.

Mr. Frank Jones attended the groom and ushers were Robert Hatton and Walter Jones.

The reception which followed was held at Cameron's tourist home. Mrs. Hatton, mother of the bride, received, wearing a gown of grey mesh with hat and gloves of pink and a shoulder bouquet of pink sweet roses. Mrs. Jones, mother of the groom, also rereived, attired in navy figured crepe with leghorn hat and a bouqhet of multi-colored sweet peas at her shoulder.

Later the bride and groom left on their honeymoon, Mrs. Jones wearing a powder blue suit with grey ribbon hat and grey accessories and a corsage of Rapture roses.

Music Examination Results In Harmony and History

The following is a list of successful candidates in examinations held recently by the Royal Conservatory of Music of Toronto in Peterborough. The names are arranged in order of merit.

THEORY

Grade V

History and Counterpoint — Honors, Ernest Schiarizza.

Harmony—Pass, Ann Szammers, Barbara Craig.

Counterpoint — Honours, Milburn V. Jones; Pass, Max Clark, Jeanne Coulter.

History—Pass, Leone Northrop.

Grade IV

Harmony—First class honors, George Ingham; honours, Helen Hajnik.

Grade III

Harmony and History—First class honors, Bernice Killingbeck, pass, Alex McLeod.

Harmony — First class honors, Richard Crowe, Leone Northrop; pass, John Grylls, Phyllis Schiarizza.

History—First class honours, Milburn V. Jones; honors, Gail Craig; pass, June Hutchinson.

Grade II

First class honors, Faye Schwartz, Alastair Fettes, Elfreida Jenkins, Lorraine Bacon and Esther Borland equal, Barbara Rose, Rosemary DeNoble; Myrna Schwartz, Rita Healey, Doreen Quinlan and Betty Szammers equal, Nancy Brooks, Beverly Brooks. Honors, Jane O'Loughlin, Joan Whitmore, Mary Agnes McRae, Betty Lapp, Walter Connor, Jean Smith, Janet Estlick. Pass, Rita Maloney and Beverley Taylor and Elizabeth Muriel Wright equal; Betty McCausland, Elizabeth Ann Stevens and Mary Stewart equal.

Grade I

Honors, Shirley Brown, Donna Sean, Margaret Torpey and Joan Wood equal, Arlene Nickson. Pass Margaret Anne Fuller and Derek Hester equal, Marilyn Jones and Esther Jane Robinson equal.

600 Soroptimists Plan Convention

First convention of Soroptimist Clubs to be held in Canada will take place in Toronto July 25 to 30 with 600 delegates from South America, Alaska, Hawaii, Britain, the European Continent, United States and Canada. The chairman will be Miss L. Grace Nicholls of Toronto, second vice-president of the American Federation of Soroptimist Clubs. Eastern Canada Region of which Miss Grace Sargent of Peterborough is secretary are hostesses for the convention. Miss Sargent will attend meetings as preident of the Soroptimist Club of Peterborough, and as an official delegate with Miss Mary Carey. Other members of the local club plan to be present on various days of the week.

"Working for the world we want" will be the theme of the Toronto convention, identical to that of the International Convention of Soroptimists being held at Harrogate, England, in August, at which Miss Myrtle Sargent will be a delegate from Peterborough Club.

Senator Iva Campbell Fallis of Peterborough will be the speaker on the opening day of the convention when church dignitaries and civic officials will be in attendance. She is an honorary member of Peterborough Club and vice-president of Ottawa Club. Later in the day, delegates will be tea guests of the Lieutenant-Governor and Mrs. Ray Lawson, and in the evening attend a dinner given by presidents ad delegates of the Eastern Canada region.

Yolanda Mattucci Is Bride Of Gerard S. Hickey Today

In Sacred Heart Roman Catholic Church this morning the Rev. W. C. McCarney said the nuptial mass which united Yolanda Mattucci and Gerard Slyvester Hickey in marriage. The bride is the eldest daughter of Mr. and Mrs. G. Mattucci, and the groom the youngest son of Mr. and Mrs. Thomas J. Hickey, all of Peterborough. Pink and white roses decorated the altar and the music was played by Mr. J. Armstrong. During the signing of the register Mrs. M. Collins sang "Ave Maria."

The bride wore a gown of heavy petal-white satin fashioned with a moulded bodice and long tight sleeves. Guipure lace medallions outlined the low portrait neckline and formed a wide front panel of lace to the hem of the gown. Interest was added to the padded hipline by a finely pleated ruching of satin which gave a peplum effect and continued down each side of the front panel to encircle the hemline. The full skirt was richly gathered in soft folds over the hips and fell to a short sweep at the back. Her veil of tulle fell to the floor from a coronet of pearl-studded flowers and she carried white roses with larkspur. She was given in marriage by her father.

Attendants were Mrs. T. LaPlante and Mrs. J. N. Caravaggio who were frocked in mauve and yellow taffeta. The soft folds of their full skirts were attached to a moulded bodice with short puff sleeves and a low neckline that formed a wide panel of a ruffle. They wore matching mittens and headdress of flowers which matched their nosegays of summer flowers.

The groomsman was Mr. Thomas LaPlante and ushers were James Carravaggio and John Hickey.

Following dinner at the Empress Hotel, a reception was held at the bride's home. Mrs. Mattucci received her guests, wearing a gown of grey crepe with hat of grey straw and shoulder bouquet of red roses. Mrs. Hickey also received, attired in a navy printed crepe with navy hat and corsage of red roses.

When going away on a wedding trip to Buffalo and other points, the bride wore a pale blue dress with matching jacket and accessories in navy, with a corsage of pink roses.

On return Mr. and Mrs. Hickey will live at 300 Prince St.

Jean Carew, Edward Boote Pledge Vows at Trinity

Trinity United Church was the setting for a lovely wedding today when Jean Lois, youngest daughter of Mr. and Mrs. Thomas Carew of Roseneath, pledged nuptial vows with Edward Boote, youngest son of Mr. Edward Boote of Penhold, Alberta, and the late Mrs. Boote. The Rev. M. J. Aiken performed the ceremony.

Blue and white delphiniums were arranged in bouquets with bright stalks of Sweet William and banked with fern in the chancel, and the guest pews were marked with fern and ribbon. Miss Mabel Clarry played the wedding music and accompanied Miss Jean Drummond when she sang "I'll Walk Beside You" during the signing of the register.

A wedding gown of heavy ivory satin styled from the Queen Elizabeth period was the bride's choice. A stand-up collar edged the sweetheart neckline to lily points over her hands. The skirt fell in deep folds into a circular train and was held out at the hipline by a circular section below the waist, with corded edge. Her veil of white net with embroidered edge extended into a long train and was held in place by a Mary Queen of Scots headdress, and she carried a showered ring bouquet of Bettertime roses and bouvardia with tiny rosebuds tied in the streamers. Mr. Carew gave his daughter in marriage.

The groomsman was Mr. R. D. McGregor. David Seymour and Thomas Cooke showed the guests to their seats.

At the reception in the green room of the YWCA, Mrs. Carew, mother of the bride, received, gowned in grey silk with black hat and wearing a corsage of Bettertime roses. Mrs. E. Hales who also received wore turquoise mesh with a white hat and a corsage of Briarcliffe roses.

Mr. and Mrs. Boote will honeymoon in Muskoka and on return they will live at 275 Westcott St. For travelling the bride wore a cream flannel suit with navy taffeta hat and accessories in navy.

Friends Honor Fairview Couple

FAIRVIEW, July 17—(ENS)—Mr. and Mrs. Walter A. Heard were honored Wednesday evening by their many friends and neighbors following their recent marriage at their home in Smith Township.

The bride and groom were given seats of honor and Mrs. Fred Bell read an address and Albert Armstrong and Ross Harrison presented a lovely table lamp and satin cushion. Mrs. Heard replied. Community singing was enjoyed and humorous readings were given by John Lewis. Rev. Morris also spoke. Games were enjoyed on the lawn and several tables of cards were played. Mrs. Heard before her marriage was Miss Mary Wheeler of Peterborough. The committee in charge was Mrs. Albert Armstrong, Mrs. Fred Bell and Mrs. Ross Harrison. Lunch was served.

Kitchen Shower For Havelock Girl

HAVELOCK, July 17—(ENS)—Mrs. Randal Ellis and Mrs. Arthur Curry were hostesses on Wednesday afternoon for a surprise kitchen shower at the home of Mrs. Curry in honor of her daughter, Miss Pauline Curry, whose marriage to Mr. Fred R. Vincent of Uxbridge will take place August 4.

A very enjoyable time was spent in games and contests with Misses Beaulah Chase and Blanche Derrett as prize winners in the latter. Piano selctions were played by Misses Jacqulyn Puffer and Beulah Chase.

Afternoon tea was served from a lace covered table centred with a bouquet of pink roses in a silver bowl and a bride's cake prettily iced in pink and white and lettered with the names of the bride and groom elect.

Those present were Misses Vivian Wood, Jacqulyn Puffer, Glenmore Stevenson, Blanch Derret, Lois McKay, Edith Thompson, Beulah Chase, Elda Derrett, Gloria Patterson.

Griffin-Hayward United In Double Ring Ceremony

The marriage took place in the Church of the Sacred Heart this morning of Helen Mary Hayward, daughter of Mr. Leslie and the late Aurore Hayward, to Mr. Alfred Frederick Griffin, son of Mr. and Mrs. Alfred J. Griffin. Monsignor J. J. O'Brien performed the double ring ceremony and said the nuptial mass.

Pink gladioli and roses were on the altar. During mass Mr. D. Hurtubise sang some lovely Latin hymns and during the signing of the register he sang "On This Day O Beautiful Mother." Mr. J. Armstrong presided at the organ.

The bride was given in marriage by her uncle, Mr. Oscar F. Boucher. She wore a gown of ivory satin fashioned with portrait neckline featuring a net yoke outlined with folds of satin and trimmed with Guipure lace, caught with seed pearls, and the front panel was embroidered in flower effect with matching pearls. The full skirt fell from a bustle back and extended into a circular train. Her full-length veil of embroidered net was caught to a tiara of orange blossoms and seed pearls and she carried a shower bouquet of Bettertime roses and bouvardia.

Mrs. L. Johnston, the bride's aunt, was her matron of honor, and she wore pastel mauve embossed nylon styled with sweetheart neckline and the very full skirt accented with a flared peplum at the waistline. The brides-maids were Miss Cecile Chenier, cousin of the bride, and Miss Betty Hayward, sister of the bride, frocked in yellow and green, and fashioned on the same lines. The peplums on each dress were outlined with ribbon in matching shades which made a streamer effect at the centre front. Each wore a picture hat of white mohair and carried a cascade bouquet of varigated sweet peas and roses.

Miss Patsy Boucher, and Miss Joanne Griffin, cousins of the bride and groom, were flower girls, dressed in white embossed nylon over pink and blue taffeta. They wore matching yoke bonnets and carried net baskets filled with varigated sweet peas.

Mr. Don Griffin attended his brother and the ushers were Oscar Chenier, cousin of the bride and Albert Stewart.

The wedding reception was held at Club Aragon. Mrs. O. F. Boucher, the bride's aunt, received, wearing a gown of pale blue crepe with matching picture hat, black accessories and a corsageof Briarcliffe roses. The groom's mother who assisted was wearing white silk jersey with red trim, matching accessories and a small hat of white straw. Her corsage was of red roses.

Later, the bride and groom left to spend their honeymoon at Georgian Manor, Wasaga Beach. For travelling Mrs. Griffin chose a pale blue gabardine suit and white accessories and wore a corsage of Briarcliffe roses. On return they will live at 576 Douglas Ave.

Of Interest to Women

DOROTHY DIX

Picking Younger Husbands Often Avoids Lonely Destiny

According to statistics women have a life expectancy of eight more years than men have, and this has led a scientist to urge them to pick out husbands younger than themselves in order to minimize the danger of being left lonely widows.

This is a most interesting suggestion of how to solve a perplexing problem, for it is a matter of common knowledge that the world is filled with widows, most of whom would like to remarry, but whose chances of reaching the alter again are slim unless they are lucky enough to be either rich or pretty

So the plan of having women take out insurance against widowhood by marrying lads much younger than themselves is an inspiration, the only difficulty being whether the young men

Dorothy Dix

would prefer settled women to little playfellows as wives. Unfortunately, the masculine taste seems to run to bobby-soxers as wives instead of ladies who resemble their maiden aunts. And, generally speaking, it is only widows with fat pocketbooks who rate boy husbands.

But, be this as it may, in all good truth there is no other class of women in the world who are more pathetic than widows. And this does not mean specifically those devoted wives who lose their all when they lose their husbands. Theirs is the heartbreak that makes widowhood a never-ending tragedy.

But not all wives who are left widows are overwhelmed with grief. Many a widow feels relief from being ground under the heel of a tyrannical husband.

Wants To Remarry

But while one would think that a woman who had had a mean husband would sing paeans of joy under her breath at being freed from him, and that wild horses couldn't drag her to the alter again, curiously enough such is seldom the case. Whether her marriage had been happy or not, the average widow wants to try it over again.

And the reason of it is that widowhood upsets all of her plans of life. She has formed taste and habits that do not fit into a new environment, and she finds that her family are even more arbitrary and hard to get along with than her husband was.

The widow is supposed to be a free soul, but nothing could be further from the reality. If her husband has left her money, she becomes the target of all the holdup relatives she possesses and the victim of all the causes. Her sisters and her cousins and her aunts expect her to support all of their children and send them to college. But no one has a house big enough to take in a poor widow and her children.

If the widow is young and pretty, no matter how discreetly she conducts herself she gets talked about, because all widows are popularly supposed to be husband-hunters. Men run after them until they find out that the widow has a child or two, then they flee in the opposite direction.

And what turns every widow's life into cinders, ashes and dust is loneliness. Nobody to cook good meals for. Nobody to take them stepping out. Nobody to talk to. Nobody's shoulder to weep on. A dreary life, with nobody to laugh with you, or cry with you, or even fight with you. No matter that widows want to remarry. No wonder we say "poor widow."

Best Not To Know

NEW YORK. — Rudyard Kipling's definition of a woman—"A rag and a bone and a hank of hair"—has been changed to: "A rag and a bone and several hanks of hair."

At least, it will be if New York hairpiece creators have anything to say about it.

With the new "short look" in hair-dos threatening their business, they have come out with novel ideas for chignons, bangs, topknots, switches and small puffs that can be fastened on with a few bobby pins.

They are aimed at the athletic girl who spends all day in the water or on the beach and presents herself with dripping, bedraggled hair before her date in tht evening.

"Now," raves an advertisement, "you can be a veritable athletic champion by day and a swooning enchantress by night—as delicate as a Watteao shepherdess or as alluring as a Circe!"

If Kipling had only known!

By GENEVIEVE KEMBLE

For Sunday, July 18

Sunday's horoscope holds augury of very interesting and eventful activities, possibly in relation to the serious conventional activities of the day, although joyously illuminated by social, cultural and sentimental functions, in which there may be outstanding highlights of more than customary festivity and celebration. Engagements, marriages or kindred family occasions may prove of exceptional delight to elders. Such felicitous conditions should not be marred by strife or indiscretions.

For the Birthday

Those whose birthday it is may encounter a year of conflicting and contradictory situations, taxing their capacity for restraint, ingenuity and sagacity. There may be sudden developments coming up for calm, deliberate and wisely manipulated action, possibly outside orthodox lines or erratic impulses. Promises and obligations may be defaulted, but shrewd and calculated management may bring exceptional success. Refrain from strife and any form of rash or vindictive behavior in home or business affairs.

A child born on this day may possess many diverse and conflicting traits and inclinations, but may eventually become steady, dependable and definitely successful, perhaps in an unusual line.

✧ ✧ ✧

For Monday, July 19

Monday's astrological forecast is for a definitely preplexing and dangerous state of affairs, with many loopholes for misunderstanding, distortion, treachery, deeply-sinister design or complications. By words and acts there are pitfalls and dangers of loss, misrepresentation, fraud and intrigue. In personal, business, financial and emotional affiliations there is need for utmost discretion, wariness, and honesty. At every corner there may be a plot or a trickster to be "scotched."

If It Is Your Birthday

Those whose birthday it is, should forthwith arm themselves against every possible opening for subtlety and trickery, with danger of schemes, fraud, intrigue and underhand traps. In speech, writings, intimate contacts, agreements and strange encounters, it is urged that every precaution be taken, lest sinister entanglements, loss of funds, possessions and reputation befall.

Sign all writings with eyes open to distortion.

A child born on this day may be an easy victim to all sorts of fraud, distortion, malicious and sinister schemes in its private as well as business associations.

Needlecraft Pattern

SMALL CUTWORK

You can do the buttonhole stitch! So you can do cutwork—it's that easy! This has touches of plain embroidery to make it more colorful.

Twenty-six motifs of elegant cutwork. Easy! Pattern 650; transfer; 26 motifs 3½x8½ to 1½x2 in.

Laura Wheeler's new, improved pattern makes needlework so simple with its charts, photos, concise directions.

Good Cook Has Ability To Make Appetizing Dishes

The homemaker who is constantly complaining that the members of her family are fussy, probably needs to turn her criticisms on herself. They may be grumbling because they do not like the same food served in the same way several days in succession or because much of the food she offers is neither well cooked nor attractively served.

A good cook has the ability to make appetizing dishes from plain, inexpensive or left-over foods. She serves favorite dishes fairly often and introduces new ones just often enough to keep up the interest. The family will be anxious to investigate the surprise if it is nicely served and will never uspect that its base was yesterday's stew, vegetable or cake.

If meals are carefully planned ahead of time, extra quantities may be cooked so that a second or even third day meal may be prepared quickly and with a saving of heat in the already hot kitchen. This double-day cooking may also be a great energy saver in canning time.

If meat loaf or the Sunday roast is served hot the first time, then cold for one or two meals and ends up in a casserole dish or shepherd's pie there will be no suggestion of monotony.

Half a cottage pudding, made from a plain cake recipe, may be served for dinner, then the remaining piece, when cool, spread with an icing or split and filled with jelly becomes a delicious cake.

The extra pastry shell, baked along with the green apple pie for dinner, is ready to be filled with fresh fruit or custard or a good chocolate filling for a later meal or perhaps the extra pastry will make shells for six or eight jam tarts.

Home economists have a few good suggestions for these second-day meals.

MACARONI MEAT SPECIAL

2½ cups cut macaroni (8 oz.)
1½ cups, left - over meat, chopped
2 cup gravy
1 teaspoon spicy meat sauce
1 medium onion chopped
¼ teaspoon pepper
½ teaspoon salt
1 cup bread crumbs
1 tablespoon fat.

Cook the macaroni in boiling salted water for 15 minutes. Drain well. Mix together the chopped meat, gravy spicy meat sauce, onion, salt and pepper. Combine well with the macaroni and place in a well-greased baking dish. Cover with the crumbs, dot with fat and bake in a moderately slow oven, 325 deg. F. for 20 minutes. Yield: six servings.

CHOCOLATE CREAM PIE.

1/3 cup sugar
1/3 cup flour
1/3 cup cocoa
½ teaspoon salt
½ cup cold milk
1½ cups hot milk
2 egg yolks
1 teaspoon vanilla

Mix sugar, flour, cocoa and salt and combine with cold milk until smooth. Gradually stir in the hot milk, return to double boiler and cook 10 minutes, stirring frequenty. Beat egg yolks, combine with a little of the hot mixture, add to mixture in the double boiler and cook 35 minutes longer. Remove from heat and add vanilla. Pour into a baked, nine-inch pie shell and top with the following meringue.

MERINGUE

2 egg whites
Pinch of salt
⅛ teaspoon baking powder
2 tablespoons sugar
½ teaspoon cinnamon

Add salt to egg whites and beat until stiff. Mix baking powder and sugar and gradually beat into the egg whites. Spread meringue over filling, dust with cinnamon and bake in a moderately slow oven, 325 deg. F., until delicately browned, about 15 minutes. Yield six servings.

Hastings News

Decoration day services are being held on Sunday, July 18 at the Trent Valley cemetery, where Rev. Canon Spencer will take the service at 3 p.m.

Miss Frances and Master Michael Barry are vacationing in Toronto with cousins Ellen and Ann Leonard.

Phils Dismiss Chapman; Cooke Manager

PHILADELPHIA, July 17. — Philadelphia Phils Friday dismissed Manager Ben Chapman and named Allen (Dusty) Cooke, veteran coach, as acting manager effective immediately.

The change was announced by the Phils office here. President R. R. M. Carpenter, Jr., and Nathan (Babe) Alexander, the club's publicity director, were en route here by plane from St Louis.

Carpenter explained, the bulletin said, that the Phils' action has no connection whatsoever with the deal whereby Burt Shotton became manager of Brooklyn and Leo Durocher of New York Giants earlier in the day.

The seventh place Phillies had lost seven games in a row before Dutch Leonard beat St. Louis Cardinals Thursday night.

The bulletin said Chapman had entered Carpenter's suite in St Louis while he was making the announcement.

Chapman, one-time star outfielder for New York Yankees, was attired in travelling clothes and appeared cheerful.

No. Animosity

"There is no animosity on my part," Chapman said.

He reported he has no plans for the future but that he will leave soon for his home in Birmingham, adding:

"I might have to fire my bowling alley manager and run the place myself."

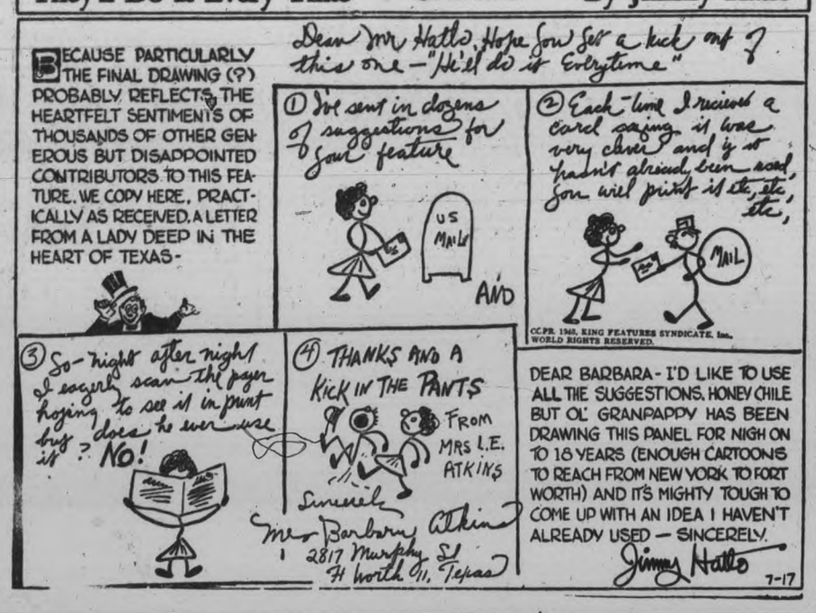
Chapman, 39, came up to the majors as a second baseman and outfielder with the Yankees in 1930. In 1936 he was traded to Washington Senators and the following year went to Boston Red Sox in another deal.

He went to Cleveland in 1939 and after two seasons with the Indians went back to the Senators and finally the Red Sox again in 1941 before dropping out of the majors to manage the Richmond Colts in the Piedmont League.

TINY FROG

A quarter-inch frog, the smallest in the world, is found in Cuba, which boasts also the world's smallest bird.

They'll Do It Every Time — By Jimmy Hatlo



Here and There In Sport

By The Canadian Press

Hamilton Wildcats were accepted into the Big Four junior football camp Friday night at an executive meeting in Toronto. The Wildcats will replace the Tigers who will operate in the Junior Ontario Rugby Football Union series.

The Cats will form a four-team loop with Toronto Argonauts, Oshawa and Parkdale Lions.

The executive also announced that Harold Smith, former executive officer of the ORFU, had been appointed convener of the local and Niagara Peninsula Big Four groups.

R. S. McLaughlin, Oshawa, automobile magnate and owner of race horses, was down to his last $500 and would have been forced to withdraw from racing for the year if he had not won two races at the Detroit race track a few days ago.

McLaughlin has plenty of money with which to maintain his racing stable, but the Canadian government will allow him to send only $500 a year out of Canada for that, or any other purpose.

Sculler Theo Dubois of Winnipeg Friday lost his last chance to row in the Olympic Games—but he said he would keep in training anyway. He found his native Belgium considered him a citizen of Canada, the country whose Olympic committee turned him down in June. In Ottawa, the Belgian ambassador said he was quite certain Dubois has been "automatically" dropped as a Belgian citizen because he was a naturalized Canadian.

The Maine boxing commission Friday suspended Al Evans, Montreal middleweight pending hearing on charges he made agreements to box on successive nights, contrary to the Maine 72-hour rule. The hearing will be held in Augusta, Me., July 21.

Here's the latest fish story. Finley Maclennan, assistant to the deputy transport minister, went bass fishing at a small lake, 60 miles north of Ottawa. After hook-wise bass stole his last frog, he tried a worm. He got a quick bite but the bass gobbled the worm and slipped off the hook. As it did so, it coughed up the frog —right into the outstretched hand of the angler.

Heavyweight Champion Joe Louis was sworn in Friday as a special deputy sheriff of Wayne Edward Behrendt said he put the honorary badge on the champ because of his "sportsmanship and county. At Detroit County Sheriff upright living."

Players Win By 7 Wickets

LONDON, July 17 (Reuters).—County cricket results Friday:

Players won by seven wickets

Gentlemen vs. Players at Lords: Gentlemen—first innings, 266 for nine declared; second innings, 183 for five declared. Players—first innings, 217; second innings, 233 for three.

Surrey vs. Leicestershire — Match drawn. Leicestershire — first innings, 227; second innings, 156 for six. Surrey—first innings, 191.

Susses vs. Essex: Match abandoned owing to rain. Essex—first innings, 213; second innings, 117 for eight. Sussex—first innings, 224.

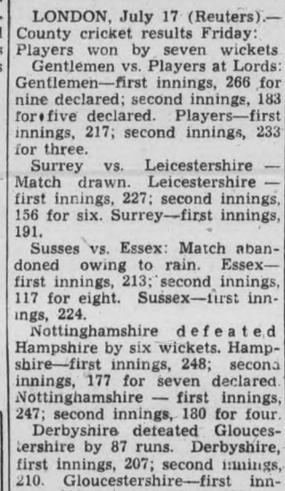
Nottinghamshire defeated Hampshire by six wickets. Hampshire—first innings, 248; second innings, 177 for seven declared. Nottinghamshire — first innings, 247; second innings, 180 for four.

Derbyshire defeated Gloucestershire by 87 runs. Derbyshire, first innings, 207; second innings, 210. Gloucestershire—first innings, 202; second innings, 128.

Yorkshire vs. Glamorgan match drawn. Yorkshire—first innings, 339; second innings, 131 for three declared. Glamorgan—first innings, 243; second innings, 63 for no wickets.

Northamptonshire defeated Kent by an innings and 200 runs. Northamptonshire—first innings, 445 for nine declared. Kent—first innings 71; second innings, 174.

Warwickshire vs. Scotland match drawn. Warwickshire — first innings, 306 for four declared; second innings, 116 for two declared. Scotland—first innings, 187; second innings, 160 for three.



VIC RASCHI, STAR sophomore pitcher of the New York Yankees, did himself proud in the recent All-Star game, when he pitched and hit the American league to a 5-2 win over the National league.

Football Season Under Way In Hollywood

HOLLYWOOD, July 17 (AP) —It's football season in Hollywood, even though most of the United States is still concerned with baseball.

Down at Wrigley Field, most of the Los Angeles Rams' pro football team is emoting with Victor Mature, Lucille Ball, Sonny Tufts, Lizabeth Scott and other in "Interference." Over in the Rose Bowl, "Triple Threat" is being enacted with a group of pigskin Thespians.

It is estimated by this impartial observer that more ham is reeling through the cameras than ever before.

The fact is that athletes don't make actors. Many try, but few succeed.

Swimming stars Johnny Weissmuller and Buster Crabbe and Decathlon champ Glenn Morris have taken cracks at the ever-popular Tarzan. It is a tribute to the hardy King of the Jungle that he has survived the acting efforts of all three.

No Acting Awards

Last year, Glenn Davis and Doc Blanchard made "The Spirit of West Point," which netted them a chunk of cash but no acting awards. Likewise, Frankie Albert made the unspirited "Spirit of Stanford" and Tom Harmon romped through "Harmon of Michigan."

Hollywood history contains many other instances of abortive acting attempts by famed athletes. Then, of course, there are some exceptions. Olympic star Sonja Henie brought an entirely new type of entertainment to the screen. Esther Williams brought several things to the screen, too, including her swimming prowess. Rose Bowl star Johnny Mack Brown and Shotputter Herman Brix (now Bruce Bennett) have also done all right.

Press agents often claim athletic achievements for other players, but don't you believe it. Most Hollywood sports are the horse-playing variety.

Minor Lacrosse Weekly Schedule

The minor lacrosse schedule for next week opens Monday at one p.m. when the peewee Lions practise. They are followed at two by Buffalo peewees, and at three by the tadpole Rockets. Four o'clock is left open for the juveniles.

Tuesday at 10 a.m. Petes play Tigers a pee wee game, while at 11 the Lions and Buffalos have a peewee tilt. Tadpole Spitfires drill at one, the juveniles have the next hour, Tudhope's bantams practise at three, and Cavanagh's midgets work out at four.

Rockets play the tadpole Spitfires at 10 Wednesday morning with Tiger peewees practising at 11. Petes peewees drill at one, juvenilts go at two, Clapper's bantams work out at three, and McGillis midgets have four.

Two peewee games are on Thursday morning, Petes vs. Buffalos at 10 and Tigers vs. Lions at 11. Juveniles drill at two, St. Paul's bantams at three and Comstock's midgets at four.

On Friday, Rockets and Spitfires have a tadpole tussle at 10 a.m., followed by Kiwanis bantam practise. Juveniles drill at two, Montreal bantams at three, and the rest of the afternoon is open. Just two morning practises on Saturday, Lions peewees a 10 and American midgets at 11 o'clock. Players should clip out this weekly schedule.

Night games will be announced later.

"Dead" Men Meet

HALIFAX, (CP)—Two brothers, each believing the other had be killed in the Second World War, met when the liner Aquitania docked here recently. Both Tyronne Pedigerne, a Halifax policeman, and his brother Daniel, said they had received official notification of each other's death.

Jobless Golfer Meets Stranahan For Golf Title

HAMILTON, July 17 (CP). — An unassuming, jobless Hamilton man faces up today to as tough an assignment as ever confronted a Canadian golfer.

Twenty - eight - year - old Joe Stoddard, who quit his job to play in the Canadian amateur championship this week, goes into the 36-hole final today against wealthy Frank Stranahan of Toledo, O., the defending champion, one of the foremost amateur golfers in the United States.

Around the locker room last night, the experts conceded the six-foot-five Stoddard an outside chance of dethroning the 25-year-old Stranahan who only a few weeks ago won the British amateur title.

The Canadian hope played through a tough semi-final match with Walter McElroy of Vancouver, winning one up on the 36th hole. Stranahan breezed through his semi-final with Larry Dana of Bradford, Pa., with a 4 and 3 triumph over the 36-hole route.

Dramatic Play

The Stoddard - McElroy match was the most dramatic of the full week of golf over the narrow, twisting fairways of nearby Anaster's par 70 course.

It was worth getting wet to see two crack young golfers—McElroy is 21 and a future great—match strokes when the chips were down. The 500-yard par-five 35th hole was a sample. Each got on the green in two with booming drives and terrific second shots. McElroy almost sank a 15-foot putt which would have given him an eagle three. However, both wound up with birdie fours.

It was like that on other holes earlier in the match. They squared four holes with birdies and 12 with even par play. McElroy shot nine birdies and 17 pars. Stoddard had seven birdies and 21 pars.

In the 33 holes of play Stranahan shot three birdies and had par on 24 holes. Dana failed to beat par on any holes, and he came down in even figures on 27.

DURING THE FORTHCOMING Olympiad in London, VIP (very important persons) will be hauled hither and yon in cars driven by these uniformed girls, who are shown posing with their fleet of cars at Wembley stadium, in London, Eng. Some of them, as you will note by the campaign ribbons, are veteran war drivers.

Babe's Place Wins Over Bells, 13-10

In the first game of a three-out-of-five playoff series last night at King Edward Park, Babe's Place edged out a win by the score of 13-10 over Bell Telephone.

Good solid hitting by Babe's Place, including homers by Loyst and Carnegie and a few costly errors by the Bell in the fifth innings accounted for 10 runs.

Keith Harrison pitched for Bell, and with the exception of the one fateful inning, had everything pretty much under control.

Anderson started off on the mound for Babe's Place, and Sanderson took over in the sixth inning when Bell threatened a rally.

Ackford, Gillespie and James all played well for the Bell, while Loyst, Mortimer and Davis were the pick of Babe's team.

These two teams meet again Wednesday evening at King Edward Park for the second game. Grafton's meet Nicholls' Cartage on Monday evening to start their playoff series. Teams:

Bell Telephone — Greatrix cf, James c, Ackford ss, Harrison p, Gillespie 1b, Scott rf, Tushingham 2b, Wood 3b, Stewart rf, Polinchuk rf.

Babe's Place—Wilford 1b, Conway ss, Loyst c, Carnegie 3b, Mortimer 2b, Sanderson cf, p, Post lf, Davis rf, Anderson cf, p.

Babe's Place .. 011 0101 000—13
Bell Telephone. 100 5 31 000—10

Umpires—Castle and Drum.

Axe Under Pillow

VANCOUVER, (CP)—A landlady called police when she found an axe under the pillow of one of her roomers. He told police he was a logger and would be in town for the next three months. The axe was just part of his equipment.

Inebriated Flier

WINNIPEG, (CP) —Winnipeggers held their breath at the dangerous antics of an apparently drunken flier at an air show here. But the flier wasn't drunk; he was a United States stunt pilot, putting on an "inebriated act."

Newark Blanks Jersey Giants

By The Associated Press

Bob Porterfield, 25-year-old righthander of Newark Bears is demonstrating that his sensational performances in the early stages of the International League season are no flash in the pan

Porterfield turned in his 12th victory of the season Friday night, pitching the Bears to a 3-0 triumph over Jersey City Giants. The shutout was his sixth of the season and second straight.

The rookie did not walk a batter and fanned 10 to increase his strikeout total to 115, two less than the number fanned by Monreal's Jack Banta. He gave up three hits.

The first-place Montreal Royals were nosed out 2-1 by Rochester Red Wings with southpaw Ken Johnson outpitching Banta. Johnson held the Royals to four hits while the Wings collected seven.

Home runs highlighted the double-header between Syracuse Chiefs and Baltimore Orioles. The Orioles won the first game 3-2 with Ed Levy and Al Cihocki belting round-trippers.

Syracuse won the nightcap 7-4 with Kermit Wahl and Clyde Vollmer socking two homers apiece and Jodie Beeler one to feature the Syracuse drive.

A scheduled game between Buffalo Bisons and Toronto Maple Leafs was postponed because of rain.

Women In Majority

CHATHAM, Ont. — (CP) — Twenty-three new Canadians completed naturalizations proceedings by taking final oath of allegiance here. A majority—of the 23—were women.

Need Treatment

MONTREAL, (CP) —Thirty-three per cent of school children have defective vision and 82 per cent are in need of dental care, Dr. Percy Vivian, of the department of social medicine, McGill University, said in an address here.

BARCLAY ON BRIDGE

FAINT HEART NOT GOOD

FAINT heart ne'er won in the long run at rubber bridge. The true star in this form of bridge is the fellow who will stretch a point to get into game because the rewards for it are so great as compared to the slight loss risked in a tight spot. You seldom see a rubber bridge top-notcher wind up in a contract one trick beneath game and then score an extra trick. More often you will find him reaching out for the game where he has just the slightest excuse for doing so. When it comes through for him, he has enough reward to make up for several losses by such tactics.

	♠ 10 2 ♥ Q 10 9 7 6 3 2 ♦ K 9 5 ♣ K	
♠ K 5 ♥ J 3 5 ♦ 7 4 3 2 ♣ Q 6 5 3	N W E S	♠ A Q J 9 8 7 4 ♥ None ♦ A Q 10 8 ♣ J 9
	♠ 6 3 ♥ A K 4 ♦ J 6 ♣ A 10 8 7 4 2	

(Dealer: East. East-West vulnerable.)

East	South	West	North
1 ♠	2 ♣	Pass	2 ♥
4 ♠			

That bid by East is of the kind you seldom hear from anybody but a consummate master of winning strategy at rubber bridge. That is just the kind of player who sat in the East seat. He was Charles Lockett, generally considered by his St. Louis intimates to be the best rubber player in town.

Having heard not a thing from his partner except a pass, he nevertheless made deductions from the opponents' bids which caused him to count on West for something of value to him. Since the opponents had bid clubs and hearts, he reckoned West as probably having a large enough number of diamonds to be of some aid where he needed it most. Also the club and heart bids made it seem possible that West might have the least bit of something in spades. In both estimates he proved right.

The heart K was ruffed, spade A and K scored, diamond 10 finessed to the J and the heart A ruffed. The club J was sent through to the singleton K and the third heart trumped. Now the club 9 was led. South coming in with the A to keep the Q from winning. Not wishing to lead into the set-up club Q, South had no alternative but a diamond, his 6. That caused the K to be downed by the A. The diamond Q and 8 and the spade Q and J completed the contract for the valiant declarer, to whom both defenders and his partner doffed their chapeaux.

ANNOUNCEMENTS

Births - Engagements - Marriages - Receptions - Deaths - In Memoriam - Cards of Thanks - Florists - Funeral Directors - Monuments - Coming Events - Personals - Lost - Found

1—Births

HALL—Mr. and Mrs. Elmer N. Hall (nee Kathleen Mitchell) wish to announce the birth of a son at St. Joseph's Hospital, on Friday, July 16, 1948.

2—Engagements

Mr. and Mrs. E. Harry Larsson of Kipling, Ont., wish to announce the engagemnt of their daughter, Marianne Elizabeth to John Robert Taylor, son of Mr. John Taylor and the late Mrs. Taylor, of Wilberforce, Ont. Marriage to take place July 24, at parsonage of St. Andrew's Church, Peterborough.

5—Deaths

TAYLOR, William — On Friday, July 16, 1948, in Peterborough Civic Hospital, William Taylor, beloved husband of Emma Arnold, and dear brother of George Taylor, of Nottingham England.
Resting at the Nisbett Funeral Home, 347 Charlotte Street, where service will be held on Monday, July 19, at 2 p.m., Rev. H. G. Douglas officiating. Interment Little Lake Cemetery.

6—In Memoriam

AGNEW — In loving memory of Jean Agnew, who died July 2, 1948.
God saw that she was weary,
And the hill was so steep to climb,
So He closed her weary eyelids
And whispered, Peace be thine.
—Sadly missed by her Mother and Family.

CONSTABLE — In loving memory of dear husband and father, Sidney Constable, who passed away July 17, 1944.
'Tis sweet to know we'll meet again
Where troubles are no more,
And that the one we loved so well
Has just gone on before.
—Sadly missed by Wife and Family. On Active Service

LINSEY — In loving memory of our dear son, C.S.M. Frederick J. Linsey, killed in France, July 18th, 1944.
The dearest boy this world could hold
The cheeriest smile and heart of gold;
Memories drift to scenes long past,
Time rolls on, but memories last.
—Ever remembered by his Mother, Dad, and Family.

7—Cards of Thanks

The Family of the late Jean Agnew wish to express their sincere thanks to all those who sent messages of sympathy and cards, especially the Old Country Club, during their recent sad bereavement.

Obituaries

MRS. CHARLES HULL

HAVELOCK, July 17.—(ENS)—The funeral took place Thursday afternoon of Mrs. Charles Hull, 45, of Methuen township, who died on Wednesday. The service was held in the Curtis Funeral Parlor and was conducted by Rev. F. R. Vanderburgh. Burial was made in Maple Grove cemetery.

The pallbearers were: Percy Newell, Goldie Newell, Robert Newell (brothers), Earl Gerow, Dan Fleming, Warden Quackenbush.

Born in Methuen township, Mrs. Hull was formerly Elsie Newell, daughter of the late John Newell and Martha Munroe. She was a member of the United church. Surviving besides her husband are a sister, Mrs. J. Whtney, Whitby; four brothers, Percy Newell of Havelock, Goldie Newell of Peterborough and Edward and Robert Newell of Norwood.

WILLIAM TAYLOR

After a short illness, William Taylor, Crawford's Grove, died in hospital on Friday in his 87th year. Born in Woodborough, Nottingham, England, he was the son of the late Robert Taylor and Ann Hallam. Mr. Taylor had lived in Peterborough for 38 years, after coming here from Liverpool, England. During his residence in Peterborough, he was a market gardener. His only son, William, died in May, 1946. Mr. Taylor was a member of Knox United Church.

There survives his wife, one brother George, of Nottingham, England, and one niece, Mrs. M. Sklom, Chicago, Ill.

Funeral service will be held Monday at 2 p.m. Rev. H. G. Douglas will officiate. Burial will be in Little Lake Cemetery.

Reject Proposals

LONDON, July 17—(AP)—The Communist "Free Greece" radio said Friday night the Athens government has again rejected proposals of guerrilla leader Markos Vafiades to end the fighting in Greece.

SUITABLY DRESSED

One young lad in the downtown region is apparently convinced that it's going to be a hot day. His first impulse was to discard irksome clothing and parade in his birthday suit. At last report, after having been spotted by several sympathetic but tut-tutting citizens, he was strolling through a laneway leading to Charlotte St. towing a wagon.

137—Legal Notices

TENDERS FOR MACHINERY SHED
TOWNSHIP OF EMILY

TENDERS will be received by the undersigned until AUGUST 3RD, at 12:00 o'clock Noon, for the Erection of a Machinery Shed for the Township of Emily.

Building to be 24 x 40 or 40 x 40, with cement foundation, cement block walls and steel roof.

For further information, apply to the Reeve, Vincent Fee, R.R. No. 4, Omemee.

DAVID WEIR,
Clerk of Emily.

I, J. S. JACKSON, 308 MAITLAND Avenue, Retired, will not be held responsible for any Debts incurred by any one after July 17, 1948.—James Jackson.

NOTICE
TREASURER'S SALE OF LAND FOR TAXES
Corporation of the County of Peterborough

To wit:

By virtue of a Warrant issued by the Warden of the County of Peterborough, bearing date the 8th day of June, 1948, Sale of Lands in the County of Peterborough, will be held at the County Council Chamber, in the Court House, in the City of Peterborough at the hour of Ten o'clock in the forenoon, on the 5th day of October 1948, unless the Taxes and Costs are sooner paid. Notice is hereby given that the List of Lands for Sale of Arrears of Taxes is being published in the Ontario Gazette on the 3rd day of July 1948, and that copies of the said list may be had at my Office.

JENNIE A. SPURWAY,
County Treasurer.

Boys, Girls Pass Swimming Tests

Swimmers in the summer classes, numbering 1,000, are advancing rapidly, with beginners on July 5 now swimming in deep water, and taking Junior Red Cross lessons. Of 197 non-swimmers registered at Inverlea Park, 58 have passed from beginner's class. At Riverside park 158 are registered and 90 have passed.

The following have passed into Junior Red Cross classes, Ann Merrett, Beverly Bacon, Delbert Dorrington, Bob Baker, Jimmy Elliott, Trevor Hawkins, Ann Stacey, Margaret Dalgleish, Catharine English, Peggy Gilbert, Patricia Wilson, Bunny Dorrington and Ron Frost, at Inverlea beach. Darlene Crowley, Doreen Crowley, Shirley Foster, Shirley Dobson, Joanne Tait, Corinne Russell, Marjorie Vinette, Geraldine Vinette, Margaret Dobson and Margaret Purvis at Riverside.

Now swimming in deep water at Riverside are: Angus Chalmers, Jimmy Peel, Mary Lou Jones, Marlene Sutherland, Patsy Harding, Gloria Smith, Patsy Thirnbeck, Elinor Biddle, Joan Mongraw, Peter Salonius and Bobbie Dixon.

No Timber Loss In 19 Bush Fires

A. B. Wheatley, district forester for the Trent district with headquarters at Lindsay reports that weather conditions at present are reducing the danger of bush fires.

Up to July 15, there has been 19 fires in this district, the largest burning a four acre stretch, and in no case was there any timber loss. Most of the fires were caused by careless smokers or by settlers clearing and burning brush near their homes.

Mr. Wheatley stresses the danger that exists when motorists persist in tossing cigarette and cigar butts from moving cars, and this danger will grow as the summer advances and the fields and bush dry out.

BUS DRIVER COURTEOUS

Bus drivers don't do it every time. About noon on Friday, a city bus driver had just spotted a gap in George St. traffic which was large enough so that he could swing out. He had barely pushed down on the accelerator, when a woman, running and waving a shopping bag, shouted at him to stop. He stopped the bus, and let her aboard. Then he had to wait several more minutes for another gap.

LUMBERMEN TO CELEBRATE

The mammoth Lumbermen's Picnic staged at Cloyne last year will be held again this summer on July 31. Officials had Barbara Ann Scott as an attraction last year and this year they have booked "Miss Canada," Miss Margaret Marshall of Toronto. This girl will be accompanied by Miss Toby Robins who was named Miss CNE a short time ago. She also holds the titles "Miss Cheer Leader" and "Miss Northwestern." Lumberjacks will stage the usual competitions peculiar to the industry.

DANGEROUS TRICK

Someone with a mighty perverted sense of humor was responsible for a dangerous condition at Queen Mary playground Friday. A number of nails were driven into one of the childrens' slides. They were noticed by residents and removed before any injury had been caused, although one little girl tore her dress on them. The nails were such, said the residents, that they would have caused serious injuries if children had used the slide.

"Good gracious! The whole strawberry section, you say . . ?"

News .... In Brief ..

By The Canadian Press

NANKING— Chinese premier Won Wen Hai said Britain, the United States and China have protested to Moscow against Russian removal of industrial equipment from Manchuria as war booty. China will raise the matter at the Japanese peace conference and ask for a satisfactory settlement.

NEW SHARON—Six farm girls, four of them sisters, drowned when the automobile in which they were riding rolled into a deep, water-filled ditch.

CLARKSBURG, W. Va.—Four men were killed when a private plane crashed during a rainstorm in a wooded area off a highway near Newburg.

TORONTO— A bolt of lightning struck two Hydro lines at an intersection in suburban York township during a violent rainstorm and cut off power on both streets with an explosion felt blocks away. The broken wires crackled and sizzled as more than 50 nearby citizens gathered.

FORT WILLIAM— Body of a man identified as John Briggs, about 60, was discovered in fragments along the tracks of Mokomon, Ont., on the Canadian National Railways south line to Atikokan, Ont. Police said parts of the dead man's clothing were picked up west of the point where he had been struck, 10 poles east of Mokomon Station.

Decrease In Crime

NEW YORK.—The police department, in its annual report, said major crime in New York, on the increase since 1943, was checked in 1947. The incidence of crime dropped 10.5 per cent. compared with 1946 but still was 22.3 per cent. higher than 1943.

NEW YORK.—United Air Lines announced it has applied to the civil aeronautics board in Washington for a 10-per-cent. passenger fare increase on all its flights, if approved by the CAB the increases would become effective Sept. 1.

Close Hotel

NEW YORK—The hotel Brevoort, Greenwich Villages famed meeting place, soon will close because the old building can no longer meeting modern fire safety laws. The hotel restaurant, once New York's Gourmet headquarters, will remain open.

HUNTINGTON, N.Y.— Antonio Belo, 91, a sculptor noted for his rendition of religious and symbolic subjects, died Friday. His works included many altars and statues in the United States, Italy and Argentina.

CHICAGO—The explosion and gasoline fire on the lake tanker Edgewater July 7 claimed its second victim when seaman Willie Prater, 42, of Chicago, died from burns. One man died two days after the erplsion. The seven injured are improving.

EASTPORT, Me.—The newly-occupied plant of the Associated FishProducts Company was swept by a spectacular fire which eye-witnesses said apparently destroyed the establishment early today. The plant had been engaged in the manufacture of fertilizer, fish meal and fish oil products since early this spring when it was organized by fish packers of this area.

CARTHAGE, Miss. — James Flowers, a negro, was arrested after a police hunt following the shooting and wounding of a group of white men who had gathered to tell Flowers' cousin, Martin Flowers, to get out of town. The white men told Martin Flowers to leave because he was "running around with a white woman." Police said Martin Flowers has left the district.

SINGAPORE— Police detained 19 Chinese membesrs of the crew of the British tanker Empire Tescombe, when the vessel arrived, for questioning in connection with the slaying of the bosun during a voyage from Bangkok. The bosun, a 50-year-old Chinese named Sin Kwang, was found in his bunk with his throat slashed. It is believed his death followed a quarrel over opium smuggling.

CSL Begins Case Against Union; Asks $36,797

(By The Canadian Press)

The Welland canal battle las April aboard the Canadian Steamship Lines collier Glenelg had as echo Friday in a Montreal court

Canadian Steamship Lines entered an action in Quebec superior court for $36,797 damages against the Canadian Seamen's Union (TLC) and 16 of its members. The action holds the CSU and the 16 union members liable for damage said to have been caused to the ship during the fracas.

The Glenelg incident was one of the liveliest events of the bitter dispute between the CSU and four lake shipping companies, including Canada Steamship, which refuse to sign contracts with it on grounds that it is run by Communists.

Swarm Aboard

Police said at the time that CSU raiders swarmed aboard the Glenelg at a Welland canal lock and started a fight with its crew, members of the rival Canadian Lake Seamen's Union (Ind.) while RCMP were on their way to the scene, a lockmaster lowered the Glenelg between the high canal walls and prevented many members of the raiding party from escaping the ship.

About 25 CSU members are in the Welland jail, awaiting trial on charges of assault and illegal possession of weapons arising from the Great Lakes shipping dispute over contracts.

CSU pickets, shouting "Free the Seamen," marched near the jail in what the union described as a gesture of protest against the amount of bail set for the unionists. In some cases bail was fixed at $5,000 in others at $2,000.

Twenty city policemen stood between the marchers and the jail. Then a sudden downpour of rain scattered the demonstrators.

Earlier, several windows were broken in the wheelhouse of the freighter Coalhaven as it moved through the Welland Canal.

Prepare Plans For Industry

OTTAWA, July 17 — (CP). — Plans for mobilization of Canada's industry are well under way the defence department announced Friday after a three-day meeting of the industrial defence board, st up during the last session of parliament.

The board, whose duties are to plan the industrial arrangements necessary for the defence of this country in an emergency, began its meeting on Thursday under the chairmanship of H. J. Carmichael, vice-president of the Conroy Manufacturing Co. Ltd., of St. Catharines.

"Progress was made toward outlining the form of organization which will be required to deal with many phases of industrial mobilization," the official statement said.

Dr. W. A. Mackintosh of Queen's University, Kingston, also attended and "expressed his view on several economic problems which were of considerable interest to the board."

The department did not indicate the nature of the economic questions upon which Dr. Mackintosh was consulted.

Pet Show Held King Edward Park

A pet show was held on Friday afternoon at King Edward Playground. Several children who owned frogs wished to enter them, but the judges said no. The show consisted completely of dog entries.

Since they could not enter their frogs, the owners decided to race them privately on a park table. Urged on by the cheers of his master, "Stagnant Water," owned by Todd Bennett, won the race.

The winner of the dog show was "Teddy," owned by Beverly Walling. "Trixy," entered by Lorna Myles, and Bruce Mason's entry of "Penny," took second and third places respectively. Judges were playground supervisors Mary Craw and Albert Cunningham.

Small Boat Upsets One Drowns, 5 Saved

PRESCOTT, July 17 (CP). — John Tyo, 61, of Ogdensburg, N.Y., was drowned Friday when he tried to swim ashore after a small boat capsized in the St. Lawrence river here.

Five other persons were rescued: Charles Tyo, 22, son of the victim; Harold Bayette, 23, Richard Badler, 19, and Charles Torrence, 22, all of Ogdensburg, and Celeste Grace, 22, of Prescott.

Eyewitnesses said the boat, owned by Bayette, overturned when one of the occupants stood up. The elder Tyo struck out for shore but the others clung to the capsized boat. They were rescued by Joe Countryman of Prescott, piloting another boat.

Summer Heat Takes Toll Of Five Plays

NEW YORK, July 17 (CP). — The summer sun that sears Manhattan brings only grief to the Broadway stage producer. As the temperature rises the audiences melt away and with them go the profits.

July's sultry heat so far has taken a toll of five plays and others are feeling the pinch where it hurts most—in the box-office receipts.

Victims last week were "Allegro," the Richard Rogers-Oscar Hammerstein musical; "Look, Ma I'm Dancing," "Ballet Ballards," both musical shows, and "Me and Molly" a comedy about the Goldberg family of soap opera fame. Earlier in the month "Joy to the World" succumbed.

The series of closings has cut down the number of stage shows on Broadway to 17.

Pinza Role

Ezio Pinza, bass-baritone of the Metropolitan Opera Company has been signed for "Tales of the South Pacific," a musical to be based on James Michener's Pulitzer-Prize-winning novel. It will be Pinza's first appearance in a Broadway stage production. He will play the role of Emile de Becque, a French planter living on a remote Pacific island. Rodgers and Hammerstein will produce it, in association with Leland Hayward and Joshua Logan.

"Harvey" Landmark

Mary Chase's comedy "Harvey" rang up another mark on July 10 with its 1,559th performance on Broadway. This established the Brock Pemberton hit as the fifth longest-running play of the United States theatre. It overtook "The Voice of the Turtle" (1,558 performances) and now is outdistanced only by "Life With Father," "Tobacco Road," "Abie's Irish Rose," and Oklahoma."

Markova Returning

Good news for ballet enthusiasts is the word from London that Alicia Markova will be a member of the Ballet Russe de Monte Carlo in September, when that company returns to New York's Metropolitan Opera House after a six-year absence. "Giselle," in which she made her American debut, will be in the repertoire.

BERT LARGE, HATCHERY superintendent of Peel County Game and Fish Protective Association, has raised 4,000 pheasant chicks this year. He is shown with 4-day-old chicks, kept warm with electric heating units.

Educational Experiment

LONDON, (CP)— Oxford University is sending two tutors to Nigeria to assist in a new experiment in colonial education. Classes will be given in politics, economics, history and world affairs.

Motorists Find Alaska Road Expensive Trip

EDMONTON, July 17 (CP). — A survey sponsored by the American Automobile Association indicates that Alaska has been over-rated as a kind of opportunity and the Canadian-United States highway leading to it under-developed as a tourist attraction.

This verdict was delivered by F. C. Derkin of Washington, D.C., field reporter for the association, who travelled the Alaska Highway with a Life magazine photographer.

"The expected avalanche of tourists to Alaska has not materialized," Derkin says, adding that he had "great difficulty" finding bona fide tourists on the route. "About 95 per cent of the travellers on it are job seekers."

Those who have made a success of life there have had to resort to back-breaking methods. "And many Americans who moved to Alaska in the last few years have failed and now are broke."

Travel on the highway is expensive and is for a "selected group."

Need 30 Days

The minimum cost by car is $10 a day. The only United States tourists who would be interested in it are those with upwards of 30 free days and "considerable money."

Nonetheless, he found facilities better than advertised. Travellers are carrying needless equipment such as tents, cots, extra cans of gasoline. "There is no reason to run out of gasoline anywhere along the highway. The stations are reasonable distances apart.' Lodgings and meals are adequate and reasonable, "although camps should not be more than 180 miles apart.

For the business to improve, camp operators and government authorities must do more to better camps and develop scenic routes. A railroad into the territory is also a necessity.

The Alaska Highway does not serve scenic sections, he says, and scenery is what draws tourists. "A good tourist road—as well as market roads to help agriculture—is a 'must' as a good tourist trade is needed to improve the economy and general conditions in Alaska."

Plumbing Inspector Issues 59 Permits

Plumbing report for June submitted to the welfare committee of the City Council this week by Plumbing Inspector Arthur Metheral reflects considerable building activity in the city.

Fifty-nine permits were issued during the month for the following sanitary conveniences: 58 water closets, 31 baths, 56 basins, 46 sinks, two trays, 14 laundry tubs, one soda fountain, 6 septic tanks and 44 floor drains.

There were 23 new homes which were connected to the city sewer, 4 stores, 1 church, 8 old houses, one old house doing away with septic tank and 3 old houses doing away with cesspools.

Permission was given to install six septic tanks for new homes and most of these are along King George St. where there is no sewer.

Forty-two plumbing jobs were completed during the month leaving 483 unfinished.

Bethel News

Miss Donna Jackson and Bobbie of Orillia are holidaying with their grandparents, Mr. and Mrs. Herb Jackson.

A number from this community attended the wedding of Dorothy Clark and James Moore at Gilmour Church last week.

Mr. Deane Wellman and Miss Marion Worsley spent the week-end with friends at Richmond Hill.

Mrs. Roy Worsley of Cameron is spending some time with her daughter, Mrs. Alden Bailey, who returned from Civic Hospital.

Mr. and Mrs. Earle Clark and Orville of Peterborough and Mrs Charles Mills of Omemee were Sunday visitors with Mr. and Mrs. McCarrell.

Mr. C. M. Williamson of Los Angeles, Cali., is spending a vacation with his cousin, M. McCarrell.

WMS Is Entertained By Mission Band

The Springville Mission Band presented a program at the July meeting of the WMS held at the home of Mrs Bruce Sargent.

Mrs. Dunford, president, opened the meeting and Dr. C. S Reddick led in prayer. An invitation to the home of Mrs. Walter Bowles for the August meeting was accepted. Mrs. Reddick presented the story of Andrew Hincey and his work among the Africans from the Study Book Mrs. Visee conducted the devotional. The splendid program of the Mission Band led by Mrs Raymond Kelk was as follows:

Reading, Don Sargent; reading Mrs. Kelk; recitation, Lois Lord reading, Irene Kellar; piano solo Jack Sargent; story, Myrna Seymour; reading, Lila Seymour play, Mission Band; piano solo Lila Seymour; reading, France Kellar.

Mrs. Visee expressed the appreciation of the gathering to the Mission Band and to the hostess Mrs. Sargent.

Cavan News

Mr. and Mrs. Lloyd Sutton, Mrs H. Keegan, Miss Audrey Keene and Miss Bessie Pogue, Peterborough, are at Fern cottage Lake Couchiching.

Mr. and Mrs. Hugh Moore and son, Neil Earnest, Lindsay, Mrs Jennie Moore, Toronto and Mr and Mrs. K. Reid, Reaboro, were guests of Mr. and Mrs. E. L Armstrong on Sunday.

Mrs. E. Burroughs and daughter Joan of Hamilton are spending a vacation with Mr. and Mrs. L Sutton.

ARRESTED AFTER AN attempt to hold up the sub post-office beneath the Fred Victor Mission, 147 Queen St. E., Toronto, Friday, Walter Robinson, 22, of Charles St. W., is taken by Morality Officer John Humble to police headquarters for fingerprinting.

Name Commission To Operate Arena

MARMORA, July 17—(ENS)— The commission to operate the Marmora District Community Centre has been appointed as follows:

John McAvoy and Irwin McCoy appointed by Marmora and Lake Township; William J. Barlow by Rawdon Township; C. R. Whitemore by Deloro Village; A. F. Fraser and Vincent M. Lynch by Marmora Village; Allan McComb by Marmora Agricultural Society.

OBITUARY

MRS. JOHN ROSEVEAR

HARWOOD, July 17. — This community was saddened Saturday with the death of Mrs. John Rosevear, who died at her home in Harwood. Mrs. Rosevear was the daughter of the late Mr. and Mrs. John Brooks of Cold Springs, and had lived most of her life in this community.

She had been ill for some time, but only the last year confined to her home.

The funeral service was held from the family residence at Harwood on Tuesday to Bethesda United Church, where a public service was conducted by the Rev. A. E. Larke. The choir of Bethesda sang two numbers, with Mrs. Garnet Isaac accompanying. Burial in the United Church Cemetery at Camborne.

Mrs. Rosevear was a faithful member of Bethesda United Church, the Women's Missionary Society, and the Harwood Branch of the Women's Institute.

She is survived by her husband and one daughter (Ina) Mrs George Lang of Niland, California, and two grandchildren, Lawrence and George Lang; two brothers, Clarence of Cold Spring and Bert of Port Hope. Her sister, Mrs. Thomas Davidson, predeceased her a few years ago.

The pallbearers were Messrs. George Carruthers, Samuel O'Connell, Wallace Bell, Jack Murney, Frank McCulloch, and Dr. Robertson. The flower bearers were Messrs. Howard Brooks, Norman Armstrong, Artless Taylor, David Butters, Dennis Corkery.

BRACKEN TO RETIRE FROM LEADERSHIP

Armed Police Search Bush For Bandits

Pair Try To Hold Up Unknown Number Of Highway Drivers

TILLSONBERG, July 19 (CP). —Provincial Police with drawn guns have circled a bush several miles east of this Oxford county town where two bandits, who Sunday night fired shots at one moving automobile and attempted to hold up an undetermined number of motorists, are believed to be hiding.

Police said the men forced a rear door of a Tillsonburg hardware store and stole five rifles and ammunition about midnight. Shortly after 2:30 a.m. Ed Ebert, a resident of nearby Courtlandt, awakened to hear someone attempting to steal his automobile.

Ebert rushed to his garage armed with a rifle and fired several shots at figures lurking in the dark. They fled. Enlisting the aid of a neighbor, Ebert pursued the thieves by car along the highway to Tillsonburg. After they had travelled a short distance, two men carrying rifles, jumped from a ditch and ordered them to halt.

When they drove on, the men fired three shots at them, all of them wide of the mark. Ebert notified provincial police who signalled radio cars in the area. As the search progressed during the night, reports of armed men awakening district residents were received. One United States tourist reported two men attempting to flag him down near here. When he refused to stop they forced him to take to the ditch to miss them.

Chinese Reds Start Offensive

NANKING, July 19. (AP) — Chinese Communists deal heavy blows to the government in Central and Northwest China Sunday leading neutral observers to believe they had at last abandoned hit-skip raids and begun a general offensive.

The Shansi Province capital of Taiyuan in the northwest was surrounded and under close attack; the Han River town of Siangyang, 400 miles south, was reported to have fallen, and the government's main central base of Suchow was closely threatened.

The independent and often highly acurate Chen Li (Truth) News Agency reported Generalissimo Chiang Kai-Shek was personally directing the defense by radio and telephone from a special war room in Nanking. It compared his activities with the days of the Japanese invasion.

(The Communists broadcast on Saturday that they had "annihilated" 10 divisions—possibly 200,000 men—around Taiyun in the last month. On Sunday they broadcast that they had captured Sukow, 20 miles to the southeast, and "several strong points" 20 miles north of Taiyuan.)

No Dull Moments

HAGERSTOWN, Md., July 19 (AP).—If junior's chemistry set made mother nervous last Christmas, she is in for a frightening Christmas to come. A local toy manufacturer says he will market an atomic energy outfit for children next December—complete with samples of uranium ore and instructions on what to do with it. He said the Atomic Energy Commission had licensed inclusion of the ore in the toy sets.

Canada To Get 6,000 Dutch Farmers In '48

LONDON, July 19 — (CP). — Dana H. Porter, Ontario Minister of Development and Planning, today said if shipping is available it is probably 6,000 to 8,000 Dutch farm folk will migrate to Canada this year.

He recently completed a visit to Holland where he discussed the migration plan with the Dutch government. He flies back to Canada Friday.

"My visit was made in an attempt to improve the machinery of the migration scheme which will make farm workers available from Dutch families," Porter said. "Now I am in a position to discuss all problems with the authorities at the Canadian end."

The farmers are bound for Southern Ontario. They will go to farmers who have stated labor requirements and have room to accommodate the newcomers and their families.

The Dutch will be allowed to take only a small sum of Canadian currency and will have to pay their passage in guilders. They are thus confined to travel in Dutch ships.

Porter said he discussed with Dutch authoroties the possibility of some future plan which would enable emigrants to raise sufficient funds in Canada to purchase farms.

Continue Air Search For 2 U.S. Sportsmen

MONTREAL—Provincial police reported today that two United States sportsmen, believed lost in the rugged Mont Laurier area 125 miles northwest of here, are safe and are on their way home to Freeport, Long Island, N.Y.

MONTREAL, July 19—(CP)—Provincial police said an air search for two United States sportsmen, who disappeared June 26 in the rugged Mont Laurier area, would be continued today after Sunday's fruitless attempts to find them in the wooded lake country 125 miles northwest of here.

They are searching for P. Stevens Corneil of Freeport, Long Island, N.Y., who disappeared on a fishing trip with an unidentified companion.

Aiding the air search is a map sent police by Mrs. Corneil whose husband informed her of his proposed fishing trip.

Black Market Population Puts Germans On a Spot

FRANKFURT, July 19 (Reuters). — German administrators here believe that a specially-supervised labor scheme may be needed to assist in th rehabilitation of western Germany's "black market" population, estimataed by some of them at one per cent of the total 40,000,000.

Large numbers of Germans, mostly young people, have lived for years without proper identity papers or a registered address. They lead a vagrant life and subsist chiefly on black market activities, petty thieving and, in the case of girls, of uncontrolled prostitution.

The police, unable to imprison them all and frequently themselves corrupt, have played cat and mouse with them, arresting them and releasing them after a night in jail minus their goods and money, without changing their existence outside the law.

Now currency reform is driving this "black" underground population into the open.

Most of the "blacks" have not been able to change their money as they had no identity or ration cards with which to establish their identity.

At the same time, currency reform has undermined the black market.

Increasing numbers of the street corner population are trying to report to the authorities in search of honest work—and are meeting with plenty of administrative obstacles.

Chief difficulty is the overcrowding of the half-destroyed towns and the refugee-swollen villages. No one can get a job anywhere unless he is either registered there or has obtained permission to "move in."

Here in Hesse, inter-departmental discussions of the problem are taking place between the police, housing, welfare and labor authorities.

One suggested plan is to create rehabilitation teams which will jointly be allocated to some particular job and given some form of emergency billet.

Car Strikes Alderville Woman, 86

Mrs. Mary A. Black Dies Shortly After; Musician On Reserve

ROSENEATH, July 19. — (ENS). — Eighty-six-year-old Mrs. Mary Ann Black, Indian musician who had one time toured Michigan and Ontario with her family as a concert group, died in Cobourg Hospital after day midnight several hours after being struck by a car on the highway near her home at Alderville. She received a fractured skull and other injuries.

The car was driven by Stanley Blodgett, 17, of RR 3, Colborne. It was south-bound on No. 45 Highway and hit the elderly woman as she was crossing the highway near the Alderville monument erected to the members of Alderville reserve killed in the First World War. The accident was at about 9.45 p.m.

Mrs. Black was knocked unconscious when hit by the car door. She was taken to the home of her sister, Mrs. Norman Marsden, wife of Indian Chief Marsden of Alderville, where she was treated by Dr. George Field of Roseneath. Later, she was taken to Cobourg Hospital by ambulance, where she died about an hour after admittance.

(It was the second serious accident in the Roseneath district during the week-end. John Linton, 63, is in hospital after his car struck a tree.)

Provincial Constable Don Nicol of Cobourg is in charge of the investigation.

Colorful Life

The victim had led a colorful life in which a rich, romantic Indian background was blended with a love and skill at music which marked her whole family. She was a daughter of an Indian woman who died giving birth to Mary Ann in the open forest. The new-born baby was found wailing beside her mother's body.

Her father, Peter Crowe, was the only Mohawk Indian to become a music teacher. Originally a farmer, he was taught to play the cornet and taught himself piano and music-reading. With his two sons and two daughters, he toured Michigan as a musical group. "Princess Viroque" was the stage name of the daughter Mary Ann. All were dressed in bright Indian costume.

Later, the group travelled through the province in the interests of the Methodist Church.

Returning to Alderville, the skilled Indian girl continued to study music and taught it to Indians and whites on the reserve. She continued to teach until late in her 70's.

Clothes Stolen In Plant Raid

KITCHENER, July 19 (CP). — Clothes estimated at several thousands of dollars were taken from the Newtex Cleaners, Ltd., plant here over the week-end.

Thieves entered the building by smashing a rear window. The robbery was discovered Sunday afternoon when the manager, H. E. Wambold, visited the establishment.

Since the thieves carted off a considerable supply of clothes it is believed a gang was involved.

Bail Set At $2,000 For Chief Engineer

SARNIA, July 19 — (CP) — Chief Engineer M. J. Murphy of the Canada Steamship Lines freighter Lethbridge was remanded today until tomorrow on a charge of shooting with intent to cause grievious bodily harm to Eddie Rogozinski of Saskatoon, a member of the Canadian Seamen's Union.

Bail was set at $2,000. Rogozinski and four other CSU members were sprayed with gun shot last Wednesday when they boarded the Lethbridge at Point Edward near here. Rogozinski was the most seriously wounded. His condition is still described as serious.

3 Premiers Arrive

OTTAWA, July 19 (CP).—Three Provincial Premiers were in the Federal capital today, an advance guard of the seven who will meet the Cabinet tomorrow to protest the general 21-per-cent. freight rate increase. The three early arrivals were Premiers Garson of Manitoba, McNair of New Brunswick and Macdonald of Nova Scotia.

Plane Jumps To Azores Instead Of US.

HALIFAX, July 19.—(CP). — Nine American citizens flying a ramshackle B-17 appeared today to have left United States customs authorities holding the bag, temporarily a least.

Ordered to return to their starting point, Westchester County Field, N.Y., the nine hightailed it for the Azores from Halifax Saturday and sat down there Sunday after an 11-hour, 1,500-mile flight.

Pilot Irwin R. Schindler of Miami; Fla., left a flight plan with the RCAF before take-off that said he was headed for Boston.

Once he was airborne, Schlindler doused all lights on the converted Flying Fortress and pointed her nose east.

Short of gas, the plane had to fly at reduced speed to make it. One engine cowling was gone and the aircraft carried no radio transmitter. There were only two parachutes aboard.

The RCAF here said it was, by modern standards, a brilliant piece of flying.

Anybody's Guess

The men were belived headed for Palestine to join the Israeli air force. But after their recent hops, their destination was really anybody's guess.

Talking with a Canadian Press reporter last Wednesday, Herman Marek, one of the passengers, said: "If ever we get off we'll go right across. All we're waiting for is to get out of here."

To a question "Nobody has any doubt about where you are going?" Marek replied: "I guess you're right."

While none admitted openly to flying to join the Hagana forces, they left no doubt in the minds of persons at the airport as to their plans.

They also showed the reporter two extra gas tanks they had concealed in the bomb bay "on condition nothing is said about this until we get off."

Detain Plane

SANTA, MARIA, Azores, July 19 (AP) — A mysterious Flying Fortress carrying 18 Americans and presumably headed for Palestine landed here Sunday and was promptly detained by Portuguese authorities.

Pickets Stone Passenger Boat

CORNWALL, July 19. (CP)— The passenger steamer Rapids Prince, her decks cleared and windows shuttered, was stoned by pickets of the Canadian Seamen's Union (TLC) as she inched through the Cornwall canal shortly before midnight Sunday nigh:

The Canada Steamship Lines boat was the sixth vessel stoned here Sunday. Earlier, as hundreds of townspeople watched, the pickets hurled stones at four other CSL vessels—Mapleheath, Starmount, Meaford and Battleford—and the Sarnia Steamships vessel John O. McKellar. Windows were broken in some of them.

CSL and Sarnia Steamships are at odds with the CSU over contract matters.

No person was reported injured in any of the stonings. Passengers aboard the Rapids Prince apparently were below decks when she entered Lock 17 about 11:30 p.m. EDT.

The Mapleheath also was prepared for violence—her crew had set up a tarpaulin to protect the wheelhouse windows.

As stones bounced from the protected wheelhouse, great blasts of steam were released, driving the pickets away and drowning the sound of union loudspeakers ashore.

Urges Younger Man Be Given His Post Forced To Give Up Due To Ill Health

Party Must Review Present Platform Conservatives Told

OTTAWA, July 19 — (CP). — Text of Hon. John Bracken's letter to J. M. Macdonnell, president of the Progressive Conservative Association of Canada, regarding his resignation as party leader has been released.

"I am writing to you with respect to the question of the restatement of our policy and my personal relationship thereto.

The last occasion upon which policy was considered formally by a convention of the party was in 1942 at Winnipeg—a convention held during war time.

While that program is still sound, there has been expressed a widespread desire, in view of present day conditions, for a restatement of the principles which are basic to the Progressive Conservative party. With that view, I am in agreement.

Accordingly, immediately after the 1947 session of parliament, I appointed a number of informal committees to study various aspects of the party policy. Later on, prior to the opening of parliament in January, 1948, I summoned the chairman of caucus committees to Ottawa, and spent with them several days in consultation on every phase of public policy. Following this, the various caucus committees deliberated on the aspects of policy within their respective jurisdictions. Subsequently, at the annual meeting of the Progressive Conservative Association of Canada it was possible to present to the resolutions committee a series of considered, but not final statements of policy.

Recommendations

That committee and the annual meeting itself then recommended: "That the leader of our party establish a select policy and publicity committee and that such committee consider the resolutions contained in this report and other matters of policy and that there shall be a restatement of our party's policy not later than August 1, 1948."

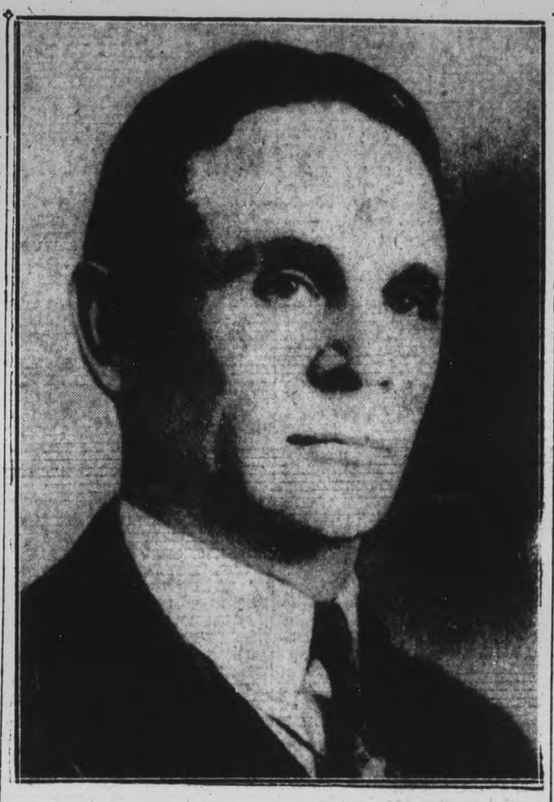
As suggested in this resolution, I appointed the committee. It now has completed its work, and I am passing on its report to you, as national president.

While the document in its present form is the result of considerable study, it is my view that it might well receive a wider and more representative review before final adoption. In the circumstances I suggest that it would be well to have it given final consideration by a convention of the party in which each constituency would have the opportunity to be represented. I therefore recommend to you, as national president, that such a convention be called at the earliest possible date.

At this point I wish to raise a related question. I am confident that the principles for which we stand are those which Canadians in every province wish to see adopted in public administration. These principles must be expounded vigorously in every section of Canada. An intensive effort is essential on the part of

PARTY MUST

(Continued on Page 2, Column 5)



HON. JOHN BRACKEN announced today he intends to resign as leader of the Progressive Conservative Party, due to ill health. He was appointed head of the party in 1942. Mr. Bracken urged a convention to be held as soon as possible, at which he will hand over the reigns of office.

Association Executive To Meet July 26 To Decide Convention

By GEORGE KITCHEN

OTTAWA, July 19 (CP)—John Bracken today announced his forthcoming retirement from the Progressive Conservative party leadership and called on the membership to select a "younger" man for the post.

He said he is retiring because of his age—he is 65—and ill-health.

He made the disclosure in a letter to J. M Macdonnell, president of the National Progressive Conservative Association, written July 17 and made public today.

Mr. Macdonnell promptly called a meeting of the Association executive to be held here July 26 to decide the date for a convention to select Mr. Bracken's successor.

There was an immediate stir of speculation in political circles here as to who would be the new leader. Names which came to the fore were those of Premier Drew of Ontario, 53, John Diefenbaker, 52, member of parliament for Lake Centre, Gordon Graydon, 51, member for Peel, and Donald Fleming, 42, member of Toronto Eglinton.

Mr. Bracken recommended to Mr. MacDonnell that a national convention of the party should be called "at the earliest possible date" and added that "at such convention I propose to tender my resignation as leader."

Wider Review

Mr. Bracken—chosen leader in 1942—referred to the re-statement of Progressive Conservative policy which arose out of the party's last annual meeting. He said that while it had been completed he felt it 'might well receive a wider and more representative review before final adoption," and reminded Mr. MacDonnell that policy had not been considered by a full convention since he was selected as leader.

"In the circumstances, I suggest that it would be well to have it given final consideration by a convention of the pary in which each constituency would have the opportunity to be represented," he wrote to Mr. MacDonnell.

Mr. Bracken said that despite

Crash In Haliburton Lake Two Buffalo Youths Hurt

TORONTO, July 19—(CP).—Two Buffalo brothers are in hospital here today following the crash Saturday afternoon of their single-engined aircraft in a Haliburton district lake.

John, 19, and Reginald, 17, sons of Buffalo business man Reginald Williams, were dramatically rescued by a passing seaplane as they clung, seriously injured, to the wreckage of their rented aircraft in lonely Hollow Lake.

Harley Neilson, Toronto, noticed the two boys clinging to the wreckage as he flew over the lake a short time after the crash. He landed and transferred them to his plane. A few seconds later the wreckage sank.

The youths were flown to Toronto Saturday night where doctors found Reginald suffering from a fractured skull, injury to his eye, and severe bruises. John sustained a fractured skull, loss of several teeth and bruises. Hospital authorities reported their condition as "satisfactory and improving."

Leave Russians Off Guest List

OTTAWA, July 19—(CP).—Defence headquarters today announced arrangements for a group of foreign military attaches to visit Valcartier military camp at Quebec—and deliberately excluded the Soviet Union from the guest list.

Army officials said the Soviet representative, Lt.-Col. Nikolai N. Zerof, was excluded for the same reason that he was left out of a similar visit to Shilo Camp last year—that Russia has denied such privileges to Canada in the Soviet Union.

The Valcartier visit starts tomorrow and will include nine attaches from Britain, France, the United States, Turkey, Switzerland, China and Czechoslovakia.

While representatives of all Soviet satellites were excluded from last year's Shilo visit, it was noted that the Czechoslovak attachee, Col. Jaromir Petzold, is included among those visiting Valcartier.

UN To Recruit Police Force

LAKE SUCCESS, N.Y., July 19 (AP)—The United Nations is expected to begin recruiting an international police force for Jerusalem within a few days.

Informed quarters said one of the first acts of Count Folke Bernadotte, United Nationes Palestine mediator, on his arrival at Rhodes today will be to take up this question with United Nations officials.

Bernadotte discussed his plans with United States, French and Belgian delegates last week before leaving for his Middle East headquarters. He indicatted he wanted 250 armed guards right away to help police the holy city. Eventually he wants 1,000 to 1,500.

The United States and France already have agreed in principle to permit the United Nations to recruit 335 volunteers from among their citizens. Nothing has been done, however, pending receipt of a go-ahead from Bernadotte.

Dog Rips Scalp From Baby's Head

SAULT STE. MARIE, July 19 —(CP)—His scalp ripped from his head by the family dog, one-year-old Donald Watson of nearby Echo Bay village lies seriously injured in hospital here today.

Mrs. Lionel Watson, the child's mother, said Donald was attacked Sunday while he played at the rear of his home. Echo Bay village is 22 miles east of here.

Attracted by the screams and the dog's growling, Mrs. Watson found the baby in a pool of blood. His scalp lay beside him.

One of the dog's teeth had penetrated the child's skull and the boy had been badly mauled.

THREE SOLDIERS, THREE WARS were represented at Warriors' Day at Exhibition Park on Saturday. Talking over "the old" days are three vets: Jack Waldron, 69, of 100 Stewart St., who served with the Imperial Army in the Boer War and the First World War; James McCormick, 557 King George St., a member of the first division in the First World War, and Roy Garrett, 259 McDonnel St., who saw service overseas as a member of Canada's third division in the Second World War. —Examiner Staff Photo

Syrian Troops Break Truce In Northern Palestine, Latest Report From Israel

Arab States Agreed To Cease-Fire Sunday For Indefinite Period, But Make Three Conditions To UN Officials

CAIRO, July 19—(AP).—Israel charged today that Syrian and Iraqi troops are engaged in widespread offensive operations in northern Palestine in defiance of the truce imposed by the United Nations. A Haifa dispatch quoted an official Israeli report as saying Syrian troops attacked the Jewish settlements of Eingeb, Sussita and Sha'ar Hagolan south of the Sea of Galilee.

The Syrians employed heavy guns, the report said, and firing still was going on this morning.

On the Jenin front the report said, Iraqi troops opened heavy artillery fire on Jewish-held Zir'in, 6½ miles north of Jenin, and on Jewish positions at Lajjun.

Jewish forces entered the battle which is still in progress, the report said.

BAGHDAD—An official statement today said that Iraq and Syria had rejected the Palestine truce when it was discussed at the Arab League political committee meeting at Aley, the Lebanon, Sunday.

In Western Galilee, Jewish forces captured four Arab villages before the cease-fire deadline. Then the Arab liberation army opened fire on the Jewish positions from Tarbikha near the Lebanese border. Jewish forces are pursuing the Arab volunteers which are fleeing, the report continued.

Attack Highway

Arab irregulars were reported to have attacked the Tel Aviv-Haifa highway today from Arab villages around Zikron Yaakov, the report said.

The Israeli Government stated it will be forced to take action to insure the safety of main roads for Jewish traffic.

Elsewhere in Palestine, the guns apparently were stilled under the truce.

In Tel Aviv, an Israeli spokesman said Syrian planes bombed Jewish positions near Quakun in the Central Palestine coastal plain.

The Syrian army's communique issued late Sunday night said the cease-fire order was given to Syrian forces at 6:30 p.m. EDT and went into effect at 7 p.m. EDT.

Count Folke Bernadotte, United Nations mediator, had set 11 a.m. EDT, Sunday, as the deadline.

The Arab states joined Israel Sunday in ordering a cease-fire on all fronts. The United Nations Security Council told the belligerents to carry on the truce indefinitely until a permanent solution to the Holy Land problem can be found.

But the Arabs gave scant hope that the war was ended permanently.

The Arab League said the cease-fire will not bring real peace to Palestine. It called the truce "a gap in an honorable jihad (holy war) which can only terminate in victory."

Breach of Peace

In notifying the United Nations of the Arabs' acceptance of the cease-fire, Azzam Pasha, secretary-general of the Arab League, placed three conditions on the new truce:

1. Jewish immigration must be completely stopped during the truce.

2. Palestinian Arab refugees must be allowed to return to their homes. A Tel Aviv dispatch said more than 250,000 Palestine Arabs have fled from their homes.

3. A definite time limit must be set on the truce. It must not be for an indefinite period.

Counter-Moves Against Russia Being Planned

WASHINGTON, July 19. — ((AP).—The western powers are expected to reach agreement this week on an action program aimed at countering the Russian blockade of Berlin with forceful measures on a world scale.

A first step probably will be the dispatch of new notes to Moscow from London, Washington and Paris. These may warn the Kremlin directly of an extremely serious danger of war and try to refute the Soviet arguments in support of the blockade.

Other measures which are known to have been under study include:

1. Curbs on Russian ship movements around the world by closing the Panama and Suez Canals to Soviet vessels. There has been speculation too that Turkey might be asked to close the Dardanelles, Russian outlet from the Black Sea to the Mediterranean.

2. A clamp-down on trade between the Soviet Union and the western powers. American commerce with Russia already is curtailed, but from Britain particularly Russia has been getting a wide variety of manufactured goods in exchange for foodstuffs and other raw materials.

May Appeal To UN

3. An appeal to the United Nations to deal with the Berlin crisis. This might be taken before the Security Council at any time or before the United Nations General Assembly which meets in Paris in September. Such an appeal would have the effect of putting Russia on trial before the world.

4. A direct challenge to the Russian blockade system by ordering either any army-escorted train or truck convoy to undertake the trip from Western Germany to Berlin in spite of Russian barriers to any such movement.

So far, officials here have spoken of the possibility of a direct assault on the blockade only as a last ditch measure.

If the Russians resisted, the resulting clash could mean war.

At the moment, top United States officials regard the danger of war as extremely great. What they are uncertain about is whether the Russians, or some dominant faction in the Moscow Government, may actually want war or whether the Soviet Union is trying to pull off one of history's most gigantic bluffs.

Car Crashes Tree

COBOURG, July 19. (ENS) — John Linton, age 63, of Roseneath was brought to Cobourg General Hospital after a week-end motor accident which occurred when the car he was driving near Roseneath ran into a tree. Mr. Linton received six broken ribs, lacerations and suffered from concussion Provincial Constable W. Baluk o Cobourg investigated.

Created Disturbance

D'Arcy Dunlop, 503 Sherbrooke St., was fined $10 and $2.50 costs on his guilty plea of creating a disturbance in a public place Saturday night. He appeared before Magistrate Philp in court today.

Police Inspector James F. Reid said that the accused had been involved in a scuffle in a beverage room in which the shirt of the hotel proprietor had been torn from his back.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

Careless Driver Has Many Faults

Most people believe a careless driver is one who drives recklessly without proper care and caution. But that's not entirely correct. Any person who drives a car in unsafe operating condition is a careless driver!

Keep your car in safe running order! Above all, make sure your brakes are perfect. If you are not sure, have them checked by an experienced mechanic without delay. If you need a complete brake lining job, ask him to install Johns-Manville Brake Linings — then experience safe, dependable stopping power.

There's a J-M dealer near you who can give you expert advice on brake problems. Contact your J-M distributor, Provincial Automotive Trading Co. Ltr., 468 Wellington St. W., Toronto, Ont.

MORE ABOUT—

Association

Continued from Page 1

his resignation of the leadership his interest in publis affairs and his concern for the party's welfare would not slacken. He said, however, that he would "welcome release from the heavy burden of directing (the party's) nationwide activities."

Makes Decision

Mr. Bracken attended the funeral of Hon. R. B. Hanson in Fredericton on Friday and returned to Ottawa on Saturday. He left for Gravenhurst today where he will address a Progressive Conservative summer school tomorrow.

It was understood it was while he was in Ottawa over the weekend that he decided finally to tender his resignation.

Although Mr. Bracken was selected Progressive Conservative leader in 1942 he did not seek election to the House of Commons until the 1945 general election.

He accepted the Conservative leadership on the condition that the old party program would be replaced by more progressive policies and that the name be changed to "Progressive Conservative."

He was invited to contest various other seats but selected the Neepawa constituency in Manitoba house. He succeeded the Rt. Hon. Arthur Meighen as party leader.

He won the Neepawa Constituency by 6,480 votes to 4,568.

Becomes Premier

Mr. Bracken, the son of an Ottawa district farmer, entered politics in 1922 at the age of 39 and for the next 20 years was premier of Manitoba. He had been serving as president of the Manitoba Agricultural College when a group of 26 farmers, who had just been elected to the Manitoba house and were unfamiliar with political life, invited him to become their leader. Since they were also the majority Liberal Progressive party he became premier at the same time.

When he was first asked, Mr. Bracken listened quietly, then said he was not interested in politics, knew nothing about politics and that he planned to remain with the college.

The next day the farmer-members approached him with a second delegation but the answer still was "no."

"Look, there is no use in us going back and telling the others you don't want the job, that you don't care about being premier of Manitoba," said the delegation. "You have got to go and tell them yourself."

Mr. Bracken met all the farmer-members and before he left had agreed to become their leader. He had, he said, caught their enthusiasm to provide the province with good government. Later, he was sworn in as premier.

Founds Coalition

In 1932, the Liberals joined Mr. Bracken's farmer group to form a Liberal Progressive administration, and in 1940, before his fifth election and with the war in progress, Mr. Bracken formed a coalition embracing all parties in the Legislature. He had served two years at the head of this coalition when he accepted the Conservative leadership.

Mr. Bracken's early life was that of any Canadian farmer's son with a yearning for education. Born in his father's log cabin at Ellisville in Ontario's Leeds county, he completed public school near the farm and then went to Brockville Collegiate

But four years of study at Brockville led only to disappointment when he found his name missing from among the students successful in final examinations. Downhearted, he returned to his father's farm and remained there three or four years.

Two-Year Course

Then, his thirst for education still strong, he took a two-year associate course at the Ontario Agricultural School in Guelph, after which college officials urged him to return to Brockville to write off the subjects in which he seemingly had failed five years earlier.

At Brockville they pulled out his record, checked and found that he had passed the original examinations but that through some error his name had been omitted in the list of successful sudents.

He completed his agricultural course at Guelph, accepted a post with the Dominion Department of Agriculture and latter joined the Faculty of he Univeristy of Saskatchewan which commissioned him to vis-t the principal agricultural colleges in the United States.

He returned to Guelph in 1909 to marry Alice Wylie Brice and then went back to the University of Saskatchewan to servce as Professor Field Husbandry.

In 1920, he accepted the presidency of the Manitoba Agricultnral College, the post he held on entering politics.

No Surprise

When contacted by The Examiner at noon today Gordon K Fraser, MP for Peterborough West, said the resignation of the 65-year-old Progressive Conservative leader came as no surprise to him.

"I've known that he hasn't been well for about a year," he said.

Commenting on Mr. Bracken's record of public service, Mr Fraser said: "He was a very hard worker and a very competent and capable man. The loss to Canada will be great."

Mr. Fraser said it would not be proper at the present time to speculate on the probable successor to the present leader. But he suggested that the new Conservative standard bearer would probably be named at a convention some time in the fall.

King Sorry

OTTAWA, July 19 — (CP). — Prime Minister Mackenzie King today said he was sorry to learn of Opposition Leader Bracken's resignation as Progressive Conservative leader.

In a statement issued before details of Mr. Bracken's letter of resignation were known to his office, the Prime Minister said:

"I am sorry to learn, whatever the cause may be, that Mr. Bracken has found it necessary to resign as the leader of his party.

"In our respective positions as leaders of Opposing parties in the House of Commons, Mr. Bracken and I have sought throughout to maintain a due regard for the best traditions of parliament.

"In private and in public we have at all times preserved the friendliest of personal relationships.

"Should impairment of health be a factor which has contributed to Mr. Bracken's resignation, I sincerely hope, and in this I shall be joined by all members of my party in the House of Commons, that the measure of freedom thereby secured from exacting duties and anxieties will afford what may be needed to bring about a speedy restoration of his health and strength."

Market Weakens In Dull Trading

TORONTO, July 19 — (CP) — The entire market weakened in dull trading here today. Industrials and base metals led the fall with western oils and golds trailing.

In industrials, all groups reflected the weaker trend. Bell Telephone dropped 3½ and Massey Harris Pfd. fell 2 cents.

Algoma Steel, Bank of Nova Scotia, and Great Lakes Paper were among the few gainers.

Base metals presented a long list of losers headed by Eureka, Falconbridge, Labrador, and Pend Oreille whose losses ranged from 10 to 25 cents.

Gold trading was of a minor character. The prices in the main were affected by the general trend of the board, resulting in a 3 to 1 ratio of losses over gains. Among seniors, Teck Hughes, and Kerr Addison weakened and La Luz eased upwards. Giant Yellowknife, Eldona, and O'Brien dropped in juniors.

After a dull start, trading picked up in the western oils, and most stocks showed losses. Anglo Canadian dropped 15 cents, Home fell 35 cents, and Okalta eased 10 cents after early gains, Calgary and Edmonton weakened and dropped 20 cents.

MORE ABOUT—

Party Must

Continued from Page 1

every party adherent, from the leader to the most junior poll worker in the farthest distant part of Canada. With such an effort we can face the next general election with confidence.

Duties Heavy

Obviously it must be the responsibility of the leader to carry the weight of that effort. He should visit every section; the constituencies will expect it. A very heavy program for him is therefore inescapable. For any man this is a most burdensome task, one which will tax his phyical capacity to the utmost.

"For over two years prior to the last election I endeavored to perform this task. I visited more places than any previous leader in Canadian political history Never have I had an experience I cherished more than this intimate association with my fellow-Canadians in every part of Canada, but many times I had to draw upon my final reserve of strength and energy to complete most arduous schedules.

Need Younger Man

"I am now, however, 65 years of age. Fortunately, my physical condition gives no cause for immediate concern, although twice in the last year I have been advised on clinical examination that I should take things easier. The difficulty with which I am confronted is that if the party is to succeed, as I believe it can, the leader must not only not take things easier, but he must accelerate and intensify his activities.

Reluctantly, therefore, and with profound regret, I have come to the conclusion I should ask that the responsibility of the party's leadership be placed on younger shoulders. It is my wish that this matter as well as the matter of policy should receive consideration at a widely representative convention.

"At such convention I propose to tender my resignation as leader.

"I wish to assure you that my interest in public affairs will not slacken, nor my concern for the welfare of the party, although I will welcome release from the heavy burden of directing its nation-wide activities.

"In all these crcumstances I recommend that you, in your capacity as national president, take the necessary steps to see that a convention is called at the earliest practicable opportunity to deal with these two matters."

Peterborough Hogs, Grain And Produce

Traffic Cases Form Heavy List

There was a heavy list of liquor and traffic cases before Magistrate W. R. Philp, KC, in police court today.

Richard Spry, RR 11, Peterborough, was fined $10 and $2.50 costs for creating a disturbance on Charlotte St.

William Spencer, Lakefield, was fined $10 and $2.50 costs for consuming liquor while prohibited from doing so.

Raymond Kincaid, Bethany and Charles Redpath, Lakefield, were each fined $10 and $2.50 costs on their guilty pleas to being drunk in a public place.

Charges of speeding brought fines of $5 and $2.50 costs each from: William V. Drury, 393 Water St.; Mrs. M. H. Lewis, R.R. 4, Peterborough; Henry A. Sharpe R.R. 4, Peterborough.

Three people paid $10.00 and $2.50 costs each for driving with inadequate brakes. They were: Leo O'Brien, R.R. 10, Peterborough; Stephen Moloney, R.R. 9, Peterborough; and Carmen Nelson, R.R. 2, Warsaw.

Paying fines of $3 and $2.50 costs each for driving through stop streets were: Emmett Leahy, R.R. 4, Lakefield; Harold G. Newsome, Oshawa; James J. Donnelly, 121 Stewart St.; John D. Northey, R.R. 2, Lakefield; Paul Murphy, 124 Donegal St.; D. A. Harwood, 210 Geraldine Ave.; H. C. Rhodes 155 Stewart St.; ;Clarence Leahy R.R. 9, Peterborough. Paul Murphy, 424 Donegal St., was also fined $5 and $2.50 costs for failing to produce a driver's licence when requested.

B. G. Hawkins, Oshawa and Robert Gibbons, 631 Downie St., were each fined $2 and $1 costs for overtime parking.

Shoes Save His Life

MONTREAL, July 19 (CP). —John Roy, 37, has a pair of rubber-soled shoes, burst at the seams, that he will treasure for a long time. Scurrying across a tree-studded boulevard in Saturday's thunderstorm, Roy was struck by lightning. All he remembered was "a queer feeling as though something was coming at me." Next thing he knew, he was being whisked to hospital where he was treated for shock and burns, then released. But before he left, doctors told him that his shoes, acting as insulators, probably saved his life.

Picton Bandits Reject $3 Holdup Loot

PICTON, July 19—(CP)—Provincial, county, and town police blocked all road and ferry exits from Prince Edward county in an attempt to capture two youths who staged an unsuccessful holdup near Picton early Saturday. They are still believed to be in the county.

The holdup occurred at the entrance to the Vance property, Highway 33, at Picton town limits. The 26-year-old restaurant owner, Vincent Gentile, was proceeding to this cottage on Picton Bay at 2:30 Saturday morning. He stepped out of his car to open a gate and was confronted by a gun-toting youth whose face was covered with a black mask. Another masked man, also armed, kept Gentile covered while his companion searched his pockets. Finding only several dollars they made a thorough search of his car.

"The two robbers acted surprised when they discovered the little money I was carrying," Gentile stated. "They apparently expected to get the day's restaurant receipts.

After some hesitation they returned the $3 I had on me, and ordered me to drive down the lane. Soon afterward when I went for the police they had vanished into the night."

Fined $20 For Theft Of 3 Roast Chickens

Maxwell Meharry, South Monaghan, was fined $20 and $2.50 costs or 20 days in jail when he pleaded guilty before Magistrate Philp this morning to theft of three cooked chickens from the Empress Hotel. The chickens had been taken from the hotel kitchen about three o'clock Friday morning. They were taken in the back door of a nearby theatre, where the accused is a maintenance man.

Meharry told the magistrate "I guess I was drunk. The chickens looked pretty good."

WILL "COUNTING SHEEP" HELP YOU TO SLEEP?

If sleeplessness is caused by being overtired, nervous, run-down and worried — it takes more than "counting sheep" to help you sleep. Though you toss and turn, hour after hour, you can't "wish" yourself to sleep!

Many find that taking a tonic *regularly* is beneficial—and helps them rest more easily at night. And Dr. Chase's Nerve Food is first choice with thousands! For the Vitamin B_1, iron and other needed minerals it contains are sometimes just what your system lacks. And Dr. Chase's Nerve Food does so much to *build you up* —by increasing appetite and improving digestion.

So if worry, anxiety, a run-down condition or the strenuous pace of modern living is upsetting your nerves so you can't relax and rest —try taking Dr. Chase's Nerve Food for a while. The name "Dr Chase" is your assurance. 11

10 Branches of Legion Parade On Warriors' Day

Twirling drumsticks and skirling pipes of two pipe bands stirred a Saturday crowd of more than 1,000 at Warriors' Day in Exhibition Park. More than 100 veterans of both world wars marched past the grandstand, divided into three sections, each section marching behind a band. As they marched past, Erle Burgess, past president of the Ontario Command of the Canadian Legion took the salute.

Once past the reviewing stand, parade master A. Jackson shouted out, in best sergeant-major's tradition, the names of the various regiments and divisions represented. The three bands providing the music were the Peterborough and CGE Pipe Bands, and the Peterborough Citizens' Band.

Ten branches of the Legion, from Apsley, Bancroft, Lakefield, Havelock, Norwood, Marmora, Millbrook, Campbellford, Hastings and Peterborough, sent members to take part in the show. Several featured service organizations from the Navy and Army were also represented.

Following the march past, the Peterborough Pipe Band, under Pipe Major Robert Young, put on a fine display of slow and precision marching. The able drumming of this band particularly caught the fancy of the crowd.

In the horse races, a blind pacer named Victory Hi took three straight heats in the 2.28 class. Victory Hi is owned by Stan Blewett of Peterborough, and was driven by Mr. Fallis. Jimmie Brewer, another Peterborough horse, took three firsts in the 2.22 class. In the 2.15 class, Silk Grattan won the second and third heats, losing to Bessie Volo, a trotter, in the first heat.

Race results are as follows:

2.28 Class

Victor Hi	1	1	1
Petro Lee	2	2	2
Red Stone	3	4	3
Hal Grattan	4	3	4

2.22 Class

Jimmie Brewer	1	1	1
Blacklock	4	2	2
Scott Pointer	2	3	3
Princess Harvester	3	4	4
Worthy Girl (scratched).			
Lee Grattan Y	5	5	5

2.15 Class

Silk Grattan	2	1	1
Bessie Volo	1	2	2
Hal Stout	3	3	3
Peter Kyler	4	4	4
Eldale	7	7	Sc.
Minto Direct	6	5	5
Parson's	5	6	6
Jack Sunday (scratched).			
Brandon (scratched).			

Judges of the races were Hugh Stewart, Morton Storey and Dr. A. M. Johnston. Timers were Fred Wiltshire and John Stewart.

After the horse racing, a draw was held, in which Bert Wood, of Lindsay, won first prize of a radio. Other winners were: G. J. Davis, 144 Sophia St., a rug; L. C. Bateman, 442 George St., a set of door chimes; Bert Fisher, 173 Park St., end table; J. Cullen, a ham; W. H. Curtis, a ham; Howard Dole, 114½ Simcoe, a table; and F. Hollowell, 569 Homewood, cigarettes.

Maids-Dodgers Wins Cups In COF Tourney

Peterborough Maids and St. George's Dodgers won the McCabe and Axtell Trophies here Saturday in a softball tournament of Canadian Order of Forester teams from Oshawa, Whitby and Peterborough. It was run off at King Edward Park.

Ald. Pat Anglesey extended a welcome from the city, after being introduced by Miss Janet Kearns, supervisor of the Peterborough Tuca Club. He officially opened the tournament on the mound, with Art Reynolds, president of the COF sports' committee, catching, and Cal. Braun, district field representative, at bat.

The Peterborough Maids, under Alex Reader, won the first game from Bob Harmon's Oshawa Quakerettes by a 9-8 score. Vic Cookson's Maple Grove Rockets took Hugh Dewar's Beavers 20-9 in the second game as Isla Grainer pitched fine ball for Beavers but had shakey support.

Boys' Teams

Two boys' teams were entered, and St. George's Dodgers, piloted by Jack Petite, defeated Bert Snowden's Maple Grove Hawks 22-11, to take the Axtell Trophy. Snowden was shelled out early and Hawks used three twirlers to try to hold the home team. Jim Edwards carried the mail for the Dodgers and had fine backing.

The fourth game saw Oshawa Tigers, managed by Fred McMillan, defeat the Whitby TNT Club, handled by Gord McMahon, 22 to 8. Tigers looked impressive in this one.

In the semi-finals, Peterborough Maids got the bye. Oshawa Tigers and Maple Grove Rocke's had a hard fight the first three innings as Ruby Welsh and Rosie Kehoe pitched but the former weakened in the fourth and Tigers finally won out 16-2. In the final for the McCabe Trophy, Joan Dunk opposed R. Kehoe. The youthful Maids turned in a smart all-around effort and Lois Legree took over the other's mound after three frames. But R. Kehoe had to return. The losers got to J. Dunk later but good fielding helped her side to a 25-16 victory.

Art Reynolds presented the McCabe Trophy and Bert Snowden presented the Axtell Trophy. The Tuca Club entertained the players later with a dance. These clubs meet in Oshawa Aug. 14 to compete again for these trophies. Proceeds from the tournament will go to support the Kinsmen's Stadium Fund. Ken and Bart Grainger handled the umpiring well, along with Hugh Dewar, S. Tyndall, R. Higgins and A. Reynolds. Scorers were: I. Grainger, J. Edwards, R. Harmon and B. Snowden. The teams:

WHITBY T.N.T.—R. Church, J. Cowling, B. Wade, T. Cowling, J. Pearson, I. Moore, H. Brayly, M. Linter, M. Woodrow.

OSHAWA QUAKERETTES — J. Sweenay, M. Vice, S. Hytasienski, F. McIntyre, S. Kytasienski, A. Marchuk, D. Magee, L. Meachern.

MAPLE GROVE ROCKETS — J. Wright, N. Hagerman, R. Richards, L. Bates, A. Summerford, N. Hagerman, G. Bates, B. Grant, R. Welsh, D. Martin.

OSHAWA TIGERS—O. Poraycka, L. Legree, M. Standress, B. Baxter, M. Newlmaster, P. Keyhoe, I. Poreyki, E. Sheckalter, K. Twasnick.

MAPLE GROVE HAWKS — H. Snowden, B. Stevens, K. Stalker, R. Mandy, V. Cookson, B. Snowden, B. Holmes, B. Finnet, E. Collis.

PBO. BAIDS — J. Walling, J. Dunk, L. Johnson, E. Naylor, L. Shaughnessy, R. Naylor, C. Dunk, F. Blackwell, B. Curtis, M. Freeman.

BEAVERS—W. Floyd, I. Grainger, B. Wood cock, B. Levoie, J. Shaw, I. Dalldisy, J. Wong, B. Allen, M. Clarke, B. Long, Z. Bush.

ST. GEORGE'S HAWKS — S. Tyndall, J. Edwards, J. Naish, N. Collins, J. Cross, H. Glen, R. Hopson, J. Petite, A. Jolley.

THE U.N. SECURITY COUNCIL has approved resolution submitted by the U.S. that Count Folke Bernadotte, United Nations mediator for Palestine, shown with Countess Bernadotte in New York, continue his work in Palestine and provided for continuance of conditions imposed by Count Bernadotte for the previous truce, which lasted from June 11 to July 9, during new truce.

Buying Spree In Britain Seems At End

By STUART UNDERHILL

LONDON, July 19.—(CP). — Britain's great post-war buying spree seems to have come to an end. Supplies in several lines are accumulating as consumers grow more careful in their spending.

Already some manufacturers whose sales have been affected are claiming that a trend has begun toward deflation — a state where there are too many goods and not enough money to buy them. This view is not held generally, although even Sir Stafford Cripps, chancellor of the exchequer, says the price rise has been checked and there are signs of a downward tendency in some lines.

He told the House of Commons recently it was a sure sign of the success of the Government's counter - inflation policy when the demand for some types of goods falls off, particularly when they were less-essential goods.

"That is one of the things we want to accomplish so as to enable the more vital forms of production to have a greater draw on the available resources of labor and materials. . . ."

Since the war Britons have been used to shortages that they were almost stunned last May by the announcement that surpluses had developed in some lines of clothing. The Government increased the allowance of clothing ration coupons, cut the ration value of food articles and freed others.

More recently, restrictions on the sale of some types of furniture were lifted.

Jet Plane Displays

TORONTO, July 19. (CP) — Royal Air Force jet planes that crossed the Atlantic in the first mass flight of its kind will stage displays this week at RCAF bases. Weather permitting, the special flights will take place Wednesday at Trenton, Thursday from Downsview, Toronto, and Friday from St. Hubert, Montreal.

Rotarians Spend $2,320.51 To Help Crippled Children

COBOURG, July 19 — (ENS). — Children of Cobourg and throughout the rural sections of this district, with ailments that included cerebral meningitis, club foot, facial burns, polio, weak back, congenital crippled hip, mastoids, as well as cases requiring fittings for crippled limbs, came within the scope of the work done by the crippled children's committee of the Rotary Club of Cobourg. A detailed report on the work of this committee was given by Chairman Dr. W. Wade at the weekly luncheon of the Rotary Club.

The report covered the year ending June 30 of this year and revealed that 20 were admitted to the Hospital for Sick Children; three in Toronto Genral Hospital, five in Cobourg General Hospital and one in Blue Mountain camp. There were 18 cases which received special treatment at the Out-Patients' Dept. clinic and two in Toronto General Hospital. Seven cases received special leg braces, T-straps and flanges; six received special boots and shoes from the orthopedic shops of the hospital for Sick Children. Four cases received transportation at cost to this club. A number of Rotatrians made automobile runs to city hospitals and to the Blue Mountain Camp busses. One Rotarian completely outfitted one boy at his own expense before the lad went to camp. There were no administration costs during the year. Four cases received special penicillen treatments in hospitals for a total cost of $202.00. Five cases required special X-rays costing the club $27.25. There was one case of transfusion for a cost of $15. One cases of congenital club feet from Cobourg spent two weeks at Blue Mountain Camp for crippled children, cost of $28. Cost of 11 special pairs of spectacles for children was $106. A refund of $11 was made to this club by the Alnwick Red Cross Branch. Total patient days stay in hospitals for the twelve months period was 345.

A contribution of $916.85 was made in April of this year to the Ontario Society for Crippled Children. The Hospital for Sick Children received $988.24; Toronto General Hospital, $296.82; Cobourg General Hospital, $45.00; Blue Mountain Camp, $28.00; total —$1,358.06. Total committee expenses for the past year was $2,320.51. For the previous year it was $3,773.55.

During the past two years a total of $6,094.66 was spent on crippled children's work. The drive for funds in 1946 produced $6,811.18 and this amount is nearly exhausted as a result of the work done in the past two years. From the Easter Seal campaign this year, $471.78 was added to the fund. Transportation costs were only $27.40 last year. However, hospital charges are up from $2.25 a day to $4.50.

"Not one cent of the money received by us has gone towards surgical or medical fees to the various specialists, or to the various members of the medical profession in this country, nor to the nursing profession," Dr. Wade said in his report, also adding that much help had been received from the doctors and nurses of the Northumberland and Durham Counties Health Unit.

U.S. Senator Given Special Car Marker

COBOURG, July 19 — (ENS).— A car from Ohio pulled up in front of the police station yesterday. A car from Ohio is far from unusual in Cobourg these days but this one was different because all that the license plate bore was "S.W." A bit curious, Chief W. J. Carey walked over and engaged the driver in conversation. Result of the talk revealed that the motorist was Senator O. W. Whitney newspaper owner of Shilling Ohio. He was the spensor of l. lation in that state which mo the deadline for automobile licenses from January 1st to April 1st, in order to ease the strain on the motorists' pocketbooks. In recognition of this, the Senator was given a permanent license designation of "S.W." "S" for his municipality, "W" for Whitney. Incidently in discussing law enforcement with Chief Carey, Senator Whitney expressed hearty endorsation of the Canadian system of appointing judges rather than electing them.

Czech General Escapes To United States Zone

NEW YORK, July 19.—(CP).— The New York Times says today in a front-page story that Gen. Antonin Bohumil Hasal, Deputy-Chief-of-Staff of the Czechoslovak army, commander of the Czech forces in the west and military aid to the president, has escaped to the United States zone of Germany with his family.

His secret departure from the country for which he fought in the two World Wars added to the escapes of numerous other Czechs since the Communists took power several months ago.

Gen. Hasal's defection, the Times adds, is considered of major military importance since he was in the top hierarchy in the Czechoslovak military structure.

Plan Investigation

THREE RIVERS, Que., July 19. —(CP).—An investigation was being conducted today into causes of a mishap to the pleasure-boat Laviolette which ran aground Saturday night in nearby Lake St. Pierre, marooning 700 passengers for several hours. Another steamer, the Laverendrye, made an unsuccessful two-hour attempt to refloat the Laviolette before passengers were transferred safely to the Laverendre and returned to Three Rivers at 3.30 a.m. Sunday. The Laviolette was reported to have run aground at 10 p.m. the night before.

Knot Well Tied

TOKYO, July 19—(AP).— The Hirakawa and Okumura families were united in marriage Sunday and united is the word. Farmer Tomitaro Hirokawa, 66 - year - old widower of Saga Prefecture, Kyushu, was married to Shigechiyo Okumura, 48-year-old widow. His two sons wed her two daughters in the same ceremony.

Threshing Machine Hits Hydro Wires

HASTINGS, July 19—(ENS)— While passing through Hastings on Friday, July 16 at 6 p.m. with a threshing machine on the back of his truck, Robert D. Cook of Stirling pulled the electric wires down on the Front and Bridge streets intersection.

Constable Potten investigated and a charge will be laid against R. D. Cook.

It was estimated to be about $20 worth of damage done.

Douse Village Fire

HASTINGS, July 19—(ENS)— On a call from Mrs. Robert Simpson on Saturday morning the Hastings fire brigade went to a fire at the dump on the edge of the village on No. 45 highway and soon had the flames under control. If the fire had of reached the large fir trees it would have resulted in a serious fire with much damage.

DIES IN HOSPITAL

TAMPA, Fla. — Ildebrando (Papa) Zacchini, 79, originator of the human cannonball act bearing his name, died in hospital. He had been ill three days.

$1,500 Motorboat Prize At Regatta

CAMPBELLFORD, July 19 — (ENS). — Wednesday promises to be a big day for the Campbellford and district District Game and Fish Protective Association, for on that day the associaation will stage its annual regatta at Healey Falls, on the Ayrhart Woodland estate.

Prizes amounting to $2,500 are offered to the winners of the various events, and include a $1,500 custom-built motor launch with a V-8 motor. This was on display over the week-end on Front street and attracted much attention from the public.

The regatta will include three speed boat races, the first a three mile contest, open to all classes. The second is for vessels with a 12 horse-power motor for two miles, and the third for 5 h.p. motors for one mile.

In addition there will be canoe races for men and women, diving and swimming contests for all ages, as well as surf-boat racing and contests for the children on land and water.

For the fishermen, there are bait-casting contests, with one for Americans only and one for Canadians only.

All events will commence at 1 p.m. on Wednesday, and the association is preparing for a large influx of visitors from other centres, in addition to the large representation from Campbellford, where interest in the regatta is high.

Gasoline Transport Turns Over In Ditch

CAMPBELLFORD, July 19. — (CP)—Clare Ames, driver of a large gasoline transport, escaped with slight injuries Friday evening when his truck left the road, uprooted a tree, crashed a power line pole and turned over. Ames managed to crawl from his cab sustaining only superficial scratches to his right arm, and a severe shaking up. The truck, though badly damaged, did not take fire. The accident happened on East River road just north of here. Faulty steering gear was given as cause. Chief Constable George Hardy investigated.

As I Know Him, As I Saw Myself

Mr. Bruce Hutchison wonders in the *Winnipeg Free Press* if something valuable is not lost to our knowledge of the real processes of democracy by the reticence of our public men. In the last two years we have received from across the border in book and magazine form millions of words from political figures like Messrs. Farley, Ickes, Morgenthau, Hull and Byrnes. These reveal the workings of the high councils of the Roosevelt regime, the clashes and concord of ideas and personalities; and sometimes the pettiness and jealousies of the writers. Hutchison writes:

"Nothing shows better than the revelations of Roosevelt's colleagues and the silence of Mr. King's, one of the essential differences in the character of the Canadian and American peoples. The American people are articulate, frank, boisterous and gregarious. The Canadians are dumb, tongue-tied, reticent, restrained and lonely.

The prominent men who worked with Roosevelt have told everything in print. A Canadian, Colonel Ralston, is dismissed from the Cabinet by Mr. King like a junior office boy and dies, honored by all, without a word of complaint.

• • •

We in this country have been spared mud-slinging and back-biting from the pens of our major contemporary political figures; unfortunately we have lacked, too, historic biographical documents and lively personal memoirs. Nearly all Canadian public men have been too reticent in print; they serve their time in public office, they witness the development of this nation and go to their graves leaving the record to others to develop from state documents and scattered personal and journalistic papers.

• • •

There is a considerable quantity of Canadian political biography. There is the great *Life and Letters of Sir Wilfrid Laurier* by Oscar Douglas Skelton, sometime Dean of Arts of Queen's University. There are the biographies of Sir John A. Macdonald by Sir John Pope and Sir George Parkin; there are biographical studies and reminiscences of Sir John Willison, Sir Charles Tupper, G. M. Grant, J. W. Dafoe, Isabel Skelton, W. L. Grant. But there are virtually no autobiographies and few memoirs have been produced in the last twenty-five years. This is a great loss.

• • •

What the reasons? Have our public figures not had the time? Have they been too modest to bother with written memorials? Perhaps the chief reason is that we Canadians do not sufficiently appreciate the stature of our own leaders. We have not in our hearts believed that a Canadian can be a great man unless he emigrates to the United States or Britain and others proclaimed his eminence. We have not believed them important enough to read about them or write about them. Who would buy the biography or memoirs of a mere Canadian Cabinet Minister?

• • •

So there have been small biographical sketches of Howard Ferguson, R. B. Bennett, W. L. Mackenzie King, which either have circulated as pre-election propaganda or have been so assessed. (Of a truth, such brochures have generally been poorly written, ill-conceived and uncritical.) The time has come when not only is there a reading public but a necessity for our political leaders to set down for our own and our posterity's information memoirs of this or that man as I knew him, or myself as I saw myself; for biography and autobiography which is contemporary.

• • •

The habit of letters is long and honourable among British statesmen: Gladstone, Disraeli, Lloyd George, Asquith, Balfour, Churchill. One of the great benefits which this country can hope to receive from Mr. King's retirement as Prime Minister and Liberal Party leader is an autobiographical work or a comprehensive memoir. Such a work would not only be higher interesting and readable, for the Prime Minister writes lucidly and pleasantly, but of very great historical importance, for he has been at the head of state for 21 years, in the public service for 48, and in the inner councils of the Commonwealth and the western world for a quarter of a century. We should hear, too, from the Right Honourable Arthur Meighen and other men in past and present public service who can inform and colour our knowledge of Canadian people and affairs. It is for them to vivify our national story.

Mr. Truman Forces The Play

After being nominated as Democratic candidate on the first ballot at Philadelphia, U.S. President Harry Truman lost no time in diving into a political battle with opponents both outside and inside his party. He did so with energy and assurance, and his first moves made it quite clear that he has interesting ideas about carrying the play to both groups.

Mr. Truman's announcement that he would call a special session of Congress for July 26 is a shrewd move against the Republicans. Its potential effectiveness may best be estimated by the roars of protest which it elicited in Republican quarters. Senator Arthur Vandenberg, for instance, described the action as the "last hysterical gasp of an expiring Administration". There is nothing resembling hysteria, however, in a move which will place the Republicans in a position where they will be forced to carry out their campaign promises or excuse themselves to the people for not doing so.

The appeal made by Mr. Truman for unity in the Democratic Party was boldly coupled with an announcement that he had no intention of backing down on his civil rights program. This also appears to be good political strategy; the Southern States cannot harm Mr. Truman's chances any more than they have already, and a courageous stand on civil rights will strengthen his support in the North. And although it now seems most unlikely that the Southern rebels will fall in line, Southern politicians may recollect long before November's election that a Republican victory would mean a sudden end of the patronage they have enjoyed and dispensed for sixteen years.

Mr. Truman has moved boldly, forcing his opponents into a defensive position. If he can hold that advantage, he might create considerable uncertainty about an election result now regarded as something closely resembling a runaway for the Republicans.

The Late R. B. Hanson

General regret has greeted the news of the death of Richard Burpee Hanson at his home in Fredericton. Mr. Hanson had a long career in politics. He served as Minister of Trade and Commerce in Lord Bennett's Cabinet, and he bore the burden of the House leadership of his party for a considerable time. He was passed over when the Conservative Party sought a leader, but he made a name for himself during a difficult period of the Conservative history when many of the burdens of leadership, and none of its rewards, were his portion.

Mr. Hanson passes into memory as one of those men — and there have been many of them—who have not reaped the richest rewards of public life, but who have put their abilities at the service of their country in the fullest manner possible to them. It is not the fortune of every man to rise to the highest office, or to enjoy those sweets of power which serve to lighten the responsibilities of power. But these men, as well as those more fortunate, are Canada's servants, and it behoves us to hold them in honoured remembrance.

NOTE AND COMMENT

Mr. Godbout's Quebec platform is said to contain 75 planks. Must be a lot about housing in it.

A new British process makes wool indigestible by moths. But our guess is that moths would rather have indigestion than be dead.

A youth in the American south has been put on probation after having committed a murder. Let's hope this stern warning keeps him from getting seriously involved with the law.

A Communist grave stone in Kitchener is adorned with the hammer and sickle. And the sleeping comrade hopes for a glorious resurrection, come the revolution, presumably.

A writer on etiquette says that potato chips may be eaten with the fingers. No doubt she has seen the unholy shemozzle which results when somebody tries to eat them with a fork.

Now that Ottawa has excised the obscene term "charwoman" from its vocabulary, janitors are agitating to be called "property custodians". One thing is sure; very few of them will ever be called "cleaners".

"Of Cabbages And Kings"

By PETER ELIOT

"THE death of Swinburne makes me feel very lonely (writes William Hale White in The Groombridge Diary, 1925). It is now three or four years since I stood by the empty space reserved for him amongst his ancestors, the naval branch of the family, in Bonchurch churchyard. The great rocks towered above, the deep blue sea murmurs far below. It was a lovely, calm summer day. He had great faults, but there was something in him which made me deny faults. Never again will Nature be voiced as she was by him. I can imagine her mourning in solitude that she has lost the interpreter of her thought to man".

This beautiful passage inspired in me a wish to step back in the past and in imagination bow my head by the biers of other great men who achieved immortality.

◇ ◇ ◇

OF the last rites of Charles Dickens, Frederick Locker-Lampson writes (In My Confidences): "The morning of the funeral was very fine. Eleanor and I left 91 Victoria Street at twenty minutes past nine. As we reached the entrance to Dean's Yard, and as St. Stephen's clock chimed the half-hour, a hearse and mourning coaches swept round the Broad Sanctuary; they seemed to bring with them an unusual stillness; then, as they drove under the archway into the Dean's Yard, the great bell began to toll. There was hardly a creature in the street or in the Abbey, that 'Temple of Silence and Reconciliation', and no one but ourselves knew whose funeral had passed or for whom the big bell was tolling. Later in the day we saw the coffin in the grave, covered with flowers, and then there was an immense crowd of excited and sympathetic mourners."

A brief account of Tennyson's funeral in Westminster Abbey is given by Thomas Hardy in The Later Years Of Hardy. The music was sweet and impressive, but as a funeral the scene was less penetrating than a plain country interment would have been. Lunched afterwards at the National Liberal Club with E. Grosse, Austin Dobson, Theodore Watts, and William Watson."

◇ ◇ ◇

"I HAVE spent some time trying to trace the beginnings, the rise and fall of my successive top hats (writes the late H. G. Wells in Experiment In Autobiography-1934). They mark periods in human history as surely as do the ramshackle houses in which I spent the first half of my life and the incoherent phrases of my upbringing and education. In the mind of the febrile psychoanalyst, these top hats might be made to show the most curious and significant phrases in the upward struggle of the human intelligence. They were more voluntary and so more subtle in their fluctuating intimations than were turbans, fezes, pigtails and the like which outlasted whole generations. But that history of the rise and fall of the top hat has yet to be written.

◇ ◇ ◇

"WHEN I was born", he continues, "it had already passed its zenith; cricketers no longer played the game in top hats, though my father had begun in that fashion; but it still seemed the most natural thing in the world for me to take out my cousin on Sundays in this guise. Half the young men I met on that day sported similar glossy cylinders. In the City and West End, on a weekday, you rarely saw a man wearing anything else. The streets below repeated the rhythms of the clustering chimney pots on the roofs above. I must have acquired my first specimen, when I acquired my morning coat and its tails, during the second year of my apprenticeship at Southsea. But was that the one I wore in London? I think it was, and if so it went right on with me to 1891, when it died a natural death—in the presence of Mr. Frank Harris, the editor of the Fortnightly Review. After that I think I bought another to attend a funeral and a third seems to have marked a phrase of social acquiescence before the War. I went to Bond Street picture shows, and the Academy in the latter. It ended as a charade property for my son at Easton Glebe. Since then I have had no more top hats".

◇ ◇ ◇

ONE morning (writes Peter Howard in his Men On Trial) Beaverbrook told a fellow, "Whatever you do, remind me to ring Lady So-and-So before you go home tonight".

"Yes, sir".

"Now don't forget, or I'll roll you in the mud".

"No, sir".

The day wore on. Things did not go well. By evening Beaverbrook was in a rage. He said to this man very quietly—he is always at his most dangerous, Howard says, when he is quietest: "See here, you. Go out of this room and don't come back till morning. If you do I'll get mad".

"Yes, sir", answers the fellow gratefully. "But before I go I was to remind you...."

"Get out", interrupts Beaverbrook.

"But you told me...."

"I tell you GET OUT", says Beaverbrook in ominous tones, rising from his chair and advancing upon the wretched being who thereupon fled forth into the night.

Turning to Howard, Beaverbrook then remarked in tones of mild astonishment, "Did you hear that, Peter? Why, it was attempted MUTINY".

◇ ◇ ◇

A VISIT paid by the Queen to the First Airborne Division shortly before it took off to put up its heroic stand to hold the bridges at Arnhem, is described by Harry Butcher in My Three Years With Eisenhower. She noticed one of the paratroopers carrying, in addition to all his regular gear, a dart board. This surprised her, and she said to the soldier:

"Whatever are you taking that for?"

"Well, you never can tell, Your Majesty", was the respectful reply. "A dart game always helps to pass away a dull evening!"

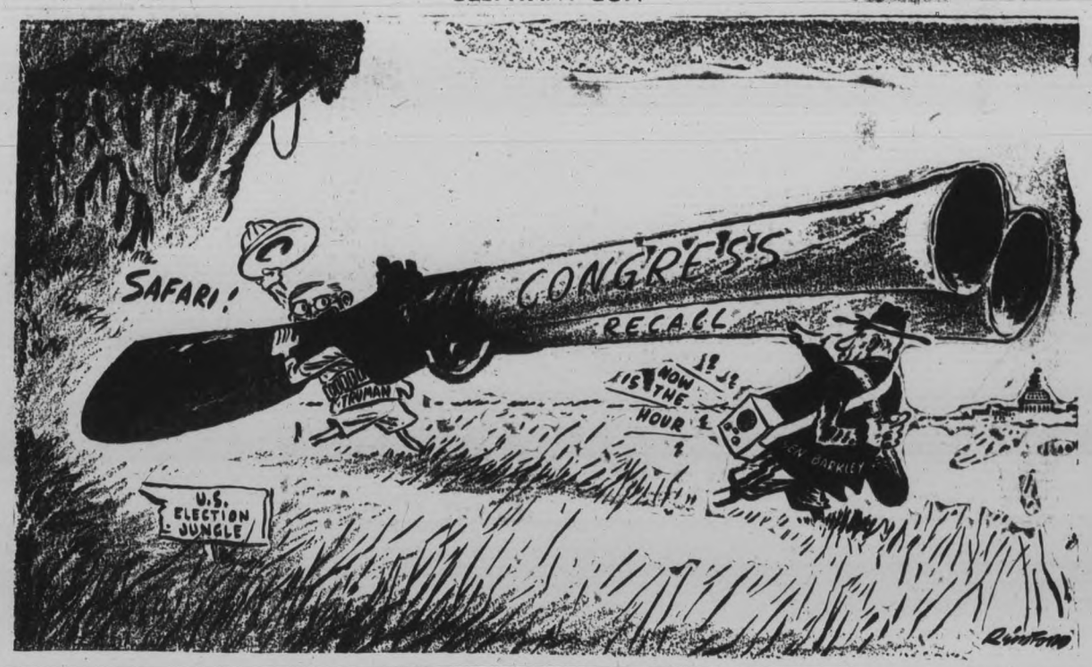
Another of Butcher's anecdotes was a story of an air raid told him by Colonel V. E. Scott Bailey who was up in Bone to meet Major James Taylor, who was in the G-2 section of First Army. They were both late for their meeting due to the raid, and as neither had tin hats, they had stood in a doorway, taking shelter from the heavy flak, fragments of which were falling like hail. A British Tommy, wearing a tin hat, came down the alleyway, his hobnailed boots clanking against the stone pavement. He was carrying two large bottles of beer. The Tommy said to Taylor:

"This is a fine thing. All this stuff coming down and me sent to get a beer for my chums".

Taylor agreed and suggested he should wait a few minutes. The Tommy stood in the doorway for two or three minutes, but felt that the beer was more important than the flak, so left saying:

"Well, I can't help it. Bless 'em all". (Bless wasn't the exact word used.) He walked down the street—holding his tin hat OVER THE TWO BOTTLES OF BEER.

ELEPHANT GUN



Canada Upsets U.K. Citizenship Laws

(FROM THE OTTAWA CITIZEN)

AN attempt by the United Kingdom Government to draft a new citizenship law which would bring British practice into line with the precedent set by Canada's action in divorcing Canadian "nationality" from British "subjecthood", has provoked a division of opinion as between the House of Lords and the House of Commons.

The Attlee Government's proposals were complex, and even the Lords confessed that the bill could be understood only by lawyers —and specialist lawyers at that. But, briefly, it did three things:

It established a new status of "United Kingdom citizen" which includes natives of the British Isles and also, for various technical reasons, of the Crown colonies.

It made the term "British subject" which applies to all members of all His Majesty's dominions, interchangeable with "Commonwealth citizen". This was a gesture towards the ascendant national pride of such Dominions as Pakistan, many of whose people feel that "British subject" carries a connotation of inferiority.

It abolished the practice, in force since the establishment of the Irish Free State, of regarding all Eire citizens automatically as British subjects. The Irish object to this on prestige grounds though it probably never did anybody any harm. Henceforth an Eire citizen would be treated, by the terms of the bill, as a British subject only if he specifically requested it.

The effect of the bill was that while all empire citizens remained British subjects, a new distinction was made within that comprehensive term between those who are nationals of Britain or the British colonies and those who are nationals of one or other of the self-governing components of the Commonwealth.

The approach of the Lords to this bill was something less than tactful. Conservative peers led by Lord Altrincham voted to change "United Kingdom citizen" to "United Kingdom subject" for the reason that the term "citizen" might create unrest among native populations in the colonies. Their lordships apparently had unpleasant recollections of how the word "citizen" was used during the French revolution.

Having done this, they then went on to throw out the clause dealing with the status of citizens of Eire, and to insist that a citizen of Eire is a British subject whether he likes it or not. In view of the fact that the ex-Premier Mr. De Valera was in the habit of referring to this practice as "an impertinence", the Lords' action has done little to increase the recent and welcome growth of better feeling between the two countries. The effect is roughly the same as if the Parliament at Westminster had ruled that French-Canadians must no longer describe themselves as "Canadiens" but as British subjects.

The original bill was the result of many careful expert conversations between Britain and other Commonwealth nations and codified a number of informal agreements which had been reached. If the bill passed into law in the shape in which the Lords left it, those agreements would be largely nullified and the whole subject of Commonwealth nationality would have to be reopened.

The bill had not been through the Commons when it first passed the Lords; and when it came before the Commons with the Lords amendments written into it, the Home Secretary, Mr. James Chuter Ede hastened to inform the House that the Government would demand that the Lords' amendments be struck out during the third reading. But the Conservative opposition immediately served notice it would oppose this, and would do all it could to retain the Lords amendments as part of the bill. In the upshot the bill was restored to its original form.

There is, however, one point which the bill does not clarify. Under present British law, every British subject has equal rights in these islands. A Kaffir whose liberties are considerably restricted in South Africa can come to Britain and enjoy exactly the same rights and privileges as any Englishman whose family went there with William the Conqueror—including the right to vote, provided he is over 21. In the Commons debate, Sir David Maxwell-Fyfe asked, on the Conservatives' behalf, what special privileges, if any, the term "United Kingdom citizen" confers; if it confers none, he argued—and there is no evidence to show that it will confer any—the term is meaningless.

UNCONSIDERED TRIFLE

Little Mrs. Newedde was still rather shy about asking her husband for more money, but the time came when she simply had to.

"Jack, dearest," she said at breakfast time, "will you please lend me $5.00 but only give me half of it?"

"Yes, darling," said her husband, puzzled. "But why only half of it?"

"Oh, well, don't you see, then you'll owe me $2.50 and I'll owe you $2.50 so we'll be square, won't we?"

How Time Flies

JULY 19

1918 Police Chief Daniel Thompson is elected to the executive of the Chief Constables' Association of Canada.

J. H. Cobb, who enlisted here as a private, is now second-in-command of a trench mortar battery in France.

Pte. Ernest Hopwood is welcomed home from overseas by members of the Lily Lake Sunday School.

1928 The last local livery stable disappears with the passing of A. Rae's establishment on Chambers St.

The Farm and Dairy magazine here takes over part of the circulation of the Farmers' Guide.

William Thompson, Orillia philanthropist, formerly of Peterborough, dies.

1938 Many local ex-servicemen plan to attend the Canadian Corps' reunion in Toronto on July 25.

Gordon Hancock of Smith Township is establishing a reputation as a grain and seed grower and as a grain judge.

Peterborough County girls' clubs will hold the annual girls' achievement day at the court house on July 20.

A Bible Message

(From the Authorized Version)

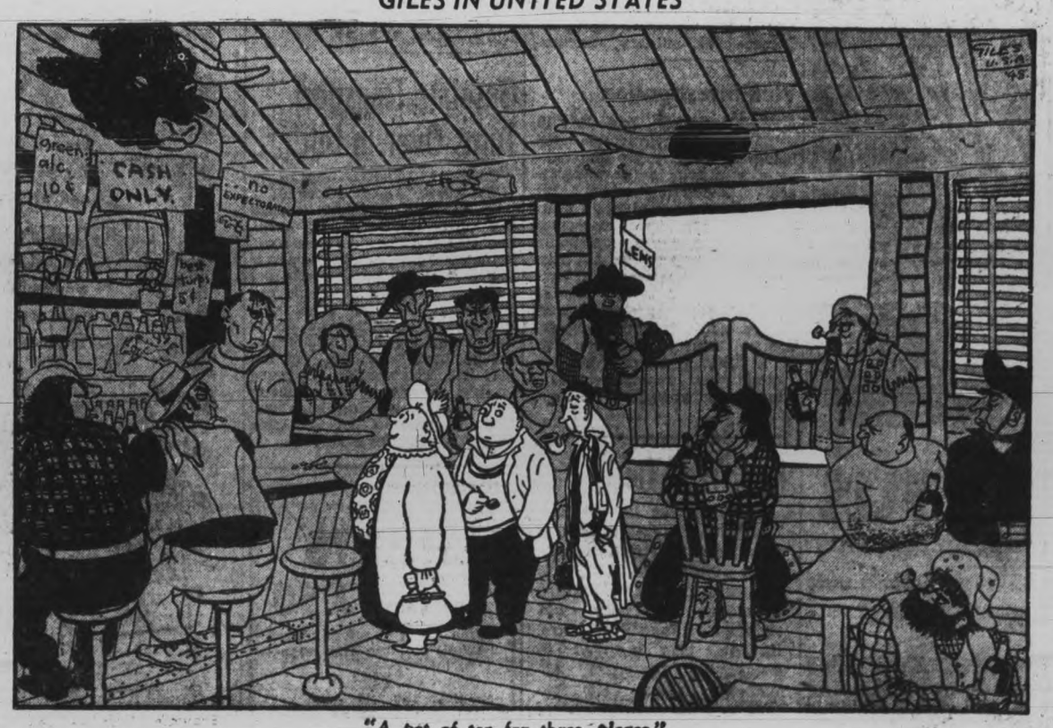
NOW when Jesus was risen early the first day of the week, he appeared first to Mary Magdalene, out of whom he had cast seven devils....

After that he appeared in another form unto two of them, as they walked, and went into the country....

Afterward he appeared unto the eleven as they sat at meat, and upbraided them with their unbelief and hardness of heart, because they believed not them which had seen him after he was risen. And he said unto them, Go ye into all the world, and preach the gospel to every creature....And these signs shall follow them that believe; In my name shall they cast out devils; they shall speak with new tongues; they shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover.

So then after the Lord had spoken unto them, he was received up into heaven, and sat on the right hand of God. And they went forth, and preached every where, the Lord working with them, and confirming the word with signs following. Amen. (Mark 16: 9, 12, 14, 15, 17-20.)

GILES IN UNITED STATES



"A pot of tea for three, please."

"IT'S GOOD TO BE HERE," Wing Cmdr. Duncan Stuart Wilson-MacDonald, DSO, DFC, still dressed in coveralls and tam, tells Air Commodore C. W. Busk, head of the United Kingdom Air Liaison Mission at Ottawa, just after he led the first flight of jet planes ever to fly the Atlantic into St. Hubert airfield, in Montreal recently. On the extreme left is Group Capt. H. H. Rutledge, of the U.K. Air Mission, and on the extreme right Wing Cmdr. B. D. Richer, commander, St. Hubert.

Cavan Residents Honor Rev. John Foote

CAVAN, July 19.—(ENS). — A reception for the Progressive Conservative member for Durham county, Major, the Rev. John Fotte, V.C., Port Hope, was held on Friday evening on the spacious lawns of Mr. Wilbert Larmer of the Seventh Line, Cavan.

Mr. and Mrs. Larmer welcomed the two guests. Seating was arranged under the huge maple trees which surround the large old farm house which dates back to the pioneer days of Cavan. Strings of colored lights were looped gracefully through the branches of the trees and flags were hung across the verandah, which was used as a platform for the program. Russell Earl was chairman and called on Charles Stevenson, M.P., Port Hope Federal Progresive Conservative member for Durham to speak.

He spoke of the dangers of Communism and warned the people of Durham to stand on guard and use every possible means to curb this threat.

Major Foote was the next speaker. He expressed his willingness to co-operate with the people of his constituency to further the best interests of the communiy.

Mr. Gordon K. Fraser, M.P., Federal member for Peerborough county, spoke brefly.

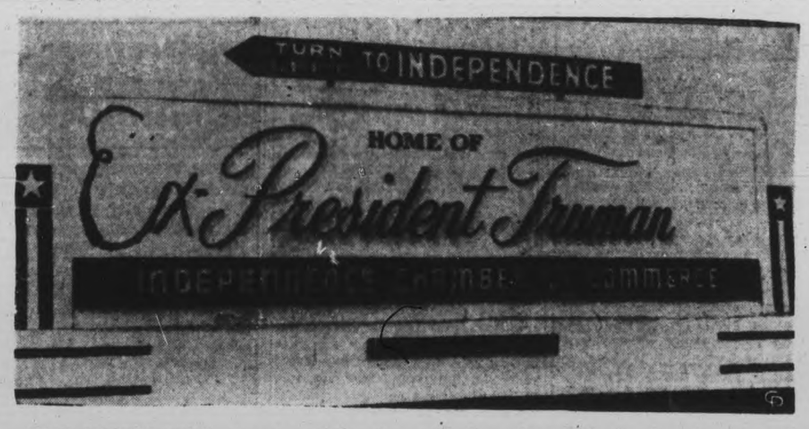
This completed the major part of the program. Music was furnished by Port Hope band, under the direction of Mr. F. Brooks.

Arthur Thorne moved a vote of thanks to the band and also to those who provided cars for transportation, which was seconded by Lavergne Fallis.

Harold Cathcart, reeve of Cavan township, moved a vote of thanks to Mr. and Mrs. Larmer for the use of their home for this occasion. James Roddy seconded the motion. Mr. Larmer replied and expressed his pleasure at having a gathering of this nature at their home.

Others who spoke briefly were L. Moncrief, ex-reeve of Port Hope and Harold Bigelow, reeve of Millbrook.

Mrs. Ira Lowes, Mt. Pleasant, chairman of the women's advisory committee of the East Centre district of the Progressive Conservaive Association, had charge of the refreshments and with the assistance of a number of the Association ,served a hearty lunch. A number of the young people of the community helped with the service of the refreshments. The singing of Auld Lang Syne, led by Chas. Stevenson and accompanied by the band, brought the delightful evening to a close.



THE PREFIX "EX" placed in front of the name of President Truman cost John W. Fraser, Jr., 28-year-old advertising executive, just $75. Fraser said it was just "one of those things." But Magistrate J. J. Brady of Independence, Mo., took a dim view of the joke. The magistrate said he was disregarding "political implications" of the act which could result in a fine of $500 and a year in jail.

China Hopes Aid From U.S. To Build Railways

NANKING, July 19—(AP)—The prospectof United States aid has revised an old dream of Chinese leaders—forging a railway link between the riches of China's west and the coastal cities of the south.

Many officials, probably Premier Wong Wen Hao more than any one else, realize the governmen must tap these resources of the west if the Communist rebellion is to be suppressed.

With the arrival of Roger I apham and his mission to administer United States aid to China, these leaders are known to be marshalling arguments for hooking up the railway links south of the Yangtze which cuts through central China.

River traffic now tries to perform the transport function. But the rivers are threatened by the Communists now spreading out in Central China.

The construction, reconstruction or completion of rail lines from the port cities into the virtually untouched interior, therefore, appears to be the only way to assure a continued flow of supplies.

The cities which would be linked to railways already functioning south of the Yangtze under the Chinese plan are Chungking, the wartime capital; Chengtu to the northwest, and Kunming in China's southwest.

What is needed is steel for rails, bridges and other equipment with which to push the completion of "utility" rail lines already operating south of the Yangtze.

Marshall Aid Wheat Orders Cut In Canada

WASHINGTON, July 19—(AP)—Marshall plan shipments totalling $26,562,534 were authorized Sunday night by Paul G. Hoffman, economic cooperation administrator.

The new grants of recovery dollars went to Austria, France, Greece, the Netherlands, and the French zone to Germany.

Country by country authorizations, affecting Canada (freight not included: France ($21,137,672), wood pulp, $371,000; flaxseed, $2,125,440; aluminum, $650,000. Decreases of $1,589,961 in wheat purchases and $100,000 in nickel purchases from Canada were directed.

Greece $376,248), ammonium nitrate, $112,438.

Netherlands ($1,081,039), oil cake or meal, $1,075,150; wheat, $5,889.

Bulk of the shipments will originate in the United States, but considerable quantities of food and industrials materials will be sent from Canada, bi-zonal Germany, Chile, the Philippines, Mexico and Norway.

The action brought the total of authorized recovery cargoes to $815,477,224 including ocean freight and shipments to China.

Wheat, mostly from the United States, accounts for $152,670,338 of the total, and wheat flour shipments amount to $53,237,865.

Other major items on the recovery schedule to date include meats, $42,954,356; oil and petroleum products, $106,714,914; coal, $66,539,000; cotton, $55,007,200; copper, zinc and other non-ferrous metals, $51,811, 760; tobacco, $21,776,000.

A considerable reshuffling of the purchase authorizations previously made was shown in the new listing. In a number of cases authorizations were cut, reflecting lower prices, foreign decision to defer some shipments for the present, or the substitution of certain commodities for those previously requested.

WMS Holds Picnic At Belmont Lake

HAVELOCK, July 17. (ENS)—The Women's Missionary Society of Havelock United Church held their annual picnic on Wednesday afternoon at the cottage of Mr. and Mrs. E. C. Pace at Belmont Lake.

The afternoon was mainly spent in the enjoyment of a social time, interspersed with motor boating while the men engaged in a friendly game of quoits. Supper was served at tables set on the verandah.

Those present were: Mrs. Harold Wilde, son Spencer and daughter Carolyn of Parry Sound, Mr. and Mrs. H. Jewett, Mrs. Knox of Toronto, Mrs. G. W. Chiles, Mr. and Mrs. F. Rogers, Mrs. C. H. Roberts, Mrs. C. Spencer, Mr. and Mrs. P. Haig, Rev. F. R. Vanderburgh, Mrs. Harry Watson, Mrs. Prentice, Mrs. A. McMullen, Miss K. Agnew, Mrs. A. Anderson, Mrs. N. Blakely, Mrs. J. H. Thompson, Mrs. J. C. Gall, Mrs. Rae Williams.

Drops 17,000 Feet Before Clearing Plane

TRENTON, July 19 — (CP) — Sqdn. Ldr. Robert W. Oxspring, commander of a flight of six RAF jet planes now visiting Canada, Sunday night explained how he once made a 17,000-foot plunge while trying to get free of a plumetting fighter plane.

Clarifying an earlier report that he had jumped 17,000 feet without a parachute, he said in an interview that in October, 1940, near the end of the Battle of Britain, the Spitfire he was flying above the Hopfields of Kent was disabled by enemy fire and went into a dive.

"I couldn't get the cockpit open. The suction resulting from the speed of the dive kept it closed. I struggled with the thing while the plane dropped 17,000 feet and finally got it open.

"I had a parachute and used it, although by that time I was pretty close to the ground. As luck would have it, I landed in a tree and walked away without a scratch."

ANCIENT SUPERSTITION

Among some primitive peoples, it was the custom to bury sick people to cure them.

NANCY THOMAS, nine-year-old daughter of Mr. and Mrs. R. C. Thomas of Waterloo, has been awarded the Girl Guide Association's gilt medal for lifesaving. She pulled Joyce Kreutzweiser, nine, another Brownie, from swollen Silver Creek in March, 1947.

Knights Keep In the Hunt As They and B-A Get Wins

Men's standing:	P	W	L	TP
Legion	19	11	8	3
Comstock's	19	10	9	3
B-A	19	10	9	3
Knights	19	7	12	3

Knights edged Comstock's 1-0 at the Bowl on Saturday night to stay in the race for a playoff spot while B-A nosed out Legion 8-7 in another thriller before a big crowd of fans. The Knights had trouble fielding a team and the game, late in starting, was cut to seven innings by agreement beforehand. Tuesday tilts are: Comstock's vs. B-A and Knights vs. Legion.

Burt Harrison and Terry Woods hooked up in a hurling duel in the first one, a nifty scrap all the way. Woods gave but two hits and Harrison five. The only run was scored in the last of the seventh with two out when Tompkins walked, took thtird on a double by Sullivan and raced home on Ralph's single. The latter led the hitters with two for three. A Comstock double-play was the fielding feature, and they played errorless ball. Spencer and Sullivan hit doubles. The box score:

Comstock's	AB	R	H	O	A	E
Cournyea, 3b	3	0	0	0	3	0
McCarthy, ss	3	0	0	1	1	0
Mackness, cf	3	0	0	3	0	0

Summary: Two-base hits—Spencer, Sullivan; double play—Cournyea to Anderson to Castle; struck out—by Harrison 2, Woods 2; walks—Harrison 1, Woods 1; time of game—.50; umpires—Calladine at plate, Wood on bases.

Homer Wins

Bob Crowe's homer in the last of the ninth gave B-A an 8-7 win over Legion in the nightcap. It was a tight one all through with the sides even on hitting, but Legion looser afield. Akers took over from Strickland in the fifth with the count 5-5 and he got credit for the win. Hawkes, Burton and Crowe each had two hits for B-A, one of the latter's being a homer. Akers also belted a four-ply clout and Burton got a double. Dalton topped Legion with two homers, a double and single in four, Lewis had three for four and Parnell a double and single in four. Loucks had a homer. Hawkes and Blewett made nice catches. The box score:

Legion	AB	R	H	O	A	E
Pagett, 2b	4	1	0	3	2	0
Dalton, ss	4	4	4	1	4	1

Petes Defeat Buffalo In Ball Game

Exploding for a 13-run barrage in the third inning at Riverside on Saturday, the Petes romped to a 15-1 exhibition ball victory over Canisius College of Buffalo before a goodly crowd. Apart from this one terrific frame, it was a good enough game. Buffalo fielded well and the Petes were perfect defensively, but the locals' hard hitting and good pitching was the big margin as the visitors couldn't hit the home hurlers to any extent and two Buffalo flingers fared poorly on the mound.

Loucks, Whitehill and Edger each went three innings handily for the victors, the latter looking a bit better than his buddies. Loucks, Crowe; Dalton, Edwardson and Mackness all came through with two safe hits. Garvey hit a triple while Dalton and Crowe got doubles. Kelleher and Yeager got two hits each as Buffalo were held to five bingles. Stewart's homer to deep centre in the second was their only run. The losers came up with two neat double plays.

Buffalo	AB	R	H	O	A	E
Yeager, 2b	4	0	2	5	8	0
Poulus, ss	3	0	0	3	4	0

Yesterday's Stars

By The Associated Press

Batting — Pat Seerey, White Sox—Clouted four home runs to lead Chicago White Sox to an 11-inning, 13-11 victory over Philadelphia Athletics in the first game of a double-header.

Pitching— Ken Raffensberger, Reds—Shut out New York Giants on eight hits 3-0 in the first game of a double-header.

Remember When . . .

By The Canadian Press

Hank Cieman, lanky Toronto walker, cracked George Goulding's 1910 Canadian mark for two miles at Toronto 17 years ago today. Cieman covered the distance in the Ontario track championships in 13:54.4 compared with Goulding's 14:07.4.

Texan Takes Trophy

VALLEYFIELD, Que., July 19—(CP)—Paul Sawyer of San Antonio, Tex., Sunday captured the Premier's Trophy and the Quebec motorboat championship by piloting his boat Belligero at a record average speed of 62.5 m.p.h. in the 225-horsepower class. Sawyer's time set a new meet record for the Valleyfield regatta course.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Three COBL contests for the Petes this week as they reach the two-third mark in their schedule. They're in Belleville tomorrow, Oshawa the next night, and have the Bata Shoemen here Saturday. A glance at their hitting averages shows Howie Dalton still in front of the regulars on the club with a healthy .500 touch. Had two for four Saturday aft, but that doesn't count, of course, not being a loop fixture. Then in a league softball tilt that night, he hit two homers, a double and single in four! Looks like Howie is one guy who can hit both softball and baseball pitching consistently. Besides being a fine fielder and runner. The war probably beat him out of a pro contract.

* * * * * *

The Saturday exhibition saw the Petes pound out a 15-1 win over Canisius College of Buffalo. A 13-run explosion in the second heat did it—the joust being okay otherwise. But that, naturally, ruined it. Still the goodly gallery stayed, most ball fans enjoying a slugfest. They saw some nice fielding, swell local pitching and terrific thumping. Especially in that one large chukker. Those 1948 Petes are a bunch of hitters, no doubt about it, though probably the Buffalo pitching was below par. Besides the steady home hurling, the winners played errorless ball in the field. They looked good.

* * * * * *

Hotter Than Somewhat

Knights edged Comstock's 1-0 in men's softball Saturday to keep in the hunt. They must win three more, while either B-A or Comstock's lose three to get a draw for third place. And Tuesday it'll be Comstock's vs. B-A (so one will be safe) and Knights vs. Legion, the latter being safe now. The K. of C.-ers get a break on Saturday when the umps and their opponents waited three-quarters of an hour for them to field a team. Their two Hastings' players just didn't show up, and others were busy elsewhere. Woods pitched fine ball and Sullivan and Ralph came through with hits for the one run in the last heat of a dandy duel.

* * * * * *

Nothing wrong either with the second game as Crowe's homer in the ninth gave B-A an 8-7 squeak o'er Legion. Not the best of ball seen, but highly exciting and close throughout. Greenlaw went the route for Legion as Rkers relieved Strickland in the fifth. Five homers in this tussle and three doubles, as well as two twin killings. A bit of everything in it, including some crabbing at the umps. A sure sign that playoff time is fast approaching. Yes, it's a great race when all four clubs are still in the running in the final week of the schedule. And the crowds keep growing.

* * * * * *

Lasses Nearly Through

Two girls' games at the Bowl tonight, commencing at seven. Marines meet Ashby's in the opener and are followed by Westclox (just back from vacation) and the Lindsay lasses. And on Wednesday, it's Woollens vs. Ashby's and CGE vs. Ashby's—or so it says on the schedule. The end is in sight for the colleens, too, and plans are being made now for the various playoffs which start early in August. Clockers are still in front with Marines next, then CGE and Ashby's bunched closely together, followed by Lindsay, Woollens, Lakefield and Lock Co. More on them again.

* * * * * *

And more on the diamond setup. Intermediate Petes wind up their Lakeshore League schedule in Cobourg on Wednesday, and then await OBA word on playdowns. Our junior clubs will soon hit into Lakeshore League playoffs, also. Oshawa trounced the short-handed Kinsmen here Saturday eve. East and west juves go tonight in Riverside, and the north and west are there Wednesday. East plays Hawks a bantam tilt tonight in the Ex. and south plays west there tomorrow. Tuesday, the midget south and west squads are in Riverside, while Wednesday has the south and east peewees in the Ex. Saturday's COBL game saw Batawa win in Oshawa 5-2 with Bowman having a little edge in pitching on Sutton, as Oshawa errors hurt. Peacock and Kennedy had two hits each for the Shoemen, as Baxter got three and Normoyle two for the losers.

* * * * * *

Some Lacrosse Chatter

Senior "B" lacrossers are off to Huntsville on the morrow and then entertain Huntsville here on Friday evening. Midget melees in the secondary box, commencing at 6.30, tonight, are: Comstock's vs. Americans, and McGillis vs. Cavanagh's; and in Miller Bowl at eight tonight, McGillis plays Comstock's juveniles, followed by Cavanagh's against Americans. Two peewee tussles tomorrow morning there, Petes vs. Tigers at 10 and Legions vs. Buffalos at 11. Bantam Tudhope's play Kiwanis at two, Clapper bantams meet St. Paul's at 6.30 p.m., and the juves go at seven, Comstock's vs. Legion and Scouts vs. Queen's. The gutted-stick boys have a piece to go yet ere playoff time catches up with them.

* * * * * *

UP AND DOWN SPORTS' RIALTO: About 1,000 harness horse race followers saw some good trots Saturday in Morrow Park . . . . Entries for the OGA district tourney this Saturday in Morrow Park . . . . Entries for the OGA district tourney this Saturday at the Peterborough Club may be sent to Stan Payne at the Westclox . . . . In an Oshawa track meet Saturday, Ed Hillier from here was third in the junior running broad jump and Jim Flowers third in his 100-yard qualifying heat; they go to Toronto on Saturday . . . . The Beaches-Indians are starting grid workouts in Toronto under Coach Ted Reeve already; Don Crowe may go with Argos, and, of course. Les Ascott will . . . . CGE and O'Halloran's have a soccer game at 6.30 tonight in King Edward Park; Petes play Lindsay here tomorrow, and the benefit game is Thursday . . . . Trojan peewees defeated westend baseballers 12-7 Saturday a.m. . . . . Maurice Giardino captured the Simcoe Softball League batting championship last week with a .555 mark; he played early last season here, his native city . . . . Guess that'll do to start off the week.

LAWN BOWLING

By HERB MARTIN

From the information we received up on the bowling greens Saturday evening it is quite likely that next Friday evening our club will have as guests, members of the Port Hope club. This has been an outstanding event for many seasons and we always look forward to a real turn-out. We are just passing this information along so the bowlers will keep the date open and be on hand to give the visitors a real welcome.

On Friday night the boys played only two games. Rain stopped the third game. Winning skips were F. Dearborn, R. Burns and L. Loftus.

There was a nice mixed crowd out Saturday night. It was ideal for bowling. The winning rinks were skipped by J. Cullen, R. Burns and J. Adams.

Down at Belleville on Friday last three ladies' rinks entered in the trebeles' tournament. One rink reached the prize department. The rink was Mrs. W. Hepburn, Mrs. N. Killingbeck and Mrs. L. Yeates. They were high for two wins and each received a set of colored mixing bowls.

Tonight Group No. 3 and No. 4 continue with the schedule. W. Jolley in charge.

Ball Players Unhurt When Bus Hits Pole

SYRACUSE, N.Y., July 19 — (AP). — Thirteen members of the Kingston Ponies of the Border League escaped injury but the driver of their bus was hurt Sunday when it ran off the road into a pole north of here.

Deputy Sheriff Robert Ashmore said that Ben Lady, 31, manager of the Kingston team was driving the bus and that he suffered a hip injury. The team was bound for Geneva, N.Y.

Ashmore said Lady told him an automobile stopped in front of him suddenly, during a heavy rainstorm and that he swerved the bus sharply. It went into a ditch and struck the pole.

Oshawa Takes Easy One Over Kinsmen

By FRED MAYBEE

Ding Gavas pitched Oshawa Hunters to victory over Kinsmen Saturday evening, in the latter's farewell game till play-off time in the junior Lakeshore Baseball League. Gavas struck out 13, issued no walks, allowed but seven hits and was in complete control at all times. His mates meanwhile, led by Beefy Bathe, Bunny Maeson and Gord Hanna, hammered out 12 hits, including a grand-slam homer by Bathe in the thirdf or 17 runs.

Sullivan cracked a homer to deep right in the first while Fitzgerald scored the other two runs for Kinsmen and had two solid hits, one a triple. Wyatt doubled in the seventh for the only other local extra base blow. Kinsmen committed 14 errors to hurt their cause considerably but on the play the Hunters earned the verdict, hitting all three local pitchers hard and playing good defensive baseball as well, when Kinsmen did threaten.

Score by innings:

Oshawa ..... 335 121 011—17
Kinsmen ..... 100 101 000— 3

Summary: Earned runs, Oshawa 3, Kinsmen 1; runs batted in—Bathe 4, Maeson 2, Hanna 2, Sullivan, Gavas, Plunkett, Murphy, Barns, McGrath; left—Oshawa 10, Kinsmen 6; stolen bases—Murphy 2, Bathe 2, McGrath, Hanna, Thompson; sacrifices — Simpson, Gavas; home runs — Sullivan, Bathe; three-base hits—Fitzgerald, Maeson; two-base hits—Hanna, Wyatt; struck out—by Gavas 13, by Sullivan 3, by Dugan 2, by Heffernan 1; hits—off Gavas 7 in 9 innings, off Sullivan 5 in 3⅓ off Dugan 3 in 4; wild pitch Sullivan; losing pitcher—Heffernan; time of game 2:00; umpires — Maudsley at plate, Billingsley on bases.

Peterborough Golf

In the regular Saturday sweepstakes at the Peterborough Golf and Country Club, Herb Bradburn took low gross in the first flight with a 79, while James Wharry's 81 won the second flight. In the net, Owen Cauley had a 92-22—66, while Ken Graham carded a 97-30—67.

Entries are coming in good for the big Ontario Golf Association district tournament being held at this course this Saturday, starting about 9:30 a.m. The links is in fine conditoin now and a huge entry from various cities in the province is expected, with good prizes up for all handicaps. Local entries may still be sent to the Peterborough Club, while post entries will be taken by Stan Payne of Westclox.

Baker's Get Win

HASTINGS, July 19—(ENS)—Baker's won over Asphodel by a score of 22 to 15 in the game played Friday night at Hastings ball park.

Baker's—Phillips, West, Bonds, Thompson, Wilson, Crawley, Crate, Weatherson, Scriver.

Asphodel—H. Fife, B. Woods, L. Beavis, Brown, J. Beavis, A. Lott, Starke, McMillan, Elmhirst.

Rochon Loses Title

QUEBEC, July 19 — (CP) — Montrealers made a clean sweep of senior open titles in the Quebec Lawn Tennis Association's annual tournament which ended here Sunday despite torrential showers. Before a gallery of 1,000 Saturday Elaine Fildes retained her singles crown while Brendan Macken easily wrested the men's singles crown from little Henri Rochon. Miss Fildes completed her double-victory Sunday before some 800 rain-drenched fans as she and Pauline Robinson took the women's doubles.

Stranahan Wins Second Crown In Golf Tourney

HAMILTON, July 19. (CP)—Frank Stranahan supplied a sparkling climax Saturday to the 44th Canadian Amateur Golf Championship.

The 25-year-old star from Toledo, O., successfully defended his title, winding up with as brilliant a golfing performance as the 6,500-yard par-70 Hamilton Golf Club course at nearby Ancaster has seen.

He turned back the challenge of easy-going 28-year-old Joe Stoddard of Hamilton, nine holes up and seven to go, in a 36-hole final match.

Through his victory, Stranahan became the first player to win the British and Canadian amateur titles in the same year—he took the British honors a few weeks ago.

Triple Crown?

Before him lies the opportunity of wearing a triple crown, if he can win the US Amateur next September. Only one other US player has ever won the Canadian title in two successive years — Albert Campbell of Seattle, Wash., who turned the trick in 1933 and 1934.

Stranahan's game was razor-sharp in the afternoon round of Saturday's final. He finished the morning 18 with a three-up lead, largely because Stoddard faltered on the 17th and 18th holes, and then blazed a sizzling trail in the second lap with five birdies and six pars on 11 holes to end the match at the 29th.

His approximate medal play score over the 11 afternoon holes was 38, five under par. If he had finished the round at that pace, he propabably would have beaten the course record of 64, set by the redoubtable Tommy Armour and equalled once by the home pro, Dick Borthwick.

It was a masterful showing of precision golf. His putter—which gave him trouble in earlier rounds—worked like magic on the difficult greens.

Stoddard shot good golf. He was only one over par on the 11 holes in the afternoon. He matched one of Stranahan's birdies on the 50-yard par-four 22nd hole.

Planning To Enforce Lacrosse Goal Rules

TORONTO, July 19 — (CP) — Rules governing infractions in the goal-keepers' areas will be strictly enforced from now on, Ontario Lacrosse Association officials decided Sunday night.

Several goalkeepers have been injured recently. To check these injuries in future, referees will issue penalties to offending players instead of granting a free throw.

Referees also were ordered to rule strictly on fighting and to issue penalties for play that tends to slow the action of the game.

Orioles Whip Syracuse In Doubleheader

By The Associated Press

Johnny Podgajny, workhorse among International league pitchers for the last three years, once again is plying his trade with his customary success.

Podgajny who worked in more games in the 1946 and 47 seasons than any other pitcher in the league, hurled Baltimore Orioles to a 4-0 triumph over Syracuse Chiefs in the second game of a doubleheader Sunday after team mate Fred Wollpert won the opener, 5-3.

Podgajny held the Chiefs to six hits.

In the first game Howie Moss drove in two runs on his 23rd homer and single.

In the battle for second place, Toronto Maple Leafs remained a half game behind Newark Bears by splitting a twin bill with Buffalo Bisons while the Bears divided a pair with Jersey City Giants.

The Leafs trounced the Bisons, 16-4 in the first game but the Bisons, behind Clem Haussman, won the nightcap 4-1. Lou Possehl scattered nine hits in winning the opener for Toronto. Bill Serena, Johnny Groth and Coaker Triplett homered for the Bisons and Ed Sanicki, Johnny Welaj and Stan Lopata clouted round-trippers for the Leafs.

Jersey City turned back the Bears, 3-2 in their opener with Bill Jennings singling home the winning run in the ninth. The Bears took the finale 6-4, with Ken Silvestri and Ted Sepkowski walloping homers for the winners.

Seerey Hits Four Homers As White Sox Down A's

By JOE REICHLER,
Associated Press Sports Writer

James Patrick Seerey of Chicago White Sox took his place in major League baseball's record book Sunday alongside such illustrious home run sluggers as Lou Gehrig, Ed Delahanty, Bobby Lowe and Chuck Klein.

The jut-jawed, barrel-chested outfielder slammed four home runs in one game to become the fifth big leaguer to achieve the feat.

This one-man slugging rampage overshadowed other important Sunday results such as Cleveland's sweep of a double-header Washington 2-1 and 6-4, to increase its first-place lead in the American League to 1½ games, and Boston Braves' two triumphs over Pittsburgh 10-2 and 3-1, which gave them an eight-game bulge in the National League pennant race.

Seerey belted his four home runs in an 11-inning game in which the White Sox defeated Philadelphia Athletics 12-11 in the first game of a doubleheader. The A's captured the second game 6-1 with the Sunday 7 p.m. Curfew halting proceedings after five innings.

In Successive Innings

Three of Seeney's circuit clouts came in successive innings — the fourth, fifth and sixth. The fourth snapped an 11-10 tie in the 11th. His first two were off right-hander Carl Scheib. The third came off right-hander Bob Savage. Southpaw Low Brissie, the losing pitcher, was the victim of the last.

The braves are threatening to make a shambles of the National League pennant race, enjoying an eight-game lead over Brooklyn Dodgers and St. Louis Cardinals.

Nelson Potter and Jeff Heath, two former American leaguers, led the Braves to victory over the Pirates in the opener. Potter spaced seven hits for his first National league victory in his initial start. Heath clouted a grand-slam homer to spark a five-run, first inning against Elmer Riddle. Rookie right-hander Vern Bickford bested Russ Meyer in the afterpiece.

Ralph Kiner spoiled Bickford's shutout bid with a home run, his 26th of the season and the 100th of his career.

Nose Out Washington

Cleveland nosed out Washington twice to gain a full game on the second place Athletics and the third place Yankees. The Nats took an early 3-0 lead on Bob Feller who pitched the first five innings of the second game, but the Indians came back to win by scoring two runs in the 12th.

Hal Newhouser gained his 14th victory of the season, pitching Detroit Tigers to a 5-3, first-game victory over the Yankees before 62,990 fans. A grand-slam home run by Hoot Evers enabled the Tigers to overcome a 3-1 deficit.

The Yankees, behind lefty Tommy Byrne, swamped the Tigers 12-4 in the second game. The game was halted after 6½ innings because of darkness.

The fourth place Boston Red Sox moved within 2½ games of the Yankees by sweeping both ends of a doubleheader from St. Louis Browns 12-5 and 7-6.

Divide Twin Bill

The Dodgers and the Cardinals divided a doubleheader. A home run by Terry Moore with two mates aboard in the 11th gave the Cards a 6-3 victory in the opener. The Dodgers crushed the Cards 13-4 in the second game.

The split left the two clubs in a deadlock for second place but shoved them ahead of the Pirates who dropped from second to fourth.

The Giants fought back to gain a split with the Reds in Cincinnati, losing the opener 3-0, but coming back to win the nightcap 8-2. Ken Raffensberger, who shut out the Cardinals with one hit in his last start, gained his third shutout of the season in the first game. He spaced eight hits.

Philadelphia Phils and Chicago Cubs split a twin bill, the Cubs winning the opener 3-2 and the Phils taking the second 6-4. In the nightcap Del Ennis helped Schoolboy Rowe register his fifth victory by driving in three runs with his 14th home run, a double and single.

FRANK STANAHAN (RIGHT) of Toledo, Ohio, had to look up to thank his opponent, lanky Joe Stoddard, when the Hamilton boy congratulated him on retaining the Canadian amateur golf championship. Stranahan defeated Stoddard 9 and 7 in the final match at the Hamilton Golf and Country Club, Ancaster, Saturday. He first won the title at Royal Quebec last summer.

Films Taking New Crack At Radio Work

By BOB THOMAS.

HOLLYWOOD, July 19 (AP).—The radio industry had better get ready for another attack from Hollywood.

Still smarting from "The Hucksters" attack, radio will take another lacing in the currently shooting "Three Wives." A segment of the multi-starred film is aimed at soap operas. I guess the movies will be taking on television next.

Stars Roundup

June Allyson, no doubt about it, is finally getting the recognition from MGM that her popularity deserves. She has a brand new queen-size portable dressing room which she designed herself. She even has a bathroom in it, and to my knowledge, Greer Garson is the only other Hollywood star so honored.

Susan Hayward has a real vehicle in "Tulsa." For the first time in her career, she works every day of the picture. Her husband, Jess Barker, gets a big upswing for his career with the French Revolution film, "Reign of Terror." He will have a meaty role.

Tony Martin will return next year for a six-week run at London Palladium. He and Cyd Charisse plan an extended tour of Europe. Proposed and possible: Bob Roberts' production of "The Great Indoors" with Esther Williams and James Stewart. It could happen.

Linda Darnell may yet do "Anna Lucasta" at Columbia. She tells me the deal was all set, including permission from 20th-Fox, and then it suddenly fell through. She is still hoping.

THE VANCOUVER DAILY PROVINCE
Vancouver, B.C., January 21, 1947
A Film for Parents
The hygienic movie, "Mom & Dad," that is being shown here this week is one which all parents should see, but particularly those men and women who keep their children in ignorance of social hygiene and the facts of life. It is also an education for the teenager It is one of the best films on sex education that has been produced.

THE MONCTON TRANSCRIPT
A Timely Educational Film
There are few films, if any, that have come out of Hollywood with the intense public appeal as the one showing at the this week. The fact it is an educational film which gives a modern, up-to-date approach to the subject of delinquency indicates the public thirst for knowledge.

TORONTO DAILY STAR
Educators, Clergy, Police Praise Film Students Saw
By Jack Kerr
It's story is so human it overflows with good fun—yet, it is so humanly true, it has moments when the tears flow freely. It is a touching and heart-tugging story of youth, and the social problems of today.

NOTE: THE MANAGEMENT OF THIS THEATRE BELIEVES IT HAS TWO BASIC OBLIGATIONS TO ACCOMPLISH FIRST, TO ENTERTAIN ITS PATRONS AND SECOND TO PERFORM A PUBLIC SERVICE. IT IS IN THE INTEREST OF PUBLIC SERVICE THAT WE PRESENT THIS SIGNIFICANTLY VITAL MOTION PICTURE

ODEON

NOW SHOWING

MORE THAN 200 Dutch immigrants had their first look at Toronto Sunday morning, when they arrived in Union Station en route to farms in Ontario. Left above, the children of Mr. and Mrs. Hendrick Griffioen dig into the cookies offered by Ruth Barclay of the Red Cross Corps. The Griffioens are headed for Embro, Ont. At right, guarding the family possessions is young Walter van der Heijden from Beek En Donk, Holland.

Russian Plane Designer Given $40,000

MOSCOW, July 19— (CP). — The giant Russian air show scheduled for Sunday was called off one hour before the scheduled time because of bad weather. It will be held next Sunday.

Most of the Moscow diplomatic corps, including air attaches, were on the way to Tushino field before this announcement. Skies were rainy and overcast.

Aviation Marshal Konstantin A. Vershinin, Comamnder-in-Chief of the Soviet Air Forces, says the show will be the greatest ever held in the Soviet Union. The military section will be commanded by Major-General V. L. Stalin, son of the Prime Minister.

Meanwhile, in an unprecedented action, a Russian designer credited with the development of a new engine, was given the Stalin prize, first-class, and a cash award of 200,000 rubles ($40,000) tax free.

The designer, Arkadi Shvetsov, was called "chief designer of a factory of the Ministry of Aviation industry."

The decree said the prize was granted for "creation of an aviation power plant of great power."

Stalin prizes usually are awarded in groups. The individual award is regarded as an indication of the importance with which Soviet authorities regard Shvetsov's work.

Even more significant was the fact that he was made a lieutenant-general. This rank is reserved for top plane designers of the Soviet Union.

Arrest Three Pickets Impeding Passengers

TORONTO, July 19 — (CP) — Three Canadian Seamen's Union (TLC) pickets were arrested here Saturday and charged with impeding and incommoding peaceable passengers and obstructing police.

They are Saul Geller, 19, Toronto, John Quinlan, 18, and Gordon Coutch, 22, both of Owen Sound. They were released on $200 bail a few hours after their arrest.

Police said the youths were part of a mass turnout of CSU supporters who were picketing at the entrance to Canada Steamship Lines Company docks from where the Cayuga and Kingston were about ot sail. When the picket line closed up and passengers had difficulty passing through, police intervened. The arrests followed

Investigate Assault On Member Of Crew

SUDBURY, July 19 — (CP) — Police said Saturday they were investigating an assault on J. C. Roy, 23, of Quebec, a member of the crew of the Viscount Bennett at Little Current, Manitoulin Island.

Police said Roy staggered ashore Saturday morning suffering cuts and bruises and collapsed at the door of a coal company office.

He told police he was beaten up by seven members of the ship's crew who suspected him of having informed the Canadian Seamen's Union (TLC) of the ship's movements.

Capt. Charles Cole of the Bennett said his investigation indicated no one aboard had seen or heard anything of the alleged beating.

Honors Mountbatten

WINDSOR, England, July 19.—(CP)—The King Sunday night installed his cousin, Earl Mountbatten, as a Knight of the Garter The ceremony was held as a prelude to service in St. George Chapel marking the 600th anniversary of the founding of this highest order of British chivalry The Queen, Princess Elizabeth and her husband, the Duke of Edinburgh, all members of the order, were present.

BRUCE MAXWELL HILL, managing director of Canadian Utilities, Ltd., Calgary, who recently was elected president of the Canadian Electrical Association.

Blame Underground

PRAGUE, July 19. (AP) —The Czechoslovak ministry of national defence said Saturday underground groups in the United States zone of Germany murdered one Communist official in Czechoslovakia and attempted to kill Gen. Ludvik Svoboda, the defence minister.

Don't Expect Early Results From Talks In Washington

OTTAWA, July 19 — (CP).— Diplomatic sources here do not look for any early, concrete result from the talks in Washington among Canada, the United States and the five defence-pooling nations of Europe's Western Union. ion.

At the same time, they regard the talks as "highly" important in that they may lead to an Atlantic union aimed at stemming the rise of Communism.

The discussions were opened by the United States Government two weeks ago. They came after External Affairs Minister St. Laurent, in an important policy statement to the Canadian Commons, called upon the free nations to band into a security league to meet the Communist threat.

Besides Canada and the United States, the countries taking part are the United Kingdom, France, Belgium, Holland and Luxembourg. Other countries may be called in later.

Trade Pact.

There is little likelihood of discussions being opened on a new trade agreement between Canada and the United States until after the American Presidential election in November.

The current trade treaty is due for re-shaping in the light of the changes and concessions made in trading practices in the Geneva trade agreement signed by countries last year.

Health Appointment.

Health Minister Martin hopes to announce within a few days the name of the man selected as head of the National Health Service. The man has been chosen, but so far has not definitely accepted the job and in the meantime his identity is a closely-guarded Health Department secret.

Originally Mr. Martin and his officals hoped to make the announcement last week. The man is described only as "prominent and distinguished."

Hold British Official

BERLIN, July 19 (AP) — A British military government official said Sunday that the Russians had kept him a prisoner four days on trumped up charges that he was a spy. The official is John J. Sims, deputy controller of the British control commission's inland water transport control point at Hamburg. He asserted the Soviets were "just trying to show their contempt for British rights and authority."

The year was 1830...

. . . a weakened Europe licked her wounds after the Napoleonic Wars. Battle-weary eyes turned to a new land . . . and in this one year—1830—over 28,000 immigrants arrived in Canada.

Alone in a strange and sparsely-settled land, they set their strength, their youth, their courage to the task of building a new life for themselves . . . and for their children.

How well they succeeded is shown by Canada today . . . once more the New Land to which we welcome immigrants from overseas. May these "new Canadians" carry on the tradition . . . eagerly seeking the duties of citizenship with its right to the free, unhampered exercise of the franchise.

When YOU cast your vote at every election—municipal, provincial, federal—you are exercising a duty and privilege planned, worked and fought for by your forefathers. Your vote protects the future of your children. To fail in this duty is to be less than a good citizen.

Windsor Union Takes GM Offer

WINDSOR, July 19 — (CP) — Members of Local 195, United Automobile Workers (CIO), have accepted the terms of a wage settlement proposed by the General Motors Corporation of Canada.

Earl Watson, president of the local, said Saturday that 83 per cent of the 550 GM employees in Windsor voted for acceptance. The agreement is identical to that voted on by Local 222 in Oshawa which calls for an immediate wage increase of nine cents an hour for most employees. It also includes two additional statutory holidays with pay.

The agreement also provides for a "standard of living" increase of three cents an hour to become effective next June and includes a clause increasing all wages one cent an hour for each 1.3 rise in the cost-of-living index over 164 points. The index now is 184.3.

Dr. P. MacLachlin Dead

MORGANTOWN, W. Va., July 19 (AP)—Dr. Percival MacLachlin, 40-year-old head of the West Virginia University biochemistry department, died Saturday of a brain haemorrhage. He collapsed at home, and died soon afterward in a hospital. A native of Canada, Dr. MacLachlin was educated at Queen's University, Kingston, and the University of Rochester.

NEW APPOINTMENTS IN GREEN CROSS INSECTICIDES—Herbert A. Pass (LEFT), chief entomologist of Green Cross Insecticides since 1945, has been promoted to Director of Research and Head of the Technical Department. W. Stirling McLeod (RIGHT) former Assistant Professor of Entomology at the University of Manitoba, has been appointed Chief Entomologist.

362 George N.
15 Prizes Every Week

Look for Ads Identified by a "Maple Leaf"

HOW TO WIN

Each week in the panel above, the address of some "Maple Leaf" advertiser will be shown. Contestant's task is to decide which advertiser is indicated by the address, and show the correct name on entry form clipped from this announcement.

To qualify for the contest, a receipt must be attached to each entry as proof of purchase made from any firm co-operating in this contest. You can send in as many entries as desired so long as a receipt is attached to each one. Send entries to Contest Editor, c-o this paper, to be received not later than next Saturday, 9.00 a.m.

RADIO Every Monday Afternoon at 2:15 the winners will be announced over Station CHEX and attention directed to the Whose Address? Contest Feature in that day's Peterborough Examiner.

VOL. XCVII, No. 15 MONDAY, JULY 19, 1948 PRICE FIVE CENTS

Seek To Upset Gas Station Closing Bylaw

John Russelle, service station operator announced today that he and a minority of the operators in the city had started legal proceedings challenging the legality of the bylaw passed last week by the city council.

The by-law passed on a 6-2 vote by a special meeting of the council last week, sets the hours for sale of gasoline from retail outlets within the city. The by-law becomes effective Wednesday, July 21.

Mr. Russelle mentioned that Mr. Justice Keeler McKay had quashed a Hamilton by-law closing gas stations. Among reasons given by Justice McKay in his judgment was that there was some doubt that three-quarters of the operators had signed the petition. In part he said "It is well-recognized law that when common law is abridged, this should be done with strict conformity to the statute."

At Waterloo, the city council is in the throes of the same problem as exists here.

Ask For Repeal

Five weeks ago, ten service station operators petitioned for a closing by-law which was passed. Now half that number have applied to have the by-law repealed, claiming it operated adversely on business.

Apparently motorists are buying gasoline and oil at suburban stations on the Elmira highway, close to the city limits. City Clerk Bob Given told the council that the act states council "shall" pass a bylaw regulating hours of sale when 75 per cent of the operators are in favor of it.

On the other hand council "may" repeal the bylaw at the request of only one-third of the operators.

Mayor Hilliard said gas sales had dropped "terrifically." The council gave second reading to a bill repealing the by-law, then decided they would postpone third reading for two weeks to give operators a cooling off period.

BABE IN THE WOODS

All the terrors and discomforts that beset a man lost in the deep swamp at the dead of night must have plagued a drunk on Hunter St. east Sunday night. The man decided to cross between blocks but didn't know highway drift fences had been strung to keep people off the road during the soap-box derby. He rammed the fence, seemed surprised, then charged the fence again. It gave way, and he landed flat on his face. Getting underway again the man reached the centre of the road, then changed his mind and headed back for the same side of the street. He took a diagonal course, and "bang"—hit the fence again. This time he couldn't budge it because the posts were on the opposite side. When last seen he was feeling his way west along the bottom of the fence.

Clipper Theft Results In Jail

The deafness of an accused in court here today cut short evidence in a case. George Smith of Havelock was sentenced to five days in jail when he pleaded guilty to theft of a pair of barber's clippers and a pair of barber's scissors from the home of Claire Connelly, 532 Hamilton St. The accused changed his plea in the middle of the trial from not guilty to guilty.

Evidence had just been heard from Howard Gerow of Norwood. Defence counsel James Dunn asked the court a few moments later that, as the accused had not heard Gerow's evidence, he would like to "take him in a room for a minute" and explain it to him.

The testimony of Connelly, Gerow and Det. William Clarke was that the accused, with Gerow, had been doing painting work in the basement of Connelly's home when the barber's implements were stolen.

Later, said Gerow, he had noted that the accused had a new haircut, which he said had been given to him by his wife. After this, when he heard that the clippers and scissors had been taken, Gerow reported the two facths. On a search warrant, both articles had been found in Smith's home in Havelock and had been identified by Connelly.

SHED BURNED

A back shed was completely gutted and a nearby, partially-demolished garage was damaged by fire which broke out early Sunday morning at the home of Mrs. Marjorie Clark, 461 Elm St. Mrs. Clark was on vacation at the time. Cause of the blaze and full extent of the damage have not yet been ascertained.

Five Accidents Reported; One Person Hurt

Five car accidents were reported over the week-end in the city and suburban area, and only one person was injured.

Miss Priscilla Donohue, 585 Aylmer St., suffered face cuts and bruises when her crashed through the windshield of her husband's car at the Aylmer-Hunter St. intersection. The car was being driven by Wallace Donoghue and was involved in a collision with one driven by George Ayling, 29 Hickson Ave., Kingston. Dr. J. M. O'Brien attended Mrs. Donohue in his office. This accident took place Saturday evening.

Two miles east of the city on highway 7 near the Keene Road, two cars being driven in opposite directions by W. McMillan, RR 7, Peterborough and Wm. Leahy, 161 Clifton St. were involved in a sideswipe collision. Damage to both cars was extensive, and charges will be laid. Provincial Constables Stevens and McKenzie investigated. The mishap took place at 12.30 a.m. Sunday morning.

Cars driven by Charles Osborne 281 Townsend street and Victor Fothergill, 558 Harvey street were in collision at the Water St.-Charlotte intersection at two o'clock, Saturday afternoon. City Constable G. B. Shaw investigated and reports considerable damage to both cars.

Both With Green Light

A rather odd accident took place at 6.30 Saturday evening, when a car north-bound on Water St., and driven by Dan Thompson, Lasswade, struck an east-bound city bus at the intersection. Graham Strickland, driver of the bus, claims he was travelling on the green light, and seven passengers substantiate his story. On the other hand, Mr. Thompson says he was on the green light. Traffic Officer Clare McGillen investigated and it is likely a charge will be laid.

Traffic Officer Harold Mesley covered another accident at the Chemong Road where Stewart St. meets Reid. A car southbound and driven by Mrs. Marion Webster, 734 Water St., was in collision with a north-bound car driven by Howard Clarke, RR 1, Peterborough. Considerable damage was done to both cars.

Hit-And-Run Driver Held In Bowmanville

Effectiveness of the radio network in law enforcement was demonstrated Saturday night, when a hit-and-run accident was reported from Bailieboro.

Mrs. Charles Barnard of that village reported to Provincial Police that a car owned by her husband, and which had been parked on a road leading into highway 28, had been struck by a car which kept on going. She gave Constable L. Brown the license number, and he telephoned to Belleville district nine headquarters for a radio broadcast. Soon after this report was circulated, Provincial Constable Cowell, of Bowmanville, reported the arrest of the driver.

Paul G. Golina, 610 Sudan Ave., Toronto, was found driving the car reported responsible for the Bailieboro mishap.

Constable Cowell advised Peterborough police that Golina is also blamed for a hit-and-run accident on highway two a short time after the accident was reported from Bailieboro.

He will face charges in Bowmanville court on Tuesday, July 20.

INSTINCT

A cockroach, even when blinded, shuns the light and scuttles into the dark.

SOAP-BOX SPEEDERS kept a crowd of thousands on their toes Saturday night as the juvenile drivers whizzed down a marked course at speeds better than 40 miles an hour. Winning entries were swamped by admiring crowds of youngsters. The speed-car of third-place winner Gerald McMurray (Left photo) is the subject of inspection by six-year-old Jimmy Fairs and little Miss Mary Moher. "Where's the fire, bud?" asks Traffic Officer Claire McGillen of first-place winner Richard Miller (Centre photo), as more of the "racing younger set" crowd around to offer congratulations. Again (Right photo), Champion Richard shows the proper way to crouch over the miniature steering gear at the break-neck speeds down Hunter St. hill.

Soap Box Derby Winner Travels Course In 43 Secs.

Several thousand people on Saturday evening watched the second annual Soap Box Derby, sponsored by the Y's Men's Club, which was won by 14-year-old Richard Miller, of 783 Lock St. He covered the quarter-mile course down the Westclox Hill and along Hunter St. in 43 seconds at an average speed of 21 miles an hour and with a top speed of about 40 miles an hour.

Eleven-year-old Herb Jackson of 166 Parkhill Road, was second with a time of 46 seconds. He was the only competitor in Class I for boys from 9 to 11 years, and it was therefore agreed to run Class I and Class II, for boys from 12 to 16 years, as one race.

Crashed Into Fence

In the first trial run of the evening, Paul McMurray lost control and crashed into the snow fence erected at the side of the road. His car overturned breaking the steering gear and front axle and damaging a rear wheel. He suffered only slight cuts, but as a result of the damage to his car had to withdraw from the race.

The only other accident during the races happened when winner Richard Miller became caught by the rope stretched avross the finish, as he was being towed back to the start for the final race. His neck was badly bruised, but he carried on to a successful final.

One other entran, Don Ash, withdrew from the race because of a defect discovered during his trial run, so that there were finally only six competitors. Three heats were run, at the end of which the winnings cars were towed back to the top of the Westclox Hill, where eager young mechanics made last minute overhauls prior to the final race.

All the cars were of a very high standard and there was little to choose among them. This was proved in the heats and final race, when the times were very close. The winning car was beautifully made, however all cars showed that a great amount of work had been spent on them.

Presented Prizes

Ken Jackson, past president of the Y's Men's Club, presented the prizes to the winners. A silver cup and a bicycle went to Richard Miller and Herb Jackson, first and second, and winners in Classes II and I respectvely. Fifteen-year-old Gerald McMurray, who was third in the final race, received a fishing rod, reel and line and a softball glove and ball.

Ald. Max Swanston, Ald. Hurrell Dodds, Ken Jackson and Ralph Greenhill were judges. Joseph Rowan was chairman of the committee which organized the Derby.

The times were:

First heat: Herb Jackson, 44 secs.; Hugh Pollard, 46 secs.

Second heat: Richard Miller, 42 secs.; Raymond Cole, 47 secs.

Third heat—Gerald McMurray, 47½ secs.; Leland Finn, 51 secs.

Final: Richad Miller, 43 sers.; Herb Jackson, 46 secs.; Gerald McMurray, 48 secs.

Obituary

JEAN ELLEN FERGUSON

Word was received in Peterborough today of the death in London on Sunday of Jean Ellen Ferguson, younger daughter of Mr. and Mrs. W. L. Ferguson of Strathroy.

Born 21 years ago in Peterborough Miss Ferguson went with her parents to Strathroy when Mr. Ferguson purchased a woollen mills there four years ago.

The funeral will be held from St. Andrew's Presbyterian church, Strathroy, on Wednesday at 2.30 p.m.

Build Addition To Examiner

Excavation for an addition to the Peterborough Examiner building on the east side of the existing building on the Hunter St. site started this morning.

The building is made necessary because of crowded conditions in all departments of The Examiner. It will be a two-storey 40 x 40 brick and concrete building with basement and will have a steel frame. There will be a flat tar and gravel roof. General contractor is Charles Huffman.

Radio station CHEX and a portion of the editorial department of The Examiner will take over the new buiding when completed.

Chandos Ex-Reeve Fred Bullied Dies

Reeve of Chandos township for 16 years, Frederick James Bullied died in Apsley hospital on Sunday after a long illness in his 74th year. For years, Mr. Bullied farmed and worked as an auctioneer in Peterborough county,

FRED J. BULLIED

and at one time lived at 715 George St. He was the son of the late Richard Bullied and Elizabeth Reynolds, and husband of the former Catherine A. Tucker. He lived in Chandos most of his life, except for nine years spent in Peterborough.

He is survived by his wife, and four daughters, Alice, at home; Mrs. A. W. Bailey (Agnes), Eden, N.Y.; Mrs. G. R. Vandenburg (Jean), Galt; Mrs. Donald W. Moore, Peterborough; one son, John Ross, Buffalo, N.Y.; six grandchildren, Patricia Bullied, Donald L. and Mary Jane Bailey, Barry and Richard Vandenburg, Alice Lorene Moore; one sister, Mrs. Fanny Jackson, Newcastle; and one brother, Jack, of Winnipeg.

The funeral service will be held at 1.30 p.m. on Tuesday at Trinity United Church in Apsley, Rev. J. R. R. Cooper officiating. Burial will be in Clydesdale Cemetery.

LABOR COUNCIL MEETS

Recommendations from the executive on Labor Day activities will be the chief item on the agenda at the bi-monthly meeting of the Allied Labor Council to be held on Tuesday at 8 p.m. in UE Hall, George St. These will be discussed by the members and a program drawn up.

Twister Strikes Pleasant Point; Trees Are Down

LINDSAY, July 18.—(ENS).—For the second time in three months a Sturgeon Lake summer resort was struck by a small 'twister" Saturday midnight when heavy winds, lightning and a downpour of rain hit the Pleasant Point area, felling trees, scattering debris and downing Hydro lines. Sweeping in from a north-westerly direction across the lake "this twister" first hit he summer home of T. Bowman of Toronto, where a huge tree was lifted out by the roots. It then missed several cottages and felled three trees at the Myers' summer home, one pine falling between two cars which were only ten feet apart. The property of E. D. Fee, Lindsay, came nex and several lots distance more trees were broken off near the top. An 80-foot pine was picked out of a clump at Hi Meehan's cottage and in falling took a tree down on the property of Mr. J. Dow of Toronto. Another large pine fell in front of the cottage of W. G. Graham and the big tree bearing the sign "The Inn" was also toppled.

The twister then hopped across a wide road, carried two more trees down and fell a couple of large trees at Andrew Robertson's apartments, damaging Hydro wires. It then skipped to the property of Dr. H. I. Irvine, bringing down a small tree across the cottage. A 60-foot flagpole at Col. R. I. Moore's dock was cut in three pieces and a boat at J. Tattersali's cottage was lifted clean off the small wharf and carried into the lake. The "twister" then lifted and spent itself in the Sturgeon lake near Bobcaygeon.

No one was injured during the brief visit of the winds, rain and lightning, but many residents scurried around in their pyjamas hauling in boats, recovering deck chairs and moving cars from underneath trees.

Ontario Provincial Police Constable who was at the Point with Corporal Russell Taylor at the time said that the twister shook their cottage. Several trees which fell across Hydro lines were smoking and it was found necessary to call the lineman at Dunsford to shut off the power. Constable Dennison thought if rain hadn't accompanied the winds and lightning it was possible fires might have started in the wooded areas.

On April 20 a similar "twister" hit the Bobcaygeon area at the north-east corner of Sturgeon lake, uprooting trees, smashing boathouses and cottages.

Burleigh Falls Woman Injured In Crash

Mrs. T. Gordon, Burleigh Falls, was admitted to hospital late Saturday night following a two-car crash one and a half miles north of the vilage on highway 36.

Provincial Constables G. W. J. Stevens and J. S. McKenzie, who answered the call found two cars had sideswiped. One was driven by Mrs. Grace Ireland, 303 King St., Peterborough, and the other by Mark Edwards, Burleigh Falls. In the car with Mr. Edwards were Mr. and Mrs. T. Gordon and N. McMahon, R.R. 10 Peterborough.

When police arrived Mrs. Gordon was having trouble breathing because of a chest injury sustained at the time of the crash. She was rushed to hospital by Constable Stevens and her condition is reported good.

MAIN ST. TOPICS

Y'S MEN'S CARNIVAL

A large crowd attended the second day of the Y's Men's Carnival on Saturday evening. The $50 attendance prize was won by Mrs. J. Welbourn, of 93 Aylmer St.

PEDESTRIAN CROSSINGS

Yellow lines to indicate pedestrian crossings on city streets are being repainted. These will serve as a reminder to people on foot not to jay-walk.

AN ODD FIND

Provincial police report that Henry Ferguson found a green colored punt lying submerged in the canal filled with stones, north of the low bridge. The punt is now at the CPR freight sheds, where Mr. Ferguson works.

STOP LIGHT SLOW

Motorists who go through the automatic signal light at Water St. and Parkhill Rd. complain that the light there is slower than others in the city. But the Utilities Commission says no. That light has the same timing as any other in the city, they say.

LOCKED IN LIBRARY

An unknown man was locked in the Public Library on Saturday night when it closed at 8 p.m. About 8:30 p.m. he telephoned W. L. Graff, chief librarian, and when Mr. Graff opened the door, the man who was apparently embarrassed over the situation quickly dashed out and disappeared from sight.

TWO CARS DAMAGED

A car owned and driven by Alfred E. Cole, Buffalo, N.Y., and another driven by Lloyd Crapp, Lakefield, tangled at the Mt. Julian turn, Highway 28, Sunday afternoon. Mr. Crapp was proceeding north on the highway and the American was coming from Mt. Julian. Vehicle damage was extensive but no person was hurt. Provincial Constables W. K. O'Shaughnessy and A. R. Edwards investigated.

TWO SWAMP FIRES

Spontaneous combustion is believed to have been the cause of two fires over the weekend in the swamp adjacent to the Dixie Mills on Erskine St. The area is being filled in with a mixture of earth and sawdust as well as tin cans. Shortly before noon on Sunday and shortly after 7 a.m. today fires broke out there and had to be extinguished by the fire department. Early on Sunday afternoon a grass fire was reported in a vacant lot owned by the Quaker Oats at the foot of Hazlitt St.

Rapid Progress Being Made On Causeway

Rapid and satisfactory progress is being made building the causeway across Lake Chemong, according to an official of the Thompson Construction Company, which has the contract to put the rock fill in the lake.

The work started just over two weeks ago, and besides filling and widening the Ennismore side approach, 175 feet of the causeway proper has been completed. The causeway is being dumped so that the centre of the fill forms a point. This serves to force the mud in the bottom to the sides. Already there are two tall cones of mud and logs visible to the right and left of the fill. This sifts each day, the mud falling back and serving as a binder along both sides of the rock fill.

Forced To Surface

Logs which have lain embedded in the mud for years are being forced to the surface, as the filling progresses.

Work on widening of the approach at the Ennismore side from Connors' corner has been halted to give the Ontario Hydro time to change the route of a submarine cable which carries power to Ennismore township. Between the spot where the cable crosses and the start of the causeway, the approach has been completed except for top dressing.

Discussion among farmers in the township centres on what will be done about the swing span which is to be retained as part of the causeway. Farmers claim this bridge has a gross weight limit of four tons, and they say the rock fill causeway will carry loads up to 100 tons. A bulldozer and trucks are working on the filled portion now, and there is no sign of any settling so far.

SUFFERED LOCKJAW

Edward Maloney, Douro township farmer is reported making good progress in St. Joseph's Hospital, and is suffeing from an uncommon ailment. He stepped on a nail while building a barn on his farm, sometime prior to Tuesday last. On Tuesday Dr. J. M. O'Brien was called and rushed him to hospital. He has tetanus (lockjaw), but is responding to anti-tetanus injections.

Gifts for the kitchen and pantry were brought to the home of Mrs. Harry Rome for a shower at which Mrs. Arthur Brockley and Mrs. Gordon Huggins were co-hostesses with Mrs. Rome. A presentation was made by her associate workers at A. Wander Limited at the home of Miss Betty O'Brian in Millbrook.

THIS SLENDER BLACK sheer dress will carry you graciously from warm summer into cool fall days. Notice the slenderizing effect of the black satin peplum. Rounded flap pockets are set onto the peplum, two in front and one on each side for extra flare.

Mr. E. R. Fee of Detroit, Michigan, is holidaying with his brother, Mr. Victor Fee, Lock St.

✧ ✧ ✧

Miss Adele Fitzgerald of Kingston spent the week-end with her parents, Mr. and Mrs. N. A. Fitzgerald, King St.

✧ ✧ ✧

Miss Lois Woods and Miss Olive Murphy, Stormont St., are spending their vacation in Halifax, NS, guests of the latter's parents.

✧ ✧ ✧

Miss Ann Webb, 270 King St., is at the YWCA Camp Inglestane, Stony Lake, for a two-week holiday.

✧ ✧ ✧

Mr. Grant Smedmor of Toronto was a week-end visitor with his mother, Mrs. P. Smedmor, Murray St.

✧ ✧ ✧

Mr. and Mrs. Cameron Gorrie of Verdun, Quebec, and Mrs. D. Y. Gorrie, of Vancouver, BC, have been guests of Mr. and Mrs. N. A. Fitzgerald, 283 King St.

✧ ✧ ✧

Miss Marion Brown, 661 Armour Rd., has returned to the city after spending the past ten days as swimming instructor at the CGIT Camp Tillicum on Lake Nipissing near North Bay.

✧ ✧ ✧

Out-of-town guests at the Smith-Brockley wedding in Mark St. United Church on Saturday were Mr. and Mrs. A. F. Lickley of Toronto, Mr. and Mrs. L. M. Curtis of Omemee, Mr. and Mrs. C. Brooks of Ottawa, Mrs. A Stone of Walford, England, Mr. and Mrs. G. Mapes of Hartsmere.

✧ ✧ ✧

On the occasion of his third birthday, Friday, July 16, Jimmie Colmer, son of Mr. and Mrs. Rollie Colmer, 245 London St., entertained his little playmates at a jolly party. Those present were Catherine Aherne, Joan Rowe, Allan Andrew, Terry McHugh, Billie Osborne, Lloyd Rowe and Ronnie Earle.

✧ ✧ ✧

Miss June Weaver, Park St. N., entertained at a miscellaneous shower for her sister, Mrs. J. E. Gaskell, nee Isabel Weaver, prior to her marriage Saturday. Those present were Mesdames H. Weaver, S. Weaver, J. Weaver, M. Tedford, P. Sanders, Misses Marion Patterson, Dorothy Godfrey, Betty Godfrey, Muriel Miles, Beverley Carveth and May Weaver. Unable to attend were Misses Audrey Killingbeck, Anne Cairns and Audrey Patterson.

✧ ✧ ✧

Hold Weiner Roast

HASTINGS, July 19. (ENS) — Master Teddy Baker celebrated his 6th birthday last Thursday afternoon with a wiener roast at their summer cottage.

Those present included Donald, Gary and Harold Wilson of Toronto, Bobby and Billy Jones, Stanley Fisher, John Glenny, Peter Crate, Russell Radcliffe, Gary and Jimmy MacEvoy.

✧ ✧ ✧

Birthday Party Held

HASTINGS, July 19. (ENS)— Janet Emily Smullins celebrated her 3rd birthday last week with a graden party.

Games were enjoyed and before supper each child either sang or danced. The table was set under the trees with a huge birthday cake in the middle. Those present included: Lorna and Phyllis, Wellman, Vivian Calberry, Bobbie and Ronnie Scriver, Catherine and Charles Potten, Bobby, Shirley, Carol and Melvin Smullens.

Mrs. York Calberry assisted. Mrs. Arthur Smullins with the serving of sandwiches, cake and ice cream.

Reunion Marks Anniversary

A very pleasant family re-union was held Saturday afternoon at "Wistful Vista," Chemong Lake, the summer home of Mr. and Mrs. Wm. Naish who were celebrating their 21st wedding anniversary Swimming, races and ball games were enjoyed during the afternoon, and a sing song after supper. Those attending were: Mr. and Mrs. H. Naish, Mr. and Mrs H. Gray, Mr. and Mrs. Frank Gray, Vicky, Anne and Jane, Mrs. J. Goodson, Mrs. G. Bryatt, Mr. and Mrs. G. Webb and Bob, Mr. and Mrs. W. Northcott, Mr. and Mrs. O. Stephens, Donald, Judy and Bob of Woodstock, Mrs. A. Bond, Misses Marlene Thomas and Margaret Parnell.

Four Attend Rosina Brockley In Wedding Ceremony

In Mark Street United Church on Saturday afternoon, Miss Florence Rosina Brockley and Mr. Donald Goodwin Smith pledged their marriage vows before the Rev. E. W. Rowland. The bride is the only daughter of Mr. and Mrs. F. W. Brockley, and the groom is a son of Mr. and Mrs. Jack Smith, all of Peterborough.

A floral background setting for the ceremony was formed of hydrangea, madonna lilies and sweet peas. Mrs. A. E. DeNure at the organ played wedding music and accompanied Miss Nicolette Humphrey as she sang "I Love You Truly" before the service began, and "The Lord's Prayer" during the signing of the register.

The bride was given in marriage by her fother and attended by her sister-in-law, Mrs. Gilbert Brockley, as matron of honor, Misses Helen Warner and Eleanor Cameron as bridesmaids, and her niece, Miss Judith Brockley, as flower girl. The groomsman was Mr. Gilbert Brockley and ushers were Bill Johnson and Arthur Brockley.

A wedding gown of French Chantilly lace in white was the bride's choice. The moulded bodice had a high round neckline with inset yoke of nylon, embroider with seed pearls and crystals, long sleeves pointed at the wrists and a full skirt falling into a long train. She wore a finger-tip veil of white silk net caught to a wreath of orange blossoms and she carried a bouquet of Rapture roses.

Rose bengaline fashioned the matron of honor's gown styled with sweetheart neckline and short puff sleeves. The bridesmaids were frocked in pale blue brocaded taffeta designed with portrait necklines and bustled skirts. Each had gloves of the same material as their dresses and they wore halo hats of matching net. The little flower girl wore a floor-length dress of pale green flowered organdy with Peter Pan collar and her hat was of the same material. All carried bouquets of roses and sweet peas in pastel colors.

For the reception at her home Mrs. Brockley, the bride's mother, chose a gown of yellow printed silk and a black straw hat. Mrs Smith, mother of the groom, was attired in mauve printed silk with hat of black straw, and each had a corsage of mauve sweet peas and yellow roses.

When going away later the bride changed to a two-piece dress of navy and wore white accessories. Mr. and Mrs. Smith will make their home in Peterborough.

Faculty of Music Results Of McGill University

The following are the successful pupils in the examinations conducted in Peterborough by the McGill University, Faculty of Music.

Licentiate, semi-final Class A—Mrs. Cristabel Kilborn, Counterpoint, Canon and Fugue (H), Form and Analysis (P).

Mary W. Lackey and Kenneth S. Madill have both completed the full requirements of their respective exams for the degree of Associate of Music.

All are placed in order of merit: (H.D.) High Distinction, a mark of 90 to 100; (D), Distinction, a mark of 80 to 89; (H), Honors, a mark of 70 to 79; (P) Pass, a mark of 60 to 69. Frederic G. Mann, L.Mus., Hon. Local Secretary.

Trent River Gives $50 to Vault Fund

TRENT RIVER, July 19. — (ENS).—Trent River branch of the Women's Institute met at the home of Mrs. Francis Ruttan Thursday afernoon. Mrs. Earl Greenly, president, was in the chair.

Fifty dollars was donate to the cemetery vault fund.

Mrs. Ross Pollock, Mrs. R. W. Umphrey, Mrs. Frances Ruttan and Mrs. Eric Little were named as a committee to make arrangements for a progressive bridge and euchre party.

Mrs. Melville Wight, district director, gave a detailed report on the district meeting at Apsley. Five dollars was voted as a donation to the district.

Mrs. Eric Little was convener for the program which included piano solos by Mrs. Frank Openshaw and Mrs. Harry Pollock. Mrs. Harry Mann had on display a hooked rug and an appliqued quilt and gave instructions on assembling and finishing. The sale price of the quilt is $50 and the hooked rug $20.

Winners of the song contests were Mrs. Rose Pollock and Mrs. Melville Wight.

Lunch was served by the hostesses, Mrs. Charlie Taylor, Mrs. Harry Pollock and Mrs. Frances Ruttan.

The August meeting will be at the home of Mrs. Ross Pollock.

Home Baking Sale Well Attended

HASTINGS, July 19—(ENS)—The sale of home baking sponsored by the Presbyterian Ladies' Aid group held on the spacious lawn of Mrs. Reta Johnson's Grandview tuorist home on Saturday afternoon was very successful with hte ladies taking in close to $40.

The ladies behind the table were Mrs. Johnston, Mrs. W. Whitred, Miss L. Humphries, Mrs W. E. Wilson, Mrs. V. Moore, Mrs. S. Whitred, Mrs. H. Johnston and Mrs. Reta Johnson.

Isabel Weaver Bride of John E. Gaskell

Summer flowers with ferns decorated St. George's Anglican church Saturday for the wedding of Isabel Autumn, daughter of Mr. and Mrs. H. Weaver, to John Edward, son of Mr. and Mrs. J. Gaskell, all of Peterborough. The ceremony was performed by the Rev. E. C. Moore. Music for the occasion was played by Mr. John Hodson.

The bride was given in marriage by her father, wearing a gown of white satin with nylon yoke, long sleeves that tapered over her hands and a full gathered skirt. Her finger-tip veil of white net was caught to a halo of orange blossoms and she carried red roses. Miss June Weaver was bridesmaid for her sister. She wore mittens to match and a bandeau of flowers in her haair with shoulder veil of blue net, and carried a nosegay of pink roses.

The groomsman was Mr. Lewes Gaskell and ushers were Jim Weaver and Sidney Weaver, brothers of the bride.

At the reception afterward in the church parlors, Mrs. Weaver was receviing with the bridal party, gowned in grey crepe with white hat. Mrs. Gaskell was assitsing and also wore grey crepe with accessories in navy. Each had a corsage of pink carnations.

When leaving later on a wedding trip to Grand Bend the bride was weaing a dress of fine gabardine and white accessories. On return Mr. and Mrs. Gaskell will live on Montrose Ave.

Doherty-Martin Rites Performed

At Sacred Heart Roman Catholic Church Saturday morning Viona Mamie, youngest daughter of Mr. and Mrs. George Martin, was united in marriage to Dennis Joseph, son of Mr. and Mrs. Joseph Doherty of Kinmount, with the Rev. G. Sullivan officiating at the mass. Flowers on the altar table were gladioli and phlox, and Mr. J. Armstrong was playing traditional wedding music. During the signing of the register, Miss Helen Cummings sang 'Panis Angelicus.'

The bride was given in marriage by her brother, Mr. Frederick Martin. She wore a gown of white sheer marquisette with off-shoulder neckline, caught in gathers with seed pearls. Her veil of fine white net fell in a long sweeping train from a wreath of orange blossoms and she carried a streamer of red roses.

The wedding attendants were Miss Margaret Cumming, maid-of-honor; Miss Marie Doherty, sister of the groom, bridesmaid, and Sonja McNamara as flower girl. The maid-of-honor wore a frock of blue net over taffeta and the bridesmaid's dress was of pink bengaline. Their hats matched the gowns and they carried bouquets of yellow and pink roses. The little flower girl's hat and dress was of yellow taffeta and she carried a cascade of sweet peas.

Mr. Gordon Doherty was groomsman for his cousin and ushers were Preston and David Martin, brothers of the bride.

For the reception in the Empress Hotel the bride's mother wore a dress of blue flowered crepe and a white hat. The groom's mother was attired in grey with navy hat and each had a bouquet of sweet peas at the shoulder.

For a wedding trip to Toronto and Rochester the bride donned a two-piece dress of shantung with matching accessories. On return they will live on Monaghan Road.

Mullan-Bogle Vows Taken In Orchardville Home

NORWOOD, July 19 (ENS).—The marriage of Clara Jean, youngest daughter of William Bogle and the late Mrs. Bogle of Newton, to James Bernard, son of Mr. and Mrs. James S. Mullan of Norwood, was solemnized at the home of Mr. and Mrs. Boyd Latremouille in Orchardville on Saturday evening. The Rev. P. W. MacInnes officiated at the ceremoney. Music from Lohengrin was recorded and "Because" was sung during the signing of the register. Fern, lilies and summer flowers formed a charming setting.

The bride was given in marriage by Mr. A. E. Buckles and wore a wedding gown of white silk bengaline. The draped bodice had ruching around thesweetheart neckline and a large flower embroidered in the draping at the waistline. She wore white lace mittens and a finger-tip veil which fell from a bandeau of ruching, and carried American Beauty roses.

Miss Rose Buckles, her only attendant was gowned in mauve with matching lace mittens and a flowered headdress. Her bouquet was of yellow roses.

Mrs. Gerald Wagner of Londdon, the bride's sister, received, wearing a navy blue ensemble with corsage of pink and white carnations. She was assisted by white and blue printed dress and the groom's mother who wore a corsage of white and wine carnations.

At the buffet luncheon, a three-tiered, pillared wedding cake in a setting of tulle, was on the bride's table.

Later the couple left for a wedding trip to southern Ontario, the bride travelling in a navy blue gabardine suit with white accessories and corsage of pink and white carnations. They will reside in Durham.

Lefly-Reynolds

A pretty wedding took place in Norwood United church parsonage when the Rev. E. Pugsley officiated at the marriage of Ruby Grace Reynolds and Alfred Marcus Lefley. The bride is the daughter of Mr. and Mrs. John Reynolds, of Lasswade, and the groom the son of Mr. and Mrs. W. Lefley of Peterborough.

The bride wore a pale blue street length dress with white accessories and a corsage of red roses. Her attendant, Mrs. Marvin Baker, wore white with gold accessories and a corsage of yink roses.

Mr. Marvin Baker attended the groom.

Mr. and Mrs. Lefley will reside in Peterborough.

INDIAN CEREMONY

NIAGARA FALLS, Ont. July 19. (CP)—Mindful of ancient rights, Indians from both sides of the border paraded Saturday across the whirlpool rapids bridge in a "free" crossing of the international boundary. In the centre of the bridge a ceremony was held in which Chief Clinton Rickard presented Alderman Harry Parm of Niagara Falls, Ont., and Acting Mayor Wilbur S. Connell of Niagara Falls, Ont., with handmade moccasins.

Of Interest to Women

DOROTHY DIX

Changing Romantic Moods Due to a Male Instinct

DEAR MISS DIX: You have overlooked explaining the following psychological mystery, which is: How and why after a man most solemnly and sincerely promises to love and cherish the bride of his choice throughout their lives, does he, within a year, fall out of love with her and forsake her?

Dorothy Dix

CURIOUS

✧ ✧ ✧

ANSWER: Nobody on earth, not the most learned psychologist, knows the answer to that $64 question. You can find a thousand explanations of the phenomenon, but none of them can be guaranteed to work.

There are men who are faithful through a lifetime to wives who mistreat them in every possible way, and there are other men wedded to wives who are perfect angels who lose their taste for them before the honeymoon is over.

Divorce costly

Any way you take it, marriage is a serious business. Even when a wife doesn't come up to all of her husband's expectations, getting rid of her is a difficult job. It costs money to get a divorce. Even a decree absolute has to have some sort of backing other than a husband just saying he is tired of Mary Jane and would like to swap her off for another wife. And even a short-lived marriage calls for much unpleasant gossip. So it would seem that almost any man would stop, look and listen before he leaps into marriage and would be certain that he did want his prospective bride for keeps.

But seemingly husbands' taste in wives changes from day to day and the girl Romeo was enamoured of one day, he won't even have on a bet the next. And, so far as I know, there is no adequate explanation of why this is thus. Maybe it is just a phase of the masculine love of trading that makes little boys swap marbles, and grownup men to be always wanting to trade in last year's car for a new model.

✧ ✧ ✧

DEAR DOROTHY DIX: I am a young man of 20 and cannot seem to make a decision on anything. While in the army I was very homesick and wanted to return home to mother's apron strings. Two and a half weeks I left home to go to Kansas City to take up a course in Aeronautical Science, but again I was bitten with homesickness and after exhausting my supply of money I wrote home asking whether to return or not. I came back home, but I am very unhappy, although I am offered a position by a large airline in Boston.

What shall I do?

J. D. M.

✧ ✧ ✧

ANSWER: You do not seem to have enough stamina even to have sufficient nerve to snip at Mother's apron string still less cut it, so it is folly to offer you advice. You will always run back home to Mother, though you know it is wrecking your life to do it. There is nobody for whom I have greater pity than those weaklings who have the intelligence to see the right way, but lack the courage to follow it.

I think your parents must be responsible for your being such a baby, and my advice to you is to get away from them until you can make a man of yourself.

✧ ✧ ✧

DEAR MISS DIX: I have been going with a man for three years. He is 24 and I am 21. He has two more years of college and we couldn't get married for three or four years. Here is my problem: During all of this time he has never told me that he loved me or asked me to marry him. Once I questioned him and he said he wanted to be sure before he said anything, but that if I ever went with any other boy he would never come to see me again.

Should I wait for him to decide what he wants to do, or should I go out with other men?

UNDECIDED

✧ ✧ ✧

ANSWER: When a man goes with a girl for several years and monopolizes her completely, yet never speaks of love or pops the question of marrying her, and she is lacking in gumption if she doesn't break off all of her relationship with him. She is wasting time and opportunity.

THE STARS SAY . . . . .

By GENEVIEVE KEMBLE

For Tuesday, July 20

The astral indications must be read as continued situations of duplicity, fraud and all manner of underhand and treacherous circumstances, affecting business, financial, and family life. Besides putting the feelings and emotions under pressure and strain, the mentality may also be confused, variable and impressionable. Likewise the judgment may be so vacillating as to beget worry, error, anxiety, under stress of angry words and acts.

For the Birthday

Those whose birthday it is, are urged to work on a plan of action based upon principle, integrity, and honesty not on a policy of expediency, trickery and subterfuge. The general tenor of events is toward treachery, with pernicious undercurrents which are difficult and chaotic. The emotions, and feelings, may be wayward and impulsive, possibly eccentric or erratic. This may overrule good judgment, since the mind is quite irresponsible, unreasonable and impressionable. All forms of indiscretion, deceit, and hypocrisy could prove disastrous.

A child born on this day may have a variable and complicated career, in which it may be overwhelmed by its inner urges rather than sound judgment and high principle.

Marmora News

Dr. Norman Page and mother of Toronto and Mrs. Watson of St. Petersburg, Fla., were guests of Rev. J. M. Brownlie and Mrs. Brownlie on Friday.

Mrs. Henry Melville, Havelock, has been spending a few days with Mrs. J. B. Nichol.

Miss Grace Warren is holidaying with relatives at Chemong.

Buyers of Cosmetics Turn From the Luxury Lines

By DOROTHY CAREW

NEW YORK, July 19—(AP)—Despite the high cost of living, women in the United States are spending about $300,000,000 more a year for cosmetic than they did in 1939.

And the industry is busy developing ideas to make them spend still more. Many companies are redesigning containers, improving store counter displays, introducing new products and offering consumers price concessions.

Cosmetics sales skyrocketed during the war. By 1946 they had reached a record high of between $699,600,000 and $853,999,999. Then they slumped a bit from the peak, but industry leaders say a new upward sales trend is in the making.

Beauty Fashion Magazine, a trade publication, predicts that "higher sales figures than those reported in 1947 soon will become the rule and not an exception, as they are now."

During the war the accent was on luxury goods. High priced perfumes; expensive cosmetic kits and other gift items were popular. Fancy toiletries for men boomed.

Last Christmas the picture changed. Other types of gifts were plentiful and consumers were pretty well stocked with fancy toilet goods. Cosmetic departments suffered.

Total sales of cosmetics and toiletries were off somewhat during 1947. Estimates of the decline range from three to 15 per cent. They continued to lag this Spring.

"The industry has been through a period of readjustment," said Charles Pennock, president of the Toilet Goods Association. "Indications now are that sales this year may move to a new high."

Selective Buying

Consumer buying has readjusted, too. Women have turned from luxury goods to lower-priced creams and lotions. They have spent more for home skin and hair care, and have cut down their visits to the beauty parlor.

Home permanent wave sets have sold in increasing numbers. One big producer said sales should exceed 30,000,000 units this year. There has been an increased demand for shampoo.

"It looks as though products for hair care will become a major part of the cosmetic industry, ranking with skin treatment," said Drug and Cosmetic Industry, a trade publication.

Reflecting that trend, several major companies have introduced new shampoos. Others have entered the home permanent field.

Lever Brothers, soap manufacturers, during the year added cosmetics, a home permanent and shampoo to its other products.

In line with presentation of cosmetics as utility items rather than luxuries, a newcomer to the field, Allied Home Products Corportation of Beloit, Wis., is selling them in grocery stores.

Nathan C. Levine, president, said the company's winsome cosmetics division will sell its line of 10 beauty items through groceries exclusively because they have daily consumer traffic which surpasses that of any other type of retail outlet.

R. D. Duncanson Ordained At Norwood

NORWOOD, July 19.—(ENS). — Ordination of Robert Duff Duncanson into the ministry and induction into the charge of Knox Church, Havelock, and St. Andrew's Church, Norwood, was held in St. Andrew's Presbyterian Church on Wednesday evening with a large congregation present for both churches concerned. Members of the Peterborough Presbytery were in charge.

Rev. J. A. Ralston of Campbellford led the devotional service.

The ordination ceremonies were performed by the Presbytery, with the moderator, Rev. W. A. McKay of Cobourg, in charge. He called on Mr. Ralston, interim moderator, to narrate the steps leading to the call. He gave a brief resume of the change made in the pastoral charge, formerly consisting of Havelock, Norwood and Hastings. Havelock and Norwood now form one charge and Hastings joins in with Warkworth.

James Dutton Speaks

In the charge to the minister, Rev. C. A. Mullin of Warkworth told the new minister of his duties and responsibilities.

The address to the congregation was given by Mr. J. Dutton of the Peterborough Presbytery, who reminded members and adherents of their responsibilities to their minister, and asked respect, encouragement, cooperation and support. He closed with a plea for attendance at church services.

The benediction was pronounced by Mr. Duncanson.

A reception was held in the Sunday school room following the service, and Mr. and Mrs. Duncanson were introduced to the members of both congregations present. The tea tables were tastefully arranged and decorated with flowers and lighted candles. Refreshments were served by the ladies of St. Andrew's Church.

During the reception Mrs. Duncanson was the recipient of a bouquet of flowers, presented by Miss Janet Burtt on behalf of the congregation.

Mr. Duncanson has been supplying the pulpits of St. Andrew's, Bowmanville, and Newtonville for the past two year while completing his work in divinity at Knox College, Toronto.

Mr. Duncanson came to Canada from Stirling, Scotland. He studied for the ministry at McMaster University, Hamilton, and Knox College, Toronto. His course was interrupted by six years as instructor in the RCAF. He retired from the RCAF in 1946 and since then has completed his course for the ministry.

Out-of-town guests at the ordination and induction were: Col. and Mrs. L. T. McLaughlin, Mrs. D. Ferguson, Mr. and Mrs. E. W. Crawford, Miss L. Scott, Miss F. Galbraith, Mrs. A. Honeyman, Mrs. J. Coyle and Miss Jean Coyle, all of Bowmanville.

Report Abortion Ring Active In Vancouver

VANCOUVER, July 19—(CP)—The Vancouver News-Herald said today in a front page story that evidence pointed toward an abortion ring operating here.

The story said a young woman taken to hospital Sunday in critical condition was the third known victim of abortionists within the last week.

Police said an autopsy showed evidence of an abortion on a 26-year-old housewife who died July 15. A coroner's jury Thursday blamed the death of a 24-year-old chambermaid on "an unknown abortionist."

Triplets Have Polio

EDINBURG, Tex., July 19. (AP) —Three 20-month-old triplet sisters "as beautiful as they make them" are patients in the poliomyelitis treatment centre here today. The blonde, curly-haired sisters are believed to be the first set of triplets in Texas suffering with polio at the same time. Hospital officials said their condi-

Guy Roach Dies

DR. PHILIP C. JESSUP, (right centre), U.S. delegate, addresses the U.N. Security Council at Lake Success, N.Y., during discussion which culminated in the Council ordering Jews and Arabs to halt the war in Palestine, a decision backed by use of U.N. force if necessary. Count Folke Bernadotte (left), U.N. mediator, was instructed to supervise the cease-fire and continue his efforts at mediation. Listening, left to right, between Bernadotte and Jessup, around table, are: Secretary General Trygve Lie; Council President Dmitri Z. Manuilsky of the Ukrainian delegation; China's Victor Hoo; Russia's Jakob Malik; and Sir Alexander Cadogan, Britain's delegate. Others are not identified.

World News In Brief

Taken from Wires of Canadian Press.

Arrest 10 Youths

MONTREAL—Ten youths will appear in criminal and juvenile court on charges of looting parked automobiles of articles valued at more than $12,000. Police, who arrested the 10 Saturday, said they ranged in age from 15 to 23 years.

MONTREAL—Police sought a young mother who abandoned a week-old boy in a hotel room. The baby was found by a chambermaid. A note was found on the bureau. "Please take care of this baby as its father is dead and I can't board it or find a place to live with him."

Archbishop Dies

VATICAN CITY — Monsignor Giosafat Giuseppe Kocylowsky, Archbishop of Premislia, in the Western Ukraine, has died in prison, according to reports reaching the Vatican. He is said to have died as a result of tortures suffered in the Communist prison at Kiev in White Russia.

LONDON, Eng.—Britain should agree to Russia's offer to reopen four power talks on Germany, Dr. Hewlitt Johnson, the so-called "Red" Dean of Canterbury, said at a national peace conference.

SYDNEY, Australia—The New South Wales Labor Government received a setback in a Sydney byelection Saturday losing to a Liberal what was regarded as a key seat held by Labor since 1940.

TORONTO—A mother who still hopes that her wandering boy is alive made her annual appeal for her son to come home. Just four years ago Sunday, Richard (Peewee) Marlow, then nine years old, disappeared from his home in Etobicoke township in Toronto's western suburb. Since then, his mother, Mrs. John Marlow, has had not a clue to the boy's fate, she told newspaper men Sunday.

TIMMINS—Arthur Leblanc was credited with saving a fellow worker from being buried alive during the week-end in the McIntyre gold mine at nearby Schumacher. Leblanc hauled a man to safety when muck poured over him, from a mine shaft underground.

OTTAWA—Army headquarters said possible army use of the Cornwallis, N.S., wartime naval base was under consideration. There was a possibility that it might be used for some unit such as mechanical engineers.

REGINA—Appointment of Tom "Scotty" Melville a sports editor succeeding the late Dave Drysburgh, was announced by the Regina Leader-Post. Until two months ago, when he went to the Winnipeg 'Free Press, Melville was assistant sports editor of the

OTTAWA—Dr. Frederick William MacKinnon, 74, staff surgeon with the Ottawa Civic Hospital, died after a long illness. He physician for the Chateau Laurier for 22 years.

ATHENS—Greek Guerrillas today fired on a party of foreign correspondents and officers of the Greek destroyer Hastings as they were on their way to ancient Olympia to see the Olympic torch lighted by the sun's rays preparatory to being borne across Europe to Britain. The correspondents and offices were sitting in a restaurant when they fired upon, according to reports from Patras.

WINNIPEG—The Canon John H. Turner fund now has reached $18,025 but will be kept open until the $20,000 objective has been reached, Dr. H. M. Speechly, fund chairman, said. The fund will be used to aid the widow and children of the late Canon Turner, who died last March from injuries received at his Arctic mission post.

STRATHMIGLO, Fife, Scotland —Joseph Westwood, 64, Labor member of the House of Commons and former government secretary for Scotland, and his wife were killed in an automobile accident. Westwood, who became a coal miner at the age of 14, remained in the mines until he was 32. He had been secretary of state for Scotland since 1945 and represented Stirling and Fjlkirk in the House of Commons.

LONDON. — British Commonwealth countries last year supplied Britain with 81 per cent of all its butter imports, 72 per cent of cheese, 72 per cent of eggs and 34 per cent of preserved milk.

ANKARA. — A Turkish-Polish trade and payments agreement was signed in Ankara Sunday providing for development of commercial exchanges between the two countries.

ASHBURY PARK, NJ. — Presidential candidate Henry Wallace got into the spirit of a picnic rally and challenged a hefty young New Jersey Congressional candidate of his new party to an old-fashioned Indian wrasslin' match. Thirty-eight year old Sidney Stolberg accepted the challenge but was no match for the veteran Wallace. The 55-year-old third party head won four straight falls.

ANTWERP. — A calf born here has only one eye, in the middle of its forehead, and a tongue twice the normal size.

Vancouver.— Police investigated the report of Mrs. Jenny Crawford, a young Vancouver housewife, that she was "raped by a small man about 28 years old." She said injury was threatened her child if she reported the incident. Mrs. Crawford said the man entered her apartment by using a pass-key, while her husband was away.

CALGARY. — Reports that a 13-year-old girl was assaulted by five men (negros) were being investigated by police. Joe Kover of Calgary reported seeing five men attempting to force the girl into an automobile at 1:30 a.m. He said he was chased away when he attempted into interfere. Another resident reported a girl's screams and sounds of an automobile. Police said no complaint had been lodged.

Canada's Bisley Team Places Third Today

BISLEY CAMP, England, July 19.—(CP).—Canada's Bisley team placed third today in the opening event of a special two-day Empire rifle match against teams from Britain and Australia.

Britain won the event, a 300-yard shoot, with 369 points. The Australian team, which won most of the major trophies in the two-week Bisley shoot that ended Saturday, aggregated 364 points. Canada scored 357.

First-day firing in the special Empire match will be completed later today on a 600-yard range.

Individual Canadian scores in the 300-yard event: Flt. Sgt. Tommy Gregory of Ottawa and Saint John, 48; Flt. Lt. D. Reynolds, 46; Sgt. R. S. Potter of Hamilton, 46; Sgt. Alec Parnell of Montreal, 45; Lt.-Col. Jack Steel of Guelph, 44; Maj. A. E. Gormley of Charlottetown, 43; Police Chief Jack O'Connell of Fredericton, 43; CSM Norman McLeod of Toronto, 42.

Toll Of 29 Weekend Fatalities Lightest Since Beginning Of July

By The Canadian Press

The week-end toll of violent deaths was the lightest in Eastern Canada since the start of the holiday season.

A Canadian Press compilation early today showed 29 fatalities —compared with 40 on the July 10 week-end.

Swimming and diving mishaps claimed 12 lives, traffic accidents 14, while falls killed two persons and a child was fatally burned.

Victims of diving accidents were Roger Potvin, 37-year-old waiter from Windsor, who plunged 20 feet into a children's wading pool containing only six inches of water, and Jules Bernier, Toronto area youth, who made a fatal plunge into the Etobicoke river just west of Toronto.

The quartermaster of the air craft carrier Magnificent was drowned Sunday night while swimming in Lake Banook, near Halifax. He was Able Seaman Lloyd Padget, 22, of Victoria.

Another Maritimes drowning was that of James Leonard Plestid, 17, swept under while swimming in the Grand river near Grand River, P.E.I.

Other Drownings

Other swimmers drowned were. Marilyn McDermid, 16, of Allen Park, Mich., in Lake St. Clair, 10 miles east of Windsor; George Hawlett, 67, in Lake of Two Mountains near Senneville, Que.; Reginald Northcott, 18, of Oshawa, in the Niagara river near Niagara-on-the-Lake.

In addition, several bodies were recovered. They were those of an unidentified woman about 30 years of age removed from a tributary of the Rideau canal near Ottawa; of Francis Mahoney, 27, of Midhurst, recovered from the St. Lawrence river at Montreal; and of Gerald Levecque, 24, of Fort Coulogne, Que., brought ashore at Port Colborne; and of a man identified only as "Keamer" taken from the Lachine canal near Montreal.

A northwoods guide, Dan Twin, 35, was drowned when a rowboat capsized in Northern Ontario's Timagami district.

A fall downstairs in her home cost the life of Mrs. Frank Webster, 50 of Advocate, N.S.

Daniel Bosnyak of Brantford, fell 20 feet from a ladder while painting a house he owned and was fatally injured.

Playing With Matches

In Glace Bay, N.S., Anne Ford, four, died in hospital Sunday night from burns suffered after her clothing caught fire. She was reported to have been playing with matches.

An automobile collision at Pointe aux Trembles in the Montreal area claimed the lives of Alphonse Pelletier, 56, and his niece, Lise Pelletier, 10, of Shawinigan Falls, Que., and injured six other persons.

The farm superintendent of the Ontario Reformatory in the Toronto suburb of Mimico, Thomas A. Douglas, 42, was the victim of a Saturday night collision between his automobile and a radial car.

Others killed in traffic accidents:

Mrs. Damien Machabee, 34, who died when a truck she was driving overturned at St. Chrysostome, Que.; Andre Dodier, two, Montreal, crushed under his father's car; Lillian Duplessis, five, run over by a taxi at Waterville, Que.; Ollie Holland, three, Hamilton, hit by a truck; Harry Potter, 25, Woodstock, driver of a dairy truck which smashed into a telephone pole; Gerald Souliere, seven, Windsor, struck by a car; Carmel Faubel, three, knocked down by a truck; Jacques Primeau, Pont Viau, near Montreal, carried into a 45-foot ditch by a plunging truck.

Mrs. John Kemp, 65, Montreal, struck by a motorcar; Mrs. Earl L. Van Allen, 50, Verdun, Que., crushed when an automobile driven by her husband overturned near Cornwall; and Bruce Peacock, 16, Brampton, killed in an automobile collision in which five other youths were injured.

—HOT— FLASHES?

Are you going thru the functional 'middle-age' period peculiar to women (38-52 yrs.)? Does this make you suffer from hot flashes, feel so *nervous*, high-strung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Pinkham's Compound also has what Doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

MRS. SYLVIA WISEMAN, a native of Winnipeg and a graduate in arts at McGill, has been awarded the Arthur C. Tagge fellowship, valued at $1,000, in the department of economics and political science at the university. She will continue her studies for a higher degree.

Wheel-Chair Patient Fractures Leg

NORWOOD, July 19.—(ENS). —Mrs. Regina Stevens had an unfortunate accident at the home of her sister, Mrs. John Gilmour, on Friday evening. Mrs. Stevens was getting from the bed to the wheel chair, it is believed, and she put too much weight on her good leg and she just crumpled to the floor. Dr. A. R. Atkinson was called and Mrs. Stevens was taken by ambulance to hospital in Peterborough. She has a fractured leg.

Beer Bottle Blockade

TORONTO, July 19. (CP) — Nine tons of empty beer bottles spilled over the Queen Elizabeth highway west of here Saturday night when a transport truck which police said was driven by George Burn of Brockville, collided with an automobile and overturned. Burn escaped injury. Hugh Curran of nearby Clarkson, said by police to have been driving the car, suffered head cuts.

Shoot At Policeman From Speeding Car

TORONTO, July 19 — (CP).— A pistol shot was fired at Traffic Officer David Peacock Sunday night from the back window of an automobile.

Peacock reported that with his motorcycle he caught up with a car that had been speeding on downtown Front Street and ordered the driver to pull over to the curb. Then a man leaned from the back window and blazed away at the officer.

The policeman drew his own revolver to return the fire, but found he could not shoot and simultaneously operate the throttle of his motorcycle. He commandeered a passing car for a chase, but lost his quarry in the traffic.

Win Scholarships

TORONTO, July 19. (CP) — Two Ontario scientists are among the 15 Canadians awarded $800 scholarships in professional agriculture. The awards were announced Sunday by the Agricultural Institute of Canada. Ontario winners are J. W. Arnold, Division of Entomology, Federal Department of Agriculture, Ottawa, and A. G. Caldwell, Ontario Agricultural College, Guelph.

Verbal Barrage Fired At Voters

MONTREAL, July 19 (CP). — With nine more days to go until the July 28 balloting, the Quebec election campaign rolled at a lively pace Sunday night. Premier Duplessis concentrated a verbal barrage on External Affairs Minister St. Laurent, while Liberal Leader Godbout promised a referendum on any Dominion-Provincial taxation agreement.

J. E. Gregoire, chief of the Union of Electors, called on Quebecers to scrap the present economic regime in favor of one that would give people all the goods they needed.

Mr. Golbourt spoke in Grand Mere, Mr. Gregoire in St. Romuald, and Mr. Duplessis at a Union Nationale rally in Montmagny.

Mr. Duplessis said that Mr. St. Laurent should have "asked pardon" for declaring during his term as Justice Minister that French language rights could be abrogated by Act of the Federal Parliament.

Th Union Nationale Leader added that in his recent address at Quebec, Mr. St. Laurent had stated that the constitution gave the Federal Government priority of rights and "the provinces get what is left."

Hughes' Vacation Conditioning Special!

Lubrication and Engine Adjustments

The slogan "Take Care Of Your Car" is still a must for most motorists, as new car production indicates that it will be some time before there are new cars for everyone. Hughes' Vacation Conditioning is planned to meet this situation and help you to get another summer's satisfactory service from your car. From a battery check to a final mechanic-driven road test, 58 essential operations are included. Let's give your car this thorough, timely, money-saving service now.

1. Check Crankcase Oil Level
2. Lubricate Chassis
3. While on hoist examine tires for wear and
3. While on hoist examine tires for wear and remove all foreign mater — Examine for cuts and bruises — Inflate 5 tires
4. Check Transmission and Axle Oil Level (check for leakage).
5. Lubricate Front Wheel Bearings. (Inspect Brake Lining.)
6. Refill Shock Absorbers and Knee Action Units. Note: If Shocks require removal, labor is extra.
7. Lubricate Hood Hinges and Latch.
8. Lubricate Speedometer Cable.
9. Lubricate Trunk Lid Hingers and Latches.
10. Lubricate Door Striker Plates, Dovetails and Hinge Pins.
11. Fill Radiator.
12. Clean Fuel Pump Bowl and Screen.
13. Tighten and Check all Gas Line Connections.
14. Tighten all Hose Connections and Examine for Leaks.
15. Test Water Pump for Leaks (running and standing) and adjust if adjustable.
16. Adjust Fan Belt.
17. Tighten all Wiring in charging circuit.
18. Test Battery — Add Water, Tighten Hold-Down Bolt. Take Voltmeter-Hydrometer Readings.
19. Clean and Tighten Battery Terminals and Ground Strap.
20. Tighten Cylinder Head and Manifold Bolts.
21. Adjust Valve Lash.
22. Clean and Adjust Spark Plugs — Test Compression.
23. Clean and Space Distributor Points.
24. Lubricate Distributor, Cam and Wick, Fill Greose Cup, if any.
25. Examine Distributor Cap, Wiring and Coil.
26. Lubricate Accellerator Shaft and Pump Lever (Carter Carb.).
27. Clean Air Cleaner and Re-Oil.
28. Test Operation of Starter.
29. Examine Generator Brushes and Commutator.
30. Test Generator and Voltage Regulator (adjust, if necessary).
31. Clean Crankcase Breather.
32. Adjust Choke—Test Operation.
34. Set Ignition Timing.
35. Adjust Carburetor.
36. Check for sufficient Oil Pressure.

CHASSIS ADJUSTMENTS

37. Adjust Steering Gear and Linkage.
38. Adjust Motor Hold Down Bolts.
39. Adjust Gearshift Linkage and Lubricate.
40. Tighten Front Suspension Bolts.
41. Tighten all Radiator Bolts.
42. Adjust Body Bolts.
43. Adjust Spring Shackles (if adjustable)
44. Tighten Transmission Bolts at Universal.
45. Tighten 3rd Member Housing Bolts.
46. Adjust Clutch Pedal Lash.
47. Adjust Spring "U" Bolts and Clips.
48. Tighten Shock Absorbers to Frame.
49. Tighten Stabilizer Bar.
50. Tighten Bumpers.
51. Test Operation of Door Handles, Locks, Hinges and Adjust Strikers.

SAFETY ITEMS

52. Adjust Brakes.
53. Fill Brake Master Cylinder.
54. Test Operation of all Light Bulbs.
55. Tighten all Wheel Nuts.
56. Check Front Wheel Alignment and Adjust Toe-In.
57. Aim Headlights.
58. Final Road Test, Motor (Set Ignition Timing)

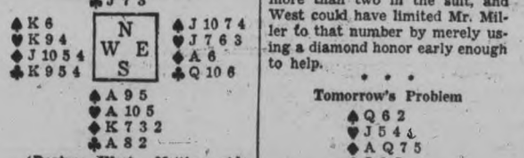
BARCLAY ON BRIDGE

STARS FINESSE DEEPLY

YOU SHOULD be on your toes in noting your use of small cards when you are up against a really fine player. Why? Simply because the stars make many more deep finesses than the average grade of player. It is therefore incumbent upon you to be careful about what you do with your small or medium-sized cards. The question of whether to "split honors" by sticking in a jack from jack-queen or 10 from jack-ten on a small card lead, or even the application of the same principles to lower touchers, can decide whether your side gets a good or bad score on a deal.



(Dealer: West. Neither side vulnerable.)

West	North	East	South
Pass	Pass	Pass	1 ♦
Pass	1 NT		

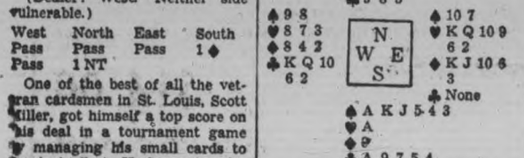
One of the best of all the veteran cardsmen in St. Louis, Scott Miller, got himself a top score on this deal in a tournament game by managing his small cards to greatest effect. He began benefiting from his skill in that regard from the very first trick after he was in the lead.

The spade 4 was ducked to the K and the 6 came back to the 3, 10 and A, and then he put forth the diamond 2 from the dummy. When West played his 4 instead of splitting his honors, the 9 was inserted and proved high enough to push out the A. Noting that a spade lead now would cost a trick, East shifted to the heart 3, which drew the 5 and K. The heart 9 lead was won by the A so that the dummy could lead the diamond 3. Once again West offended by his super-economy through playing the 5 when he should have used the 10. The 6 therefore won that trick. The diamond Q, club A, diamond K, heart 10 to the Q and spade Q were run to give the declarer a total of eight tricks.

That was better than any other No Trump declarer made, due to North's scoring of three tricks in diamonds. No other declarer got more than two in the suit, and West could have limited Mr. Miller to that number by merely using a diamond honor early enough to help.

* * *

Tomorrow's Problem



(Dealer: West. North-South vulnerable.)

After East bid 1-Heart, South 2-Spades and West 3-Clubs, what should North bid if he has a fine partner, what if he has a weak one?

DAVID WEIR,
Clerk of Emily.

HORSE AT LARGE

Dr. Agnes Moffatt, Peterborough, reported to provincial police collision with her car on the Downeyville Road, late Saturday night. Dr. Moffatt was driving south near the village of Downeyville returning from Bobcaygeon, when the animal came onto the highway from a lane. It was about 11:15 when the accident occurred and damage to the car was extensive. Lindsay police are trying to find the owner of the horse. Dr. Moffatt was not injured.

HOW TO GET THERE

People who want to visit other people at Fife's Bay have been confounded by the lack of signs. There is one sign at the turn-off from the Lindsay highway, but only a sign saying "Fiddler's Green" points the proper way to Fife's Bay. Maybe the cottagers at the bay do not want many visitors.

URGES WEED DESTRUCTION

Posters have recently been put up in various prominent parts of the county by Alex Huston, weed inspector, urging farmers to reduce their weed losses by destroying them before they mature to the seed stage. According to the estimate on the poster, weeds cost the Ontario farmer $2.50 a tilled acre every year.

Well-Organized Program For Outboard Marine Picnic

An estimated 1,500 employees, children and visitors attended the annual Outboard Marine picnic held on Saturday at Nicholls Oval. A well-organized program crammed with attractions, particularly for the children, and the warm, sunny weather combined to make the outing an outstanding success.

The opening gun of the first race which started the picnic off sounded at 2.15 p.m. and races and entertainment continued on until dusk. When foot-weary parents managed to corral their excited offspring shortly after 5 p.m. proceedings did not come to a dead halt. They listened to the Peterborough Citizens' Band under the leadership of Bandmaster W. H. Peryer.

Straight and novelty races, a horseshoe tournament, ponies, circus acts and games of chance all added to the enjoyment of the picnicers. For those who liked baseball there was a contest between the Heat Treat Department and the Machine Shop Department.

In the afternoon the youngsters crowded around Vic Reid, who treated them to numerous rope tricks and cowboy songs. But the tried and true merry-go-round proved to be the favorite attraction for the smallest children.

Cliff Oldroyd thrilled the spectators in the evening with a slack wire act. He not only walked the wire but balanced a chair on the single strand and sat on it; as an extra attraction he walked along the inside of bicycle rim, propelling himself by turning the spokeless wheel by hand.

Also at the night performance was a balancing act put on by the Ripleys. They balanced themselves on chairs, formed pyramids and did other gymnastic feats.

Six free tickets which could be used for ponies, merry-go-round, soft drinks, ice cream or hot dogs, were issued to each child of social and athletic club members.

Draw Prizes

Draw prizes won: Lady employee, picnic jug, Gwen Cooper; gentleman employee, electric heater, William J. Riddle; lady companion, Cecil Northey; gentleman companion, Mrs. Freda Blondin; grand attendance draw, Clark Weldon.

Race results were:

Age 4 and 5, girls, Anne Collins, Barbara Joan McCallum, boys, Don Munro, Tom Woods. Age 6 and 7, girls, Ellen Quesnel, Mildred Kidd; boys, Bill Beaith, Ben Crommie. Age 8 and 9, girls, Nancy Heffernan, Donna Wood; boys, Charles Beaith, Roy Wood. Age 10 and 11, girls, Donna Loach, Anne Merrett; boys, Raymond Fuller, Jack Fitzgerald. Age 12 and 13, girls, June Collins, Marjorie Collins; bolys, Jerry rizelle, Bernard Quesnel. Age 14 and 15, boys, John Davidson, Bob Rogers.

Other prize winners were: Shirley Cranley, Gwen Cooper, Betty Hogan, Mrs. Dorothy Wood, Walter Wood, Bruce Mills, Mrs. Helen Moore, Cliff Kennedy, John Conlin, Reg Stephenson, Marporie Stephenson, Ruth Fisher, Reg Reid, Mel Woods, Mrs. C. Porter, Fred Collns, Frank O'Brien, and Mr. Connors, Milwaukee.

Cheese, Produce And Livestock

HOG PRICES

TORONTO, July 19.—(CP).—Hog prices at Stratford were unestablished today. At Hull, hogs off truck were unquoted. Grade A delivered were unchanged at $31.25 with some sales made.

TORONTO CHEESE

TORONTO, July 19.—(CP). — Wholesale honey quotations here today were: Current make, colored 33¾; white current make, 33¼, delivered to Toronto.

TORONTO HONEY

TORONTO, July 19.—(CP).—Whodesale honey quotations here today were unchanged: 24, 1-lb. glass jar No. 1 $6.50 case; 24 1-lb., glas jars orange label No. 2, 9.60 case; 24 1-lb. glass jars, red label, No. 1 $4.32 case; 24 1-lb. glass jars, red label No. 2 $8.16 case.

CHICAGO GRAIN

CHICAGO, July 19—(AP)—All grains opened lower on the Board of Trade today. Dealings were active. Weakness in securities caused some nervousness in grain pits. Cash receipts of grain were heavy.

Wheat started ⅜-1¼ cents lower, July $2.24½-2.24; corn was ¼-2¼ lower, July $2.09-2.08¼, and oats were ⅜-1⅜ lower, July 86-85.

BUFFALO LIVESTOCK

BUFFALO, N.Y., July 19—(AP)—Cattle 900; medium to good beef cows 22.00-23.00; dairy type fat cows 21.50-22.50; medium fat $18.50-20.50; weighty cutters 18.50-20.50; weighty canners 13.25-16.25; fat dairy heifers 22.75-24.75; good bulls 21.75-23.25.

Hogs 900; bulk 29.50-30.50.

Calves 450; choice 32.00-33.00; mediums and heavy rough calves 28.00-30.00; culls 20.00-26.00; light bobs 20.00.

Lambs 1150; choice quotable 30.00-31.00; bucks 29.00-30.00; mediums 25.00; sheep good 11.00-12.00; culls and canners 4.00-6.00.

TORONTO FRUIT

TORONTO, July 19.—(CP).—Wholesale fruit and vegetable prices here today follow:

Domestic: Raspberries, pints 25-28 cents; tomatoes, Leam., 11 qt., $4-$4.50; hothouse tomatoes No. 1, 35-40; hothouse tomatoes, No. 2, 25-40 cents; beans, green or wax, 75-$1; cucumbers, 11 qt. 75-$1; lettuce, doz., 40-50; spinach, 90-$1; radish 40 cents; parsley 50 cents; cabbage, orange crates 75-$1; celery, white $2-$2.25; celery, green, $3-$3.50; carrote, doz., 35-40 cents; carrots, hampers, $1.25-$1.50; beets, doz., 25-35; beets, bus., $1-$1.25; cherries, 6 qts., leno, $2-$2.50; cherries, flats, $1-$1.75; cherries, Montmorecy sour, 6 qts., $1.25-$1.50; vegetable marrow, 11 qts., 70-$1; blueberries, 11 qts., $5.50.

Imported: Grapefruit $4.80-$5.71; oranges $4.40-$6.08.

TORONTO PRODUCE

TORONTO, July 19 — (CP) — Produce prices on the spot market here today were quoted as follows:

Churning cream unchanged. No. 1 73 cents fob; 77 delivered. Butter prints unchanged. First grade 69; second grade 68; third grade 67.

The egg market here today was quiet and steady at unchanged prices. Country shippers quoted graded eggs, cases free: Grade A large 50; Grade A medium 48; Grade A pullett 44; Grade B 41; Grade C 36-37. Wholesale to retail: Grade A large 53-54; Grade A medium 51-53; Grade A pullet 47-50; Grade B 44-45; Grade C 40.

Butter solids are unchanged. First grade 67¼; second grade 65¼-66¼.

WINNIPEG GRAIN

WINNIPEG, July 19—(CP).—Oats and barley futures prices were firm in thin, early trade today on the Winnipeg Grain Exchange. Eastern buying came with lighty heifery cows up $16.75 and common to medium cows downward to $12. Canners and cutters sold from $5-$11.50. Good butcher bulls were $14.50-$15.50 with commoner kinds downward to $11.50. Fed yearlings sold from $21-$23.50. Stockers were steady at $13-$17.50 according to quality.

Choice veal was steady at 322-323 with an odd top of $23.50. Common to medium calves met narrow demand at weaker prices.

Hogs remained steady. Grade A $31.25; Grade B1 $30.85. Sows were $21 dressed.

Good spring lambs were steady at $23 for good ewes and weathers with 31 discount on bucks. Good light sheep were $5-$8 with a few at $9. Fat, heavy sheep were slow and hard to sell at $5-$6.

Cigarettes Stolen From Service Station

LINDSAY, July 19 (ENS) — Lindsay police are investigating a break-in at Gordon Eason's Service Station, 5 Lindsay St., South, where $35.70 in cigarettes and $3 in cash was stolen sometime Sunday morning. The thieves gained entrance by smashing the rear door. They cleaned out every cigarette in the showcase and also silver from the till. They fix the time of the robbery as sometime after 5.15 a.m.

Police also report four cars parked at the rear of the Benson Hotel were tampered with over the week-end. Door handles on two cars were broken off and wires to the radio and ignition removed. The other cars were entered but nothing was missing.

HOLD DECORATION DAY

Watchtower LTB No. 515 on Sunday afternoon decorated graves of dead members and those of husbands, wives, mothers, fathers of present members at Little Lake Cemetery. This is the first of what is expected to be an annual ceremony on the Sunday following the Orange walk. A short service of prayers and hymns was led by Sister Violet Teneycke, PWM, and Victor Sedgwick, DM, and chairman of the committee.

Phils' Manager To Be New Man

PHILADELPHIA, July 19 — (AP)—Philadelphia Phillies want the "right man" to manage the club to hit the first division for the first time since 1932.

Owner Bob Carpenter and the remainder of the Phillies' front office executives were back in town today after making the announcement Friday that Ben Chapman was being dismissed as manager of the club.

A spokesman for the Phils' management made it plain that the new manager will not come from the Phils' organization.

That would eliminate Eddie Sawyer, who had been mentioned prominently for the post. Sawyer is the top minor league manager in the Phils' chain. He guided Utica to the Class A Eastern League pennant last year and now is mentor for Toronto Maple Leafs of the International circuit.

Meanwhile, Coach Allen (Dusty) Cooke continues to act as temporary manager. Here are a few of the names most often mentioned in speculation as to Chapman's successor:

Earle Brucker, pitching coach of Philadelphia Athletics; Jimmy Dykes, former Chicago White Sox manager now piloting Hollywood of the Pacific Coast League; Mickey Cochrane, former manager of Detroit Tigers, and Mel Ott, recently deposed pilot of New York Giants.

New Sailplane Record Set By Ralph Anders

TORONTO, July 19.—(CP). — Les Racy, an instructor at the Toronto Gliding Club, said Ralph Anders, 28, set a Canadian record sailplane mark of 70 miles Sunday.

Anders, an ex-RCAF fighter pilot who flew gliders in England for fun, took off from the home Oshawa airport in his single-seat motorless plane, and landed on the RCAF strip at Trenton.

The previous record was 46 miles, set July 2 by Oliva (Shortly) Boudreault, 30 year old aeroengine mechanic, when he glided from Carp, Ont., near Ottawa, to Pendleton.

Trojans Victors

Trojan peewees pulled out a 12-7 City Baseball League win over the westenders Saturday in a neat showing. There was a lot of ball packed into the abbreviated contest, with the losers threatening, though held to three hits by Izzelle and Kearns. Eight went on strikes and seven of the winners whiffed. Teams:

Trojans: Kearns, Bloom, Pagett, Corbett, Ball, Hunt, Bryan, Smith, Frizzelle.

Westend: Smith, Montgomery, Holly, Floyd, Whatman, Ross Lynn, Aulbrook, Turner.

Spike Jones Marries

BEVERLY HILLS, Calif., July 19—(AP)—Orchestra leader Spike Jones, 37, whose real name is Lindley Armstrong, was married Sunday to his featured singer, Helen Grayco. There were no chaotic sound effects and Spike put away his bubble gum and exchanged his green and orange checked suit for a modest navy blue. Only relatives and close friends were present.

Obituary

EDMUND GEORGE BUTLER

After a short illness Edmund George Butler, 203 Perry St., died on Sunday at his residence in his 82nd year.

He was born in King's Langley, England, son of the Rev. and Mrs. Edmund Thomas Butler. He was educated in England and lived there as a young man. For the past 50 years he has been a resident of Peterborough where, until retirement, he was engaged in the lumber business. He was a member of All Saints' Church and a veteran of the Boer War.

Mr. Butler leaves a brother, Hubert and a sister, Dolly Butler, both living in England. He never married.

Funeral will be from the Comstock Funeral Home at 2 p.m. on Tuesday, with the Rev. William E. Kibblewhite, All Saints' Church in charge. Burial will be in Little Lake Cemetery.

When Kidneys Work Too Often

Are you embarrassed and inconvenienced by too frequent Kidney Action during the day or night? This symptom, as well as Smarting Passages, Backache, Leg Pains, Loss of Energy, Rheumatic Pains and Headaches may be due to Kidney and Bladder troubles. The very first dose of the scientifically compounded medicine called Cystex usually goes to work right now helping nature eliminate irritating excess acids and wastes which may cause your trouble. Tried Offer: To prove what Cystex may do to bring you help from the pains and distress of Kidney and Bladder troubles, get Cystex from your druggist and give it a fair trial. Unless satisfied, you get your money back on return of empty package. So don't suffer another day without trying Cystex.

Gadgets New and Old Often Simple But Confusing

By JIM ENGLISH

"Step right up, ladies and gentlemen. Take the little giant knife sharpener home to your wife. See how easily the knife draws through the three guaranteed carborundum blocks. Test the blade on your thumb there, mister."

Wanna buy a gadget? The above scene might have been on the grounds of the Canadian National Exhibition, where the amusement seeker can get a few laughs listening to the spielers b· k of the grandstand. The CNE is often the testing ground for the appeal of a new gadget.

You can have any one of a thousand gadgets. Shelves and counters in hardware and dime stores are packed with them, bringing them close to home for those who can't get to the CNE.

The other day we visited one of the city's larger hardware stores, and contacted a friend of ours who is a clerk there. He told us a lot about gadgets, new and old.

He picked up a piece of steel about two feet long, with a squared ring at either end. We didn't know what it was, so he told us. It turned out that this handsome gadget is for helping farmers to put rings in the noses of pigs. You just place one end in the pig's mouth, press down on the other end, and the pig obligingly gapes for you. But first catch your pig.

Bottle Opener Changed.

The popular gadgets are the simple ones. Bottle openers are the biggest sellers, the man said. Even the bottle opener has changed its shape in some models, but the action required to open a bottle is the same.

The simple ones can confuse people, though. There is one gadget which looks like a tiny measuring spoon with a hole drilled in the centre, and a heavy wooden handle attached. "What's that?" we asked. That, said the hardware man, is for scooping out melon balls.

A welcome sight was a meat grinder. We knew it was a meat grinder at first glance. They haven't changed a bit. That's more than you can say for can openers. They are a far cry from the old push-and-pry models. One recently placed on the market resembles a bomb. Decorated in red plastic and chrome, it screws onto the wall, where it looks frightening.

Housewives need no longer burn their fingers removing hot vegetables from steaming pots. A short time ago, a simple bit of gadgetry was brought out in the form of a large pair of tongs, with which the housewife may pluck the healed vegetable from the saucepan.

The hardware man told us of a pair of old ladies who spotted a simple piece of steel, slightly curved into the form of a dish, and screwed onto a crude wooden handle.

"Oh, look, cookie cutters," one said.

"Those aren't cookie cutters, lady," said our man.

"Well," said she (and the hardware man said she was quite snooty', "what are they?"

"Those? They're for scraping hogs."

"Oooh!" said the ladies, and they left.

Confiding in us a little further, the hardware man said that gadgets sometimes stay on the shelves for months because not even the store clerk know what they are for.

"Here's a ducky little thing," punned the man, holding up a plastic thing that resembled a glorified clothes pin, shaped like the head of a duck. The thing, it appeared, is a gadget for holding baby's blankets.

Where Do They Come From?

"You know," the man told us, "there are a million of these gadgets. I like 'em. For whipping cream, there must have been 50 thingumabobs made up in the last ten years.

"Where do all these gadgets come from?" we asked.

"Well, you'll sometimes see one of these invented by some guy who needed something like it. He sat down with some paper and pencils, and thought himself up a gadget. Maybe that jar opener came from one of those fellows," the hardware man replied.

The manufacturers don't miss a bet. A gadget must have what may be called "gadget appeal." That is, it must look like a gadget, but still be pretty enough to have around the home. Accordingly, gadget-makers have replaced metal handles with brightly colored plastic ones, and they have chrome plate where plastic could not be used.

Say, there's a...uh...thing over there that might be handy to have. It's for...well...I guess it's for cutting lettuce or something like that. Look, here's the car for it. A butter slicer! Wha do you know?

HANDICRAFTS AND WOODSMAN lore are taught at the Weston day camp, sponsored by Weston Lions, Rotary, Ministerial Association, Red Cross, YWCA and Community Council. Vincent Harris (left), freckle champion of camp, carves out a totem stick. The girls have gone Indian, too. At right, Pat Armstrong, Heather White, Katherine Russell and Lynne Shantz enact a drama of life in the wildwood. Pat is apparently offering to beat the pemmican out of Heather if she doesn't consent to wed. Sunshine makes youngsters look like genuine "redskins."

Honor Havelock Pair Moving To City

HAVELOCK, July 19—(ENS)—Friends and neighbors of Mrs. James Cameron paid her a surprise visit on Wednesday evening to say farewell before she and her husband leave Havelock to live in Peterborough.

Mrs. Cameron was presented with a sum of money to purchase an article of furniture for her new home. The gift was presented by Mrs. D. Dafoe who voiced the regret of losing Mr. and Mrs. Cameron from the community and expressed sincere wishes for happiness in their new home. A very enjoyable time was spent in playing euchre after which lunch was served.

Those present were: Mrs. E. W. Seeney, Mrs. W. Varty, Miss H. Waters, Mrs. D. Hutchinson, Mrs. N. Blakely, Mrs. D. Blakely, Mrs. R. Alley, Mrs. W. Rose, Mrs. J. Calnan, Mrs. D. Dafoe, Mrs. W. Cartwright, Miss M. Maud.

ALWAYS QUADS

Armadillos always produce quadruplets and the babies are always either all males or all females.

PICTURED IS DR. Giacinto de Thomasis of Rome, leader of 368 displaced persons, mostly of east European origin, who have been selected for settlement in Canada by the international refugee organization and the Canadian government. Dr. de Thomasis arrived in New York aboard the Gdynia-America line motorship Sobieski. His group is part of 25,000 immigrants accepted by Canada from displaced persons camps in Italy. Another 30,000 are awaiting clearance to Canada and South America.

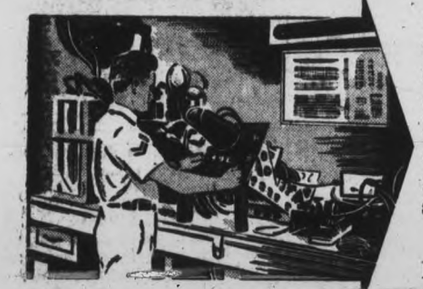
RADIO RADAR ELECTRONICS

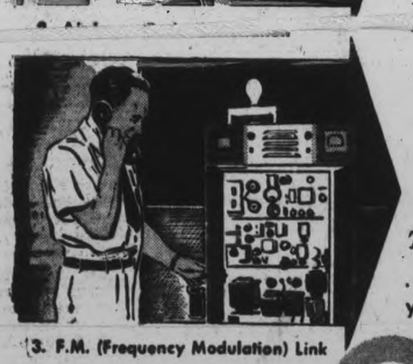
RCAF

provides

the finest training in the world

1. Automatic Radio Compass





3. F.M. (Frequency Modulation) Link

- Forward looking young men interested in the rapidly developing science of modern electronics can do no better than choose this career in the R.C.A.F.

The pace of advance in this highly specialized field has been enormous in the past few years . . . and every major development is used in the R.C.A.F.

At R.C.A.F. Station, Clinton, Ontario, provision is made to give the last word in technical training in radio and radar under an expert team of instructors using every latest device and development . . . and to give it under conditions that give every encouragement and make study pleasant.

This field of activity in the R.C.A.F. offers 7 trades to choose from:

1. *Communications Operator*
2. *Communications Technician (Air)*
3. *Communications Technician (Ground)*
4. *Radar Operator*
5. *Radar Technician (Air)*
6. *Radar Technician (Ground)*
7. *Telegraph Technician*

You need no previous experience. The R.C.A.F. will teach you.

. . . And remember—The R.C.A.F. offers you continuous employment and pay.

Premiers Ask Commission Study Rates

Plan Direct Appeal To Federal Gov't. As An Alternative

OTTAWA, July 20.—(CP). — Seven provinces reiterated today their demand for a Royal Commission to review the principles that underlie Canada's freight-rate structure and, as an alternative, proposed to go forward with a direct appeal to the Federal government itself.

In an appearance before the Federal cabinet, five premiers and two provincial cabinet minister formally lodged an appeal against the March judgment in which the Board of Transport Commissioners awarded the railways a 21-per-cent increase in freight rates.

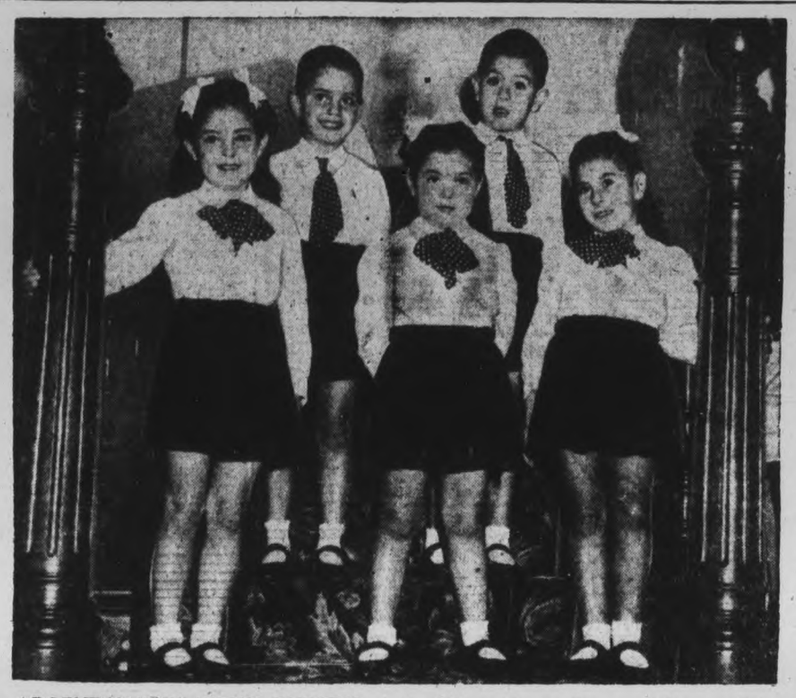
Lodging of the appeal, they said in a brief, left them two courses—"the immediate and vigorous prosecution of the appeal before the Governor-in-Council (Cabinet) or "to ask again for a Roy Commission to inquire into the whole problem and which could be empowered to act not as an appeal court from the Board but as a body whch could review the principles of rate-making upon which the Board's judgment is based."

A Royal Commission was "definitely preferable." It was "the only means whereby satisfactory solution to the larger problem of establishing proper principles for equalization in rate-making can be found." It also would "provide a means whereby the appeal could be quickly disposed of."

"Unsatisfactory"

The delegation — representing every province, but Ontario and Quebec — rejected as "unsatisfactory" the Federal steps in revamping the Transport Board, ordering it to undertake a general inquiry into the freight-rate structure and rejecting a provincial request for a Royal Commission.

The provinces said four of the six members of the new board participated in the 21 per cent award decision. Its use within the framework of the Federal proposal offered "wholly inadequate machinery for the proper consideration of this problem."



ARGENTINA'S DILIGENTI QUINTUPLETS were five years old recently. Announcement of their birth five years ago was withheld eight months for fear the resultant publicity would bring hordes of curious to the Diligenti home. Senor and Senorita Diligenti are the parents of three other children. The girls are, from left to right, Maria Ester, Maria Fernanda, and Maria Christina; the boys, Carlos (left) and Franco.

Unknown Plane Drops 'Mine' On Cairo Street

CAIRO, July 20. (AP)—Jewish sources in Haifa said today fighting still was going on in Northern Palestine on the third day of the truce imposed by the United Nations.

A main Cairo thoroughfare was blasted Monday night when a single unidentified plane raided the Egyptian capital. Investigators of the Egyptian interior ministry and explosives experts said the plane dropped an "aerial mine" which damaged a motion picture theatre and two department stores.

Premier Mahmoud Fahmy Nokrashy Pasha left a cabinet meeting and rushed to the scene of the explosion. He told reporters: "If this plane proves to have been a Zionist plane and such an action is repeated by the Zionists, we will reply immediately.

The Israeli government said it was not one of its planes. A spokesman in Tel Aviv said Israeli planes dropped bombs over Cairo July 15 and "no Israeli plane has been in the vicinity of Cairo since."

Thrown Back

The Haifa informants said Syrian troops again tried to cross the Jordan River near the Sea of Galilee, but were thrown back by the Israeli garrisons in the area. Israeli planes raided Syrian troop concentrations in the Baniyas area of Syria.

A Syrian communique accused the Jews of violating the truce Sunday night and Monday morning. The Syrian foreign office has protested to Count Folke Bernadotte, UN mediator. The Jews have accused the Syrians of truce violations.

Damascus had a 40-minute alert but no raiding planes were seen in the sky. A Syrian communique issued later said a four-engine enemy aircraft [illegible] bombs inside Syria hitting El Kuneitra and the El Kuneitra-Baniyas road. The bulletin said the bombs caused no damage.

Nearly All 'No' Ballots Said Burned Before Counted

DETROIT, July 20—(CP).—All but a handful of the "no" ballots cast in the Ford Local 600, United Automobile Workers (CIO) strike vote Sunday were burned before they could be counted, it was charged today by a Local 600 board member in a formal report to UAW international officers. "Official" returns of the balloting, given out by UAW officers, showed 3,895 favoring strike action against the Ford Motor Company, 81 voting against a strike, and 20 voided ballots.

Against this total of 3,996 ballots counted is contrasted an official voting attendance at the Masonic Temple mass meeting of 5,500, as registered on mechanical counters by members of the election committee.

An estimated 1,000 "no strike" votes were put to the torch in the kichen sink at Local 600 headquarters, in Dearborn, it was charged.

Because the man who reputedly supervised the destruction of the ballots is an international representative of the union, disciplinary action, if any, is up to the international executive board or the union's top officers.

See New Role For Graydon

TORONTO, July 20—(CP).—A Toronto paper says today that Gordon Graydon, Progressive Conservative member of the House of Commons for Peel constituency, is being mentioned as a possibility for the Ontario leadership of the party if Premier Drew succeeds John Bracken as Federal leader.

The paper said that Queen's Park sources discount the possibility that a new Ontario leader would be seletced from present members of the Ontario Government.

The name of Hon. Leslie Frost, Provincial Treasurer and Minister of Mines, has been mentioned in some leadership speculation.

A. A. MacLeod, Ontario Labor-Progressive leader, issued a statement predicting that Mr. Graydon would be chosen as Ontario leader at a convention in 1949. He suggested the resignation of Premier Drew could be expected shortly and Mr. Frost would be asked to accept the office pending a permanent appointment. Eventually, Premier Drew would succeed to Mr. Graydon's House of Commons seat in Peel and Mr. Graydon would replace Mr. Kennedy in Peel Provincial constituency.

Hold Man In Toronto For Automobile Deals

TORONTO, July 20.—(CP).—Police Monday night arrested Harold Mason, 29, on three charges of false pretenses and one of fraud. He also was charged with theft of a truck.

Complaints were that Mason bought automobiles with worthless cheques. Police said he operated two car lots and was forced to close up two weeks ago when a finance company seized his vehicles.

Mason was charged in connection with other car cases around Ottawa, Belleville, Kingston and Niagara Falls, police said.

Allow 1-Cent Boost In Butter Ceiling

A one-cent boost in the retail butter price ceiling was announced today by the prices board to adjust the ceiling to the 21-percent freight rate increase three months ago.

At the same time the board allowed a one-half-cent increase in the wholesaler's price of pound prints.

The adjustments become effective tomorrow. However, part of the increase has been in effect since April, when the Board allowed individual sellers to add their additional freight costs of the ceiling prices.

Retail ceilings for top grade creamery butter in prints now will be 74 cents a pound in Ontario and Quebec, 75 cents in the Maritimes, 72 cents in Manitoba, 71 in Saskatchewan and Alberta and 73 in British Columbia.

Loading Logs When Cable Touches Wire

Two Cousins Have Narrow Escape; Get Severe Shock

Death by electrocution came to Craig Albert Reeves, 26-year-old trucker of Buckhorn to-day, when the wire cable of a log-loader contacted a double hydro line.

Reeves was working with his two cousins, Roger and Keith Gillespie of Buckhorn, on Garnett Shields' farm about eight miles west of Peterborough, near Mt. Pleasant.

Roger Gillespie, 22, told authorities that the trio had been loading logs on a truck with a "jammer," a log-loading device with two long uprights on skids. A heavy guy wire, attached to a tree, gives the jammer stability and raises the logs on to the truck.

"I was on the back of the truck," he said. Looking back, he saw his cousin lying on the ground with his face in some bushes. There was smoke coming along the ground. Reeves' hand was still clutching the guy wire when Roger ran to his assistance.

As Gillespie reached Reeves to move him, he said he received a terrific shock of electricity from the body, although he was able to get it clear. The man was apparently dead then, so the brothers put him in the truck and drove to Peterborough.

Reeves was declared dead by Dr. Ralph Clark.

The victim, who was not married, was a son of Mr. and Mrs. Albert Reeves. The family lives on the Buckhorn-Burleigh Falls road.

Dr. H. G. Carleton, coroner at Peterborough, said he would consult the Crown Attorney of Durham County as to whether an inquest should be held.

Mercer Rioters Get Strapping

TORONTO, July 20.—(CP). — A. R. Virgin, director of Ontario reform institutions, said Monday ringleaders in the Mercer Reformatory riot June 25 were strapped.

He was commenting on a statement made Monday in a Toronto court by a woman that the prisoners "were beaten black and blue" and tear gas used. He said he was neither confirming nor denying it, but that "we do not hesitate to use tear gas whenever we find it necessary."

He said there had been no more trouble at the Guelph Reformatory. The prisoners were working, and those in the exercise yard and dormitories were being punished for their demonstration July 12 against the food.

Lillian Johnson, 50, said Monday in court when convicted of being drunk: "You can't send me back there. Why didn't they print the truth about how we were beaten and given tear gas. I wasn't in the riot, but I saw those [illegible]

She was sentenced to 40 days.

BULLETIN

WASHINGTON— State Department officials have told Congress that at least several hundred known or suspected subversive foreign agents have entered the United States as employees of the United Nations and similar organizations, Robert C. Alexander, assistant chief of the Department's Visas Commission, has testified to a Senate judiciary sub-committee that nothing can be done about it under present laws.

Extra August Cheque

MONTREAL, July 20 (CP). — Canadian railwaymen who last week gained a 17-cents-an-hour wage increase retroactive to March 1 will begin picking up their back pay cheques during the first pay in August, it was learned here to-day. The wage increase settled a dispute which threatened a general rail strike. The back pay cheques will range from $159 to $179.

Apple Crop Down

KENTVILLE, NS, July 20—(CP). — Nova Scotia's 1948 apple crop estimates have been considerably reduced, it was learned today after a survey showed that the yield will be little more than 1,000,000 barrels, just about half the pre-war 10-year average. Annapolis Valley growers hoped for an increase over the 1,208,684 barrels marketed in 1947. But adverse weather conditions, particularly a record rainfall in May, prevented an important spraying program and an irregular patchy crop with heavy scab has developed.

Suggest Thorez Should Head French Cabinet

PARIS, July 20.—(CP).—Communists proposed today that their leader, Maurice Thorez be designated the new French premier to head a coalition government of Socailists and Communists.

Thorez was the first majority party leader to call on President Vincent Auriol, who is searching for a new premier. France's middle-of-the-road government, headed by Robert Schuman, toppled Monday night after a dispute over the army's budget.

The developments caused nearly 20,000 striking public works' employees to decide to return to work, to wait out the government crisis. Their leaders found they had no one with whom to negotiate so they ordered the strike suspended.

There was no immediate prospect of Thorez being invited to share in the government. He called on Auriol first because the Communist party has the largest representation in the National Assembly. They and affiliated groups have 186 out of 618 deputies. They were not represented in the last cabinet.

The dispute within Schuman's Cabinet on the army budget came when the Premier and his Papular Republicans sought to spend the equivalent of $10,017,000,000 on national defence. The Socialists and Radical Socialists wanted to cut this by $40,000,000.

While Schuman was willing to allow a cut of $23,000,000, he refused to go along on the remaining $17,000,000. The National Assembly supported the Socialist position, voting 297 to 214 for the full $40,000,000 cut. There were 76 obstentions, largely by followers of De Gaulle, when the Assembly voted. The Cabinet then resigned.

Draft Registration

WASHINGTON, July 20. (CP) —President Truman today issued a proclamation for the draft registration to start Aug. 30. There was nothing in the proclamation to indicate when actual inductions into the armed services will begin. By law, the draft can't start until Sept. 22. That is 90 days after Truman signed the Selective Service Act.

Russians Ready To Supply Food For All Berlin, But Must Use Red Currency

British Send Protest As Soviet Planes Buzz Important Airdrome; But Fighters Fail To Halt Allied Air Lift

BERLIN, July 20—(CP).—With great propaganda fanfare the Russians announced today that they were prepared to supply food for all Berlin, including the 2,000,000 German inhabitants of the western sectors whom they have blockaded for more than a month. The claimed they would be able to do this with 100,000 tons of bread grains imported from the Soviet Union.

The Russian food was not available for the present. Shippers sent into the Russian sector of the city to buy rationed foods found that storekeepers refused to honor their coupons.

It was held likely the Russians would put a limited amount of food on the market for its propaganda value, but not enough to supply all needs.

An announcement by the official Soviet News Bureau told western Berliners they must buy this food with Soviet-sponsored German currency which circulates here as a trial to the western-sponsored Deutschemark.

The announcement was timed to coincide with a statement by the western Allies that they were unable because of the Russian land blockade, to deliver proposed increases in food ration scales for their sectors of the city.

Double Attack

Thus the Soviet announcement was a double-barrelled attacq on the western powers. Not only did the Russians claim they could feed all Berliners but their announcement sought to discredit western-sponsored currency as worthless for the primary function of buying food.

Russian-controlled newspapers in Berlin again attempted to discredit the American-British air lift which is supplying the blockaded western sectors of the city with cargoes flown from western Germany.

"The air bridge is without avail BUT GERMANS

(Continued on Page 2, Column 2)

Go-Slow Policy Toward Soviet Allies Decide

THE HAGUE, July 20 (AP).—The five powers of the western European union agreed today on a go-slow policy toward Russia in Germany.

The representatives of Britain, France, Holland, Belgium and Luxembourg were represented as considering the crisis "extremely grave."

A usually well-informed source said the five-member council reached complete agreement on a cautious policy for all five countries in the dispute with Russia over Berlin.

France prepared to propose formation of a federation of western Europe. The spokesman of the French delegation said the proposal of foreign minister Bidault would be made during a plenary session later today.

The French spokesman said the strength of the proposal for early formation of a federated western Europe was weakened considerably by the fall of the Paris government Monday night.

There were no details of Bidault's plan. It was believed, however, it would suggest linking Norway, Sweden, Denmark, western Germany, Italy, Spain and Portugal with the five countries in an airtight federation.

The five-power alliance is meeting here to set up a common defence linked with American armed might. The delegates have before them a series of memoranda on recent talks in Washington between Western European representatives and United States government officials on possible American military aid.

75 Jet Fighters Ordered To Germany

LONDON, July 20 — (AP). — The Deputy United States Consul in Glasgow said to-day the United States aircraft carrier Sicily will land 75 jet-propelled Shooting Star fighters in Scotland on August 4, to bolster American fighter strength in Germany.

The United States Air Force in Wiesbaden, Germany, confirmed this, as did sources in London who refused to be quoted by name.

The Wiesbaden official said the planes would be in Germany on a permanent basis. They will not be flown to Berlin. Their probable destination is the big United States base at Fuerstenfeldbruck, Bavaria.

Send RAF Planes On Jungle Raid

SINGAPORE, July 20 (Reuters) —RAF transport planes today reinforced various areas where Communists insurgents are causing trouble with troops, arms and ammunition, while rocket-firing Spitfires attacked jungle camps used by the terrorists.

Spitfires and DC-3s also carried out photographic reconnaissances.

The Spitfires made assaults throughout the day against in-

Kelantan, where yesterday troops were ambushed and a British major and six Malay soldiers were killed.

Insurgents attacked a police station at Selayang, eight miles north of Kuala Lumpur, last night, night, but were repelled.

Police have arrested 20 Chinese, all of whom have been identified as having taken part in the attack on the coal mine at Batu Arang, 27 miles from Kuala Lumpur, July 12.

Deny Beaver Meat Shipped To Britain

LONDON, July 20 — (CP). — Britains have been eating horse meat and even whale steaks in their make-do menus, but now T. C. Skeffington-Lodge, Labor member of parliament, said today he will ask the Chancellor of the Exchequer to state how much Britain is spending in dollars to import beaver meat.

Canadian meat board officials at Ottawa said they knew of no beaver meat going to Britain from

SEPARATED FOR 27 YEARS, Leonard Uren of Ironwood, Mich., greets his blind wife at LaGuardia Field, New York. They parted five days after their marriage in England in 1921, when Uren came to the US to make a home for his bride. She had agreed to follow, but her blindness, which came soon aft[illegible]

Mystery Plane Carrying Bombs

SANTA MARIA, Azores, July 20.—(AP).—The mysterious B-17 bomber which flew from Halifax to the Azores without permission is loaded with bombs, it was disclosed Monday night. Also, one of its 18 passengers had admitted he is on his way to Palestine.

The big four-engined plane, which made an unauthorized 1,500-mile trans-Atlantic flight in 11 hours without a radio and with one engine cowling missing, is being held by Portuguese authorities with the full agreement of the United States consul in the Azores.

One of the passengers, a man [illegible] port. He claims he lost it when he left Halifax. He said he worked as the engineer in the bomber's crew and admitted he was en route to Palestine.

New Split Reported Among Trieste Reds

TRIESTE July 20 — (AP). — The split in the Trieste Communist party widened today with the announcement that another committee had swung its support behind the cominform.

The central committee said it was backing up the executive committee's support for the cominform (Communist international information bureau). It also condemned the pro-Slovene faction of the party for promoting the nationalistic interests of Yugoslavia.

The party announced Monday it will not attend the Yugoslav Communist party's fifth congress which begins tomorrow in Belgrade.

Girl 15 Spends 32 Hours Up On Mountain After Falling 50 Feet And Breaking Leg

VANCOUVER, July 20 (CP) Fifteen-year-old Dolores Dash of Victoria was flown here Monday night by an R.C.A.F. rescue plane following a harrowing 32 hours spent with a broken leg 2,000 feet up on Marlborough Heights Mountain.

She was taken to hospital here suffering from a compound pracfure of her right leg. She had fallen 50 feet Sunday while trying to jump from one ledge on the mountain to another.

She and three companions, one a sister, set out to scale the 6,100-foot peak, 85 miles from North Vancouver on Jervis inlet.

Dolores remained on the perilous height all Sunday night and until late Monday when a rescue party, flown from here, climbed to her rescue. Two companions returned to Vancouver Bay Sunday night to report the accident.

Late Monday a Canso Flying Boat piloted by Flt.-Lt. W. D. Buzz Foster of Vancouver flew a rescue party of eight army and air force personnel, some of them equipped for a para-rescue to the scene of the mishap.

The party ascended the mountain on foot and brought Dolores down on a stretcher. R.C.A.F. officials said much of the 2,000 feet had to be scaled with the stretcher suspended by ropes.

French Plane Crashes

PARIS, July 20. —(AP)— A French four-engined plane crashed near Villacoubley Airdrome today on a test flight, killing five occupants. The plane was believed to have lost speed and gone out of control.

4 People Killed In Radial Car Collision

WELLAND, July 20.—(CP).—Only one person of a party of five escaped alive Monday night when an automobile collided with a radial car of the Niagara, St. Catharines and Toronto railway at a level crossing five miles from here.

He was John Hess, 41 of Welland, whom police said was the driver of the automobile.

Killed were: Mrs. Margaret Ness, the driver's wife; Mrs. Clem Bradley, of Welland, and Mr. and Mrs. Nelles Anderson, believed to be visitors from Minnesota.

The five were returning from nearby Fonthill where they had picked up baskets of cherries when the radial car approached the crossing. Engineer W. J. Brock of Humberstone told police he blew his whistle twice before reaching the crossing and that his engine was travelling at a normal rate of speed.

The force of the impact carried the automobile 120 feet down the track and spilled its occupants along the right-of-way. Ness was taken to hospital in critical condition with badly crushed legs.

No passengers were injured aboard the radial car.

Hospital authorities here said today Ness had passed a "fair" night. Dr. Malcolm MacLean who opened an investigation last night said today an inquest may be held.

The Weather

Peterborough Temperatures

Today:
Night low..54 Noon ...78

Yesterday:
Highest....80 Lowest..57

One Year Ago:
Highest....71 Lowest..53

Sun—Rises at 5:54; Sets at 8:54

Skies were clear and temperatures generally below 60 throughout Ontario during the night. Cooler air, pushing into the White River and Kirkland Lake regions, is expected to advance to the Georgian Bay area by dawn Wednesday. A weak disturbance, now located over the Dakotas should edge eastward to the vicinity of Lake Superior on Wednesday thus blocking further southward motion of the cool air. Scattered showers and thunderstorms are expected to occur in Central Ontario districts this afternoon and evening and in the Lower Lakes regions Wednesday afternoon.

Forecasts:

Northern Lake Huron, Lake Ontario and Niagara Regions: Cloudy this afternoon and again Wednesday afternoon and evening, otherwise mostly clear. Widely scattered showers and thunderstorms Wednesday afternoon and evening. Not much change in temperature. Low to-night and high Wednesday—At St. Catharines 65 and 83, Wingham 64 and 82, Trenton 62 and 82.

Sumamry for Wednesday: Afternoon and evening thunderstorms.

Georgian Bay and Haliburton Regions: Variable cloudiness to-day and Wednesday. Widely scattered showers or thunderstorms to-night and Wednesday. Not much change in temperature to-day, a little cooler on Wednesday. Low to-night and high Wednesday—At Muskoka 62 and 80, Killaloe 60 and 80.

REPORTED IN SOME CIRCLES as being readied for "training flights" over Germany, a fleet of 60 U.S. Superforts and five C-54 Skymasters arrived in England over the week-end. Meanwhile RAF circles said the huge bombers are expected to participate with the Royal Air Force planes in manoeuvres during their two to four week stay in Britain. In this picture radioed from London, Air Vice-Marshal Charles E. N. Guest (centre), of the Royal Air Force, welcomes crew members of one of the Superfortress bombers to arrive at Scampton, Lincolnshire, Eng., after the vanguard of 60 of the B-29s had touched down.

MORE ABOUT—

But Germans

Continued from Page 1

—all Berliners can buy their rations in the Soviet sector in the future," the Communist press said.

Haven't Cut Service

Russian fighter planes have "buzzed" the British airdrome in Berlin. Western Allied officials said, however, that Soviet air tactics have not impeded the American-British supply service to the city. The Russian blockade with its attending economic paralysis, has forced the closing of nearly 1,000 of Berlin's industrial plants.

The first reaction of western Berliners to the Russian food announcement was somewhat cynical. Some said they would attempt to obtain the Soviet-offered food but one native Berliner employed in an American office remarked:

"So now the Russians offer us food when they have shut it off from Western Germany. They say it is grain sent from the Soviet Union. But what about the low rations 16,000,000 Germans in the Russian occupation zone have endured? What about the millions of tons of food the Russians have taken out of their zone and shipped to Russia?

Russian Fault

Commenting on the western Allied statement that food rations cannot be increased now in the western sectors of Berlin, a British spokesman said:

"These increases could be implemented immediately if Russian authorities would open communication routes they have closed on the pretext of technical operating difficulties.

"Food supplies now are waiting in the combined (British-American) zones and can be diverted from air to land routes without delay. In the meantime, the joint Anglo-American air lift is effectively meeting the daily food demands of the western sectors of the city."

Send Protest

British authorities sent a "very strong protest" today to the Russian military administration of Berlin against the flight by a formation of Russian Yak fighters yesterday over Gatow airport.

Gatow is the British airport for Berlin. An official statement said the Yaks' flight was a "direct violation of the air safety regulations for the greater Berlin area."

Cheese, Produce, Livestock

HOG PRICES

TORONTO, July 20 — (CP) — Hog prices at Stratford today were unchanged. Grade A $31.10 to farmers; to truckers $31.25.

TORONTO FRUIT

TORONTO, July 20 — (CP) — Wholesale fruit and vegetable prices here today were unchanged with the following exceptions:

Raspberries, pints 18-22 cents; cucumbers, 11 qts. 50-90 cents.

BUFFALO LIVESTOCK

BUFALO, N.Y., July 20—(AP).—Cattle 250; medium to good bef cows 22.00-23.00; dairy type fat cows 21.50-22.50; medium fat 18.50-20.50; weighty cutters 18.50-20.50; weighty canners 13.25-16.25; fat dairy heifers 22.75-24.75; heavy bulls 23.75-24.75; good bulls 21.75-23.25.

Calves 200; no early sales; choice 32.00-33.00; medium and heavy rough calves 28.00-30.00; culls 20.00-26.00.

Hogs 350; bulk 29.50-30.50.

Lambs 500; bucks 29.00-30.00; mediums 25.00; sheep good 11.00-12.00; culls and canners 4.00-6.00.

WINNIPEG GRAIN

WINNIPEG, July 20 (CP). — Shipper demand contributed to a better tone in oats and barley futures in early, dull trade today on the Winnipeg grain exchange. Offerings continued light from the opening as the market here reflected firmness on the Chicago grain market.

The rye futures market was not open. Prices:

Oats—July 85⅜; Oct. ⅜ higher to unchanged at 82⅜; Dec. ½ higher at 77⅝.

Barley — July unchanged at 31.24¾; Oct. ⅜ higher at $1.13¾; Dec. ¼ higher at $1.06⅜A.

Inspection: Wheat this year 413; last year 352; cars of contract 262; oats 84/81; barley 104/41; flax 21/3; rye 2/4; other grains 3/9; total 627/490.

TORONTO PRODUCE

TORONTO, July 20 — (CP) — Produce price on the spot market here today were quoted as follows:

Churning cream unchanged. No. 7, 73 cents fob, 77 delivered. Butter prints unchanged. First grades 39; second grade 68; third grade 87.

The egg market is a little firmer today. Receipts are light and are clearing well under good demand. Top grades are up from half a cent to one cent. Country shippers quoted graded eggs, cases free: Grade A large 50-51; Grade A medium 48-49; Grade A pullet 45; Gade B 40-41; Grade C 36-37. Wholesale to retail: Grade A large 54-55; Grade A medium 52-53; Grade A pullet 48-50; Grade B 45; Grade C 40.

Butter solids are unchanged. First grade 67½; second grade 35¼-66¼.

TORONTO LIVESTOCK

TORONTO, July 20 — (CP) — The livestock market here today continued at steady prices but trade was slow as indifferent buyers waited for better quality cattle to hit the market. Cows and bulls featured the greated number of sales as good quality butcher cattle were scarce. A plentiful supply of common to medium cattle were offered but created little interest. Receipts reported by the Dominion Marketing Service were: Cattle 675, calves 250, hogs 275, sheep and lambs 275. Holdover from yesterday's trading was 1,900 cattle.

A few medium to weighty steers sold up to $22.50 and butcher steers brought $18-$20.50. Heifers were $16-$20.50. Good butcher cows were $14.50-$15.50 with a few up to $16. Common to medium cows sold downward to $1 with canners and cutters downward to $5. Bulls were $11-$15.2 according to quality. Fed yearlings were strong at $20-$23.5 with an odd top at $24. A few stockers sold from $16-$16.50.

Choice veal remained steady at $22-$23 with an odd top of $23.5. Common to medium calves met narrow demand at weaker prices. Grass calves sold downward to $11.

Hogs remained steady at $31.2 for Grade A and $30.65 for B1 Sows were $21 dressed.

Good spring lambs were steady with $1 discount on bucks. Good light sheep were $5-$8 with a few at $9. Fat heavy sheep were slow and hard to sell at $5-$6.

Industrials Weaker In Light Trading

TORONTO, July 20 — (CP). — Industrials were slightly weaker in very light trading here today. Golds, base metals and western oils steadier after Monday's sudden fall.

Most industrials edged downward for a fractional loss. An exception was Bell Telephone which recouped most of Monday's loss by gaining 1½.

Base metals levelled off after falling heavily. Sherritt gained 2 cents and new Calumet gained 5.

ated violently in recent days, gained 10 cents.

Senior golds were slightly weaker with Wright Hargreaves and Lake Shore edging downwards. Dome gained ⅛. East Malartic touched a new low for the year in the juniors, falling 3 cents. Also at a new low was Kirkland Lake, which dropped 5 cents.

Anglo Canadian, Calgary and Edmonton and Home Oil led the stronger trend in the western oils. Calgary and Edmonton, which dropped 65 cents yesterday, gained 40 cents of it back today. Atlantic, Consolidated Homestead, Globe and Pacific Petroelum edged down 1 cent each.

CHICAGO GRAIN

CHICAGO, July 20 — (AP) — The September delivery of corn was fractionally higher but other grains were lower at the opening on the Board of Trade today.

Wheat opened unchanged to one cent lower than yesterday's close, July $2.24¼-½; corn was ¼ higher to ¾ lower, July $2.09¾, and oats were unchanged to ⅛ lower, July 82.

Grain And Produce Peterborough Hogs,

TUESDAY, JULY 20

Hog quotations $30.65 plus transportation.

Sow quotations $20 plus transportation.

Eggs: A-large, 44c; A-medium, 42c; A-pullet, 38c; B, 33c; C, 29c.

The Quaker Oats Company of Canada quotes Ontario Winter Wheat No. 1 $2.10; No. 2 $2.10; No. 3 $2.02; feed oats 90c; buckwheat $1.25; feed barley, $1.13. All prices delivered at the mill.

BRANTFORD.—The Federation of British-Canadian Veterans in Canada will hold its annual meeting September 18 to 19 at Hamilton. John Gray, of St. Catharines, is president.

'st County Cricket esults In Britain

LONDON, July 20. (Reuters)—ounty cricket results today:

Lancashire vs. Northamptonhire: match drawn. Northamptonshire first innings 146, second nnings 247 for four; Lancashire irst innings 411 for nine declared.

Somerset defeated Leicestershire by 166 runs. Somerset firs' nnings 307, second innings 226 or seven declared; Leicestershire first innings 201, second innings 166.

Warwickshire defeated Glamorgan by 183 runs. Warwickshire first innings 315, second innings 175 for nine declared; Glamorgan first innings 161, second innings 146.

Gloucestershire defeated by Worcestershire 10 wickets. Worcestershire first innings 143, second innings 184; Gloucestershire first innings 324 for nine declared, second innings four for no wickets.

Derbyshire defeated Sussex by 10 wickets. Sussex first innings 204, second innings 80; Derbyshire first innings 252, second innings 34 for no wickets.

Nottinghamshire vs. Yorkshire match drawn. Yorkshire first innings 372, second innings 93 for two; Nottinghamshire first innings 479. Nottinghamshire did not bat a second time.

Surrey defeated Kent by 67 runs. Surrey first innings 393 for nine declared, second innings 180 for three declared; Kent first innings 304 for eight declared, second innings 202.

Bishop Sentenced

LONDON, July 20—(AP)—The Yugoslav new agency Tanjug said Monday night that Msgr. Peter Chule, Roman Catholic bishop of Mostar, has been sentenced to 11 years in prison for aiding enemy occupation forces in Yugoslavia during the Second World War. The agency said that three priests and five nuns tried with the bishop at Sarajevo were sentenced to terms ranging from eight years to six months.

Killed In Ambush

SEOUL, July 20 — (AP). — One American soldier was killed and another wounded slightly in an ambush Monday at an outpost near the dividing line between American and Russian zones of Korea, the United States army announced today. An unknown number of Koreans, in civilian clothing, attacked five American soldiers.

PARTLY TROPICAL

Nearly 40 per cent of the total area of Australia lies within the tropics.

Settle Mutiny

PORT OF SPAIN, Trinidad, July 20 — (CP). — Mutiny aboard the Panamanian freighter Ypora Sunday was "settled amicably" by the captain and crew, Trinidad harbor police reported Monday. The captain said two oilers had threatened the life of chief engineer Engild Neilson for alleged discrimination. Trinidad police boarded the ship but no action was taken because of the mutual agreement.

BRISTOL, Eng. — Plans to transfer the British Overseas Airways Corporation maintenance base from Montreal to Filton, Gloucestershire, moved forward with the decision by the Bristol Housing Committee to make accommodation available in Bristol for BOAC personnel.

N.Y. Stocks Take Head-long Drop

NEW YORK, July 20—(AP).—A plunging stock market whiped out an estimated $2,100,000,000 in value Monday in continuation of last week's head-long downward drive. The break was the biggest since Nov. 6, 1946.

More issues were traded than anytime in the Exchange's history, 1,163 of a total of 1,410 stocks listed. The total volume of 2,560,000 shares was the highest since the current phase of the bull market started in May.

The break, which found leaders selling from $1 to $12 lower at times, posed a big Wall Street question—is the bull market over?

Traders sought the answer in the war danger signals over Berlin, the special session of Congress which President Truman called to consider price fixing to bring down the cost of living, and the advance of wage and price boosts.

Pessimism in Wall Street splashed over into other markets. Butter futures in Chicago broke nearly two cents a pound. Eggs futures were plumped down 1½ cents a dozen in the heaviest trading this year.

The New York Stock Market opened with large blocks of shares changing hands. There were lulls in trading, but prices stayed down. A faint rally emerged near the close and regained some of the widest losses of the day.

TED CONOVER, farmer and ar veteran, president of the Young Progressive Conservatives of Ontario, presiding officer at the Young Progressive Conservatives' summer school now being held at Aero Lodge, Gravenhurst.

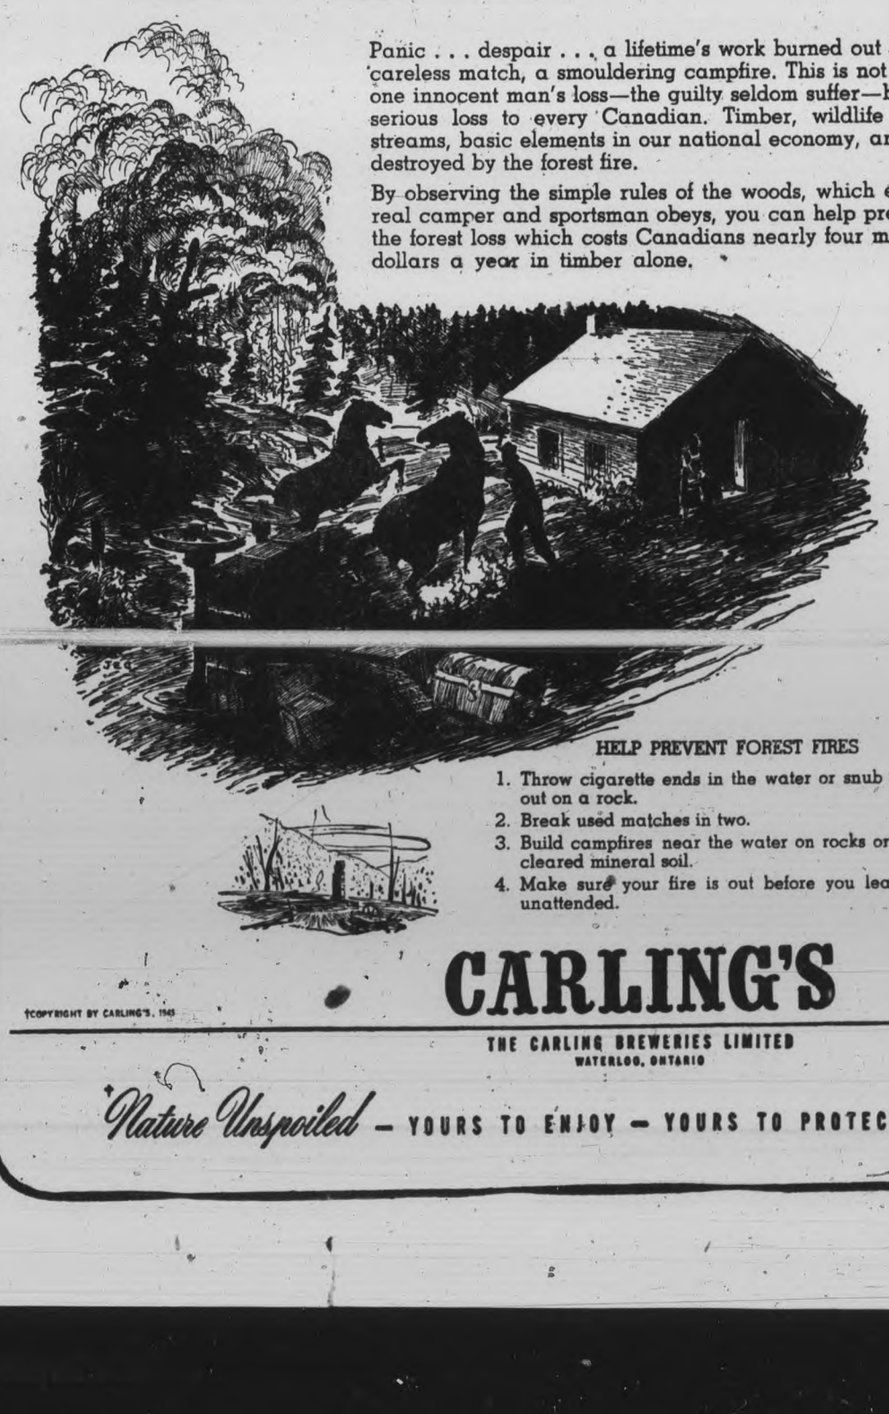
Forest loss is your loss...



Panic . . . despair . . . a lifetime's work burned out by a careless match, a smouldering campfire. This is not only one innocent man's loss—the guilty seldom suffer—but a serious loss to every Canadian. Timber, wildlife and streams, basic elements in our national economy, are all destroyed by the forest fire.

By observing the simple rules of the woods, which every real camper and sportsman obeys, you can help prevent the forest loss which costs Canadians nearly four million dollars a year in timber alone.

HELP PREVENT FOREST FIRES

1. Throw cigarette ends in the water or snub them out on a rock.
2. Break used matches in two.
3. Build campfires near the water on rocks or well cleared mineral soil.
4. Make sure your fire is out before you leave it unattended.

Chamber of Commerce Common Meeting Ground For Co-ordination of Effort

Work of the Chamber of Commerce was explained by its president, Wilson Gemmell, at the Rotary luncheon on Monday at the Empress Hotel. He said "people do not take an interest in a Chamber of Commerce just because it exists, and periodically its functions must be brought to the attention of the public at large. If any criticism of our local body is justified, it is that for too long its activities have been known to too few people."

He pointed out that Peterborough ranks 10th in Canada for industrial production, that some $300,000 to $350,000 in wages goes into circulation weekly in addition to the out-of-town and tourist trade, that there are many old buildings but no bad slum conditions, and that there are trees on all but a few streets.

"These things have not just happened," he said. "Somewhere there was co-operation and collaboration. In 1896 a map of the city was published and much of what is now within the boundary was shown as sub-divisions, but annexations in recent years have carried the city beyond these confines. A new design is needed for the next 50 years. While that is being done who is to keep the loose threads together?"

"We have broken pavements, poor level crossings and too many of them, and two schools of thought as regards industrial development—one for pushing ahead and the other content for status quo. Some place there is a happy medium."

"Private individuals," Mr. Gemmell continued, "industrial enterprises, service clubs and other organizations have not for some time taken full advantage of an established common meeting ground for the co-ordination of their efforts. The activities of the Chamber of Commerce involve all these people and their relationships with each other that the community can flourish and it follows, of course, the Province and the Dominion."

Recent Activities

He outlined some of the recent activities of the Chamber of Commerce. A survey of traffic conditions is to be made with the co-operation of the Junior Chamber of Commerce. The office is a centre for assistance to tourists. The Chamber is collaborating with the City Council on industrial expansion. Services at George Street Wharf have been improved. The activities of a better business bureau are being carried out to a limited degree. Automobile licenses are being issued and constant attention is given to the highway development program.

Conservation was the last activity mentioned by Mr. Gemmell. He pointed out that conservation of land and water is one of the most important problems facing the world today and that the foundations of our civilization depend upon maintaining an adequate productivity of the soil. "Have we, for instance, in Peterborough county," he said, "bare spots which should be treed to preserve the soil and water?"

Mr. Gemmell was introduced by Tom Taylor and thanked by T. J. Carley, KC. W. J. Hamilton presided at the meeting, at which James Fraser, manager of the Chamber of Commerce, was also present.

Award Spencer Paving Job At Campbellford

CAMPBELLFORD, July 20 — (ENS).—There were no tenderers for the job of paving the areas known as the Integrated Housing and the Wartime Housing here, it was revealed at a special council meeting on Monday night.

The tenders should have been in the hands of the municipal clerk by noon on July 15, but as there were none received by that time, council agreed to open and read one submitted after the deadline.

This was from Wilfred Spencer, who is presently handling the work on the Memorial Hospital and also the Irwin Building.

Council agreed to accept this sole tender, which is on a basis of thirty-three and a half cents per square yard for straight sidewalks, with a slight increase for extra work involved in the installation of graded concrete entrances to properties.

At the last regular meeting of the council, it was stated that this paving work was essential if the grading of the roads is to be done properly.

The special meeting on Monday lasted but a few minutes, there being only the one item on the agenda, and was attended by the Mayor and all members of council except Messrs. Kingston and Palliser, who were out of town.

Report Fishing Ship Repaired At Sea

HALIFAX, July 20— (CP) — The 50-foot fishing vessel Mushaboom, damaged in a collision off Halifax Monday night, was repaired at sea and today was collecting fishing gear before returning to port.

The R.C.M.P. cutter French reached the side of the Nova Scotia ship today and reported: "Damage not serious. Temporary repairs made last night. Recovering gear gefore returning to port."

It was still not known with what ship or obstacle the Mushaboom had collided. The United States tanker Wagon Box, out of Mobile, Ala., stood by the fishing craft and relayed messages from the radioless Mushaboom.

The 10,000-ton wagon box declined to say whether she was involved in the collision.

Saddle Horse Shies Rider Suffer Bruises

CAMPBELLFORD, July 20 — (CP).—When his saddle horse shied at a passing motor car and pinned him against a tree, Wesley Hardy, 21, sustained serious injuries to his left leg and severe body bruises. The accident happened at Presque Isle Point. After medical attention by Dr. Ward Baker, he was removed to his home.

Daniel Sorochan Dies

KIRKLAND LAKE, July 20 (CP).—Daniel Sorochan, 52, resident of this district for 28 years and widely known in sporting circles, died Sunday in Kirkland District Hospital. Survivors include a daughter, Mrs. P. Yamka of Windsor, and two brothers, William and Wilfred Sorochan, both of Oshawa.

SKUNG OIL VICTIMS get first aid outside the Univis Lens Co., in Dayton, Ohio. Nine girls who attempted to cross a picket line at the strike-bound firm were sprayed with skunk oil. Several became ill and were hospitalized.

Daniel Campion Dies At 93 Years

MARMORA, July 20.—(ENS).—The death occurred at 93 on Sunday afternoon at the Home for the Aged, Belleville, where he had been an inmate for the past few years, of a former well known resident of Marmora, Daniel Campion.

He was a son of the late Mr. and Mrs. George Campion of Marmora Township and was born at the old homestead of these pioneer settlers on June 5, 1855.

He was the oldest native of Marmora Township at the time of his death. The greater part of his life was spent in farming in Marmora Township, but for some years he also farmed in Saskatchewan, of which he had fond memories.

He came to reside in Marmora village about 30 years ago. Later he resided in Peterborough until his physical condition necessitated care at the home. He was married three times, each wife having predeceased him. He is survived by four children: Mrs. Cora Wetterstrand, Keller, Sask.; Clarence, Peterborough, and Mrs. Ruby Myion and Ralph, Swift Current, Sask. One brother, Harry of Marmora, also survives.

He was a member of the Free Methodist Church.

The body is being brought to the residence of his brother Harry, awaiting the funeral arrangements for which are not complete. Burial will be in Beaver Creek Free Methodist Cemetery.

Carpet For Chancel Purchased By WA

ROSENEATH, July 20. — (ENS).—An article by Mrs. Earl Braithwaite on "Anglican Missions in Solitary Places," and a talk on the "St. John the Divine Mission" near Bracebridge by Mrs. C. R. Spencer were features of the July meeting of the W.A. of St. James Anglican church.

The meeting was held at Mrs. J. L. Tim'in's home and Mrs. Spencer presided.

Mrs. James Webb and Mrs. Earl Braithwaite, committee in charge, reported a new carpet purchased for the church chancel for $64.

Plans for the annual bazaar on July 31 in the town hall were discussed.

17 Slaughter Houses Closed In Two Years By Health Unit

COBOURG, July 20.—(ENS).—Enforcement of the slaughter-house regulations of the Northumberland and Durham Counties Health Unit, has resulted in a number being closed up and others considerably improved, the report of the health unit for June reveals.

In June a slaughter house in Hamilton township and one in Millbrook were ordered colsed. There were originally 37 of them in the unit area, varying in size from small establishments used by beef ring or small butcher shops to larger buildings used by two or more butchers. During 1946 and 47, five slaughter houses were rebuilt and the general conditions of many others improved. But some were in poor condition and in the interests of the public health, these were closed. There are now 30 in operation with 26 approved or recommended for approval.

Improvement in the construction and operation of these places will help to protect public health, the health unit report for June points out. Before the health unit regulations were drawn up, many slaughter houses were found located in swamp, undrained land, and were old buildings, dirty and surrounded by filth.

A total of 55 children from Campbellford, Seymour and Percy townships received eye tests at the clinic sponsored by the Rotary Club of Campbellford last month and most of these were children whose eye conditions had been discovered by members of the health unit staff. Glasses were provided at cost for those that needed them and where a family did not have enough money for the glasses, the Rotary Club helped out.

Communicable disease dropped to 251 cases in June as compared with 463 the month before.

Won't Be Lonesome

WASHINGTON, July 20 — (CP).—United States Navy men on a supply expedition to Canadian Arctic waters and Greenland will be sent the latest adventures of Dick Tracy by radiophoto. Arrangements for transmission of the cartoon strip were disclosed by the Navy Department today. The expedition is delivering supplies to weather stations operated jointly by Canada and the United States.

Ship Work Resumes

AUCKLAND, July 20—(CP)—Work now has been resumed on all but two ships here following a dispute at the docks which almost immobilized the port for several weeks. However, no permanent settlement has yet been reached with the waterside workers union. A hearing is expected to begin next week to decide whether a certain type of hatch cover should be lifted manually or mechanically. Meanwhile two ships with these types of hatches still are not being worked.

More than 90 per cent of the people of Haiti are of pure African descent.

Captures Award For 2nd Week

Fleming playground won the merit point championship for the second week in a row with a total of 6,247 points distributed among 42 participants for an average of 147.57 per person.

Merit points are given to those who participate in such activities as athletics, softball, basketball, handcrafts, dramatics, horseshoes, soccer, volleyball and touch rugby. Points are also given for leadership in assisting the playground supervisor. Ten points are given to the winners of team games and five points to the losers. Daily horseshoe tournaments are conducted with ten points to the winner, seven for second, five for third, and the rest of the competitors two points each.

The merit point system was introduced on the playgrounds last year with much success in encouraging the youngsters to participate in organized activities. The three leaders in each age group at the end of the season will be presented with a crest as an award for their achievements. Age groups range: Primary under 9 years of age; Tadpole under 11; Pee Wee under 13 Bantam under 15 and Midget under 17.

Fleming won the weekly pennant five times last year under the supervision of Miss Patsy Martyn. She is starting in where she left off by winning the award two straight weeks.

Ten-year-old Tom Kelly, Edinburgh St., was high point scorer last week amassing 480 points, followed closely by Albert Ryon, 13, with a total of 409. Four hundred points represents 40 winning games played during the week.

KNOWN 2,500 YEARS

The fact that a magnet has the power of attracting iron and steel has been known since 640 B.C.

Has Spent 32 Years In Prison Aged Man Given 10 Years

COBOURG, July 20.—(ENS).—Edward Finnen, 74-year-old transient who has spent 32 years in prison on conviction extending from 1916 to this year, was sentenced to ten years in the Kingston penitentiary when he appeared before Magistrate R. B Baxter Monday. He pleaded guilty to breaking into Wilson's Motors garage on July 10, where police caught him around 3.30 in the morning filling his pockets from the till. The amount involved was $32.00.

On a charge of breaking into Pratt's coal office and Jenings' coal office on the same date, he reived seven years, terms to run concurrently.

'I am basing the sentence, not on the amount involved in this charge, but upon the record which you have piled up. You started in 1916 and have been in and out of United States jail until I guess they didn't know what to do with you and deported you to Canada 1940. You then proceeded to get into trouble again," commented the magistrate.

Found in Garage

The accused was trapped in the garage by Constables H. Pearse and C. Cunningham of the Cobourg Police Dept. Pearse said that the accused said he had never been in trouble before.

"Here is the record," your Worship," declared Crown Attorney Harry Deyman. "For a man who has not been trouble before he has done pretty well. He has been in prison for terms which total 32 years and he is only recently out.'

Drunk Driving

Tweed Anderson of Cobourg was sentenced to seven days in jail for drunk driving, his license suspended for three months and his car impounded for the same period when he appeared in police court. On a charge of dangerous driving he received seven days to run concurrently. Magistrate R B. Baxter commended him for his frankness in telling his story on the witness stand.

The charge was laid after Anderson's car ran into a tree at Gore's Landing. Delbert Henry, passenger in his car, received serious head injuries. Provincial Constable Don Nicol testified that he had been at Gore's Landing on a drowning case and heard the crash when Anderson's car hit a tree. He found the accused staggering the officer testified. His evidence was corroborated by Constable H. Pearse and by Dr. W. W. Wilkins who examined the accused superficially after the accident.

Charge Withdrawn

A charge of fishing for pickerel on June 28, while drifting on Rice Lake, was withdrawn as against three Toronto firefighters and dismissed in connection with a fourth fireman from that city. The four appeared in police court Monday.

George Callan, the first accused, had been fishing about one mile and a half out towards Black Island. Game Overseer Vic Harris said that he saw the boat from 200 yards away; the anchor rope suddenly ran out to its limit when the men in the drifting craft spotted him. The accused denied that the anchor was partly up and also denied that they were drifting. He was backed up by similar statements from his companions, Gerald Fitzgerald, Ken Willcott and William Virgo.

Magistrate R. B. Baxter ruled that he would have to give Callan the benefit of the doubt and upon consent of Game Overseer Harris the charges against the others were withdrawn.

Expect 2,800 Masons At Toronto Meeting

TORONTO, July 20.—(CP).—More than 2,800 Masons are expected to attend the 93rd annual communication of the Grand Lodge of Ancient Free and Accepted Masons of Canada, in the province of Ontario, which opens here tomorrow. Grand masters and grand secretaries from all the other provinces and from many states of the United States will attend.

Highlight of the sessions will be the grand master's banquet Wednesday when Dr. Richard A. Kern, past grand master of the Grand Lodge of Pennsylvania, will speak.

"Don't Quote Me"

On Friday last we published a letter written to this newspaper by the Hon. G. N. Gordon on a number of matters of local interest. One passage in it seems to us to call for special comment; it read thus: "This letter has been written at the suggestion of a number of public-spirited men and women of this city who are deeply interested in the welfare of the community, but do not wish to submit their names to a newspaper discussion". We think that Mr. Gordon has been extremely charitable in his phraseology. What he might have said is this: "This letter has been written at the suggestion of a number of men and women of this city who have a lot to say about local affairs in private, where it can do no good, but are too afraid that someone will contradict them to say their say publicly". Every newspaper is familiar with such people; they will pour their opinions into the ear of a newspaperman by the hour, but they always end by saying "Don't quote me". And when asked to embody their opinions in a letter for public consideration they reply that they do not want to be mixed up in a newspaper wrangle.

• • •

These people are very common in Canada, and Peterborough has its full share of them. They are not so common in other parts of the civilized world. In Britain public discussion is highly valued and is conducted on a high level; the letter columns of the provincial papers, as well as the great papers of London, are signed by names drawn from the pages of *Who's Who*. Women, as well as men, take up the pen whenever they have anything to say on public affairs. The controversies are brisk, and sometimes hard knocks are given and taken. This is almost equally true of the United States, where the letter columns of newspapers are generously employed in public debate, and where men and women who have anything to say are ready to make statements to the press, and acknowledge their opinions publicly.

• • •

Who are these people who "do not wish to submit their names to a newspaper discussion"? Is their blood so blue that it must be shielded from every contact with the public, lest it turn red? Are their ideas so precious that they fear to sully them by offering them for the consideration of lesser intellects? Are they in such despair about public affairs that they hesitate to add another opinion to the multitude? Or are they simply people who are afraid that their business would be hurt if it were known that they held a firm opinion on any matter whatever? Are they Main Street beefers who like to think that they are "powers behind the throne", when in actual fact they are powerless everywhere? Do they secretly fear that their opinions might be challenged, and even destroyed, thereby compelling them to change their minds?

• • •

Canada boasts of freedom of expression. The free press is one outcome of that freedom. But there are still many Canadians who are scared to death to acknowledge any opinion publicly, and who try to disguise their fear as an extreme delicacy of mind which makes public discussion repugnant to them.

Averted Strikes—At A Cost

It is a considerable relief to the people of Peterborough, whether they are employees of the C.G.E. or not, that a strike did not materialize in the C.G.E. plant. A strike would have been costly. Were no pay envelopes coming into thousands of homes, debts could not have been avoided and business generally would have suffered. It is to the credit of the local union members that they were determined not to be bamboozled into striking. They have secured a wage increase of 13 cents an hour. The average wage rate for C.G.E. employees is now $1.10—1.20 an hour, an increase of 40 cents an hour since November, 1946.

Another strike avoided last week, which would have grievously affected not only the community of Peterborough but the whole nation, was among railway employees. They have secured an increase of 17 cents an hour.

These strikes have been averted at a cost to the people generally. The railway companies' wage bill has been raised by $76,500,000 annually. These added heavy costs will be passed on to the people, perhaps by a further boost in freight rates. This would raise the price of anything moved by rail—wheat and flour, for instance. We do not know how much the new wage increase will cost the electrical company. It will be a large sum, and again we must expect the increased costs to be passed on to the public, in the form of higher prices for products ranging from small household appliances to huge dynamos for the Hydro's power plants.

The people will pay, even the workmen who have had the increases. How long will they be able to continue to pay? Are we caught firmly and disastrously in a cycle of mounting costs, wages and prices? Are these wiping out the markets for the goods and services, and thus, finally the jobs?

As we have remarked before in these columns, there is a large, shapeless, almost voiceless entity called the Community whose welfare is primary in industrial disputes. Is it losing in these wage disputes and settlements? True, two important strikes have been averted. Has the cost been too great? For instance, in the railway dispute, the majority report of the conciliation board declared that the employees needed only 4.2 cents an hour increase, yet the dispute was settled on the basis of a 17-cent increase. Is the Government taking sufficient measures to protect itself and the Community from misuse of economic power by the unions? How well is the public interest served when such wage increases are made? We shall know in a year or two. The portents are not good.

Child-Snatching In Greece?

Greece has been at war for eight years, first against the Axis, now in civil war between Royalists and Communists. Greece is not a happy country. Even now women and children are being evacuated from various sectors to other, safer parts for their own protection. There is one type of evacuation which is alarming the present Greek government and the masses of the people who support it. That is the transfer of Greek children in the areas controlled by the rebels to Albania, Yugoslavia, Bulgaria, Roumania and even Hungary and Czechoslovakia. It is estimated that between ten and twelve thousand Greek children have been taken away from Greece in this way during the last several years.

The present monarchical Government and the Greek Church consider this transfer of children to be abduction. They claim that the children have been taken by the insurgents away from their mothers forcibly or under false pretenses. They are being raised in Communist countries; they are being "re-educated" according to Communist doctrine. It is feared that they will forget their homeland, their religion and be forever lost to Hellenism; or that in later years they will be sent back to Greece as agents of foreign powers and foreign philosophy.

The monarchical Greeks use the word *paedomaroma* in reference to this transfer of Greek children to so-called New Democracies. *Paedomaroma* — child-stealing from one country by another—has an ancient, anguished history for the Greeks. It dates in modern times from 1326 when the Sultan of Turkey decided to take Greek children, convert them to Islam and train them for his armies. The practice was not abolished until 1826. Now it seems to be revived with Slavic Communists as the masters.

The Greek Government has lodged a protest to U.N. against the abduction of children. The Greek church has condemned the practice. It is a matter which U.N. and its Balkan Commission should investigate thoroughly.

United Nations For Peace In Palestine

U.N. ordered a cease-fire in Palestine. The order has been heeded by both Jews and Arabs. This armistice is U.N.'s greatest triumph.

The diplomacy of nineteenth century power politics has been an instrument in obtaining the truce. The realities of economics, the threat of the big stick, hard-headed dickering on an international plane, may have been decisive factors in forcing its acceptance. Nevertheless the cease-fire order was issued by and in the name of the United Nations Security Council and it was to the will of U.N. that Jew and Arab submitted. In essence the truce in Palestine has come about through moral force.

It is U.N.'s greatest triumph and revives faith in the function of U.N. It is an indication that the time will come when moral sense, not arms, is the supreme arbiter among nations.

A Letter From Lucerne

By J. D. CAMBRIDGE

IF you don't like rave letters, don't bother to read any further; this letter is going to be one long rave about a very lovely country, surely the loveliest in all Europe.

Suppose you were given the problem of organizing the ideal country as you would like it—the new Atlantis, or Utopia, or Arcadia, or Oceana—what would be your main considerations? First, you would need people, preferably sober, serious people, hard-working, thrifty, and intelligent, yet with the ability to laugh and enjoy life too. Next, you would need a country to put these people in, a prosperous land, not all flat and not all hilly, with lakes and rivers, and a temperate climate—warm summers and brisk winters, not too dry and not too wet. Give these people in this surrounding a nicely balanced economy between industry and agriculture, with democratic, conscientious government, and a fierce sense of independence, and you have the makings of a fine state. In fact, you also have an excellent description of Switzerland, or the Helvetian Confederation, to give the country its proper title.

◇ ◇ ◇

THE government is quite loosely organized, the confederation is of the 22 "cantons" or provinces that make up Switzerland, and these cantons have much more independence in their internal policies than a Canadian province. The confederation is primarily for defensive purposes. It is only since 1848 that the present system has existed. Before that time some of the cantons were virtually independent nations.

◇ ◇ ◇

LONG surrounded by powerful neighbors, only unceasing vigilance has preserved the confederation through the centuries, and the Swiss are a surprisingly war-like nation, in spite of their recent tradition of neutrality. In the Middle Ages, Swiss mercenary troops were the backbone of half the armies of Europe. Even the British frequently used Swiss troops, and as recently as the Napoleonic wars of the early 1800's. The old tradition of the Swiss mercenary troops is still carried on in the Papal Guard, the soldiers guarding the Vatican. The Papal Guard is exclusively recruited in Switzerland.

◇ ◇ ◇

IN spite of the smallness of the population (4,000,000), the Swiss Army is considered by experts to be a formidable military organization, especially in the mountainous terrain of their own country. Universal military training is required of all men—not unusual in Europe—but what is unusual is the fact that when the period of military service is over and the soldier is transferred to reserve, he is issued with rifle, 100 rounds of ammunition, and full military kit, which he must keep convenient to him at all times, and in good condition. The idea, of course, is to have a trained and fully equipped soldier ready in a matter of hours, if an emergency demands it. By this method the Swiss, with a population less than that of Ontario, can field an army of 700,000 men on a few days' notice.

◇ ◇ ◇

INTERESTING as this may be, it is not what impresses the visitor. The first thing he notices is the cleanliness of the country. The houses all seem freshly painted, and are certainly freshly scrubbed, and there is not a trace of dust or dirt to be found on the streets. It is the proud boast of the Swiss that you cannot find a slum in all Switzerland, and I don't doubt it. Typical of the cleanliness of the country is the scene at Basel railway station on the arrival of the Calais express from the French coast. Before the passengers are off the cars a crew is swarming over each coach with hose and brush, scrubbing it down, and sweepers with vacuum cleaners impatiently stand by, waiting for the last passenger to leave. The usual saying of a well-kept place is that it is so clean you could eat off the floor: in Switzerland you can eat off the roof, the floor, or under the floor, all with perfect safety.

◇ ◇ ◇

PART of the secret of the cleanliness is hydro-electricity, and the other part is elbow-grease. To a person like myself, brought up in the tradition that the Ontario H.E.P.C. is the ultimate in electrification, Switzerland is a rude shock. Nearly all railway lines are electrified, and factory chimnies are as rare here as an Ontario farmer who admits he is doing well. Rural electrification covers the country. On top of a 7,000 ft. mountain we found a hotel with hydro-electric power wired up from below. The electric trains are not like the old Ontario radial lines by any means. Heavy electric engines haul 10 to 15 coaches at 60-80 m.p.h., and frequently on grades that would make a Canadian railwayman's eyes pop. And I don't mean the special mountain climbing railways either.

◇ ◇ ◇

TO anyone from another European country Switzerland must seem an unbelievable oasis. Shops are filled with every necessity and luxury at reasonable prices, and the food is right out of this world. We have travelled half way across Switzerland, and we have yet to get a poor meal. The menus are in German, but it doesn't matter. Anything you choose tastes wonderful. Hotels are cheap, and share the pleasant Swiss tradition of cleanliness.

◇ ◇ ◇

THERE are four official languages spoken here—German, French, Italian and Romansch (an ancient dialect derived from Latin), but in spite of language differences, the Swiss people feel whole-heartedly Swiss and are fervently united. There is a very good lesson here for us in Canada. The people are well-dressed and well-fed in appearance, and terrific workers. My wife has the theory that they eat so well they have to work hard to keep their figures. The working day, even for office workers, seems to run about 7 a.m. to 6 p.m. Pay is good, comparable to Canadian rates, and those interested will be happy to hear that cigarettes are 20 for 22c, and beer 7c a glass.

◇ ◇ ◇

ONE thought keeps re-occurring to me as I see this prosperous and happy land, in contrast to the rest of Europe. Is this the picture of Europe as it would have been without two major wars in 25 years? If true, it is a depressing thought. The world is completely and utterly mad, and Switzerland is proof of it.
